(b) If the shipper or consignor named in the on-board bill(s) of lading or the Shipper's Export Declaration(s) is other than the exporter named in the offer to export, waiver by such shipper or consignor of any interest in the application for payment in favor of such exporter is required. Such waiver must clearly identify the on-board bill(s) of lading or Shipper's Export Declaration(s) submitted to evidence export.

(c) If exportation of the dairy product has been made by anyone or transshipment made or caused by the exporter to one or more countries or areas to which a validated license is required by the Bureau of International Programs, U.S. Department of Commerce, the bills of lading or other pertinent documentary evidence required to be furnished to CCC shall identify the license by number issued by the Bureau of International Programs, U.S. Department of Commerce, for such movement.

(d) In case a single bill of lading or other documentary evidence of export covers a quantity of a dairy product in excess of the net quantity applied against the exporter's contract with CCC under this program, and such documentary evidence of export is to be used as evidence of export of such excess quantity in connection with a different contract with CCC under this program or under any other export program of CCC pursuant to which CCC had paid or agreed to pay an export allowance or has sold dairy products at prices which reflect any export allowance, each copy of such documentary evidence of export submitted pursuant to paragraph (a) of this section shall be accompanied by a statement certified by the exporter identifying each contract and program to which the documentary evidence of export has been or will be applied and the quantity applicable to each contract and program.

### § 1485.259 Export commodity certificate.

Upon receipt of an Application for Export Payment, Form CCC–162, according to § 1485.257, the Minneapolis ASCS Commodity Office will determine the amount of payment due and issue an Export Commodity Certificate, Form CCC–341, for the amount due.

(a) *Amount for which issued.* The amount shown in the space provided for the value of the certificate will be the amount obtained by multiplying the contract payment rate by whichever of the following is applicable.

(1) The number of pounds (net weight) of conventional nonfat dry milk

or low lactose nonfat dry milk exported.

(2) The number of pounds (net weight) of instant nonfat dry milk exported: *Provided, however,* That when the moisture content of such instant nonfat dry milk exceeds 4 percent, the net export weight shall be adjusted downward to a 4 percent moisture basis.

(3) The adjusted pounds of butter (as determined in this subsection) exported. The adjusted pounds of butter shall be determined by multiplying the net pounds of butter exported in each category of butter listed below by the factor applicable to such category:

| | Factor |
|---|---|
| Standard butter (80.0–81.9 percent milkfat) | 1.0000 |
| Higher fat butter (82.0–82.9 percent milkfat) | 1.0250 |
| Higher fat butter (83.0 percent milkfat or more) | 1.0375 |

The adjusted pounds of butter shall be determined for each churn of butter and shall be based on grading certificates submitted to CCC in support of exporter's application for export payment.

(4) The number of pounds of milkfat products (other than butter) exported adjusted to a basis of 80 percent milkfat. The milkfat content of products (other than butter) exported shall be evidenced by grading certificate submitted in support of exporter's applications for export payments.

(5) The number of pounds of eligible cheese exported. In no event shall payment be made on a greater quantity than 105 percent of the net quantity of the dairy products specified in the contract with CCC.

(b) *Payee.* Except as provided in § 1485.270, the certificate will be issued only to the exporter whose offer to export has been accepted by CCC.

(c) *Date of issuance.* The date of issuance shown on the certificate will be the date the certificate is issued by the ASCS Commodity Office.

(d) *Transfer.* Certificates may be transferred by endorsement.

(e) *Redemption.* Certificates will be redeemed by CCC at face value in any commodity offered for export sale under a CCC regulation or announcement providing for redemption of such certificates, subject to the terms and conditions of such regulation or announcement.

(f) *Expiration.* Certificates shall expire if not presented for redemption within 365 days after date of issuance shown on the certificate and thereafter shall have no value, unless the period for redemption is extended by CCC.

**§ 1485.260 Performance guarantee.**

CCC reserves the right to require the exporter to furnish a cash deposit, performance bond, or irrevocable commercial letter of credit, acceptable to CCC, to guarantee performance of any of his obligations under this subpart.

**§ 1485.261 Liquidated damages.**

(a) Failure of the exporter to export or cause to be exported, or delays in exporting or causing to be exported, as provided in this subpart, the quantity of dairy products specified in his contract with CCC shall constitute a breach of the contract which will result in damages to CCC. Since it will be difficult, if not impossible, to prove the exact amount of such damages, the buyer shall pay to CCC promptly upon demand, by way of compensation and not as a penalty, liquidated damages as follows:

(1) Liquidated damages for delay in exportation shall commence on the first day following the end of the export period (ninety days after CCC's acceptance of the offer or any extension thereof approved pursuant to paragraph (b) of this section) but such damages shall not be assessed beyond 30 days and shall be in the following amounts per pound for each calendar day of delay:

(i) With respect to nonfat dry milk, 0.01 cent (one-hundredth of a cent) per pound;

(ii) With respect to milkfat, 0.04 cent (four-hundredths of a cent) per pound;

(iii) With respect to cheese, 0.03 cent (three-hundredths of a cent) per pound.

(2) Liquidated damages for failure to export or for delay in exportation of more than 30 days shall be in the following amounts per pound:

(i) With respect to nonfat dry milk, 0.3 cent (three-tenths of a cent) per pound;

(ii) With respect to milkfat products, 1.2 cents (one and two-tenths cents) per pound;

(iii) With respect to cheese, 0.9 cent (nine-tenths of a cent) per pound.

Failure of the exporter to submit evidence of exportation within 60 days after the final date for exportation specified in § 1485.255 or any extension thereof shall constitute prima facie evidence of failure to export. An exportation which has not been made to an eligible country within thirty calendar days after the end of the export period, unless such period is extended as provided in paragraph (b) of this section, shall be deemed not to have been made at all, and no payments from CCC will have been earned by the delayed exportation.

(3) The liquidated damages provided in subparagraphs (1) and (2) of this subparagraph respectively of this paragraph shall not be cumulative.

(4) It is agreed by the exporter and CCC that the liquidated damages provided herein are a reasonable estimate of the probable actual damages that would be incurred by CCC.

(b) If the exporter gives the General Sales Manager prompt written notice of a delay in exportation and the cause thereof, either before or within thirty days after the end of the ninety day period following the acceptance of the exporter's offer, and the General Sales Manager determines in writing that such delay was due solely to causes without the exporter's fault or negligence, an extension of time for exportation will be granted for a period of not to exceed thirty days. Notwithstanding the foregoing, the General Sales Manager is authorized to extend a period for exportation upon such terms and conditions as he may prescribe if such extension is determined by him to be in the interests of CCC.

(c) If the exportation of any dairy products pursuant to the exporter's contract with CCC does not qualify as an exportation to an eligible country, or if dairy products exported are re-entered into the United States, including Puerto Rico, regardless of whether such reentry is caused by the exporter, or if any dairy products are transshipped or caused to be transshipped by the exporter to any country excluded by § 1485.271, the exporter shall be in default, and shall return to CCC any certificates issued by CCC in payment for export of such dairy products, or shall refund to CCC the face value of such certificates in cash and, with respect to any dairy products reentered into the United States, including Puerto Rico, shall pay to CCC liquidated damages in the amounts provided in paragraph (a)(2) of this section. The exporter shall not be subject to such damages if he establishes to the satisfaction of CCC that (1) the re-entry was not due to his fault or negligence and promptly after he received notice of reentry, he subsequently exported a quantity of dairy products in fulfillment of the requirements of his contract with CCC equal to that which was re-entered, or (2) the dairy products re-entered were lost, damaged, or destroyed, and the physical condition is such that their reentry will not impair CCC's export and price support programs.

**§ 1485.262 Covenant against contingent fees.**

The exporter warrants that no person or selling agency has been employed or retained to solicit or secure contracts as provided under § 1485.253 upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial agencies maintained by the exporter for the purpose of securing business. For breach or violation of this warranty, CCC shall have the right to annul the contract without liability, or, in its discretion, to deduct from the value which a certificate would otherwise have, the full amount of such commission, percentage, brokerage, or contingent fee, or to otherwise recover such full amount from the exporter.

**§ 1485.263 Export and exportation.**

"Export" or "exportation" means, except as hereinafter provided, a shipment from the Continental United States destined to another area excluding Alaska, Hawaii, and Puerto Rico. The dairy products so shipped shall be deemed to have been exported on the date which appears on the applicable on-board ship export bill of lading or other document authorized by this subpart to be furnished in lieu of such bill of lading, or if shipment from the Continental United States is by truck or rail, the date the shipment clears United States Customs. If the dairy products are lost, destroyed, or damaged after loading on-board an export ship, exportation shall be deemed to have been made as of the date of the on-board ship export bill of lading or other document authorized by this subpart to be furnished in lieu of such bill of lading, or the latest date appearing on the loading tally sheet or similar documents if the loss, destruction, or damage occurs subsequent to loading on-board ship but prior to issuance of on-board ship ocean bill of lading or such other document: *Provided, however,* That if the "lost" or "damaged" dairy products remain in the United States, it shall be considered as re-entered and shall be subject to the provisions of § 1485.261 (c).

**§ 1485.264 Performance and good faith.**

If CCC after affording the exporter an opportunity to present evidence in accordance with the regulations of CCC relating to suspension and debarment, determines that the exporter has failed to act in good faith in connection with any transaction under this subpart, or that such exporter is irresponsible in carrying out his obligations under a contract entered into pursuant to this subpart, such exporter may be denied the right to submit offers under this program.

**§ 1485.265 Setoff.**

If the exporter is indebted to CCC, the amount of such indebtedness may be set off against payments due the exporter under an Application for Export Payment, Form CCC–162. Setoff as provided herein shall not deprive the exporter of any right he might otherwise have to contest the justness of the indebtedness involved in the setoff action either by administrative appeal or by legal action. Notwithstanding any assignment pursuant to § 1485.270, CCC may set off any amounts due CCC, if CCC notifies the assignee of such indebtedness to be set off at the time acknowledgment is made of receipt of the notice of assignment. CCC may set off any indebtness of exporter to CCC as to which the assignee was not so notified against any amount due and payable under the contract which remains after deduction of amounts (including interest and other charges) owing by contractor to the assignee for which the assignment was made.

**§ 1485.266 Records and accounts.**

Each exporter shall maintain accurate records relating to all commodities exported or to be exported in connection with this program. Such records, and any document relating to any transaction in connection with this program shall be available during regular business hours for inspection and audit by authorized employees of the United States Department of Agriculture, and shall be preserved for three years after date of export.

**§ 1485.267 Reports.**

The exporter shall file such reports as may be required from time to time by the CCC subject to the approval of the Bureau of the Budget.

**§ 1485.268 Field offices.**

(a) Information concerning this program may be obtained from the office of the General Sales Manager, Washington, D.C., or from representatives of the General Sales Manager as follows:

(1) Joseph Reidinger, 80 Lafayette Street, New York, N.Y., 10013.

(2) Callan B. Duffy, 630 Sansome Street, Appraisers Building, Room 802, San Francisco, Calif., 94111.

(b) Information concerning this program may also be obtained from the Minneapolis ASCS Commodity Office, 6400 France Avenue South, Minneapolis, Minn., 55410.

**§ 1485.269 Officials not to benefit.**

No member of or delegate to Congress, or resident Commissioner, shall be admitted to any benefit that may arise from any provision of this program, but this provision shall not be construed to extend to a payment made to a corporation for its general benefit.

**§ 1485.270 Assignments.**

No assignment shall be made by an exporter of the exporter's contract, under the program or any rights thereunder, except that the exporter may assign the payments due the exporter under an Application for Export Payment, Form CCC–162, to any bank, trust company, Federal lending agency, or other financing institution, and, subject to the approval of CCC, assignment may be made to any other person or firm: *Provided, however,* That such assignment shall be recognized only if and when the assignee thereof files written notice of the assignment together with a signed copy of the instrument of assignment, on Form CCC–251, Notice of Assignment, in accordance with the instructions on such form. *And provided further,* That any such assignment shall cover all amounts payable and not already paid under the contract, and shall not be made to more than one person, and shall not be subject to further assignment, except that any such assignment may be made to one person as agent or trustee for two or more persons participating in the financing transaction for which such assignment is given as security. The instrument of assignment may be executed on Form CCC–252 or the assignee may use his own form of assignment subject to acceptance by CCC. Forms may be obtained from the Minneapolis ASCS Commodity Office.

**§ 1485.271 Eligible country or designated country.**

"Eligible country" or "designated country" means any destination outside of the United States and Puerto Rico excluding any country or area for which a license is required under regulations issued by the Bureau of International Programs, U.S. Department of Commerce, unless a license for shipment or transshipment thereto has been obtained from such Bureau.

Issued this 8th day of December 1964.

RAYMOND A. IOANES,
*Vice President, Commodity Credit Corporation, Administrator, Foreign Agriculture Service.*

# Title 14—AERONAUTICS AND SPACE

## Chapter I—Federal Aviation Agency

[Docket No. 6373; Amdt. 39–13]

## PART 39—AIRWORTHINESS DIRECTIVES [NEW]

### Boeing Models 707 and 720 Series Aircraft

Amendment 689, 29 F.R. 2641, AD 64–5–1, as revised by Amendment 740, 29 F.R. 6945, and Amendment 785, 29 F.R. 11416, requires the installation of bonded laminate panels of thin aluminum sheet and glass cloth on the wing skin of Boeing Models 707 and 720 Series aircraft in the area of the surge tanks to prevent penetration of the skin by lightning strikes. The manufacturer has now issued a revision to Service Bulletin 1642 which revises the installation instructions contained therein and adds repair information. Accordingly, Amendment 689, as revised by Amendments 740 and 785, is further revised to indicate an equivalent means of compliance for certain repair or rework required by the AD.

Since this amendment provides an alternative means of compliance and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may be made effective in less than 30 days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 6489), § 39.13 of Part 39 [New] (14 CFR Part 39 [New]), is amended as follows:

Amendment 689, 29 F.R. 2641, AD 64–5–1, as revised by Amendment 740, 29 F.R. 6945 and Amendment 785, 29 F.R. 11416, Boeing Models 707 and 720 Series aircraft, is further amended by:

1. Adding the following note at the end of the AD before the parenthetical reference statement to read:

NOTE: Boeing Service Bulletin 1642(R–1) dated September 22, 1964, is an equivalent means of complying with paragraphs (b), (c)(1) and (c)(3).

2. Changing the parenthetical reference statement to read:

(Boeing Service Bulletins 1642, dated June 22, 1962, and 1642(R–1), dated September 22, 1964, cover this subject.)

This amendment shall become effective December 12, 1964.

(Secs. 313(a), 601, 603; 72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on December 8, 1964.

G. S. MOORE,
*Director, Flight Standards Service.*

[Airspace Docket No. 64-SO-22]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

### Revocation of Federal Airway Segment and Reporting Point

On September 23, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 13209) stating that the Federal Aviation Agency proposed to revoke a segment of Blue Federal Airway No. 48 between the Key West, Fla., radio beacon and the Gulfstream Intersection, and which would revoke the Marathon, Fla., radio beacon as a low altitude reporting point.

Interested persons were afforded an opportunity to participate in the proposed rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t., February 4, 1965, as hereinafter set forth.

1. In § 71.109 (29 F.R. 1008) Blue Federal Airway No. 48 is amended to read:

From the INT of the 077° bearing from the Marathon, Fla., RBN and the 153° bearing from the Miami, Fla., RBN, to the Miami RBN.

2. In § 71.203 (29 F.R. 1211) the Marathon, Fla., RBN is revoked as a low altitude reporting point.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Washington, D.C., on December 7, 1964.

D. E. BARROW,
*Chief, Airspace Regulations and Procedures Division.*

[F.R. Doc. 64-12775; Filed, Dec. 11, 1964; 8:46 a.m.]

[Airspace Docket No. 64-CE-13]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

### Designation of Federal Airway

On September 26, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 13402) stating that the Federal Aviation Agency proposed to designate a VOR Federal airway from Sioux City, Iowa, to Farmington, Minn., via Mankato, Minn.

Interested persons were afforded an opportunity to participate in the proposed rule making through submission of comments. Due consideration was given to all relevant matter presented.

The Air Force submitted an objection based on the fact that the airway would restrict the use of Oil Burner Route "Fine Line." Since Oil Burner Route "Fine Line" expires February 19, 1965, action is taken herein to establish an effective date for the airway after such expiration time.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t., March 4, 1965, as hereinafter set forth.

In § 71.123 (29 F.R. 1009, 6436), VOR Federal airway No. 219 is amended by deleting "to Sioux City, Iowa." and substituting therefor "Sioux City, Iowa; Mankato, Minn.; to Farmington, Minn."

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Washington, D.C., on December 7, 1964.

D. E. BARROW,
*Chief, Airspace Regulations and Procedures Division.*

[F.R. Doc. 64-12773; Filed, Dec. 11, 1964; 8:45 a.m.]

[Airspace Docket No. 64-SW-37]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

### Designation of Control Zone and Alteration of Transition Areas

On September 26, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 13400) stating that the Federal Aviation Agency proposed to alter the controlled airspace in the Borger, Tex., terminal area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t. February 4, 1965, as hereinafter set forth.

1. In § 71.171 (29 F.R. 1101) the following control zone is added:

BORGER, TEX.

That airspace within a 5-mile radius of Hutchinson County Airport, Borger, Tex., (latitude 35°41'55" N., longitude 101°23'40" W.); and within 2 miles each side of the 141° bearing from latitude 35°41'30" N., longitude 101°23'45" W., extending from the 5-mile radius zone to 7.5 miles southeast of latitude 35°41'30" N., longitude 101°23'45" W., and 2 miles each side of the Borger VOR 185° radial extending from the 5-mile radius zone to the VOR, from 1000 to 2200 hours, local time, daily.

2. In § 71.181 (29 F.R. 2933) the Borger, Tex., transition area is amended to read as follows:

BORGER, TEX.

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Hutchinson County Airport, Borger, Tex. (latitude 35°41'55" N., longitude 101°23'40" W.), within 2 miles each side of the Borger, Tex., VOR 185° and 005° radials extending from the 7-mile radius area to 8 miles N of the VOR, and within 8 miles NE and 5 miles SW of the 141° and 321° bearings from latitude 35°41'30" N., longitude 101°23'45" W., extending from 5 miles NW to 12 miles SE of latitude 35°41'30" N., longitude 101°-23'45" W.

3. In § 71.181 (29 F.R. 2933) the Amarillo, Tex., transition area is amended to read as follows:

AMARILLO, TEX.

That airspace extending upward from 700 feet above the surface within a 20-mile radius of the Amarillo AFB/Municipal Airport (latitude 35°13'10" N., longitude 101°42'40" W.); that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at latitude 36°01'00" N., longitude 101°24'00" W.; to latitude 35°58'00" N., longitude 101°13'00" W.; to latitude 35°43'00" N., longitude 101°-13'00" W.; to latitude 35°42'00" N., longitude 100°29'00" W.; to latitude 35°28'00" N., longitude 100°29'00" W.; to latitude 35°18'00" N., longitude 101°10'00" W.; to latitude 34°59'00" N., longitude 101°10'00" W.; to latitude 34°59'00" N., longitude 101°-27'00" W.; to latitude 34°40'00" N., longitude 101°39'00" W.; to latitude 34°40'00" N., longitude 102°18'00" W.; to latitude 35°09'00" N., longitude 102°25'00" W.; to latitude 35°-37'00" N., longitude 102°05'00" W.; to latitude 35°43'00" N., longitude 101°44'00" W.; to latitude 35°59'00" N., longitude 101°30'00" W.; to point of beginning; and that airspace extending upward from 8,000 feet MSL within 5 miles each side of the Amarillo VORTAC 297° radial, extending from the 1,200-foot area boundary to 52 miles NW of the VORTAC. The portion of this transition area extending upward from 8,000 feet MSL which coincides with Federal airways is excluded.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Fort Worth, Tex., on December 7, 1964.

ARCHIE W. LEAGUE,
*Director, Southwest Region.*

[F.R. Doc. 64-12770; Filed, Dec. 11, 1964; 8:45 a.m.]

[Airspace Docket No. 64-SW-54]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

### Alteration of Control Zone and Transition Area

The purpose of this amendment to Part 71 [New] of the Federal Aviation Regulations is to alter the Longview, Tex., control zone and description of the Longview, Tex., transition area.

The Federal Aviation Agency will decommission the Marshall, Tex., VOR on December 10, 1964. Therefore, action is taken herein to delete reference to the Marshall VOR in the description of the Longview control zone and transition area and, in addition, to eliminate the southeast extension to the control zone which is no longer required.

Since this amendment imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may be made effective in less than 30 days.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t., December 10, 1964, as hereinafter set forth.

1. In § 71.171 (29 F.R. 7017) the Longview, Tex., control zone is amended to read:

LONGVIEW, TEX.

Within a 5-mile radius of Gregg County Airport, Longview, Tex. (latitude 32°23'05" N., longitude 94°42'45" W.); within 2 miles each side of the Gregg County VOR 313° radial extending from the 5-mile radius zone to 8 miles NW of the VOR, within 2 miles each side of the Gregg County ILS localizer NW course extending from the 5-mile radius zone to the OM.

2. In § 71.181 (29 F.R. 7017) the Longview, Tex., transition area is amended to read:

LONGVIEW, TEX.

That airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the Gregg County ILS localizer SE course extending from the INT of the Gregg County ILS localizer SE course and the 251° bearing from latitude 32°26'48" N., longitude 94°14'34" W. to 12 miles SE, and within 5 miles each side of the 230° bearing from latitude 32°26'48" N., longitude 94°-14'34" W. extending from the INT of the Gregg County VOR 181° radial and the 230° bearing from latitude 32°26'48" N., longitude 94°14'34" W. to the INT of the Gregg County ILS localizer SE course and the 230° bearing from latitude 32°26'48" N., longitude 94°14'-34" W., excluding the portion within Federal Airways.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Fort Worth, Tex., on December 4, 1964.

PHILLIP M. SWATEK,
*Acting Director, Southwest Region.*

[F.R. Doc. 64-12771; Filed, Dec. 11, 1964; 8:45 a.m.]

[Airspace Docket No. 63-SW-111]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

### Designation of Control Zone and Transition Area

On September 26, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 13402) stating that the Federal Aviation Agency proposed to alter the controlled airspace in the Paris, Tex., terminal area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t. February 4, 1965, as hereinafter set forth.

1. In § 71.171 (29 F.R. 1101) the following control zone is added:

PARIS, TEX.

That airspace within a 5-mile radius of Cox Field, Paris, Tex. (latitude 33°38'17" N., longitude 95°26'54" W.) and within 2 miles each side of the Paris, Tex., VOR 357° radial extending from the 5-mile radius zone to 1 mile N of the VOR, from 1000 to 1900 hours, local time, daily.

2. In § 71.181 (29 F.R. 1160) the following transition area is added:

PARIS, TEX.

That airspace extending upward from 700 feet above the surface within a 6-mile radius of Cox Field, Paris, Tex. (latitude 33°38'17" N., longitude 95°26'54" W.), and within 2 miles each side of the Paris, Tex., VOR 357° radial extending from the 6-mile radius area to the VOR; and that airspace extending upward from 1200' above the surface within the area bounded by a line beginning at latitude 33°08'00" N., longitude 95°18'00" W.; to latitude 33°07'00" N., longitude 95°41'00" W.; to latitude 33°49'00" N., longitude 95°34'00" W.; to latitude 33°49'00" N., longitude 95°18'00" W.; to point of beginning.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Fort Worth, Tex., on December 7, 1964.

ARCHIE W. LEAGUE,
*Director, Southwest Region.*

[Airspace Docket No. 63-SO-102]

## PART 73—SPECIAL USE AIRSPACE [NEW]

### Redesignation of Temporary Restricted Area

On October 15, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 14190) proposing amendments to Part 73 [New] of the Federal Aviation Regulations which would divide restricted area R-2903D at Jacksonville, Fla. into R-2903D Jacksonville West and R-2903E Jacksonville North and which would be designated as continuous from January 1, 1965, to December 31, 1965.

Interested persons were afforded an opportunity to participate in the proposed rule making through the submission of comments. Due consideration was given to all relevant matter presented.

The Florida Development Commission recommended that the floor of redesignated R-2903D be established as 1,300 feet MSL instead of 1,200 feet AGL. The Commission further recommended that military aircraft not be allowed to descend below 1,300 feet MSL so that a firm separation of military and civil traffic will result. The floors of transition areas adjacent to the restricted areas are designated as 1,200 ft. AGL. Therefore, to designate the floor of R-2903D as 1,300 ft. MSL would result in an inconsistent configuration of controlled airspace. The recommendation that military aircraft not be allowed to descend below 1,300 feet MSL is not practical due to the proximal location of military airports to the area. In addition, compliance with current FAA regulations will provide the necessary separation of military and civil aircraft.

In consideration of the foregoing, Part 73 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t., January 1, 1965, as hereinafter set forth.

1. In § 73.29 (29 F.R. 1245), restricted area R-2903D is amended to read as follows:

a. R-2903D *Jacksonville West, Fla.*

*Boundaries.* Beginning at latitude 30°21'-32" N., longitude 82°02'00" W.; to latitude 29°56'00"N., longitude 82°02'00" W.; counterclockwise along an arc of a circle 3 nautical miles in radius centered at latitude 29°53'20" N., longitude 82°00'25" W.; to latitude 29°53'30" N., longitude 82°04'00" W.; to latitude 30°00'00" N., longitude 82°19'30" W.; to latitude 30°03'00" N., longitude 82°20'00" W.; to latitude 30°22'00" N., longitude 82°20'00"W.; to the point of beginning.

*Designated altitudes.* 1,200 feet AGL to FL 230.

*Time of designation.* Continuous, terminating December 31, 1965.

*Controlling agency.* Federal Aviation Agency, Jacksonville ARTC Center.

*Using agency.* Commander Fleet Air, Jacksonville, NAS Jacksonville, Fla.

2. In § 73.29 (29 F.R. 1245), add the following:

b. R-2903E *Jacksonville North, Fla.*

*Boundaries.* Beginning at latitude 30°-15'30" N., longitude 81°50'00" W.; to latitude 30°15'30" N., longitude 82°02'00" W.; to latitude 30°21'32" N., longitude 82°02'-00" W.; to latitude 30°21'20" N., longitude 81°55'45" W.; to the point of beginning.

*Designated altitude.* Surface to FL 230.

*Time of designation.* Continuous, terminating December 31, 1965.

*Controlling agency.* Federal Aviation Agency, Jacksonville ARTC Center.

*Using agency.* Commander Fleet Air, Jacksonville, NAS Jacksonville, Fla.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Washington, D.C., on December 8, 1964.

CLIFFORD P. BURTON,
*Acting Director, Air Traffic Service.*

# Title 32—NATIONAL DEFENSE

## Chapter VII—Department of the Air Force

### SUBCHAPTER W—AIR FORCE PROCUREMENT INSTRUCTION

### MISCELLANEOUS AMENDMENTS TO SUBCHAPTER

Subchapter W of Title 32 is revised to read as follows:

### PART 1001—GENERAL PROVISIONS

#### Subpart A—Introduction

1. Add new § 1001.109–50 as follows:

§ 1001.109–50 Deviations from subchapter.

(a) Deviations from this subchapter may be made only by the Procurement Committee (MCPC), Hq AFLC, or the Procurement Committee (SCK–3), Hq AFSC. Deviations which would involve major policy questions will be made only after coordination with the Directorate of Procurement Management, Hq USAF. Deviations from Part 1003, Subpart F of this subchapter, which affect funding or payment will be made only after coordination with the Directorate of Accounting and Finance, Hq USAF.

(b) Requests for authority to deviate from AFPI will include complete justification and will be forwarded (in triplicate) through channels as follows: AFSC and OAR activities to AFSC (SCK–3); all other activities to AFLC (MCPC). However, before approval of any request for deviation by AFSC or OAR base procurement activities, SCK–3 will coordinate the proposed action with MCPC.

(c) A record of each deviation from AFPI or AFPCs will be maintained by the respective offices which approved the

deviation, including the reasons why a deviation was necessary. One copy of each deviation granted by one command will be furnished to the other command as information.

§ 1001.111–2 [Amended]

2. In § 1001.111–2 the symbol is amended to read "(MCJMF)."

3. Add new §§ 1001.112 and 1001.114 as follows:

**§ 1001.112 Federal procurement regulations and General Services Administration regulations relating to procurement of supplies and services.**

See Part 5, Subpart L of this title for Interagency Purchase Assignments of Commodities to DOD activities and General Services Administration.

**§ 1001.114 Reporting of identical bids.**

Submission of reports. One copy of each report will be submitted to AFLC (MCJMF).

### Subpart B—Definition of Terms

In § 1001.201–18(a)(3) amend the reference as follows:

**§ 1001.201–18 Sources of supplies.**

(a) • • •

(3) Regular dealers in the supplies to be procured as defined in § 12.603–2 of this title.

### Subpart C—General Policies

§ 1001.352 [Amended]

In § 1001.352 delete the last sentence.

### Subpart D—Procurement Responsibility and Authority

§ 1001.402 [Amended]

In § 1001.402(c) delete the first word "Base."

### Subpart F—Debarred, Ineligible and Suspended Bidders

In Subpart F amend the symbol "(MCIMF)" to read "(MCJMF)" wherever it appears throughout the subpart.

### Subpart G—Small Business Concerns

1. Add new § 1001.707 as follows:

**§ 1001.707 Subcontracting with small business concerns.**

## PART 1002—PROCUREMENT BY FORMAL ADVERTISING

### Subpart B—Solicitation of Bids

1. In § 1002.201(b)(21) delete present subdivisions (ix) and (x) and insert the following therefor.

**§ 1002.201 Preparation of invitations for bids.**

• • • • • •

(b) • • •

(21) • • •

(ix) The following provision will be included in all Invitation for Bids calling for the purchase of milk or milk products:

STATE MINIMUM DISTRIBUTOR PRICE REGULATION NOT APPLICABLE (MARCH 1963)

This Procurement is financed by Appropriated Funds and is made under the authority of Chapter 137, Title 10, U.S.C., and the Armed Services Procurement Regulation. Pursuant to Paul vs. United States, decided by the Supreme Court of the United States on January 14, 1963, State minimum distributor price regulations with respect to milk or milk products are not applicable to this procurement.

(x) *Mortuary services.* See § 1004.2002(a)(5) and (6) of this subchapter.

§ 1002.205–51 [Amended]

2. In § 1002.205–51(b) the words "or commodity lists" are amended to read "(commodity lists)."

## PART 1003—PROCUREMENT BY NEGOTIATION

### Subpart D—Types of Contracts

In § 1003.408 revise paragraphs (c)(3)(x)(f) and (d) to read as follows:

**§ 1003.408 Letter contract.**

• • • • • •

(c) • • •

(3) • • •

(x) • • •

(f) Are there to be any deviations from standard contract clauses? If yes, comply with § 1001.109 of this subchapter.

• • • • • •

(d) Copies of the letter contract issued will be forwarded to AFSC (SCK–3) or AFLC (MCPC) if the letter contract required their approval for issuance, or if the resultant definitive contract contemplated will require manual approval of DCS/Procurement and Production, AFSC, or Director of Procurement and Production, AFLC.

## PART 1007—CONTRACT CLAUSES

### Subpart B—Clauses for Cost-Reimbursement Type Supply Contracts

In § 1007.204–52 revise the introduction and paragraph (a) to read as follows:

**§ 1007.204–52 Financial management report.**

Insert the following clause in contracts of $100,000 or more.

FINANCIAL MANAGEMENT REPORT (SEPTEMBER 1964)

(a) On or before the thirtieth day of the month following the end of each calendar quarter until such time as the uninvoiced dollar amount of this contract is less than $100,000, the Contractor shall submit to the Contracting Officer, on DD Form 1097, dated November 1, 1959, or other authorized form calling for substantially the same information, furnished by the Contracting Officer, a report of the financial status of the contract, as of the end of such quarter. The Contracting Officer may extend the time for filing said report for a period not to exceed ten working days.

• • • • • •

### Subpart D—Clauses for Cost-Reimbursement Type Research and Development Contracts

Revise § 1007.403–52 to read as follows:

**§ 1007.403–52 Financial management report.**

Insert the clause in § 1007.204–52.

### Subpart Y—Clauses and Arrangements for Letter Contracts

Revise §§ 1007.2504–3(a) and 1007.2505–3(a) to correct certain of the references and to delete footnote [1], as follows:

**§ 1007.2504–3 Contract clauses for incorporation by reference.**

(a) • • •

Sections 7.103–1 (Definitions); 7.103–2 (Changes); 7.103–3 (Extras); 7.103–4 (Variation in Quantity); 7.103–5 (Inspection); 7.103–6 (Responsibility for Supplies); 7.103–8 (Assignment of Claims); 7.103–9 (Additional Bond Security); 7.103–12 (Disputes); 7.103–13 (Renegotiation); 6.104–5 (Buy American Act); 12.303–1 (Work Hours Act of 1962; Overtime Compenaation); 12.605 (Walsh-Healey Public Contracts Act); 12.802 (Nondiscrimination in Employment); 7.103–19 (Officials Not to Benefit); 7.103–20 (Covenant Against Contingent Fees); 7.104–12 (Military Security Requirements); 1.707–3(a) (Utilization of Small Business Concerns); 7.104–15 (Examination of Records); 7.104–16 (Gratuities); 7.104–18 (Priorities, Allocations and Allotments); 7.104–40 (Competition in Subcontracting); 12.203 (Convict Labor); 9.103–1 (Patent Indemnity); 9.102–2 (Authorization and Consent; R&D); 9.104 (Notice and Assistance Regarding Patent and Copyright Infringement); 9.106 (Filing of Patent Applications); 9.102–1 (Authorization and Consent); 9.107–5(b) (Patent Rights; License); 9.203–1, 9.203–2, 9.203–3, and 9.203–4 (Data); 9.207–2(a) (Data; Withholding of Payment); 13.502 (Government-Furnished Property); 6.403 (Soviet Controlled Areas); 8.707 (Default); 7.104–4 (Notice to the Government of Labor Disputes); 1.805–3(a) (Utilization of Concerns in Labor Surplus Areas); 1.805–3(b) (Labor Surplus Area Subcontracting Program); 1.707–3(b) (Small Business Subcontracting Program); 12.102–3(a) (Payment for Overtime and Shift Premiums); 3.902–4 (Changes to Make-or-Buy Program); and § 163.118, Subpart F, Subchapter E of this title (Interest).

• • • • • •

**§ 1007.2505–3 Contract clauses incorporated by reference.**

(a) • • •

Sections 7.103–1 (Definitions); 7.203–2 (Changes); 7.203–5 (Inspection of Supplies and Correction of Defects); 7.103–8 (Assignment of Claims); 7.103–13 (Renegotiation); 7.203–7 (Records); 7.203–8 (Subcontracts); 1.707–3(a) (Utilization of Small Business Concerns); 7.103–12 (Disputes); 6.104–5 (Buy American Act); 12.203 (Convict Labor); 12.303–1 (Work Hours Act of 1962; Overtime Compensation); 12.605 (Walsh-Healey Public Contracts Act); 12.802 (Nondiscrimination in Employment); 7.103–19 (Officials Not to Benefit); 7.103–20 (Covenant Against Contingent Fees); 13.503 (Government Property); 7.203–22 (Insurance; Liability to Third Persons); 7.104–12 as modified by 7.204–12 (Military Security Requirements); 7.104–16 (Gratuities); 7.104–18 (Priorities, Allocations and Allotments); 9.104 (Notice and Assistance Regarding Patent and Copyright Infringement); 9.106 (Filing of Patent Applications); 9.102–1 (Authorization and Consent); 9.102–2 (Authorization and Consent; R&D); 9.107–5(b) (Patent Rights; License); 9.203–1, 9.203–2, 9.203–3 and 9.203–4 (Data); 9.207–2(b) (Data; Withholding of Payment); 6.403 (Soviet Controlled Areas); 7.104–4 (Notice to

[1] [Deleted]

the Government of Labor Disputes); 1.805–3 (a) (Utilization of Concerns in Labor Surplus Areas); 1.805–3(b) (Labor Surplus Area Subcontracting Program); 8.708 (Excusable Delays); 1.707–3(b) (Small Business Subcontracting Program); 7.104–40 (Competition in Subcontracting); 12.102–3(a) (Payment for Overtime and Shift Premiums); 3.902–4 (Changes to Make-or-Buy Program); and 163.118, Subpart F, Subchapter E of this title (Interest).

• • • • • •

Subpart Z, Clauses for Open Contracts for Equipment and Services, is deleted.

## PART 1057—REPORTS

Present Subpart KK is rescinded and the following substituted therefor:

### Subpart KK—Financial Management Report

Sec.

1057.3700 Scope of subpart.
1057.3701 Applicability.
1057.3702 Use and requirement for DD Form 1097.
1057.3703 Action and distribution of DD Form 1097 and related data.

AUTHORITY: The provisions of this Subpart KK issued under sec. 8012, 70A Stat. 488, secs. 2301–2314, 70A Stat. 127–133; 10 U.S.C. 8012, 2301–2314.

**§ 1057.3700 Scope of subpart.**

This subpart sets forth instructions for determining the financial status of AF contracts. DD Form 1097, Financial Management Report, will be used to obtain cost information according to instructions attached to the DD Form 1097. BOB approval No. 22–R180 applies.

**§ 1057.3701 Applicability.**

This subpart applies to all organizations concerned with the management and control of the financial status of AF contracts.

**§ 1057.3702 Use and requirement for DD Form 1097.**

The DD Form 1097 will be used to obtain the earliest possible knowledge of an increase or decrease in the estimated cost (overrun or underrun) while developing forecasts of contractor-incurred commitments and contractor expenditures for cost reimbursement contracts. (The term "overrun" is defined as the amount of funds required, in excess of the total estimated cost and fee provided in the basic contract, to complete performance of work required by the contract schedule, considering all amendments thereto.)

(a) All cost reimbursement type contracts, except facility contracts, with an uninvoiced dollar balance of $100,000 and over, regardless of contractor, will be reported. The Financial Management Report clause will be included in contracts according to §§ 1007.204–52 and 1007.403–53 of this subchapter.

(b) Control of fixed-price incentive and price-redetermination contracts is set forth in Subpart Z, Part 1054 of this subchapter. DD Form 1097 reporting requirements may be used when determined practicable by the PCO and made a requirement in the contract.

(c) Individual contract reporting requires completion of the DD Form 1097 heading and the following items: 1, 2, 3, 7, 8, 9, or 10, 11, 12, 13, 14, 15, 16, 18, and 19. Items 4, 5, and 6 of the form will be completed when conditions under Note 1 on the DD Form 1097 are met or provided for by contractual coverage.

(d) The PCO may, at his discretion, discontinue the financial management reporting requirement when the contract is physically completed.

(e) Normally, the DD Form 1097 will be prepared quarterly by the contractor and submitted to the ACO. However, the contractor is required to report (see § 1007.204–52 of this subchapter) anticipated overruns whenever the contractor has reason to believe such an event will occur. In the event of such an anticipated, or actual, overrun, the contractor will submit items 1 through 14 of the DD Form 1097 monthly until the overrun has been funded, or the situation which has created the overrun condition has been corrected. The monthly report will include a supplemental detailed cost breakdown identifying the anticipated overrun by providing at a minimum the information required by Subpart D, Part 1054 of this subchapter.

(f) ACOs will assure that appropriate contractors submit completed reports according to instructions. They will: (1) Furnish the contractors a supply of DD Forms 1097; (2) advise which specific reports are required including number of copies of report; and (3) will give necessary guidance based on this Instruction or other pertinent instructions. For the purpose of this report the contractor representative considered authorized to sign the report will be a senior-level manager of the contractor.

(g) Individual contract reports will be submitted by the contractor to the ACO involved not later than the 30th calendar day of the month following the end of each calendar quarter unless a portion of the report is required to be submitted monthly as set forth in paragraph (e) of this section. Extension of submission date, not to exceed 10 work days, may be granted by the ACO only upon consideration of written justification and request by the contractor. Recipients of DD Form 1097 reports will be advised by the ACO of approved extensions granted, including the revised submission date.

(h) ACOs will channel reports according to § 1057.3703(b).

(i) The ACO after review and analysis, will complete item 19 of the report. Review and analysis of the contractor report will include, but not necessarily be limited to, a review of any estimated cost increases (or decreases) shown in the contractor's forecast, as well as a review of the contractor's forecast of billings or payments to ascertain whether he has included all provisioning orders, work requests, and similar contingency items released to him.

**§ 1057.3703 Action and distribution of DD Form 1097 and related data.**

NOTE: Number of copies of individual DD Form 1097 reports reflected herein represents minimum requirement. Requirement for additional copies of individual DD Form 1097 reports by action elements will be forwarded to appropriate ACO.

(a) *Contractor action and distribution.* (1) The Form will normally be submitted by the contractor to the ACO in the number of copies designated by the ACO. Normally six copies will be required.

(2) Nothing in these instructions will be construed as relieving contractors from reporting on contracts directly to the AFSC divisions according to Bureau of Budget approved Exhibits relating to DD Form 1097 reporting incorporated in such contracts. DD Form 1097 may be incorporated and made a part of Bureau of Budget approved Exhibits When the frequency and due dates of the contractor submitted reports coincide, a single contractor submission will satisfy the requirements of this Instruction and that of approved contract Exhibits.

(b) *Air Force action and distribution of individual DD Form 1097.* (1) Contractor forwards required number of copies of completed individual DD Form 1097 to ACO within 30 days following close of calendar quarter. In the event of an anticipated or actual overrun, the contractor will submit items 1 through 14 of the report within 10 working days following the close of the month being reported.

(2) ACO (AFPRO/CMD) forwards one advance copy of each individual DD Form 1097 to PCO immediately upon receipt from contractor whether the report is being submitted on a quarterly or monthly basis.

(3) Upon receipt of advance copy of DD Form 1097, PCO will review to determine existence of estimated cost overrun or underrun which may result in a deficiency or excess of funds. On those reports indicating cost overruns, the PCO will immediately contact the initiator of the procurement (project officer) to determine whether the supplies and/or services are still required and whether there should be a change in quantity in light of anticipated increase in costs. The initiator (project officer) will take prompt action to determine whether additions funds are to be provided or the program is to be cut back and advise PCO of the determination. If additional funding is to be provided, follow the procedures in Subpart D, Part 1054 of this subchapter. Reports indicating contract cost underruns will be immediately investigated and necessary contractual action taken to effect removal of excess funds.

(4) Upon receipt of DD Form 1097 reports from the contractor, the ACO will complete item 19 of the Form and forward the required copies to the PCO for his information and action. Annotated copies will be forwarded by the ACO to arrive not later than 10 calendar days following receipt of the Form from the contractor. In completing item 19 of the report, the ACO will review and analyze the contractor's reasons for anticipated overrun, if applicable, and verify the accuracy and adequacy of the contractor's Forecast. One copy will be retained by the ACO for follow-up action and file.

(5) Upon receipt of completed DD Forms 1097 from the ACO, the PCO will review the submission and provide perti-

nent comments. Two copies of the report will be forwarded by the PCO to the initiator of the procurement for information and action. The PCO will also send an information copy of his comments to the ACO.

(6) The initiator of the procurement will forward one copy of the DD Form 1097 with all comments to appropriate higher authority if action is required.

## PART 1030—APPENDIXES TO AIR FORCE PROCUREMENT INSTRUCTION

Revise item E-904(b)(3) and (c) of § 1030.5 to read as follows:

**§ 1030.5 Appendix E—Contract Financing.**

* * * * *

*Part IX—Assignment of Claims Arising Under Government Contracts*

* * * * *

E-904 *Copies of notices for contracting officer and acknowledgment thereof.*

* * * * *

(b) * * *

(3) Return one copy of the notice thus acknowledged to the assignee and send two copies to the accounting and finance officer cited in the contract.

* * * * *

(c) Accounting and finance officers will not make payments to assignees until after receipt of the two copies of the notice of assignment duly acknowledged by the contracting officer.

* * * * *

(Sec. 8012, 70A Stat. 488; secs. 2301–2314, 70A Stat. 127–133; 10 U.S.C. 8012; 10 U.S.C. 2301–2314) [AFPI Rev. No. 46, September 30, 1964; AFPC No. 44, November 9, 1964]

By order of the Secretary of the Air Force.

ROBERT W. MANSS,
*Major General, United States Air Force, The Judge Advocate General, United States Air Force.*

[F.R. Doc. 64–12784; Filed, Dec. 11, 1964; 8:46 a.m.]

# Title 33—NAVIGATION AND NAVIGABLE WATERS

## Chapter II—Corps of Engineers, Department of the Army

## PART 202—ANCHORAGE REGULATIONS

## PART 203—BRIDGE REGULATIONS

### Key West, Fla., and Portage River, Ohio

1. Pursuant to the provisions of section 7 of the River and Harbor Act of March 4, 1915 (38 Stat. 1053; 33 U.S.C. 471), § 202.189 governing the use and navigation of an explosives anchorage area in Man-O-War Harbor, Key West, Florida, is hereby revoked effective upon publication in the FEDERAL REGISTER, since the area is no longer needed, as follows:

**§ 202.189 Man-O-War Harbor, Key West, Florida; naval explosives anchorage area. [Revoked]**

[Regs., 25 November 1964, 1507–32 (Key West, Fla.)–ENGCW–ON] (Sec. 7, 38 Stat. 1053; 33 U.S.C. 471)

2. Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U.S.C. 499), § 203.641 is hereby amended with respect to paragraph (f) to include a new subparagraph (8) and new § 203.705a is hereby prescribed to govern the operation of the New York Central Railroad Company bridge across Portage River, Port Clinton, Ohio, effective 30 days after publication in the FEDERAL REGISTER, as follows:

**§ 203.641 Great Lakes tributaries; bridges where constant attendance of draw tenders is not required.**

* * * * *

(f) The bridges to which this section applies, and the special regulations applicable in each case, are as follows:

* * * * *

(8) Portage River, Ohio; The New York Central Railroad Company bridge at Port Clinton, Mile 1.51. During the months from 1 December to 1 May, at least 24 hours' advance notice required. During the months from 1 May to 1 December, the draw need not be opened for the passage of vessels between 10:00 p.m. and 6:00 a.m. At all times not covered by the regulations in this subparagraph the regulations contained in § 203.705a shall govern the operation of this bridge.

**§ 203.705a Portage River, Ohio; The New York Central Railroad Company bridge at Port Clinton, Mile 1.51.**

(a) The owners of or agencies controlling the bridge shall provide the necessary tenders and the proper mechanical appliances for the safe, prompt, and efficient opening of the draw for the passage of vessels.

(b) The draw of the bridge shall, upon receiving from a vessel the prescribed call signal, be opened immediately for the passage of the vessel: *Provided,* That the opening of the draw may be delayed not to exceed 7 minutes after receipt of signal to permit the passage thereover of a mail or passenger train which is ready to cross at the time of the vessel's signal: *Provided,* That no such vessel or other watercraft shall be delayed for a longer period than 15 minutes.

(c) Signals:

(1) *Call signal for opening of draw.* Three long blasts and one short blast of a whistle, horn, or siren, repeated at intervals until the acknowledging signal is received from the bridge tender.

(2) *Acknowledging signal.* Same as call signal.

(d) Trains and vehicles shall not be stopped on the bridge for the purpose of delaying the opening, nor shall watercraft be handled so as to hinder or delay the operation of the draw, but all passage over or through the bridge shall be prompt to prevent delay to either land or water traffic.

(e) The bridge shall not be required to open for pleasure craft carrying appurtenances unessential to navigation which extend above the normal superstructure. Upon request, the District Engineer, Corps of Engineers, Detroit, Michigan, will cause an inspection to be made of the superstructures and appurtenances of any such craft habitually frequenting the waterway, with a view to adjusting any differences of opinion in this matter between the vessel owner and the bridge owner.

NOTE: The special regulations contained in § 203.641, subparagraph (f)(8), prescribed where local conditions require to govern the operation of this bridge, supplement the general regulations in this section.

[Regs., 25 November 1964, 1507–32 (Portage River, Ohio)–ENGCW–ON] (Sec. 5, 28 Stat. 362; 33 U.S.C. 499)

J. C. LAMBERT,
*Major General, U.S. Army, The Adjutant General.*

# Title 41—PUBLIC CONTRACTS AND PROPERTY MANAGEMENT

## Chapter 4—Department of Agriculture

## PART 4–1—GENERAL

## Subpart 4–1.6—Debarred, Suspended and Ineligible Bidders

MISCELLANEOUS AMENDMENTS

Section 4–1.600 *Scope of subpart* and § 4–1.602–1 *Bases for entry on the debarred, suspended, and ineligible list,* are amended as follows:

Section 4–1.600 is deleted and the following is inserted in lieu thereof:

**§ 4–1.600 Scope of subpart.**

This subpart supplements and implements § 1–1.600 of this title. It prescribes policies and procedures relating to debarment, ineligibility, or suspension of bidders for any cause. It is applicable to all procurement and sales contracting by the Department except contracting by the Commodity Credit Corporation. Regulations applicable to that Corporation are stated at 29 F.R. 10495 (7 CFR Part 1407). However, any notice of debarment or suspension action and any subsequent consideration thereof by the Commodity Credit Corporation under 29 F.R. 10495 (7 CFR Part 1407) shall apply to all transactions by the Department unless an exception is made by the Department Debarring Officer. (See § 4–1.602–1(d).)

Section 4–1.602–1 is amended by adding the following paragraph (d):

**§ 4–1.602–1 Bases for entry on the debarred, suspended and ineligible list.**

* * * * *

(d) Those notified of debarment or suspension by the Commodity Credit Corporation under the regulation stated at 29 F.R. 10495 (7 CFR Part 1407).

Done at Washington, D.C., this 8th day of November 1964.

JOSEPH M. ROBERTSON,
*Assistant Secretary for Administration.*

# Proposed Rule Making

## DEPARTMENT OF AGRICULTURE

### Agricultural Marketing Service

[ 7 CFR Part 1047 ]

[Docket No. AO–33–A31]

### MILK IN FORT WAYNE, IND., MARKETING AREA

### Decision on Proposed Amendments to Tentative Marketing Agreement and to Order

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Indianapolis, Indiana, on September 24, 1964, pursuant to notice thereof issued on September 8, 1964 (29 F.R. 12875).

Upon the basis of the evidence introduced at the hearing and the record thereof, the Administrator on November 13, 1964 (29 F.R. 15443; F.R. Doc. 64–11776) filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision containing notice of the opportunity to file written exceptions thereto.

The material issue on the record of the hearing relates to the reclassification of sour cream and sour cream products from Class I milk to Class II milk.

*Findings and conclusions.* The following findings and conclusions on the material issue are based on evidence presented at the hearing and the record thereof:

Sour cream not labeled Grade A should be reclassified under the Fort Wayne order from Class I to Class II milk. The classification of sour cream and sour cream products disposed of under a Grade A label should not be changed.

The order designates sour cream as a fluid milk product and classifies skim milk and butterfat used in fluid milk products as Class I milk. The order also classifies skim milk and butterfat in any "sour cream product" as Class I milk if such product is disposed of under a Grade A label. It was proposed by a Fort Wayne handler that all sour cream and sour cream products be removed from the fluid milk product category and be classified as Class II milk irrespective of whether they are labeled Grade A.

Essentially, the proponent's proposal would reduce the minimum prices of skim milk and butterfat used in sour cream. This change was suggested on the principal ground that proponent could be more competitive in the sale of sour cream.

Basically, the order classifies as Class I all fluid milk products which require the use of Grade A milk. It also fixes the class prices at levels which will assure an adequate supply of milk for use in such products. Milk which is in excess of the market needs for fluid uses generally is processed into manufactured dairy products such as butter and nonfat dry milk. Such use of producer milk is designated Class II and is priced at the level of manufacturing grade milk since all manufactured milk products generally compete in a common market whether made from Grade A milk or ungraded milk.

Sour cream has been classified Class I under the Fort Wayne order principally on the basis that it requires a supply of Grade A milk (official notice is taken of the Assistant Secretary's decision issued April 10, 1961 (26 F.R. 3191) containing findings and conclusions to this effect). Applicable health regulations require that sour cream sold in the Fort Wayne marketing area be labeled Grade A. Consequently, it continues to require a regular supply of Grade A milk. In this respect it is quite different from butter or other Class II products which are storable and can be made from producer milk delivered during the flush production months or from manufacturing grade milk.

A principal contention by proponent is that sour cream should be reclassified on the basis of obtaining closer alignment of prices between orders. To effectuate orderly marketing it obviously is desirable to have reasonably close alignment of prices among Federal milk orders—particularly among orders where there is an overlap of sales territory by handlers regulated under different orders. The Fort Wayne handler sells sour cream in competition not only with sour cream priced under the Indianapolis order but also with sour cream priced under the Chicago order.

At the present time the Indianapolis order classifies and prices milk used in sour cream as Class II. However, since the Chicago market is another regulated marke' from which sour cream is sold in competition with proponent's product, a price comparison with that order also is appropriate in consideration of interorder alignment. Sour cream is designated Class II under the Chicago order also. However, this is a three-class market and the minimum price for butterfat in sour cream in Class II under the Chicago order actually is higher than the minimum price for butterfat in Class I under the Fort Wayne order. (Official notice is taken of the Chicago order.)

Further, the Fort Wayne market is in relatively close competition with certain other Federal order markets also. Official notice is taken of the South Bend-LaPorte-Elkhart, Toledo, and North Central Ohio orders all of which classify sour cream in Class I. The order cost of skim milk and butterfat for sour cream in these markets is very comparable to the cost as Class I milk under the Fort Wayne order. Thus, reclassification of sour cream under the Fort Wayne order irrespective of labeling would alter but not necessarily improve alignment among the several adjacent markets.

The order currently provides for the classification in Class II of sour cream products, such as party dips, which are not labeled Grade A. In the absence of appropriate testimony that similar treatment of sour cream would create competitive problems or would be administratively impracticable in this market, the classification provision is revised to reclassify sour cream as Class II milk when not labeled Grade A. This will permit handlers to avoid the classification complained of in meeting any competition from other sour cream not under the Grade A label.

*Rulings on proposed findings and conclusions.* Briefs and proposed findings and conclusions were filed on behalf of certain interested parties. These briefs, proposed findings and conclusions and the evidence in the record were considered in making the findings and conclusions set forth above. To the extent that the suggested findings and conclusions filed by interested parties are inconsistent with the findings and conclusions set forth herein, the requests to make such findings or reach such conclusions are denied for the reasons previously stated in this decision.

*General findings.* The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) The tentative marketing agreement and the order, as hereby proposed to be amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(b) The parity prices of milk as determined pursuant to section 2 of the Act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area, and the minimum prices specified in the proposed marketing agreement and the order, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The tentative marketing agreement and the order, as hereby proposed to be amended, will regulate the handling of milk in the same manner as, and will be applicable only to persons in the respective classes of industrial and commercial activity specified in, a market-

ing agreement upon which a hearing has been held.

*Rulings on exceptions.* In arriving at the findings and conclusions, and the regulatory provisions of this decision, each of the exceptions received was carefully and fully considered in conjunction with the record evidence pertaining thereto. To the extent that the findings and conclusions, and the regulatory provisions of this decision are at variance with any of the exceptions, such exceptions are hereby overruled for the reasons previously stated in this decision.

*Marketing agreement and order.* Annexed hereto and made a part hereof are two documents entitled respectively, "Marketing Agreement Regulating the Handling of Milk in the Fort Wayne, Indiana, Marketing Area", and "Order Amending the Order Regulating the Handling of Milk in the Fort Wayne, Indiana, Marketing Area" which have been decided upon as the detailed and appropriate means of effectuating the foregoing conclusions.

*It is hereby ordered,* That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the order as hereby proposed to be amended by the attached order which will be published with this decision.

*Determination of representative period.* The month of September 1964 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of the attached order as amended and as hereby proposed to be amended, amending the order regulating the handling of milk in the Fort Wayne, Indiana, marketing area, is approved or favored by producers, as defined under the terms of the order as amended and as hereby proposed to be amended, and who, during such representative period, were engaged in the production of milk for sale within the aforesaid marketing area.

Signed at Washington, D.C., on December 9, 1964.

GEORGE L. MEHREN,
*Assistant Secretary.*

*Order[1] Amending the Order Regulating the Handling of Milk in the Fort Wayne, Indiana, Marketing Area*

**§ 1047.0 Findings and determinations.**

The findings and determinations hereinafter set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

[1] This order shall not become effective unless and until the requirements of § 900–14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

(a) *Findings upon the basis of the hearing record.* Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Fort Wayne, Indiana, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the Act;

(2) The parity prices of milk, as determined pursuant to section 2 of the Act, are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the said marketing area, and the minimum prices specified in the order as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest;

(3) The said order as hereby amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial or commercial activity specified in, a marketing agreement upon which a hearing has been held.

*Order relative to handling—It is therefore ordered,* That on and after the effective date hereof, the handling of milk in the Fort Wayne, Indiana, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order as amended and as hereby amended, as follows:

Section 1047.16 is revised to read as follows:

**§ 1047.16 Fluid milk product.**

Fluid milk product means milk, skim milk, buttermilk, flavored milk, flavored milk drinks, concentrated milk disposed of for fluid consumption (other than in hermetically sealed cans), cream, sour cream and sour cream products labeled Grade A, and any mixture of cream and milk or skim milk (except frozen cream, aerated cream products, eggnog, milk shake mixes, ice cream, ice cream mixes, other frozen desserts and sterilized products packaged in hermetically sealed containers).

# DEPARTMENT OF THE TREASURY

## Bureau of Customs

## [ 19 CFR Part 6 ]

## MALONE-DUFORT AIRPORT, MALONE, NEW YORK

### Proposed Revocation of Designation as International Airport

Malone-Dufort Airport, Malone, New York, is a designated international airport (airport of entry). However, the customs office at Malone, New York, was closed in 1963. Since that time, it has been necessary to provide customs service at Malone-Dufort Airport, by detailing customs officers from another port. The number of aircraft arrivals, from foreign territory at Malone, is very small, and does not justify the expense of providing customs service. The Massena Airport, a designated international airport located nearby, can readily handle the Malone air traffic requiring customs service with little inconvenience to flyers.

Accordingly, notice is given pursuant to section 4 of the Administrative Procedure Act (5 U.S.C. 1003) that under the authority of section 1109(b) of the Federal Aviation Act of 1958 (49 U.S.C. 1509 (b)), it is proposed to revoke the designation of Malone-Dufort Airport, Malone, New York, as an international airport (airport of entry) for civil aircraft and for merchandise carried thereon arriving from places outside the United States (see 19 CFR 6.1, 6.2), and it is further proposed to amend § 6.13 of the Customs Regulations by deleting therefrom the location and name of this airport.

Data, views, or arguments with respect to the proposed revocation of the designation of Malone-Dufort Airport as an international airport may be addressed to the Commissioner of Customs, Washington, D.C., 20226. To assure consideration of such communications, they must be received by the Commissioner of Customs not later than 20 days from the date of publication of this notice in the FEDERAL REGISTER.

[SEAL] LESTER D. JOHNSON,
*Acting Commissioner of Customs.*

Approved: November 24, 1964.

JAMES A. REED,
*Assistant Secretary of the Treasury.*

# CIVIL AERONAUTICS BOARD

## [ 14 CFR Part 399 ]

[Docket No. 15731]

## WET LEASES TO FOREIGN AIR CARRIERS

### Statements of General Policy

DECEMBER 8, 1964.

Notice is hereby given that the Civil Aeronautics Board is considering the desirability of amending Part 399, its statements of General Policy, to establish a new Board policy with respect to so-called "wet leases" by United States air carriers to foreign air carriers. The subject and the issues involved are explained in the Explanatory Statement set forth below. The amendment is proposed under the authority of sections 204(a), 412, and 416 of the Federal Aviation Act of 1958 (72 Stat. 743, 770, 771; 49 U.S.C. 1324, 1382, 1386) and of section 3 of the Administrative Procedure Act (60 Stat. 238; 5 U.S.C. 1002).

Interested persons may participate in the proposed rule making through the submission of ten (10) copies of written data, views, or arguments, pertaining thereto, addressed to the Docket Section, Civil Aeronautics Board, Washington, D.C., 20428. All relevant matter in communications received on or before December 23, 1964 will be considered by the Board. Upon receipt by the Board, copies of such communications will be available for examination by interested persons in the Docket Section of the Board, Room 710, Universal Building, 1825 Connecticut Avenue NW., Washington, D.C.

By the Civil Aeronautics Board.

[SEAL] HAROLD R. SANDERSON,
*Secretary.*

*Explanatory statement.* In Order No. E–20635 (March 31, 1964) the Board authorized, for six months, an arrangement whereby Airlift International, Inc. (Airlift) would "wet lease" (i.e. would lease aircraft and crew) a jet aircraft to Alitalia-Linee Aeree Italiane-S.p.A. (Alitalia) for at least two round trip all-cargo flights per week over Alitalia's transatlantic route. On August 6, 1964, Airlift asked the Board to extend the authorization for an additional thirteen months. In Order No. E–21335 (September 30, 1964) the Board extended the authorization for a three month period, stating that:

> The Board is currently reviewing its policy with regard to long-term utilization for a foreign air carrier of the facilities of a United States air carrier in the conduct of the route operations authorized in its foreign air carrier permit.

The instant notice of proposed rule making is in implementation of the Board's review of its policy.

For more than ten years the Board has followed a relatively restrictive policy when it has been asked to authorize a long-term wet lease by a United States carrier to the holder of a foreign air carrier permit.[1] Ordinarily, the Board has found that:

> It is not in the public interest as described in [section 2 of the Civil Aeronautics Act of 1938] for the holder of a foreign air carrier permit, which may be in competition with United States certificated flag carriers, to render itself fit, willing and able properly to perform the air transportation required by its permit through leasing, on an indefinite basis, the equipment, operating staff and other resources of a United States air carrier."[2]

The Board has permitted wet leasing in exceptional cases. Thus, United States air carriers have been allowed to wet lease to foreign air carriers in cases in which the arrangement helped foreign air carriers inaugurate operations on a route;[3] in a case in which the arrangement helped a foreign air carrier to maintain its previous level of operations while it awaited replacement of an aircraft lost in an accident;[4] and in the case of the previously discussed Airlift-Alitalia arrangement which enabled Alitalia to institute services authorized by an interim arrangement (pending arbitration proceedings) between the governments of the United States and Italy.[5] In these exceptional cases, the Board has required that the arrangements be only temporary, and the Board has insisted that within a reasonable time the foreign carrier plan to operate the service without United States resources.[6]

The Board's restrictive policy first was developed at a time when there were a number of countries with substantial market potential which had not developed airlines capable of intercontinental service. It was feared that a liberal Board policy would result in United States carriers carrying out, on a permanent basis, operations authorized by foreign air carrier permits. Now the factual situation has changed. International aviation has developed significantly since the policy was first established, and air services are now being provided by foreign air carriers between their respective homelands and the United States in most markets with a large traffic potential. Another significant recent development is that many financially weak United States carriers, including supplemental and all-cargo carriers, now are unable to obtain full time utilization of the expensive jet equipment which the competitive situation has forced them to acquire. It may be that wet lease arrangements should be restricted to those carriers who have an urgent need for additional utilization of equipment or have a compelling need to supplement operating revenue. Accordingly, the Board is requesting comments as to whether a change in policy is appropriate.

The attached proposal is purely illustrative and the Board is prepared to consider comments and counterproposals from interested persons.

*Proposed rule.* The Civil Aeronautics Board is considering the desirability of amending Part 399, its Statements of General Policy (14 CFR Part 399), by adding to Subpart B a new § 399.19 to read as follows:

**§ 399.19 Wet leases to foreign air carriers.**

(a) This policy statement sets forth the major factors which the Board will consider in acting upon applications for authorization of long-term "wet leases" (i.e., leases in which the lessor provides both the aircraft and the crew) by a United States carrier to the holder of a foreign air carrier permit.

(b) A wet lease of the type described in paragraph (a) of this section will be deemed to be in the public interest only if operations thereunder will not have a significant adverse competitive impact on any United States carrier. In making this determination, the Board will consider such factors as: the relative size and financial strength of the United States carriers and the foreign carriers operating on the route; whether the proposed operation will require any United States carrier to reduce its level of frequency on the route; and whether the proposed operation will render uneconomic any United States carrier's operations over the route.

(c) In no case will the Board approve a wet lease arrangement which would impair the United States air carrier's ability to fulfill its certificate obligations.

(d) Subject to the conditions stated in paragraphs (b) and (c) of this section, the Board will normally approve wet lease arrangements in the following situations:

(1) When a foreign air carrier-lessee is at an early stage of development and intends to place primary reliance upon the wet lease arrangement to support its international operations. In such instances the wet lease will normally be approved for a maximum period of two

[1] See e.g., In re Capitol Airways, Inc. & Compagnie Nationale Air France, Order No. E–15516 (July 7, 1960); In re Slick Airways, Inc., Order No. E–15128 (April 20, 1960). A wet lease usually constitutes a "cooperative working arrangement," which is subject to Board disapproval under Section 412 of the Federal Aviation Act of 1958. Additionally, if the lessor will be engaging in common carriage between points for which it holds no operating authority, it must obtain such authority (e.g., by means of a section 416(b) exemption).

It should be emphasized that the policy here discussed relates to long-term wet leases, and not to wet leases for a few flights. The Board has frequently permitted the latter type of lease in emergencies (e.g., a strike or an accident rendering a foreign carrier's aircraft nonoperational.)

[2] In re Seaboard & Western Air Lines, Inc. & Aerlinte Eireann TTA, Order No. E–7108 (January 28, 1953).

[3] See e.g., In re Trans Caribbean Airways, Inc. & Aerovias Interamericanas de Panama, S. A., Order No. E–8910 (January 24, 1955); In re Transocean Air Lines, Inc. & Airwork, Ltd., Order No. E–8976 (February 25, 1955); In re Slick Airways, Inc. & Airwork, Ltd., Order No. E–8977 (February 25, 1955); In re Seaboard & Western Air Lines, Inc., & Aerlinte Eireann Teoranta, Order No. E–12308 (March 31, 1958); California Eastern, Control, 26 C.A.B. 272 (1958). See also the following cases involving inauguration of all-cargo services: In re Transocean Airlines, Inc. & Deutsche Lufthansa Aktiengesellschaft, Order Nos. E–12012 (December 12, 1957) and E–13718 (April 8, 1959); In re The Flying Tiger Line Inc. & Deutsche Lufthansa Aktiengesellschaft, Order No. E–14883 (January 29, 1960); In re Slick Airways, Inc., Order Nos. E–12012 (December 12, 1957) and E–14645 (November 12, 1959).

[4] In re Trans International Airlines, Inc., Order No. E–21349 (October 2, 1964).

[5] In re Airlift International, Inc., Order No. E–20635 (March 31, 1964).

[6] The length of authorized operations has only once exceeded two years. (See In re The Flying Tiger Line Inc. & Deutsche Lufthansa Aktiengesellschaft, Order No. E–14883 (January 29, 1960) in which the operations for which approval was granted and operations under previous authorizations took place over a period of two and one-half years. In granting the final authorization the Board relied, inter alia, upon representations by the Department of State that there were overriding national interest considerations. In some cases involving carriers already operating over a route, two years has been considered excessive. See generally, In re Seaboard & Western Air Lines, Inc. & Aerlinte Eireann TTA, supra n. 2; In re Slick Airways, Inc., Order No. E–15128 (April 20, 1960); In re Airlift International, Inc., supra n. 5.

years; provided, however, that no such wet lease shall be approved unless it is shown that the foreign air carrier-lessee will be in a position to establish an independent viable operation by the end of the two-year period.

(2) When a foreign air carrier-lessee has an established international air service in being, possesses substantial equipment of its own, and desires to inaugurate a new class of service. In such instances the wet lease may be approved, subject to periodic Board review to insure that the criteria set forth in paragraph (b) of this section continue to be fulfilled.

(3) When the wet lease is for the sole purpose of enabling a foreign air carrier-lessee to replace equipment rendered non-operational by an emergency beyond its control (e.g., by an accident). In such instances the wet lease may be approved for a period not to exceed six months, whether or not the criteria set forth in paragraph (b) of this section are met.

# FEDERAL AVIATION AGENCY

## [ 14 CFR Part 39 [New] ]

[Docket No. 6372]

## AIRWORTHINESS DIRECTIVES

### Douglas Model DC-6 Series Aircraft

The Federal Aviation Agency has under consideration a proposal to amend Part 39 [New] of the Federal Aviation Regulations to include an airworthiness directive for Douglas Model DC-6 Series aircraft. There have been several failures of the main gear torque links. To correct this condition, this AD requires inspection and rework or replacement of the torque links.

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the docket number and be submitted in duplicate to the Federal Aviation Agency, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C., 20553. All communications received on or before January 11, 1965, will be considered by the Administrator before taking action upon the proposed rule. The proposals contained in this notice may be changed in the light of comments received. All comments will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons.

This amendment is proposed under the authority of sections 313(a), 601 and 603 of the Federal Aviation Act of 1958 (72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423).

In consideration of the foregoing, it is proposed to amend § 39.13 of Part 39 [New] (14 CFR Part 39 [New]), by adding the following airworthiness directive:

DOUGLAS. Applies to Model DC-6 Series aircraft.

Compliance required as indicated.

Due to the failure of a main gear torque link, P/N 8065-46, the wheels and axle of the main gear rotated 180 degrees. To correct this condition, accomplish the following on torque links, Douglas P/N 8065-46, which have not been reworked in accordance with Douglas Service Engineering Letters C1-78-133/DJW dated January 28, 1964, C1-78-977/DJW dated June 22, 1964, or C1-78-1311/DJW dated August 11, 1964, and attached service sketches:

(a) Within 600 hours' time in service after the effective date of this AD for torque links which have been installed on aircraft for 20,000 or more hours' time in service on the effective date of this AD, and prior to the accumulation of 20,600 hours' time in service for torque links which have been installed on aircraft for less than 20,000 hours' time in service on the effective date of this AD.

(1) Inspect for cracks in the area of the vertical webs adjacent to the trunnion holes, using a 10-power glass or an equivalent method approved by the Aircraft Engineering Division, FAA Western Region.

(2) Torque links with cracks greater than 0.170 inch in depth shall be replaced before further flight with torque links reworked in accordance with Douglas Service Engineering Letters C1-78-133/DJW dated January 28, 1964, C1-78-977/DJW dated June 22, 1964, or C1-78-1311/DJW dated August 11, 1964.

(3) Torque links with cracks 0.170 inch in depth or less shall be:

(i) Reworked before further flight in accordance with Douglas Service Engineering Letter C1-78-1311/DJW dated August 11, 1964, and Douglas Service Sketch No. 608-A attached thereto, or an equivalent method approved by the Aircraft Engineering Division, FAA Western Region; or

(ii) Replaced before further flight with torque links reworked in accordance with Douglas Service Engineering Letters C1-78-133/DJW dated January 28, 1964, C1-78-977/DJW dated June 22, 1964, or C1-78-1311/DJW dated August 11, 1964.

(4) If no cracks are found, repeat the inspection described in subparagraph (1) at intervals not to exceed 600 hours' time in service from the last inspection.

(b) The repetitive inspections required by subparagraph (a)(4) may be discontinued on torque links reworked in accordance with subparagraph (a)(3).

(c) Operators who have not kept records of hours' time in service on individual torque links shall substitute airplane hours' time in service in lieu thereof.

(d) Upon request of the operator, an FAA maintenance inspector, subject to prior approval of the Chief, Aircraft Engineering Division, FAA Western Region, may adjust the repetitive inspection intervals specified in this AD to permit compliance at an established inspection period of the operator if the request contains substantiating data to justify the increase for such operator.

(Douglas Service Engineering Letter C1-78-1311/DJW dated August 11, 1964, and Service Sketch No. 608-A attached thereto, cover this same subject.)

Issued in Washington, D.C., on December 8, 1964.

G. S. MOORE,
*Director,*
*Flight Standards Service.*

[F.R. Doc. 64-12777; Filed, Dec. 11, 1964; 8:46 a.m.]

## [ 14 CFR Part 71 [New] ]

[Airspace Docket No. 64-CE-35]

## FEDERAL AIRWAY AND LOW ALTITUDE REPORTING POINT

### Proposed Alteration and Designation

The Federal Aviation Agency is considering amendments to Part 71 [New] of the Federal Aviation Regulations which would alter and extend VOR Federal airway No. 220 between Akron, Colo. and Grand Island, Nebr. and which would designate a new low altitude reporting point.

Interested persons may participate in the proposed rule making by submitting such written data, views, or arguments as they may desire. Communications should identify the airspace docket number and be submitted in triplicate to the Director, Central Region, Attention: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Mo., 64110. All communications received within 45 days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. The proposal contained in this notice may be changed in the light of comments received.

An official docket will be available for examination by interested persons at the Federal Aviation Agency, Office of the General Counsel, Attention: Rules Docket, 800 Independence Avenue SW., Washington, D.C. An informal docket also will be available for examination at the office of the Regional Air Traffic Division Chief.

The FAA proposes to redesignate the segment of V-220 from Akron, Colo. via the intersection of the Akron 094° and the McCook, Nebr., 263° True radials; McCook; intersection of the McCook 072° and the Grand Island, Nebr., 241° True radials; to Grand Island. The proposed alteration and extension of V-220 would provide an air carrier route with continuous controlled airspace for scheduled air traffic presently operating between Denver, Colo. and Lincoln, Nebr., with intermediate stops at McCook, Kearney, Nebr., and Hastings, Nebr. In addition, it is proposed to designate the McCook VOR as a low altitude reporting point.

These amendments are proposed under section 307(a), Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued in Washington, D.C., on December 7, 1964.

D. E. BARROW,
*Chief, Airspace Regulations and Procedures Division.*

[F.R. Doc. 64-12774; Filed, Dec. 11, 1964; 8:45 a.m.]

## [ 14 CFR Part 71 [New] ]

[Airspace Docket No. 63-AL-16]

## CONTROL ZONE

### Proposed Alteration

The Federal Aviation Agency is considering amendments to Part 71 [New] of the Federal Aviation Regulations which would modify the control zone at Big Delta Airport, Big Delta, Alaska.

The Big Delta, Alaska, Control Zone is presently designated within a 5-mile radius of the Big Delta Airport (latitude 64°00' N., longitude 145°43' W.); and within 2 miles each side of the Big Delta radio range northwest course, extending from the 5-mile radius zone to 12 miles northwest of the radio range.

The Federal Aviation Agency, having completed a review of the terminal airspace structure requirements at Big Delta, including studies pertinent to the implementation of the provisions of CAR Amendments 60-21/60-29, proposes the following airspace action:

In § 71.171 (29 F.R. 1106) the Big Delta, Alaska, Control Zone would be redescribed as that area within a 5-mile radius of the Big Delta Airport (latitude 64°00' N., longitude 145°43' W.); and within 2 miles each side of the Big Delta RR NE and NW courses, extending from the 5-mile radius zone to 8 miles NE and 9½ miles NW of the RR; within 2 miles each side of the Big Delta VOR 040° and 315° radials, extending from the 5-mile radius zone to 8 miles NE and 10 miles NW of the VOR.

This proposal would reduce the length of the existing control zone extension to the northwest by approximately 2 miles. An additional extension to the northwest would be established to provide protective airspace for the JAL VOR approach procedure. Also, a new extension to the northeast, predicated on the radio range and the VOR, would provide protective airspace for aircraft executing approaches using the new VOR procedure and the revised radio range procedure.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Chief, Air Traffic Division, Alaskan Region, Federal Aviation Agency, 632 Sixth Avenue, Anchorage, Alaska, 99501. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Chief, Air Traffic Division. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The public Docket will be available for examination by interested persons at the office of the Regional Counsel, Federal Aviation Agency, 632 Sixth Avenue, Anchorage, Alaska, 99501.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued in Anchorage, Alaska, on December 4, 1964.

JAMES G. ROGERS,
*Director, Alaskan Region.*

[F.R. Doc. 64-12778; Filed, Dec. 11, 1964; 8:46 a.m.]

## [ 14 CFR Part 71 [New] ]

[Airspace Docket No. 63-CE-80]

## TRANSITION AREAS, CONTROL ZONES AND CONTROL AREA EXTENSION

### Proposed Designation and Revocation

The Federal Aviation Agency is considering amendments to Part 71 [New] of the Federal Aviation Regulations which would alter the controlled airspace in the Muncie, Indiana; Marion, Indiana; and Anderson, Indiana, terminal areas.

The following controlled airspace is presently designated in the Muncie, Marion and Anderson, Indiana, terminal areas:

1. The Muncie, Indiana, control zone is designated within a 3-mile radius of the Delaware County Airport, Muncie, Indiana (latitude 40°14'26" N., longitude 85°23'43" W.), from 0700 to 2300 hours, local time, daily.

2. The Muncie, Indiana, control area extension is designated as that airspace bounded on the NW by V-14, on the E by V-55 and on the S by V-210.

3. That portion of the Fort Wayne, Indiana, control area extension S of Fort Wayne bounded on the E by V-55, on the SE by V-14 and on the NW by V-11W alternate and V-96; SW of a line extending from latitude 40°40'00" N., longitude 85°30'00" W., to latitude 40°28'30" N., longitude 85°20'45" W.

The Federal Aviation Agency, having completed a comprehensive review of the terminal airspace structural requirements in the Muncie, Marion and Anderson, Indiana, terminal areas, including studies attendant to the implementation of the provisions of the Civil Air Regulations Amendments 60-21/60-29, proposes the following airspace actions:

1. Redesignate the Muncie, Indiana, control zone as that airspace within a 5-mile radius of the Delaware County Airport, Muncie, Indiana (latitude 40°-14'25" N., longitude 85°23'35" W.) from 0700 to 2300 hours local time, daily.

2. Designate the Muncie, Indiana, transition area as that airspace extending upward from 700 feet above the surface within a 5-mile radius of Delaware County Airport, Muncie, Indiana, and within 2 miles each side of the 125° bearing from Delaware County Airport extending from the 5-mile radius area to 13 miles SE of the airport; and that airspace extending upward from 1,200 feet above the surface within the area bounded by the line beginning at latitude 40°-40'00" N., longitude 85°30'00" W.; to latitude 40°30'00" N., longitude 85°22'00" W.; to latitude 40°30'00" N., longitude 84°49'00" W.; to latitude 40°10'00" N., longitude 85°00'00" W.; to latitude 40°-10'00" N., longitude 85°05'45" W.; to latitude 40°00'00" N., longitude 84°58'00" W.; to latitude 40°00'00" N., longitude 86°00'00" W.; to latitude 40°07'00" N., longitude 86°00'00" W.; to latitude 40°-30'00" N., longitude 85°50'00" W.; to latitude 40°40'00" N., longitude 85°50'00" W.; to the point of beginning and within a 12-mile radius of Marion Municipal Airport.

3. Designate Marion, Indiana, control zone as that airspace within a 5-mile radius of Marion Municipal Airport (latitude 40°29'25" N., longitude 85°40'40" W.), and within 2 miles each side of the Marion VOR 042° and 211° radials extending from the 5-mile radius zone to 8 miles NE and SW of the VOR. This control zone shall be effective during the times established by a Notice to Airmen and published continually in the Airman's Guide or its successor publication, the Airman's Information Manual, now planned for publication on December 10, 1964.

4. Designate the Marion, Indiana, transition area as that airspace extending upward from 700 feet above the surface within a 12-mile radius of Marion Municipal Airport, Marion, Indiana (latitude 40°29'25" N., longitude 85°40'-40" W.), and within 8 miles S and 5 miles N of the Marion VOR 042° radial extending from the 12-mile radius area to 14 miles NE of the airport.

5. Designate the Anderson, Indiana, transition area as that airspace extending upward from 700 feet above the surface within a 5-mile radius of Anderson Municipal Airport, Anderson, Indiana (latitude 40°06'30" N., longitude 85°36'-55" W.); and within 2 miles each side of the 298° bearing from Anderson Municipal Airport extending from the 5-mile radius to 13 miles NW of the airport.

6. Revoke the Muncie, Indiana, control area extension.

The Fort Wayne control area extension which will coincide in part with the transition areas proposed herein will be revoked at a later date. This revocation will be proposed after studies attendant to the implementation of the Civil Air Regulations Amendments 60-21/60-29 have been completed for adjoining terminal areas.

The proposed alteration of the Muncie control zone increases the radius from 3 miles to 5 miles which is the normal radius for a control zone when an instrument approach procedure is prescribed. A "Special" instrument approach procedure is prescribed at Muncie for use by Lake Central Airlines and others under contract with them. The 5-mile zone will provide protection for aircraft executing the prescribed "Special" instrument approach procedure and for all departing aircraft at Delaware County Airport, Muncie, Indiana. The control zone will be in effect from 0700 to 2300 hours, local time, daily, the hours during which the Federal Control Tower is in operation.

The proposed control zone at Marion will provide protection for aircraft

executing prescribed arrival and departure procedures at the Marion Municipal Airport during the hours of operation of the weather reporting service to be provided by duly certificated personnel of Lake Central Airlines. The normal hours for the taking of these weather observations and the dissemination of this information will be from 0630 to 2100 hours, local time, Monday thru Saturday and 0830 to 2100 hours, local time, Sunday. However, in the event of airline schedule changes, these hours may be changed. Normally, thirty days notice will be given prior to any change by Notice to Airmen and published in the Airman's Guide or its successor publication, the Airman's Information Manual, now planned for publication on December 10, 1964. The proposed extensions to the northeast and southwest will provide protection for aircraft executing prescribed VOR instrument approaches to Runways 4 and 22.

By the proposed designation of transition areas at Muncie, Marion and Anderson, the floor of the controlled airspace boardering the immediate vicinity of these locations would be raised from 700 feet to 1200 feet above the surface. The portion of these transition areas with a floor of 700 feet above the surface will provide protection for aircraft executing prescribed instrument approach procedures. The portion of the transition areas with a floor of 1200 feet above the surface will provide protection for aircraft in prescribed holding patterns and for aircraft being radar vectored by the Indianapolis Air Route Traffic Control Center.

The floors of the airways that would traverse the transition areas proposed herein would automatically coincide with the floors of the transition areas.

Certain minor revisions to prescribed instrument procedures would be effected in conjunction with the actions proposed herein but operational complexity would not be increased nor would aircraft performance or landing minimums be adversely affected.

Specific details of the changes to procedures that would be required may be examined by contacting the Chief, Airspace Branch, Air Traffic Division, Central Region, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Missouri, 64110.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Missouri, 64110. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The public Docket will be available for examination by interested persons in the office of the Regional Counsel, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Missouri, 64110.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued at Kansas City, Missouri, on December 3, 1964.

HENRY L. NEWMAN,
*Acting Director, Central Region.*

[F.R. Doc. 64-12779; Filed, Dec. 11, 1964; 8:46 a.m.]

## [ 14 CFR Part 71 [New] ]

[Airspace Docket No. 64-CE-91]

## CONTROL ZONE

### Proposed Alteration

The Federal Aviation Agency is considering amendments to Part 71 [New] of the Federal Aviation Regulations to designate controlled airspace in the Battle Creek, Mich., terminal area.

The presently existing Battle Creek, Michigan, control zone is designated as that airspace within a 5-mile radius of Kellogg Field, Battle Creek, Mich. (latitude 42°18'35" N., longitude 85°14'-55" W.), within 2 miles each side of the Battle Creek VORTAC 050° and 215° radials extending from a 5-mile radius zone to 8 miles NE and SW of the VOR-TAC, and within 2 miles each side of the Kellogg Field ILS localizer SW course, extending from the 5-mile radius zone to 5 miles SW of the approach end of runway 4.

Having completed a comprehensive review of airspace requirements in Battle Creek, Michigan, including studies attendant to the implementation of the provisions of Amendments 60-21 and 60-29 of the Civil Air Regulations, the Federal Aviation Agency proposes to take the following airspace action:

Redesignate the Battle Creek, Michigan, control zone as that airspace within a 5-mile radius of Kellogg Field, Battle Creek, Michigan (latitude 42°18'35" N., longitude 85°14'55" W.), within 2 miles each side of the Battle Creek VORTAC 050° and 117° radials, extending from the 5-mile radius zone to 8 miles NE and SE of the VORTAC; within 2 miles each side of the Battle Creek VORTAC 215° radial, extending from the 5-mile radius zone to 12 miles SW of the VOR-TAC, and within 2 miles each side of the Kellogg Field ILS localizer SW course, extending from the 5-mile radius zone to 5 miles SW of the approach end of Runway 4.

The implementation of Amendments 60-21 and 60-29 of the Civil Air Regulations in the Battle Creek, Michigan, terminal area was accomplished in 1963. However, two of the instrument approach procedures at Battle Creek, Michigan, have been revised. As a result of these revisions, aircraft are permitted to descend to an altitude of less than 1,000 feet above the surface prior to entering the control zone. The proposed alteration to the Battle Creek control zone will permit instrument approach procedures involving flight below 1,000 feet above the surface to be conducted within the control zone.

Specific details of the changes to procedures that would be required may be examined by contacting the Chief, Airspace Branch, Air Traffic Division, Central Region, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Missouri, 64110.

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Director, Central Region, Attn: Chief, Air Traffic Division, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Missouri, 64110. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views, or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The public Docket will be available for examination by interested persons in the office of the Regional Counsel, Federal Aviation Agency, 4825 Troost Avenue, Kansas City, Missouri, 64110.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348).

Issued at Kansas City, Missouri, on December 1, 1964.

EDWARD C. MARSH,
*Director, Central Region.*

[F.R. Doc. 64-12780; Filed, Dec. 11, 1964; 8:46 a.m.]

## [ 14 CFR Part 71 [New] ]

[Airspace Docket No. 64-WE-21]

## CONTROL ZONE

### Proposed Designation

The Federal Aviation Agency is considering an amendment to Part 71 [New] of the Federal Aviation Regulations which would designate a control zone at the Tacoma Industrial Airport, Tacoma, Washington.

The Federal Aviation Agency, having completed a comprehensive review of the terminal airspace requirements in the Tacoma Industrial Airport terminal area, proposes the following airspace action:

Designate a control zone at Tacoma, Washington, to comprise that airspace within a 5-mile radius of the Tacoma Industrial Airport (latitude 47°15'55" N., longitude 122°34'40" W.), excluding the portion within a one-mile radius of the South Tacoma Airport (latitude 47°-13'00" N., longitude 122°29'26" W.). The control zone shall be effective during the times established in advance by a notice to Airmen and continuously published in the Airman's Guide.

The control zone would provide protection for aircraft executing prescribed instrument approach and departure procedures at the Tacoma Industrial Airport during the hours of operation of the weather reporting service to be provided by duly certificated personnel of West Coast Airlines.

Communications service will be furnished by the FAA's McChord RAPCON through a remotely controlled 120.1 mc. transmitter and receiver located at the site of the Tacoma Industrial Radio Beacon (latitude 47°21'29" N., longitude 122°33'41" W.).

Interested persons may submit such written data, views or arguments as they may desire. Communications should be submitted in triplicate to the Director, Western Region, Attention: Chief, Air Traffic Division, Federal Aviation Agency, 5651 West Manchester Avenue, Post Office Box 90007, Airport Station, Los Angeles, California, 90009. All communications received within forty-five days after publication of this notice in the FEDERAL REGISTER will be considered before action is taken on the proposed amendment. No public hearing is contemplated at this time, but arrangements for informal conferences with Federal Aviation Agency officials may be made by contacting the Regional Air Traffic Division Chief. Any data, views or arguments presented during such conferences must also be submitted in writing in accordance with this notice in order to become part of the record for consideration. The proposal contained in this notice may be changed in the light of comments received.

The official Docket will be available for examination by interested persons at the office of the Regional Counsel, Federal Aviation Agency, 5651 West Manchester Avenue, Los Angeles, California, 90045.

This amendment is proposed under the authority of section 307(a) of the Federal Aviation Act of 1958, as amended (72 Stat. 749; 49 U.S.C. 1348).

Issued in Los Angeles, California, on December 4, 1964.

JOSEPH H. TIPPETS,
*Director, Western Region.*

By: A. E. Horning.

#### Notice of Filing of Petition Regarding Pesticide Endrin

Pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 408(d)(1), 68 Stat. 512; 21 U.S.C. 346a (d)(1)), notice is given that a petition (PP 5F0424) has been filed by Shell Chemical Company, Division of Shell Oil Company, 110 West 51st Street, New York, New York, 10020, proposing the establishment of a tolerance of 0.1 part per million for residues of the insecticide endrin in or on broccoli, brussels sprouts, cabbage, and cauliflower.

The petition was found to be deficient because of inconclusive results for establishment of definite no-effect levels from the rat and dog feeding studies and because adequate reproduction data are lacking. However, the petitioner requested that the petition be filed as submitted, as provided in § 120.7(d).

The analytical method proposed in the petition for determining residues of endrin is based on gas-liquid chromatography with an electron affinity detector.

## ATOMIC ENERGY COMMISSION

[Docket No. 50-187]

### NORTHROP CORP.

#### Notice of Issuance of Facility License Amendment

Please take notice that the Atomic Energy Commission has issued, effective as of the date of issuance, Amendment No. 1 to Facility License No. R-90. The license authorizes Northrop Corporation to operate its TRIGA Mark F nuclear reactor located at Hawthorne, California. The amendment authorizes Northrop Corporation to perform a series of pulsed neutron irradiation experiments in the reactor as described in the licensee's application for license amendment dated July 10, 1964.

The Commission has found that:

(1) The application for amendment complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Ch. I, CFR;

(2) The issuance of this amendment will not be inimical to the common defense and security or to the health and safety of the public;

(3) Prior public notice of proposed issuance of this amendment is not required since the amendment does not involve significant hazard considerations different from those previously evaluated.

Within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER, the licensee may file a request for a hearing and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. Requests for a hearing and petitions to intervene shall be filed in accordance with the provisions of the Commission's rules of practice (10 CFR Part 2). If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

For further details with respect to this amendment, see (1) the licensee's application for license amendment dated July 10, 1964, and (2) the Hazards Analysis prepared by the Test and Power Reactor Safety Branch of the Division of Reactor Licensing, both of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (2) above may be obtained at the Commission's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington, D.C., 20545 Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 3d day of December 1964.

For the Atomic Energy Commission.

SAUL LEVINE,
*Chief, Test and Power Reactor Safety Branch, Division of Reactor Licensing.*

By: RICHARD E. IRELAND.

AMENDMENT TO FACILITY LICENSE

[License R-90, Amdt. 1]

License No. R-90, issued to Northrop Corporation, is hereby amended in the following respects:

In Addition to the activities previously authorized by the Commission in License No. R-90, Northrop Corporation is authorized:

1. to perform a series of pulsed neutron irradiation experiments in its TRIGA Mark F reactor facility, as described in its application amendment dated July 10, 1964, provided however, that the experiments are performed with the guide tubes filled with water.

This amendment is effective as of the date of issuance.

Date of issuance: December 3, 1964.

For the Atomic Energy Commission.

SAUL LEVINE,
*Chief, Test and Power Reactor Safety Branch, Division of Reactor Licensing.*

[F.R. Doc. 64-12803; Filed, Dec. 11, 1964; 8:48 a.m.]

[Docket No. 50-187]

### NORTHROP CORP.

#### Notice of Issuance of Facility License Amendment

Please take notice that the Atomic Energy Commission has issued, effective as of the date of issuance, Amendment No. 2 to Facility License No. R-90. The license authorizes Northrop Corporation to operate its TRIGA Mark F nuclear reactor located at Hawthorne, California. The amendment authorizes Northrop Corporation to perform in-core irradiations of nonfissionable, nonexplosive solid type materials in the existing vertical access tube of the reactor, as described in the licensee's application for license amendment dated October 13, 1964, and supplemental letter dated November 2, 1964.

The Commission has found that:

(1) The application for amendment complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Ch. I, CFR;

(2) The issuance of this amendment will not be inimical to the common defense and security or to the health and safety of the public;

(3) Prior public notice of proposed issuance of this amendment is not required since the amendment does not involve significant hazard considerations different from those previously evaluated.

Within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER, the licensee may file a request for a hearing and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. Requests for a hearing and petitions to intervene shall be filed in accordance with the provisions of the Commission's rules of practice (10 CFR Part 2). If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

For further details with respect to this amendment, see (1) the licensee's application for license amendment dated October 13, 1964, and supplemental letter dated November 2, 1964, and (2) the Hazards Analysis prepared by the Test and Power Reactor Safety Branch of the Division of Reactor Licensing, both of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (2) above may be obtained at the Commission's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington, D.C., 20545, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 3d day of December 1964.

For the Atomic Energy Commission.

AMENDMENT TO FACILITY LICENSE

[License R-90, Amdt. 2]

License No. R-90, issued to Northrop Corporation, is hereby amended in the following respects:

In addition to the activities previously authorized by the Commission in License No. R-90, Northrop Corporation is authorized:

(1) to perform in-core irradiations of nonfissionable, non-explosive solid type materials in the existing vertical access tube of the reactor, as described in its application amendment dated October 13, 1964, and supplemental letter dated November 2, 1964.

This amendment is effective as of the date of issuance.

Date of issuance: December 3, 1964.

For the Atomic Energy Commission.

SAUL LEVINE,
*Chief, Test and Power Reactor Safety Branch, Division of Reactor Licensing.*

[F.R. Doc. 64-12804; Filed, Dec. 11, 1964; 8:48 a.m.]

[Docket No. 50-205]

### PACIFIC GAS AND ELECTRIC CO.

#### Notice of Withdrawal of Application for Utilization Facility License

Please take notice that Pacific Gas and Electric Company, 245 Market Street, San Francisco, California, by letter dated November 4, 1964, has withdrawn its application for a license to construct and operate a nuclear reactor at Bodega Bay, California. A copy of the letter of withdrawal is available for inspection in the AEC's Public Document Room, 1717 H Street NW., Washington, D.C.

Notice of receipt of the application was published in the FEDERAL REGISTER on January 31, 1963, 28 F.R. 915.

Dated at Bethesda, Maryland, this 3d day of December 1964.

For the Atomic Energy Commission.

R. L. DOAN,
*Director, Division of Reactor Licensing.*

[Docket No. 50-135]

### WALTER REED ARMY MEDICAL CENTER

#### Notice of Issuance of Facility License Amendment

Please take notice that the Atomic Energy Commission has issued, effective as of the date of issuance, Amendment No. 4, set forth below, to Facility License No. R-85. The license, as amended, authorizes Walter Reed Army Medical Center to operate its Atomics International Model L-54 homogeneous solution type nuclear reactor located on the Walter Reed Army Medical Center site in Washington, D.C. The amendment authorizes (1) the installation and use of a Thermal Column Irradiation Cave, (2) the installation and use of a Breech Loading Mechanism, and (3) loading of the Breech Loading Mechanism without supervision by the Supervisor of Reactor Operations, as described in the licensee's application for license amendment dated August 31, 1964.

The Commission has found that:

(1) The application for amendment complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Ch. I, CFR;

(2) The issuance of this amendment will not be inimical to the common defense and security or to the health and safety of the public:

(3) Prior public notice of proposed issuance of this amendment is not required since the amendment does not involve significant hazard considerations different from those previously evaluated.

Within fifteen (15) days from the date of publication of this notice in the FEDERAL REGISTER, the licensee may file a request for a hearing, and any person whose interest may be affected by this proceeding may file a petition for leave to intervene. Requests for a hearing and petitions to intervene shall be filed in accordance with the provisions of the Commission's rules of practice (10 CFR Part 2). If a request for a hearing or a petition for leave to intervene is filed within the time prescribed in this notice, the Commission will issue a notice of hearing or an appropriate order.

For further details with respect to this amendment, see (1) the licensee's application for license amendment dated August 31, 1964, and (2) the Hazards Analysis prepared by the Test and Power Reactor Safety Branch of the Division of Reactor Licensing, both of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (2) above may be obtained at the Commission's Public Document Room or upon request addressed to the Atomic Energy Commission, Washington, D.C., 20545. Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 3d day of December 1964.

For the Atomic Energy Commission.

SAUL LEVINE,
*Chief, Test and Power Reactor Safety Branch, Division of Reactor Licensing.*

By: RICHARD E. IRELAND.

AMENDMENT TO FACILITY LICENSE

[License R-85, Amdt. 4]

Facility License No. R-85, as amended, issued to Walter Reed Army Medical Center, is hereby amended in the following respects:

1. In addition to the activities previously authorized by the Commission in License No. R-85, as amended, Walter Reed Army Medical Center is authorized:

a. To install and use a Thermal Column Irradiation Cave,

b. To install and use a Breech Loading Mechanism in the northwest 4 inch diameter Horizontal Port, and

c. To load the Breech Loading Mechanism without supervision by the Supervisor of Reactor Operations, as described in the application amendment dated August 31, 1964.

This amendment is effective as of the date of issuance.

For the Atomic Energy Commission.

SAUL LEVINE,
*Chief, Test and Power Reactor Safety Branch, Division of Reactor Licensing.*

[F.R. Doc. 64-12806; Filed, Dec. 11, 1964; 8:49 a.m.]

[Docket No. 50-160]

## GEORGIA INSTITUTE OF TECHNOLOGY

### Notice of Proposed Issuance of Facility License

Notice is hereby given that unless within fifteen days after publication of this notice in the FEDERAL REGISTER a request for a hearing is filed with the U.S. Atomic Energy Commission ("the Commission") by the Georgia Institute of Technology ("Georgia Tech"), or a petition for leave to intervene is filed by any person whose interest may be affected, as provided by and in accordance with the Commission's "Rules of Practice," 10 CFR Part 2, the Commission proposes to issue a facility license substantially in the form set forth below. The proposed license would authorize Georgia Tech to possess and operate a tank-type nuclear reactor at a maximum steady state power level of one (1) megawatt (thermal) on Georgia Tech's campus in Atlanta, Ga. Construction of the reactor was authorized by Construction Permit No. CPRR-57 issued June 13, 1960.

Prior to issuance of the license the reactor will be inspected by representatives of the Commission to determine whether a finding can be made that the reactor has been constructed in accordance with the provisions of Construction Permit No. CPRR-57.

The Commission has found that:

(1) The application complies with the requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations set forth in Title 10, Chapter 1, CFR;

(2) There is reasonable assurance that (i) the activities authorized by this license can be conducted at the designated location without endangering the health and safety of the public, and (ii) such activities will be conducted in compliance with the rules and regulations of the Commission;

(3) Georgia Tech is technically and financially qualified to engage in the proposed activities in accordance with the Commission's regulations;

(4) Georgia Tech is a nonprofit educational institution and will use the reactor for the conduct of educational activities. Georgia Tech is therefore exempt from the financial protection requirement of subsection 170a. of the Atomic Energy Act of 1954, as amended.

(5) The issuance of this license will not be inimical to the common defense and security or to the health and safety of the public.

For further details with respect to this proposed license, see (1) the license application dated February 1, 1960, and amendments thereto dated April 26, 1960, July 28, 1961, January 18, 1963, February 15, 1963, June 23, 1964, December 3, 1964, December 4, 1964 and December 7, 1964, (2) a related hazards analysis prepared by the Research and Power Reactor Safety Branch of the Division of Reactor Licensing, and (3) the Technical Specifications referred to as Appendix A to the proposed facility license, all of which are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. A copy of item (2) above may be obtained at the Commission's Public Document Room, or upon request addressed to the Atomic Energy Commission, Washington, D.C., 20545, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Md., this 10th day of December 1964.

For the Atomic Energy Commission.

ROGER S. BOYD,
*Chief, Research and Power Reactor Safety Branch, Division of Reactor Licensing.*

PROPOSED FACILITY LICENSE

1. This license applies to the one-megawatt (thermal), heavy water moderated, tank-type nuclear reactor (hereinafter "the reactor") which is owned by the Georgia Institute of Technology (hereinafter "Georgia Tech") and located on Georgia Tech's campus in Atlanta, Ga., and described in the application dated February 1, 1960, and amendments thereto dated April 26, 1960, July 28, 1961, January 18, 1963, February 15, 1963, June 23, 1964, December 3, 1964, December 4, 1964 and December 7, 1964.

2. Subject to the conditions and requirements incorporated herein, the Atomic Energy Commission ("the Commission") hereby licenses Georgia Tech:

A. Pursuant to Section 104c of the Atomic Energy Act of 1954, as amended (hereinafter "the Act"), and Title 10, CFR, Chapter 1, Part 50, "Licensing of Production and Utilization Facilities," to possess, use and operate the reactor as a utilization facility at the designated location on Georgia Tech's campus in Atlanta, Ga.;

B. Pursuant to the Act and Title 10, CFR, Chapter 1, Part 70, "Special Nuclear Material," to receive, possess and use in connection with operation of the reactor up to 11.0 kilograms of contained uranium-235;

C. Pursuant to the Act and Title 10, CFR, Chapter 1, Part 30, "Licensing of Byproduct Material," (1) to possess and use a 50-curie antimony-beryllium sealed neutron source for reactor startup, and (2) to possess, but not to separate, such byproduct material as may be produced by operation of the reactor.

3. This license shall be deemed to contain and be subject to the conditions specified in § 50.54 of Part 50, § 70.32 of Part 70, and § 30.32 of Part 30 of the Commission's regulations, and to be subject to all applicable provisions of the Act and rules, regulations and orders of the Commission now or hereafter in effect; and is subject to the additional conditions specified below:

A. *Maximum power level.* Georgia Tech shall not operate the reactor at steady state power levels in excess of one (1) megawatt (thermal).

B. *Technical Specifications.* The Technical Specifications contained in Appendix A to this license (hereinafter the "Technical Specifications") are hereby incorporated in this license. Georgia Tech shall operate the reactor only in accordance with the Technical Specifications. No changes shall be made in the Technical Specifications unless authorized by the Commission as provided in 10 CFR 50.59.

C. *Authorization of changes, tests, and experiments.* Georgia Tech may (1) make changes in the reactor as described in the hazards summary report, (2) make changes in the procedures as described in the hazards summary report, and (3) conduct tests or experiments not described in the hazards summary report only in accordance with the provisions of Section 50.59 of the Commission's regulations.

D. *Reports.* In addition to reports otherwise required under this license and applicable regulations:

(1) Georgia Tech shall make an immediate report in writing to the Commission of any indication of occurrence of a possible unsafe condition relating to the operation of the reactor, including without implied limitation, any possible unsafe condition arising out of:

a. Any substantial variance disclosed by operation of the reactor from the performance specifications set forth in the hazards summary report, and

b. Any accidental release of radioactivity, whether or not resulting in property damage or personal injury or exposure above permissible limits.

(2) Georgia Tech shall report to the Commission in writing significant changes in accident analyses, as described in the hazards summary report.

(3) Georgia Tech shall file with the Commission no later than sixty (60) days after completion of initial startup and power operation tests a report describing the measured values obtained.

E. *Records.* In addition to those otherwise required under this license and applicable regulations, Georgia Tech shall keep the following records:

(1) Reactor operating records, including power levels.

(2) Records of in-pile irradiations.

(3) Records showing radioactivity released or discharged into the air or water beyond the effective control of Georgia Tech as measured at the point of such release or discharge.

(4) Records of emergency reactor scrams, including reasons for emergency shutdowns.

4. Pursuant to § 50.60 of the regulations in Title 10, Chapter 1, CFR, Part 50, the Commission has allocated to Georgia Tech, for use in the operation of the reactor, 11.0 kilograms of uranium-235 contained in uranium enriched to approximately 93% in the isotope U-235. Estimated schedules of special nuclear material transfers to Georgia Tech and returns to the Commission are contained in Appendix B which is attached hereto. Transfers by the Commission to Georgia Tech in accordance with column 2 in Appendix B will be conditioned upon Georgia Tech's return to the Commission of material substantially in accordance with column 3 of Appendix B.

5. This license is effective as of the date of issuance and shall expire at midnight June 13, 1980.

Date of issuance:

For the Atomic Energy Commission.

ROGER S. BOYD,
*Chief, Research & Power Reactor Safety Branch Division of Reactor Licensing.*

[F.R. Doc. 64-12881; Filed, Dec. 11, 1964; 11:41 a.m.]

# FEDERAL AVIATION AGENCY

[OE Docket No. 64-EA-13]

## GENERAL TELEPHONE CO.

### Determination of No Hazard to Air Navigation

The Federal Aviation Agency has circularized the following proposal for aeronautical comment and has conducted a study (EA-OE-5730) to determine its effect upon the safe and efficient utilization of the navigable airspace.

The General Telephone Company, Marion, Ohio, proposes to construct a guyed microwave radio tower at latitude 39°18'13" north, longitude 82°04'20" west, near Athens, Ohio. The overall height of the structure would be 1190 feet above mean sea level (AMSL) (200 feet above ground level [AGL]).

The proponent previously submitted a proposal for a 1223-foot AMSL (210 feet AGL) structure at latitude 39°18'43" north, longitude 82°04'41" west, 1.8 miles south of the Ohio University Airport. An aeronautical study of this proposal disclosed that it would exceed § 77.25(b)(2), Federal Aviation Regulations, as applied to the Ohio University Airport, by the full height. In addition, because of its location and height, the circling minimums of the approved ADF approach (AL-5208-ADF-1) to the Ohio University Airport would have to be raised from 800 to 900 feet. In view of this and other objections received, the proponent resubmitted the proposal with an amended height and location.

An aeronautical study of the new proposal disclosed that the structure would exceed the standards for determining hazards to air navigation in § 77.25(b)(2) of the Federal Aviation Regulations, as applied to the Ohio University Airport, by its entire height since the terrain at the site already exceeds this criteria. The revised site, located 2.3 miles south of the airport, coupled with a 33-foot reduction in height AMSL, eliminates the necessity to raise the circling minimums. The proposed structure would no longer be in the circling area for instrument flight rules (IFR) aircraft and would not adversely affect instrument operations at the Ohio University Airport.

The proposed site is 2.3 miles south of the Ohio University Airport's only landing strip, and east/west runway, and would be beyond a normal traffic pattern and not in line with any runway. The airport is located in a valley at an elevation of 632 feet. Terrain, immediately north and south of the airport rises to an average elevation of 900 feet AMSL with higher terrain, 1003 feet AMSL located between the airport and the proposed site. The proposed structure would extend 187 feet above the higher terrain. In view of the nature of the terrain, it would be expected that aircraft traversing the area of the proposed site, including those entering a traffic pattern, would be at altitudes high enough to sufficiently clear the proposed structure. The traffic pattern for this airport is established at 1500 feet AMSL and aircraft at this altitude would clear the structure by 310 feet.

The proposed structure does not lie along any visual flight rules (VFR) routes and would not interfere with any IFR procedures. Based upon the aeronautical study, it is the finding of the Agency that the proposed construction would have no substantial adverse effect upon aeronautical operations, procedures or minimum flight altitudes.

Therefore, pursuant to the authority delegated to me by the Administrator (§ 77.37 [New]), it is found that the proposed structure would have no substantial adverse effect upon the safe and efficient utilization of navigable airspace and it is hereby determined that the proposed structure would not be a hazard to air navigation provided that it is obstruction marked and lighted in accordance with Agency standards.

This determination is effective and will become final 30 days after the date of issuance unless an appeal is filed under § 77.39 [New] (27 F.R. 10352). If the appeal is denied, the determination will then become final as of the date of the denial or 30 days after the issuance of the determination, whichever is later. Unless otherwise revised or terminated, a final determination hereunder will expire 18 months after its effective date or upon earlier abandonment of the construction proposal (§ 77.41 [New]).

Issued in Washington, D.C., on December 4, 1964.

RALPH H. FLETCHER,
*Acting Chief,*
*Obstruction Evaluation Branch.*

## KVOL, INC. (KVOL)

### Order Continuing Hearing

In re application of Radio Station KVOL, Inc. (KVOL), Lafayette, Louisiana, Docket No. 15625, File No. BP-14947; for construction permit.

The Hearing Examiner having under consideration a petition filed December 7, 1964, by the above-entitled applicant requesting that the prehearing conference presently scheduled for December 8, 1964, be continued to December 18, 1964; and

It appearing that the date presently scheduled conflicts with prior commitments of one of the parties, that all parties are agreeable to the immediate favorable consideration of this petition, and good cause for granting the same having been shown:

*It is ordered,* This the 8th day of December 1964, that the petition for continuance is granted, and the prehearing conference presently scheduled for December 8, 1964, is continued to December 18, 1964, beginning at 9:00 a.m. in the offices of the Commission, Washington, D.C.

*It is further ordered,* That the evidentiary hearing now scheduled to begin on Thursday, December 10, 1964, is continued to a date to be announced at the conclusion of the prehearing conference on December 18, 1964.

Released: December 8, 1964.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] BEN F. WAPLE,
*Secretary.*

# FEDERAL POWER COMMISSION

[Docket No. RI65-351 etc.]

## ALVIN C. HOPE ET AL.

### Order Providing for Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

DECEMBER 4, 1964.

The Respondents named herein have filed proposed changes in rates and charges of currently effective rate schedules for sales of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds. It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR, Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act: *Provided, however,* That the supplements to the rate schedules filed by Respondents, as set forth herein shall become effective subject to refund on the date and in the manner herein prescribed if within 20 days from the date of the issuance of this order Respondents shall each execute and file under its above-designated docket number with the Secretary of the Commission its agreement and undertaking to comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, accompanied by a certificate showing service of copies thereof upon all purchasers under the rate schedule involved. Unless Respondents are advised to the contrary within 15 days after the filing of their respective agreements and undertakings, such agreements and undertakings shall be deemed to have been accepted.

(C) Until otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedule sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before January 20, 1965.

By the Commission.

[SEAL] JOSEPH H. GUTRIDE,
*Secretary.*

[1] For resale to El Paso Natural Gas Co. under West Lake Natural Gasoline Co. (Operator), et al., FPC Gas Rate Schedule No. 1.
[2] End of suspension period for West Lake's related increased rate in Docket No. RI65-29.
[3] The suspension period is limited to one day.
[4] Revenue-sharing rate increase.
[5] Pressure base is 14.65 p.s.i.a.
[6] The stated effective date is the effective date requested by Respondent.
[7] Periodic rate increase.
[8] Subject to a downward Btu adjustment.
[10] Supersedes Rohde, Henderson and Dawson's FPC Gas Rate Schedule No. 1.
[11] The stated effective date is the first day after expiration of the required statutory notice.
[12] Renegotiated rate increase.
[13] Includes 1.5 cents per Mcf for compressing gas.
[14] Subject to 0.4466 cent per Mcf deduction for sour gas.
[15] Includes 2.5 cents per Mcf for compressing gas.
[16] Includes 0.75 cent per Mcf deducted by buyer for dehydrating gas.
[17] Basic contract dated subsequent to Sept. 28, 1960, the date of issuance of the Commission's Statement of General Policy No. 61-1, as amended.

[1] Does not consolidate for hearing or dispose of the several matters herein.

Rohde, Henderson and Dawson (Rohda) request a retroactive effective date of March 1, 1964, for their proposed superseding rate schedule and related notice of change in rate. Good cause has not been shown for waiving the 30-day notice requirement provided in section 4(d) of the Natural Gas Act to permit an earlier effective date for Rohde's proposed rate filings and such request is denied.

Alvin C. Hope (Operator), et al. (Hope) proposes two revenue-sharing rate increases for sales to West Lake Gasoline Company (West Lake), a subsidiary of El Paso Natural Gas Company (El Paso). West Lake gathers and processes the gas and resells it to El Paso under its FPC Gas Rate Schedule No. 1 and pays its suppliers 50 percent of the amount it receives from El Paso. On July 1, 1964, West Lake filed a periodic increase from 17.0 cents to 18.0 cents per Mcf for its sale to El Paso, which was suspended for five months until January 1, 1965, in Docket No. RI65-29, because it exceeds the 11.5 cents per Mcf area ceiling for increased rates. Hope's proposed rate increases are based upon West Lake's suspended 18.0 cents per Mcf rate. Although Hope's proposed revenue-sharing rate increases are below the 11.5 cents per Mcf area ceiling as set forth in the Commission's Statement of General Policy No. 61-1, as amended, they are suspended until January 2, 1965, because of their relationship to West Lake's increased rate.

Rohde submits a superseding contract and a related notice of change in rate. The buyer, Phillips Petroleum Company, gathers the gas in its Texas Panhandle gathering system, processes it in its plants and resells the residue gas at the plant outlet. The area rate ceiling is considered to be applicable to the sale of gas by Phillips Petroleum Company after gathering and processing. Accordingly, the proposed rate involved here, although not in excess of the applicable increased rate ceiling for pipeline quality gas as set forth in the Commission's Statement of General Policy No. 61-1, as amended (18 CFR, Ch. I, Part 2, § 2.56), should be suspended for one day because the sale related thereto is considered to be for non-pipeline quality gas within the meaning of the policy statement.

The contracts related to the rate filings proposed by Bowers Drilling Company, Inc. (Operator), et al. (Bowers), and P. G. Lake, Inc. (Lake) were executed subsequent to September 28, 1960, the date of issuance of the Commission's Statement of General Policy No. 61-1, as amended, and the proposed increased rates are above the applicable area ceiling for increased rates but do not exceed the applicable ceiling price for initial rates in the area involved. We believe, in this situation, that Bowers and Lake's rate filings should be suspended for one day from December 22, 1964, and January 1, 1965, respectively, the proposed effective dates.

[F.R. Doc. 64-12711; Filed, Dec. 11, 1964; 8:45 a.m.]

[Docket No. RI65-355 etc.]

## MARATHON OIL CO.

### Order Providing for Hearings on and Suspension of Proposed Changes in Rates [1]

DECEMBER 3, 1964.

The Respondents named herein have filed proposed increased rates and charges of currently effective rate schedules for sales of natural gas under Commission jurisdiction, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds. It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders:

(A) Under the Natural Gas Act, particularly sections 4 and 15, the regulations pertaining thereto (18 CFR, Ch. I), and the Commission's rules of practice and procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column, and thereafter until made effective as prescribed by the Natural Gas Act.

(C) Until otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 and 1.37(f)) on or before January 20, 1965.

By the Commission.

[SEAL] JOSEPH H. GUTRIDE,
*Secretary.*

[3] The stated effective date is the effective date requested by Respondent.
[4] The proposed rate increase covers the remaining portion of a periodic increase due on May 1, 1964.
[6] Pressure base is 14.65 p.s.i.a.
[7] Includes partial reimbursement for the full 2.55 percent New Mexico Emergency School Tax.
[10] Periodic rate increase.
[11] Pressure base is 15.025 p.s.i.a.
[17] Includes 1.75 cents per Mcf tax reimbursement to seller by buyer.
[18] Initial rate.
[20] Rate is subject to a downward Btu adjustment.
[21] The stated effective date is the first day after expiration of the required statutory notice.
[22] Nine-step periodic escalation.
[24] Includes 1.5 cents per Mcf tax reimbursement to seller by buyer.
[6] Increase from rate set by order granting permanent certificate (Opinion No. 422) to contractually due periodic rate.
[19] Rate set by order accompanying Opinion No. 422, issued Mar. 23, 1964, granting permanent certificate.
[18] Increase from "fractured" rate to contractually due periodic rate.
[17] Rate exclusive of a 0.5 cent per Mcf cost to buyer for gathering and dehydration.
[18] "Fractured" rate presently in effect subject to refund in Docket No. RI64-23.
[18] Increase from settlement rate to contractually due periodic rate.
[20] Rate is result of companywide settlement offer approved by Commission order issued Feb. 1, 1963, in Docket Nos. G-9385, et al.
[21] Includes 1.0 cent per Mcf upward Btu adjustment.
[22] Renegotiated rate increase.
[23] Letter Agreement, provides for increased rate.
[24] Subject to an upward Btu adjustment.

Marathon Oil Company requests an effective date of November 11, 1964; Mesa Development Company (Operator), et al., request an effective date of November 9, 1964; North Central Oil Corporation requests an effective date of December 1, 1964, and Amerada Petroleum Corporation (Amerada) requests an effective date of November 1, 1964, for its rate filings. Edwin L. Cox requests an effective date of December 9, 1964, for Supplement No. 1 to his FPC Gas Rate Schedule No. 28. Good cause has not been shown for waiving the 30-day notice requirement provided in section 4(d) of the Natural Gas Act to permit earlier effective dates for the aforementioned producers' rate filings and such requests are denied.

Amerada's proposed rate increases are permitted under its companywide settlement proposal approved by the Commission's order issued February 1, 1963, in Docket Nos. G-9385, et al., which imposed a moratorium on filing for increased rates under the subject rate schedules exceeding the applicable area increased ceiling until November 1, 1964. The proposed rate increase contained in Supplement No. 27 to Amerada's FPC Gas Rate Schedule No. 6, from 14.1 cents to 14.3733 cents per Mcf, is equal to 14.6 cents and 14.8733 cents per Mcf, respectively, when a 0.5 cent per Mcf standard differential maintained by the buyer, Texas Eastern Transmission Corporation, for gathering and dehydration is taken into consideration and is suspended as herein ordered. Although the prior rate increase to 14.1 cents per Mcf was equal to the applicable area ceiling when the 0.5 cent cost to the buyer was added, it was suspended by the Commission and is presently being collected subject to refund in Docket No. RI64-23, since Amerada's filing was not accompanied by a waiver of the right to file for the remaining increment of the periodic escalation until February 5, 1968, the due date of the next escalation.

All of the proposed increased rates and charges exceed the applicable area price levels for increased rates as set forth in the Commission's Statement of General Policy No. 61-1, as amended (18 CFR, Ch. I, Part 2, § 2.56).

[Docket No. RP65-24]

## NATURAL GAS PIPELINE COMPANY OF AMERICA

### Notice of Proposed Change in Rates and Charges

DECEMBER 7, 1964.

Take notice that on December 1, 1964, Natural Gas Pipeline Company of America (Natural) tendered for filing a proposed change in its FPC Gas Tariff, Second Revised Volume No. 1 to become effective on January 1, 1965. The proposed change reduces the rates under Natural's Rate Schedules CD-1, CD-2, PL-1, G-1, and G-2 to reflect the reduction in Federal Income Tax which will become effective on January 1, 1965.

Natural states that the proposed change in rates will reduce its revenues by approximately $1,435,000 annually. The proposed change would be effectuated by reducing the demand component of Natural's rates.

Copies of the proposed rate changes have been served by Natural upon all customers and State Commissions. Comments may be filed with the Federal Power Commission on or before December 21, 1964.

GORDON M. GRANT,
*Acting Secretary.*

[F.R. Doc. 64-12808; Filed, Dec. 11, 1964; 8:49 a.m.]

[Docket No. E-7195]

## SIERRA PACIFIC POWER CO.

### Notice of Application

DECEMBER 7, 1964.

Take notice that on December 1, 1964, an application was filed with the Federal Power Commission, pursuant to section 204 of the Federal Power Act by Sierra Pacific Power Company (Applicant), a corporation organized under the laws of the State of Maine and authorized to do business in the States of California and Nevada with its principal business office in Reno, Nevada, seeking an order authorizing the issuance of unsecured promissory notes up to $12,000,000 aggregate face value.

The unsecured promissory notes will be payable to such bank or banks from which Applicant may borrow funds up to but not exceeding $12,000,000 face amount at any one time outstanding for periods not exceeding 12 months from the date of original issue or renewal thereof, as the case may be, issued either originally or upon renewal from time to time, but such notes will have maturity dates not later than December 31, 1965. Said notes will bear interest at a rate per annum not in excess of one quarter of one percent over the prime rate in effect in New York at the time of the borrowing or the renewal or the extension of the loans as the case may be.

The proceeds from the notes will be used, pending permanent financing, to reimburse the Company for construction expenditures and, together with other cash from operations toward the carrying out of the construction program contemplated and now in progress. The Applicant represents that its construction program now in progress and contemplated for 1964 and 1965 will require approximately $26,968,500.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 21, 1964, file with the Federal Power Commission, Washington, D.C., 20426, petitions or protests in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). The application is on file and available for public inspection.

GORDON M. GRANT,
*Acting Secretary.*

[F.R. Doc. 64-12809; Filed, Dec. 11, 1964; 8:49 a.m.]

[Docket No. CP65-93]

## TENNESSEE GAS TRANSMISSION CO.

### Notice of Application

DECEMBER 7, 1964.

Take notice that on October 6, 1964, Tennessee Gas Transmission Company (Applicant), Tennessee Building, Houston, Texas, filed in Docket No. CP65-93 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the transportation of natural gas, all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to transport up to 10,000 Mcf of natural gas per day from points of interconnection with the seller, Valley Gas Transmission, Inc. (Valley) in Texas and Louisiana, to existing points of delivery to the buyer, Iroquois Gas Corporation (Iroquois) in the State of New York.

The application states that this transportation service will be rendered at the same rates and terms and conditions as the presently authorized transportation service for Iroquois (Rate Schedule T-2).

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before December 28, 1964.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter believes that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

GORDON M. GRANT,
*Acting Secretary.*

[F.R. Doc. 64-12810; Filed, Dec. 11, 1964; 8:49 a.m.]

[Docket No. CP61-123]

## TEXAS GAS TRANSMISSION CORP.

### Notice of Application

DECEMBER 7, 1964.

Take notice that on October 24, 1960, as supplemented and amended on January 4, March 15 and August 31, 1961, Texas Gas Transmission Corporation (Applicant), Owensboro, Kentucky, filed in Docket No. CP61-123 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain new facilities and the operation of certain existing facilities in order to sell and deliver an additional 50,154 Mcf per day to 41 existing customers, all as more fully set forth in the application, as amended and supplemented, on file with the Commission and open to public inspection.

Specifically, Applicant proposes to construct and operate the following facilities:

(1) Approximately 61.32 miles of 30-inch loop lines in Louisiana, Arkansas, Mississippi, Tennesee and Kentucky;

(2) Approximately 25.95 miles of 26-inch loop line in Kentucky and Louisiana;

(3) Approximately 8.28 miles of 6-inch loop line in Indiana;

(4) Approximately 22.4 miles of 20-inch and approximately 10.3 miles of 16-inch lateral supply pipeline in south Louisiana;

(5) Approximately 17.4 miles of 8-inch lateral supply pipeline in south Louisiana;

(6) One additional 2,000 horsepower compressor engine at the existing Lafayette, Louisiana, Compressor Station;

(7) An additional 2,000 horsepower compressor engine and other facilities to expand the existing West Greenville, Kentucky, Storage Field, and

(8) Five purchase meter stations in south Louisiana and one measuring station in Indiana.

Additionally, Applicant proposes to operate in interstate commerce the following existing facilities:

(1) Approximately 22.33 miles of 4 to 10-inch lateral supply pipelines in south Louisiana, and

(2) Five purchase meter stations in south Louisiana.

Applicant states that the subject proposal is for the purpose of assisting its existing customers to meet their estimated increased natural gas requirements.

The application, as amended and supplemented, shows the total estimated cost of the subject facilities to be $17,274,000, which cost will be financed by the issuance and sale of First Mortgage Pipeline Bonds and Common Stock.

On December 1, 1960, Memphis Light, Gas & Water Division filed herein a petition to intervene and on December 20, 1960, the City of Memphis, Tennessee, filed a notice of intervention in this proceeding.

This matter is one that should be disposed of as promptly as possible under

the applicable rule and regulations and to that end:

Take further notice that preliminary staff analysis has indicated that there are no problems which would warrant a recommendation that the Commission designate this application for formal hearing before an examiner and that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing may be held without further notice before the Commission on this application provided no further protest, petition to intervene or notice of intervention is filed within the time required herein. Where a further protest, petition for leave to intervene or notice of intervention is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before December 28, 1964.

GORDON M. GRANT,
*Acting Secretary.*

[Docket Nos. CP65-141, CP65-142]

## VERMONT GAS SYSTEMS, INC.

### Notice of Application

DECEMBER 7, 1964.

Take notice that on November 17, 1964, Vermont Gas Systems, Inc. (Applicant), 1026 Airport Drive, South Burlington, Vt., filed in Docket No. CP65-142 an application pursuant to section 3 of the Natural Gas Act requesting an order of the Commission authorizing Applicant to import natural gas from Canada into the United States, all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, Applicant proposes to construct and operate approximately 0.19 mile of 10.75-inch O.D. pipeline, which will connect with the facilities of Trans-Canada Pipe Lines, Limited (Trans-Canada), at the International Boundary between the United States and Canada, near Highgate Springs, Vermont. Applicant also proposes to construct and operate a peerless wick type odorizer, two 10-inch block valves, one 10-inch check valve and one 6-inch bypass valve with approximately 25 feet of 6-inch pipe, to be located in the State of Vermont near the interconnection.

The application states that the facilities will be used to receive, import and purchase from Trans-Canada an estimated 8,500 Mcf of natural gas in the third year of the proposed operation.

Applicant proposes to transport and distribute such natural gas at retail to communities and industries in Swanton, St. Albans, Burlington and other communities in Vermont.

Concurrently, Applicant filed in Docket No. CP65-141 an application for a Presidential Permit pursuant to Executive Order No. 10485 authorizing the construction, operation, maintenance and connection, at the International Boundary, of natural gas pipeline facilities to be used for the importation of natural gas from Canada into the United States.

Take further notice that protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before December 28, 1964.

GORDON M. GRANT,
*Acting Secretary.*

# FEDERAL RESERVE SYSTEM

## WORTHEN BANK & TRUST CO.

### Order Approving Merger of Banks

In the matter of the application of Worthen Bank & Trust Company for approval of merger with Bank of Arkansas.

There has come before the Board of Governors, pursuant to the Bank Merger Act of 1960 (12 U.S.C. 1828(c)), an application by Worthen Bank & Trust Company, Little Rock, Arkansas, a State member bank of the Federal Reserve System, for the Board's prior approval of the merger of that bank and Bank of Arkansas, Little Rock, Arkansas, under the charter and title of Worthen Bank & Trust Company. As an incident to the merger, the two offices of Bank of Arkansas would become branches of Worthen Bank & Trust Company. Notice of the proposed merger, in form approved by the Board, has been published pursuant to said Act.

Upon consideration of all relevant material in the light of the factors set forth in said Act, including reports furnished by the Comptroller of the Currency, the Federal Deposit Insurance Corporation, and the Department of Justice on the competitive factors involved in the proposed transaction,

*It is hereby ordered,* For the reasons set forth in the Board's Statement[1] of this date, that said application be and hereby is approved, provided that said merger shall not be consummated (a) within seven calendar days after the date of this Order, or (b) later than three months after said date.

Dated at Washington, D.C., this 7th day of December 1964.

By order of the Board of Governors.[2]

[SEAL] MERRITT SHERMAN,
*Secretary.*

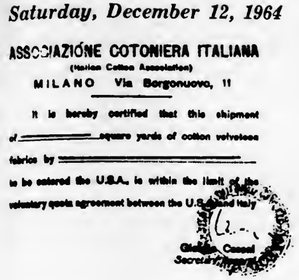
# INTERAGENCY TEXTILE ADMINISTRATIVE COMMITTEE

## IMPORTS OF COTTON TEXTILES PRODUCED OR MANUFACTURED IN ITALY

### Entry and Withdrawal From Warehouse

DECEMBER 8, 1964.



The purpose of this notice is to announce certain requirements governing entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textiles in Category 7 produced or manufactured in Italy.

Under the bilateral cotton textile agreement with Italy effected by exchange of letters on July 6, 1962, as amended by an exchange of notes dated July 29, 1964, Italy has undertaken to limit its exports to the United States of cotton velveteen in Category 7 to a designated annual level. In an exchange of letters dated August 13, 1964, and September 11, 1964, the Government of the United States and the Government of Italy have arrived at an understanding to preclude circumvention of the licensing system for exports of Italian cotton velveteen to the United States.

Effective thirty days after publication of this notice in the FEDERAL REGISTER, entry into the United States for consumption and withdrawal from warehouse for consumption of any cotton textiles in Category 7 produced or manufactured in Italy for which the Italian Cotton Association, a trade association acting as the agent of the Government of Italy, has not issued an appropriate export Visa fully described below, will be prohibited.

Such Visa is to appear on the original copy of Special Bureau of Customs Invoice Form 5515 and to consist of a stamped certification from the Italian Cotton Association signed by hand in ink by the Secretary General or the Secretary of this Association and of a dry seal, circular in form impressed over such signature.

A facsimile of the stamped certification with the seal impression and the signature of each of the two authorized officials, appears below:

Any discrepancy between the actual quantity presented and the quantity specified on the original copy of the invoice will be settled in the following manner: Whenever the actual quantity exceed the quantity specified, only the quantity specified will be admissible; whenever the actual quantity is smaller than the quantity specified, the actual quantity will be admissible but a new invoice and seal will be required for the entry of the balance of the quantity specified, except where it has been erroneously off loaded at another port in the United States.

A detailed description of Category 7 in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on October 1, 1963 (28 F.R. 10551).

Interested parties are advised to take all necessary steps to assure that cotton textiles in Category 7, produced or manufactured in Italy which are to be entered into the United States for consumption or withdrawn from warehouse for consumption will meet the above stated Visa requirements.

There is published below a letter of December 8, 1964, from the Chairman, President's Cabinet Textile Advisory Committee to the Commissioner of Customs prohibiting, effective January 11, 1965, the entry or withdrawal for consumption in the United States of cotton textiles in Category 7 produced or manufactured in Italy which do not meet the above stated Visa requirements.

THOMAS JEFF DAVIS,
*Acting Chairman, Interagency Textile Administrative Committee and Acting Deputy to the Secretary of Commerce for Textile Programs.*

---

THE SECRETARY OF COMMERCE
PRESIDENT'S CABINET TEXTILE ADVISORY COMMITTEE

*Washington 25, D.C.,* DECEMBER 8, 1964.

COMMISSIONER OF CUSTOMS
DEPARTMENT OF THE TREASURY
*Washington, D.C.*

DEAR MR. COMMISSIONER: Under the terms of the Long Term Arrangement Regarding International Trade in Cotton Textiles, done at Geneva on February 9, 1962, the bilateral cotton textile agreement between the United States and Italy of July 6, 1962, as amended, the understanding reached in an exchange of letters dated August 13, 1964 and September 11, 1964, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, you are directed to prohibit, effective January 11, 1965, and until further notice, entry into the United States for consumption, and withdrawal from warehouse for consumption, of cotton textiles in Category 7 produced or manufactured in Italy, for which the Italian Cotton Association, a trade association acting as the agent of the Government of Italy, has not issued an appropriate export Visa fully described below.

Such Visa is to appear on the original copy of Special Customs Invoice Form 5515 and will consist of a stamped certification from the Italian Cotton Association signed by hand in ink by the Secretary General or the Secretary of this Association and of a dry seal, circular in form impressed over such signature.

A facsimile of the stamped certification with the seal impression and the signature of each of the two authorized officials is enclosed for your information.

A detailed description of Category 7 in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on October 1, 1963 (28 F.R. 10551).

In carrying out the above directions entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Italy and with respect to imports of cotton textile products from Italy have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of section 4 of the Administrative Procedure Act. This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

LUTHER H. HODGES,
*Secretary of Commerce, and Chairman, President's Cabinet Textile Advisory Committee.*

Enclosure.

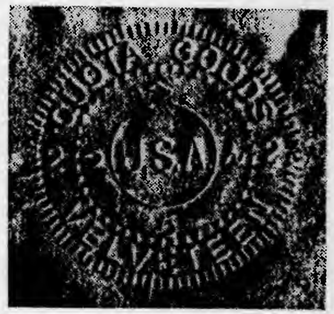
## IMPORTS OF COTTON TEXTILES PRODUCED OR MANUFACTURED IN JAPAN

### Entry and Withdrawal From Warehouse

DECEMBER 8, 1964.

The purpose of this notice is to announce certain requirements governing entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textiles in Category 7 produced or manufactured in Japan.



Under the bilateral cotton textile agreement with Japan effected by exchange of letters on August 27, 1963 (TIAS 5408), Japan has undertaken to limit its exports of cotton textiles to the United States to certain designated annual levels. In an exchange of letters dated November 13, 1964, the Government of the United States and the Government of Japan have arrived at an understanding to preclude circumvention of the licensing system for exports of Japanese cotton velveteen in Category 7 to the United States.

Effective thirty days after publication of this notice in the FEDERAL REGISTER, entry into the United States for consumption and withdrawal from warehouse for consumption of any cotton textiles in Category 7 produced or manufactured in Japan for which the Japan Cotton Textile Exporters Association, a trade association authorized by the Government of Japan, has not issued an appropriate export Visa fully described below, will be prohibited.

Such Visa is to consist of a dry seal circular in form impressed on the original copy of Special Bureau of Customs Invoice Form 5515.

Facsimiles of two seals appear below. The seal appearing under the heading: "Seal for 1964," will be required for all shipments of cotton velveteen in Category 7 exported from Japan on or prior to December 31, 1964, and the seal appearing under the heading "Seal for 1965," will be required for goods in the same category when exported from Japan on or after January 1, 1965.

SEAL FOR 1964

SEAL FOR 1965

Any discrepancy between the actual quantity presented and the quantity specified on the original copy of the invoice will be settled in the following manner: Whenever the actual quantity exceeds the quantity specified, only the quantity specified will be admissible; whenever the actual quantity is smaller than the quantity specified, the actual quantity will be admissible, but a new invoice and seal will be required for the entry of the balance of the quantity specified, except where it has been erroneously off loaded at another port in the United States.

A detailed description of Category 7 in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on October 1, 1963 (28 F.R. 10551).

Interested parties are advised to take all necessary steps to assure that cotton textiles in Category 7, produced or manufactured in Japan which are to be entered into the United States for consumption or withdrawn from warehouse for consumption will meet the above stated Visa requirements.

There is published below a letter of December 8, 1964, from the Chairman, President's Cabinet Textile Advisory Committee to the Commissioner of Customs, prohibiting effective January 11, 1965, the entry or withdrawal for consumption in the United States of cotton textiles in Category 7 produced or manufactured in Japan which do not meet the above stated Visa requirements.

THOMAS JEFF DAVIS,
*Acting Chairman, Interagency Textile Administrative Committee and Acting Deputy to the Secretary of Commerce for Textile Programs.*

THE SECRETARY OF COMMERCE

PRESIDENT'S CABINET TEXTILE ADVISORY COMMITTEE

*Washington 25, D.C.*, DECEMBER 8, 1964.

COMMISSIONER OF CUSTOMS
DEPARTMENT OF THE TREASURY
*Washington, D.C.*

DEAR MR. COMMISSIONER: Under the terms of the Long Term Arrangement Regarding International Trade in Cotton Textiles, done at Geneva on February 9, 1962, the bilateral cotton textile agreement between the United States and Japan concluded on August 27, 1963, the understanding reached in an exchange of letters dated November 13, 1964, and in accordance with the procedures outlined in Executive Order 11052 of September 28, 1962, you are directed to prohibit, effective January 11, 1965, and until further notice, entry into the United States for consumption, and withdrawal from warehouse for consumption, of cotton textiles in Category 7 produced or manufactured in Japan for which the Japan Cotton Textile Exporters Association, a trade association authorized by the Government of Japan, has not issued an appropriate export Visa, fully described below.

Such Visa is to consist of a dry seal, circular in form, impressed on the original copy of Special Customs Invoice Form 5515. Facsimiles of two seals are enclosed for your information. The seal labelled: "Seal for 1964," will be required for the entry or withdrawal from warehouse for consumption of cotton textiles in Category 7 exported from Japan on or prior to December 31, 1964, and the seal labelled: "Seal for 1965," will be required for goods in the same category when exported from Japan on or after January 1, 1965.

A detailed description of Category 7 in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on October 1, 1963 (28 F.R. 10551).

In carrying out the above directions entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Japan and with respect to imports of cotton textile products from Japan have been determined by the President's Cabinet Textile Advisory Committee to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the notice provisions of section 4 of the Administrative Procedure Act. This letter will be published in the FEDERAL REGISTER.

Sincerely yours,

LUTHER H. HODGES,
*Secretary of Commerce, and Chairman, President's Cabinet Textile Advisory Committee.*

# SECURITIES AND EXCHANGE COMMISSION

[File No. 811-1247]

## BEVERAGE FUND, INC.

### Notice of Application for Order Declaring That Company Has Ceased To Be Investment Company

DECEMBER 4, 1964.

Notice is hereby given that an application has been filed pursuant to section 8(f) of the Investment Company Act of 1940 ("Act") for an order of the Commission declaring that Beverage Fund, Inc. ("applicant"), 2216 North Charles Street, Baltimore 18, Maryland, a Maryland corporation and a management closed-end, non-diversified investment company registered under the Act, has ceased to be an investment company. All interested persons are referred to the application on file with the Commission for a full statement of the representations therein which are summarized below.

Applicant filed its Notification of Registration on Form N-8A pursuant to section 8(a) of the Act on February 14, 1964. On February 17, 1964, a registration statement was filed with this Commission under the Securities Act of 1933, with respect to the public offering of 1,500,000 shares of applicant's common stock. Applicant has decided not to proceed with the public offering, and on October 6, 1964, the Commission granted applicant's request to withdraw its registration statement under the Securities Act of 1933.

Applicant states that its only outstanding securities consist of 10,000 shares of 5 percent cumulative preferred stock and 11,000 shares of common stock; that all of its outstanding securities are owned by Alleghany Pepsi-Cola Bottling Company ("Bottling Company"); that Bottling Company is primarily engaged directly in the business of manufacturing and distributing carbonated beverages; and, consequently, that applicant is not an investment company pursuant to the Act.

Applicant also states that it plans to be dissolved by early 1965 and, in that connection, to transfer to Bottling Company Applicant's assets which presently consist of $14,482 of cash and 8,000 shares of common stock of DWG Cigar Corporation.

Notice is further given that any interested person may, not later than December 21, 1964, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request and the issues of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Securities and Exchange Commission, Secretary, Securities and Exchange Commission, Washington, D.C., 20549. A copy of such request shall be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the address stated above. Proof of such service (by affidavit or in case of an attorney at law by certificate) shall be filed contemporaneously with the request. At any time after said date, as provided by Rule O-5 of the rules and regulations promulgated under the Act, an order disposing of the application herein may be issued by the Commission upon the basis of the information stated in said application, unless an order for hearing upon said application shall be issued upon request or upon the Commission's own motion.

For the Commission (pursuant to delegated authority).

[SEAL] NELLYE A. THORSEN,
*Assistant Secretary.*

## MOTOR CARRIER TRANSFER PROCEEDINGS

DECEMBER 9, 1964.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC 67188. By order of December 4, 1964, the Transfer Board approved the transfer to Landstrom Trucking, Inc., Seattle, Wash., of the operating rights in Certificate No. MC 17403, issued September 29, 1950, to Emil Landstrom and Clifford Landstrom, a partnership, doing business as Landstrom Trucking Co., Tacoma, Wash., authorizing the transportation, over regular routes, of: Wool and agricultural commodities, from Yakima, Wash., to Tacoma, Wash., and Portland, Oreg. George E. Kargianis, 609 North Building, Seattle, Wash., 98104, attorney for applicants.

No. MC-FC 67305. By order of December 7, 1964, the Transfer Board approved the transfer to Schilli Transportation, Inc., St. Louis, Mo., of the Permits in Nos. MC 117509 Sub-2, MC 117509 Sub-4, MC 117509 Sub-5, MC 117509 Sub-7, and MC 117509 Sub-10, issued July 13, 1964, October 13, 1960, September 13, 1961, November 19, 1962 and February 24, 1964, respectively, to Ben R. Schilli, doing business as Schilli Transportation, St. Louis, Mo., authorizing the transportation of: Class A and B explosives, from the site of the U.S. Powder Co., near Ordill, Ill., to points in Arkansas, Indiana, Iowa, Kentucky, Ohio, and Tennessee, and those specified in Kansas and Missouri; dry ammonium nitrate, blasting materials, and nitro-carbo-nitrate, from the site of the U.S. Powder Co., to points in Arkansas, Indiana, Iowa, Kansas, Kentucky, Missouri, Ohio, and Tennessee; manufactured dry fertilizers, from the site of the Monsanto Chemical Co., at Ordill, Ill., to points in Arkansas, Indiana, Iowa, Kansas, Kentucky, Michigan, Missouri, Ohio, Tennessee, and Wisconsin, and from the site of the Spencer Chemical Co., at Marion, Ill., to points in Arkansas, Indiana, Iowa, Kansas, Kentucky, Michigan, Missouri, Ohio, Tennessee, and Wisconsin; empty shipper-owned vehicles, from points in Arkansas, Indiana, Iowa, Kansas, Kentucky, Michigan, Missouri, Ohio, Tennessee, and Wisconsin, to Marion, Ill., and from the above-named points except those in Michigan, to Ordill, Ill.; manufactured dry fertilizers, from Cairo, and Mounds, Ill., to points in Arkansas, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Ohio, Tennessee, and Wisconsin; ammonium nitrate, in bulk and in bags, from Ordill, Ill., and points within 5 miles thereof, to points in Arkansas, Illinois, Indiana, Kentucky, Missouri, Ohio, and Tennessee. Thomas F. Kilroy, 1815 H Street NW., Washington 6, D.C., attorney for applicants.

No. MC-FC 67346. By order of December 4, 1964, the Transfer Board approved the transfer to American Indianhead Express, Inc., Bronx, N.Y., of the operating rights in Certificate No. MC 35388, issued April 23, 1957, to Stokes Durant, doing business as Durant & Sons, Brooklyn, N.Y., authorizing the transportation, over irregular routes, of household goods, as defined by the Commission, between New York, N.Y., and points in Connecticut, Massachusetts, New Jersey, New York, Pennsylvania, Rhode Island, Delaware, Maryland, and the District of Columbia, in radial movements. Arthur J. Piken, 160 Jamaica Avenue, Jamaica 32, N.Y., attorney for applicants.

No. MC-FC 67360. By order of December 4, 1964, the Transfer Board approved the transfer to I. Kendall Gibbs and Adele R. Gibbs, Dover, Delaware, of the operating rights in Certificates Nos.

MC 94180 Sub-1, MC 94180 Sub-7 and MC 94180 Sub-9, issued May 15, 1952, December 27, 1960, and January 17, 1964, respectively, to Mathews Charter Service, Inc., Cambridge, Md., authorizing the transportation of: Passengers and their baggage, between Salisbury, and Waterview, Md., and Salisbury, Md., and a specified highway junction in Maryland, over a regular route, and passengers and their baggage, in charter operations, beginning and ending at Cambridge, Md., and points within 25 miles, and points in Caroline County, Md., and extending to points in Delaware, New Jersey, New York, Pennsylvania, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, and the District of Columbia. Ernest V. Keith, City Plaza and State Street, Dover, Del., attorney for applicants.

No. MC–FC 67374. By order of December 4, 1964, the Transfer Board approved the transfer to Roger Dunwiddie, doing business as Dunwiddie Trucking, Juda, Wis., of Certificates Nos. MC 94814 and MC 94814 Sub-3, issued July 20, 1956 and May 8, 1957, in the name of Robert O. Mohns, doing business as Robert O. Mohns Trucking, Juda, Wis., authorizing the transportation over irregular routes, of livestock, between points in Green County, Wis., on the one hand, and, on the other, Chicago, Ill.; and between points in Stephenson County, Ill., on the one hand, and, on the other, Cudahy, Wis.; household goods, between points in Green County, Wis., on the one hand, and, on the other, points in Illinois within 45 miles of Juda, Wis.; fertilizer, from Streator, Ill., to points in Rock, Green, Lafayette, Dane, Jefferson, Dodge, Columbia, Walworth, Sauk, Iowa, Grant, and Crawford Counties, Wis.; and from Hartsdale, Ind., to points in Columbia, Crawford, Dane, Dodge, Grant, Green, Jefferson, Iowa, Lafayette, and Sauk Counties, Wis.; damaged or deteriorated shipments of fertilizer, from the above named Counties to Streator, Ill., and Hartsdale, Ind.; and tankage, meat scraps, and bone meal, from Dubuque, Iowa, to points in Dane, Green, Jefferson, Lafayette, Iowa, Rock, and Walworth Counties, Wis. John L. Bruemner, 121 West Doty Street, Madison, Wis., 53703, attorney for applicants.

No. MC–FC 67381. By order of December 4, 1964, the Transfer Board approved the transfer to Raynond B. Long, Inc., Tylersport, Pa., of the operating rights in Certificates Nos. MC 103721 Sub-2 and MC 103721 Sub-10, issued September 5, 1958, and June 6, 1962, respectively, to Orville Sickels Trucking, Inc., Palmerton, Pa., authorizing the transportation, over irregular routes of: Coal, from specified points in Pennsylvania to designated points in New York and New Jersey. Morris J. Winokur, 1920 2 Penn Center Plaza, Philadelphia, Pa., 19102, attorney for applicants.

No. MC–FC 67384. By order of December 4, 1964, the Transfer Board approved the transfer to Melvin Bates and Norris Bates, a partnership, doing business as Bates and Bates, Philadelphia, Pa., of the operating rights in Certificate No. MC 35704, issued June 18, 1941, to Israel Lertzman, Philadelphia, Pa., authorizing the transportation, over irregular routes of: Household goods, and shoes and dry goods, between specified points in Pennsylvania, Delaware, New York, and New Jersey, in radial movements. John H. Derby, 2122 Cross Road, Glenside, Pa., 19038, practitioner for applicants.

No. MC–FC 67385. By order of December 4, 1964, the Transfer Board approved the transfer to H. P. Wesley, Inc., Phillipsburg, N.J., of the operating rights in Certificates Nos. MC 65993 and MC 65993 Sub-4, both issued March 25, 1958, to H. P. Wesley, Phillipsburg, N.J., authorizing the transportation, over irregular routes of: Household goods, new furniture, and various commodities of a general commodity nature, between named points and specified portions of Pennsylvania and New Jersey. Robert E. Frederick, 120 South Main Street, Phillipsburg, N.J., attorney for applicants.

[Notice 8]

## FINANCE APPLICATIONS

DECEMBER 10, 1964.

The following publications are governed by the Interstate Commerce Commission's general requirements governing notice of filing of applications under sections 20a except (12) and 214 of the Interstate Commerce Act. The Commission's order of May 20, 1964, providing for such publication of notice, was published in the FEDERAL REGISTER issue of July 31, 1964 (29 F.R. 11126) and became effective October 1, 1964.

All hearings and prehearing conferences, if any, will be called at 9:30 a.m., U.S. standard time unless otherwise specified.

F.D. No. 23412—By application filed December 10, 1964, Bi-State Development Agency of the Missouri-Illinois Metropolitan District, 818 Olive St., St. Louis, Mo., 63101, seeks authority to issue not exceeding $1,100,000 in par value of Series A–4¼ percent Airport Revenue Bonds and not exceeding $600,000 in par value of Series B–5 percent Revenue Bonds. Applicant's attorney: Thomas J. Guilfoil, Esq., Guilfoil, Caruthers, Symington, Montrey & Petzall, 818 Olive St., St. Louis, Mo., 63101. Due to the urgency in the matter resulting from the impending expiration of the options covering the land to be acquired, protests must be filed no later than 7 days from date of publication in the FEDERAL REGISTER.

By the Commission.

[SEAL] HAROLD D. McCOY, *Secretary.*

# Codification Guide

**The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, appears at the end of each issue beginning with the second issue of the month.**

**A cumulative guide is published separately at the end of each month. The guide lists the parts and sections affected by documents published since January 1, 1964, and specifies how they are affected.**

**Announcing a New Statutory Citations Guide**

**HOW TO FIND U.S. STATUTES and U.S. CODE CITATIONS**

This pamphlet contains typical legal reference situations which require further citing. Official published volumes in which the citations may be found are shown alongside each reference—with suggestions as to the logical sequence to follow in using them to make the search. Additional finding aids, some especially useful in citing current material, also have been included. Examples are furnished at pertinent points and a list of reference titles, with descriptions, is carried at the end.

**Price: 10 cents**

Compiled by: Office of the Federal Register, National Archives and Records Service, General Services Administration

[Published by the Committee on the Judiciary, House of Representatives]

Order from: Superintendent of Documents, Government Printing Office, Washington, D.C., 20402

**FEDERAL REGISTER**

Area Code 202 Phone 963-3261

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration (mail address National Archives Building, Washington, D.C. 20408), pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

AUTHORITY: The provisions of this Part 213 issued under R.S. 1753, sec. 2, 22 Stat. 403, as amended; 5 U.S.C. 631, 633, E.O. 10577, 19 F.R. 7521, 3 CFR, 1954–1958 Comp.

### Subpart A—General Provisions

**§ 213.101 Definitions.**

In this part and elsewhere in this chapter:

(a) "Excepted service" means "unclassified service," "unclassified civil service," and "positions outside the competitive civil service," as used in statutes and Executive orders, and includes all positions in the executive branch of the Federal Government which are specifically excepted from the competitive service by or pursuant to statute, by the President, or by the Commission under § 6.1, Subchapter A, of the Civil Service Rules.

(b) "Excepted position" means a position in the excepted service.

**§ 213.102 Identification of positions in Schedules A, B, or C.**

The Commission shall decide whether the duties of any particular position are such that it may be filled as an excepted position under Schedule A, B, or C.

### Subpart B—[Reserved]

### Subpart C—Excepted Schedules

SCHEDULE A

**§ 213.3101 Positions other than those of a confidential or policy-determining character for which it is not practicable to examine.**

(a) The positions enumerated in §§ 213.3102 to 213.3199 are positions other than those of a confidential or policy-determining character for which it is not practicable to examine and which are

excepted from the competitive service and constitute Schedule A.

(b) An agency (including a military department) may not appoint the son, daughter, brother, or sister of the appointing officer to a position under this schedule. This restriction may be waived in the Commission's discretion where the agency shows that the appointment would not result in favoritism.

(c) Appointments under this schedule may not extend beyond 1 year, and the employment thereunder shall not exceed 180 working days a year. Seasonal employments of a recurring nature are not authorized under this schedule.

(d) Persons appointed under this schedule (1) shall be students enrolled in a curriculum of a school which is accepted by an agency for employment in the position to be filled when such curriculum requires alternate periods of attendance at school and of employment in a Federal agency; (2) shall be students who have been selected for appointment to the next class to enter a school which requires alternate periods of attendance at school and of employment in a Federal agency; or (3) shall be students who have been admitted for enrollment in a school which requires alternate periods of attendance at school and of employment in a Federal agency, and who are to be employed before the school term begins.

(e) Persons appointed under this schedule shall be students who are pursuing courses related to the field in which employed; or (2) bona fide high school science and mathematics teachers. No person shall be employed under this pro-

(b) *Bureau of Intelligence and Research.* (1) Not to exceed 35 professional and technical positions.

and any other authority for excepted appointment that may be appropriate. This authority is not appropriate for job

initially employed under the program including those who have acquired United States citizenship during such employ-

excepted from the competitive service and constitute Schedule A.

(b) An agency (including a military department) may not appoint the son or daughter of a civilian employee of that agency, or the son or daughter of a member of its uniformed service, to a position listed in Schedule A for part-time, seasonal, intermittent, or other temporary employment within the United States, between May 1, 1964, and September 30, 1964.

**§ 213.3102 Entire executive civil service.**

(a) Positions of Chaplain and Chaplain's Assistant.

(b) Cooks, except at fixed locations such as hospitals, quarantine stations, and penal institutions.

(c) Positions to which appointments are made by the President without confirmation by the Senate.

(d) Attorneys.

(e) Law clerk trainee positions. Appointments under this paragraph shall be confined to graduates of recognized law schools or persons having equivalent experience and shall be for periods not to exceed 14 months pending admission to the bar. No person shall be given more than one appointment under this paragraph. However, an appointment which was initially made for less than 14 months may be extended for not to exceed 14 months in total duration.

(f) Chinese, Japanese, and Hindu interpreters.

(g) Any position the duties of which are part-time or intermittent in which the appointee will receive compensation during his service year that aggregates not more than 40 percent of the annual salary rate for the first step of GS–3. This limitation on compensation includes any premium pay such as for overtime, night, Sunday, or holiday work. It does not, however, include any mandatory within-grade salary increases to which the employee becomes entitled subsequent to appointment under this authority. Appointments under this authority shall not be for job employment. In the metropolitan area of Washington, D.C., appointments under this authority shall be subject to the prior approval of the Commission.

(h) Subject to prior approval by the Commission, positions in Federal mental institutions when filled by persons who have been patients of such institutions and been discharged and are certified by the medical head thereof as recovered sufficiently to be regularly employed but it is believed desirable and in the interest of the persons and the institution that they be employed at the institution.

(i) Subject to prior approval of the Commission, positions requiring temporary, part-time, or intermittent employment in wage board type occupations (i.e., positions excluded from Classification Act coverage by section 202(7) of the Act) on construction or repair work, where the activity is carried on in localities where examination coverage for the positions has not been provided and where because of employment conditions there is a shortage of available candidates for the positions. Appointments under this paragraph shall not extend beyond 1 year, and the employment thereunder shall not exceed 180 working days a year. Seasonal employments of a recurring nature are not authorized under this paragraph.

(j) Any position directly concerned with the protection of the life and safety of the President and members of his immediate family, the President-elect, the Vice President or other officer next in the order of succession to the Office of President, and the Vice President-elect.

(k) Positions without compensation provided appointments thereto meet the requirements of applicable laws relating to compensation.

(l) Positions requiring the temporary or intermittent employment of professional, scientific, or technical experts for consultation purposes.

(m) Nonsupervisory positions of custodial laborer (levels 1, 2, and 3) and general laborer (levels 2 and 3) in field establishments outside central office and regional office cities of the Commission where examination coverage has not been provided for the positions, as follows:

(1) For temporary, intermittent, or seasonal employment (exclusive of positions covered by paragraph (i) of this section) not to exceed 180 working days a year in the Departments of Agriculture, Commerce, and Interior, in the Federal Aviation Agency, and in the International Boundary and Water Commission; or

(2) When it is specifically held by the Commission that this authority is applicable, for employment in localities that are isolated with respect to labor supply and where there is a shortage of available candidates for the positions.

(n) Any local physician, surgeon, or dentist employed under contract or on a part-time or fee basis when, in the opinion of the Commission, appointment through competitive examination is impracticable.

(o) Positions of a scientific, professional, or analytical nature when filled by bona fide members of the faculty of an accredited college or university who have special qualifications for the positions to which appointed. Employments under this provision shall not exceed 130 working days a year.

(p) Positions of a scientific, professional, or analytical nature when filled by bona fide graduate students at accredited colleges or universities provided that the work performed for the agency is to be used by the student as a basis for completing certain academic requirements toward a graduate degree. Employments under this provision may be continued only so long as the foregoing conditions are met, and the total period of such employment shall not exceed one year in any individual case: *Provided*, That such employment may, with the approval of the Commission, be extended for not to exceed an additional year.

(q) Temporary or intermittent positions at GS–7 and below when the appointees are to assist scientific, professional, or technical employees. Persons employed under this provision shall be (1) bona fide students at high schools or accredited colleges or universities pursuing courses related to the field in which employed; or (2) bona fide high school science and mathematics teachers. No person shall be employed under this provision: (i) in a position of a routine clerical type; or (ii) in excess of 130 working days a year; or (iii) at a compensation during a period of a year that aggregates for positions at GS–4 and below more than 40 percent of the annual salary for the first step of GS–3, and for positions at GS–5, 6, or 7 more than 33⅓ percent of the annual salary for the first step of the grade at which the position is classified. The grade level at which the person enters on duty determines the pay limitation applicable to him throughout his service year. These limitations on compensation include any premium pay such as for overtime, night, Sunday, or holiday work. They do not, however, include any mandatory within-grade salary increase to which the employee becomes entitled subsequent to appointment under this authority.

(r) All positions of a project nature when filled by individuals the salaries for whom are paid out of funds allocated by the President under authority of Public Law 87–658, approved September 14, 1962, the Public Works Acceleration Act. Employment under this authority shall be for a temporary period not to exceed one year.

(s) [Reserved]

(t) Not to exceed September 30, 1965 and subject to prior approval of the Civil Service Commission, positions when filled by mentally retarded persons in accordance with written agreements executed between an agency and the Civil Service Commission. Provisions to be included in such agreements are specified in the Federal Personnel Manual.

(u) Until June 30, 1965, and for not more than 100 positions and subject to prior approval of the Commissioners, a position when filled by a severely handicapped person who, under temporary appointment, has demonstrated his ability to perform satisfactorily the duties of the position.

**§ 213.3103 Executive Office of the President.**

(a) *Office of Science and Technology.* (1) All professional positions on the Staff of the Office.

**§ 213.3104 Department of State.**

(a) *Office of the Secretary.* (1) Six Physical Science Administration Officers at GS–14 and above in the Office of International Scientific Affairs.

(2) Six positions of Member of the Executive Secretariat.

(3) Chief, Reports and Operations Staff, Executive Secretariat.

(4) Four Assistants to the Executive Secretary, Executive Secretariat.

(5) Executive Officer, Executive Secretariat.

(6) Chief, Correspondence Review Staff, Executive Secretariat.

(7) Not to exceed January 1, 1966, not more than five Protocol Officers, grades GS–5 to –13 in the Office of Protocol; and not more than ten Representational Services Officers, grades GS–5 to –15 in the Office of Special Representational Services.

(b) *Bureau of Intelligence and Research.* (1) Not to exceed 35 professional and technical positions.

(2) Two professional positions in the Division of Intelligence Acquisition and Distribution.

(c) *International Boundary and Water Commission, United States and Mexico.* (1) Gage readers employed part time or intermittently at isolated localities when, in the opinion of the Commission, appointment through competitive examination is impracticable.

(2) Not to exceed 19 Realty Officers, Appraisers, Negotiators, Specialists and Assistants, GS–5 through 14. Not to exceed five Interviewers (Interpreter), GS–5 through 11. Appointment under this authority may not extend beyond four years from the date of authorization of the Chamizal Project.

(3) Not to exceed three Administrative Assistants GS–7 through 11. Appointments under this authority may not extend beyond four years from the date of authorization of the Chamizal Project.

(d) *International Boundary Commission, United States and Canada.* (1) Temporary and intermittent field employees such as instrumentmen, foremen, recorders, packers, cooks, and axemen, for not to exceed 130 working days or 6 months within any 1 calendar year.

(e) *Office of the Assistant Secretary for Public Affairs.* (1) Chief, Public Studies Division.

(2) Chief, Public Services Division.

(3) Chief, Historical Division.

(4) One Special Assistant to the Chief, News Division.

(5) One Special Assistant to the Deputy Assistant Secretary (Domestic Affairs).

(f) *Bureau of International Organization Affairs.* (1) One Special Assistant to the Assistant Secretary.

**§ 213.3105 Treasury Department.**

(a) *Bureau of Narcotics.* (1) Fifty positions of Narcotic Agent for undercover work.

(b) *Bureau of Customs.* (1) Positions in foreign countries designated as "interpreter-translator" and "special employees," when filled by appointment of persons who are not citizens of the United States; and positions in foreign countries of messenger and janitor.

(2) The positions of Collector of Customs at Puerto Rico and the Virgin Islands.

(3) Part-time, intermittent, or temporary Customs Inspectors, Deputy Collectors, and Deputy Collectors in Charge in Alaska at a salary rate not in excess of GS–8, for not to exceed 130 working days a year.

(4) Positions of day "pickup" laborers whose assignments are to intermittent duties of short duration that must be performed without delay in field establishments where hiring of "pickup" laborers is authorized by the Bureau of Customs headquarters. Persons appointed under this authority may not be employed in this kind of work in the Bureau of Customs for more than 180 working days a year under this authority or under a combination of this authority and any other authority for excepted appointment that may be appropriate. This authority is not appropriate for job employment.

(5) Positions at the GS–9 grade level and below of customs enforcement officer, customs inspector, customs marine clerk/officer, customs sampler, customs warehouse officer, deputy collector, interpreter, janitor, and laborer that are of a continuing nature, and the duties of which are intermittent or part-time and require the services of an employee for not more than 700 hours of employment during his service year. A person appointed under this authority may not be employed in the Bureau of Customs under a combination of this authority and any other authority for excepted appointment for more than 700 hours during his service year.

(6) Twenty-five positions of Criminal Investigator for special assignments.

(c) *Coast Guard.* (1) Lamplighters.

(2) Professors, Associate Professors, Assistant Professors, Instructors, one Principal Librarian, and one Cadet Hostess at the Coast Guard Academy, New London, Connecticut.

(d) *United States Savings Bonds Division.* (1) Positions of State Director and Deputy State Director, and Regional Director and Assistant Regional Director.

(e) *Internal Revenue Service.* (1) Fifty positions of investigator for special assignments.

**§ 213.3106 Department of Defense.**

(a) *Office of the Secretary.* (1) Five Special Advisors in the immediate office of the Secretary or Deputy Secretary with responsibility for studies and recommendations in broad program areas. These positions have advisory rather than operating duties, except as operating or administrative responsibility may be exercised in connection with pilot studies.

(2) Positions assigned exclusively to Communications Intelligence Activities.

(3) Positions assigned to or in support of special classified training activities.

(4) Three Staff Assistants.

(5) Not to exceed January 1, 1966, 8 positions of Regional Director in the Office of the Assistant Secretary of Defense (Civil Defense).

(b) *Entire Department (including the Office of the Secretary of Defense and the Departments of the Army, Navy, and Air Force).* (1) Professional positions in Military Dependent School Systems overseas.

(2) Positions in Attache Systems overseas, including positions in the Naval Research Branch Office in London.

(3) Positions of clerk-translator, translator, and interpreter overseas.

(4) Positions of Educational Specialist the incumbents of which will serve as Director of Religious Education on the Staffs of the Chaplains in the military services.

(5) Positions under the program for utilization of alien scientists approved under pertinent directives administered by the Director of Defense Research and Engineering of the Department of Defense when occupied by alien scientists initially employed under the program including those who have acquired United States citizenship during such employment.

(6) Until December 31, 1966, not to exceed 75 positions to be filled by foreign nationals designated by the Department as eligible for resettlement assistance.

(c) *Interdepartmental Activities.* (1) Positions in support of National Security Programs and Space Council Activities.

(d) *General.* (1) Positions the duties of which are of a quasi-military nature and involve the security of secret or confidential matter when, in the opinion of the Commission, appointment through competitive examination is impracticable.

**§ 213.3107 Department of the Army.**

(a) *General.* (1) Positions the duties of which are of a quasi-military nature and involve the security of secret or confidential matter when, in the opinion of the Commission, appointment through competitive examination is impracticable.

(2) Unskilled laborers and munitions handlers engaged in handling Ordnance materiel, including ammunition, where temporary or intermittent employment is necessary.

(3) Student occupational therapist positions in Army hospitals. Appointments to these positions will not extend beyond the training period applicable to each individual case, which is a minimum of 3 months' training and a maximum of 12 months' training, depending upon the individual's previous clinical training.

(4) [Reserved]

(5) Positions assigned exclusively to Army Communications Intelligence Activities.

(6) Trainee student medical technologist (intern) positions at the Rodriquez Army Hospital, Fort Brooke, Puerto Rico. Appointments to these positions will not extend beyond the training period applicable to each individual case, depending upon the individual's previous clinical training. Employment under this provision may not exceed 1 year in any individual case: *Provided*, That such employment may, with the approval of the Commission, be extended for not to exceed an additional year. This authority shall be applied only to positions whose compensation is fixed in accordance with the provisions of section 3 of Public Law 80–330.

(b) *Transportation Corps.* (1) Longshoremen and stevedores employed at ports of embarkation in the United States; and all positions on vessels operated by the Transportation Corps.

(c) *Corps of Engineers.* (1) Land appraisers employed on a temporary basis for a period not to exceed 1 year on special projects where knowledge of local values or conditions or other specialized qualifications not possessed by appraisers regularly employed by the Corps of Engineers are required for successful results.

(2) Nonsupervisory positions of custodial laborer (levels 1, 2, and 3) and general laborer (levels 2 and 3) on survey,

construction, short-term maintenance, or floating-plant operations, where because of turnover, lack of housing facilities, mobility of work site, or remoteness of personnel servicing facilities, an adequate labor force can be recruited only by immediate gate hiring on a local basis. This authority can be used only when the Commission has determined that it is specifically applicable to a given situation; ordinarily, it will not be used for employment in Civil Service central office, regional, and branch office cities or in cities where there is a local Board of U.S. Civil Service Examiners to service the employing establishment.

(3) Positions of Academic Director, Department Head, and Instructor at the U.S. Military Academy Preparatory School, Fort Belvoir, Virgina.

(d) *U.S. Military Academy, West Point, New York.* (1) Civilian professors, instructors, teachers (except teachers at the Children's School), hostesses, chapel organist and choirmaster, librarian when filled by an officer of the Regular Army retired from active service, and military secretary to the Superintendent when filled by a Military Academy graduate retired as a regular commissioned officer for disability.

(e) *National War College, Washington, D.C.* (1) Civilian directors of studies for employment of not to exceed 1 year: *Provided*, That such employment may, with the prior approval of the Commission, be extended for not to exceed 1 additional year.

(f) *Joint Brazil-United States Defense Commission.* (1) One position of clerk-stenographer-translator or civilian aide requiring a knowledge of English, Portuguese, and Spanish.

(g) *Defense Language Institute.* (1) Language instructor positions and professional positions at the West Coast Branch whose duties require supervising the language instructors or developing and evaluating instructional material and methods directly related to the teaching of foreign languages.

(2) Typists of foreign language material at the West Coast Branch whose duties require them to make corrections in grammar and spelling of the material typed.

(3) Professors, instructors, and teachers at the East Coast Branch.

(4) Foreign language instructor positions at local Army language training facilities established pursuant to the Defense Language Program.

(h) *Army War College, Carlisle Barracks, Pennsylvania.* (1) One position of Educational Specialist for employment of not to exceed 1 year: *Provided*, That such employment may, with the prior approval of the Commission, be extended for not to exceed 1 additional year.

(i) *Chemical Corps.* (1) Scientific and professional research associate positions at the Army Biological Warfare Laboratories, Fort Detrick, Maryland, when filled on a temporary or intermittent basis by persons having a doctoral degree in the biophysical or biological sciences or related fields of study, for research activities of mutual interest to the appointee and the Laboratories. Total employment under this provision may not exceed five positions at any one time. Employment under this provision shall not exceed 1 year in any individual case: *Provided*, That such employment may, with the approval of the Commission, be extended for not to exceed an additional year.

**§ 213.3108 Department of the Navy.**

(a) *General.* (1) Intelligence and Counter Intelligence positions assigned exclusively to Naval Intelligence Activities and positions assigned to Naval Security Group Activities/Functions.

(2) [Reserved]

(3) Two positions of teachers in indigenous schools at Chichi Jima, Bonin-Volcano Islands.

(4) Not to exceed 50 positions of Resident-in-Training at U.S. Naval hospitals which have residency training programs, when filled by residents assigned as affiliates for part of their training from non-Federal hospitals. Assignments to these positions shall be on a temporary (full-time or part-time) or intermittent basis, shall not amount to more than 6 months for any person, and shall be only to positions excepted from the Classification Act under the provisions of Public Law 330 of the 80th Congress.

(5) One Staff Assistant to the Naval Aide to the President.

(6) Until June 30, 1967, not to exceed 16 positions when occupied by U.S. citizens who were serving under excepted or overseas limited appointment at the Naval Base at Guantanamo Bay, Cuba, during October 1962.

(b) *United States Naval Academy.* (1) Professors, instructors, and teachers in the United States Naval Academy, the United States Naval Postgraduate School, and the Naval War College; and the librarian, organist-choirmaster, registrar, the Dean of Admissions at the United States Naval Academy, and social counselors.

(c) *United States Naval Home.* (1) Positions of Orderly when filled by the appointment of beneficiaries of the Home.

(d) *Military Sea Transportation Service.* (1) All positions on vessels operated by the Military Sea Transportation Service.

(e) *U.S. Naval Research Laboratory, Washington, D.C.; U.S. Navy Electronics Laboratory, San Diego, California; U.S. Naval Ordnance Laboratory, White Oak, Silver Spring, Maryland; and U.S. Naval Weapons Laboratory, Dahlgren, Virginia.* (1) Scientific and professional research associate positions when filled on a temporary or intermittent basis by persons having a doctoral degree in physical science or related fields of study, for research activities of mutual interest to the appointee and the Laboratory. Total employment under this provision may not exceed 10 positions at the U.S. Naval Research Laboratory, 6 positions at the U.S. Navy Electronics Laboratory, 10 positions at the U.S. Naval Ordnance Laboratory, and 10 positions at the U.S. Naval Weapons Laboratory at any one time. Employment under this provision will not exceed 1 year in any individual case: *Provided*, That such employment may, with the approval of the Commission, be extended for not to exceed an additional year.

(f) *U.S. Naval Radiological Defense Laboratory, San Francisco, California.* (1) Scientific and professional research positions at GS–12 and above when filled on a temporary basis by persons having a doctoral degree or its equivalent in natural science and related fields of study, for research activities of mutual interest to the appointee and the Laboratory. Total employment under this provision may not exceed six positions at any one time. Employment under this provision may not exceed 1 year in any individual case: *Provided*, That such employment may, with the approval of the Commission, be extended for not to exceed 1 additional year.

(g) *U.S. Medical Research Institute, National Naval Medical Center, Bethesda, Maryland.* (1) Scientific and professional resident research associate positions when filled on a temporary basis by persons having a doctoral degree in an appropriate biological or biochemical science, or in medicine or related fields of study, for research activities of mutual interest to the appointee and the Institute. Total employment under this provision may not exceed five positions at any one time. Employment under this provision shall not exceed 1 year in any individual case: *Provided*, That such employment may, with the prior approval of the Commission, be extended for not to exceed an additional year.

**§ 213.3109 Department of the Air Force.**

(a) *Office of the Secretary.* (1) Five Special Assistants in the Office of the Secretary of the Air Force. These positions have advisory rather than operating duties except as operating or administrative responsibilities may be exercised in connection with pilot studies.

(b) *General.* [Reserved]

(c) *Lookout Mountain Laboratory, Los Angeles, California.* (1) All positions.

(d) *United States Air Force Academy, Colorado.* (1) Positions of Cadet Hostesses, Instructors in Physical Education, and two Instructors in Music (Choirmasters).

(e) *The Air Force Systems Command and the Office of Aerospace Research.* (1) Scientific and professional research associate positions when filled on a temporary or intermittent basis by persons having a doctoral degree in physical science or related fields of study, for research activities of mutual interest to the appointee and the Command. Total employment under this provision may not exceed 20 positions at any one time. Employment under this provision shall not exceed 1 year in any individual case: *Provided*, That such employment may, with the approval of the Commission, be extended for not to exceed an additional year.

**§ 213.3110 Department of Justice.**

(a) *General.* (1) Field Deputy United States Marshals employed on an hourly basis for intermittent service.

(2) Positions of temporary deputy marshals in lieu of bailiff in the United States courts when employed on an intermittent basis.

(3) United States Marshal in the Virgin Islands.

(b) *Immigration and Naturalization Service.* (1) Information Officer.

(2) Four positions of Regional Commissioner.

**§ 213.3111 Post Office Department.**

(a) *General.* (1) Clerks in fourth-class post offices.

(2) Substitute Rural Carriers employed:

(i) During the incumbency of a Rural Carrier to serve the Carrier's route when he is absent on leave or for military duty, or

(ii) To serve pending the filling of a Rural Carrier vacancy, provided that the Post Office Department shall obtain prior approval of the Commission for employment of any substitute in a Rural Carrier vacancy in excess of 90 days.

(3) Special delivery messengers in second-, third-, and fourth-class post offices.

(4) One Administrative Assistant to each Regional Director (15 positions).

(5) One Administrative Assistant to the Assistant to the Regional Director (Dallas Region).

(6) One Administrative Assistant to the Assistant to the Regional Director (St. Louis Region).

(7) Clerks employed on a part-time basis in third-class post offices in Alaska.

(8) Fourth-class postmaster positions in Alaska.

(9) Positions (other than Postmaster) in Samoa, The Trust Territory, Canton Island, and Wake Island.

(10) One Additional Assistant to the Boston Regional Director.

(11) Temporary employment of Christmas Assistants in the postal field service for a period of not to exceed 15 calendar days in the month of December.

(12) For employment of eleven deaf mutes on an experimental basis with prior approval of the Commission.

**§ 213.3112 Department of the Interior.**

(a) *General.* (1) Temporary, intermittent, or seasonal positions in the field service of the Department of the Interior, when filled by the appointment of persons who are certified as maintaining a permanent and exclusive residence within, or contiguous to, a field activity or district, and as being dependent for livelihood primarily upon employment available within the field activity of the Department.

(2) All positions on Government-owned ships or vessels operated by the Department of the Interior.

(3) Temporary or seasonal caretakers at temporarily closed camps or improved areas to maintain grounds, buildings, or other structures and prevent damage or theft of Government property. Such appointments shall not extend beyond 130 working days a year without the prior approval of the Commission.

(4) Temporary, intermittent, or seasonal field assistants at GS–5, or its equivalent, and below in such areas as forestry, range management, soils, engineering, fishery and wildlife management, and with surveying parties. Employment under this authority shall not exceed 180 working days a year for positions at GS–4 and below in survey parties in the Bureau of Land Management and Geological Survey and shall not exceed 130 working days a year for other positions authorized under this subparagraph. This authority shall not apply to positions of field assistants engaged in fishery management work in Alaska.

(5) Temporary emergency forest and range fire and blister rust control employees in the field service of the Department of the Interior employed for fire prevention or suppression or blister rust control for not to exceed 130 working days a year, except that temporary and seasonal forest and range fire employees in the Bureau of Land Management in Alaska may be employed for fire prevention or suppression for not to exceed 180 working days a year.

(6) Persons employed in field positions the work of which is financed jointly by the Department of the Interior and cooperating persons or organizations outside the Federal service.

(7) All positions in the Bureau of Indian Affairs and other positions in the Department of the Interior directly and primarily related to the providing of services to Indians when filled by the appointment of Indians who are one-fourth or more Indian blood.

(8) Subject to prior approval of the Commission, temporary, intermittent, or seasonal positions at GS–7 or below in Alaska, as follows: Positions in nonprofessional mining activities, such as those of drillers, miners, caterpillar operators; and samplers; and positions of field assistants engaged in fishery management work. Employment under this authority shall not exceed 180 working days a year and shall be appropriate only when the activity is carried on in a remote or isolated area, there is no Board of U.S. Civil Service Examiners to service the employing establishment, and there is a shortage of available candidates for the positions.

(9) Subject to prior approval of the Commission, temporary, part-time, or intermittent employment of mechanics, skilled laborers, equipment operators and tradesmen on construction, repair, or maintenance work for not to exceed 180 working days a year in Alaska, when the activity is carried on in a remote or isolated area, there is no Board of U.S. Civil Service Examiners to service the employing establishment, and there is a shortage of available candidates for the positions.

(10) Seasonal airplane pilots and airplane mechanics in Alaska, not to exceed 180 working days a year.

(b) *Bureau of Indian Affairs.* (1) Housekeeper positions at a gross salary not in excess of the entrance rate of grade GS–4 or its equivalent when, because of isolation or lack of quarters, appointment through competitive examination is, in the opinion of the Commission, impracticable.

(2) Subject to prior approval of the Commission, assistants in Alaska native schools (not including teachers and instructors) at a salary rate not in excess of that of GS–4 or its equivalent where the schools are in isolated or remote areas or lack suitable quarters.

(c) *Indian Arts and Crafts Board.* (1) The Executive Director.

(d) *Bonneville Power Administration.* (1) Five Area Managers.

(e) *Office of Territories.* (1) The Clerk of the High Court of American Samoa.

(2) One position of part-time Secretary, one position of Administrative Educational Aid, and one position of Instructional Aid to the U.S. Resident Administrator for Canton Island.

(3) The Government Comptroller for the Virgin Islands.

(4) Special Assistants to the Governor of American Samoa who perform specialized administrative, professional, technical, and scientific duties as members of his immediate staff.

(f) *National Park Service.* (1) Park Ranger positions (general, naturalist, historian, and archeologist) at salaries equivalent to GS–5 or GS–4, and not to exceed 200 such positions at salaries equivalent to grade GS–7 or GS–6 in which the duties are supervisory or are limited to a highly specialized part of the duties performed by career protective or interpretive personnel of the National Park Service. Employment under this subparagraph is limited to persons who meet the qualifications standards for each salary level which have been agreed upon by the Commission and the Department. These standards include as a minimum the following number of previous seasons' experience in the National Park Service as a park ranger at a salary equivalent to the next lower grade:

(i) For IGS–7, 2 seasons at IGS–6 level;
(ii) For IGS–6, 2 seasons at IGS–5 level;
(iii) For IGS–5, 1 season at IGS–4 level.

Employment under this subparagraph shall be only for duty that is temporary, intermittent, or seasonal, and no person shall be employed by the National Park Service under this subparagraph or a combination of this and any other excepting authorities in excess of 180 working days a year.

(g) *Bureau of Reclamation.* (1) Appraisers and examiners employed on a temporary, intermittent, or part-time basis on special valuation or prospective-entrymen-review projects where knowledge of local values or conditions or other specialized qualifications not possessed by regular Bureau employees are required for successful results. Employment under this provision shall not exceed 130 working days a year in any individual case: *Provided*, That such employment may, with prior approval of the Commission, be extended for not to exceed an additional 50 days in any single year.

(h) *The Alaska Railroad.* (1) Until December 31, 1964, all positions in Alaska in The Alaska Railroad and four Technical positions in the Alaska Railroad office in Seattle, Washington.

(1) *Office of Geography.* (1) One position of Research Analyst (Native Arabic Language Expert), GS–7.

**§ 213.3113 Department of Agriculture.**

(a) *General.* (1) Agents employed in field positions the work of which is financed jointly by the Department and cooperating persons, organizations, or governmental agencies outside the Federal service. This authority is not applicable to positions in the Agricultural Research Service, or positions in the Statistical Reporting Service, or poultry inspection and tobacco inspection positions in the Agricultural Marketing Service. This authority is not applicable after April 1, 1963, to agricultural commodity grader (meat) positions; nor after July 1, 1963, to agricultural commodity grader (grain) and agricultural commodity aid (grain) positions in the Agricultural Marketing Service.

(2) Any local veterinarian employed on a fee basis or a part-time basis.

(3) Not to exceed 25 professional, scientific, or technical positions in grade GS–7 or higher to be filled on an exchange basis by qualified employees on the rolls of State Governments, colleges, or universities, for a limited period not to exceed 1 year.

(4) Local Agents, except veterinarians, employed temporarily outside Washington, in demonstrating in their respective localities the necessity of eradicating contagious or infectious animal diseases.

(5) Temporary, intermittent, or seasonal employment in the field service of the Department of Agriculture in the kinds of positions indicated below. This authority is applicable to positions where the salary is equivalent to GS–5 or below; except that for the forest worker positions under subdivision (v) of this subparagraph it may be used regardless of salary for wage board positions, and for the positions under subdivision (viii) of this subparagraph it may be used for the levels therein indicated. Employment under this authority shall not exceed 130 working days a year for positions under subdivisions (ii), (iii), and (iv) of this subparagraph; and total employment under this subparagraph shall not exceed 180 working days a year.

(i) Field assistants for subprofessional services.

(ii) Subject to prior approval of the Commission, clerical positions and positions in the trades, crafts, and manual laborer occupational groups exclusive of those covered by § 213.3102 (i) and (m) at places other than at central office and regional and branch office cities of the Commission when (*a*) there is no local Board of U.S. Civil Service Examiners to service the employing establishment, and (*b*) there is no appropriate register or there is a shortage of available eligibles.

(iii) Caretakers at temporarily closed camps or improved areas.

(iv) Field enumerators and supervisors.

(v) Forest workers engaged primarily for fire prevention or suppression activities and also other forest workers when the employment is with headquarters other than forest supervisor and regional offices.

(vi) State Performance Assistants of the Agricultural Stabilization and Conservation Service.

(vii) Collectors of the Farmers Home Administration.

(viii) Agricultural Research helpers, helper-leaders, and workers, paid at rates not in excess of WB–5 and Leader–5 in the Agricultural Research Service.

(6) Not to exceed eight positions whose incumbents serve on an intermittent or temporary basis as field representatives of the Department of Agriculture and in this capacity represent the Department's Disaster Committee in conducting surveys and appraisals of conditions in areas whose status as "major disaster" areas under Public Law 81–875, is under consideration. Employment under this authority shall not exceed 130 working days a year.

(7) [Reserved]

(8) Until December 31, 1966, not to exceed 100 positions directly concerned with programs of the Department for employment of Cuban refugees possessing college-level training appropriate for such positions: *Provided*, That employment under this authority in any one individual case shall be on a temporary basis for periods not to exceed one year and shall not exceed two years without the prior approval of the Civil Service Commission.

(b) *Office of the Secretary.* (1) Special Livestock Loans Committeemen employed for not more than 180 working days a year, to approve and direct the servicing of emergency livestock loans.

(c) *Forest Service.* (1) Temporary, intermittent, or seasonal positions when filled by the apointment of persons who are certified as maintaining a permanent and exclusive residence within, or contiguous to, a national forest and as being dependent for livelihood primarily upon employment available within the national forest.

(2) Positions in Alaska of Laborers, Boat Operators, Mechanics, Equipment Operators, and Carpenters whose duties require the operation of boats in coastal waters and/or the establishment and maintenance of work camps in remote areas.

(d) *Agricultural Stabilization and Conservation Service.* (1) Six Area Directors above GS–14.

(2) Members of State Committees.

(3) State Executive Directors.

(4) Farmer fieldmen and farmer fieldwomen to interpret and explain and supervise farm programs.

(e) *Farmers Home Administration.* (1) State committeemen to consider, recommend, and advise with respect to the Farmers Home Administration program.

(2) County committeemen to consider, recommend, and advise with respect to the Farmers Home Administration program.

(3) Temporary positions whose principal duties involve the making and servicing of emergency loans pursuant to Public Law 87–128. Appointment under this provision shall not exceed 1 year unless extended with the prior approval of the Commission for additional periods of not to exceed 1 year each.

(4) State Directors and not to exceed three positions of State Director-at-Large.

(f) *Agricultural Marketing Service.* (1) Positions of cotton classers GS–9 and below, clerks GS–2, and laborers, employed on a seasonal basis in cotton-classing offices outside the Washington, D.C., metropolitan area. Employment under this authority (or under a combination of this authority and any other excepting authority) shall not exceed 160 working days a year in the case of cotton classers and laborers and 130 working days a year in the case of clerks; except that GS–5 cotton classers may be employed as trainees during their first appointment only for an initial period of 6 months for training purposes without regard to the above time limitation.

(2) Positions of poultry inspector (veterinarian at GS–11 and below, and nonveterinarian at appropriate grades below GS–11) when the employment is on a temporary, intermittent, or seasonal basis, and does not exceed 160 working days a year.

(3) Milk Market Administrators.

(4) All positions on the staffs of Milk Market Administrators.

(5) Positions of Agricultural Commodity Aid (Cotton) GS–2, –3, and –4, employed on a seasonal basis in cotton classing offices outside the Washington, D.C., metropolitan area for not to exceed 160 working days a year. Employment under this authority may not exceed 850 positions at GS–2, and 92 supervisory positions at GS–3 and GS–4.

(g) *Agricultural Research Service.* (1) Field employees on programs conducted under the terms of cooperative agreements or memorandums of understanding with States or other non-Federal cooperating organizations, provided the employees are jointly selected and their salary is supplied by the cooperators on the basis of not less than a 40 percent contribution by each of the cooperators.

(2) Temporary field positions concerned with the control, suppression, and eradication of emergency livestock diseases. Persons appointed under this authority may not be employed in these positions in the Agricultural Research Service for longer than 1 year under this authority, or under a combination of this and any other authorities for excepted appointment that may be appropriate, without prior approval of the Commission. This authority shall be appropriate only in situations declared by the Secretary of Agriculture to be emergencies threatening the livestock industry of the country.

(3) Not to exceed 25 professional research associate positions, at GS–11 and above, in laboratories doing basic research work in the Agricultural Research Service to be filled on a temporary basis by scientists with a doctoral degree who possess specialized knowledges or abilities applicable to the basic research programs involved. Employment under this provision shall not exceed 1 year in any individual case: *Provided*, That such employment may, with the approval of

the Commission, be extended for not to exceed an additional year.

(h) *Foreign Agricultural Service.* (1) Agricultural Attache positions at grade GS–16 and above where the duties require that the major portion of the employee's time be spent in foreign countries.

(i) *International Agricultural Development Service.* (1) Positions of Technical Leader at Grade GS–12 and above employed in the training of foreign nationals on a temporary basis for not to exceed 130 working days a year.

**§ 213.3114 Department of Commerce.**

(a) *General.* (1) Agents to take and transmit meteorological observations in connection with aviation who are employed on a part-time basis and whose compensation is based on a fee for each observation performed rather than on an hourly or per annum basis: *Provided,* That the number of observations shall not exceed a daily average of 12 during any calendar month.

(2) Employment of individuals, firms, or corporations for not to exceed 1 year for special statistical studies and statistical compilations, other than Personal Census Records Service, the compensation for which is derived from funds deposited with the United States under the Act of May 27, 1935 (49 Stat. 292): *Provided,* That such employments may, with the approval of the Commission, be extended for not to exceed an additional year.

(3) Not to exceed 50 scientific and technical positions whose duties are performed primarily in the Antarctic. Incumbents of these positions may be stationed in continental United States for periods of orientation, training, analysis of data, and report writing.

(b) *Office of the Secretary.* (1) The positions of Security Control Officer, Deputy Security Control Officer, and Chief, Personnel Security Division.

(2) One Civil Aviation Specialist.

(3) One Adviser on Equal Employment Opportunity.

(c) *Coast and Geodetic Survey.* (1) All civilian positions on vessels operated by the Coast and Geodetic Survey.

(2) Temporary positions required in connection with the surveying operations of the field service of the Coast and Geodetic Survey. Appointment to such positions shall not exceed 8 months in any 1 calendar year.

(d) *Bureau of the Census.* (1) Supervisors, assistant supervisors, supervisors' clerks, and enumerators in the field service for temporary, part-time, or intermittent employment, for not to exceed 1 year: *Provided,* That such appointments may be extended for additional periods of not to exceed 1 year each; but that after December 31, 1960, this subparagraph shall not be authority for employment in full-time positions for longer than 1 year.

(e) *National Bureau of Standards.* (1) Scientific and professional research associate positions when filled on a temporary or intermittent basis by persons having a doctoral degree in physical science or related fields of study, for research activities of mutual interest to the appointee and the Bureau. Total employment under this provision may not exceed 20 new appointments each fiscal year, including those at the headquarters and at the Boulder, Colorado, Laboratories of the Bureau. Employment under this provision shall not exceed 1 year in any individual case: *Provided,* That such employment may, with the approval of the Commission, be extended for not to exceed an additional year. Such extensions shall not be included against the quota of 20 new appointments as stated above.

(f) *Bureau of Public Roads.* (1) Temporary, intermittent, or seasonal employment in the field service of the Bureau of Public Roads at grades not higher than GS–5 for subprofessional engineering aide work on highway surveys and construction projects, for not to exceed 180 working days a year, whenever in the opinion of the Commission appointment through competitive examination is impracticable.

(g) *Business and Defense Services Adminstration.* (1) Not to exceed 30 positions, at grades GS–13 and higher, to be filled by appointment of persons, qualified as industrial specialists, who possess specialized knowledge and experience in the field of industrial production, industrial operations and related problems, applicable to one or more of the current segments of industry served by the Business and Defense Services Administration. Appointments under this authority may be made for a period not to exceed 2 years, and may, with prior approval of the Commission, be extended for an additional period of 2 years.

(h) *Maritime Administration.* (1) Public Information Officer.

(2) One Private Secretary to the Public Information Officer.

(3) Chief, Office of Program Planning.

(4) One Private Secretary to the Chief, Office of Program Planning.

(5) The positions of Chief Investigator and Security Officer and Deputy Chief Investigator and Security Officer.

(6) All positions on Government-owned vessels or those bareboats chartered to the Government and operated by or for the Maritime Administration.

(7) [Reserved]

(8) One Special Assistant to the Administrator (Tanker Adviser).

(9) Two Special Assistants to the Deputy Administrator.

(10) U.S. Merchant Marine Academy, positions of: Professors, instructors, and teachers; including Heads of the Departments of Physical Training and Athletics, Ships Medicine, Ship Management, History and Languages, Mathematics and Science, Nautical Science and Engineering; Academy Training Representatives; the Regimental Officer; the Drill and Activities Officers; the Band and Activities Officer; and the First, Second, and Third Battalion Officers.

(11) U.S. Merchant Marine Academy, positions of: The Superintendent; the Executive Officer and Assistant Superintendent; Dean; Registrar and Educational Services Officer; Educational Specialist (Administration) (Assistant Dean); Alumni Records Officer and Placement Director; Librarian; and the Special Assistant to the Superintendent.

(i) *Office of the Assistant Secretary for Domestic and International Business.* (1) Ten positions at GS–13 and above in specialized fields relating to international trade or commerce in the Bureau of International Commerce or in other units under the jurisdiction of the Assistant Secretary for Domestic and International Business. Incumbents shall be assigned to advisory rather than to operating duties, except as operating and administrative responsibility may be required for the conduct of pilot studies or special projects. Employment under this authority will not exceed 2 years for any individual appointee.

(2) Not to exceed 40 positions of Managers and Deputy Managers of International Trade Fairs and Exhibit Programs in foreign countries when the duties require a considerable portion of the employee's time to be spent in foreign countries.

(j) *Weather Bureau.* (1) Subject to prior approval of the Commission, which shall be contingent upon a showing of inadequate housing facilities, meteorological aid positions at the following stations in Alaska: Barrow, Bethal, Kotzebue, McGrath, Northway, and St. Paul Island.

(2) Cook positions on Swan Island.

(3) Scientific and professional research positions at GS–12 and above when filled on a temporary, part-time, or intermittent basis by persons having a doctoral degree in meteorology or related fields of study, for research activities of mutual interest to the appointee and the Bureau. Total employment under this provision may not exceed ten positions at any one time, nor more than one year under this authority for any one individual, without prior approval of the Commission.

**§ 213.3115 Department of Labor.**

(a) *Office of the Secretary.* (1) Chairman and two Members, Employees' Compensation Appeals Board.

(b) *Bureau of Employment Security.* [Reserved]

(c) *President's Committee on Equal Employment Opportunity.* (1) All positions on the Staff of the President's Committee on Equal Employment Opportunity established by Executive Order 10925 of March 6, 1961.

(d) *Bureau of Labor Statistics.* (1) Part-time and intermittent employment for field survey and enumeration work in the Bureau of Labor Statistics. This authority is applicable to positions where the salary is equivalent to GS–5 and below. Employment within the Bureau of Labor Statistics under this authority, or a combination of this authority and any other authorities for excepted appointment, shall not exceed:

(i) 180 working days a year for positions at GS–5;

(ii) 130 working days a year for positions at GS–4 and below.

The total number of appointments at GS–5 shall not exceed 75. Appointments at the GS–3 and GS–4 grade levels are not limited in number.

**§ 213.3116 Department of Health, Education, and Welfare.**

(a) *St. Elizabeths Hospital.* (1) Three Medical Officers (Surgical Resident).

(2) Student Medical Interns for temporary or part-time employment.

(3) Temporary positions of graduate nurses appointed as students for the purpose of receiving 12 weeks of training equivalent to psychiatric affiliation. This authority shall be applied only to positions whose compensation is fixed in accordance with the provisions of section 3 of Public Law 80–330.

(4) Three positions of Medical Officers (Radiology Resident): *Provided,* That employment under this authority shall not exceed 1 year, except that selected residents may be nominated and reappointed for an additional year of training when the parent hospital determines that the supplemental training will meet the specialized needs of the individual resident.

(5) Until June 30, 1969, eight psychodrama trainees, including interns and first and second-year residents. This authority shall be applied only to positions with compensation fixed in accordance with the provisions of section 3 of Public Law 80–330.

(6) Two Medical Officers (Anatomical Pathology Resident) for not to exceed 2 years' employment in the case of any one individual.

(7) Three Medical Officers (Internal Medicine Resident) for not to exceed 3 months' employment in the case of any one individual.

(8) Four positions of Medical Officer (Physical Medicine and Rehabilitation Resident): *Provided,* That employment under this authority shall not exceed one year, except that selected residents may be nominated and reappointed for an additional year of training when the parent hospital determines that the supplemental training will meet the specialized needs of the individual resident. Initial appointments may be made at any level within the 3-year residency as approved by the American Medical Association.

(9) Not to exceed 22 positions of Chaplain Residents: *Provided,* That employment under this authority shall not exceed 39 months for any individual. This authority shall be applied only to positions whose compensation is fixed in accordance with the provisions of section 3 of Public Law 80–330.

(b) *Public Health Service.* (1) Special escorts to accompany patients of the Public Health Service in accordance with existing laws and regulations. Employment under this subparagraph shall be only for the period of time necessary for the escort to deliver the patient to his destination and to return.

(2) Positions at Government sanatoria when filled by patients during treatment or convalescence.

(3) All positions in leprosy investigation stations.

(4) Positions concerned with problems in preventive medicine financed or participated in by the Department of Health, Education, and Welfare and a cooperating State, county, municipality, incorporated organization, or an individual in which at least one-half of the expense is contributed by the cooperating agency either in salaries, quarters, materials, equipment, or other necessary elements in the carrying on of the work.

(5) Medical and dental interns, externs, and residents; and student nurses.

(6) Positions of scientific, professional, or technical nature when filled by bona fide students enrolled in academic institutions: *Provided,* That the work performed in the agency is to be used by the student as a basis for completing certain academic requirements required by an educational institution to qualify for a scientific, professional, or technical field: *And provided further,* That appropriate exclusions of the positions under the authority of Public Law 80–330 have been approved by the Civil Service Commission.

(7) Student Dietitians and Resident Physicians at Freedman's Hospital.

(8) Positions directly and primarily related to the providing of services to Indians when filled by the appointment of Indians who are one-fourth or more Indian blood.

(9) Not to exceed 30 positions of clerical assistants employed on a part-time and intermittent basis to aid cooperating clinicians in non-Federal tuberculosis sanatoria in the keeping of records and the preparation of reports in connection with research studies into the effectiveness of antimicrobial agents in the treatment of tuberculosis. Persons appointed under this authority may not be employed in this kind of work in the Public Health Service for more than 180 working days in a single year under this authority or under a combination of this and any other authority for excepted appointment that may be appropriate.

(c) *Office of Education.* (1) Positions concerned with problems in education financed and participated in by the Office of Education, Department of Health, Education, and Welfare, and a cooperating State educational agency, or university or college, in which there is joint responsibility for selection and supervision of employees, and at least one-half of the expense is contributed by the cooperating agency in salaries, quarters, materials, equipment, or other necessary elements in the carrying on of the work.

(2) Ten positions at grade GS–13 and above the incumbents of which will engage in research and consultative services in highly specialized areas within the field of education which present current educational problems of national concern, e.g., the relationship of ROTC training to higher education, the status of a particular area of cooperative educational research, the assessment of the educational system of a particular foreign country, and other equally vital and important problem areas. Appointments made under this authority shall be limited to persons having a particular competency in the area concerned, and shall be restricted to positions concerned with current problem areas that are not a part of the continuing broad educational programs administered by the United States Office of Education. Employment under this provision shall not exceed 2 years for any individual appointee.

(d) *Social Security Administration.* (1) One position of claims examiner or social insurance representative in a district office of the Bureau of Old-Age and Survivors Insurance in the State of Arizona when filled by the appointment of a person of one-fourth or more Indian blood.

(e) *General.* (1) Until December 31, 1964, 50 positions in medical and related occupations for employment under the Cuban refugee program. Employment of any person under this authority shall not extend more than one year beyond the expiration date of the authority.

(f) *President's Council on Youth Fitness.* (1) Three Staff Assistants, President's Council on Youth Fitness.

(g) *Welfare Administration.* (1) Not to exceed 150 positions directly concerned with programs conducted by the Department in connection with the problems of Cuban refugees: *Provided,* That employment under this authority shall be temporary and no employment shall be made under it after June 30, 1965.

**§ 213.3121 National Security Council.**

(a) All positions on the staff of the Council.

**§ 213.3122 Interstate Commerce Commission.**

(a) One Congressional Liaison Officer.

**§ 213.3124 Board of Governors, Federal Reserve System.**

(a) All positions.

**§ 213.3127 Veterans Administration.**

(a) *Construction Division.* (1) Temporary construction workers paid from "purchase and hire" funds and appointed for not to exceed the duration of a construction project.

**§ 213.3128 United States Information Agency.**

(a) Two Liaison Officers (Congressional) in the Office of the General Counsel.

(b) One Chief of Religious Information.

**§ 213.3129 Federal Power Commission.**

(a) Three special assistants to the Commission.

**§ 213.3130 Securities and Exchange Commission.**

(a) Director, Division of Corporation Finance; Director, Division of Corporate Regulation; Director, Division of Trading and Markets.

(b) Nine positions of Regional Administrator.

**§ 213.3132 Small Business Administration.**

(a) For the duration of the Alaskan disaster as declared by the President, temporary appointment of personnel employed to make and administer small loans either directly or cooperatively to small business organizations under section 7(b)(2) of the Small Business Act, as amended by Public Law 88–264 of February 5, 1964. Such appointments shall not exceed six months initially, but may with prior approval of the Commission be extended for an additional six months.

(b) For the duration of the disasters caused by hurricanes in the autumn of 1964, as declared by the President, temporary appointment of personnel employed to make and administer small loans either directly or cooperatively to small business organizations under section 7(b)(2) of the Small Business Act, as amended by P.L. 88–264 of February 5, 1964. Such appointments shall not exceed six months initially, but may with prior approval of the Commission be extended for an additional six months.

**§ 213.3133 Federal Deposit Insurance Corporation.**

(a) All field positions concerned with the work of liquidating the assets of closed banks or the liquidation of loans to banks, and all temporary field positions the work of which is concerned with paying the depositors of closed insured banks.

(b) One position of Chief Clerk in the San Juan, Puerto Rico, office.

**§ 213.3135 National Capital Housing Authority.**

(a) Executive Director.

**§ 213.3136 United States Soldiers' Home.**

(a) All positions.

**§ 213.3137 General Services Administration.**

(a) *General.* (1) Custodians, guards, watchmen, laborers, and other employees engaged in the custody, care, and preservation of plants, warehouses, shipyards, airfields, and surplus facilities of a similar nature pending disposition of such facilities.

**§ 213.3138 Federal Communications Commission.**

(a) One Associate Chief Engineer.

(b) The Chief of each of the following Bureaus: Broadcast, Common Carrier, Safety and Special Radio Services, and Field Engineering and Monitoring.

**§ 213.3139 United States Tariff Commission.**

(a) The Secretary of the Commission.

**§ 213.3141 National Labor Relations Board.**

(a) Election Clerks and Election Examiners for temporary, part-time, or intermittent employment in connection with elections under the Labor Management Relations Act.

**§ 213.3142 Export-Import Bank of Washington.**

(a) Three Special Assistants to the Board of Directors, grade GS–14 and above, with responsibility for carrying out special overseas assignments for the Board.

**§ 213.3143 Farm Credit Administration.**

(a) Federal Land Bank Association receivers and conservators.

(b) Not to exceed seven positions in the Credit Services of the Farm Credit Administration in grades GS–13 or above, requiring technical or administrative experience in the field of agricultural credit: *Provided,* That this authority may be used only when making appointments of persons who have acquired such experience in the Farm Credit Administration or in one or more of the institutions supervised by the Farm Credit Administration.

**§ 213.3144 Housing and Home Finance Agency.**

(a) *Office of the Administrator.* (1) [Reserved]

(2) Director, Compliance Division.

(3) Seven Regional Administrators.

(4) Director, Community Disposition Staff.

(5) One Special Assistant to the Deputy Administrator.

(b) *Federal Housing Administration.* (1) Six Zone Operations Commissioners.

(c) *Federal National Mortgage Association.* (1) Until September 30, 1965, one Special Assistant (VHMCP).

**§ 213.3146 Selective Service System.**

(a) State Directors.

(b) Deputy or Assistant State Directors and State Medical Officers in State Headquarters.

(c) Until June 30, 1967, Executive Secretary, National Advisory Committee on the Selection of Physicians, Dentists, and Allied Specialists.

(d) Executive Secretary, National Selective Service Appeal Board.

**§ 213.3147 Federal Mediation and Conciliation Service.**

(a) Executive Secretary of a Board of Inquiry appointed under section 206 of the Labor-Management Relations Act of 1947 (29 U.S.C. 176).

**§ 213.3148 National Aeronautics and Space Administration.**

(a) One hundred fifty alien scientists having special qualifications in the fields of aeronautical and space research where such employment is deemed by the Administrator of the National Aeronautics and Space Administration to be necessary in the public interest.

(b) Forty scientific specialists to be engaged on special research projects.

(c) [Reserved]

(d) Ten medical officer positions for employment of third year medical residents in the field of aerospace medicine. An individual may not be employed more than one year under this exception.

**§ 213.3149 Panama Canal Company, New Orleans.**

(a) All positions on vessels operated by the Panama Canal Company.

**§ 213.3154 Federal Home Loan Bank Board.**

(a) One Secretary, Federal Home Loan Bank Board.

(b) One Director, Division of Examinations.

(c) All temporary field positions in the Federal Savings and Loan Insurance Corporation concerned with the work of liquidating the assets of closed insured institutions, or the liquidation of loans or the handling of contributions to insured institutions and the purchase of assets therefrom, and all temporary field positions of the Federal Savings and Loan Insurance Corporation the work of which is concerned with paying the depositors of closed insured institutions.

**§ 213.3156 Commission on Civil Rights.**

(a) Fifteen positions at grade GS–11 and above to engage in and advise on the collection, study, and appraisal of information developed in accordance with Public Law 88–352. Appointments made under this authority shall be limited to persons having a particular competency in the areas concerned and shall not extend beyond March 31, 1968.

**§ 213.3157 Federal Aviation Agency.**

(a) Caretakers and light attendants employed on emergency fields and other air navigation facilities, who are paid on a fee basis.

(b) Medical Officer positions on Canton and Wake Islands.

(c) Laborer positions on Swan Island.

**§ 213.3158 Franklin Delano Roosevelt Memorial Commission.**

(a) All positions on the staff of the Commission.

**§ 213.3160 Peace Corps.**

(a) One Special Representative when employed on an intermittent basis.

(b) Thirty-five positions, filled by temporary appointment of 2 years or less, on the staff of the Peace Corps training camp in Puerto Rico.

**§ 213.3161 James Madison Memorial Commission.**

(a) One Executive Secretary.

**§ 213.3162 National Aeronautics and Space Council.**

(a) All positions.

**§ 213.3163 President's Committee on Youth Employment.**

(a) All positions on the staff of the President's Committee on Youth Employment, established by the President on November 16, 1961.

**§ 213.3164 U.S. Arms Control and Disarmament Agency.**

(a) Until April 30, 1965, 7 project officers above GS–13 in the Weapons Evaluation and Control Bureau and 10 physical science administration officers above GS–12.

(b) Until April 30, 1965, the Chief and Assistant Chief, Political Affairs Division, International Relations Bureau; and one Special Assistant to the Chief and one Project Officer (GS–14 or above), Political Research and Analysis Division, International Relations Bureau.

**§ 213.3165 President's Advisory Committee on Labor-Management Policy.**

(a) One Assistant Executive Director.

**§ 213.3166 President's Committee on Juvenile Delinquency and Youth Crime.**

(a) Until July 30, 1966, all positions on the staff.

**§ 213.3169 President's Committee on Equal Opportunity in Housing.**

(a) Positions, other than the Staff Director, on the Staff of the President's

Committee on Equal Opportunity in Housing established by the President on November 20, 1962.

**§ 213.3170 Civil Service Commission.**

(a) Persons employed on a WAE basis to serve as members of the International Organizations Employees Loyalty Board for the purpose of holding hearings overseas.

SCHEDULE B

**§ 213.3201 Positions other than those of a confidential or policy-determining character for which it is not practicable to hold a competitive examination.**

The positions enumerated in §§ 213.3202 to 213.3299 are positions other than those of a confidential or policy-determining character for which it is not practicable to hold a competitive examination and which are excepted from the competitive service and constitute Schedule B. Appointments to these positions are subject to such noncompetitive examination as may be prescribed by the Commission.

**§ 213.3204 Department of State.**

(a) Persons formerly employed abroad in the Foreign Service of the United States (this means civilian employment in the executive branch) for a period of at least 4 years for service in executive and administrative positions, or for at least 2 years for professional positions, in grades GS–9 and above.

(b) Technical cryptographic positions in the Communications Security Division, Office of Communications.

(c) Director and Deputy Director, Foreign Buildings Operations.

**§ 213.3205 Treasury Department.**

(a) Positions of Deputy Comptroller of the Currency, Chief National Bank Examiner, Assistant Chief National Bank Examiner, Regional Chief National Bank Examiner, Deputy Regional Chief National Bank Examiner, Senior National Bank Examiner, National Bank Examiner, Senior Assistant National Bank Examiner, Assistant National Bank Examiner, Deputy to the Comptroller of the Currency for Trusts, Representatives in Trusts, Associates in Trusts, Assistants in Trusts, and one Administrative Assistant to the Comptroller of the Currency, whose salaries are paid from assessments against national banks and other financial institutions.

(b) Cryptographer, United States Coast Guard.

(c) Not to exceed two positions of Accountant (Tax Specialist) at grades GS–13 and above to serve as specialists on the accounting analysis and treatment of corporation taxes. Employments under this paragraph shall not exceed a period of 18 months in any individual case.

**§ 213.3206 Department of Defense.**

(a) *Office of the Secretary.* (1) Professional members of Policy Planning Staff in positions at grades GS–16 and above and two Special Projects Directors, GS–15, Office of Deputy Assistant Secretary (Planning and NSC), Office of the Assistant Secretary of Defense (International Security Affairs).

(2) Positions at grades GS–16, 17, and 18, Office of the Deputy Assistant Secretary (Programming) in the Office of the Assistant Secretary of Defense (Comptroller).

(3) Professional positions at grades GS–16 and above in the Directorate for Special Studies, Office of the Deputy Assistant Secretary (Manpower Requirements and Special Studies), Office of the Assistant Secretary of Defense (Manpower).

(4) One Assistant for Counter-Insurgency, Office of the Assistant Secretary (International Security Affairs).

**§ 213.3209 Department of the Air Force.**

(a) Positions assigned exclusively to Air Force Communications Intelligence Activities.

(b) Civilian Deans and Professors at the Air Force Institute of Technology, Wright-Patterson Air Force Base, Dayton, Ohio.

**§ 213.3210 Department of Justice.**

(a) Deputy United States Marshals, Supervisory Deputy United States Marshals, and Chief Deputy United States Marshals.

(b) Positions of Port Receptionist and Supervisory Port Receptionist, Immigration and Naturalization Service.

**§ 213.3212 Department of the Interior.**

(a) Any competitive position at an Indian school when filled by the spouse of a competitive employee of the school, when because of isolation or lack of quarters, the Commission deems appointment through competitive examination impracticable.

(b) To the extent and in the occupations set by the Commission, positions on the staff of the Job Corps camps established by Title I of the Economic Opportunity Act of 1964, when it is determined that existing registers are not appropriate or do not permit appointment expeditiously. This authority may not be used after December 31, 1965.

**§ 213.3213 Department of Agriculture.**

(a) To the extent and in the occupations set by the Commission, positions on the staff of the Job Corps camps established under Title I of the Economic Opportunity Act of 1964, when it is determined that existing registers are not appropriate or do not permit appointment expeditiously. This authority may not be used after December 31, 1965.

**§ 213.3214 Department of Commerce.**

(a) *Community Relations Service.* (1) Four Field Coordinators for appointments not to exceed two years. No person shall be appointed under this authority after August 1, 1966.

(2) Not to exceed 20 positions at grades GS–11 through GS–15 involving program responsibilities in the specialized area of community relations for appointments of not to exceed two years. No person shall be appointed under this authority after August 1, 1966.

**§ 213.3215 Department of Labor.**

(a) Not to exceed 20 positions of Manpower Development Specialist at grades GS–13 through GS–15 in the departmental service and at grades GS–12 through GS–14 in the field service for employment in the Neighborhood Youth Corps. Employment under this authority shall not exceed December 31, 1966.

**§ 213.3216 Department of Health, Education, and Welfare.**

(a) *Office of Education.* (1) Fifty positions, GS–7 through GS–11, concerned with advising on education policies, practices, and procedures under unusual and abnormal conditions. Persons employed under this provision must be bona fide elementary school and high school teachers. Appointments under this authority may be made for a period of not to exceed one year, and may, with the prior approval of the Civil Service Commission, be extended for an additional period of one year.

**§ 213.3228 United States Information Agency.**

(a) Persons formerly employed abroad in the Foreign Service of the United States or as Binational Center Grantees for a period of at least 4 years for service in executive and administrative positions, or for at least 2 years for professional positions, in grades GS–9 and above.

**§ 213.3229 Federal Power Commission.**

(a) A Chief Engineer.

**§ 213.3244 Housing and Home Finance Agency.**

(a) *Federal Housing Administration.* (1) Ten Zone Intergroup Relations Advisors.

**§ 213.3246 Selective Service System.**

(a) Positions in the Selective Service System when filled by persons who as commissioned officer personnel in the Armed Forces have previously been trained for or have been on active military duty in the Selective Service program, and cannot, for some reason beyond their control, be brought to active military duty in the current Selective Service program.

**§ 213.3253 District of Columbia Government.**

(a) Chairman, Secretary and Members of the Board of Police and Fire Surgeons, District of Columbia.

**§ 213.3260 Peace Corps.**

(a) Not to exceed 10 positions in grades GS–9 through GS–15 when filled by persons who have served overseas for at least 2 years in the foreign service of the Peace Corps or in the Foreign Service of the Department of State or of other constituent agencies of the Department.

**§ 213.3268 Agency for International Development.**

(a) Not to exceed 30 positions at GS–9 and above when filled by persons who have served overseas with the Agency for International Development for not less than 2 years.

**§ 213.3273 Office of Economic Opportunity.**

(a) To the extent and in the occupations set by the Commission, positions concerned with the administration and implementation of the Office of Economic Opportunity program when it is determined that existing registers are not appropriate or do not permit appointment expeditiously. This authority may not be used after December 31, 1965.

SCHEDULE C

SUBCHAPTER B—FARM MARKETING QUOTAS AND ACREAGE ALLOTMENTS

[Amdt. 8]

## PART 730—RICE

### Subpart—Rice Marketing Quota Regulations for 1958 and Subsequent Crop Years

ADDITIONAL AUTHORITY FOR DETERMINATION

The amendment contained herein is issued pursuant to the Agricultural Adjustment Act of 1938, as amended, section 161 of the Revised Statutes (5 U.S.C. 22), and Reorganization Plan No. 2 of 1953 (67 Stat. 633), for the purpose of authorizing the Deputy Administrator, State and County Operations, a member of the State committee, the State executive director, or a program specialist to make all determinations and take all actions under the regulations in this subpart which the county committee could perform.

Since there are a number of cases now pending which, in the public interest, may require the immediate exercise of the authority delegated herein, it is hereby determined that compliance with the notice, public procedure, and effective date provisions of section 4 of the Administrative Procedure Act (5 U.S.C. 1003) is impracticable and contrary to the public interest and this amendment shall become effective upon the filing of this document with the Director, Office of the Federal Register.

A new § 730.997 is added to read as follows:

**§ 730.997 Additional authority for determinations.**

The Deputy Administrator, State and County Operations, a member of the State committee, State executive director, or program specialist in the State ASCS office, may make any determination under this subpart which the county committee is authorized to make under this subpart and take any action under this subpart which the county committee is authorized to take under this subpart, including, but not limited to, the authority to make required determinations for the issuance of and to issue notices of farm marketing excesses. In any case where the Deputy Administrator, member of the State committee, State executive director, or program specialist elects to exercise the authority vested in him hereunder, the county committee shall not exercise its authority. A copy of each notice issued under this section shall be kept among the permanent records of the appropriate county committee.

[Amdt. 1]

## PART 730—RICE

### Subpart—Rice Marketing Quota Regulations for 1964 and Subsequent Crop Years

ADDITIONAL AUTHORITY FOR DETERMINATION

The amendment contained herein is issued pursuant to the Agricultural Adjustment Act of 1938, as amended, section 161 of the Revised Statutes (5 U.S.C. 22), and Reorganization Plan No. 2 of 1953 (67 Stat. 633), for the purpose of authorizing the Deputy Administrator, State and County Operations, a member of the State committee, the State executive director, or a program specialist to make all determinations and take all actions under the regulations in this subpart which the county committee could perform.

Since there are a number of cases now pending which, in the public interest, may require the immediate exercise of the authority delegated herein, it is hereby determined that compliance with the notice, public procedure, and effective date provisions of section 4 of the Administrative Procedure Act (5 U.S.C. 1003) is impracticable and contrary to the public interest and this amendment shall become effective upon the filing of this document with the Director, Office of the Federal Register.

A new § 730.1597 is added to read as follows:

**§ 730.1597 Additional authority for determinations.**

The Deputy Administrator, State and County Operations, a member of the State committee, State executive director, or program specialist in the State ASCS office, may make any determination under this subpart which the county committee is authorized to make under this subpart and take any action under this subpart which the county committee is authorized to take under this subpart, including, but not limited to, the authority to make required determinations for the issuance of and to issue notices of farm marketing excesses. In any case where the Deputy Administrator, member of the State committee, State executive director, or program specialist elects to exercise the authority vested in him hereunder, the county committee shall not exercise its authority. A copy of each notice issued under this section shall be kept among the permanent records of the appropriate county committee.

(67 Stat. 633; 5 U.S.C. 22; 5 U.S.C. 133z–15, note; secs. 301, 351–356, 362–368, 372–376, 52 Stat. 38, as amended, 60, as amended, 61, as amended, 62, as amended, 63, as amended, 64, 65, as amended, 66, as amended; 7 U.S.C. 1301, 1351–1356, 1362–1368, 1372–1376)

Effective date: Date of filing with the Director, Office of the Federal Register.

Signed at Washington, D.C., on December 11, 1964.

CHARLES S. MURPHY,
*Under Secretary of Agriculture.*

SUBCHAPTER C—SPECIAL PROGRAMS

[Amdt. 3]

## PART 777—PROCESSOR WHEAT MARKETING CERTIFICATE REGULATIONS

### Miscellaneous Amendments

*Basis and purpose.* The following amendment is issued pursuant to the Agricultural Adjustment Act of 1938, as amended, by the Food and Agriculture Act of 1962, and the Agricultural Act of 1964 and provides miscellaneous changes in the provisions of the Processor Wheat Marketing Certificate Regulations.

(1) It expands and clarifies the definition of "non-food" products: It provides that certain listed products are non-food products if produced in a single plant from wheat. The products listed include any product which is processed and marketed for use as an ingredient in the manufacture of the listed products if such product is unsuitable for marketing as a food product. The listed products, among other things, cannot be manufactured from a part of the total flour streams obtained in the processing of patent flour and must be labeled or otherwise identified as a non-food product. It provides certain requirements pertaining to products which become unfit for human consumption, prior to marketing or removal for sale or consumption. It, also, clarifies the provision relating to a product being manufactured for food which during the course of manufacture inadvertently becomes unsuitable for marketing as the product originally intended.

(2) The amendment changes the beginning date for computing interest charges in cases when interest is due on certificates acquired from CCC.

(3) The amendment also clarifies the language in the regulations with respect to deductions for the weight of additional ingredients contained in the food products when calculating the quantity of wheat processed into food products on the conversion factor basis of reporting. Finally, it provides a conversion factor for an additional product to be used in determining certificate liability for processor reporting on the conversion factor basis

Since these provisions must be acted on immediately, or are needed immediately in the administration of the regulations, it is hereby found and determined that compliance with the notice, public procedure and 30-days effective date requirements of section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U.S.C. 1003) is impracticable and contrary to the public interest and that this amendment shall be effective at the effective date provided below.

The Processor Wheat Marketing Certificate Regulations are amended as follows:

Sections 777.3 (c) (1), (3) and (4) are amended to read as follows:

**§ 777.3 Definitions.**

(c) • • •

(1) Any of the following products when produced in a single plant from wheat, provided (i) none of the products obtained from the wheat used in the processing of such product is marketed, or removed from the plant for sale or consumption, as a food product, (ii) the product is not manufactured from only a part of the total flour streams obtained in the processing of patent flours, and (iii) the product is labeled or otherwise identified as a non-food product.

(*a*) Animal feed;

(*b*) Pet food and poultry feed;

(*c*) Adhesives and other industrial products unsuitable for human consumption;

(*d*) Any product marketed or removed from the plant for use as a component of the products listed in subdivisions (*a*), (*b*), or (*c*) of this subdivision if such product is unsuitable for marketing as a food product because of ingredients added or other action taken during the total course of processing.

• • • • • •

(3) Any product which prior to marketing or removal for sale or consumption, is determined to be unfit for human consumption by the Food and Drug Administration or any agency of a State or local government, has not been rendered unfit for human consumption by deliberate action on the part of the processor and is destroyed or disposed of for animal feed or other non-food use; or any product processed from wheat determined to be unfit for human consumption by any such agency, if the product is destroyed or disposed of for animal feed or other non-food use.

(4) Any product, being manufactured as a food product which in the course of processing inadvertently, and not by design or deliberate action on the part of the processor, becomes unsuitable for marketing as the food product originally intended to be produced, provided such product and all other products obtained from the wheat are destroyed, or prior to marketing or removal from the plant are unsuitable for marketing as a food product and are used in or marketed as animal feed or other non-food products specified in this paragraph.

**§ 777.11 [Amended]**

Section 777.11(b)(2) is amended to read as follows:

(2) If certificates are acquired and surrendered to CCC later than the 15th calendar day after the close of the processing report period during which the wheat was processed, the cost of the certificates acquired from CCC shall be the face value of the certificates plus interest at the rate of six percent per annum starting on the 16th calendar day after the close of the processing report period until the date of surrender of the certificates.

The last sentence of § 777.11(c)(3) is amended to read as follows: "The cost of any certificates purchased from CCC after such date to cover wheat used in processing the food products during the report period shall be the face value thereof plus interest at six percent per annum starting on the 16th calendar day after the close of the processing report period until the date of surrender of the certificates."

**§ 777.12 [Amended]**

The fourth sentence of § 777.12(g) is amended to read as follows: "If additional certificates are required, and such certificates are surrendered to CCC later than the 15th calendar day after the close of the processing report period in which the wheat was processed into the food products, the cost of any certificates acquired from CCC shall be the face value thereof plus interest at the rate of six percent per annum starting on the 16th calendar day after the close of the processing report period until the date of surrender of the certificates."

Section 777.14(b) is amended and (c) is amended by adding the following conversion factor for the product indicated. The amended portions of § 777.14 read as follows:

**§ 777.14 Conversion factor basis of reporting.**

• • • • • •

(b) *Additional ingredients.* If the food product conversion factor basis of reporting is used to determine the quantity of the wheat processed, such quantity may be reduced by the weight of any additional ingredient included in the weight of the food products which was introduced during the course of processing.

"Additional ingredient" for purposes of this paragraph means:

(1) Any flour and other food products including clears and malted wheat flour, which were produced prior to July 1, 1964, or for which certificates have previously been acquired and surrendered to CCC by the processor or for which certificates are required to be acquired and surrendered to CCC by another food processor from which the food product was purchased.

(2) Any non-wheat ingredient including, but not limited to malted barley flour, creta preparata, and self-rising components, but not including moisture used in the tempering of wheat or otherwise introduced in the production of the product.

(c) • • •

| A | B |
|---|---|
| *Food product* | *Bushels of wheat—equivalent per 100 pounds of product (conversion factor)* |
| Cracked wheat for cereal, including fines (extraction approximately 59 percent cracked wheat and 27 percent fines)[2] | 2.80 |

(Secs. 379a to 379j, 52 Stat. 31, as amended by 76 Stat. 626 and 78 Stat. 178; 7 U.S.C. 1379a to 1379j)

*Effective date.* The provisions of this amendment shall become effective as to wheat processed during the sixth and subsequent processing report periods for the 1964–1965 marketing year except that the conversion factor provided shall apply in determining the quantity of wheat processed into the applicable food product beginning July 1, 1964 where the food processor reports on a conversion factor basis.

Signed at Washington, D.C., on December 10, 1964.

CHARLES S. MURPHY,
*Acting Secretary.*

# Title 12—BANKS AND BANKING

## Chapter I—Bureau of the Comptroller of the Currency, Department of the Treasury

## PART I—INVESTMENT SECURITIES REGULATION

### City of Anaheim (California) Stadium, Inc. Lease-Rental Bonds

**§ 1.161 City of Anaheim (California) Stadium, Inc. Lease-Rental Bonds.**

(a) *Request.* The Comptroller of the Currency has been requested to rule on the eligibility of the $21,500,000 City of Anaheim Stadium, Inc. Lease-Rental Bonds for investment by National Banks under the provisions of paragraph Seventh of 12 U.S.C. 24.

(b) *Opinion.* (1) The City of Anaheim Stadium, Inc., a nonprofit corporation acting for the City of Anaheim, Calif., was created to issue its lease-rental bonds to finance he construction on leased land of a stadium, together with associated facilities, which is to be suitable for baseball, football and other outdoor sports events and exhibitions.

(2) The lease-rental bonds mature serially from April 1967, to April 2001, and their maturities run concurrently with the term of the lease agreement commencing January 1967, and ending April 2001. The bonds are payable from revenues derived from a net lease of the stadium facilities by the corporation to the City of Anaheim and the City obligates itself generally to pay the lease rentals free and clear of all expenses or charges whatsoever and in an amount sufficient to pay in full the semiannual maturities of principal of and interest on the lease-rental bonds and all other reasonable expenses of the Corporation.

(c) *Ruling.* It is the conclusion of this Office that a National Bank may in these circumstances determine that there is adequate evidence that the Corporation will be able to perform all that it undertakes to perform and that the $21,500,000 City of Anaheim Stadium, Inc. Lease-Rental Bonds meet the requirements of § 1.5(a) of the Investment Securities Regulation (12 CFR 1.5(a)), and are, therefore, eligible for investment by National Banks under the provisions and subject to the ten percent limitation of paragraph Seventh of 12 U.S.C. 24.

Dated: December 7, 1964.

[SEAL] JAMES J. SAXON,
*Comptroller of the Currency.*

## Chapter V—Federal Home Loan Bank Board

### SUBCHAPTER D—FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION

[No. FSLIC-1,936]

### PART 563—OPERATIONS

### Fidelity Bonds

DECEMBER 7, 1964.

Resolved that, notice and public procedure having been duly afforded (29 F.R. 9570) and all relevant material presented or available having been considered by it, the Federal Home Loan Bank Board, upon the basis of such consideration and of determination by it of the advisability of amendment of § 563.19 of the rules and regulations for Insurance of Accounts (12 CFR 563.19) and for the purpose of effecting such amendment, hereby amends said § 563.19 as follows, effective March 1, 1965:

Amend § 563.19 of the rules and regulations for Insurance of Accounts to read as follows:

**§ 563.19 Bonds for directors, officers, employees, and agents; form of and amount of bonds.**

(a) Each insured institution shall maintain fidelity bond coverage with a surety company acceptable to the Corporation, and such bond shall be in a form acceptable to the Corporation. The bond shall cover each director, officer, employee, and agent who has control over or access to cash or securities of such institution. Such coverage shall be maintained in the minimum amount set forth below, computed on a base consisting of the total assets of the insured institution plus the unpaid balance of loans which it has contracted to service for others, as follows:

| *Base* | *Minimum Bond* |
|---|---|
| Not over $300,000 | $15,000 plus $7,500 for each $100,000 or fraction thereof over $100,000. |
| $300,001 to $1,000,000 | $45,000 plus $15,000 for each $100,000 or fraction thereof over $400,000. |
| $1,000,001 to $10,000,000 | $150,000 plus $30,000 for each $1,000,000 or fraction thereof over $2,000,000. |
| $10,000,001 to $30,000,000 | $450,000 plus $60,000 for each $5,000,000 or fraction thereof over $15,000,000. |
| $30,000,001 to $60,000,000 | $705,000 plus $75,000 for each $10,000,000 or fraction thereof over $40,000,000. |
| $60,000,001 to $100,000,000 | $945,000 plus $90,000 for each $15,000,000 or fraction thereof over $70,000,000. |
| $100,000,001 and over | $1,230,000 plus $105,000 for each $25,000,000 or fraction thereof over $125,000,000. |

(b) No insured institution shall be required to maintain such fidelity bond coverage in an amount greater than $3,000,000. Such fidelity bond coverage may contain provision for a deductible amount from any loss which, except for such deductible provision, would be recoverable from the surety, but no such deductible amount shall be in excess of $500 for all losses involving the same person in any case where the base for the fidelity bond coverage is $10,000,000, or less, or in excess of $1,000 where the base for the fidelity bond coverage is in excess of $10,000,000.

(Secs. 402, 403, 48 Stat. 1256, 1257, as amended; 12 U.S.C. 1725, 1726. Reorg. Plan No. 3 of 1947, 12 F.R. 4981, 3 CFR, 1947 Supp.)

By the Federal Home Loan Bank Board.

[SEAL] HARRY W. CAULSEN,
*Secretary.*

[F.R. Doc. 64-12849; Filed, Dec. 14, 1964; 8:48 a.m.]

# Title 14—AERONAUTICS AND SPACE

## Chapter I—Federal Aviation Agency

[Airspace Docket No. 64-CE-48]

### PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

### Alteration of Control Zone and Transition Area

On September 23, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 13208) stating that the Federal Aviation Agency proposed to alter the control zone and the transition area at Lewistown, Mont.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t. February 4, 1965, as hereinafter set forth.

1. In § 71.171 (29 F.R. 1101) the Lewistown, Mont. control zone is amended to read:

LEWISTON, MONTANA

Within a 5-mile radius of the Lewistown Municipal Airport (latitude 47°02'39" N., longitude 109°28'15" W.) and within 2 miles either side of the Lewiston VOR 090° radial, extending from the 5-mile radius zone to the VOR.

2. In § 71.181 (29 F.R. 1160) the Lewistown, Mont., transition area is amended to read:

LEWISTOWN, MONTANA

That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Lewistown Municipal Airport (latitude 47°02'39" N., longitude 109°28'15" W.); and within 2 miles each side of the Lewistown VOR 104° and 289° radials extending from 19 miles E to 8 miles W of the VOR; and that airspace extending upward from 1200 feet above the surface within 5 miles N and 8 miles S of the Lewistown VOR 109° and 289° radials extending from 7 miles E to 13 miles W of the VOR and within the area W of the Lewistown VOR bounded on the S by a line 5 miles S and parallel to the Lewistown VOR 259° radial, on the W by the arc of a 30-mile radius circle centered on the Lewistown VOR and on the N by a line 5 miles N of and parallel to the Lewistown VOR 289° radial.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Kansas City, Mo., on December 3, 1964.

EDWARD C. MARSH,
*Director, Central Region.*

[F.R. Doc. 64-12819; Filed, Dec. 14, 1964; 8:45 a.m.]

[Airspace Docket No. 64-CE-85]

### PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

### Alteration of Control Zone

The purpose of this amendment to Part 71 [New] of the Federal Aviation Regulations is to alter the Sioux City, Iowa, control zone.

The Federal Aviation Agency is planning to decommission the Sioux City, Iowa, radio beacon. This decommissioning is scheduled on or about January 7, 1965. Since the Sioux City, Iowa, control zone is presently designated, in part, with reference to the Sioux City radio beacon, this alteration of the control zone is necessary to reflect the decommissioning of the radio beacon facility.

Since this amendment is less restrictive in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary and the amendment may become effective without regard to the 30 day statutory period.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 c.s.t., January 7, 1965, as hereinafter set forth.

In § 71.171 (29 F.R. 1101, 2306) the Sioux City, Iowa, control zone is amended by deleting "within 2 miles each side of the Sioux City RBn 163° bearing, extending from the 5-mile radius zone to 8 miles S of the RBn" from the text.

(Sec. 307 (a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Kansas City, Mo., on November 27, 1964.

HENRY L. NEWMAN,
*Acting Director, Central Region.*

[F.R. Doc. 64-12820; Filed, Dec. 14, 1964; 8:45 a.m.]

# Title 15—COMMERCE AND FOREIGN TRADE

## Chapter I—Bureau of the Census, Department of Commerce

### PART 50—SPECIAL SERVICES AND STUDIES BY THE BUREAU OF THE CENSUS

### Fee Structure for Age Search and Citizenship Information

The fee structure for age search and citizenship information is hereby amended to change the fee for a regular search in turn from $3 to $4 and for a priority search from $4 to $5 as shown below. No transcript of any record will be furnished which would violate existing laws requiring that information furnished be held confidential and not used to the detriment of the person to whom it relates. Requests for searches and application forms should be directed to the Bureau of the Census, Pittsburg, Kans., 66762.

**§ 50.5 Fee structure for age search and citizenship information.**

| *Types of service* | *Fee* |
|---|---|
| Searches in regular turn of not more than 2 censuses for 1 person and one transcript of the most appropriate record | $4.00 |
| Priority searches of not more than 2 censuses for 1 person and one transcript of the most appropriate record | 5.00 |
| Each additional copy of census transcript | 1.00 |

In accordance with the provisions of section 4(a) of the Administrative Procedure Act, it has been found that notice of and an opportunity to participate in the rule making is unnecessary for the reason that such procedure, because of the nature of the rules, would serve no useful purpose.

(13 U.S.C. 8)

Effective: January 15, 1965.

RICHARD M. SCAMMON,
*Director, Bureau of the Census.*

[F.R. Doc. 64-12824; Filed, Dec. 14, 1964; 8:45 a.m.]

# Title 21—FOOD AND DRUGS

## Chapter I—Food and Drug Administration, Department of Health, Education, and Welfare

### SUBCHAPTER A—GENERAL

### PART 8—COLOR ADDITIVES

### Postponement and Termination of Closing Date of Provisional Listings of Certain Items

The color additives amendments of 1960 (Public Law 86-618; 74 Stat. 404; 21 U.S.C. 376, note) authorizes the Secretary of Health, Education, and Welfare to postpone the closing date of a provisional listing (including a deemed provisional listing) of a color additive on his own initiative or upon application of an interested person.

Requests have been received to postpone the closing dates of the provisional listings of a number of color additives because scientific investigations necessary for listing these color additives under section 706 of the Federal Food, Drug, and Cosmetic Act have not been completed. It is found that postponement of the closing dates of the provisionally listed color additives included in this order will not be contrary to the interests of the public health. Any extensions so granted are conditioned upon a requirement that a progress report be supplied on or before July 1, 1965.

The closing dates of certain provisionally listed color additives are not postponed, and their provisional listing therefore automatically terminates on January 1, 1965. The Commissioner of Food and Drugs has no evidence that these color additives are harmful, but no evidence has been submitted that scientific investigations are under way to establish their safety or that all of them are being used. (The provisional listing of gloss white will terminate on January 1, 1965, but the closing date of the provisional listing of its two components, aluminum hydroxide and barium sulfate (blanc fixe), is postponed to January 1, 1966.) The termination of these listings as of January 1, 1965, is indicated by deletions in amendments 2b, 3b, and 4b.

Pursuant to the authority of the Federal Food, Drug, and Cosmetic Act (sec. 203(a)(2), Public Law 86-618; 74 Stat. 404; 21 U.S.C., 376, note) and delegated to the Commissioner of Food and Drugs by the Secretary (21 CFR 2.90; 29 F.R. 471), § 8.501 Provisional lists of color additives is amended as follows:

1. Paragraph (b) is amended by changing the closing date of the following items to July 1, 1965:

D&C Red No. 6 (§ 9.151 of this chapter).
D&C Red No. 7 (§ 9.152 of this chapter).
D&C Red No. 17 (§ 9.162 of this chapter).
D&C Red No. 19 (§ 9.164 of this chapter).
D&C Red No. 36 (§ 9.181 of this chapter).
D&C Red No. 37 (§ 9.182 of this chapter).
D&C Red No. 39 (§ 9.184 of this chapter).
D&C Orange No. 17 (§ 9.214 of this chapter).
D&C Blue No. 9 (§ 9.245 of this chapter).

2. Paragraph (e) is amended as follows:

a. By changing the closing date of the following items to January 1, 1966, and inserting in the "Restrictions" column for "Iron oxides" the words "Pet foods only.":

Beet juice.
Beet powder.
Calcium carbonate.
Carbon black (prepared by the "impingement" or "channel" process).
Carmine.
Carminic acid.
Carrot oil.
Cochineal.
Ferrous gluconate.
Grape skin extract.
Iron oxides.
Paprika and paprika oleoresin.
Riboflavin.
Saffron (*Crocus sativus L.*).
Titanium dioxide.
Turmeric and curcumin.
Ultramarine blue.
Xanthophyll.

b. By deleting the following items:

Alkanet (alkanna).
Charcoal (National Formulary XI).
Chlorophyll.
Chlorophyll copper complex and chlorophyllin copper complex.
Cudbear (*Roccella* spp., *Lecanora* spp.).
Ferric chloride.
Ferrous sulfate.
Logwood, chips and extracts (*Haematoxylon campechianum L.*).
Safflower (American saffron, florets of *Carthamus tinctorius L.*).

3. Paragraph (f) is amended as follows:

a. By changing the closing date of the following items to January 1, 1966:

Alumina.
Calcium carbonate.
Carbon black ("channel" or "impingement" process).
Carminic acid.
Chromium-cobalt-aluminum oxide.
Cochineal.
Ferric ammonium citrate.
Fustic.
Iron oxides.
Logwood.
Pyrogallol.
Talc.
Titanium dioxide.

b. By deleting the following items:

Bone black.
Charcoal (National Formulary XI).
Chlorophyll copper complex and chlorophyllin copper complex.
Ferric ferrocyanide (iron blue).
Ultramarine blue.

4. Paragraph (g) is amended as follows:

a. By changing the closing date of the following items to January 1, 1966:

Aluminum benzoate.
Aluminum hydroxide.
Aluminum powder.
Aluminum silicate (including hydrated aluminum silicate).
Aluminum stearate.
Annatto.
Azulene.
Barium sulfate (blanc fixe).
Bentonite.
Bismuth oxychloride.
Bone black.
Bronze powder.
Calcium carbonate.
Calcium stearate.
Calcium sulfate.
Caramel.

Carbon black (prepared by the "impingement" or "channel" process).
Carmine.
Carminic acid.
Carotene.
Charcoal.
Chlorophyll copper complex and chlorophyllin copper complex.
Chromium hydroxide green.
Chromium oxide greens.
Cochineal.
Copper, metallic powder.
Cornstarch.
Dihydroxyacetone.
Ferric ferrocyanide (iron blue).
Ferric hydroxide (hydrated iron oxide).
Gold.
Graphite.
Guanine (pearl essence).
Iron oxides.
Kaolin.
Lithium stearate.
Magnesium aluminum silicate.
Magnesium carbonate.
Magnesium oxide.
Magnesium stearate.
Magnesium trisilicate.
Manganese violet (probably $2(NH_4)_2Mn_2(P_2O_7)_2$).
Mica.
Silicic acid.
Silicon dioxide (silica).
Silk, powdered.
Talc.
Tin oxide.
Titanium dioxide.
Ultramarine blue.
Ultramarine green.
Ultramarine pink.
Ultramarine red.
Ultramarine violet.
Zinc carbonate.
Zinc oxide.
Zinc stearate.

b. By deleting the following items:

Alloxan.
Calcium silicate.
Cobaltous aluminate (cobalt blue).
Copper versenate.
Fuller's earth.
Gloss white.
Kieselguhr (diatomite).
Lapis lazuli (lazurite).
Lithopone.
Logwood (gluewood, campeche wood).
4-Methyl-7-diethylaminocoumarin (MDAC).
β-Methyl umbelliferone.
Potassium ferrocyanide.
Sienna.
Umber.
Vermiculite.
Zirconium oxide.
Zirconium silicate.

In order to allow orderly withdrawal from the market of the color additives listed in amendments 2b, 3b, and 4b and in the absence of information that the continued use of these color additives will adversely affect the public health, the Food and Drug Administration will not institute regulatory action against the color additives or the articles in which they have been permitted to be used solely for the reason that they are not provisionally or permanently listed as color additives for the period ending June 30, 1965.

*Effective date.* This order shall become effective on the date of publication.

Notice and public procedure and delayed effective date are not necessary prerequisites to the promulgation of this order, and I so find, because section 203(a)(2) of Public Law 86-618 provides for this issuance.

(Sec. 203(a)(2), Public Law 86-618; 74 Stat. 404; 21 U.S.C., note under 376)

Dated: December 8, 1964.

JOHN L. HARVEY,
*Deputy Commissioner of Food and Drugs.*

[F.R. Doc. 64-12832; Filed, Dec. 14, 1964; 8:46 a.m.]

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

## PART 121—FOOD ADDITIVES

### Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

LUBRICANTS WITH INCIDENTAL FOOD CONTACT

The Commissioner of Food and Drugs, having evaluated the data in a petition (FAP 4B1403) filed by Humble Oil and Refining Co., Houston, Tex., and other relevant material, has concluded that the food additive regulations (21 CFR 121.2553; 29 F.R. 15512) should be amended to provide for the use of additional substances in the formulation of lubricants with incidental food contact. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90; 29 F.R. 471), § 121.2553(a)(3) is amended by inserting alphabetically in the list of substances the following new items:

**§ 121.2553 Lubricants with incidental food contact.**

* * * * * * *

(a) * * *

(3) * * *

| Substances | Limitations |
|---|---|
| * * * | * * * |
| Penyl-α-hand/or phenyl-β-naphthylamine. | For use only, singly or in combination, as antioxidant in mineral oil lubricants at a level not to exceed a total of 1 percent by weight of the mineral oil. |
| * * * | * * * |
| Sodium nitrite | For use only as a rust preventive in mineral oil lubricants at a level not to exceed 3 percent by weight of the mineral oil. |

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

*Effective date.* This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1))

Dated: December 9, 1964.

JOHN L. HARVEY,
*Deputy Commissioner of Food and Drugs.*

[F.R. Doc. 64-12834; Filed, Dec. 14, 1964; 8:47 a.m.]

## PART 121—FOOD ADDITIVES

### Subpart F—Food Additives Resulting From Contact With Containers or Equipment and Food Additives Otherwise Affecting Food

ANTIOXIDANTS AND/OR STABILIZERS FOR POLYMERS

The Commissioner of Food and Drugs, having evaluated the data in petitions (FAP 4B1250, 4B1353) filed by B. A. Trotter, Inc., 939 Port Washington Boulevard, Port Washington, N.Y., 11050, and other relevant material, has concluded that the food additive regulations should be amended to provide for the use of magnesium salicylate, pentaerythritol and its stearate ester, and zinc salicylate as stabilizers in the formulation of rigid polyvinyl chloride polymer used in the manufacture of articles or components of articles that contact food. Therefore, pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1)), and under the authority delegated to the Commissioner by the Secretary of Health, Education, and Welfare (21 CFR 2.90; 29 F.R. 471), § 121.2566(b) is amended by inserting alphabetically in the list of substances three new items as follows:

**§ 121.2566 Antioxidants and/or stabilizers for polymers.**

* * * * * * *

(b) List of substances:

| | Limitations |
|---|---|
| * * * | * * * |
| Magnesium salicylate | For use only in rigid polyvinyl chloride provided that total salicylates (calculated as the acid) do not exceed 0.3 percent by weight of the polymer. |
| * * * | * * * |
| Pentaerythritol and its stearate ester. | For use only in rigid polyvinyl chloride provided that the total amount of pentaerythritol and/or pentaerythritol stearate (calculated as free pentaerythritol) does not exceed 0.4 percent by weight of the polymer. |
| * * * | * * * |
| Zinc salicylate | For use only in rigid polyvinyl chloride provided that total salicylates (calculated as the acid) do not exceed 0.3 percent by weight of the polymer. |
| * * * | * * * |

* * * * * * *

Any person who will be adversely affected by the foregoing order may at any time within 30 days from the date of its publication in the FEDERAL REGISTER file with the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C., 20201, written objections thereto, preferably in quintuplicate. Objections shall show wherein the person filing will be adversely affected by the order and specify with particularity the provisions of the order deemed objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought. Objections may be accompanied by a memorandum or brief in support thereof.

*Effective date.* This order shall be effective on the date of its publication in the FEDERAL REGISTER.

(Sec. 409(c)(1), 72 Stat. 1786; 21 U.S.C. 348(c)(1))

Dated: December 9, 1964.

JOHN L. HARVEY,
*Deputy Commissioner of Food and Drugs.*

[F.R. Doc. 64-12833; Filed, Dec. 14, 1964; 8:47 a.m.]

# Title 36—PARKS, FORESTS, AND MEMORIALS

## Chapter I—National Park Service, Department of the Interior

## PART 7—SPECIAL REGULATIONS RELATING TO PARKS AND MONUMENTS

### Buck Island Reef National Monument, Virgin Islands

On pages 6651 and 6652 of the FEDERAL REGISTER of May 21, 1964, there was published a proposed amendment to Part 7 of Title 36, Code of Federal Regulations. The purpose of the amendment is to add to Part 7 a new section that will provide for protection of submerged features and wrecks and will regulate boats, fishing and marine operations within Buck Island Reef National Monument.

Interested persons were given 30 days within which to submit written comments, suggestions, or objections with respect to the proposed amendment. No objections have been received and comments submitted do not require a revision of the proposal. The proposed amendment is hereby adopted without change and is set forth below. This amendment shall become effective at the beginning of the 30th calendar day following the date of this publication in the FEDERAL REGISTER.

A new section is added to Part 7 to read as follows:

**§ 7.73 Buck Island Reef National Monument.**

(a) *Submerged features.* (1) No person shall cut, carve, injure, mutilate, remove, displace or break off any underwater growth or formation. Nor shall any person dig in the bottom, or in any other way injure or impair the natural beauty of the underwater scene. No rope, wire or other contrivance whether such contrivance is temporary or permanent in character or use shall be attached to any coral, rock or other underwater formation.

(2) No person shall destroy, mark, deface, displace, remove or tamper with any underwater sign, notice, float, placard or underwater device.

(b) *Marine operations.* No dredging, excavating or filling operations of any kind are permitted, and no equipment, structures, byproducts or excavated materials associated with such operations may be deposited in or on the waters or ashore within the boundaries of the Monument.

(c) *Wrecks.* No person shall destroy, molest, remove, deface, displace or tamper with wrecked or abandoned waterborne craft of any type or condition, or any cargo pertaining thereto, unless permitted in writing by an authorized official of the National Park Service.

(d) *Boats.* (1) No watercraft shall be operated in such a manner, nor shall anchors or any other mooring device be cast or dragged or placed, so as to strike or otherwise cause damage to any underwater features.

(2) Anchoring or maneuvering watercraft within the waters that contain underwater marked swimming trails and interpretive signs is prohibited.

(3) All watercraft, carrying passengers for hire, shall comply with applicable regulations and laws of the U.S. Coast Guard and Territory of the Virgin Islands.

(e) *Fishing.* (1) Taking of fishes or any other marine life in any way except with rod or line, the rod or line being held in the hand, is prohibited: *Provided*, That fish may be taken by pots or traps of conventional Virgin Islands design and not larger than five feet at the greatest dimension, and bait fish may be taken by nets of no greater overall length than 20 feet and of mesh not larger than 1 inch stretched: *Provided further*, That subparagraphs (3), (4), and (5) of this paragraph shall apply.

(2) The use or possession of any type of spearfishing equipment within the boundaries of the Monument is prohibited.

(3) The species of crustaceans known as Florida Spiny Lobster (Panulirus argus) may be taken by hand or handheld hook or snare. No person shall take female lobsters with eggs; or take more than two lobsters per person per day; or have in possession more than two days' limit: *Provided*, That subparagraph (5) of this paragraph shall apply.

(4) Species of mollusks commonly known as whelks and conchs may be taken by hand. No person shall take more than two conchs or one gallon of whelks, or both, per day, or have in possession more than two days' limit; *Provided*, That subparagraph (5) of this paragraph shall apply.

(5) All known means of taking fish, crustaceans, mollusks, turtles, or other marine life are prohibited between the outer fringes of the barrier reef and the shore line of Buck Island eastward of the recognizable extremities of the sand beach on the north and south sides of the island.

(80 Stat. 238; 5 U.S.C. 1003; 39 Stat. 535; 16 U.S.C. 3)

## PART 7—SPECIAL REGULATIONS RELATING TO PARKS AND MONUMENTS

### Virgin Islands National Park, Virgin Islands

On page 6652 of the FEDERAL REGISTER of May 21, 1964, there was published a proposed amendment to Part 7 of Title 36, Code of Federal Regulations. The purpose of the amendment is to add to Part 7 a new section that will provide protection of submerged features and wrecks and will regulate boats, fishing and marine operations within Virgin Islands National Park.

Interested persons were given 30 days within which to submit written comments, suggestions, or objections with respect to the proposed amendment. As the result of comments received, the proposed regulation is hereby adopted with the following change: The word "monument" is changed to "park" in paragraph (e)(2), and is set forth below. This amendment shall become effective at the beginning of the 30th calendar day following the date of this publication in the FEDERAL REGISTER.

A new section is added to Part 7 to read as follows:

**§ 7.74 Virgin Islands National Park.**

(a) *Submerged features.* (1) No person shall cut, carve, injure, mutilate, remove, displace or break off any underwater growth or formation. Nor shall any person dig in the bottom, or in any other way injure or impair the natural beauty of the underwater scene. No rope, wire or other contrivance whether such contrivance is temporary or permanent in character or use shall be attached to any coral, rock or other underwater formation.

(2) No person shall destroy, mark, deface, displace, remove or tamper with any underwater sign, notice, float, placard or underwater device.

(b) *Marine operations.* No dredging, excavating or filling operations of any kind are permitted, and no equipment, structures, byproducts or excavated materials associated with such operations may be deposited in or on the waters or ashore within the boundaries of the Park.

(c) *Wrecks.* No person shall destroy, molest, remove, deface, displace or tamper with wrecked or abandoned water-

borne craft of any type or condition, or any cargo pertaining thereto unless permitted in writing by an authorized official of the National Park Service.

(d) *Boats.* (1) No watercraft shall be operated in such a manner, nor shall anchors or any other mooring device be cast or dragged or placed, so as to strike or otherwise cause damage to any underwater features.

(2) Anchoring or maneuvering watercraft within the waters that contain underwater marked swimming trails and interpretive signs is prohibited.

(3) Vessels desiring to enter Trunk Bay must enter and depart between the two outer buoys delineating the prescribed anchorage area, and shall anchor within described area, and no other, making sure the vessel will lie within this area regardless of wind or sea conditions: Except, that hand-propelled craft may be used to transport passengers and equipment between the anchorage area and the beach.

(4) All vessels carrying passengers for hire shall comply with applicable laws and regulations of the United States Coast Guard and Territory of the Virgin Islands.

(e) *Fishing.* (1) Taking of fishes or any other marine life in any way except with rod or line, the rod or line being held in the hand, is prohibited: *Provided*, That fish may be taken by pots or traps of conventional Virgin Islands design and not larger than five feet at the greatest dimension, and bait fish may be taken by nets of no greater overall length than 20 feet and of mesh not larger than 1 inch stretched: *Provided further*, That subparagraphs (3), (4), and (5) of this paragraph shall apply.

(2) The use or possession of any type of spearfishing equipment within the boundaries of the park is prohibited.

(3) The species of crustaceans known as Florida Spiny Lobster (Panulirus argus) may be taken by hand or hand-held hook. No person shall take female lobsters with eggs; or take more than two lobsters per person per day; or have in possession more than two days' limit: *Provided*, That subparagraph (5) of this paragraph shall apply.

(4) Species of mollusks commonly known as whelks and conchs may be taken by hand. No person shall take more than two conchs or one gallon of whelks, or both, per day, or have in possession more than two days' limit: *Provided*, That subparagraph (5) of this paragraph shall apply.

(5) All known means of taking fish, crustaceans, mollusks, turtles, or other marine life are prohibited in Trunk Bay and in other waters containing underwater signs and markers.

(60 Stat. 238; 5 U.S.C. 1003; 39 Stat. 535; 16 U.S.C. 3)

FRANK R. GIVENS,
*Superintendent,*
*Virgin Islands National Park.*

# Title 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

## Chapter I—Veterans Administration

## PART 3—ADJUDICATION

### Subpart A—Pensions, Compensation, and Dependency and Indemnity Compensation

EVALUATION OF INCOME

In § 3.262(k), subparagraph (5) is amended to read as follows:

**§ 3.262 Evaluation of income.**

* * * * *

(k) *Property.* * * *

(5) *Sale of property—Public Law 86-211.* Where pension is payable under Public Law 86-211, profit from the sale of real or personal property other than in the course of a business will not be considered income. This applies to property acquired either before or after the date of entitlement. Any amounts received in excess of the sales price will be counted as income. Where payments are received in installments, principal and interest will not be counted separately. (38 U.S.C. 503(10); Public Law 88-664)

* * * * *

(72 Stat. 1114; 38 U.S.C. 210)

This VA Regulation is effective January 1, 1965.

Approved: December 9, 1964.

By direction of the Administrator.

[SEAL] W. J. DRIVER,
*Deputy Administrator.*

## Chapter 2—Federal Aviation Agency

### REVISION OF CHAPTER

Chapter 2 of Title 41 of the Code of Federal Regulations is revised to read as set forth below. These regulations are effective December 15, 1964.

Dated: December 9, 1964.

JOHN E. PERNICE,
*Chief, Procurement Division,*
*Installation and Materiel Service.*

Part
2-1—General
2-2—Procurement by formal advertising
2-3—Procurement by negotiation
2-7—Contract clauses
2-9—Patents, data, and copyrights
2-10—Bonds and insurance
2-60—Contract appeals

## PART 2-1—GENERAL

### Subpart 2-1.1—Agency Procurement Regulation System

Sec.
2-1.101 Purpose.
2-1.102 Authority.
2-1.103 Applicability.
2-1.104 Issuance.
2-1.104-1 Relation to Federal Procurement Regulations System.
2-1.104-2 Internal.
2-1.104-3 Public.
2-1.104-4 FAPR Notices.
2-1.105 Arrangement.
2-1.105-1 Citation.
2-1.106 Agency implementation.
2-1.107 Deviation.

### Subpart 2-1.2—Definition of Terms

2-1.204 Head of the agency.
2-1.206 Head of the procuring activity.
2-1.250 Chief officer responsible for procurement.

### Subpart 2-1.3—General Policies

2-1.310-6 Determination of responsibility.
2-1.310-7 Information regarding responsibility.
2-1.310-10 Performance records.
2-1.310-50 Master file.
2-1.318 Contracting Officer's decision under a disputes clause.

### Subpart 2-1.7—Small Business Concerns

2-1.700 General.
2-1.701-1 Small business concern (for Government procurement).
2-1.710 Subcontracting with small business concerns.
2-1.710-1 General.
2-1.710-4 Responsibility for reviewing the subcontracting program.

### Subpart 2-1.8—Labor Surplus Area Concerns

2-1.801 Definitions.
2-1.801-2 Labor surplus areas.
2-1.802-1 General policy.
2-1.805 Subcontracting with labor surplus area concerns.
2-1.805-1 General.
2-1.805-4 Review of subcontracting program.
2-1.807 Report on preference procurement in labor surplus areas.

### Subpart 2-1.10—Publicizing Procurement Actions

2-1.1002 Availability of invitation for bids and requests for proposals.
2-1.1003-2 General requirements.

AUTHORITY: The provisions of this Part 2-1 issued under secs. 303, 813, 72 Stat. 747, 752; 49 U.S.C. 1344, 1354.

### Subpart 2-1.1—Agency Procurement Regulation System

**§ 2-1.101 Purpose.**

The subpart establishes a system of Federal Aviation Agency Procurement Regulations (FAPR) for the codification and publication of policies and procedures for the procurement of services and personal property by the Federal Aviation Agency.

**§ 2-1.102 Authority.**

FAPR are issued in compliance with the Federal Procurement Regulations System, prescribed by the Administrator of General Services under the Federal Property and Administrative Services Act of 1949.

(a) Responsibility for the development of Chapter 2 of FAPR is assigned to the procurement Division, Installation and Materiel Service.

(b) Chapter 2 of the Federal Procurement Regulations System will contain procurement policies and procedures prescribed by the Chief, Procurement Division (IM-200), Installation and Materiel Service, for uniform application throughout the Federal Aviation Agency.

**§ 2-1.103 Applicability.**

Except where a deviation is specifically authorized in accordance with § 2-1.107, Agency employees engaged in procurement activities shall comply with the policies and procedures set forth in FPR and FAPR unless they are optional by their terms.

**§ 2-1.104 Issuance.**

**§ 2-1.104-1 Relation to Federal Procurement Regulations System.**

The Federal Procurement Regulations System is designed to bring together, under Title 41, Subtitle A of the Code of Federal Regulations, the procurement regulations applicable to all civilian agencies of the Government. Federal Procurement Regulations (FPR) are Chapter 1. Chapter 2 is assigned for the procurement regulations of the Federal Aviation Agency (FAA). Chapters 3 through 49 will be used by other agencies. FPR (Chapter 1) is subdivided into 49 parts. Parts 1 through 49 of FAPR (Chapter 2) will be used to expand upon or modify the policies and procedures included in FPR. Material issued in the first 49 parts of FAPR will be numerically keyed to the corresponding sections of FPR. Parts 50 through 99 of FAPR will be used for procurement policies and procedures for which there is no counterpart in FPR. The numbering system established by § 1-1.007-2 of this title will be utilized to the maximum practicable extent in FAPR.

**§ 2-1.104-2 Internal.**

FAPR will be published in loose-leaf form for distribution within the Federal Aviation Agency to procurement offices and others concerned. Requests to be placed on the distribution lists, or for extra copies, should be addressed to the Office of Headquarters Operations, Publishing and Graphics Division, Office of Management Services, Attn: Requirements and Distribution.

**§ 2-1.104-3 Public.**

Those parts of FAPR which contain basic and significant policies and procedures considered to be of interest to the general public will be published in the daily issue of the FEDERAL REGISTER and, in cumulated form, in the Code of Federal Regulations. The Procurement Division, Installation and Materiel Service, is responsible for determining what material shall be published and for preparing submissions for publication. Copies of FAPR in FEDERAL REGISTER and Code of Federal Regulations form may be purchased by the public, at nominal cost, from the Superintendent of Documents, Government Printing Office, Washington D.C. 20402.

**§ 2-1.104-4 FAPR Notices.**

FAPR in loose-leaf form will be transmitted to the addresses of the distribution list by means of FAPR Notices. These notices will also be used to promulgate temporary, interim, and emergency procurement instructions.

**§ 2-1.105 Arrangement.**

**§ 2-1.105-1 Citation.**

Any section of FAPR may be informally identified in internal instructions or correspondence by "FAPR" followed by the section number. Only those sections of the regulations which have been published in the FEDERAL REGISTER may properly be incorporated in contracts by reference. Such sections should be cited as "41 CFR" followed by the section number as "41 CFR 2-1.105-1".

**§ 2-1.106 Agency implementation.**

The heads of the various Agency procurement offices may issue local operating instructions and procedures consistent with FPR, FAPR, and other Agency regulations, policies and procedures for application solely within their own areas of responsibility. One copy of each such issuance shall be forwarded to the Procurement Division, Installation and Materiel Service. When such material is for application and distribution to only holders of the FAPR, it should be numerically keyed to the FAPR.

**§ 2-1.107 Deviation.**

Deviation (as defined in § 1-1009-1 of this title) from the FPR and FAPR shall be kept to a minimum and shall be controlled as follows:

(a) Requests for deviation may be initiated by the heads of the several Agency procurement offices. Such requests shall cite the specific part or section of FPR or FAPR from which it is desired to deviate, shall set forth the nature of the deviation and shall give the reasons why such action is considered necessary or desirable. Requests shall be submitted to the Installation and Materiel Service (Attn: Procurement Division) for advance approval.

(b) The Chief, Procurement Division, Installation and Materiel Service, is authorized to approve deviations. Such approval may be granted only when exceptional and special circumstances indicate that such action is clearly in the best interest of the Agency. A record of the nature of each such deviation, the justification for it, and the approval of it shall be prepared and included in the contract file.

(c) Deviations may be implemented under FAPR, or the procurement office concerned may be authorized to issue internal instructions incorporating the deviation, as applicable.

### Subpart 2-1.2—Definition of Terms

**§ 2-1.204 Head of the agency.**

The FPR refers to the "Head of the Agency" or "Agency Head" as a level of approval. Agency Order OA P 1100.1, Paragraph 802, authorizes the Associate Administrator for Development to act as agency head within the meaning of Title III of the Federal Property and Administrative Services Act of 1949, as amended, except in connection with the Supersonic Transport Development Program. Referrals to the agency head shall be made through the Chief, Procurement Division, IM-200.

**§ 2-1.206 Head of the procuring activity.**

"Head of the procuring activity" means, for (a) Headquarters Washington, the Chief, Procurement Division, Installation and Materiel Service; (b) for each region, the Director of the respective region; and (c) for the Installation and Materiel Depot, the Manager of the Depot.

**§ 2-1.250 Chief officer responsible for procurement.**

"Chief officer responsible for procurement" shall be considered synonymous with the title "head of the procuring activity" (see § 2-1.206).

### Subpart 2-1.3—General Policies

**§ 2-1.310-6 Determination of responsibility.**

(a) In every case where the procurement exceeds $10,000, the contracting officer shall prepare, in duplicate, a positive statement of the facts on which the determination of responsibility is based. One copy shall be placed in the contract file and the remaining copy shall be forwarded to the Procurement Service Branch, IM-290 for inclusion in the Agency master file of vendor information. This statement should be accompanied by any supporting data such as pre-award on-site evaluation reports.

(b) A partial list of the factors which should be applied in pre-award evaluation is given below. The nature of the supply or service to be procured and the type and amount of contracts may be considered in applying these factors:

(1) Management and personnel;
(2) Technical capability;
(3) Production capability;
(4) Physical plant and public utilities;
(5) Facilities and equipment (including production, packaging, inspection, testing, shipping, and transportation);
(6) Performance record on prior and current Government contracts;
(7) Quality assurance program and procedures;
(8) Cost estimating and accounting system;
(9) Purchasing system (make-or-buy program);
(10) Financial capability;
(11) Security clearance and plant protection;
(12) Equal opportunity policy;
(13) Subcontracting policy;
(14) Property and inventory control;
(15) Ability to meet delivery schedule or performance date.

(c) Contracting officers are required by law to award contracts only to responsible prospective contractors.

(d) When it is determined that a prospective contractor does not meet the minimum standards specified in § 1-

1.310–5 of this title and any such additional standards as may be prescribed in the solicitation, a copy of any memoranda or findings which set forth the reasons for such a determination shall also be furnished for inclusion in the Agency master file.

**§ 2–1.310–7 Information regarding responsibility.**

In addition to the sources itemized in § 1–1.310–7 of this title, the contracting officer shall utilize information contained in the Agency master file established by § 2–1.310–50.

**§ 2–1.310–1 Performance records.**

(a) *Contractor performance evaluation.* Upon completion or termination of each contract exceeding $10,000 in value, a Contractor Performance Evaluation Form, FAA Form 3458 will be completed. The primary objective for evaluating and recording a contractor's performance is to provide a basis for determining the responsibility of the contractor in the award of future contracts.

(b) *Source of information.* The form shall be prepared by the contract specialist with the most intimate knowledge of the contractor's performance and it shall be approved by the contracting officer. Information in the contract files, as well as personal knowledge of the contractor's performance by the contract specialist, project manager, inspector or other cognizant personnel should provide the basis for ratings. To assure equitable treatment for all contractors the form must be prepared factually and impartially. It should be clearly ascertained that delay in delivery or performance is the contractor's fault before charging him with responsibility for such delay. It is essential that the contract specialist avail himself of all pertinent information before determining the appropriate ratings.

(c) *Rating instructions.* It is important that the ratings of "outstanding", "satisfactory", "unsatisfactory", assigned to contractors for the various items accurately portray the contractor's performance, as they will be considered in determining the contractor's responsibleness for future awards. When a "satisfactory" rating is assigned to an item, no additional information is required to support the rating. When either an "outstanding" or "unsatisfactory" rating is assigned to an item, the reasons for such a rating must be included in the space provided.

(1) *Application of adjective ratings.* A contractor shall be rated "satisfactory" on the various items unless his performance is clearly above or below contractual requirements or general business practices in which case the rating of "outstanding" and "unsatisfactory", respectively, would apply. Below are examples of instances where the various adjective ratings might be appropriate. These examples are provided solely for the purpose of achieving a degree of uniformity as to the interpretation of the adjective ratings and they do not include all matters which should be considered in rating each factor.

(i) *Quality of end products or services.* (a) Outstanding: Contractor provides a product or services of a quality above the contractual requirements, or on his own initiative, recommends ways and means of improving specifications with the result that a better end item is produced.

(b) Unsatisfactory: Contractor is held in default for failure to furnish an acceptable product, or contractor had to repeatedly take corrective action to produce an acceptable product.

(ii) *Timeliness of performance.* (a) Outstanding: Contractor delivers or performs substantially before the contract due date either on his own initiative or by request of the contracting officer; or contractor accepts a tight delivery schedule and performs on time.

(b) Unsatisfactory: Contractor is substantially late due to his own deficiencies in performing his contract or fails to perform the contract and is held in default.

(iii) *Compliance with clauses.* (a) Outstanding: Contractor maintained an active and effective subcontracting program which provided maximum assistance to small business concerns and concerns located in labor surplus areas.

(b) Unsatisfactory: Contractor fails to comply with labor laws, nondiscrimination provisions, etc.; and it was necessary for the contracting officer to repeatedly instruct him to comply.

(iv) *Cost contract management* (applicable to cost-type contracts only). (a) Outstanding: Contractor has demontrated ability to control costs for highly complex work under cost contracts, or contractor was extremely efficient in managing Government-furnished property and Government-owned facilities.

(b) Unsatisfactory: Contractor failed to properly manage contract resulting in substantial cost overruns, or he was careless in managing Government-owned property and facilities.

(v) *General business conduct.* (a) Outstanding: Contractor maintained an effective line of communication with the contracting officer concerning progression of the contract, and anticipated delays; or demonstrated unusual perseverance and integrity in discharging his contractual responsibilities.

(b) Unsatisfactory: Contractor ignored instructions of the contracting officer to take corrective actions to comply with contract, failed to respond to communications, or in any way failed to demonstrate integrity in the conduct of his business dealings with the Government.

(d) *Distribution and use of completed forms.* The form shall be prepared in duplicate. One copy shall be inserted in the contract file while the other copy shall be forwarded to the Procurement Service Branch, IM–290 for inclusion in the Agency master file.

(e) *Interim Notice.* FAA Form 3458 is to be prepared upon the completion or termination of contracts exceeding $10,000. However, in the event a serious situation develops with a contractor before the form is due, the interim notice procedure set forth in this paragraph will be used to alert other Agency procurement offices. These serious situations would include such things as (i) anticipated bankruptcy, (ii) labor statute violations so acute that a recommendation for debarment is contemplated, or (iii) serious performance problems which indicate an inability or unwillingness to perform. When such situations develop, an interim notice in memo form shall be sent to the Procurement Services Branch, IM–290, who in turn will alert all Agency procurement offices. If the contractor later cures his unsatisfactory performance or any of the conditions which prompted the submission of the initial notice, the notice shall be supplemented, stating what action was taken by the contractor to correct the deficiencies. The routing of any supplements shall be the same as the initial notice.

**§ 2–1.310–50 Master file.**

(a) The Procurement Service Branch, IM–290, of the headquarters Procurement Division will compile and maintain a file on prospective suppliers to assist contracting officers in determining the responsibleness of contractors. The file will contain copies of the following data:

(1) Contractor Performance Evaluation, FAA Form 3458.

(2) Determinations of contractor responsibleness (including Dun & Bradstreet reports and other supporting data). (See § 2–1.310–6.)

(3) Debarment or ineligibility information.

(b) The information in these files will be available for use by all procurement offices throughout the Agency. Quarterly, the Procurement Service Branch will prepare and distribute to all procurement offices a listing of all firms on which there has been accumulated substantial information. Subsequently, if a contracting officer is in the process of making a determination as to the responsibility of a prospective contractor whose name appears on the list, he shall secure the file from the above Branch. In the case of field requests, the contents of the file may be reproduced and forwarded if deemed more practical than lending the file.

**§ 2–1.318 Contracting Officer's decision under a disputes clause.**

When a final decision of the contracting officer involves a dispute that is or may be subject to the Disputes Clause, a paragraph substantially the same as that set forth in § 1–1.318(a) of this title shall be included in the decision with the title "Administrator" inserted in the blank space in the paragraph. The decision shall also contain the following paragraph:

> The FAA Contract Appeals Panel is the authorized representative of the Administrator in hearing, considering, and deciding such appeals. The rules of the FAA Contract Appeals Panel are set forth in the Code of Federal Regulations (41 CFR 2–60 et seq.).

## Subpart 2–1.7—Small Business Concerns

**§ 2–1.700 General.**

The small business program of this Agency shall be conducted as an integral part of the Agency's mission. Consideration will be afforded the small business program in all phases of procurement to the end that the effectiveness and efficiency of the procurement mission is not impeded. In the interest of assuring that the Agency does everything possible consistent with efficiency and within the framework of existing law and regulation, each procurement office should designate a member of its staff to serve as a special assistance officer for small business matters. His responsibility would include the procurements of that office to assure full application of all special considerations and treatment which may be afforded small business firms by law and regulation both as Agency prime contractors and sub-contractors under Agency contracts.

**§ 2–1.701–1 Small business concern (for Government procurement).**

(a) When the procurement is either partially or totally set-aside for small business participation, the small business employment size standard (or other criteria) shall be stated in the solicitation.

(1) When the solicitation is for a manufactured product classified within an industry set forth in § 1–1.701–1(h) of this title, language reading substantially as follows shall be used:

> The small business employment size standard prescribed for this procurement is not more than ------ *employees, except when the concern is a small business non-manufacturer in which case the employment size standard is not more than 500 employees.

(2) When the solicitation is for a manufactured product that is not classified within an industry set forth in § 1–1.701–1(h) of this title, language reading substantially as follows shall be used:

> The small business employment size standard prescribed for this procurement is not more than 500 employees.

(3) Similar language shall be used to prescribe the employment size standard, average annual receipts, or other criteria, in procurements for construction, research, development, and testing, services, transportation, and manufacturing.

**§ 2–1.710 Subcontracting with small business concerns.**

**§ 2–1.710–1 General.**

When the contractor is required to establish and conduct a small business subcontracting program, the Invitation for Bids (IFB) or the Request for Proposals (RFP) will require that the name of the prospective contractor's designated liaison officer be furnished with the bid or proposal. Immediately after award of the contract, the representative of the Small Business Administration serving the area and the contracting office's small business advisor shall be given the name of the contractor's liaison officer for small business matters.

**§ 2–1.710–4 Responsibility for reviewing the subcontracting program.**

The contracting officer is responsible for the review required by § 1–1.710–4 of this title. A review shall be made as soon as possible after the award of a contract, and periodically thereafter. Written reports of all such reviews shall be included in the contract file and a copy furnished to the Agency's Small Business Assistance Officer, IM–205.

*Insert "750" or "1000", as appropriate.

## Subpart 2–1.8—Labor Surplus Area Concerns

**§ 2–1.801 Definitions.**

**§ 2–1.801–2 Labor surplus areas.**

Arrangements have been made for each procurement office to receive, directly from the Department of Labor, their publications, "Directory of Important Labor Market Areas" and "Area Labor Market Trends." Failure to receive these publications, or requirements for additional copies should be called to the attention of the Procurement Information Office, Procurement Division, IM–200, Installation and Materiel Service.

**§ 2–1.802–1 General policy.**

In the interest of assuring that this Agency does everything possible consistent with efficiency and within the framework of existing law and regulation, each procurement office should designate a member of its staff to serve as a special assistance officer for labor surplus area matters. His responsibility would include a review of the procurements of that office to assure full application of all special considerations and treatment of firms who would perform a substantial part of their work in labor surplus areas.

**§ 2–1.805 Subcontracting with labor surplus area concerns.**

**§ 2–1.805–1 General.**

(a) When a contractor is required to establish and conduct a "Labor Surplus Area Subcontracting Program", the Invitation for Bids (IFB) or Request for Proposals (RFP) will require that the name of the prospective contractor's designated liaison officer be furnished with the bid or proposal. Immediately after award of the contract the name of the contractor's liaison officer shall be given to the procurement office's small business advisor for labor surplus area matters.

(b) The IFB or RFP should also advise prospective contractors that labor surplus areas are listed in "Area Labor Market Trends", copies of which may be obtained from the Bureau of Employment Security, Department of Labor, Washington, D.C., 20210.

**§ 2–1.805–4 Review of subcontracting program.**

The contracting officer is responsible for the review required by § 1–1.805–4 of this title. A review shall be made as soon as possible after the award of a contract, and periodically thereafter. Written reports of all such reviews shall be included in the contract file and a copy transmitted to the Agency Small Business Assistance Officer, IM–205.

**§ 2–1.807 Report on preference procurement in labor surplus areas.**

Reports required pursuant to § 1–1.807 of this title shall be prepared by each procurement office and submitted in quadruplicate to the Procurement Division, IM–200, within 30 days after the close of each calendar quarter. (Ref: RIS IM 4473.1)

## Subpart 2–1.10—Publicizing Procurement Actions

**§ 2–1.1002 Availability of invitation for bids and requests for proposals.**

(a) A copy of all invitation for bids and request for proposals issued by the Procurement Division, IM–200 will be forwarded to the Procurement Information Office, IM–205. This requirement applies to all other Agency procurement offices when:

(1) The proposed construction contract is estimated to exceed $25,000 (a copy of SF–20 will suffice);

(2) The proposed supply or service contract is estimated to exceed $5,000.

(b) Copies of plans, drawings, specifications and other attachments to the IFB or RFP Schedule need not be furnished.

**§ 2–1.1003–2 General requirements.**

Section 2–1.1003–2 of this title requires, with certain exceptions that procurements of $5,000 and above be publicized in the Department of Commerce Synopsis. Procurements proposed to be awarded on a sole source basis are not excluded from this requirement. Therefore, in such cases, appropriate notices substantially as follows shall be issued:

(a) For unsolicited proposals:

> Negotiations will be conducted with (Name and address of firm) for (Description of articles or services) on the basis of an unsolicited proposal submitted by this firm. This notice is issued for the information of prospective subcontractors.

(b) For other sole source procurement:

> Negotiations will be conducted with (Name and address of firm) for (Description of articles or services). This notice is issued for the information of prospective subcontractors. No RFP is available.

# Part 2–2—Procurement by Formal Advertising

### Subpart 2–2.2—Solicitation of Bids

Sec.
2–2.205 Bidders mailing lists.
2–2.205–1 Establishment of lists.
2–2.205–5 Release of bidders mailing lists.

### Subpart 2–2.3—Submission of Bids

2–2.3 Submission of bids.
2–2.301 Responsiveness of bids.

### Subpart 2–2.4—Opening of Bids and Award of Contract

2–2.406 Mistakes in bids.
2–2.406–3 Other mistakes disclosed before award.
2–2.406–4 Disclosure of mistakes after award.
2–2.407–8 Protests against award.
2–2.408 Information to bidders.

AUTHORITY: The provisions of this Part 2–2 issued under secs. 303, 313, 72 Stat. 747, 752; 49 U.S.C. 1344, 1354.

## Subpart 2–2.2—Solicitation of Bids

**§ 2–2.205 Bidders mailing lists.**

**§ 2–2.205–1 Establishment of lists.**

Firms, other than local suppliers, applying to be placed on the bidders mail-

ing list of a procurement office shall be briefed on the procurement programs of the various procurement offices throughout the Agency. If a firm indicates an interest to be placed on the mailing list of certain other Agency procurement offices, the office receiving the "Bidders Mailing List application," SF-129 shall send copies of the form to the selected offices with an appropriate covering memorandum.

**§ 2-2.205-5 Release of bidders mailing lists.**

Except as provided in § 1-2.205-5(b) of this title, the list of prospective bidders to whom invitations for bids have been furnished will not be made available for inspection to individuals outside the Agency. Such lists may, however, be made available to other Government agencies, at their specific request, and upon condition that the list will not be available for inspection to anyone outside the Government.

## Subpart 2-2.3—Submission of Bids

**§ 2-2.3 Submission of bids.**

**§ 2-2.301 Responsiveness of bids.**

Except as provided in this § 2-2.301 any bid not signed by the bidder or his authorized representative shall be disregarded. When an unsigned bid is accompanied by other evidence demonstrating the bidder's intention to be bound by the unsigned bid document, such as a bid guarantee or a letter signed by the bidder referring to and clearly identifying the bid itself, the contracting officer shall waive the deficiency as a minor informality or irregularity (see § 1-2.405 of this title) and shall document the file to so indicate.

## Subpart 2-2.4—Opening of Bids and Award of Contract

**§ 2-2.406 Mistakes in bids.**

**§ 2-2.406-3 Other mistakes disclosed before award.**

(a) The Chief, Procurement Division, Installation and Materiel Service, Federal Aviation Agency, Washington (or anyone acting in that position), is the designated central authority to make the determinations set forth in § 1-2.406-3 of this title.

(b) Cases referred to the Chief, Procurement Division, shall be accompanied by the data prescribed in § 1-2.406-3(d)(3) of this title.

(c) When a determination has been made by the Chief, Procurement Division, the signed original will be forwarded to the contracting officer. All supporting documents submitted by the contracting officer, except his written statement, will be returned to him. The contracting officer shall withhold award action until he has received the signed determination or official notice thereof.

(d) Cases considered doubtful by the contracting officer shall be referred to the Chief, Procurement Division, who will take appropriate action either to make a determination or to prepare a submittal over his signature, to the Comptroller General.

(e) Where a case clearly must be submitted to the Comptroller General for decision (either pursuant to a specific request from the contractor or because the case does not fall within the criteria set forth in § 1-2.406-3 of this title), it may, if urgent, be submitted directly to the Comptroller General by the contracting officer. The submittal shall be forwarded through Agency legal personnel for this coordination and shall be accompanied by substantially the same data as required by paragraph (b) of this section. A copy of the submittal letter shall be sent to the Chief, Procurement Division. If urgency is not a factor, the case shall be referred to the Chief, Procurement Division for submission by him to the Comptroller General.

**§ 2-2.406-4 Disclosure of mistakes after award.**

(a) Agency contracting officers are authorized to correct mistakes in the kinds of cases contemplated in § 1-2.406-4(a) of this title.

(b) The Chief, Procurement Division, Installation and Materiel Service, Federal Aviation Agency, Washington (or anyone acting in that position), is the designated central authority to make the determinations set forth in § 1-2.406-4(b) of this title.

(c) Cases referred to the Chief, Procurement Division, shall be accompanied by the data prescribed in § 1-2.406-4(b)(2) of this title.

(d) When a determination has been made by the Chief, Procurement Division, the signed original will be forwarded to the contracting officer. All supporting documents submitted by the contracting officer, except his written statement, will be returned to him. Upon receipt of the signed determination, the contracting officer shall take appropriate action to rescind or reform the contract, or to notify the contractor that the award will stand as made.

(e) Where administrative determination is precluded by the limitations set forth in § 1-2.406-4 of this title, or where the contractor has specifically requested review by the Comptroller General, the case shall be referred to the Chief, Procurement Division, who will prepare a submittal from the Administrator to the Comptroller General. The submittal shall be forwarded through the Office of the General Counsel for their coordination.

**§ 2-2.407-8 Protests against award.**

(a) Where a protest affects another bidder, a contractor, or any other party having a legitimate interest, the contracting officer shall, if he deems it necessary, give prompt notice of the protest to such parties so that they may take appropriate action on their own behalf. The extent and nature of the information to be furnished the affected parties will require the exercise of prudent judgment and will be determined by the particular aspects involved in the specific case. These aspects may include, but are not limited to, legal considerations, equitable consideration of the interests of the affected parties, mitigation of losses or other injuries to any and all parties concerned, and the interests of the Government. The recipients of such notice of protest shall be advised that the notice is primarily intended to afford them an opportunity to present pertinent comment for consideration of the Agency and that it in no way relieves them of any obligations, under a contract or otherwise.

(b) Where it is known that a protest against the making of an award has been made directly with the Comptroller General or other level of authority above that of the head of the procuring activity and a determination is made to make award under § 1-2.407-8(b)(3) of this title, the determination shall be approved by the head of the procuring activity. The notice of intent to make award required by § 1-2.407-8(b)(2) of this title shall be submitted to the Comptroller General over the signature of the head of the procuring activity.

(c) Where a protest is submitted to the Comptroller General by the Agency for resolution, the file shall contain a statement signed by the contracting officer setting forth his findings, actions, and recommendations. If a contract award was made pending resolution of the protest, the statement shall include the determination made under § 1-2.407-8(b)(3) of this title. The file shall include the following documentation, as appropriate or applicable:

(1) Copy of the invitation for bid;

(2) Copy of abstract of bids received;

(3) Copy of the low bid or copy of the bid of the successful bidder to whom award is proposed to be made;

(4) Copy of bid submitted by protester, if any, with his written statement setting forth the complete facts on which the protest is based;

(5) Written statements, when relevant, from other persons or bidders affected by or involved in the protest, setting forth the complete facts with respect to their position in the matter;

(6) Current status of award showing whether award action has been suspended;

(7) If award has been made, a copy of the contract with advice indicating its current status and whether a stop work order has been issued or is proposed to be issued;

(8) Any other supporting evidence or documents applicable to the protest.

(d) Where a protest is received after award of contract and it appears that the award may be held invalid, the contracting officer shall obtain the views and advice of legal counsel and the head of the procuring activity. A determination shall be made as to (1) whether a delay in receiving the supplies or services will be prejudicial to the Government's interests, and (2) whether the contracting officer should seek a mutual agreement with the contractor to "stop work" on a no-cost basis.

(e) If the contractor refuses to enter into a mutual agreement to "stop work" on a no-cost basis, the head of the procuring activity may direct the contracting officer to issue a unilateral "stop work" order unless the head of the procuring activity determines that receipt of the supplies or services is so urgent that such a unilateral order would be prejudicial to the interests of the Government.

**§ 2-2.408 Information to bidders.**

On all contract awards in excess of $10,000, the unsuccessful bidders shall be given a written notification of award. This written notification shall contain the name of the successful contractor(s), and the unit price(s) or the total amount of the contract, whichever is appropriate. However, when numerous unit prices apply, thereby creating an extensive workload in furnishing this information, or where the total amount of the contract would not be meaningful, price information may be omitted. In the latter instance, the location where the abstract of bids is available for inspection shall be stated.

# PART 2-3—PROCUREMENT BY NEGOTIATION

## Subpart 2-3.1—Use of Negotiation

**§ 2-3.103 Dissemination of procurement information.**

(a) Procurement information which is classified shall be released only in accordance with regulations prescribed by the Compliance Division, Office of Compliance and Security. See Chapter 14 of Agency Handbook OA 1600.2 (formerly Agency Practice 6-3).

(b) The clause set forth in § 2-7.150-15 shall be included in contracts which are classified as "Confidential" or "Confidential-Modified Handling Authorized", or higher.

(c) Except for classified contracts, unsuccessful offerors shall be informed in writing the name of the successful offeror and the total amount of the contract on all contract awards in excess of $10,000.

(Secs. 303, 313, 72 Stat. 747, 752; 49 U.S.C. 1344, 1354)

# PART 2-7—CONTRACT CLAUSES

Subpart 2-7.1—Fixed-Price Supply Contracts

Sec.
2-7.101-8 Assignment of claims.
2-7.101-16 Contract Work Hours Standards Act—overtime compensation.

2-7.250-11 Convict labor.
2-7.250-12 Contract Work Hours Standards Act—overtime compensation.
2-7.250-13 Walsh-Healey Public Contracts Act.
2-7.250-14 Equal opportunity.
2-7.250-15 Officials not to benefit.
2-7.250-16 Covenant against contingent fees.
2-7.250-17 Utilization of small business concerns.
2-7.250-18 Small business subcontracting program.
2-7.250-19 Utilization of concerns in labor surplus areas.
2-7.250-20 Labor surplus area subcontracting program.
2-7.250-21 Subcontracts.
2-7.250-22 Excusable delays.
2-7.250-23 Inspection and correction of defects.
2-7.250-24 Insurance—liability to third persons.
2-7.250-25 Payment for overtime premiums.
2-7.250-26 Negotiated overhead rates.
2-7.250-27 Price reduction for defective cost or pricing data.
2-7.250-28 Audit and records.
2-7.250-29 Subcontractor cost and pricing data.
2-7.250-30 Priorities, allocations, and allotments.
2-7.250-31 Renegotiation.
2-7.250-32 Government property.
2-7.250-33 Notice to the Government of labor disputes.
2-7.250-34 Notice to the Government regarding late delivery.
2-7.250-35 Quality of materials, workmanship, and design.
2-7.250-36 Collection of information.
2-7.250-37 Other contractors.
2-7.250-38 Dissemination of contract information.
2-7.250-39 Reproduction and use of technical data.
2-7.250-40 Gratuities.
2-7.250-41 Authorization and consent.

Subpart 2-7.4—Cost-Reimbursement Type Research and Development Contracts

2-7.400 Scope of subpart.
2-7.450 Clauses.
2-7.450-1 Rights in data—unlimited.
2-7.450-2 Patent rights.
2-7.450-3 Recovery of costs.
2-7.450-4 Authorization and consent.

Subpart 2-7.6—Fixed-Price Construction Contracts

2-7.601 Required clauses.
2-7.601-1 Resident engineer (use with SF-19).
2-7.601-2 Resident engineer (use with SF-23).
2-7.601-3 Protection of existing utilities and communication facilities (use with SF-19 and SF-23).
2-7.601-4 Layout of work (use with SF-19 and SF-23).
2-7.601-5 Conduct of work (use with SF-19 and SF-23).
2-7.601-6 Government-furnished property (use with SF-19 and SF-23).
2-7.601-7 Quantities and unit prices.
2-7.601-8 Notice to the Government of labor disputes (use with SF-23).
2-7.601-9 Commissioning of site (use with SF-19 and SF-23).
2-7.601-10 Guarantee (use with SF-19 and and SF-23).
2-7.601-11 Contract time—notice to proceed (use with SF-23).
2-7.601-12 Work schedule (use with SF-23).
2-7.601-13 Special precautions for work at operating airports.
2-7.601-14 Standard references (use with SF-23).
2-7.601-15 Drawings (use with SF-23).
2-7.601-16 Shop drawings and illustrative literature (use with SF-23).
2-7.601-17 Electrical codes (use with SF-19 and SF-23).
2-7.601-18 Nondomestic construction materials (use with SF-23).
2-7.601-19 Price adjustment for suspension, delay, or interruption of the work.
2-7.601-20 Termination for convenience of the Government, in contracts estimated to exceed $10,000.
2-7.601-21 Termination for convenience of the Government, in contracts estimated not to exceed $10,000.
2-7.601-22 Renegotiation.

AUTHORITY: The provisions of this Part 2-7 issued under secs. 303, 313, 72 Stat. 747, 752; 49 U.S.C. 1344, 1354.

## Subpart 2-7.1—Fixed-Price Supply Contracts

**§ 2-7.101-8 Assignment of claims.**

Where the contract is for transportation services, the clause set forth in § 1-30.703 of this title shall be modified as prescribed in § 2-30.703.

**§ 2-7.101-16 Contract work hours standards act—overtime compensation.**

When the clause set forth in § 1-12.303 of this title is inserted in the contract, it shall be modified by deleting paragraph (e) thereof and substituting the following:

(e) *Payrolls and payroll records.* The contractor shall maintain payrolls and basic payroll records during the course of the work and shall preserve them for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name and address of each such employee, his correct classification, rate of pay, daily and weekly number of hours worked, deductions made and actual wages paid. The contractor shall make his employment records available for inspection by authorized representatives of the Contracting Officer and the Department of Labor, and shall permit such representatives to interview employees during working hours on the job.

**§ 2-7.150 Additional clauses.**

Unless otherwise indicated by the specific instructions for their use, the clauses set forth or cited in this section shall be included in fixed-price supply contracts, awarded as a result of formal

advertising, for delivery within the United States, its possessions, or Puerto Rico. Additional clauses may be used which are considered by each procurement office to be essential to its operations, and which are not inconsistent with or in limitation of clause set forth in this Subpart 2–7.1, or Subpart 1–7.1 of this title. Clauses used in FAA contracts which are in addition to those contained in SF–32 are to be entitled "Additional General Provisions—Supply Contracts (supplementing SF–32)". Unless inappropriate, clauses set forth in this Subpart 2–7.1 should be used in negotiated fixed price supply contracts, and contracts for foreign delivery.

### § 2–7.150–1 New materials.

NEW MATERIALS

Unless otherwise specified, all materials, supplies and equipment to be furnished must be new, unused, of current production, and of the most suitable grade for the purpose intended.

### § 2–7.150–2 Interpretation or modification.

INTERPRETATION OR MODIFICATION

No oral statement of any person, and no written statement of anyone other than the Contracting Officer, or his authorized representative, shall modify or otherwise affect the terms or meaning of the Schedule or any contract resulting therefrom. All requests for interpretations or modifications should be made in writing to the Contracting Officer.

### § 2–7.150–3 Status of performance.

STATUS OF PERFORMANCE

(a) The contractor shall notify the contracting officer in writing whenever difficulties are encountered which may delay performance under the contract, stating the reason for the delay and the estimated extent thereof. The receipt of such notice shall not, in and of itself, constitute a basis for an extension of delivery schedule, or be construed as a waiver by the Government of any rights or remedies provided by law or under this contract. Failure to give timely notice may preclude later consideration of any request for an extension of contract time.

(Paragraphs (b) and (c) are applicable only when the contract requires fabrication or manufacture, and delivery time for the first production unit exceeds 120 days.)

(b) Within 30 days from the date of contract, the contractor shall furnish in duplicate to the contracting officer, a schedule showing the projected timing for accomplishment of each phase of the work required for each contract item. Each 30 days thereafter the contractor shall furnish, in duplicate, a progress report which shall clearly indicate the current status of each phase of the scheduled work. The schedule and reports required by this section shall be in chart form unless a different manner of presentation is approved by the contracting officer. Any report which indicates a failure to meet the contract schedule, shall be accompanied by a narrative statement of the reasons for delay and the action being taken by the contractor to improve his rate of progress.

(c) The contractor agrees to insert the substance of this clause, including this paragraph, in any subcontract entered into as a result of this contract.

### § 2–7.150–4 Change in place of delivery.

CHANGE IN PLACE OF DELIVERY

When the Government directs shipment to a destination other than stated in the contract, and does not furnish a Government Bill of Lading, shipping and delivery charges shall be prepaid by the contractor. The cost of such shipment shall be shown as a separate item on each invoice and be supported by a prepaid waybill, express receipt, or Post Office Certificate of Mailing, Form 3817 showing cost of such shipment. The Government will make an adjustment at the time of payment to account for any difference in transportation costs and contract time due to a change in destination.

### § 2–7.150–5 Evidence of delivery.

EVIDENCE OF DELIVERY

When the contract delivery point is "f.o.b. origin", evidence of delivery shall be submitted with invoices. In the case of freight or express shipments, this evidence shall be in the form of memorandum copies of Bills of Lading duly receipted by the carrier. In the case of parcel post shipments this evidence shall be by Post Office Certificate of Mailing Form 3817. If the invoice submitted for payment is not accompanied by evidence of delivery, discounts for prompt payment will be computed from date of receipt of such evidence of delivery or the receipt of the Contractor's invoice, whichever is later. When the contract delivery point is other than "f.o.b. origin", evidence of delivery will be obtained from the consignee.

### § 2–7.150–6 Patent indemnity.

Except as provided in paragraph (c) below, a patent indemnity clause shall be used in contracts exceeding $5,000, in accordance with the following instructions:

(a) An effort shall be made to determine in advance of issuing the Invitation whether the supplies (or such supplies with relatively minor modifications made thereto) normally are or have been sold to the public in the commercial open market. When this determination is affirmative, the following clause entitled "Patent Indemnity (Predetermined)" shall be used. When the contract calls only in part for supplies normally sold to the public in the commercial open market, the items which are excluded shall be listed with a statement that the clause does not apply to the listed items:

PATENT INDEMNITY (PREDETERMINED)

The Contractor agrees to indemnify the Government and its officers, agents and employees against liability, including costs, for infringements of any United States letters patent (except letters patent issued upon an application which is now or may hereafter be kept secret or otherwise withheld from issue by order of the Government) arising out of the performance of this contract, or out of the use of or disposal by or for the account of the Government, of supplies furnished hereunder. The foregoing indemnity shall not apply unless the Contractor shall have been informed as soon as practicable by the Government of the suit or action alleging such infringement, and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in the defense thereof; and further, such indemnity shall not apply if: (i) The infringement results from compliance with specific written instructions of the Contracting Officer directing a change in the supplies to be delivered or in the materials or equipment to be used; or (ii) the infringement results from addition to, or change in, such supplies or components furnished which addition or change was made subsequent to delivery or performance by the Contractor; or (iii) the claimed infringement is settled without the consent of the Contractor, unless required by final decree of a court of competent jurisdiction.

(b) When it cannot be determined in advance of issuing the Invitation that the supplies (or such supplies with relatively minor modifications made thereto) normally are or have been sold to the public in the commercial open market, the above clause (revised as follows and entitled "Patent Indemnity (Not Pre-determined)") shall be used. Revision shall consist of changing the period at the end of the first sentence to a comma, and adding the following: "which supplies or component parts either normally are or have been sold or offered for sale to the public in the commercial open market by any supplier on or before the date set for the opening of bids, or are such supplies or component parts thereof, with relatively minor modifications made thereto".

(c) When it is definitely established that the supplies (or such supplies with relatively minor modifications made thereto) are not sold to the public in the commercial open market, no patent indemnity clause shall be used.

### § 2–7.150–7 Authorization and Consent.

AUTHORIZATION AND CONSENT

(This clause does not apply to contracts where both performance and delivery are to be outside the United States, its possessions, or Puerto Rico.)

The Government hereby gives its authorization and consent (without prejudice to any rights of indemnification) for all use and manufacture, in the performance of this contract or any part hereof or any amendment hereto or any subcontract hereunder (including any lower-tier subcontract), of any invention described in and covered by a patent of the United States (i) embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract, or (ii) utilized in the machinery, tools, or methods the use of which necessarily results from compliance by the Contractor or the using subcontractor with (a) specifications or written provisions now or hereafter forming a part of this contract, or (b) specific written instructions given by the Contracting Officer directing the manner of performance. The entire liability to the Government for infringement of a patent of the United States shall be determined solely by the provisions of the indemnity clauses, if any, included in this contract or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent hereinabove granted.

### § 2–7.150–8 Suspension of work.

The following clause shall be included in contracts only when the Contracting Officer has determined that its use is appropriate, as in cases where a work stoppage may reasonably be anticipated for reasons such as advancements of the state of the art, production or engineering breakthroughs, or realignment of programs.

SUSPENSION OF WORK

The Contracting Officer may order the contractor in writing, to suspend all or any part of the work for such period of time as he may determine to be appropriate in the interest of the Government. To the extent such period of time may be unreasonable, the Contracting Officer shall make an adjustment for any increase in the time or cost of performance of the contract (excluding profit) necessarily caused by the unreasonable period of such suspension, and the contract shall be modified in writing accordingly. No adjustment under this clause shall be made to the extent that performance by the contractor would have been delayed by other causes if the work had not been so suspended. No claim under this clause shall be allowed unless the claim, in an amount stated, is asserted in writing and made to the Contracting Officer within thirty (30) days after the termination of such suspension; *Provided*, That if the Contracting Officer decides the facts justify such action, he may receive and act upon any such claim asserted at any time prior to final payment under this contract. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the "Disputes" Clause of this contract.

### § 2–7.150–9 Priorities, allocations, and allotments.

PRIORITIES, ALLOCATIONS, AND ALLOTMENTS

The Contractor shall follow the provisions of DMS Reg. 1 and all other applicable regulations and orders of the Business and Defense Services Administration in obtaining controlled materials and other products and materials required for the performance of this contract.

### § 2–7.150–10 Definition of delivery terms.

DEFINITION OF DELIVERY TERMS

The meaning of delivery terms used in this contract such as "f.o.b. origin", "f.o.b. destination", "f.a.s. vessel, port of shipment", and other delivery terms shall be as those terms are defined in 41 CFR 1–19.3.

### § 2–7.150–11 Collection of information.

COLLECTION OF INFORMATION

In performance of this contract the Contractor shall not collect information upon identical items from 10 or more persons by use of written report forms, application forms, schedules, questionnaires, or other similar methods, unless authorized in writing to do so by the Contracting Officer.

### § 2–7.150–12 Government-furnished property.

When property will be furnished by the Government in the performance of the contract, the following clause shall be included in the contract:

GOVERNMENT-FURNISHED PROPERTY

(a) The Government shall deliver to the Contractor, for use in connection with and under the terms of this contract, the property described in the Schedule or Specifications, together with such related data and information as the Contractor may request and as may reasonably be required for the intended use of such property. The delivery or performance dates for the supplies or services to be furnished by the Contractor under this contract are based upon the expectation that Government-furnished property suitable for use will be delivered to the contractor at the times stated in the schedule, or, if not so stated, in sufficient time to enable the Contractor to meet such delivery or performance dates. If material is not on hand within five days prior to the date it is required, immediate notification shall be given in writing to the Contracting Officer. Failure to give such notice may preclude later consideration of any request for extension of contract time. If such timely notice has been given, and the Government-furnished property is not delivered to the Contractor in sufficient time to permit delivery or performance within the schedule established in the contract, the Contracting Officer shall, upon timely written request made by the Contractor, make a determination of the delay occasioned the Contractor thereby, and shall adjust the delivery or performance dates or the contract price, or both. In the event the Government-furnished property is received by the Contractor in a condition not suitable for the intended use, the Contractor shall, upon receipt thereof, notify the Contracting Officer of such fact and, as directed by the Contracting Officer, either (i) return such property at the Government's expense or otherwise dispose of the property, or (ii) effect repairs or modifications. Upon the completion of (i) or (ii) above, the Contracting Officer upon written request of the Contractor shall equitably adjust the delivery or performance dates or the contract price, or both. The foregoing provisions for adjustment are exclusive and the Government shall not be liable to suit for breach of contract by reason of any delay in the delivery of Government-furnished property or delivery of such property in a condition not suitable for its intended use.

(b) By notice in writing the Contracting Officer may decrease the property furnished or to be furnished by the Government under this contract. In any such case, the Contracting Officer upon written request of the Contractor shall equitably adjust the delivery or performance or the contract price, or both.

(c) Title to the Government-furnished property shall remain in the Government. Title to Government-furnished property shall not be affected by the incorporation or attachment thereof to any property not owned by the Government, nor shall such Government-furnished property, or any part thereof, be or become a fixture or lose its identity as personalty by reason of affixation to any realty. The Contractor agrees to promptly receipt for all Government-furnished property and to maintain a suitable inventory control system acceptable to the Contracting Officer.

(d) The Government-furnished property shall, unless otherwise provided herein, be used only for the performance of this contract. The Contractor shall maintain and administer, in accordance with sound industrial practices, a program for the maintenance, repair, protection and preservation of Government-furnished property.

(e) Unless otherwise provided in this contract, the Contractor upon delivery to it of any Government-furnished property, assumes the risk of, and shall be responsible for, any loss thereof or damage thereto except for reasonable wear and tear, and except to the extent that such property is consumed in the performance of the contract. The Contractor shall not be liable for loss or destruction of or damage to Government-furnished property if such loss, destruction or damage is due to causes beyond the control and without the fault or negligence of the Contractor.

(f) The Government shall at all times have access to the premises wherein any Government-furnished property is located.

(g) Upon the completion of this contract, or at such earlier date as may be fixed by the Contracting Officer, the Contractor shall submit, in a form acceptable to the Contracting Officer, inventory schedules covering all items of Government-furnished property not consumed in the performance of this contract (including any resulting scrap), or not theretofore delivered to the Government, and shall deliver or make such other disposal of such Government-furnished property as may be directed or authorized by the Contracting Officer. The net proceeds of any such disposal shall be credited to the contract price or shall be paid in such manner as the Contracting Officer may direct.

### § 2–7.150–13 Reproduction and use of technical data.

When the contract will require manufacture or fabrication of equipment, the following clause shall be included in the contract:

REPRODUCTION AND USE OF TECHNICAL DATA

(a) The Contractor agrees to and does hereby grant to the Government, to the full extent of the Contractor's right to do so without payment of compensation to others, the right to reproduce, use, and disclose for Governmental purposes, all or any part of the reports, drawings, blueprints, data, and technical information acquired under this contract.

(b) The Contractor shall advise the Contracting Officer at the time of acquisition under this contract as to all or any part of the reports, drawings, blueprints, data, and technical information which the Contractor does not have the right to grant to the Government the rights set forth in paragraph (a) above without payment of compensation to others.

### § 2–7.150–14 Dissemination of contract information.

DISSEMINATION OF CONTRACT INFORMATION

The Contractor shall not publish, permit to be published, or distribute for public consumption, any information, oral or written, concerning the objectives or results or conclusions made pursuant to performance of this contract, without the prior written consent of the Contracting Officer. (Two copies of any material proposed to be published or distributed shall be submitted to the Contracting Officer.)

### § 2–7.150–15 Security requirements.

The following clause shall be included in all contracts which are classified as "Confidential", including "Confidential-Modified Handling Authorized", or higher and in any other contracts the performance of which will require access to such classified information or material. The Contracting Officer shall notify the Security Division, Office of Compliance and Security, when a contract has been executed which contains a security requirements clause.

SECURITY REQUIREMENTS

(a) The provisions of this clause shall apply to the extent that this contract involves access to information classified "Confidential" including "Confidential-Modified Handling Authorized" or higher.

(b) The Government shall notify the Contractor of the security classification of this contract and the elements thereof, and of any subsequent revisions in such security classification, by the use of a Security Requirements Check List (DD Form 254), or other written notification.

(c) To the extent the Government has indicated as of the date of this contract or thereafter indicates security classification under this contract as provided in paragraph (b) above, the Contractor shall safeguard all classified elements of this contract and shall provide and maintain a system of security controls within its own organization in accordance with the requirements of: (i) the Security Agreement (DD Form 441), including the Department of Defense Industrial Security Manual for Safeguarding Classified Information as in effect on date of this contract, and any modification to the Security Agreement for the purpose of adapting the Manual to the Contractor's business; and (ii) any amendments to said Manual made after the date of this contract, notice of

which has been furnished to the Contractor by the Security Office of the Military Department having security cognizance over the facility.

(d) Representatives of the Military Department having security cognizance over the facility and representatives of the Federal Aviation Agency shall have the right to inspect at reasonable intervals the procedures, methods, and facilities utilized by the Contractor in complying with the security requirements under this contract. Should the Government, through these representatives, determine that the Contractor is not complying with the security requirements of this contract, the Contractor shall be informed in writing by the Security Office of the cognizant Military Department of the proper action to be taken in order to effect compliance with such requirements.

(e) If subsequent to the date of this contract, the security classifications or security requirements under this contract are changed by the Government as provided in this clause and the security costs under this contract are thereby increased or decreased, the contract price shall be subject to an equitable adjustment by reason of such increased or decreased costs. Any equitable adjustment shall be accomplished in the same manner as if such changes were directed under the "Changes" clause in this contract.

(f) The Contractor agrees to insert, in all subcontracts hereunder which involve access to classified information, provisions which shall conform substantially to the language of this clause, including this paragraph (f) but excluding the last sentence of paragraph (e) of this clause.

(g) The Contractor also agrees that it shall determine that any subcontractor proposed by it for the furnishing of supplies and services which will involve access to classified information in the Contractor's custody has been granted an appropriate facility security clearance, which is still in effect, prior to being accorded access to such classified information.

**§ 2–7.150–16 Termination for convenience of the Government.**

(a) In contracts exceeding $2,500 but not in excess of $10,000, the short-form clause set forth in § 1–8.705–1 of this title shall be used.

(b) In contracts exceeding $10,000, the clause set forth in § 1–8.701 of this title shall be used.

**§ 2–7.150–17 Renegotiation.**

(a) Except as provided in (b) and (c) below, insert the following clause:

RENEGOTIATION

To the extent required by law, this contract is subject to the Renegotiation Act of 1951 (50 U.S.C. App. 1211, et seq.), as amended, and to any subsequent act of Congress providing for the renegotiation of contracts. Nothing contained in this clause shall impose any renegotiation obligation with respect to this contract or any subcontract hereunder which is not imposed by an act of Congress heretofore or hereafter enacted. Subject to the foregoing, this contract shall be deemed to contain all the provisions required by Section 104 of the Renegotiation Act of 1951, and by any such other act, without subsequent contract amendment specifically incorporating such provisions.

The Contractor agrees to insert the provisions of this clause, including this paragraph, in all subcontracts, as that term is defined in Section 103g of the Renegotiation Act of 1951, as amended.

(b) The Renegotiation clause is not required in:

(1) Contracts with a State, territory, possession, foreign government, or agency or subdivision thereof;

(2) Contracts or subcontracts for an agricultural commodity in its raw or natural state, or in its first form or state in which it is customarily sold;

(3) Contracts or subcontracts for the product of a mine, oil or gas well, or other mineral or natural deposit, or timber which has not been treated beyond its first form or state suitable for industrial use;

(4) Contracts or subcontracts with a common carrier for transportation or with a public utility for gas, electric energy, water, communications, or transportation if made at published rates regulated by a public body or at unregulated rates substantially as favorable to users as are regulated rates;

(5) Contracts or subcontracts with tax-exempt charitable, religious, and educational institutions, or for the prevention of cruelty to children or animals, providing the income from the contract or subcontract is not taxable as unrelated business net income;

(6) Contracts which the Renegotiation Board determines to have no direct and immediate connection with the national defense; examples — building maintenance and repair, laundry and cleaning services, and removal of waste material;

(7) Subcontracts under exempt contracts and subcontracts.

(c) Renegotiation is a complex subject. It is not therefore practicable to set forth in detail the many varied mandatory and permissive exemptions from the Renegotiation Act (for example, certain contracts for "standard commercial articles" and "standard commerical services" may not be subject to the Act). In any case where there is any doubt as to whether the contract is exempt from renegotiation, the clause shall be inserted in the contract.

**§ 2–7.150–18 Loss or damage to leased aircraft.**

When the contract is for the lease of aircraft, the clause set forth in § 2–10.401(a) shall be used under the conditions described therein.

**§ 2–7.150–19 Price redetermination (prospective).**

When it is determined, in accordance with § 1–3.404–5 of this title and § 2–3.404–5 to use a fixed-price contract providing for prospective redetermination of price, the following clause shall be included in the contract.

PRICE REDETERMINATION

(a) *General.* The unit prices and the total price set forth in this contract shall be periodically redetermined in accordance with the provisions of this clause.* The prices for supplies delivered and services performed prior to the first effective date of price redetermination shall remain fixed.

*Where a ceiling is applicable, the following proviso shall be added "provided that in no event shall the total amount paid under this contract exceed _____ dollars ($_____)". Alternatively, the contract may provide ceiling amounts for each or any of the price redeterminations under the contract.

(b) *Price Redetermination Periods.* For the purpose of price redetermination the performance of this contract is divided into successive periods. The first period shall extend from the date of this contract to _____,** and the second and each succeeding period shall extend for _____ (_____) months from the end of the last preceding period, except that the final period may be varied by agreement of the parties. The first day of the second and each succeeding period shall be the effective date of price redetermination for the period.

(c) *Price Redetermination.* Not more than _____*** days nor less than _____*** days before the end of each redetermination period, except the last, and as otherwise provided in (iii) below, the Contractor shall submit:

(i) Proposed prices for supplies which may be delivered or services which may be performed in the next succeeding period under the contract, together with—

(A) An estimate and breakdown of the costs of such supplies or services on DD Form 784 or in any other form on which the parties may agree;

(B) Sufficient data to support the accuracy and reliability of such estimate; and

(C) An explanation of the differences between such estimate and the original (or last preceding) estimate for the same supplies or services;

(ii) A statement of all costs incurred in the performance of this contract through the end of the _____**** month prior to the date of the submission of proposed prices, on DD Form 784 or in any other form on which the parties may agree, together with sufficient supporting data to disclose unit costs and cost trends for—

(A) Supplies delivered and services performed, and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary);

(iii) Supplemental statements of costs incurred subsequent to the date set forth in (ii) above for—

(A) Supplies delivered and services performed; and

(B) Inventories of work in process and undelivered contract supplies on hand (estimated to the extent necessary);

as and to the extent that such information becomes available prior to the conclusion of negotiations on redetermined prices; and

(iv) Any other relevant data which may reasonably be required by the Contracting Officer.

Upon receipt of the data required by this subparagraph (c), the Contractor and the Contracting Officer shall promptly negotiate to redetermine fair and reasonable contract prices for supplies which may be delivered and services which may be performed in the period following the effective date of price redetermination. Where the Contractor fails to submit the data as required above within the time specified, payments under this contract may be suspended by the Contracting Officer until the data are furnished.

(d) *Subcontracts.* No subcontract placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis; and the Contractor shall not, without

**This point may be expressed in terms of units delivered, or a calendar date, but in either case the period shall generally end on the last day of a month.

***Insert in the blanks numbers of days so that the Contractor's submission will be late enough to reflect recent cost experience (having in mind the Contractor's accounting system), but early enough to review, audit if necessary, and negotiate prior to the start of the prospective period.

****Insert the word "first," except the word "second" may be inserted if necessary to achieve compatibility with the contractor's accounting system.

the prior written consent of the Contracting Officer, place any subcontract which is on a cost-plus-a-fee basis and which would involve an estimated amount in excess of $10,000, including the fee. The Contracting Officer may, in his discretion, ratify in writing any such cost-plus-a-fee subcontract and such action shall constitute the consent of the Contracting Officer as required by this paragraph (d).

(e) *Contract Modifications.* Each negotiated redetermination of prices shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer, setting forth the redetermined prices for supplies delivered and services performed hereunder during the applicable price redetermination period.

(f) *Adjustment of Payments.* Pending execution of the contract modification referred to in paragraph (e) above, the Contractor shall submit invoices or vouchers in accordance with billing prices as provided in this paragraph. The billing prices shall be the prices set forth in this contract; *Provided*, That, if at any time it appears that the then current billing prices do not provide for payments consistent with the provisions of subparagraph (g)(3) below, the parties may agree to greater or lesser billing prices, which shall be reflected in an amendment or supplemental agreement to this contract. Billing prices are for the sole purpose of providing for interim payments and shall not affect the redetermination of prices under this clause. After execution of the contract modification referred to in paragraph (e) above, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the agreed prices, and any additional payments, refunds, or credits, resulting therefrom shall be promptly made.

(g) *Limitation on Payments.* (1) This paragraph (g) shall apply only during a period for which firm prices have not been established.

(2) Within 45 days after the end of each quarter of the Contractor's fiscal year, beginning for the quarter in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and as of the end of each quarter, the Contractor shall submit to the Contracting Officer a statement cumulative from the inception of the contract, setting forth:

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government for which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for and properly allocable solely to the supplies delivered (or services performed) and accepted by the Government for which final prices have not been established;

(iii) That portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (g), Limitation on Payments), which is in direct proportion to the supplies delivered (or services performed) and accepted by the Government for which final prices have not been established; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments);

*Provided*, That such statement need not be submitted for any quarter for which either no costs are to be reported under (ii) above or revised billing prices have been established in accordance with paragraph (g) above and do not exceed the existing contract price, the Contractor's price-redetermination offer, or a price based on the most recent quarterly statement, whichever is least.

(3) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount of (2)(iv) above exceeds the sum of (2) (i), (ii), and (iii) above, the Contractor shall immediately refund or credit to the Government against existing unpaid invoices or vouchers covered by such statement the amount of such excess less (i) the cumulative total of any previous refunds or credits under this clause (exclusive of any applicable tax credits under Section 1481 of the Internal Revenue Code of 1954) and (ii) any applicable tax credits under Section 1481 of the Internal Revenue Code of 1954. If any portion of such excess has been applied to the liquidation of program payments, such amount (less all tax credits under the Internal Revenue Code) may be added or restored to the unliquidated progress payment account, to the extent consistent with the progress payments clause of this contract, instead of direct refund thereof.

(4) The Contractor shall (i) insert in each price redetermination or incentive price revision subcontract hereunder the substance of this "Limitation on Payments" provision, including this subparagraph (4), modified to omit mention of the Government and reflect the position of the Contractor as purchaser and of the subcontractor as vendor, and to omit that portion of subparagraph (3) relating to tax credits, and (ii) include in each cost-reimbursement type subcontract hereunder a requirement that each price redetermination and incentive price revision subcontract thereunder will contain the substance of this "Limitation on Payments" provision, including this subparagraph (4), modified as outlined in (i) above.

(h) *Disagreements.* If the contractor and the Contracting Officer fail to agree upon redetermined prices for any price redetermination period within sixty (60)***** days after the date on which the data required by (c) above is to be filed, or within such further time as may be agreed upon by the parties, the failure to agree upon redetermined prices shall be deemed to be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes," and the Contracting Officer shall promptly issue a decision thereunder. For the purpose of (e), (f), and (g) above, and pending final settlement of the disagreement on appeal, or by failure to appeal, or by agreement, such a decision shall be treated as an executed contract modification. Pending such final settlement, price redetermination for subsequent periods, if any, shall continue to be negotiated as hereinbefore provided.

(i) *Termination.* If this contract is terminated, prices shall continue to be established pursuant to this clause (i) for completed supplies accepted by the Government and services performed and accepted by the Government, and (ii) in the event of a partial termination, for supplies and services which are not terminated. All other elements of the termination shall be resolved pursuant to other applicable provisions of this contract.

**§ 2–7.150–20 Price redetermination (retroactive).**

When it is determined, in accordance with § 1–3.404–7 of this title, to use a fixed-price contract providing for retroactive redetermination of price, the following clause shall be included in the contract.

PRICE REDETERMINATION

(a) *General.* The unit prices and the total price set forth in this contract shall be redetermined in accordance with the provisions of this clause; provided, that in no event shall the total amount paid under this contract exceed _____ dollars ($_____).

(b) *Price Redetermination.* Within _____ (_____) days after delivery of all supplies to be delivered and completion of all services to be performed under this contract, the Contractor shall submit (i) proposed prices, (ii) a statement of all costs incurred in the performance of this contract, on DD Form 784 or on any other form on which the parties may agree, and (iii) any other relevant data which may reasonably be required by the Contracting Officer. Upon receipt of the required data, the Contractor and the Contracting Officer shall promptly negotiate to redetermine fair and reasonable contract prices for supplies delivered and services performed by the Contractor under this contract. Where the Contractor fails to submit the required data within the time specified, payment of all invoices may be suspended by the Contracting Officer until the data are furnished.

(c) *Subcontracts.* No subcontract under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis; and the Contractor shall not, without the prior written consent of the Contracting Officer, place any subcontract which is on a cost-plus-a-fee basis and which would involve an estimated amount in excess of $10,000 including the fee. The Contracting Officer may, in his discretion, ratify in writing any such cost-plus-a-fee subcontract and such action shall constitute the consent of the Contracting Officer as required by this paragraph (c).

(d) *Contract Modification.* The negotiated redetermination of price shall be evidenced by a modification to this contract, signed by the Contractor and the Contracting Officer, setting forth the redetermined prices which shall apply to supplies delivered and to services performed by the Contractor hereunder.

(e) *Adjustment of Payments.* Pending execution of the contract modification referred to in paragraph (d) above, the Contractor shall submit invoices or vouchers in accordance with billing prices as provided in this paragraph. The billing prices shall be the prices set forth in this contract; provided that, if at any time it appears that the then current billing prices do not provide for payments consistent with the provisions of subparagraph (f)(3) below, the parties may agree to greater or lesser billing prices, which shall be reflected in an amendment or supplemental agreement to this contract. Billing prices are for the sole purpose of providing for interim payments and shall not affect the redetermination of prices under this clause. After execution of the contract modification referred to in paragraph (d) above, the total amount paid or to be paid on all invoices or vouchers shall be adjusted to reflect the agreed prices, and any additional payments, refunds, or credits, resulting therefrom shall be promptly made.

(f) *Limitation on Payments.* (1) This paragraph (f) shall apply until final price redetermination to the full extent permitted by this contract.

(2) Within 45 days after the end of each quarter of the Contractor's fiscal year, beginning for the quarter in which a delivery is first made (or services are first performed) and accepted by the Government under this contract, and as of the end of each quarter, the Contractor shall submit to the Contracting Officer a statement cumulative from the inception of the contract, setting forth:

(i) The total contract price of all supplies delivered (or services performed) and accepted by the Government for which final prices have been established;

(ii) The total costs (estimated to the extent necessary) reasonably incurred for and properly allocable solely to the supplies delivered (or services performed) and accepted

*****This period may be varied by the parties at the time of negotiating the contract.

by the Government for which final prices have not been established;

(iii) That portion of the total interim profit (used in establishing the initial contract price or agreed to for the purpose of this paragraph (f), Limitation on Payments), which is in direct proportion to the supplies delivered (or services performed) and accepted by the Government for which final prices have not been established; and

(iv) The total amount of all invoices or vouchers for supplies delivered (or services performed) and accepted by the Government (including amounts applied or to be applied to liquidate progress payments).

(3) Notwithstanding any provision of this contract authorizing greater payments, if on any quarterly statement the amount of (2)(iv) above exceeds the sum of (2) (i), (ii), and (iii) above, the Contractor shall immediately refund or credit to the Government against existing unpaid invoices or vouchers covered by such statement the amount of such excess less (i) the cumulative total of any previous refunds or credits under this clause (exclusive of any applicable tax credits under Section 1481 of the Internal Revenue Code of 1954) and (ii) any applicable tax credits under Section 1481 of the Internal Revenue Code of 1954. If any portion of such excess has been applied to the liquidation of progress payments, such amount (less all tax credits under the Internal Revenue Code) may be added or restored to the unliquidated progress payment account, to the extent consistent with the progress payments clause of this contract, instead of direct refund thereof.

(4) The Contractor shall (i) insert in each price redetermination or incentive price revision subcontract hereunder the substance of this "Limitation on Payments" provision, including this subparagraph (4), modified to omit mention of the Government and reflect the position of the Contractor as purchaser and of the subcontractor as vendor, and to omit that portion of subparagraph (3) relating to tax credits, and (ii) include in each cost-reimbursement type subcontract hereunder a requirement that each price redetermination and incentive price revision subcontract thereunder will contain the substance of this "Limitation on Payments" provision, including this subparagraph (4), modified as outlined in (i) above.

(g) *Disagreements.* If the Contractor and the Contracting Officer fail to agree upon redetermined prices within sixty (60) * days after the date on which the data required by (b) above is to be filed, or within such further time as may be agreed upon by the parties, the failure to agree upon redetermined prices shall be deemed to be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "disputes," and the Contracting Officer shall promptly issue a decision thereunder. For the purpose of paragraphs (d), (e), and (f) above, and pending final settlement of the disagreement on appeal, or by failure to appeal, or by agreement, such a decision shall be treated as an executed contract modification.

(h) *Termination.* If this contract is terminated prior to price redetermination, prices shall be established pursuant to this clause for completed supplies and services which are not terminated. All other elements of the termination shall be resolved pursuant to other applicable provisions of this contract.

### § 2–7.150–21 Gratuities.

GRATUITIES

(a) The Government may, by written notice to the Contractor, terminate the right of the Contractor to proceed under this contract if it is found, after notice and hearing, by the Administrator or his duly authorized representative, that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any officer or employee of the Government with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending; or the making of any determinations with respect to the performing of such contract: *Provided*, That the existence of the facts upon which the Administrator or his duly authorized representative makes such findings shall be in issue and may be reviewed in any competent court.

(b) In the event this contract is terminated as provided in paragraph (a) hereof, the Government shall be entitled (i) to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the contract by the Contractor and (ii) as a penalty in addition to any other damages to which it may be entitled by law, to exemplary damages in an amount (as determined by the Administrator or his duly authorized representative) which shall be not less than three nor more than ten times the costs incurred by the Contractor in providing any such gratuities to any such officer or employee.

(c) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this contract.

## Subpart 2–7.2—Cost Reimbursement Type Supply Contracts

### § 2–7.200 Scope of subpart.

This subpart sets forth or cites contract clauses to be used in cost-reimbursement type supply contracts and where necessary provides instructions for their use.

### § 2–7.250 Clauses.

The following clauses shall, unless otherwise indicated by the specific instructions for their use, be inserted in all cost reimbursement type contracts calling for delivery within the United States, its possessions, or Puerto Rico and, unless inappropriate, in cost-reimbursement supply type contracts calling for foreign delivery.

### § 2–7.250–1 Definitions.

Insert the clause set forth in § 1–7.101–1 of this title and any additional definitions that are not inconsistent with the definitions in the cited clause.

### § 2–7.250–2 Changes.

The Contracting Officer if he considers it desirable may change the period of 30 days for the assertion of a claim to any number of days up to, but not to exceed, 60 days.

CHANGES

The Contracting Officer may at any time, by a written order, and without notice to the sureties, if any, make changes, within the general scope of this contract, in any one or more of the following: (i) Drawings, designs, or specifications, (ii) method of shipment or packing; (iii) place of inspection, delivery or acceptance, and (iv) the amount of Government-furnished property. If any such changes cause an increase or decrease in the estimated cost of, or the time required for, performance of this contract, or otherwise affects any other provisions of this contract, whether changed or not changed by any such order, an equitable adjustment shall be made (i) in the estimated cost or delivery schedule, or both, (ii) in the amount of any fee to be paid to the Contractor and/or (iii) in such other provisions of the contract as may be so affected, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change: *Provided*, however, That the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes". However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

### § 2–7.250–3 Limitation of cost.

LIMITATION OF COST

(a) It is estimated that the total cost to the Government, exclusive of any fixed fee, for the performance of this contract will not exceed the estimated cost set forth in the Schedule, and the Contractor agrees to use its best efforts to perform the work specified in the Schedule, and all obligations under this contract within such estimated cost. If at any time the Contractor has reason to believe that the costs which it expects to incur in the performance of this contract in the next succeeding 60 days, when added to all costs previously incurred, will exceed 75 percent of the estimated cost then set forth in the Schedule, or if at any time, the Contractor has reason to believe that the total cost to the Government, exclusive of any fixed fee, for the performance of this contract will be substantially greater or less than the then estimated cost thereof, the Contractor shall immediately notify the Contracting Officer in writing to that effect, giving the revised estimate of such total cost for the performance of this contract.

(b) The Government shall not be obligated to reimburse the Contractor for costs incurred in excess of the estimated cost set forth in the Schedule, and the Contractor shall not be obligated to continue performance under the contract or to incur costs in excess of the estimated cost set forth in the Schedule, unless and until the Contracting Officer shall have notified the Contractor in writing that such estimated cost has been increased and shall have specified in such notice a revised estimated cost, which shall thereupon constitute the estimated cost of performance of this contract. When and to the extent that the estimated cost set forth in the Schedule has been increased, any costs incurred by the Contractor in excess of such estimated cost prior to the increase in estimated cost shall be allowable to the same extent as if such costs had been incurred after such increase in estimated cost.

(c) If, (1) the Contractor stops performance before completion of all work hereunder because it has incurred costs in the amount of or in excess of the estimated contract cost set forth in the Schedule, and (2) the Contracting Officer elects not to increase such estimated cost, the Contractor's fixed fee will be equitably reduced to reflect the actual amount of work performed as compared with the full amount of the work required in the contract. In the event of failure to agree as to the amount of such reduction, the Contracting Officer shall determine the amount, subject to the right of the Contractor to appeal therefrom pursuant to the clause in the contract entitled "Disputes." This paragraph shall not, in any way, limit the rights of the Government under the clause in the contract entitled "Termination for Default or for Convenience of the Government."

### § 2–7.250–4 Allowable cost, fixed fee and payment.

ALLOWABLE COST, FIXED FEE AND PAYMENT

(a) For the performance of this contract, the Government shall pay to the Contractor:

(1) The cost thereof (hereinafter referred to as "allowable cost") determined by the Contracting Officer to be allowable in accordance with—

(i) Subpart 1–15.2 of Part 1–15 of the Federal Procurement Regulations as in effect on the date of this contract; and

(ii) The terms of this contract; and

(2) Such fixed fee, if any, as may be provided for in the Schedule.

(b) Once each month (or at more frequent intervals, if approved by the Contracting Officer) the Contractor may submit to an authorized representative of the Contracting Officer, in such form and reasonable detail as such representative may require, an invoice or public voucher supported by a statement of cost incurred by the Contractor in the performance of this contract and claimed to constitute allowable cost.

(c) Promptly after receipt of each invoice or voucher and statement of cost the Government shall, except as otherwise provided in this contract, subject to the provisions of (d) below, make payment thereon as approved by the Contracting Officer of allowable cost incurred. Payment of the fixed fee, if any, shall be made to the Contractor as specified in the Schedule; Provided, however, That after payment of 85 percent of the fixed fee set forth in the Schedule, further payment on account of the fixed fee shall be withheld until a reserve of either 15 percent of the total fixed fee, or $100,000, whichever is less, shall have been set aside.

(d) At any time or times prior to final payment under this contract the Contracting Officer may have the invoices or vouchers and statements of cost audited. Each payment theretofore made shall be subject to reduction for amounts included in the related invoice or voucher, which are found by the Contracting Officer on the basis of such audit, not to constitute allowable cost. Any payment may be reduced for overpayments, or increased for underpayments on preceding invoices or vouchers.

(e) On receipt and approval of the invoice or voucher designated by the Contractor as the "Completion invoice" or "Completion voucher" and upon compliance by the Contractor with all the provisions of this contract (including, without limitation, the provisions relating to patents and the provisions of (f) below), the Government shall promptly pay to the Contractor any balance of allowable cost, and any part of the fixed fee which has been withheld pursuant to (c) above or otherwise not paid to the Contractor. The completion invoice or voucher shall be submitted by the Contractor promptly following completion of the work under this contract but in no event later than 1 year (or such longer period as the Contracting Officer may in his discretion approve in writing) from the date of such completion.

(f) The Contractor agrees that any refunds, rebates, credits, or other amounts (including any interest thereon) according to or received by the Contractor or any assignee under this contract shall be paid by the Contractor to the Government, to the extent that they are properly allocable to costs for which the Contractor has been reimbursed by the Government under this contract. Reasonable expenses incurred by the Contractor for the purpose of securing such refunds, rebates, credits, or other amounts shall be allowable costs hereunder when approved by the Contracting Officer. Prior to final payment under this contract, the Contractor and each assignee under this contract whose assignment is in effect at the time of final payment under this contract, shall execute and deliver:

(1) An assignment to the Government, in form and substance satisfactory to the Contracting Officer, of refunds, rebates, credits, or other amounts (including any interest thereon) properly allocable to costs for which the Contractor has been reimbursed by the Government under this contract; and

(2) A release discharging the Government, its officers, agents, and employees from all liabilities, obligations, and claims arising out of or under this contract, subject only to the following exceptions—

(i) Specified claims in stated amounts or in estimated amounts where the amounts are not susceptible of exact statement by the Contractor;

(ii) Claims, together with reasonable expenses incidental thereto, based upon liabilities of the Contractor to third parties arising out of the performance of this contract: *Provided*, That such claims are not known to the Contractor on the date of the execution of the release: *And provided further*, That the Contractor gives notice of such claims in writing to the Contracting Officer not more than 6 years after the date of the release or the date of any notice to the Contractor that the Government is prepared to make final payment, whichever is earlier; and

(iii) Claims for reimbursement of costs (other than expenses of the Contractor by reason of its indemnification of the Government against patent liability), including reasonable expenses incidental thereto, incurred by the Contractor under the provisions of this contract relating to patents.

(g) Any cost incurred by the Contractor under the terms of this contract which would constitute allowable cost under the provisions of this clause shall be included in determining the amount payable under this contract, notwithstanding any provisions contained in the specifications or other documents incorporated in this contract by reference, designating services to be performed or materials to be furnished by the Contractor at his expense or without cost to the Government.

### § 2–7.250–5 Assignment of claims.

Insert the clause set forth in § 1–30.703 of this title. However, the "no set-off" provision should not be included in negotiated procurements where the Contractor is indebted to the Government and its omission appears appropriate to protect the interests of the Government.

### § 2–7.250–6 Examination of records.

EXAMINATION OF RECORDS

(a)(1) The Contractor agrees to maintain books, records, documents, and other evidence pertaining to the costs and expenses of this contract (hereinafter collectively called the "records") to the extent and in such detail as will properly reflect all net costs, direct and indirect, of labor, materials, equipment, supplies and services, and other costs and expenses of whatever nature for which reimbursement is claimed under the provisions of this contract.

(2) The Contractor agrees to make available at the office of the Contractor at all reasonable times during the period set forth in subparagraph (4) below any of the records for inspection, audit or reproduction by any authorized representative of the Comptroller General.

(3) In the event that the Comptroller General or any of his duly authorized representatives determines that his audit of the amounts reimbursed under this contract as transportation charges will be made at a place other than the office of the Contractor, the Contractor agrees to deliver, with the reimbursement voucher covering such charges or as may be otherwise specified within two years after reimbursement of charges covered by any such voucher, to such representative as may be designated for that purpose through the Contracting Officer such documentary evidence in support of transportation costs as may be required by the Comptroller General or any of his duly authorized representatives.

(4) Except for documentary evidence delivered to the Government pursuant to subparagraph (3) above, the Contractor shall preserve and make available his records (i) for a period of three years from the date of final payment under this contract, and (ii) for such longer period, if any, as is required by applicable statute, by any other clause of this contract, or by (a) or (b) below.

(a) If this contract is completely or partially terminated, the records relating to the work terminated shall be preserved and made available for a period of three years from the date of any resulting final settlement.

(b) Records which relate to (i) appeals under the disputes clause of this contract, (ii) litigation or the settlement of claims arising out of the performance of this contract, or (iii) cost and expenses of this contract as to which exception has been taken by the Comptroller General or any of his duly authorized representatives, shall be retained by the Contractor until such appeals, litigation, claims, or exceptions have been disposed of.

(5) Except for documentary evidence delivered pursuant to subparagraph (3) above, and the records described in subparagraph (4)(b) above, the Contractor may in fulfillment of his obligation to retain his records as required by this clause substitute photographs, microphotographs, or other authentic reproductions of such records, after the expiration of two years following the last day of the month of reimbursement to the Contractor of the invoice or voucher to which such records relate, unless a shorter period is authorized by the Contracting Officer with the concurrence of the Comptroller General or his duly authorized representative.

(6) The provisions of this paragraph (a), including this subparagraph (6), shall be applicable to and included in each subcontract hereunder which is on a cost, cost-plus-a-fixed-fee, time-and-material or labor-hour basis.

(b) The Contractor further agrees to include in each of his subcontracts hereunder, other than those set forth in subparagraph (a)(6) above, a provision to the effect that the subcontractor agrees that the Comptroller General or any of his duly authorized representatives, shall, until the expiration of three years after final payment under the subcontract, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor, involving transactions related to the subcontract. The term "subcontract", as used in this paragraph (b) only excludes (i) purchase orders not exceeding $2,500 and (ii) subcontracts or purchase orders for public utility services at rates established for uniform applicability to the general public.

### § 2–7.250–7 Termination for default or for convenience of the government.

Insert the clause set forth in § 1–8.702 of this title. However, if the contract as originally executed provides for cost-sharing by the Contractor, or by subsequent modification is deemed possible of being amended to so provide for cost-sharing, the clause shall be revised to establish the basis on which costs will be shared in the event of termination by the Government for (a) convenience or (b) default.

*This period may be varied by the parties at the time of negotiating the contract.

**§ 2–7.250–8 Disputes.**

Insert the clause set forth in § 1–7.–101–12 of this title.

**§ 2–7.250–9 Notice and assistance regarding patent and copyright infringement.**

Insert the clause set forth in § 1–7.–101–13 of this title under the condition contained therein.

**§ 2–7.250–10 Buy American Act.**

Insert the clause set forth in § 1–6.–104–5 of this title under the conditions contained therein.

**§ 2–7.250–11 Convict labor.**

Insert the clause set forth in § 1–12.–203 of this title under the conditions contained in § 1–12.202 of this title.

**§ 2–7.250–12 Contract Work Hours Standards Act—Overtime Compensation.**

Insert the clause set forth in § 1–12.–303 of this title (modified as set forth in § 2–7.101–16) under the conditions contained in § 1–12.302 of this title.

**§ 2–7.250–13 Walsh-Healey Public Contracts Act.**

Insert the clause set forth in § 1–12.–305 of this title under the conditions contained in § 1–12.602 of this title.

**§ 2–7.250–14 Equal opportunity.**

Insert the clause set forth in § 1–12.–803–2 of this title.

**§ 2–7.250–15 Officials not to benefit.**

Insert the clause set forth in § 1–7.–101–19 of this title.

**§ 2–7.250–16 Covenant against contingent fees.**

Insert the clause set forth in § 1–1.503 of this title under the conditions contained in § 1–1.501 of this title.

**§ 2–7.250–17 Utilization of small business concerns.**

Insert the clause set forth in § 1–1.710–3(a) of this title under the conditions contained therein.

**§ 2–7.250–18 Small business subcontracting program.**

When the criteria specified in § 1–1.–710–3(b) of this title are met, insert the clause contained therein.

**§ 2–7.250–19 Utilization of Concerns in labor surplus areas.**

Insert the clause set forth in § 1–1.805–3(a) of this title under the conditions contained therein.

**§ 2–7.250–20 Labor surplus area subcontracting program.**

When the criteria specified in § 1–1.–805–3(b) of this title are met, insert the clause contained therein.

**§ 2–7.250–21 Subcontracts.**

SUBCONTRACTS

(a) The Contractor shall give advance notification to the Contracting Officer of any proposed subcontract hereunder which (i) is cost-reimbursement type, time and materials, or labor-hour, or (ii) is fixed-price type and exceeds in dollar amount either $25,000 or 5 percent of the total estimated cost of this contract.

(b) In the cases of a proposed subcontract which (i) is cost-reimbursement type, time and materials, or labor-hour and which would involve an estimated amount in excess of $10,000 including any fee, or (ii) is proposed to exceed $100,000; or (iii) is one of a number of subcontracts under this contract with a single subcontractor for the same or related supplies or services which in the aggregate are expected to exceed $100,–000; the advance notification required by (a) above shall include:

(1) A description of the supplies or services to be called for by the subcontract;

(2) Identification of the proposed subcontractor and an explanation of why and how the proposed subcontractor was selected, including the degree of competition obtained;

(3) The proposed subcontract price together with the Contractor's cost or price analysis thereof;

(4) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data when such data and certificate are required by other provisions of this contract, to be obtained from the subcontractor, and

(5) Identification of the type of contract to be used.

(c) The Contractor shall not without the prior written consent of the Contracting Officer place any subcontract which (i) is cost-reimbursement type, time and materials, or labor-hour, or (ii) is fixed-price type and exceed in dollar amount either $25,000 or 5 percent of the total estimated cost of this contract, or (iii) provides for the fabrication, purchase, rental, installation, or other acquisition of any item of industrial facilities, or of special tooling having a value in excess of $1,000 or (iv) has experimental developmental, or research work as one of its purposes. The Contracting Officer may, in his discretion, ratify in writing any such subcontract, such action shall constitute the consent of the Contracting Officer as required by this paragraph (c).

(d) The Contractor agrees that no subcontract placed under this contract shall provide for payment on a cost-plus-a-percentage-of-cost basis.

(e) The Contracting Officer may, in his discretion, specifically approve in writing any of the provisions of a subcontract. However, such approval or the consent of the Contracting Officer obtained as required by this clause shall not be construed to constitute a determination of the allowability of any cost under this contract, unless such approval specifically provides that it constitutes a determination of the allowability of such cost.

(f) The Contractor shall give the Contracting Officer immediate notice in writing of any action or suit filed, and prompt notice of any claim made against the Contractor by any subcontractor or vendor which, in the opinion of the Contractor, may result in litigation related in any way to this contract with respect to which the Contractor may be entitled to reimbursement from the Government.

**§ 2–7.250–22 Excusable delays.**

Insert the clause set forth in § 1–8.708 of this title.

**§ 2–7.250–23 Inspection and correction of defects.**

INSPECTION AND CORRECTION OF DEFECTS

(a) All work under this contract shall be subject to inspection and test by the Government (to the extent practicable) at all times (including the period of performance) and places, and in any event prior to acceptance. The Contractor shall provide and maintain an inspection system acceptable to the Government covering the work hereunder. The Government, through any authorized representative, may inspect the plant or plants of the Contractor or of any of its subcontractors engaged in the performance of this contract. If any inspection or test is made by the Government on the premises of the Contractor or a subcontractor, the Contractor shall provide and shall require subcontractors to provide all reasonable facilities and assistance for the safety and convenience of the Government inspectors in the performance of their duties. All inspections and tests by the Government shall be performed in such a manner as will not unduly delay the work. Except as otherwise provided in this contract, final inspection, and acceptance shall be made at the place of delivery as promptly as practicable after delivery and shall be deemed to have been made no later than 90 days after the date of such delivery, if acceptance has not been made earlier within such period.

(b) At any time during performance of this contract, but not later than six months (or such other period as may be provided in the Schedule) after acceptance of all of the end items (other than designs, drawings, or reports) to be delivered under this contract, the Government may require the Contractor to remedy by correction or replacement, as directed by the Contracting Officer, any failure by the Contractor to comply with the requirements of this contract. Any time devoted to such correction or replacement shall not be included in the computation of the period of time specified in the preceding sentence, except as provided in (d) below. Except as otherwise provided in paragraph (c) below, the allowability of the cost of any such replacement or correction shall be determined as provided in the clause of this contract entitled "Allowable Cost, Fixed Fee, and Payment," but no additional fee shall be payable with respect thereto. Corrected articles shall not be tendered again for acceptance unless the former tender and the requirement of correction is disclosed. If the Contractor fails to proceed with reasonable promptness to perform such replacement or correction, the Government (i) may by contract or otherwise perform such replacement or correction and charge to the Contractor any increased cost occasioned the Government thereby, or may reduce any fixed fee payable under this contract (or require repayment of any fixed fee theretofore paid) in such amount as may be equitable under the circumstances, or (ii) in the case of articles not delivered, may require the delivery of such articles, and shall have the right to reduce any fixed fee payable under this contract (or to require repayment of any fixed fee theretofore paid) in such amount as may be equitable under the circumstances, or (iii) may terminate this contract for default. Failure to agree to the amount of any such increased cost to be charged to the Contractor or to such reduction in, or repayment of, the fixed fee shall be deemed to be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes."

(c) Notwithstanding the provisions of paragraph (b) above, the Government may at any time require the Contractor to remedy by correction or replacement, without cost to the Government, any failure by the Contractor to comply with the requirements of this contract if such failure is due to fraud, lack of good faith or willful misconduct on the part of any of the Contractor's directors or officers, or on the part of any of its managers, superintendents, or other equivalent representatives, who has supervision or direction of (i) all or substantially all of the Contractor's business, or (ii) all or substantially all of the Contractor's operations at any one plant or separate location in which this contract is being performed, or (iii) a separate and complete major industrial operation in connection with the performance of this contract. The Government may at any time also require the Contractor to remedy by correction or replacement, without cost to the Government, any such failure caused by one or more individual employees selected or retained by the Contractor after any such supervisory personnel has reasonable grounds to believe that any such employee is habitually careless or otherwise unqualified.

(d) The provisions of paragraph (b) above shall apply to any corrected or replacement end item or component until six months after its acceptance.

(e) The Contractor shall make its records of all inspection work available to the Government during the performance of this contract and for such longer period as may be specified in this contract.

**§ 2–7.250–24 Insurance—liability to third persons.**

INSURANCE—LIABILITY TO THIRD PERSONS

(a) The Contractor shall procure and thereafter maintain workmen's compensation, employer's liability, comprehensive general liability (bodily injury) and comprehensive automobile liability (bodily injury and property damage) insurance, with respect to performance under this contract, and such other insurance as the Contracting Officer may from time to time require with respect to performance under this contract: *Provided*, That the Contractor may, with the approval of the Contracting Officer, maintain a self-insurance program: *And provided further*, That with respect to workmen's compensation the Contractor is qualified pursuant to statutory authority. All insurance required pursuant to the provisions of this paragraph shall be in such form, in such amount, and for such periods of time, as the Contracting Officer may from time to time require or approve, and with insurers approved by the Contracting Officer.

(b) The Contractor agrees, to the extent and in the manner required by the Contracting Officer, to submit for the approval of the Contracting Officer any other insurance maintained by the Contractor in connection with the performance of this contract and for which the Contractor seeks reimbursement hereunder.

(c) The Contractor shall be reimbursed: (1) For the portion allocable to this contract of the reasonable cost of insurance as required or approved pursuant to the provisions of this clause, and (2) for liabilities to third persons for loss of or damage to property (other than property (1) owned, occupied or used by the Contractor or rented to the Contractor or (ii) in the care, custody, or control of the Contractor), or for death or bodily injury, not compensated by insurance or otherwise, arising out of the performance of this contract, whether or not caused by the negligence of the Contractor, his agents, servants or employees: *Provided*, Such liabilities are represented by final judgments or by settlements approved in writing by the Government and expenses incidental to such liabilities, except liabilities (a) for which the Contractor is otherwise responsible under the express terms of the clause or clauses, if any, specified in the Schedule, or (b) with respect to which the Contractor has failed to insure as required or maintain insurance as approved by the Contracting Officer or (c) which results from willful misconduct or lack of good faith on the part of any of the Contractor's directors or officers, or on the part of any of its managers, superintendents, or other equivalent representatives, who has supervision or direction of (1) all or substantially all of the Contractor's business, or (2) all or substantially all of the Contractor's operations at any one plant or separate location in which this contract is being performed, or (3) a separate and complete major industrial operation in connection with the performance of this contract. The foregoing shall not restrict the right of the Contractor to be reimbursed for the cost of insurance maintained by the Contractor in connection with the performance of this contract, other than insurance required to be submitted for approval or required to be procured and maintained pursuant to the provisions of this clause: *Provided*, Such cost would constitute allowable cost under the clause of this contract entitled "Allowable Cost, Fixed Fee and Payment".

(d) The Contractor shall give the Government or its representatives immediate notice of any suit or action filed, and prompt notice of any claim made, against the Contractor arising out of the performance of this contract, the cost and expense of which may be reimbursable to the Contractor under the provisions of this contract, and the risk of which is then uninsured or in which the amount claimed exceeds the amount of coverage. The Contractor shall furnish immediately to the Government copies of all pertinent papers received by the Contractor. If the amount of the liability claimed exceeds the amount of coverage, the Contractor shall authorize representatives of the Government to collaborate with counsel for the insurance carrier, if any, in settling or defending such claim. If the liability is not insured or covered by bond, the Contractor shall, if required by the Government, authorize representatives of the Government to settle or defend any such claim and to represent the Contractor in or take charge of any litigation in connection therewith; *Provided*, That the Contractor may, at his own expense, be associated with the representatives of the Government in the settlement or defense of any such claim or litigation.

**§ 2–7.250–25 Payment for overtime premiums.**

PAYMENT FOR OVERTIME PREMIUMS

(a) Allowable cost shall not include any amount on account of overtime premiums, except to the extent that they either (i) are approved in writing by the Contracting Officer or (ii) are paid for work—

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature.

(2) By indirect labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting.

(3) In the performance of tests, industrial processes, laboratory procedures, loading or unloading of transportation media, and operations in flight or afloat, which are continuous in nature and cannot reasonably be interrupted or otherwise completed, or

(4) Which will result in lower overall cost to the government.

(b) The cost of overtime premiums otherwise allowable under (a) above shall be allowed only to the extent the amount thereof is reasonable and properly allocable to the work under this contract.

**§ 2–7.250–26 Negotiated overhead rates.**

NEGOTIATED OVERHEAD RATES

(a) Notwithstanding the provisions of the clause of this contract entitled "Allowable Cost, Fixed Fee and Payment", the allowable indirect costs under this contract shall be obtained by applying negotiated overhead rates to bases agreed upon by the parties, as specified below.

(b) The Contractor, as soon as possible, but not later than 90 days after the expiration of each of the Contractor's financial years or such other period as may mutually be agreed upon by the Government and the Contractor shall submit to the Contracting Officer, via the cognizant audit agency a proposed final overhead rate or rates for that period based on the Contractor's cost experience during the period, together with supporting cost data. Negotiation of final overhead rates by the Contractor and the Contracting Officer shall be undertaken as promptly as practicable after receipt of the Contractor's proposal.

(c) Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with § 1–15.2 of Part 1–15 of the Federal Procurement Regulations, as in effect on the date of this contract.

(d) The results of each negotiation shall be set forth in an amendment to this contract, which shall specify (1) the agreed final rates, (2) the bases to which the rates apply, and (3) the periods for which the rates apply.

(e) Pending establishment of final overhead rates for any period, the Contractor shall be reimbursed either at negotiated provisional rates as provided in the Schedule or at billing rates acceptable to the cognizant Government Auditor, subject to appropriate adjustment when the final rates for that period are established. To prevent substantial over or under payment, the provisional or billing rates may, at the request of either party, be revised by mutual agreement, either retroactively or prospectively. Any such revision or negotiated provisional rates provided in the Schedule shall be set forth in an amendment to this contract.

(f) Any failure by the parties to agree on any final rate or rates under this clause shall be considered a dispute concerning a question of fact for decision by the Contracting Officer within the meaning of the clause of this contract entitled "Disputes".

**§ 2–7.250–27 Price reduction for defective cost or pricing data.**

Where a certificate of cost or pricing data is required by or obtained pursuant to § 1–3.807–3(b) of this title, the clause set forth in § 1–3.814–1(a) of this title, appropriately modified if necessary, shall be included in the contract.

**§ 2–7.250–28 Audit and records.**

Where the Price Reduction for Defective Cost or Pricing Data clause set forth in § 1–3.814–1(a) of this title is included in the contract, the clause set forth in § 1–3.814–2(c) of this title also shall be included in the contract.

**§ 2–7.250–29 Subcontractor cost and pricing data.**

Where, in accordance with § 1–3.814–1(a) of this title, the Price Reduction for Defective Cost or Pricing Data clause therein is included in the contract, the clause set forth in § 1–3.814–3(a) of this title, appropriately modified if necessary, also shall be included in the contract.

**§ 2–7.250–30 Priorities, allocations, and allotments.**

Insert the clause set forth in § 2–7.150–9.

**§ 2–7.250–31 Renegotiation.**

Unless it has been conclusively determined that the contract is exempt from the Renegotiation Act of 1951, as amended, insert the clause set forth in § 2–7.150–17(a).

### § 2–7.250–32 Government property.

GOVERNMENT PROPERTY

(a) The Government shall deliver to the Contractor, for use in connection with and under the terms of this contract, the property described in the Schedule or specifications, together with such related data and information as the Contractor may request and as may reasonably be required for the intended use of such property (hereinafter referred to as "Government-furnished Property"). The delivery or performance dates for the supplies or services to be furnished by the Contractor under this contract are based upon the expectation that Government-furnished Property suitable for use will be delivered to the Contractor at the times stated in the Schedule or, if not so stated, in sufficient time to enable the Contractor to meet such delivery or performance dates. In the event that Government-furnished Property is not delivered to the Contractor by such time or times, the Contracting Officer shall, upon timely written request made by the Contractor, make a determination of the delay occasioned the Contractor and shall equitably adjust the estimated cost, fixed fee, or delivery or performance dates, or all of them, and any other contractual provisions affected by such delay, in accordance with the procedures provided for in the clause of this contract entitled "Changes." In the event that Government-furnished Property is received by the Contractor in a condition not suitable for the intended use, the Contractor shall, upon receipt thereof notify the Contracting Officer of such fact and act as directed by the Contracting Officer. Upon completion of such action the Contracting Officer upon written request of the Contractor shall equitably adjust the estimated cost, fixed fee, or delivery or performance dates, or all of them, and any other contractual provision affected by the return or disposition, or the repair of modification in accordance with the procedures provided for in the clause of this contract entitled "Changes." The foregoing provisions for adjustment are exclusive and the Government shall not be liable to suit for breach of contract by reason of any delay in delivery of Government-furnished Property or delivery of such property in a condition not suitable for its intended use.

(b) Title to all property furnished by the Government shall remain in the Government. Title to all property purchased by the Contractor, for the cost of which the Contractor is entitled to be reimbursed as a direct item of cost under this contract, shall pass to and vest in the Government upon delivery of such property by the vendor. Title to other property, the cost of which is reimbursable to the Contractor under the contract, shall pass to and vest in the Government upon (i) issuance for use of such property in the performance of this contract, or (ii) commencement of processing or use of such property in the performance of this contract, or (iii) reimbursement of the cost thereof by the Government in whole or in part, whichever first occurs. All Government-furnished Property, together with all property acquired by the Contractor title to which vests in the Government under this paragraph, are subject to the provisions of this clause and are hereinafter collectively referred to as "Government Property."

(c) Title to the Government Property shall not be affected by the incorporation or attachment thereof to any property not owned by the Government, nor shall such Government property, or any part thereof, be or become a fixture or lose its identity as personalty by reason of affixation to any realty. The Contractor agrees to promptly account for all Government Property and to maintain a suitable inventory control system acceptable to the Contracting Officer.

(d) The Government Property provided or furnished pursuant to the terms of this contract shall, unless otherwise provided herein, be used only for the performance of this contract.

(e) The Contractor shall maintain and administer in accordance with sound industrial practice, a program, for the maintenance, repair, protection and preservation of Government Property so as to assure its full availability and usefulness for the performance of this contract. The Contractor shall take all reasonable steps to comply with all appropriate directions or instructions which the Contracting Officer may prescribe as reasonably necessary for the protection of Government Property.

(f) (1) The Contractor shall not be liable for any loss of or damage to the Government Property, or for expenses incidental to such loss or damage, except that the Contractor shall be responsible for any such loss or damage (including expenses incidental thereto)—

(i) Which results from willful misconduct or lack of good faith on the part of any one of the Contractor's directors or officers, or on the part of any of his managers, superintendents, or other equivalent representatives, who has supervision or direction of:

(A) All or substantially all of the Contractor's business, or

(B) All or substantially all of the Contractor's operations at any one plant or separate location in which this contract is being performed, or

(C) A separate and complete major industrial operation in connection with the performance of this contract;

(ii) Which results from a failure on the part of the Contractor, due to the willful misconduct or lack of good faith on the part of any of his directors, officers, or other representatives mentioned in subparagraph (i) above.

(A) To maintain and administer, in accordance with sound industrial practice, the program for maintenance, repair, protection and preservation of Government Property as required by paragraph (e) hereof, or

(B) To take all reasonable steps to comply with any appropriate written directions of the Contracting Officer under paragraph (e) hereof:

(iii) For which the Contractor is otherwise responsible under the express terms of the clause or clauses designated in the Schedule;

(iv) Which results from a risk expressly required to be insured under this contract, but only to the extent of the insurance so required to be procured and maintained, or to the extent of insurance actually procured and maintained, whichever is greater; or

(v) which results from a risk which is in fact covered by insurance or for which the Contractor is otherwise reimbursed, but only to the extent of such insurance or reimbursement; provided that, if more than one of the above exceptions shall be applicable in any case, the Contractor's liability under any one exception shall not be limited by any other exception. This clause shall not be construed as relieving a subcontractor from liability for loss or destruction of or damage to Government Property in his possession or control, except to the extent that the subcontract, with the prior approval of the Contracting Officer, may provide for the relief of the subcontractor from such liability. In the absence of such approval, the subcontract shall contain appropriate provisions requiring the return of all Government Property in as good condition as when received, except for reasonable wear and tear or for the utilization of the property in accordance with the provisions of the prime contract.

(2) The Contractor shall not be reimbursed for, and shall not include as an item of overhead, the cost of insurance, or any provision for a reserve, covering the risk of loss of or damage to the Government Property, except to the extent that the Government may have required the Contractor to carry such insurance under any other provisions of this contract.

(3) Upon the happening of loss or destruction of or damage to the Government Property, the Contractor shall notify the Contracting Officer or his designated representative thereof; and shall take all reasonable steps to protect the Government Property from further damage, separate the damaged and undamaged Government Property, put all the Government Property in the best possible order, and furnish to the Contracting Officer a statement of all the details concerning the loss or damage and the insurance coverage, if any. The Contractor shall make repairs and renovations of the damaged Government Property or take such other action as the Contracting Officer directs.

(4) In the event the Contractor is indemnified, reimbursed, or otherwise compensated for any loss or destruction of or damage to the Government Property, he shall use the proceeds to repair, renovate or replace the Government Property involved, or shall credit such proceeds against the cost of the work covered by the contract, or shall otherwise reimburse the Government, as directed by the Contracting Officer. The Contractor shall do nothing to prejudice the Government's right to recover against third parties for any such loss, destruction or damage and, upon the request of the Contracting Officer, shall, at the Government's expense, furnish to the Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of the Government) in obtaining recovery. In addition, where the subcontractor has not been relieved from liability for any loss or destruction of or damage to Government Property, the Contractor shall enforce the liability of the subcontractor for such loss or destruction of or damage to the Government Property for the benefit of the Government.

(g) The Government shall at all reasonable times have access to the premises where any of the Government Property is located.

(h) The Government Property shall remain in the possession of the Contractor for such period of time as is required for the performance of this contract unless the Contracting Officer determines that the interests of the Government require removal of such property. In such case the Contractor shall promptly take such action as the Contracting Officer may direct with respect to the removal and shipping of Government Property. In any such instance, the contract may be amended to accomplish an equitable adjustment in the terms and provisions thereof.

(i) Upon the completion of this contract, or at such earlier dates as may be fixed by the Contracting Officer, the Contractor shall submit to the Contracting Officer in a form acceptable to him, inventory schedules covering all items of the Government Property not consumed in the performance of this contract, or not therefore delivered to the Government, and shall deliver or make such other disposal of such Government Property as may be directed or authorized by the Contracting Officer. The net proceeds of any such disposal shall be credited to the cost of the work covered by the contract or shall be paid in such manner as the Contracting Officer may direct. The foregoing provisions shall apply to scrap from Government Property: *Provided, however,* That the Contracting Officer may authorize or direct the Contractor to omit from such inventory schedules any scrap consisting of faulty castings or forgings, or cutting and processing waste, such as chips, cuttings, borings, turnings, short ends, circles, trimmings, clippings, and remnants, and to dispose of such scrap in accordance with the Contractor's normal practice and account therefore as a part of general overhead or other reimbursable cost in accordance with the Contractor's established accounting procedures.

(j) Unless otherwise provided herein, the Government shall not be under any duty or obligation to restore or rehabilitate, or to pay the costs of the restoration or rehabilitation of the Contractor's plant or any portion thereof which is affected by the removal of any Government Property.

(k) Directions of the Contracting Officer and communications of the Contractor issued pursuant to this clause shall be in writing.

### § 2–7.250–33 Notice to the Government of labor disputes.

NOTICE TO THE GOVERNMENT OF LABOR DISPUTES

(a) Whenever the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice thereof, including all relevant information with respect thereto, to the Contracting Officer.

(b) The Contractor agrees to insert the substance of this clause including this paragraph (b), in any subcontract hereunder as to which a labor dispute may delay the timely performance of this contract; except that each such subcontract shall provide that in the event this timely performance is delayed or threatened by delay by any actual or potential labor dispute, the subcontractor shall immediately notify his next higher tier subcontractor, or the prime contractor, as the case may be, of all relevant information with respect to such dispute.

### § 2–7.250–34 Notice to the Government regarding late delivery.

NOTICE TO THE GOVERNMENT REGARDING LATE DELIVERY

In the event the Contractor encounters difficulty in meeting performance requirements, or anticipates difficulty in complying with the contract delivery schedule or date, the Contractor shall immediately notify the Contracting Officer thereof in writing, giving pertinent details, including the date by which it expects to complete performance or make delivery: *Provided, however,* That this data shall be informational only in character and that receipt thereof shall not be construed as a waiver by the Government of any contract delivery schedule or date, or any rights or remedies provided by law or under this contract.

### § 2–7.250–35 Quality of materials, workmanship, and design.

QUALITY OF MATERIALS, WORKMANSHIP, AND DESIGN

Any equipment to be furnished under this contract shall be manufactured and processed in a careful and workmanlike manner. All details of design, construction and installation shall present a neat appearance and shall accord with the best commercial standards and practices. Unless otherwise specified, all materials, supplies and components to be furnished must be new, unused, of current production, and of the most suitable grade for the purpose intended.

### § 2–7.250–36 Collection of information.

Insert the clause set forth in § 2–7.150–11.

### § 2–7.250–37 Other contractors.

OTHER CONTRACTORS

The Government may undertake or award other contracts for additional or related work, and the Contractor shall fully cooperate with such other contractors and Government employees and carefully fit its own work to such additional work. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor or by Government employees.

The foregoing paragraph shall be included in the contracts of all contractors with whom this Contractor will be required to cooperate. The Government shall equitably enforce this clause as to all contractors, to prevent the imposition of unreasonable burdens on any contractor.

### § 2–7.250–38 Dissemination of contract information.

DISSEMINATION OF CONTRACT INFORMATION

The Contractor shall not publish, permit to be published, or distribute for public consumption, any information, oral or written, concerning the objectives, results or conclusions made pursuant to performance of this contract, without the prior written consent of the ----------.* Federal Aviation Agency. (Two copies of any material proposed to be published or distributed shall be submitted.)

### § 2–7.250–39 Reproduction and use of technical data.

Insert the clause set forth in § 2–7.150–13.

### § 2–7.250–40 Gratuities.

Insert the clause set forth in § 2–7.150–21.

### § 2–7.250–41 Authorization and consent.

Insert the clause set forth in § 2–7.150–7.

## Subpart 2–7.4—Cost-Reimbursement Type Research and Development Contracts

### § 2–7.400 Scope of subpart.

This subpart sets forth contract clauses for use in cost-reimbursement contracts for design, research, development, test, or experimental work.

### § 2–7.450 Clauses.

In all cost-reimbursement type contracts for design, research, development, test, or experimental work calling for delivery or completion of work within the United States, its possessions, or Puerto Rico, the clauses set forth in § 2–7.250–1 through 2–7.250–40 shall, unless otherwise indicated by the specific instructions for their use, be inserted.

### § 2–7.450–1 Rights in data—unlimited.

Insert the following clause in contracts involving design, research, development, test, or experimental work. It may be included in other contracts where appropriate. The Contracting Officer may alter the clause to suit a particular situation. However, any such alterations must be in accordance with Agency regulations on acquisition of rights in data, including § 2–9.5001.

RIGHTS IN DATA—UNLIMITED

(a) The term "Subject Data" as used herein includes writings, sound recordings, pictorial reproduction, drawings, or other graphical representations, and works of any similar nature (whether or not copyrighted) which are specified to be delivered under this contract. The term does not include financial reports, cost analyses and similar information incidental to contract administration.

(b) (1) The Government may duplicate, use, and disclose in any manner and for any purpose whatsoever, and have others so do, all Subject Data delivered under this contract.

(2) The Contractor agrees to and does hereby grant to the Government, and to its officers, agents, and employees acting within the scope of their official duties, a royalty-free, non-exclusive, irrevocable license throughout the world, to publish, translate, deliver, perform, dispose of, and to authorize others so to do all Subject Data now or hereafter covered by copyright.

(3) The Contractor shall report to the Contracting Officer promptly and in reasonably written detail, each notice or claim of copyright infringement with respect to all Subject Data delivered under this contract.

(c) Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(d) The Contractor shall not affix any restrictive markings upon any Subject Data, and if such markings are affixed, the Government shall have the right at any time to modify, remove, obliterate or ignore any such markings.

### § 2–7.450–2 Patent rights.

Insert the following clause in contracts involving design, research, development, test, or experimental work. It may be included in other contracts where appropriate. The Contracting Officer may alter the clause to suit a particular situation. However, any such alterations must be in accordance with Agency regulations on patent rights, including Agency policy set forth in § 2–9.5001.

PATENT RIGHTS

(a) Whenever any invention, improvement, or discovery (whether or not patentable) is made or conceived or for the first time actually or constructively reduced to practice, by the Contractor or its employees, in the course of, in connection with, or under the terms of this contract, the Contractor shall immediately give the Contracting Officer written notice thereof, and shall promptly thereafter furnish the Contracting Officer with complete information thereon; and the Administrator shall have the sole and exclusive power to determine whether or not and where a patent application shall be filed, and to determine the disposition of all rights in such invention, improvement, or discovery including title to and rights under any patent application or patent that may issue thereon. The determination of the Administrator on all these matters shall be accepted as final and the provisions of the clause of this contract entitled "Disputes" shall not apply; and the Contractor agrees that it will, and warrants that all of its employees who may be the inventors will, ex-

*(i) In Washington contracts, insert "Director, Systems Research and Development Service" for Contracts resulting from SRDS procurement requests; insert "Contracting Officer" for all other contracts. (ii) All other procurement offices will insert "Contracting Officer".

ecute all documents and do all things necessary or proper to the effectuation of such determination.

(b) Except as otherwise authorized in writing by the Contracting Officer, the Contractor shall obtain patent agreements to effectuate the provisions of this clause from all persons who perform any part of the work under this contract, except such clerical and manual labor personnel as will have no access to technical data.

(c) Except as otherwise authorized in writing by the Contracting Officer, the Contractor will insert in each subcontract, having experimental, developmental, or research work as one of its purposes, provisions making this clause applicable to the subcontractor and its employees.

(d) If the Government obtains patent rights pursuant to this clause of this contract, the Contractor shall be offered license rights thereto on terms at least as favorable as those offered to any other firm.

(e) In the event no inventions, improvements or discoveries (whether or not patentable) are made or conceived, or for the first time actually or constructively reduced to practice, by the Contractor or its employees in the course of, in connection with, or under the terms of this contract, the Contractor shall so certify to the Contracting Officer before final payment hereunder.

### § 2–7.450–3 Recovery of costs.

Insert the following clause in all contracts for design, research, development, test, or experimental work where equipment or other items of hardware are to be furnished as end items. It may be included in other contracts as appropriate. The Contracting Officer may alter the clause to suit a particular situation. However, any such alterations must be in accordance with Agency regulations on recovery of costs, including Agency policy set forth in § 2–9.5001.

RECOVERY OF COSTS

(a) As may be determined by the Contracting Officer to be fair, reasonable and equitable, the Contractor shall pay to the Government up to 5 percent of sums hereafter received by or credited to the Contractor or its privies (including subcontractors) on sales or leases (exclusive of sales or leases to the U.S. Government, either directly or indirectly through Government prime contractors or subcontractors) of any equipment which is substantially the same in design as, or which is directly derived from, that developed by the Contractor or any of its subcontractors in the performance of this contract.

(b) In selling or leasing the equipment identified in paragraph (a) above to the Government, either directly or indirectly through Government prime contractors or subcontractors, the Contractor or its privies (including subcontractors) shall notify the purchaser or lessee in writing that the equipment was developed under a Federal Aviation Agency contract containing a Recovery of Costs clause and that the purchase or lease price of such equipment is less than the price of such equipment when sold or leased to others than the Government by an amount no less than the Government's share under the Recovery of Costs clause. A copy of each such notice shall be sent to the Contracting Officer.

(c) As may be determined by the Contracting Officer to be fair, reasonable and equitable, the Contractor shall also pay to the Government up to 33 percent of all sums hereafter received by, or credited to, the Contractor or its privies (including subcontractors) as royalty payments under technical agreements permitting others to sell, lease, or manufacture, the equipment identified in paragraph (a) above.

(d) Recovery by the Government under this clause shall be limited to amounts paid and credited to the Contractor under this contract. Payments to the Government under this clause shall not be so high as to destroy the Contractor's competitive position for the equipment involved, provided that the equipment is otherwise reasonably priced and efficiently and economically produced.

(e) The Contractor shall report to the Government all sales, leases, licensing agreements, royalties and receipts, which might reasonably be considered to be subject to this clause; and the Contractor shall promptly render accurate, certified accounts thereon to the Government at reasonable intervals.

### § 2–7.450–4 Authorization and consent.

AUTHORIZATION AND CONSENT

The Government hereby gives its authorization and consent for all use and manufacture of any invention described in and covered by a patent of the United States in performance of this contract or any part hereof or any amendment hereto or any subcontract hereunder (including any lower-tier subcontract).

## Subpart 2–7.6—Fixed-Price Construction Contracts

### § 2–7.601 Required clauses.

The clauses in the following sections are for mandatory use (unless otherwise indicated) in conjunction with either short-form construction contracts (Standard Form 19) or long-form construction contracts (Standard Form 23) or both as specified beside the subsection heading. Clauses which are in addition to those contained in SF–19 or SF–23A shall be entitled "Additional General Provisions (Construction Contract)".

### § 2–7.601–1 Resident engineer (use with SF–19).

RESIDENT ENGINEER

The term "Resident Engineer" means that employee of the Government designated to represent the Contracting Officer at the site of the work for the purpose of inspecting the work to determine if it meets contract requirements.

### § 2–7.601–2 Resident engineer (use with SF–23).

RESIDENT ENGINEER

(a) The term "Resident Engineer" means that employee of the Government designated to represent the Contracting Officer at the site of the work for the purpose of inspecting the work to determine if it meets contract requirements. Use of "construction engineer", "resident inspector" or similar terms shall be deemed to be a reference to the Resident Engineer.

(b) The Resident Engineer shall be considered to be an authorized representative of the Contracting Officer only with respect to: (1) Those authorities, duties, or responsibilities assigned specifically to the Resident Engineer by the provisions, terms, or conditions of the contract; and, (2) such authorities, duties, or responsibilities as may be specifically assigned to the Resident Engineer and set forth in a written notice furnished to the Contractor by the Contracting Officer. The delineation of the Resident Engineer's authority contained in any such written notice shall take precedence over any authority conveyed by the contract provisions, terms, or conditions.

(c) Unless otherwise specified, the Resident Engineer shall act for the Contracting Officer in the inspection and acceptance, or rejection, of material and workmanship pursuant to Clauses 9 and 10 of the General Provisions. However, the Resident Engineer is not authorized to make changes in the drawings or specifications in this contract. The presence or absence of a Resident Engineer shall not relieve the Contractor from any of the requirements or obligations of the contract.

### § 2–7.601–3 Protection of existing utilities and communication facilities (use with SF–19 and SF–23).

PROTECTION OF EXISTING UTILITIES AND COMMUNICATION FACILITIES

It shall be the responsibility of the Contractor to protect all existing utilities and communication facilities, above or below ground, from damage wherever encountered. In the event utilities or communication facilities are encountered that are not shown on the drawings or specification, the provisions of the "Changed Conditions" clause of this contract will apply. Any destruction of or damage to existing utilities or communication facilities above or below ground shall be promptly repaired or replaced by the Contractor at the direction of the Contracting Officer and in a manner which will, at a minimum, restore the usefulness and life expectancy existing immediately before damage or destruction.

### § 2–7.601–4 Layout of work (use with SF–19 and SF–23).

LAYOUT OF WORK

The Resident Engineer will furnish and set initial construction stakes, marks and reference points adequate for the establishment of lines and grades for the work and will furnish the Contractor all relative information. The Contractor shall provide competent labor to assist the Resident Engineer in the work. These stakes, marks and reference points shall constitute the primary field control by and in accordance with which the intermediate construction stakes, reference points, batter boards, etc., shall be furnished and set by the Contractor. The Contractor will be held responsible for the proper execution of the work to such lines, and grades, as may be established. All stakes, marks, reference points, or bench marks established by the Government which are disturbed or removed by the Contractor shall be re-established by the Contractor at his own expense, but immediate notification of any such re-establishment shall be furnished to the Resident Engineer, and the accuracy of the re-establishment will be subject to verification by the Resident Engineer.

### § 2–7.601–5 Conduct of work (use with SF–19 and SF–23).

CONDUCT OF WORK

The Contractor shall comply with all valid local laws and regulations governing the operation of the premises and shall perform his work in a manner which will not unduly interfere with business being conducted thereon.

The Contractor shall provide, erect and maintain all necessary barricades, danger signals, signs and lights for the protection of the work and the safety of the public for both land and air traffic, and shall take any additional protective measures deemed necessary by the Resident Engineer.

All operations of the Contractor (including storage of materials) shall be confined to areas authorized or approved by the Resident Engineer. Temporary buildings (storage sheds, shops, offices, etc.) may be constructed by the Contractor only with the approval of the Resident Engineer and they shall be removed by the Contractor upon completion of work.

The Contractor shall, during the progress of the work, maintain the job site in a neat and orderly condition. Upon completion of work, he shall remove from the premises all debris that may have accumulated in the performance of the work, as well as equipment, tools, scaffolding, etc., belonging to him and shall leave the premises in a neat and attractive condition.

### § 2–7.601–6 Government-furnished property (use with SF–19 and SF–23).

GOVERNMENT-FURNISHED PROPERTY

(a) Title, use and quantities. Any property to be furnished by the Government (as listed elsewhere in this contract under the heading "Government-Furnished Property List" hereafter referred to as "GFPL") is for use only in connection with the performance of the work hereunder. Title to all such property shall remain vested in the Government. The property shall be furnished in the quantities shown, with the exception of items marked "as required", which will be furnished in whatever quantities are required to complete the work. All additional quantities of the items on this list and any other property required to complete the work will be furnished by the Contractor.

(b) Point of delivery. The Government shall deliver this property to the Contractor at the point(s) specified in the GFPL. The Contractor shall at no expense to the Government inspect, unload, load and make further delivery of the property at the job site. The Contractor shall be responsible for payment of any demurrage and storage charges accruing more than 5 days after his receipt of notice to proceed.

(c) Time of delivery. Any property to be furnished by the Government shall be delivered to the Contractor in sufficient time to enable him to perform the work without delay. The Contractor will be given advance notice of expected delivery dates if they are not already shown on the GFPL. If the property is not delivered to the Contractor by the 5th day subsequent to the expected delivery date, he shall notify the Resident Engineer within 3 days thereafter. If there are shortages or defective property in any shipment, the Contractor shall notify the Resident Engineer within 3 days after delivery of shipment, or in case of concealed defects and shortages, within 3 days after they are discovered. In either event, the Resident Engineer will take appropriate action to rectify the matter. In the absence of information from the Contractor to the contrary within the periods specified above, the Government will consider that all property has been delivered to the Contractor on time and in good condition and he may be held responsible thereafter for any shortages and defective property that may later be discovered.

No claim for adjustments in the time and price for performance of the contract pursuant to appropriate clauses of this contract ("Price Adjustment for Suspension Delay or Interruption of Work" and the "Default" clause) shall be allowed for failure of the Government to furnish property unless the Contractor reports the delinquent deliveries within the periods specified above. Notifications to the Resident Engineer are in addition to the requirements under the above-cited clauses for making timely notifications to the Contracting Officer if time and price adjustments are desired.

(d) Surplus. In accordance with instructions furnished by the Resident Engineer, upon completion of the work, any unused property shall be prepared for shipment and be delivered by the Contractor to the nearest appropriate common carrier or Government storage point in the locality of the work.

### § 2–7.601–7 Quantities and unit prices.

It is preferred that construction contracts specify a lump sum price for each item of work and/or a total lump sum price for all work performed under the contract in all cases where the extent of the work is ascertainable by the Contractor from the drawings and specifications and a site investigation. Price quotations on a "unit of work" or "unit of material" basis may be solicited only for those phases of the work where it would be clearly unreasonable to expect prospective Contractors to arrive at close estimates without getting into the work or without performing certain preliminary phases of it. In contracts containing unit prices the clause as stipulated below shall be used in either form of contract (SF–19 or SF–23).

QUANTITIES AND UNIT PRICES

(a) (This clause shall apply only to those items to which unit prices apply, and for which estimates are shown of the quantities of such items which may be required to complete the contract work.) The quantities shown in the schedule of items are approximations. The Contractor shall furnish whatever quantities are required to complete the project in accordance with the drawings and specifications. Except as specified in (b) below, the payment for all quantities actually furnished will be made at the unit price shown which shall be the full amount for furnishing, installing and providing all work in connection with the items as required to complete the work of this contract.

(b) If the actual required quantity of an item varies more than 25 percent from any estimated quantity stated in the schedule, the Contracting Officer may make an equitable revision either upward or downward in the unit price. If the actual required quantity of an item exceeds the estimated quantity by more than 25 percent, the Contracting Officer may also extend the time for performance of the contract work.

(c) Any claim of the Contractor for adjustment under this clause must be asserted in writing before the date of final payment under the contract. If any adjustment is made under this clause, the contract shall be modified accordingly. If the parties fail to agree upon the adjustment to be made, the dispute shall be determined as provided in the "Disputes" clause, but nothing provided in this clause shall excuse the Contractor from proceeding with the prosecution of the work.

### § 2–7.601–8 Notice to the Government of labor disputes (use with SF–23).

NOTICE TO THE GOVERNMENT OF LABOR DISPUTES

(a) Whenever the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice thereof, including all relevant information with respect thereto, to the Contracting Officer.

(b) The Contractor agrees to insert the substance of this clause, including this paragraph (b), in any subcontract hereunder as to which a labor dispute may delay the timely performance of this contract; except that each such subcontract shall provide that in the event its timely performance is delayed or threatened by delay by any actual or potential labor dispute, the subcontractor shall immediately notify his next higher tier subcontractor, or the prime contractor, as the case may be, of all relevant information with respect to such dispute.

### § 2–7.601–9 Commissioning of site (use with SF–19 and SF–23).

COMMISSIONING OF SITE

The Government reserves the right to put into commission the facilities covered by the contract, in whole or in part, as the progress of the construction will permit. No such commissioning of the site shall be construed as relieving the Contractor from his responsibility for the material delivered and work performed, or as a release from any of the obligations or responsibilities under the contract, including the proper care and protection of all materials and all work performed until completion and final acceptance of all work required under the contract.

### § 2–7.601–10 Guarantee (use with SF–19 and SF–23).

GUARANTEE

(a) Unless otherwise provided in the contract, the Contractor guarantees all work performed and materials and equipment delivered to be in accordance with contract requirements and free from defective or inferior materials, equipment and workmanship for one year from the date of final acceptance of the contract work by the Government. The guarantee provided for in this clause shall not extend to or apply to Government-furnished material or equipment except as to such work as may be performed thereon by the Contractor.

(b) Upon receipt of notice from the Contracting Officer that work, material or equipment furnished under this contract has failed to meet the contract guarantee, the Contractor shall promptly return to the site of the work and (1) place in satisfactory condition in every particular all such guaranteed work, correcting all defects therein, (2) restore to a satisfactory condition the building or site or any equipment or contents thereof which, in the opinion of the Contracting Officer, are affected or damaged as a result of the use of material, equipment or workmanship which are inferior, defective or not in accordance with the terms of the contract and (3) restore to a satisfactory condition any work, materials and equipment disturbed in fulfilling the guarantee.

(c) In any case where in fulfilling the requirements of the contract or of any guarantee, embraced in or required thereby, the Contractor disturbs any work guaranteed under another contract, he shall restore such disturbed work to a condition satisfactory to the Contracting Officer and guarantee such restored work to the same extent as it was guaranteed under such other contract.

(d) Should the Contractor fail to proceed promptly to comply with the terms of a guarantee under this contract, the Contracting Officer may cause corrective action to be taken by others and the Contractor shall promptly reimburse the Government its cost incurred thereby, or in lieu of taking corrective action, the Contracting Officer may cause the Contractor to pay to the Government an amount of money commensurate with what the corrective action would cost.

### § 2–7.601–11 Contract time—notice to proceed (use with SF–23).

CONTRACT TIME—NOTICE TO PROCEED

(a) If, in the opinion of the Contracting Officer, the Contractor's delay in executing formal contract documents or furnishing performance or payment bonds causes a delay in the issuance of the notice to proceed, the time to complete the work as specified in the bid shall be reduced by an amount of time no greater than the Contractor's delay.

(b) The Contractor shall perform no work under this contract until the required contract documents and bonds have been furnished. Thereafter, work at other than the contract site may be undertaken. The Con-

tractor shall perform no work at the contract site except pursuant to a notice to proceed given by the Contracting Officer.

(c) Notice to proceed may be issued by the Government at its convenience. Any right of the Contractor to a price adjustment because of unreasonable delay on the part of the Government in issuing notice to proceed shall be determined in accordance with the clause entitled "Price Adjustment for Suspension, Delay, or Interruption of the Work."

### § 2–7.601–12 Work schedule (use with SF–23).

WORK SCHEDULE

Within 7 days after receipt of notice to proceed, but before any work is performed, the Contractor shall furnish to the Contracting Officer, in triplicate, a schedule, acceptable to the Contracting Officer, showing the proposed dates on which work will be started and completed on the major phases of the project. Acceptance of the schedule by the Contracting Officer shall in no way excuse the Contractor for any delay in completing the work.

### § 2–7.601–13 Special precautions for work at operating airports (use with SF–23 when any work is to be performed at operating airports).

SPECIAL PRECAUTIONS FOR WORK AT OPERATING AIRPORTS

(a) When work is to be performed at an operating airport the Contractor must arrange his work schedule so as to constitute the least possible interference with flight operations. Such operations will take precedence over construction convenience. Any operations of the Contractor which would otherwise interfere with or endanger the operations of aircraft shall be performed only at times and in the manner directed by the Resident Engineer. The Government will make every effort to reduce the disruption of the Contractor's operation.

(b) Unless otherwise specified by local regulations, all areas in which construction operations are underway shall be marked by yellow flags during daylight hours and by red lights at other times. The red lights along the edge of the construction areas within the existing aprons shall be the electric type of not less than 100 watts intensity placed and supported as required. All other construction markings on roads and adjacent parking lots may be either electric or battery type lights. These lights and flags shall be placed so as to outline the construction areas and the distance between any two flags or lights shall not be greater than 25 feet. The Contractor shall provide adequate watch to maintain the lights in working conditions at all times other than daylight hours. The hour of beginning and the hour of ending of daylight will be determined by the Resident Engineer.

(c) All equipment and materials in the construction areas or when moved outside of the construction area shall be marked with airport safety flags during the day, and when directed by the Resident Engineer, with red obstruction lights at night. All equipment operating on the apron, taxiway, runway and intermediate areas after darkness hours shall have clearance lights in conformance with instructions from the Resident Engineer. No construction equipment shall operate within 50 feet of aircraft undergoing fuel operations. Open flames are not allowed on the ramp except at times authorized by the Resident Engineer.

(d) Trucks and other motorized equipment entering the airport or construction area shall do so only over routes determined by the Resident Engineer. Use of runways, aprons, taxiways or parking areas as truck or equipment routes will not be permitted unless specifically authorized for such use. Flagmen shall be furnished by the Contractor at points on apron and taxiways for safe guidance of his equipment over these areas to assure right of way to aircraft. Areas and routes used during the period of the contract must be returned to their original condition by the Contractor. The maximum speed allowed on the Airport shall be as established by the airport management. Vehicles shall be operated so as to be under safe control at all times, weather and traffic conditions considered. Vehicles must be equipped with head and tail lights during the hours of darkness.

### § 2–7.601–14 Standard references (use with SF–23).

STANDARD REFERENCES

(a) Any materials, equipment, or workmanship specified by reference to the number, symbol, or title of any specified Standard shall comply with the latest edition or revision thereof and any amendment or supplement thereto in effect on the date of the Invitation for Bids, except as limited to type, class or grade, or modified in the specifications.

(b) "Federal Standards," "Commercial Standards," and "Simplified Practice Recommendations" can be purchased from the Superintendent of Documents, United States Government Printing Office, Washington 25, D.C., or may be obtained from any Field Office of the U.S. Department of Commerce. Federal Specifications may be obtained from any Field Office of the U.S. Department of Commerce. Federal Specifications may be obtained from any Regional Office of the General Services Administration or the Superintendent of Documents.

(c) Standards of Associations referred to in the specifications may be obtained from the Associations.

### § 2–7.601–15 Drawings (use with SF–23).

DRAWINGS

(a) The general character and scope of the work are shown by the drawings listed in the contract.

(b) In case of differences between small and large scale drawings, the large scale drawings shall govern. Schedules on drawings shall take precedence over any conflicting notations on the drawings. On any of the drawings where a portion of the work is drawn out and the remainder is shown in outline, the parts drawn shall apply also to all other like portions of the work.

(c) Where the word "similar" occurs on the drawings, it shall have a general meaning and not be interpreted as being identical, and all details shall be worked out in relation to their location and their connection with other parts of the work.

### § 2–7.601–16 Shop drawings and illustrative literature (use with SF–23).

SHOP DRAWINGS AND ILLUSTRATIVE LITERATURE

The Contractor shall submit shop and setting drawings, illustrative literature and schedules, as required by the specification, to the Contracting Officer for approval sufficiently in advance of construction requirements to allow ample time for checking, resubmitting and rechecking. The approval of these shall be general and shall not be construed as permitting any departure from specifications or as relieving the Contractor of the responsibility for any errors or details. If such drawings, literature and schedules deviate from the contract requirements, such deviations shall be described by the Contractor in his letter of transmittal.

### § 2–7.601–17 Electrical codes (use with SF–19 and SF–23).

ELECTRICAL CODES

Requirements of the specifications and drawings applicable to this contract are intended to be in conformity with the National Electrical Code, National Safety Code, and state and local electrical codes. When they are found to be in conflict the Contractor shall promptly notify the Contracting Officer and obtain his determination as to the course of action to be followed. In determining whether an adjustment in contract price or time may be involved, it shall be understood that the Contractor's bid has been based upon performing the work in conformity with the specifications and drawings.

### § 2–7.601–18 Nondomestic construction materials (use with SF–23).

NONDOMESTIC CONSTRUCTION MATERIALS

The requirements of the Buy American Act clause do not apply to the following construction material or components:

Antimony, as metal or oxide.
Asbestos, amosite.
Bismuth.
Cadmium, ores and flue dust.
Chalk, English.
Chrome ore or chronite.
Cobalt, in cathodes, rondelles, or other primary forms.
Cork, wood or bark and waste.
Damar gum.
Graphite, natural, crystalline, crucible grade.
Jute and jute burlaps.
Kaurigum.
Lac.
Logs, veneer, and lumber from Alaskan yellow cedar, angelique, balsa, ekki, greenheart, lignum vitae, mahogany, and teak.
Mercury.
Mica.
Nickle, primary, in ingots, pigs, shot, cathodes, or similar forms; nickel oxide and nickel salts.
Rubber.
Shellac.
Tin, in bars, blocks and pigs.

### § 2–7.601–19 Price adjustment for suspension, delay, or interruption of the work.

The clause prescribed in § 1–7.602–1 of this title shall be used in all construction contracts.

### § 2–7.601–20 Termination for convenience of the Government, in contracts estimated to exceed $10,000.

The clause prescribed in § 1–8.703 of this title shall be used in all construction contracts estimated to exceed $10,000.

### § 2–7.601–21 Termination for convenience of the Government, in contracts estimated not to exceed $10,000.

The clause prescribed in § 1–8.705–2 of this title shall be used in all construction contracts estimated not to exceed $10,000.

### § 2–7.601–22 Renegotiation.

The clause set forth in § 2–7.150–18(a) shall be included in all negotiated construction contracts.

## PART 2–9—PATENTS, DATA, AND COPYRIGHTS

### Subpart 2–9.50 Retention of Patent and Royalty Rights

Sec.
2–9.5000 Scope of subpart.
2–9.5001 Policy.

AUTHORITY: The provisions of this Part 2–9 issued under secs. 303, 313, 72 Stat. 747, 752; 29 U.S.C. 1344, 1354.

### Subpart 2–9.50—Retention of Patent and Royalty Rights

### § 2–9.5000 Scope of subpart.

This Subpart codifies, in FAPR, Federal Aviation Agency Order RD 4450.1 which sets forth the Agency policy with respect to the retention of rights and recovery of costs in connection with negotiated contracts where research or development is a significant part of the work.

### § 2–9.5001 Policy.

In negotiating contracts under which the Government pays a part or all of the costs of research or development, it is the policy of the Federa' Aviation Agency to retain, for the benefit of the United States, rights to data and patent rights, in reasonable proportion to the contributions of the Agency and the contractor; and to recover the Federal Aviation Agency's contribution toward such research and development through royalties to the Government upon commercial exploitation of the products developed thereby.

## PART 2–10—BONDS AND INSURANCE

### Subpart 2–10.4—Insurance Under Fixed-Price Contracts

### § 2–10.401 Policy.

(a) The following clause shall be inserted in any contract for the lease of aircraft (including aircraft used in out-service flight training), except as provided in paragraph (b) of this section:

LOSS OR DAMAGE TO LEASED AIRCRAFT

(a) The Government assumes all risk of loss or damage (except normal wear and tear) to the leased aircraft during the term of this lease while the aircraft is in the possession of the Government.

(b) In the event of damage to the aircraft, the Government may, at its option, make the necessary repairs with its own facilities or by contract, or pay the lessor the reasonable cost of repair of the aircraft.

(c) In the event the aircraft is lost or damaged beyond repair, the Government shall pay to the lessor a sum equal to the fair market value of the aircraft at the time of such loss or damage, unless a specific amount is indicated elsewhere in the contract, less the salvage value of the aircraft.

(d) The lessor certifies that the contract price does not include any cost attributable to hull insurance or to any reserve fund it has established to protect its interest in the aircraft. If, in the event of loss or damage to the leased aircraft, the lessor receives compensation for such loss or damage in any form from any source, the amount of such compensation shall be credited to the Government in determining the amount of the Government's liability under this clause.

(e) In the event of loss or damage of the aircraft, the Government shall be subrogated to all rights of recovery by the lessor against third parties for such loss or damage and such rights shall be immediately assigned to the Government. Except as the Contracting Officer may permit in writing, the Contractor shall neither release nor discharge any third party from liability for such loss or damage nor otherwise compromise or adversely affect the Government's subrogation rights hereunder. The Contractor shall cooperate with the Government in any suit or action undertaken by the Government against any such third party.

(f) Any failure to agree as to the responsibility of the Government under this clause shall, after a final finding and determination by the Contracting Officer, be considered a dispute within the meaning of the "Disputes" clause of this contract.

(b) The clause shall not be included in aircraft lease contracts: (1) When the hourly rental rate does not exceed $250 and the total rental cost for any single transaction is not in excess of $2,500; (2) where the cost of hull insurance does not exceed ten percent (10%) of the contract rate, or (3) when the lessor's insurer does not grant a credit for uninsured hours, thereby preventing the lessor from granting the same to the Government.

(Secs. 303, 313, 72 Stat. 747, 752; 29 U.S.C. 1344, 1354)

## PART 2–60—CONTRACT APPEALS

Sec.
2–60.000 Scope of part.

Subpart 2–60–1—Contract Appeals Panel

2–60.101 Establishment.
2–60.102 Authority.

Subpart 2–60.2—Contract Appeal Procedures

2–60.201 Notice of appeal.
2–60.202 Duties of the contracting officer.
2–60.203 Notice to appellant.
2–60.204 Appellant's right to inspect record.
2–60.205 Designation of Panel member to consider appeal.
2–60.206 Request for hearing.
2–60.207 Appellant's election as to procedure.
2–60.208 Procedure for submission on documentary record.
2–60.209 Procedure for administrative inquiry.
2–60.210 Procedure for adversary hearing.
2–60.210–1 Petition.
2–60.210–2 Answer.
2–60.210–3 Amendments to petition, answer, or reply.
2–60.210–4 Motions.
2–60.210–5 Hearing.
2–60.211 General rules for administrative inquiries and hearings.
2–60.212 Representation of parties.
2–60.213 Settlement.
2–60.214 Decisions.

AUTHORITY: The provisions of this Part 2–60 issued under secs. 303, 313, 72 Stat. 747, 752; 29 U.S.C. 1344, 1354.

### § 2–60.000 Scope of part.

This part establishes the Federal Aviation Agency Contract Appeals Panel, provides for designating the Chairman and members of the Panel, authorizes the members of the Panel to act, and prescribes its functions and procedures.

### Subpart 2–60.1—Contract Appeals Panel

### § 2–60.101 Establishment.

The Federal Aviation Agency Contract Appeals Panel is established within the Office of the General Counsel. The General Counsel appoints the members of the Panel from attorneys of his office, and shall designate one of them as Chairman.

### § 2–60.102 Authority.

Members of the Contract Appeals Panel act for the Administrator of the Federal Aviation Agency in hearing and considering appeals by contractors from decisions made by contracting officers under contracts providing for such appeal to the Administrator, and other matters as directed by the Administrator. The Panel decides such appeals.

### Subpart 2–60.2—Contract Appeal Procedures

### § 2–60.201 Notice of appeal.

An appeal from a decision of a contracting officer is made by sending a written notice of appeal to the Administrator, Federal Aviation Agency, directed to the attention of the contracting officer. The notice must be mailed or filed within 30 days after the date the decision of the contracting officer is received, unless a different time is provided in the contract. The contractor must sign the notice, identify the contract involved and the decision appealed from, and state that he is appealing from that decision. A letter of complaint or a general letter objecting to some action taken is not a notice of appeal. The notice should be in triplicate, specify the portion or portions of the decision from which the appeal is taken, and state the reason why those portions are erroneous.

### § 2–60.202 Duties of the contracting officer.

Upon receiving a notice of appeal, the contracting officer shall endorse on the original and the copies the date of mailing, or the date of receipt if otherwise filed. He shall send the notice and one copy immediately to the Contract Appeals Panel for docketing. Within 15 days after the date he receives the notice, the contracting officer shall send a file, consisting of the following, to the Contract Appeals Panel:

(a) The findings of fact and the decision from which the appeal is taken, and the letters or other documents of claim in response to which the decision was issued;

(b) A copy of the contract and pertinent specifications, plans, drawings, modifications, change orders, and amendments;

(c) All correspondence between the parties relating to the dispute;

(d) Transcripts of any testimony taken in connection with the dispute, in addition to any affidavits or statements of any witnesses that were considered by the contracting officer in reaching his decision;

(e) A statement of the evidence leading to, and the basis for arriving at, the contracting officer's decision, citing pertinent letters and documents related to the decision; and

(f) Any additional data that the contracting officer may consider pertinent. The contracting officer may substitute a true copy for the original of any document named in paragraphs (a) through (f) of this section.

**§ 2–60.203 Notice to appellant.**

The Chairman of the Contract Appeals Panel shall notify the appellant that he has received the file, and shall advise him of his right to inspect the file and of his option to submit the matter on the record, to be heard at an administrative inquiry, or to be heard at an adversary hearing.

**§ 2–60.204 Appellant's right to inspect record.**

The contract appeals file and all documents, records, and evidentiary matter that are to be considered by the Panel in making its decision, are available for inspection by the appellant, while the appeal is pending, at the office of the Chairman of the Panel, and at any hearing that may be held. However, only persons having an appropriate security clearance may have access to any classified material.

**§ 2–60.205 Designation of Panel member to consider appeal.**

The Chairman of the Contract Appeals Panel shall designate one member of the Panel to act for the Panel. In cases of unusual complexity, more than one member may be designated. The member or members designated for that purpose shall not have participated directly in any aspect of the award or administration of the contract involved. The Chairman shall notify the appellant and the contracting officer of the designation. The designated Panel member, or members, shall exercise the authority of the Panel in all matters, except that the decision is made by a majority of the Panel members designated by the Chairman to decide the case.

**§ 2–60.206 Request for hearing.**

The appellant may request an oral hearing, by written notice to the Contract Appeals Panel within 30 days after the date he receives the Panel's notice to appellant under § 2–60.203, or if the contracting officer files additional material for the record under § 2–60.208, within 30 days after the date the appellant receives his copy of that material. The Panel member to whom the appeal has been assigned shall fix the time and the place of the hearing, and shall notify the appellant and the contracting officer whose decision is appealed, at least 15 days before the hearing. Ordinarily, hearings are held at the headquarters of the Agency, in Washington, D.C., but they may be held at any other place designated by the member conducting the hearing, for good cause shown. The convenience of the parties will be considered.

**§ 2–60.207 Appellant's election as to procedure.**

(a) The appellant may elect to have the appeal considered upon:

(1) The written record, without oral inquiry or hearing (§ 2–60.208);

(2) An administrative inquiry (§2–60.209); or

(3) An adversary hearing (§§ 2–60.210 through 2–60.210–5);

(b) The appellant makes his election as follows:

(1) He elects to have the appeal considered on the written record if he does not request a hearing in accordance with § 2–60.206.

(2) He elects to have the appeal considered upon an administrative inquiry if he requests a hearing, but does not file a formal petition in accordance with § 2–60.210–1, or does not comply with any order the Panel issues requiring its amplification.

(3) He elects to have the appeal considered upon an adversary hearing if he files a petition in accordance with § 2–60.210–1 and complies with the orders of the Panel requiring its amplification.

**§ 2–60.208 Procedure for submission on documentary record.**

If the appellant does not request a hearing in accordance with § 2–60.206, the appeal is considered on the documentary record alone. The appellant may submit any additional relevant material for the record within 30 days after the date he receives the notice to appellant, under § 2–60.203, or within such additional time as may be permitted by the Panel. The contracting officer whose decision is appealed shall submit any answering material within 30 days after the date he receives the material submitted by the appellant. The appellant must submit any material in reply within 30 days after the date he receives the material submitted by the contracting officer. Further submission of additional material by either party, and extensions of time to submit, are permitted, or directed, at the discretion of the Panel. The appellant shall furnish copies to the contracting officer at the time of submission to the Panel. The contracting officer shall furnish copies to the appellant (except copies of the file initially sent to the Panel) at the time of submission to the Panel.

**§ 2–60.209 Procedure for administrative inquiry.**

If the appellant requests an oral hearing as provided in § 2–60.206, the appeal is heard at an administrative inquiry, unless the appellant files, with his request for hearing, a formal petition conforming to § 2–60.210–1, and to any orders of the Panel requiring its amplification. At the administrative inquiry, the Panel member presiding shall receive evidence and arguments presented by or for the appellant and the contracting officer whose decision is appealed. The Panel member shall limit the presentation to matters actually in issue, and obtain admissions, stipulations and concessions through questioning the parties. The parties may offer evidence or argument without regard to the formal rules of evidence. However, the Panel member may refuse to receive any evidence or argument on matters not in issue or any repetitive, irrelevant, or improper material, and may refuse to receive any material that is not of sufficient probative weight to be considered substantial evidence. There is no right to cross-examine. The Panel member may question a witness after his direct presentation, to develop any facts he considers relevant, and may at or after the hearing, make such further investigation and inquiry as he feels will help him to establish the facts of the case. The appellant and the contracting officer may submit additional written evidence or argument after the hearing within a time limit fixed by the Panel. Sections 2–60.210 through 2–60.210–5 do not apply to appeals heard at administrative inquiries.

**§ 2–60.210 Procedure for adversary hearing.**

The procedures for considering appeals upon adversary hearings are set forth in §§ 2–60.210–1 through 2–60.210–5.

**§ 2–60.210–1 Petition.**

To begin the procedures for considering an appeal upon an adversary hearing, the appellant must file a formal petition when he files his Request for Hearing under § 2–60.206, or within such time thereafter as may be allowed by the Panel. The formal petition must specify the errors in the contracting officer's decision; must set forth a short and plain statement of the facts that entitle the appellant to relief; must conform to the formal and substantive requirements for pleadings under Rules 8 through 11 of the Rules of Civil Procedures for the U.S. District Courts; and should also contain applicable citations of authority for the consideration of the Panel. The appellant must file two copies of the petition with the Panel, and one copy with the contracting officer from whose decision he has appealed.

**§ 2–60.210–2 Answer.**

If the appellant files a formal petition, the contracting officer shall file two copies of a formal answer thereto with the Panel, within 30 days after the date he receives the petition, unless a longer period is allowed by the Panel, and at the same time shall send one copy to the appellant. The answer must conform to the formal and substantive requirements for the formal petition. The Panel may, in its discretion, order the appellant to reply to an answer.

**§ 2–60.210–3 Amendments to petition, answer, or reply.**

The Panel may, in its discretion, upon conditions just to both parties, permit or require amendments to the petition, answer, or reply, at any time before completing the record upon or after hearing, but may not allow any amendment that substantially prejudices the other party.

**§ 2–60.210–4 Motions.**

Motions by the appellant or by the contracting officer are made by filing two copies of a notice thereof, together with any supporting papers, with the Panel, and furnishing one copy to the other party. The Panel shall consider any timely motion for extension of time to file; to cure defaults; to require that a petition, answer, or reply be made more definite and certain; to dismiss for lack of jurisdiction, to dismiss or grant summary relief because the petition, answer or reply does not raise a justiciable issue; to require a prehearing conference to reopen a hearing; to take depositions; to dismiss for failure to prosecute; or to reconsider a decision. In addition, the Panel may make its own motions, by furnishing a notice thereof to the parties. A party who receives a notice of motion has 20 days after the date he receives the notice to reply and file any answering material, unless a longer time is allowed by the Panel. Motions to reconsider a decision must be made within 30 days after the date of receipt of the decision, unless for good cause shown, the Panel permits a longer period of time. On all motions the Panel shall make orders that are appropriate and are just to the parties, and upon conditions that will promote efficiency in disposing of the appeal. The Panel may, in its discretion, permit oral hearing or argument and the presentation of briefs.

**§ 2–60.210–5 Hearing.**

The parties present the evidence at adversary hearings. Testimony is adduced through examination and cross-examination of witnesses. The formal rules of evidence do not apply, but the Panel member may, upon objection or on his own motion, exclude evidence or disallow questions, on the grounds of irrelevance, impropriety, immateriality, or such insufficiency in probative weight as not to be considered substantial evidence. The Panel member shall preside, and shall establish the general procedures for the introduction of evidence and the calling of witnesses. The Panel may, in its discretion, order the submission of trial briefs before the hearing, and may order the submission of briefs at the completion of the hearing.

**§ 2–60.211 General rules for administrative inquiries and hearings.**

Administrative inquiries and adversary hearings are conducted as informally as may be reasonably allowable and appropriate under the circumstances. Testimony is not given under oath, but is considered to be representations made in connection with claims against the United States within the meaning of section 287 and 1001 of Title 18, United States Code. The Panel member shall invite the attention of witnesses to these provisions of the law. Testimony is reported verbatim, or recorded with an appropriate device. The Panel may accept true copies, so certified by the custodian thereof, in place of original exhibits.

**§ 2–60.212 Representation of parties.**

An individual appellant may prosecute his appeal in person; a corporation, by an officer, a partnership, by a member; and any appellant may be represented by an attorney. Other persons may be authorized by the Panel to represent an appellant in a particular case. The contracting officer is represented by Agency counsel.

**§ 2–60.213 Settlement.**

A dispute may be settled at any time before the decision by the contractor's filing a written notice withdrawing his appeal or by written stipulation between the contractor and the contracting officer or their counsel, settling the dispute.

**§ 2–60.214 Decisions.**

The Panel shall make its decision in writing, signed by the Panel members designated by the Chairman to decide the case. Copies of the decision shall be sent at the same time to both parties. All orders and decisions of the Panel (except those required for good cause to be held confidential) are available for public inspection at the offices of the Contract Appeals Panel, Federal Aviation Agency, Washington, D.C.

| 9–9.5012 | Classified contracts. |
| 9–9.5013 | Foreign patent rights. |
| 9–9.5014 | Procedure in administration of patent provisions. |
| 9–9.5015 | Acquisition of patent rights. |
| 9–9.5016 | Claims for patent infringement. |
| 9–9.5017 | Claims under the Atomic Energy Acts of 1946 and 1954. |
| 9–9.5018 | Definitions. |
| 9–9.5100 | Copyrights. |
| 9–9.5101 | Purpose and scope of subpart. |
| 9–9.5102 | AEC use of copyrighted material. |
| 9–9.5103 | Rights in copyrightable material under contracts. |
| 9–9.5104 | Copyright indemnification of Government. |
| 9–9.5105 | Government authorization and consent. |
| 9–9.5106 | Copyrights in motion pictures. |

AUTHORITY: The provisions of this Part 9–9 issued under sec. 161 of the Atomic Energy Act of 1954, as amended, 68 Stat. 948, 42 U.S.C. 2201; sec. 205 of the Federal Property and Administrative Services Act of 1949, as amended, 63 Stat. 390, 40 U.S.C. 486.

**§ 9–9.5000 Patents, inventions, technical data, and copyrights.**

**§ 9–9.5001 Purpose and scope of subpart.**

This subpart sets forth the policies and practices of the AEC in connection with patents and related matters based on the Atomic Energy Act of 1954, as amended, and the Presidential Statement on Government patent policy of October 10, 1963, and prescribes contract articles for the purpose of protecting the Government's interest by securing to the Government (a) patent rights in research and development contracts, operating and service contracts, architect-engineer contracts, special contracts and subcontracts and purchase orders thereunder and (b) protection against patent risks in architect-engineer, construction, and supply contracts and purchase orders.

**§ 9–9.5002 Rights in inventions, technical data, and copyrights under contracts.**

(a) The current practice of the AEC as to provisions relating to inventions or discoveries, technical data and copyrights to be inserted in contracts, subcontracts, purchase orders, and other arrangements entered into with or for the benefit of the Commission is determined primarily by:

(1) The character of the work to be performed under the contract; such as research or development; routine development; construction; supply; quantity production; and

(2) The industrial and patent position of the contractor in the field of work of the contract.

Where provisions relating to inventions are appropriate, a provision concerning waiver of claims for pecuniary awards or just compensation under the Atomic Energy Act of 1954, as amended, shall be included. A similar provision shall be included in employee agreements. No provision pertaining to inventions need be used where ordinary commercial materials or equipment are to be furnished "off the shelf" or in ordinary construction contracts not involving special buildings or equipment. In such instances, however, an indemnity provision, as set forth in § 9–9.5009 in favor of the Government shall be obtained.

(b) Any question as to modification, interpretation, or application of the appropriate patent, inventions, technical data and copyright provisions shall be referred to the local AEC counsel for action in collaboration with the local Patent Group, or where no local Patent Group exists, with the Assistant General Counsel for Patents, AEC, Washington.

**§ 9–9.5003 Type A patent provisions.**

The following patent article shall be used where the principal purpose of the contract is:

(a) To conduct research or development work in the field of atomic energy at AEC expense; or

(b) For the operation of a Government-owned atomic energy research or production facility; or

(c) To conduct research or development for AEC where a major part of the equipment employed in the research and development is furnished at Government expense.

TYPE A PATENT PROVISIONS

(a) Whenever any invention or discovery is made or conceived by the contractor or its employees in the course of or under this

contract, the contractor shall promptly furnish the Commission with complete information thereon; and the Commission shall have the sole power to determine whether or not and where a patent application shall be filed, and to determine the disposition of the title to and rights in and to any invention or discovery and any patent application or patent that may result. The judgment of the Commission on these matters shall be accepted as final; and the Contractor, for itself and for its employees, agrees that the inventor or inventors will execute all documents and do all things necessary or proper to carry out the judgment of the Commission.

(b) No claim for pecuniary award or compensation under the provisions of the Atomic Energy Act of 1954, as amended, shall be asserted by the contractor or its employees with respect to any invention or discovery made or conceived in the course of or under this contract.

(c) Except as otherwise authorized in writing by the Commission, the contractor will obtain patent agreements to effectuate the purposes of paragraphs (a) and (b) of this article from all persons who perform any part of the work under this contract, except such clerical and manual labor personnel as will not have access to technical data.

(d) Except as otherwise authorized in writing by the Commission, the contractor will insert in all subcontracts provisions making this article applicable to the subcontractor and its employees.[1]

(e) It is recognized that during the course of the work under this contract, the contractor or its employees may from time to time desire to publish, within the limits of security requirements, information regarding scientific or technical developments made or conceived in the course of or under this contract. In order that public disclosure of such information will not adversely affect the patent interests of the Commission or the contractor, patent approval for release and publication shall be secured from the Commission prior to any such release or publication.[1]

### § 9–9.5004 Type B patent provisions.

The following patent article shall be used where the criteria set forth in 9–9.5003 are inapplicable and where:

(a) A principal purpose of the contract is to create, develop or improve products, processes, or methods which are intended for commercial use (or which are otherwise intended to be made available for use) by the general public at home or abroad, or which will be required for such use by governmental regulations; or

(b) A principal purpose of the contract is for exploration into fields which directly concern the public health or public welfare; or

(c) The contract is in a field of science or technology in which there has been little significant experience outside of work funded by the Government, or where the Government has been the principal developer of the field, and the acquisition of exclusive rights at the time of contracting might confer on the contractor a preferred or dominant position; or

(d) The services of the contractor are

(1) For the operation of a Government-owned, nonatomic energy research or production facility; or

(2) For coordinating and directing the work of others.

TYPE B PATENT PROVISIONS

(a) Whenever any invention or discovery is made or conceived by the contractor or its employees in the course of or under this contract, the contractor shall promptly furnish the Commission with complete information thereon; and the Commission shall have the sole power to determine whether or not and where a patent application shall be filed, and to determine the disposition of the title to and the rights in and to any invention or discovery and any patent application or patent that may result; provided, however, that the contractor, in any event, shall retain at least a non-exclusive, irrevocable, royalty-free license under said invention, discovery, patent application, or patent. Subject to the license retained by the contractor, as provided in this paragraph, the judgment of the Commission on these matters shall be accepted as final; and the contractor, for itself and for its employees, agrees that the inventor or inventors will execute all documents and do all things necessary or proper to carry out the judgment of the Commission.

(b) No claim for pecuniary award or compensation under the provisions of the Atomic Energy Act of 1954, as amended, shall be asserted by the contractor or its employees with respect to any invention or discovery made or conceived in the course of or under this contract.

(c) Except as otherwise authorized in writing by the Commission, the contractor will obtain patent agreements to effectuate the purposes of paragraphs (a) and (b) of this article from all persons who perform any part of the work under this contract, except such clerical and manual labor personnel as will not have access to technical data.

(d) Except as otherwise authorized in writing by the Commission, the contractor will insert in all subcontracts provisions making this article applicable to the subcontractor and its employees.

(e) It is recognized that during the course of the work under this contract, the contractor or its employees may from time to time desire to publish within the limits of security requirements, information regarding scientific or technical developments made or conceived in the course of or under this contract. In order that public disclosure of such information will not adversely affect the patent interests of the Commission or the contractor, patent approval for release and publication shall be secured from the Commission prior to any such release or publication.

### § 9–9.5005 Type C patent provisions.

The following patent article shall be used where the criteria set forth in §§ 9–9.5003 and 9–9.5004 are inapplicable and where:

(a) The principal purpose of the contract is to build upon existing knowledge or technology to develop information, products, processes, or methods for use by the Government, and the work called for by the contract is (1) in a field of technology other than atomic energy in which the contractor has acquired technical competence (demonstrated by factors such as know-how, experience, and patent position), and (2) directly related to an area in which the contractor has an established nongovernmental commercial position; or

(b) The work to be performed or the material or equipment to be furnished by the contractor is of such character that any inventions or discoveries that may be made will probably: (1) Relate only incidentally (and not directly) to some phase of atomic energy, (2) relate to a field of work in which the contractor has an established industrial and patent position, and (3) result from routine development or production work by the contractor.

TYPE C PATENT PROVISIONS

(a) Whenever any invention or discovery is made or conceived by the contractor or its employees in the course of or under this contract, the contractor shall promptly furnish the Commission with complete information thereon; and the Commission shall have the sole power to determine whether or not and where a patent application shall be filed, and to determine the disposition of the title to and rights in and to any invention or discovery and any patent application or patent that may result; provided, however, that the contractor in any event shall retain at least a sole (except as against the Government or its account), irrevocable, royalty-free license with the sole right to grant sublicenses, under said invention, discovery, patent application or plant, such license and sublicensing rights being limited to the manufacture, use and sale for purposes other than use in the production or utilization of special nuclear material or atomic energy. Subject to the license retained by the contractor, as provided in this paragraph, the judgment of the Commission on these matters shall be accepted as final; and the contractor, for itself and for its employees, agrees that the inventor or inventors will execute all documents and do all things necessary or proper to carry out the judgment of the Commission.

(b) No claim for pecuniary award or compensation under the provisions of the Atomic Energy Act of 1954, as amended, shall be asserted by the contractor or its employees, with respect to any invention or discovery made or conceived in the course of or under this contract.

(c) Except as otherwise authorized in writing by the Commission, the contractor will obtain patent agreements to effectuate the purposes of paragraphs (a) and (b) of this article from all persons who perform any part of the work under this contract, except such clerical and manual labor personnel as will not have access to technical data.

(d) Except as otherwise authorized in writing by the Commission, the contractor will insert in all subcontracts provisions making this article applicable to the subcontractor and its employees.

(e) It is recognized that during the course of the work under this contract, the contractor or its employees may from time to time desire to publish, within the limits of security requirements, information regarding scientific or technical developments made or conceived in the course of or under this contract. In order that public disclosure of such information will not adversely affect the patent interests of the Commission or the contractor, patent approval for release and publication shall be secured from the Commission prior to any such release or publication.

(f) With respect to each invention or discovery in which the contractor is granted the principal or any exclusive rights under clause (a), the contractor agrees to provide written reports at reasonable intervals when requested by AEC as to:

(i) The commercial use that is being made or is intended to be made of such invention or discovery; and

(ii) The steps taken by the contractor to bring the invention to a point of practical application or to make the invention or discovery available for licensing.

(g) With respect to each invention or discovery in which the contractor is granted the principal or any exclusive rights under clause (a), the contractor agrees to and does hereby grant the Commission:

(i) The right to require the granting of non-exclusive, royalty-free licenses to applicants on any such invention or discovery unless the contractor, its transferees, or assignees demonstrate to the Commission, on request, that the contractor, its transferees, or assignees have taken effective steps within three (3) years after a patent issues on such invention or discovery to bring the invention or discovery to a point of practical application, or have granted licenses thereon free or on reasonable terms, or can show cause why he, his transferees, or assignees should retain the principal or exclusive rights for a further period of time; and

(ii) the right to grant licenses royalty-free or on reasonable terms to the extent that the invention or discovery is required for public use by governmental regulation, or as may be necessary to fulfill health needs, or for other public purposes stipulated in this contract.

### § 9–9.5005–1 Administrative allocation of patent rights.

(a) The AEC may administratively accord a contractor or inventor rights under § 9–9.5003 and greater rights than the minimum rights specified in § 9–9.5004 or 9–9.5005 in an invention or discovery made or conceived in the course of or under a contract after the invention or discovery has been identified and reported, provided (1) the AEC determines that the allocation of greater rights is consistent with the criteria set forth in said sections or (2) the accord of greater rights is a necessary incentive to call forth private risk capital and expense to bring the invention to the point of practical application or where the equities warrant such action.

(b) The according of greater rights shall be subject to:

(1) The contractor or inventor agreeing to furnish AEC with a written report, upon request, setting forth (i) the commercial use that is being made or is intended to be made of said invention or discovery, and (ii) the steps taken to bring the invention or discovery to a point of practical application, or to make the invention or discovery available for licensing (irrespective of any report under § 9–9.5005(f)).

(2) The contractor or inventor agreeing that unless effective steps have been taken to bring the invention to a point of practical application within three (3) years after the issuance of a United States patent therefor or unless the contractor has granted licenses on reasonable terms within three (3) years after the issuance of a United States patent therefor, the AEC may grant licenses royalty-free to applicants on the patents issued thereon unless the contractor, the inventor, or a transferee or assignee, if any, can show cause why the said greater rights should be continued for a further period.

(3) The retention by the Government of the right to grant licenses royalty-free or on reasonable terms to the extent that the invention or discovery is required for public use by governmental regulation, or as may be necessary to fulfill health needs, or for other public purposes stipulated in the contract.

(4) The retention by the Government in all cases of at least an irrevocable, non-exclusive, royalty-free license throughout the world for governmental purposes.

### § 9–9.5006 Right to file United States and foreign patent applications.

(a) In instances where a contractor desires assurance as to the right to file United States patent applications, the following provision (as well as such formal changes in the provisions following the inserted provisions as may be necessary) may be inserted after the word "result" in paragraph (a) of Patent Article under §§ 9–9.5003, 9–9.5004 and 9–9.5005.

*Provided, however,* That if the Commission determines not to file, the contractor may file any United States patent application subject to Commission security requirements and regulations.

(b) If the contract work is to be performed at contractor's own facilities (not Government or Commission owned or Government or Commission contractor operated facilities, or not at contractor's facilities where a major part of the equipment employed in the research and development is Government or Commission furnished) and the contractor, when reporting an invention desires to undertake U.S. and foreign filings so as to acquire an irrevocable, non-exclusive license for all purposes in any U.S. patent resulting therefrom and the title and rights in any resulting foreign patents, subject to the terms and conditions hereinafter provided, the following provisions may be inserted after the word "result" in paragraph (a) of Patent Article under §§ 9–9.5003, 9–9.5004 and 9–9.5005.

*Provided, however,* That if the contractor, when furnishing the complete information as to any invention or discovery advises the Commission that the contractor will file at its own expense, subject to security requirements and regulations, a U.S. patent application within six (6) months of reporting, and designated foreign patent applications on such invention or discovery, subject to security requirements and regulations, the contractor shall retain:

(1) A non-exclusive, irrevocable, paid-up license for all purposes in any such U.S. patent application filed by the contractor and any U.S. patent issued thereon, and

(2) The title and rights in any such foreign patent applications or foreign patents secured by the contractor, subject to:

(i) A non-exclusive, irrevocable, paid-up license to the U.S. Government for U.S. governmental purposes and with the right of the U.S. Government to grant licenses to foreign governments for purposes of governmental use by such foreign governments pursuant to a treaty or agreement with the U.S. Government or an agency thereof.

(ii) Granting, upon request, non-exclusive royalty-free licenses to U.S. citizens, and to U.S. corporations when 75 percent or more of the voting interest is owned by U.S. citizens, for use in the production or utilization of special nuclear material or atomic energy; and agreeing to grant to foreign users and purchasers of the product of such a U.S. licensee a license, to use or sell such product to an assignee of the business or plant or as surplus, at a reasonable, non-discriminatory royalty ordinarily to be at no greater royalty than contractor has charged its other foreign licensees.

(iii) The right of the contractor to grant such other licenses in accordance with applicable statutes and regulations.

(a) *Provided,* That if the contractor grants any licenses other than as provided in (ii) above, the same shall be for reasonable royalties or compensation, and

(b) *Provided, further,* That if, after three years of the issuance of a particular foreign patent, contractor, its assignee or its licensees cannot demonstrate, upon Commission request, the practical application of the subject matter covered by such foreign patent, the contractor or its assignee shall, at the Commission's request, grant licenses on any such foreign patent to others at reasonable royalties.

(3) If the contractor does not desire to prosecute the U.S. patent application or any foreign application or maintain any foreign patent, the contractor, prior to abandonment, shall afford the Commission an opportunity to take over prosecution of any such patent application or maintain any patent.

### § 9–9.5007 Subcontracts.

The patent provisions to be incorporated in subcontracts and purchase orders subject to approval of AEC shall be determined under the foregoing principles applicable to contracts.

### § 9–9.5008 Background patent rights.

### § 9–9.5008–1 Introduction and definitions.

(a) The Foreground Invention Rights Provisions of AEC contracts, subcontracts, and other arrangements entered into with or for the benefit of the Commission (hereafter "contracts") are not intended to give AEC any rights to practice inventions covered by "background patents" of the contractor or subcontractor (hereafter "contractor").

(b) For the purpose of this subpart "background patents" means:

(1) Inventions or discoveries actually reduced to practice before the effective date of the contract, which the contractor owns or may license without incurring liability to others other than to pay royalties.

(2) Inventions or discoveries actually reduced to practice or acquired during the contract period but not in the course of or under the contract, which the contractor owns or may license without incurring liability to others other than to pay royalties.

(3) Inventions or discoveries on which substantial work has been performed prior to the effective date of the contract although not actually reduced to practice, provided any such invention or discovery is, at the time of execution of the contract, the subject of a patent application filed by or a patent issued to the contractor and is specifically identified as a background patent by agreement of the parties of the contract. As used in this paragraph, the performance of "substantial work" does not necessarily require that, in cases where a working model would ordinarily be constructed, such a working model of the invention be constructed prior to the effective date of the contract. To the extent that the Commission may have rights in and to any such inventions or discovery under section 152 of the Atomic Energy Act of 1954, as amended, the inclusion of the background patent provision will constitute a waiver of such rights.

[1] For publication and indemnity clauses for use in research and development contracts with educational institutions, for fixed-price contracts see AECPR 9–16.5002–8, Article B–III and Article B–VIII, and for cost-type contracts see AECPR 9–16.5002–9, Article B–6 and B–7.

**§ 9–9.5008–2 Contracts in which "background patents" provisions are deemed appropriate.**

The Contracting Office must inquire of and secure complete information from the prospective contractor as to background patent applications and patents in order that a determination regarding need for a "background patents" provision be made in accordance with § 9–9.5008–3.

(a) A "background patents" provision should be incorporated in an AEC contract when there is a need therefor in accordance with the policy stated in § 9–9.5008–3.

(b) The inclusion of a "background patents" provision is deemed appropriate in any contract, regardless of the type or tier, if it involves research, development, or experimental work or the design, construction or operation of an AEC facility where there is a need therefor in accordance with the policy stated in § 9–9.5008–3.

(c) "Background patents" provisions should not be included in (1) purchase orders or supply contracts for items customarily offered for sale including items involving noninventive modifications, or (2) personal service contracts for performance of standard or ordinary, nontechnical services, or (3) contracts that do not involve research, development, or experimental work or operation of an AEC facility. (See § 9–9.5009 for inclusion of indemnity provisions.)

**§ 9–9.5008–3 The need for the "background patents" rights.**

(a) It is the policy of AEC to include a "background patents" provision in any contract of the type described in § 9–9.5008–2(b) where:

(1) AEC pays for any research and development or experimental work aimed toward the practical or specific application of a "background patented" process or article, or directed to any program of improvement of a "background patented" process or article where such research or development would significantly enhance the value of the "background patent" and it is determined that the contemplated utilization by the Government of the results of the sponsored research and development will involve the use or infringement of the "background patents," or

(2) The contractor is designing, constructing or operating an AEC facility and background patents of the contractor will probably be incorporated in, or used in the operation of that facility; or

(3) The technology is to be communicated abroad in support of specific nuclear projects and it is desired to assure those receiving the technology of their right to its use; or

(4) An AEC program requires the acquisition of "background patent" rights for private parties in the U.S. in order to further the development and use of atomic energy.

(b) The foregoing enumeration of circumstances deemed appropriate for incorporation of a "background patents" provision shall not be deemed all inclusive, since there may be other special circumstances where there is a need for the acquisition of such rights.

(c) Determinations of need will be made by the Contracting Officer. Upon written request of the contractor, made within ten (10) days after the Contracting Officer's determination, the Contracting Officer's determination will be reviewed by the General Manager or his designee, who may approve or modify the determination of the Contracting Officer.

**§ 9–9.5008–4 The scope of the "background patents" rights.**

(a) When "background patent" rights are to be acquired under the preceding paragraphs, the particular scope is a matter of negotiation in each case, but shall not be broader than the foreseeable need indicated by the facts in the particular case.

(b) Ordinarily the license should be at least an irrevocable, nonexclusive license to the U.S. Government and others acting in its behalf for U.S. Governmental purposes with the right of the U.S. Government to grant licenses to foreign governments generally or for use by such foreign governments pursuant to a treaty or agreement with the U.S. Government.

(c) Where "background patents" right are acquired for third parties in accordance with § 9–9.5008–3(a)(4), it will ordinarily be sufficient for the contractor to agree to grant specific licenses to such persons as may subsequently be designated by the Commission at reasonable royalties or other reasonable compensation. Other terms and conditions delineating the scope may be specified by the General Manager, or his designee, in specific cases.

**§ 9–9.5008–5 The consideration for "background patents" rights.**

(a) The acquisition of license rights to "background patents", whether the contract be fixed price, cost, cost plus, or other consideration, is a matter to be negotiated. Considerations such as the following should be evaluated in determining to what extent, if any, additional consideration should be paid for "background patents" rights. In many situations an evaluation of the following factors will lead to the conclusion that the contract price should not be increased to reflect the acquisition of "background patents" rights:

(1) The value of such "background patents";

(2) The extent of the contractor's prior independent work and expenditures and the amount of the Government's expenditures under the contract;

(3) The increase in value of the "background patents" to the contractor by reason of the contract work;

(4) The nature and scope of the license to be acquired and the extent of anticipated use;

(5) Whether under the foreground patent provision the contractor is accorded the exclusive rights for purposes other than use in the production or utilization of special nuclear materials or atomic energy;

(6) The measure of the contractor's legal right to collect reasonable and entire compensation if a license is not secured; and

(7) The obligation of the contractor to pay royalties to others with respect to the "background patents".

(b) Any agreement for the payment of additional compensation for background patent rights will be made only upon the approval of the General Manager, or his designee.

**§ 9–9.5008–6 Types of suggested background patents provisions.**

Where it is determined that a background rights provision is necessary, the particular wording of a provision granting a license and rights to the Government may be a matter of negotiation. However, the following paragraphs are suggested for addition to the appropriate invention rights provisions as set forth in §§ 9–9.5003 through 9–9.5005:

(a) With respect to (1) research, development or experimental contracts involving process or product development; (2) design, construction, production or manufacturing contracts where research and development of process, equipment, materials, or other items of the contractor are involved; and (3) other research, development and experimental contracts, the following paragraph is suggested for addition:

In addition to the rights of the parties under the foregoing paragraphs in and to inventions or discoveries made or conceived in the course of or under this contract, the contractor agrees, and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries actually reduced to practice before the effective date of the contract owned or controlled by the contractor and in and to any inventions or discoveries actually reduced to practice or acquired during the contract period but not subject to the foregoing foreground invention rights provision, which shall be utilized or embodied in the work under this contract: (If the contract is for research, development or experimental work on design, the phrase should read—"which are incorporated in the conceptual design or prototype furnished under this contract"—) (1) To make, use and to have made and used throughout the world for U.S. Government purposes, and (2) to sell and have sold such articles, material or product embodying said invention or discovery as surplus or condemned public property as provided by law. The acceptance or exercise by the Government of the aforesaid rights and license shall not prevent the Government at any time from contesting the enforceability, validity or scope of, or the title to, any rights or patents herein licensed.

(b) In facility operation contracts, the following paragraph is suggested for addition:

In addition to the rights of the parties under the foregoing paragraphs in and to inventions or discoveries made or conceived in the course of or under this contract, the contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries actually reduced to practice before the effective date of this contract owned or controlled by the Contractor and in and to any inventions or discoveries actually reduced to practice or acquired during the contract period but not subject to the foregoing foreground invention rights provision, which shall be incorporated in the construction of or involved in the utilization of the facility by the contractor (1) to practice or to have practiced for the Government at the facility, (2) to practice and to have practiced in similar U.S. Government facilities, and (3) to sell or dispose of such facility or facilities, or any portion thereof, as provided by law. The acceptance or exercise by the Government of the aforesaid rights and license shall not prevent the Government at any time from contesting the enforceability, validity or scope of, or the title to, any rights or patents herein licensed.

(c) In contracts for design, construction or operation of nuclear reactor power facilities involving research, development or experimental work, the following paragraph is suggested for addition:

In addition to the rights of the parties under the foregoing paragraphs in and to inventions or discoveries made or conceived in the course of or under this contract, the contractor agrees to and does hereby grant to the Government an irrevocable, nonexclusive, paid-up license in and to any inventions or discoveries actually reduced to practice before the effective date of the contract owned or controlled by the contractor and in and to any inventions or discoveries actually reduced to practice or acquired during the contract period but not subject to the foregoing foreground invention rights provision, which are incorporated or embodied during the term of this contract in the nuclear power plant: (If the contract is for research, development or experimental work on design of a reactor, the phrase should read—"which are incorporated in conceptual designs or prototypes furnished under this contract"—) (1) To make, use and to have made and used, throughout the world for U.S. governmental purposes in the manufacture and use of U.S. Government-owned or Government-operated reactor facilities, (2) to transfer such license with transfer of such Government-owned or Government-operated reactor facility, and (3) to sell and have sold such article, material or product, embodying such inventions or discoveries, as surplus or condemned public property as provided by law. The acceptance or exercise by the Government of the aforesaid rights and license shall not prevent the Government at any time from contesting the enforceability, validity or scope of, or title to, any rights or patents herein licensed.

(d) Where specific Headquarters instructions are issued as to the necessity for third party licenses, the following is a suggested addition to the governmental license clause:

With respect to those inventions or discoveries licensed herein, the contractor agrees to grant nonexclusive licenses for use in connection with reactor facilities (or equipment—if only equipment is involved) of a type similar to that provided for under this contract at reasonable terms to responsible private parties upon the request of the Commission. The Commission shall make such request only when such inventions or discoveries are considered by the Commission to be necessary. In the event that the contractor and prospective licensees cannot agree upon a reasonable royalty, the contractor agrees that the royalties may be fixed pursuant to the procedure set forth in section 157(c) of the Atomic Energy Act of 1954, as amended.

(e) Where the nuclear reactor facility or equipment incorporated standard commercial components or parts readily available in the open market from other sources, there may be added to the proposed contract clause, before the last sentence thereof, the following suggested provision:

*Provided, however,* That no license is granted herein as respects non-nuclear commercial items, components or materials incorporated, to the extent that such non-nuclear items, components, or materials are available in the open market from other commercial sources.

**§ 9–9.5008–7 Background technical data.**

The foregoing "Background Patents" rights provisions are limited to define patents and inventions and do not cover "background secret processes, technical information, and know-how." While Technical Data generally is covered by AECPR9–7.5006–13, the same does not specifically give the Government rights in earlier identified secret processes, technical data or know-how, and it is recognized that there may be cases where the acquisition of rights in such earlier material is necessary. While the particular wording of a provision granting rights to the Government is a matter of negotiation, the following paragraph is suggested for addition to the Drawings, Designs and Specification Provisions as set forth in § 9–7.5006–13 of this chapter:

In addition to the rights of the parties in technical data set forth above (Article 9–7.5006–13) the contractor agrees to and does hereby grant to the Government an irrevocable license and right to use any secret process, technical information, or know-how of the contractor, made, developed, or acquired prior to or on the effective date of expiration or completion of this contract, which shall be or is utilized, tested, or embodied in the work under this contract, or which shall be or is specifically incorporated in any scientific or technical report rendered under this contract.

It may be appropriate when it is necessary to acquire the right to use such background "secret processes, technical information and know-how" to include provisions limiting the right of the Government to disseminate and publish the same. In such event, a proviso along the following lines may be appropriate:

*Provided, however,* That to the extent that any such background "secret processes, technical information or know-how" when furnished or delivered is specifically identified by the contractor at the time of delivery to the Commission, the same shall not be used by the Government except in the performance of other contracts or subcontracts with or for the benefit of the Government, unless such material and information is generally available to the public or has been made available to the Government from other sources or previously by the contractor without limitation as to use.

**§ 9–9.5009 Patent indemnification of Government by contractor.**

(a) Under the Act of June 25, 1948 (28 U.S. Code 1498) any suit for infringement of patent by a contractor or a lower tier subcontractor in performance of a Government contract must be brought against the Government in the Court of Claims and not against the contractor where the subject matter was for the use or manufacture by or for the Government of the United States. The Atomic Energy Acts of 1946 and 1954 substitute a cause of action before the AEC Patent Compensation Board for certain types of claims, discussed in § 9–9.5017. Therefore, provision is made in §§ 9–9.5003 through 9–9.5005 for waivers of such claims as to inventions and discoveries made or conceived in the course of work under the contract. A large part of the activities of AEC are still subject to suit under the Act of June 25, 1948 (28 U.S. Code 1498) and in order that the Government may be protected from liability for any such patent infringement where ordinary commercial materials or equipment are to be furnished "off the shelf" or furnished with only minor modifications not generally involving the making of any inventions or discoveries pursuant to a construction or supply contract or a purchase order, the same should contain appropriate indemnification provisions in favor of the Government.

(b) The Patent Indemnity Article (Clause 13 of GSA Standard Form 23A, revised), which follows, may be employed in the purchase of supplies for construction work where Form AEC–103, "Order," is used and in lump-sum or cost-type construction contracts:

PATENT INDEMNITY

Except as otherwise provided, the contractor agrees to indemnify the Government and its officers, agents and employees against liability, including costs and expenses, for infringement upon any Letters Patent of the United States (except Letters Patent issued upon an application which is now or may hereafter be, for reasons of national security, ordered by the Government to be kept secret or otherwise withheld from issue) arising out of the performance of this contract or out of the use or disposal by or for the account of the Government of supplies furnished or construction work performed hereunder.

(c) In other instances where an indemnity provision is deemed appropriate, the following article should be employed:

PATENT INDEMNITY

The contractor agrees to indemnify the Government, its officers, agents, servants and employees against liability of any kind (including costs and expenses incurred) for the use of any invention or discovery and for the infringement of any Letters Patent (not including liability, arising pursuant to Section 183, Title 35 (1952), U.S. Code, prior to the issuance of Letters Patent) occurring in the performance of this contract or arising by reason of the use or disposal by or for the account of the Government of items manufactured or supplied under this contract.

(d) The term "seller" or "vendor" should be substituted for the term "contractor" in purchase orders and the term "buyer and" may be added before the term "Government" wherever it appears, in the event a contractor-buyer issues a subcontract or purchase order and desires to obtain from the seller the same protection as the Government obtains.

(e) Certain construction or supply contracts may call for items or parts thereof which are standard commercial supplies and also for items which require modifications in the course of the performance of the work. In such event the patent indemnity articles set forth above may be appropriately modified. To cover

such circumstances, the following modification should be added at the end of the patent indemnity article:

, except, however, infringement necessarily resulting from the contractor's compliance with written specifications or provisions for other than standard parts or components manufactured or supplied by the contractor or resulting from specific written instructions given by the Commission for the purpose of directing a manner of performance of the contract not normally utilized by the contractor.

(f) In some instances certain specific items should be excluded from the indemnification, and where such items or parts can be identified as non-standard commercial components or parts the following provision may be added at the end of the patent indemnity article:

except that this indemnity shall not apply to the following items or parts (specifically identifying and listing the items or parts to be excluded).

### § 9–9.5010 Contractor held harmless by Government.

(a) As indicated in connection with the patent indemnity provisions, under the Act of June 25, 1948 (28 U.S. Code 1948) any action for patent infringement by a contractor or subcontractor in the performance of work by or for the Government is subject to suit against the Government in the Court of Claims, except in the special circumstances provided for in the Atomic Energy Acts of 1946 and 1954. While the contractor is protected from injunctive action in the performance of a Government contract, there may be special circumstances, particularly in the case of research or development work, where the contractor has not made any investigation as to the possibility of infringement in the performance of the contract and the contract price does not include any provision for the settlement of possible patent claims. In such circumstances, the following "hold harmless" article in favor of the contractor may be used in the event that the contractor specifically requests it and the facts as to the particular research or development work are as stated in the article:

It is agreed that the Government shall hold the contractor harmless from liability of any kind arising from infringement of patent rights in the course of the work performed by the contractor under this contract, in view of the following facts: (a) The contractor has not made an investigation as to the possibility of patent infringement, (b) the Government and the contractor desire to avoid the delay incident to a patent investigation, and (c) the contractor has not included in its price or fee any provision for the settlement of possible patent claims. The contractor shall give prompt notice in writing to the Commission of any action filed or claim against the contractor for infringement of patent rights in the course of the work performed by the contractor under this contract. Except as otherwise directed by the Commission in writing, the contractor shall furnish promptly to the Commission copies of all pertinent papers received by the contractor with respect to any such action or claim. If required by the Commission, the contractor (at the Government's expense, by proper arrangement) shall assist the Government in the settlement or defense of such action or claim and shall furnish such evidence in its possession as may be required by the Government in the settlement or defense of such action or claim.

Such provision shall not be employed in a supply contract or purchase order for ordinary commercial materials or equipment.

(b) In research and development contracts if standard commercial parts or components are to be furnished, the standard commercial parts or components are to be excepted from the above article by deleting the period after the word "claims" at the end of the first sentence of the article and inserting the following exception:

excepting, however, any liability arising from the infringement of Letters Patent resulting from the contractor's furnishing or supplying standard parts or components or utilizing its normal practices or methods in the performance of the contract or to any parts, components, practices or methods as to which the contractor has secured indemnification from liability and with respect to which the contractor agrees to idemnify the Government, its officers, agents, servants and employees against liability of any kind for the use of any invention or discovery and for the infringement of any Letters Patent (not including any liability arising from section 183, Title 35 (1952), U.S. Code prior to the issuance of Letters Patent).

### § 9–9.5011 Reporting of royalties.

The Government has acquired patent rights under a large number of inventions as a result of research and development sponsored by AEC as well as by other Government agencies and as a result of purchase and other means. In instances where the Government has acquired patent rights, it is not equitable that the Government be charged royalties in connection with AEC procurement, construction, or operation. In order that AEC may be informed regarding royalty payments to be made by a contractor or subcontractor in connection with any procurement, construction, or operation where the amount of the royalty payments is reflected in the contract price, or is to be reimbursed by the Government, the negotiator shall (a) obtain from the contractor information concerning the royalty payments expected to be made in connection with the proposed procurement, construction, or operation, together with the names of the licensors and either the patent numbers involved or such other information as will permit identification of the patents and patent applications as well as the basis on which the royalties are to be paid, or (b) obtain from the contractor a certificate that the contract price includes no amount representing the payment of any royalty by the contractor directly to others in connection, with the performance of the contract, or (c) insert in the contract the article set forth below:

REPORTING OF ROYALTIES

If this contract involves any royalty payments or if the amount of any royalty payments is reflected in the contract price of the contract to the Government, the contractor agrees to report in writing to the Commission (Assistant General Counsel for Patents) during the performance of this contract and prior to its completion or final settlement the amount of any royalties or other payments paid or to be paid by it directly to others in connection with the performance of this contract together with the names and addresses of licensors to whom such payments are made and either the patent numbers involved or such other information as will permit identification of the patents or other basis on which the royalties are to be paid. The approval of the Commission of any individual payments or royalties shall not estop the Government at any time from contesting the enforceability, validity or scope of, or title to, any patent under which a royalty or payments are made.

With respect to any advertised contract which may involve the payment of royalties by the contractor in performance thereof the "Reporting of Royalties" article shall be included in the invitation for bids as one of the general contract provisions. At the option of the Contracting Officer the following provision may be added to the above article:

If no royalties or other payments are paid directly to others, the contractor agrees so to report in writing to the Commission (Assistant General Counsel for Patents) prior to the completion of final settlement of the contract.

### § 9–9.5012 Classified contracts.

Unauthorized disclosure of classified subject matter in any manner whatsoever may be a violation not only of the Atomic Energy Acts of 1946 and 1954 but also of the Espionage Act (Title 18 U.S. Code, Chapter 37) as well as of the provisions pertaining to disclosure of information incorporated in the contract. (See Part 9–7 of this chapter.) Furthermore, where a patent application is filed and the disclosure thereof and issuance of a patent would be detrimental to the national security a Secrecy Order under the provisions of section 181, Title 35 U.S. Code will be issued by the United States Commissioner of Patents. Violation of the provisions of the Secrecy Order, subjects the violator to the separate penalties imposed by Section 182, 186, and any rules promulgated pursuant to section 188 of Title 35 U.S. Code.

### § 9–9.5013 Foreign patent rights.

Under the contract articles set forth in § 9–9.5003 through 9–9.5005, AEC has the right to determine whether and where a patent application shall be filed. AEC thereby is in a position subject to § 9–9.5006(c) to comply with Executive Order 9865 of June 14, 1947, which requires all Government agencies, wherever practicable, to acquire the right to file foreign patent applications or inventions resulting from research conducted by the Government.

### § 9–9.5014 Procedure in administration of patent provisions.

(a) With respect to each contract, subcontract, and purchase order under his jurisdiction, each Manager of Operations is responsible:

(1) For assuring that Contracting Officers comply with the provisions of this chapter in executing and approving any contract, subcontract, or purchase order, or any supplement thereto modifying the patent provisions;

(2) For transmitting the information requested on the Patent Information Sheet, Form AEC–242, to the Assistant General Counsel for Patents, AEC, Washington;

(3) For reviewing, in consultation with the contractor, subcontractor, or vendor, arrangements for obtaining adequate patent agreements from employees and others performing work under any contract, subcontract, or purchase order containing patent provisions in favor of the Government; (The form of such patent agreement actually in use or proposed for use shall be forwarded for approval to the local Patent Group or where no local Patent Group exists, to the Assistant General Counsel for Patents, AEC, Washington.)

(4) For forwarding a notice of completion or termination of the work and a request for patent clearance to the Assistant General Counsel for Patents, AEC, Washington, for each contract, subcontract, and purchase order containing patent provisions giving rise to rights in the Government; and

(5) For withholding reimbursement of the voucher covering final payment pending receipt of the written notice of the patent clearance from the Assistant General Counsel for Patents for each such contract, subcontract, and purchase order.

(b) The Assistant General Counsel for Patents upon receipt of notification on Patent Information Sheet, Form AEC–242, will notify the person who transmits the information sheet of the Patent Group or Patent Attorney assigned to conduct the patent investigation of the reported contract, subcontract, or purchase order. Upon receipt of the notice of completion or termination as provided in paragraph (a)(4) of this section, a notice of patent clearance will be issued by the Assistant General Counsel for Patents when there has been to his best knowledge and belief compliance with the patent provisions. The patent provisions normally require that a qualified representative of the contractor or vendor furnish to the AEC:

(1) A list and identification of the notebooks kept during the course of the work;

(2) A certification that such notebooks have been examined and that, to the best of his knowledge, they contain no inventions or discoveries other than those set forth in the certification; (Inventions and discoveries are to be reported by case number, name of inventor, and short title.)

(3) A list and identification of the technical reports rendered during the course of the work;

(4) A certification that such reports have been examined and that, to the best of his knowledge, they contain no inventions or discoveries other than those reported in subparagraph (2) of this paragraph; (The certificate should include a statement that any such technical reports not yet transmitted to AEC will be so transmitted upon request.)

(5) A statement that (i) the notebooks kept during the course of the work either have been turned over to AEC or are held in custody for AEC use by a designated person, and (ii) such notebooks will be submitted to AEC, Assistant General Counsel for Patents, for examination upon request. (AEC may authorize, upon request, continued use of such notebooks in additional research work under other AEC contracts.)

(c) Ordinarily, inventions and discoveries will be reported on Form AEC–213, copies of which are available at various Operations and Area Offices. Reporting of inventions promptly and in advance of the completion of the work under the respective contracts will aid patent clearance. Submission of interim reports, where contracts cover an extended period, will also facilitate the disposition of patent matters and expedite the issuance of final patent clearance. The local AEC counsel, in collaboration with the local Patent Group or Patent Attorney in an Operations or Area Office will assist negotiators in negotiating patent provisions. The local Patent Group or Patent Attorney will generally submit Patent Information sheets and otherwise assist Operations and Area Managers, contractors, subcontractors and vendors in the reporting of inventions and discoveries, the handling of patent matters and the preparation of certifications to initiate patent clearance.

### § 9–9.5015 Acquisition of patent rights.

In accordance with general Government practices, AEC may acquire rights in patents and is authorized, pursuant to section 153 of the Atomic Energy Act of 1954, after a hearing and under specified circumstances, to declare certain patents affected with the public interest.

### § 9–9.5016 Claims for patent infringement.

Any claims for alleged unauthorized use of inventions or infringement of patents should be promptly reported to the Assistant General Counsel for Patents, AEC, Washington, for processing.

### § 9–9.5017 Claims under the Atomic Energy Acts of 1946 and 1954.

Under section 11 of the Atomic Energy Act of 1946 patents could not be secured on certain inventions or discoveries, and patents issued after August 1, 1946 conferred no rights to the extent that inventions or discoveries were used for certain specialized purposes. In lieu thereof provision was made in section 11 for application for an award in a proceeding before the AEC Patent Compensation Board. Under section 151a of the Atomic Energy Act of 1954, no patent shall be issued for any invention or discovery which is useful solely in the utilization of special nuclear material or atomic energy in an atomic weapon. Section 151b provides that patents issued thereafter confer no rights to the extent that such invention or discovery "is used" in atomic weapons. Section 157 provides for reasonable royalty determination in the case of the owner of a patent licensed under section 158 or subsections 153b or 153e, or any patent licensee thereunder; the grant of just compensation for the revocation of patents and patent rights pursuant to section 151; and for the grant of awards to persons making any invention or discovery useful in the production or utilization of special nuclear material or atomic energy who are not entitled to reasonable royalty or compensation therefor under the Act and who have complied with the provisions of section 151c. The AEC may also, upon the recommendation of the General Advisory Committee, and with the approval of the President, grant an award for any especially meritorious contribution to the development, use or control of atomic energy.

### § 9–9.5018 Definitions.

As used in the regulations of this part, the stated terms in singular and plural are defined as follows for the purposes hereof:

(a) "Government agency" includes any Executive department, independent commission, board, office, agency, administration, authority, or other Government establishment of the Executive Branch of the Government of the United States of America.

(b) "Invention", "Invention or discovery" includes any art, machine, manufacture, design, or composition of matter, or any new and useful improvement thereof, or any variety of plant, which is or may be patentable under the Patent Laws of the United States of America or any foreign country.

(c) "Contractor" means any individual, partnership, public or private corporation, association, institution, or other entity which is a party to the contract.

(d) "Contract" means any actual or proposed contract, agreement, grant, or other arrangement, or sub-contract entered into with or for the benefit of the Government.

(e) "Made", "made or conceived" when used in relation to any invention or discovery means the conception or the first actual reduction to practice of such invention or discovery in the course of or under the contract.

(f) "License for governmental purpose" means the right of the Government of the United States (including any agency thereof, state, or domestic municipal government) to practice and have practiced (made or have made, used or have used, sold or have sold) throughout the world by or on behalf of the Government of the United States.

(g) "To the point of practical application" means to manufacture in the case of a composition or product, to practice in the case of a process, or to operate in the case of a machine, and under such conditions as to establish that the invention is being worked and that its benefits are reasonably accessible to the public.

### § 9–9.5100 Copyrights.

### § 9–9.5101 Purpose and scope of subpart.

This subpart sets forth the policy and practices of the AEC as to use and publication of copyrightable materials, and contract provisions in connection with the procurement of material subject to copyright. The copyright provision to be incorporated in subcontracts shall be determined by the principles applicable to contracts.

### § 9–9.5102 AEC use of copyrighted material.

AEC recognizes that the owner of copyrighted material has property rights in

such material and it is the policy of AEC that it will not knowingly incorporate such copyrighted material into publications prepared by or for AEC except with the written consent of the copyright owner. The attention of copyright owners should be invited in appropriate instances to the Act of July 30, 1947 (Title 17, U.S. Code, section 8) providing that "the publication or republication by the Government either separately or in a public document, of any material in which a copyright is subsisting shall not be taken to cause any abridgement or annulment of the copyright or to authorize any use or appropriation of such copyrighted material without the consent of the copyrighted proprietor."

**§ 9–9.5103 Rights in copyrightable material under contracts.**

(a) In research and development and other contracts (including contracts for translations, or for the preparation of articles, books or other publications) under which material subject to copyright may be furnished in the form of technical or progress reports, memoranda, papers or articles prepared as to the work AEC has employed a provision under which all scientific and technical data, specifications, reports, papers, articles and other memoranda "shall be and remain the property of the Government, and the Government shall have the right to use such scientific and techincal data, specifications, reports and memoranda in any manner without claim for additional compensation." (See § 9–7.5006–13 of this chapter.) Although the foregoing provision or a similar provision is incorporated and such reports and papers are the property of the Government and any report, memoranda, paper or article composed may be considered a Government publication for which copyrights are specifically excluded in accordance with the provisions of section 8, Title 17, U.S. Code, it is desirable to provide specifically for the disposition of any copyrightable material not comprehended by such provision.

(b) In the event that a contract does not contain a provision under which the material, reports, papers, etc., produced, composed or furnished under a contract become the property of the Government, a provision should be incorporated in the contract that the Government acquires the right to determine the disposition of copyrightable material or receives at least a royalty-free, nonexclusive and irrevocable license to such material first produced, composed or furnished under the contract, with a right to authorize others to reproduce, publish and use the same, leaving the contractor free to take out a copyright in his own name if he so desires.

(c) In the event that a contractor incorporates copyrighted material already owned by it or others in the material furnished to the Government, a provision for a license to the Government in such material should be secured whenever appropriate.

(d) Appropriate provisions as to copyrightable material should be included in contracts whether the material subject to copyright is the main item of the contract or is merely incidental. In instances, where the translation or the preparation of articles, books, or other copyrightable material is the principal subject matter of the contract, the following article should be incorporated:

COPYRIGHT

(1) The contractor (i) agrees that the Commission shall determine the disposition of the title to and the rights under any copyright secured by the contractor or its employees on copyrightable material first produced or composed and (ii) hereby grants to the Government a royalty-free, nonexclusive, irrevocable license to reproduce, translate, publish, use and dispose of, and to authorize others so to do, all copyrighted or copyrightable work not first produced or composed by the contractor in the performance of this contract but which is incorporated in the material furnished under the contract, provided that such license shall be only to the extent the contractor now has, or prior to the completion or final settlement of the contract may acquire, the right to grant such license without becoming liable to pay compensation to others solely because of such grant.

(2) The contractor agrees that it will not include any copyrighted material in any written or copyrightable material furnished or delivered under this contract, without a license as provided for in paragraph (1) (ii) hereof, or without the consent of the copyright owner, unless specific written approval of the Managers of Field Offices to the inclusion of such copyrighted material is secured.

(3) The contractor agrees to report in writing to the Commission, promptly and in reasonable detail, any notice or claim of copyright infringement received by the contractor with respect to any material delivered under this contract.

(e) The foregoing provision is preferred for contracts where the reports, papers or other copyrightable material become the property of the Government. Nevertheless, in such contracts as well as in other contracts where the incorporation of a provision as to copyrightable material is appropriate the following provision may be used:

COPYRIGHT

(1) The contractor agrees to and does hereby grant to the Government, and to its officers, agents, servants and employees acting within the scope of their official duties, (i) a royalty-free, nonexclusive and irrevocable license to reproduce, translate, publish, use, and dispose of, and to authorize others so to do, all copyrightable material first produced or composed under this contract by the contractor, its employees or any individual or concern specifically employed or assigned to originate and prepare such material; and (ii) a license as aforesaid under any and all copyrighted or copyrightable work not first produced or composed by the contractor in the performance of this contract but which is incorporated in the material furnished under the contract, provided that such license shall be only to the extent the contractor now has, or prior to completion or final settlement of the contract may acquire the right to grant such license without becoming liable to pay compensation to others solely because of such grant.

(2) The contractor agrees that it will not include any copyrighted material in any written or copyrightable material furnished or delivered under this contract, without a license as provided for in paragraph (1) (ii) hereof, or without the consent of the copyright owner, unless specific written approval of the Managers of field offices to the inclusion of such copyrighted material is secured.

(3) The contractor agrees to report to the Commission promptly and in reasonable written detail, any notice or claim of copyright infringement received by the contractor with respect to any material delivered under this contract.

(f) If the circumstances warrant special arrangements such arrangements should be reviewed at the time of negotiation, or if proposed during the course of the contract, at the time of proposal, with the Managers of field offices or with the Assistant General Counsel for Patents, Washington.

**§ 9–9.5104 Copyright indemnification of Government.**

There may be certain circumstances under which it is appropriate for the contractor to indemnify the Government as respects any copyright infringement. This would be particularly true in connection with contracts where translation or preparation of articles, books or other copyrighted material is one of the important aspects of the contract. In such event the following provision is suggested for incorporation:

Except as otherwise provided, the contractor agrees to indemnify the Government, its officers, agents, servants and employees against liability, including costs and expenses, for the infringement of any copyright in any work protected under the copyright laws of the U.S. arising out of the performance of this contract, including the reproduction, translation, publication or use of any such copyrighted material.

**§ 9–9.5105 Government authorization and consent.**

There may be special situations where the government specifically directs a contractor to perform certain work which might constitute infringement of copyrights. If, for example, the government requests a specific reproduction of a foreign work when it cannot be ascertained that there is a valid copyright, and the government desires to avoid delay that would be caused by making sure, the government would authorize and consent to the use of such possibly copyrighted material. However, it is felt that the matter of such authorization or consent by the government should arise only in unusual cases. In such circumstances the following authorization and consent article is suggested for use:

The government hereby grants its authorization and consent to use (specifically identified subject matter) in the course of the work to be performed by the contractor under this contract.

As the exclusive remedy for the use by the contractor under the foregoing authorization and consent is against the government, it should be accorded only insofar as it is necessary for the contractor to perform the contract. It is not deemed an authorization and consent to the contractor to use for purposes other than fulfillment of the contract. In such instances, to assure that the contractor appreciates the limits of the authorization, the following may be added at the end:

Except for the foregoing authorization and consent, any liability arising from infringement of any copyrighted work protected under the copyright laws of the U.S. resulting from contractor's performance of the contract, the contractor agrees to indemnify the government, its officers, agents, servants and employees against liability for infringement of any such copyright.

**§ 9–9.5106 Copyrights in motion pictures.**

In all contracts for motion pictures or for the production of motion pictures or the preparation of motion picture scripts, translations, adaptations, and the like, the following article shall be included:

COPYRIGHTS

(a) The contractor agrees that all material forming the subject matter of this contract and first produced in the performance of this contract shall be the sole property of the Government, and may not be published or reproduced, in whole or in part, or in any manner or form, other than by the Government or with its express consent. The contractor further agrees that no right at common law or inequity shall be asserted and no claim to copyright by statute shall be established by the contractor in any material first produced in the performance of this contract.

(b) The contractor agrees to grant and does hereby grant to the Government a royalty-free, nonexclusive and irrevocable license (1) to publish, translate, reproduce, use, and dispose of, in any manner, any and all copyrighted or copyrightable material not first produced or composed in the performance of this contract but which is incorporated in the material furnished under the contract; and (2) to authorize others so to do.

(c) The contractor agrees to indemnify and save and hold harmless the Government, its officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses, (1) for violation of copyright or any other proprietary rights, arising out of the reproduction, use or disposition of any copyrighted or copyrightable material furnished under this contract, or (2) based upon any libelous or other unlawful matter contained in said material.

*Effective date.* These regulations are effective 30 days after publication in the FEDERAL REGISTER, but may be observed earlier. Comments are invited and may be submitted to the Atomic Energy Commission, Washington, D.C., 20545, prior to the effective date of these regulations.

Dated at Germantown, Md., this 10th day of December 1964.

For the U.S. Atomic Energy Commission.

JAMES SCAMMAHORN,
*Acting Director,*
*Division of Contracts.*

[F.R. Doc. 64–12831; Filed, Dec. 14, 1964; 8:46 a.m.]

# Title 46—SHIPPING

## Chapter IV—Federal Maritime Commission

### SUBCHAPTER A—GENERAL PROVISIONS

## PART 506—FOREIGN DISCRIMINATION AFFECTING U.S. SHIPS

### Discriminations in U.S.-Uruguayan Trade

On December 3, 1964, the Federal Maritime Commission published in the FEDERAL REGISTER (29 F.R. 16195) an amendment to 46 CFR Part 506, designed to offset certain preferences for Uruguayan national flag vessels established by decrees of the Government of Uruguay. One such preference was an exoneration from fifty percent of the surcharge established by Article 1 of the decree dated April 14, 1963 for articles, merchandise, products and goods imported in Uruguayan national flag dry cargo ships. By decree dated November 24, 1964, the Government of Uruguay increased this surcharge from twenty to thirty percent. It has therefore become necessary to further amend Part 506 to reflect this increase. The Commission considers that notice and public procedure would be contrary to the public interest for the same reasons as stated in the notice published December 3, 1964.

Therefore, as directed by section 19 (1) (b) of the Merchant Marine Act, 1920, the Federal Maritime Commission hereby amends paragraph (d) of 46 CFR 506.4, to read as follows:

§ 506.4 Discriminations in the U.S.-Uruguayan Trade.

* * * * *

(d) In order to adjust or meet the unfavorable conditions caused by the decree of June 13, 1963, as amended by the decree dated November 24, 1964, the owner or operator of each favored vessel carrying exports between the United States and Uruguay shall be subject, insofar as goods covered by Article 1 of the decree dated April 14, 1963, are concerned, to an equalizing charge of fifteen percent of the CIF value of all such cargoes covered. On the cargoes which are covered by the provisions of Article 5 of law 12670 of December 17, 1959, an equalizing charge of six percent of the CIF value shall be assessed. Such charges shall be paid directly to the Federal Maritime Commission, Washington, D.C., 20573, for the account of the Treasurer of the United States, and shall be remitted within ten (10) days after demand for payment.

* * * * *

Effective date. The amendment published December 3, 1964, was to become effective thirty days from date of publication, or January 4, 1965. The Commission considers it necessary that this amendment also become effective on that date. The Commission therefore finds that good cause exists why the provisions of section 4(c) of the Administrative Procedure Act (5 U.S.C. 1003) should be waived, and this amendment will therefore be effective on January 4, 1965.

By the Commission.

THOMAS LISI,
*Secretary.*

[F.R. Doc. 64–12882; Filed, Dec. 14, 1964; 8:50 a.m.]

# Proposed Rule Making

## DEPARTMENT OF AGRICULTURE

### Agricultural Stabilization and Conservation Service

[ 7 CFR Part 812 ]

### HAWAII AND PUERTO RICO

### Proposed Sugar Requirements and Quotas for Local Consumption for Calendar Year 1965

Notice is hereby given that the Secretary of Agriculture, pursuant to authority vested in him by the Sugar Act of 1948, as amended (61 Stat. 922, as amended), is considering the determination of sugar requirements and the establishment of quotas for local consumption in Hawaii and Puerto Rico for the calendar year 1965.

In accordance with the rule making requirements of the Administrative Procedure Act (60 Stat. 237) all persons who desire to submit written data, views or arguments for consideration in connection with the proposed regulation may file the same in duplicate with the Director, Sugar Policy Staff, Agricultural Stabilization and Conservation Service, United States Department of Agriculture, Washington, D.C., 20250, on or before December 18, 1964. All written submissions made pursuant to this notice will be made available for public inspection at such times and places and in a manner convenient to the public business (7 CFR 1.27(b)).

The proposed determination of sugar requirements and quotas for Hawaii and Puerto Rico for the calendar year 1965, set forth in form and language appropriate for issuance if adopted by the Secretary, is as follows:

*Basis and purpose.* The purpose of Sugar Regulation 812 is to determine pursuant to sections 201 and 203 of the Sugar Act of 1948, as amended (hereinafter referred to as the "Act"), the amount of sugar needed to meet the requirements of consumers in Hawaii and in Puerto Rico and to establish quotas for local consumption in such areas. To the extent required by section 201 of the Act, this regulation establishes sugar requirements based on official estimates of the Department of Agriculture and on statistics published by other agencies of the government.

Since the Act provides that the Secretary of Agriculture determine during December 1964 sugar requirements for local consumption in Hawaii and in Puerto Rico and establish local consumption quotas, it is found to be impracticable and not in the public interest to comply with the 30-day effective date requirements of the Administrative Procedure Act, and these regulations shall be effective January 1, 1965.

Sec.
812.1 Sugar requirements and quota—Hawaii.
812.2 Sugar requirements and quota—Puerto Rico.
812.3 Restrictions on marketing.

**§ 812.1 Sugar requirements and quota—Hawaii.**

It is hereby determined, pursuant to section 203 of the Act, that the amount of sugar needed to meet the requirements of consumers in Hawaii for the calendar year 1965 is 50,000 short tons, raw value, and a quota of 50,000 short tons, raw value, is hereby established for Hawaii for local consumption for the calendar year 1965.

**§ 812.2 Sugar requirements and quota—Puerto Rico.**

It is hereby determined, pursuant to section 203 of the Act, that the amount of sugar needed to meet the requirements of consumers in Puerto Rico for the calendar year 1965 is 130,000 short tons, raw value, and a quota of 130,000 short tons, raw value, is hereby established for Puerto Rico for local consumption for the calendar year 1965.

**§ 812.3 Restrictions on marketing.**

Pursuant to section 209 of the Act, for the calendar year 1965 all persons are hereby prohibited from marketing, pursuant to Part 816 of this chapter (23 F. R. 1943 and 27 F. R. 1450), in Hawaii or in Puerto Rico, for consumption therein, any sugar or liquid sugar after the quota for the area for the calendar year 1965 has been filled. Pursuant to section 211(c) of the Act, the quota for each area may be filled only with sugar produced from sugarcane grown in the respective area.

*Statement of bases and considerations.* Pursuant to section 203 of the Act, the provisions of section 201 of the Act deemed applicable to the determination of the amounts of sugar needed to meet the requirements of consumers in Hawaii and in Puerto Rico relate to (1) the quantities of sugar distributed for local consumption in Hawaii and in Puerto Rico during the twelve-month period ended October 31, 1964, (2) deficiencies or surpluses in inventories of sugar, and (3) changes in consumption because of changes in population and demand conditions.

The quantities of sugar distributed for consumption in Hawaii and in Puerto Rico, including that which was lost in refining after charge to the local quotas, during such twelve-month period are estimated to have been approximately 41,000 short tons of sugar, raw value, and 118,000 short tons of sugar, raw value, respectively.

The provisional estimate by the Bureau of the Census of the total population for Hawaii as of July 1, 1964, is 701,000 and for Puerto Rico is 2,577,000. This represents a normal increase in population for Hawaii and Puerto Rico over 1963. No official estimate for either of these areas for 1964 is available.

In Hawaii industrial use accounts for a substantial portion of the total consumption of sugar and this demand is a significant factor in the total sugar requirements. During the period 1958 through 1963 sugar consumption in this area has varied from 120.0 to 138.0 pounds, raw value, per person. These wide year-to-year variations suggest the possibility that requirements could be higher in 1965 than in the twelve months ended October 31, 1964, when sugar marketings approximated 41,000 short tons, raw value.

In Puerto Rico during the twelve months ended October 31, 1964, marketings of sugar for local consumption totaled approximately 120,000 short tons, raw value. Refiners' inventories of sugar as of September 30, 1964, were approximately 15,000 tons higher than those held on September 30, 1963. After making allowance for possible consumption increases in 1965 resulting from population increases, and the larger inventory of sugar held by refiners, the total sugar needed to meet requirements for local consumption in Puerto Rico in 1965 may be approximately 130,000 short tons, raw value.

Circumstances prevailing in the utilization of quota for local consumption in Hawaii and Puerto Rico are such that no special problems arise nor are the objectives of the Act jeopardized if the 1965 local quota is not completely filled. It is therefore, desirable to establish the 1965 requirements and quotas sufficiently high initially so that later adjustments may be avoided.

In accordance with the above, the requirements for local consumption in Hawaii and Puerto Rico for 1965 have been determined to be 50,000 and 130,000 short tons, raw value, respectively.

(Sec. 403, 61 Stat. 932; 7 U.S.C. 1153. Interprets or applies secs. 201, 203, 209, 210, 412; 61 Stat. 923, as amended, 925, 928; 7 U.S.C. 1111, 1112, 1119)

Issued at Washington, D.C., this 10th day of December 1964.

CHARLES S. MURPHY,
*Acting Secretary.*

## DEPARTMENT OF THE TREASURY

### Office of the Secretary

[Treasury Dept. Order 167–64]

### COMMANDANT, U.S. COAST GUARD

### Delegation of Authority

DECEMBER 7, 1964.

By virtue of the authority vested in the Secretary of the Treasury by Reorganization Plan No. 26 of 1950 and 14 U.S.C. 631, and pursuant to the authority delegated to me by Treasury Department Order No. 190 (Revision 2), there are transferred to the Commandant, United States Coast Guard, the functions of the Secretary of the Treasury contained in 33 U.S.C. 1052, concerning the exemption of specially constructed Coast Guard vessels from the lighting requirements prescribed by the International Regulations for preventing Collisions at Sea.

The Commandant may provide for the performance by subordinates in the Coast Guard of any function herein delegated.

[SEAL] JAMES A. REED,
*Assistant Secretary of the Treasury.*

## DEPARTMENT OF THE INTERIOR

### Fish and Wildlife Service

[Depredation Order]

### DEPREDATING GOLDEN EAGLES

### Order Permitting Taking to Seasonally Protect Domestic Livestock in Certain Texas Counties

Pursuant to authority in Section 2 of the Act of June 8, 1940 (54 Stat. 250), as amended, and in accordance with regulations under Part 11, Title 50, Code of Federal Regulations, the Secretary of the Interior has authorized the taking of golden eagles without a permit to seasonally protect domesticated livestock during the period from December 15, 1964, through June 15, 1965, in Texas subject to the following conditions:

1. Golden eagles may be taken without a permit only for the protection of domesticated livestock and only by livestock owners and their agents.

2. Golden eagles may be taken by any suitable means or methods except by the use of poison or from aircraft.

3. Golden eagles or any parts thereof taken pursuant to this authorization may not be possessed, purchased, sold, traded, bartered, or offered for sale, trade, or barter.

4. Taking without a permit is authorized only in the following named counties:

| | |
|---|---|
| El Paso. | Sutton. |
| Jeff Davis. | Pecos. |
| Brewster. | Culberson. |
| Val Verde. | Real. |
| Uvalde. | Sterling. |
| Kerr. | Glasscock. |
| Edwards. | Reagan. |
| Crockett. | Irion. |
| Ward. | Tom Green. |
| Upton. | Coke. |
| Hudspeth. | Schleicher. |
| Presidio. | Crane. |
| Terrell. | Burnet. |
| Kinney. | McCulloch. |
| Bandera. | Blanco. |
| Kimble. | San Saba. |

5. Any person taking golden eagles pursuant to this authorization must at all reasonable times, including during actual operations, permit any Federal or State game law enforcement officer free and unrestricted access over the premises on which such operations have been or are being conducted; and shall furnish promptly to such officer whatever information he may require concerning such operations.

ABRAM V. TUNISON,
*Acting Director, Bureau of Sport Fisheries and Wildlife.*

## DEPARTMENT OF AGRICULTURE

### Agricultural Marketing Service

[Purchase Program FMP 26a]

### CANNED DRIED PRUNES

### Notice of Purchase Program

In order to encourage the domestic consumption of prunes by diverting them from the normal channels of trade and commerce in accordance with section 32, Public Law 320, 74th Congress, approved August 24, 1935, as amended, the United States Department of Agriculture offers to purchase canned dried prunes packed from 1964 crop prunes grown in the United States, for subsequent use in school lunch programs and other eligible outlets. Purchases will be made on an offer and acceptance basis as a surplus removal activity. Details and specifications of the invitation to offer this product are contained in Announcement FV–365 issued by the Department on December 4, 1964, as amended by Amendment No. 1 December 7, 1964. Quantity purchased will depend upon quantities and prices offered. Information concerning this purchase program may be obtained from the Fruit and Vegetable Division, Agricultural Marketing Service, Department of Agriculture, Washington, D.C., 20250, or from Dower T. Mohun, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, 630 Sansome Street, Room 836, San Francisco, Calif., 94111.

(Sec. 32, 49 Stat. 774, as amended, 7 U.S.C. 612c)

Dated: December 10, 1964.

PAUL A. NICHOLSON,
*Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.*

## DEPARTMENT OF COMMERCE

### Bureau of International Commerce

[Case 336]

### LUDWIG AND GEORGE KASTNER

### Order Denying Export Privileges

In the matter of Ludwig Kastner, George Kastner, Rossauer Lande 25, Vienna IX, Austria, Case No. 336; respondents.

On July 6, 1964 the respondents Ludwig Kastner and George Kastner, father and son, were charged by the Director, Investigations Division, Office of Export Control, Bureau of International Commerce, Department of Commerce, with violations of the Export Control Act and regulations thereunder. The respondents were involved in export transactions with parties residing in the United States, namely Sylvan L. Hart, doing business as Sela Electronics Co., Fred Gluckman, and Irving Betheil and his company, International American Forwarding Corporation. An order temporarily denying export privileges for sixty days was entered against the above named respondents, and also against Hart and Gluckman on December 31, 1963 (29 F.R. 56) and this was extended on February 26, 1964 (29 F.R. 2914) until the completion of compliance proceedings. A charging letter was issued against Hart, Gluckman, Betheil and International American Forwarding Corporation on February 6, 1964 and a denial order was entered against them effective as of May 1, 1964 (29 F.R. 6093).

There are three charges against the respondents. Charge I alleges that respondents acted in concert with Hart and Gluckman to violate the U.S. Export Control Law and regulations by exporting or causing to be exported from the United States to Austria 19 shipments of electronic items (mainly oscilloscopes, a signal generator, tubes and diodes) without applying for and obtaining the required validated export licenses and by filing or causing to be filed with the Collector of Customs false or incorrect export documents covering said exportations. Charge II alleges that George Kastner, acting individually and on behalf of Ludwig Kastner, illegally attempted to export via air shipment from the United States to Austria, as unaccompanied baggage of an airline passenger, three cathode ray storage tubes valued at $3,775. Charge

III alleges that respondents violated the provisions of the temporary denial order of December 31, 1963, by thereafter attempting to obtain delivery of U.S. commodities through third parties.

The respondents filed answers to the charging letter but did not request a hearing. In accordance with the regulations and the usual practice the case was referred to the Compliance Commissioner. An informal hearing was held on September 24, 1964 at which evidence in support of the charges was presented on behalf of the Investigations Division. The Compliance Commissioner has considered the pleadings and evidence and has submitted to the undersigned his written report which includes findings of fact, findings that violations have occurred, and a recommendation that remedial action, as hereinafter provided, be taken against the respondents. The Compliance Commissioner has also submitted the record in the case, consisting of the charging letter, answers and other pleadings, and the exhibits.

After reviewing and considering the record in the case, I hereby make the following findings of fact:

1. The respondent Ludwig Kastner was in the import-export business with a place of business in Vienna, Austria. He also operated under the name Centropa with a place of business in Istanbul, Turkey. The respondent George Kastner, son of Ludwig Kastner, was a resident of Vinna, Austria, and was employed inhis father's business. In all the transactions thereinafter set forth in which George Kastner participated, he acted as agent for Ludwig Kastner and with the latter's knowledge and approval.

2. Sylvan L. Hart is an electronic engineer and owned and operated the firm known as Sela Electronics Company with a place of business in New York City. Fred R. Gluckman of New York City was a friend of Hart's. During a part of the time when the events hereinafter set forth occurred, Hart was out of the country and Gluckman carried on his business and acted as his agent.

3. In or about July 1962 George Kastner and Hart entered into arrangements whereby Hart, on orders placed by George Kastner, would procure from U.S. suppliers electronic tubes and diodes, and other electronic equipment and export same to Ludwig Kastner in Vienna, Austria. It was agreed that Hart was to receive a commission on the items he purchased for the Kastners.

4. From July 1962 through September 1963 there were frequent letters from George Kastner to Hart, or to his agent Gluckman, making inquiries, requesting information, and placing orders for U.S. electronic items, and also giving instructions as to the manner of exporting said items. There were also frequent letters from Hart and Gluckman to George and Ludwig Kastner dealing with the procurement, price, and exportation of said items. During this period there were also letters to Hart and Gluckman from Ludwig Kastner dealing with procurement and exportation of certain items.

5. Commencing in November 1962 and through September 1963 George Kastner requested Hart, or Gluckman as agent for Hart, to procure for him in the United States for exportations to Vienna, Austria, various electronic items and equipment. Said items consisted of five oscilloscopes and accessories, one signal generator and accessories, 508 tubes, 4 diodes, and certain tubing. Said items had a total purchase value in the United States of approximately $25,000. Hart or Gluckman did procure said items. All of said items were on the U.S. Positive List and required validated licenses for exportation.

6. George Kastner instructed Hart and Gluckman that whenever practicable they should make the exportations of the items via airmail parcel post addressed to Ludwig Kastner, Vienna, Austria. He also instructed them to declare the value as less than $50, regardless of the actual value, and to insure the package for the declared value. He gave further instructions to put the letters "GRO" on the packages and to declare the contents as "Radio Material." The respondents had knowledge as to the requirements of certain of the U.S. Export Regulations and the purpose of these instructions was to have the exportations made in a manner so as to evade said regulations concerning the exportation of Positive List items valued in excess of $50.

7. Between February 2, 1963 and September 5, 1963 Hart, or Gluckman acting for Hart, made 17 exportations via airmail parcel post from New York to Ludwig Kastner, Vienna, Austria, of the tubes, diodes, and tubing, referred to in Finding of Fact 5. The actual value of the contents of each of said parcels was in excess of $50. Each of said exportations required a validated export license and in no instance, covering any of said exportations, was such license applied for or obtained. All of the items so exported by airmail parcel post were received by Ludwig Kastner in Vienna, Austria.

8. On February 13, 1963 and June 14, 1963, a freight forwarder in New York, acting on instructions given by the respondents exported from the United States to Austria via air freight, five oscilloscopes and accessories, and a signal generator and accessories, all of which required validated export licenses. On information and instructions given by respondents the said commodities were falsely described on the Shipper's Export Declarations under incorrect classification numbers, thereby representing that said commodities were exportable from the United States to Austria under General License GRO. Validated licenses were not applied for or obtained for said exportations.

9. In July 1963, Gluckman, on George Kastner's request, procured from a U.S. manufacturer three cathode ray storage tubes at a cost of $1,250 each. The said tubes were on the U.S. Positive List and required validated licenses for exportation. George Kastner instructed Gluckman that these tubes not be exported by parcel post. George Kastner requested Gluckman to pack the tubes in suitcases and export them to Ludwig Kastner as "Unaccompanied Baggage." Gluckman refused to do this and George Kastner wrote stating that he would be in New York and would take care of the exportations.

10. On September 3, 1963 George Kastner was in New York. He purchased three suitcases and packed one of the tubes, referred to in the previous Finding, in each of said suitcases. On September 4, 1963 George Kastner took the suitcases as packed with the tubes to the New York office of an airline which made cargo deliveries to Vienna. George Kastner, using a fictitious name and address, caused a Shipper's Export Declaration to be filed with the Collector of Customs and declared the contents of the suitcases at a value of $100 and also declared the exportation as Unaccompanied Baggage of a passenger of said airline. He consigned the suitcases to Ludwig Kastner, Vienna, Austria. George Kastner did not apply for or obtain the required validated export license required for the exportation of these tubes.

11. The suitcases were examined at the cargo room of the airline and the true nature of the contents was disclosed. The suitcases and tubes were seized by Customs officials as items to be exported in violation of U.S. laws and regulations and the exportation was prevented.

12. In November 1963 Ludwig Kastner ordered from a U.S. supplier certain electronic items which were on the U.S. Positive List and required a validated license for exportation. The U.S. supplier made application for an export license. On December 31, 1963, before the application was acted on, a temporary denial order was entered against the respondents (29 F.R. 56). Among other restrictions, this order prohibited the respondents from participating, directly or indirectly, in obtaining or using any validated export license, and in ordering or buying commodities to be exported from the United States. The supplier's application for an export license was rejected after the temporary denial order was entered. Thereafter Ludwig Kastner sought to evade the provisions of the temporary denial order and requested a dealer in Vienna, Austria, to place an order for him with the same U.S. supplier for the identical items. The supplier filed an application for an export license naming the said dealer as ultimate consignee. The application was rejected when it appeared that Ludwig Kastner was the real consignee in interest.

Based on the foregoing I have concluded that the respondents Ludwig Kastner and George Kastner: acted in concert with certain persons in the United States for the purpose of bringing about violations of the U.S. Export Control Law and regulations issued thereunder by exporting and causing to be exported from the United States to Austria commodities subject to the U.S. Export Regulations, without obtaining from the Department of Commerce validated export licenses required by the U.S. Export Regulations authorizing such exportations; caused false representations to be made to, and material facts concealed from the U.S. Department of Commerce and the U.S. Collector of Customs in connection with the preparation and use of export control documents in effecting the exportation of commodities from the United States, all in violation of §§ 381.2, 381.3, 381.4, 381.5, and 381.6 of the U.S. Export Regulations.

In commenting on some of the defenses raised by the respondents, the Compliance Commissioner said:

> Ludwig Kastner has acknowledged that in the transactions with Hart and Gluckman, George Kastner was acting on his behalf and he is willing to accept responsibility for George's conduct. It appears to be George's position that since he was acting on behalf of his father, he (George) should not be held responsible for any violations which may have occurred.
>
> It is well established in both civil and criminal law that the individual who actually commits an improper or illegal act is responsible for the consequences. It is also well established that where an improper or illegal act is committed by an agent acting within the scope of his employment and under authorization from his principal, the principal is also liable. The actual transactions in Charge I and Charge II were carried out by George with the approval of and on authorization from Ludwig and both individuals are responsible for the violations which were committed.
>
> Both Ludwig and George allege that they were not familiar with the U.S. Export Regulations, and if there were any violations they were committed by the U.S. exporter and not by the consignee in Austria. It is clear from the evidence and I have found that the respondents did have knowledge of certain of the export regulations. George instructed Hart and Gluckman as to procedures that should be followed to evade the requirements of these regulations. The instructions were given with knowledge that in carrying them out violations of the U.S. Export Regulations would be committed. Hart and Gluckman followed the instructions. So far as the Kastners are concerned it is clear that they acted in concert with other parties to bring about violations of the U.S. Export Control Law and regulations.
>
> In following the instructions given by George Kastner, Hart and Gluckman also committed violations. They have been called to account for their participation in this affair and a denial order imposing sanctions has been entered against them (29 F.R. 6093).
>
> • • • • •
>
> The argument by respondents that they are non-resident nationals of a foreign country and should not be held accountable for violations of our export regulations, has frequently been made in the past and has consistently been rejected by us. It is our position, often expressed, that we are not attempting to exercise extra-territorial jurisdiction over non-resident nationals, but we are simply enforcing restrictions which we have placed on goods exported from the United States. Our controls are attached to and related to the goods and follow them wherever they go. We are required to take whatever action is necessary to achieve effective enforcement of the Export Control Act. If we find that practices, such as respondents engaged in, will obstruct, defeat, or interfere with effective enforcement of the law, we are required to take steps to stop such practices.

As to the sanction that should be imposed the Compliance Commissioner said:

> These were deliberate violations carried out by a carefully planned scheme which the respondents contrived. Approximately $25,000 worth of electronic items, all on the Positive List, were exported over a period of many months. Considering the nature of the commodities and the illegal manner by which the respondents had them exported from the United States, it might well be that the commodities were ultimately delivered to unauthorized destinations. Whether or not they were so delivered is immaterial. The violations related to the means by which the exportations and attempted exportations were effected from the United States. Reexportations to unauthorized destinations could easily have been accomplished by respondents without the knowledge of this Government.
>
> After the respondents' illegal activities were discovered, they sought to have their co-participants in the United States destroy the evidence. The respondents fabricated stories to absolve themselves of blame.
>
> Clearly, the respondents have shown that they cannot be trusted to deal in exportations from the United States. I recommend that they be denied all U.S. export privileges for the duration of export controls. I would not entertain an application for modification of such order if made within five years of its entry. If, after five years, the respondents are able to demonstrate that they have complied with the terms of the order and disclose such details of their import and export transactions as may be necessary to determine such compliance, consideration can be given to such application in the light of conditions and policies existing at that time.

This order is also effective against the firm Centropa of Istanbul, Turkey, which is operated by the respondent Ludwig Kastner. For the purposes of this order the firm Centropa is considered to be a respondent.

Now, after considering the report and recommendation of the Compliance Commissioner and being of the opinion that his recommendation as to the sanction that should be imposed is fair and just, and necessary to achieve effective enforcement of the law: *It is hereby ordered:*

I. The restrictions of the Order Temporarily Denying Export Privileges which was entered against the respondents on December 31, 1963 (29 F.R. 56) and extended on February 26, 1964 (29 F.R. 2914) are hereby continued in full force and effect.

II. So long as export controls are in effect the respondents, and each of them, are hereby denied all privileges of participating, directly or indirectly, in any manner or capacity, in any transaction involving commodities or technical data exported from the United States in whole or in part, or to be exported, or which are otherwise subject to the Export Regulations. Without limitation of the generality of the foregoing, participation prohibited in any such transaction, either in the U.S. or abroad, shall include participation, directly or indirectly, in any manner or capacity: (a) As parties or as representatives of a party to any validated export license application; (b) in the preparation or filing of any export license application or reexportation authorization, or any document to be submitted therewith; (c) in the obtaining or using of any validated or general export license or other export control document; (d) in the carrying on of negotiations with respect to, or in the receiving, ordering, buying, selling, delivering, storing, using, or disposing of any commodities or technical data in whole or in part exported or to be exported from the United States; and (e) in the financing, forwarding, transporting, or other servicing of such commodities or technical data.

III. Such denial of export privileges shall extend not only to the respondents, but also to their agents, employees, representatives, partners, and to any firm, corporation, or business organization with which they now or hereafter may be related by affiliation, ownership, control, position of responsibility, or other connection in the conduct of trade or services connected therewith.

IV. No person, firm, corporation, partnership or other business organization, whether in the United States or elsewhere, without prior disclosure to and specific authorization from the Bureau of International Commerce, shall do any of the following acts, directly or indirectly, or carry on negotiations with respect thereto, in any manner or capacity, on behalf of or in any association with any such respondents or related party, or whereby any such respondent or related party may obtain any benefit therefrom or have any interest or participation therein, directly or indirectly: (a) Apply for, obtain, transfer, or use any license, shipper's export declaration, bill of lading, or other export control document relating to any exportation, reexportation, transshipment, or diversion of any commodity or technical data exported or to be exported from the United States, by, to, or for any such respondent or related party denied export privileges; or (b) order, buy, receive, use, sell, deliver, store, dispose of, forward, transport, finance, or otherwise service or participate in any exportation, reexportation, transshipment, or diversion of any commodity or technical data exported or to be exported from the United States.

Dated: December 3, 1964.

WILSON E. SWEENEY,
*Acting Director,*
*Office of Export Control.*

# CIVIL AERONAUTICS BOARD

[Docket No. 15419; Order E-21575]

## FLYING TIGER LINE INC., AND TRANS WORLD AIRLINES, INC.

### Order Regarding Blocked-Space Air Freight Tariffs

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 10th day of December 1964.

By tariff bearing a posting date of November 2, 1964, and marked to become effective December 17, 1964, The Flying Tiger Line Inc. (Tiger) proposes to establish general commodity and specific commodity blocked-space air freight rates in both directions between New York/Newark and Los Angeles/San Francisco. Trans World Airlines, Inc., has filed a tariff on November 17, 1964, proposing substantially the same rates and conditions, also marked to become effective December 17, 1964.

The foregoing blocked-space tariffs offer lower rates to shippers signing agreements under which they would ship guaranteed amounts every week for periods of not less than 90 days. The proposals cover general commodity rates and numerous specific commodity rates, and in effect comprise essentially the carriers' entire rate structure, excluding parcel post, import, export, deferred, and air-truck rates. The proposed rates undercut prevailing general and specific commodity rates for standard service by certain percentages varying with the number of contracted days per week. These percentages range from 7 percent for shipments of once per week to 15 percent for shipments of five times per week. The weight breaks proposed range from 1,000 to 20,000 pounds; these vary among markets and commodities. Board approval would be required of agreements with other carriers.[1]

Subsequent to its foregoing filing, Tiger filed a tariff revision bearing a posting date of December 7, 1964, and marked to become effective January 21, 1965, imposing a 200-pound minimum for shipments under its standard general and specific commodity rates in the blocked-space markets. This would result in increasing Tiger's charges for shipments below 200 pounds to the current level of charges for shipments of 200 pounds, and would place Tiger's rates for the smaller shipments typically above those of competing carriers. Such a rate relationship would tend to result in Tiger's virtual withdrawal from the small-shipment business.

A complaint against Tiger's blocked-space tariff was filed by The Slick Corporation (Slick) prior to Tiger's filing of the foregoing 200-pound limitation. This complaint requests rejection of Tiger's filing on the ground that it fails to comply with the Board's Blocked-Space Policy, in that Tiger does not withdraw, as Slick has done, from the small-shipment business and thus does not clearly delineate the roles of all-cargo and combination passenger-cargo carriers.

Complaints were filed by American Airlines, Inc. (American), Trans World Airlines, Inc. (United), requesting investigation and suspension of Tiger's proposal chiefly on the grounds that the rates filed are unduly low and unjustly discriminatory, prejudicial and preferential, and that they would constitute unfair competitive practices. The complainants variously argue in essence that the proposals are noncompensatory; that they would result in diversion of existing traffic, which consists in substantial measure of large shipments regularly moving in reserved space (asserted to be equivalent to blocked space); that the costs of transporting such large shipments are clearly reflected in lower air rates in effect; that there is no economic justification for blocked-space rates for specific commodities even lower than for general commodities, since the existing specific commodity rates have already been established at low levels to move the traffic; that the proposed rates will not serve to generate substantial amounts of new traffic and thus will result in revenue dilution for all carriers as a group; that Tiger, which had complained against Slick's rates when proposed (characterizing such rates as unreasonably low) filed a tariff offering faster service than furnished by Slick and at lower rates for numerous commodities; that the proposal is similar to the continuity and weight requirements held unlawful by the Board in several decisions; that contracts already entered into by Tiger demonstrate the serious dilutionary effects of the proposals on carrier revenues; and that the service offered is not really for blocked space because the agreements do not indicate specific flights.

Complaints against TWA's proposal were filed by Tiger and Slick requesting rejection of the TWA tariff. The complaints relied upon the Board's Blocked-Space Policy, which indicated that combination passenger-cargo carriers may not offer blocked-space services.

In answer to the complaints, Tiger claims that its tariff accurately reflects the services that the Board's Blocked-Space Policy contemplates; and that the rates proposed properly reflect the economies of transporting large shipments in blocked-space service and thus are compensatory. Tiger states that the interval between the effective date of its proposed blocked-space rates, December 17, 1964, and that of its proposed cancellation of rates below 200 pounds, January 21, 1965, is necessitated by the time necessary to permit the numerous shippers of such small shipments over Tiger's lines to make other arrangements. The number of such shippers is especially large during the current Christmas rush.

Upon consideration of the complaints and other relevant matters, the Board finds that Tiger's proposal may be unjust or unreasonable, unjustly discriminatory, unduly preferential or unduly prejudicial, and should be investigated. This proposal is, in the most significant aspects, similar to Slick's blocked-space tariff, which the Board has under investigation (Order E–21076, dated July 17, 1964). Both tariffs, in addition to offering lower rates for blocked-space service, involve the same markets, the identical minimum period in an agreement with shippers (90 days) and the same minimum shipment (1,000 pounds). Certain of Tiger's proposed rates, covering both general and specific commodities, are above Slick's rates, which cover only general commodities, but certain of the proposals are lower. On the average, the yields to be received from the two rate structures are estimated to be approximately the same, about 12 cents. There are certain differences (such as variations in the weight breaks offered, the number of rate levels, etc.) but those differences do not affect our decision to treat Tiger's tariff in the same manner as Slick's with respect to investigation.

We have concluded not to suspend Tiger's tariff pending investigation. This would be consistent with our action permitting Slick's similar blocked-space tariff to become effective (Order E–21160, adopted August 7, 1964). As we stated in the foregoing order with respect to Slick's tariff, we believe that "the service proposed may well result in economies sufficient to warrant the reduced rates and they may likewise stimulate a substantial increase in traffic which would more than offset any dilution in revenue. We believe that (Tiger) is proposing a worthwhile experiment which should be tested in the market place. While some traffic now moving on the cargo services of the combination carriers may be diverted to the blocked space services of the all-cargo carriers, we also note that the increase in minimum shipments to 200-pound minimum • • • can result in a shift of small package traffic to the combination carriers. Permitting (Tiger's) tariff to go into effect • • • will also provide the Board with experience data upon which we may better gauge the effect of the blocked-space service during the course of the ensuing investigation."

Slick's complaint requesting rejection of Tiger's proposal will be dismissed. Tiger has taken steps to modify its tariff so as to withdraw from small shipment service by a tariff filing containing a 200-pound minimum for standard rates in the blocked-space markets. While this withdrawal will not be effective until January 21, 1965, we are sanctioning this delay in order to avoid such hardships as might be encountered by shippers who may have assumed that Tiger's small-shipment service would be available during this period. Our action in this regard is in accordance with our belief that blocked-space service should be provided by all-cargo carriers only when they choose to accept the role of large-shipment carriers and clearly delineate the nature of their service from that provided by combination (passenger and cargo) carriers.

We will also consolidate the investigation ordered herein of Tiger's tariff with that pending in Docket 15419 of Slick's tariff, in order that both tariffs may be considered at the same time.

The Board has concluded to reject TWA's blocked-space proposal as not in accordance with its Blocked-Space Policy (Regulation PS–24, August 7, 1964) as well as with the provisions of section 403 of the Federal Aviation Act of 1958. Under that regulation, the combination passenger-cargo carriers are without authority to offer blocked-space service. Pursuant to that regulation and the foregoing statutory provision, the Board rejected blocked-space tariffs proposed by American, TWA, and United similar to Slick's tariff (Order E–21170, adopted August 11, 1964). We carefully considered and denied petitions for reconsideration of our blocked-space policy (Order E–21447, adopted October 26, 1964). Consistent with that conclusion, TWA's proposal will be rejected.

[1] Included in the tariffs is a proviso that if persons executing blocked-space agreements are air carriers, air freight forwarders, or other carriers, the application of the tariffs is subject to compliance with the requirements of section 412 of the Federal Aviation Act of 1958, and the grant of all other requisite CAB authorizations under Title IV of that Act to such persons to perform under such agreement. The precise agreement (contract) form is reproduced in, and included as part of, the proposed tariffs.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 102, 204(a), 403, and 1002 thereof,

*It is ordered,* That:

1. Trans World Airlines, Inc., C.A.B. No. 129 is hereby rejected;

2. An investigation is instituted to determine whether the rates, charges, and provisions of The Flying Tiger Line Inc. C.A.B. No. 170 and rules, regulations or practices affecting such rates, charges and provisions are, or will be, unjust or unreasonable, unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful and if found to be unlawful to determine and prescribe the lawful rates, charges, and provisions and rules, regulations, or practices affecting such rates, charges and provisions;

3. The complaints of American Airlines, Inc. in Docket 15693, The Flying Tiger Line Inc. in Docket 15724, The Slick Corporation in Dockets 15658 and 15723, Trans World Airlines, Inc., in Docket 15694, and United Air Lines, Inc., in Docket 15680, are dismissed, except to the extent granted herein;

4. This investigation is consolidated with the proceeding in Docket 15419; and

5. A copy of this order shall be served upon all parties to that proceeding and filed with Trans World Airlines, Inc., C.A.B. No. 129.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.[2]

[SEAL] HAROLD R. SANDERSON,
*Secretary.*

## FEDERAL POWER COMMISSION

[Docket No. CP64–218 (Phase II)]

### TENNESSEE GAS TRANSMISSION CO.

#### Notice of Application

DECEMBER 11, 1964.

Take notice that on March 30, 1964, as supplemented on May 1, July 15 and September 1, 1964, Tennessee Gas Transmission Co. (Applicant), Tennessee Building, Houston, Tex., filed in Docket No. CP64–218, an application pursuant to section 7 of the Natural Gas Act for authorization to abandon certain facilities, in part by sale and in part in place, and to construct and operate other facilities (transmission and river crossings), all as more fully set forth in the application and supplements on file with the Commission and open to public inspection.[1]

Applicant in Phase II of its proposal seeks authorization to (1) abandon by transfer facilities consisting of 316 miles of existing 30-inch transmission pipeline extending from Agua Dulce, Tex., to the Sabine River in Newton County, Texas, with related facilities, (part of 366.7 miles of 30-inch pipeline authorized in Docket No. G–8215, extending from a point in Nueces County, Texas, to a point in Jefferson Davis Parish, Louisiana, and known as the Agua Dulce-Kinder Line) to an affiliate which will operate the facilities as an intrastate pipeline; and (2) construct and operate 27.19 miles of 12-inch pipeline extending from Applicant's Bay City Line to the Leabo Plant Line

Applicant states the volumes of natural gas formerly transported from Agua Dulce to Louisiana for further transportation northward will be transported through its mainline facilities.

Applicant further states the assignment and transfer of the approximately 316 miles of 30-inch pipeline to its affiliate will be made at net book value estimated to be $24,943,000 as of June 30, 1964. The cost of the 27.19 miles of 12-inch pipeline to be constructed is stated to be $1,307,600 and will be financed from funds placed in escrow resulting from the disposition of the Agua Dulce-Sabine facilities or a revolving credit fund.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that preliminary staff analysis has indicated that there are no problems which would warrant a recommendation that the Commission designate this application for formal hearing before an examiner and that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing may be held without further notice before the Commission on this application provided no protest or petition to intervene is filed within the time required herein. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C., 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before December 31, 1964.

JOSEPH H. GUTRIDE,
*Secretary.*

[F.R. Doc. 64–12884; Filed, Dec. 14, 1964; 8:50 a.m.]

[1] Phase I facilities proposed to be abandoned and to be constructed and operated by Applicant were authorized by order of the Commission issued June 26, 1964. Notice of the proposals published May 27, 1964 (29 F.R. 6967).

## SECURITIES AND EXCHANGE COMMISSION

[File No. 70–4245]

### CONNECTICUT YANKEE ATOMIC POWER CO. ET AL.

#### Notice Regarding Issue and Sale by Subsidiary Company of First Mortgage Bonds, Promissory Notes, and Common Stock and Acquisition of Such Stock by Certain Companies

DECEMBER 9, 1964.

In the matter of Connecticut Yankee Atomic Power Co., Post Office Box 2010, Hartford, Conn., 06101; New England Power Co., 441 Stuart Street, Boston, Mass., 02116; Western Massachusetts Companies, 174 Brush Hill Avenue, West Springfield, Mass.; Public Service Co. of New Hampshire, 1087 Elm Street, Manchester, New Hampshire; Montaup Electric Co., 85 North Main Street, Fall River, Mass.; File No. 70–4245.

Notice is hereby given that Connecticut Yankee Atomic Power Co. ("Conn Yankee"), a public-utility subsidiary company of New England Electric System ("NEES"), a registered holding company; New England Power Co. ("NEPCO"), a public-utility subsidiary company of NEES and an exempt holding company; Western Massachusetts Companies ("Western Massachusetts"), an exempt holding company; Public Service Co. of New Hampshire ("New Hampshire"), a public-utility company and an exempt holding company; and Montaup Electric Co. ("Montaup"), a public-utility subsidiary company of Eastern Utilities Associates, a registered

holding company, have filed a joint application-declaration with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating sections 6(b), 9(a)(1), 9(a)(2), 10, 10(f), 12(f), and 12(g) of the Act and Rules 11(a), 11(d), and 50 thereunder as applicable to the transactions proposed therein. All interested persons are referred to the joint application-declaration on file at the office of the Commission for a statement of the transactions therein proposed which are summarized as follows:

Conn Yankee, a Connecticut corporation, was recently organized to provide a supply of electric energy to the following group of public-utility companies ("sponsor companies") which own the outstanding common stock of Conn Yankee in the percentage ("stock percentage") set forth opposite the name of each:

| Sponsor company | Percentage |
|---|---|
| The Connecticut Light and Power Co | 25.0 |
| NEPCO | 15.0 |
| Boston Edison Co | 9.5 |
| The Hartford Electric Light Co | 9.5 |
| The United Illuminating Co | 9.5 |
| Western Massachusetts Electric Co.* | 9.5 |
| Central Maine Power Co | 6.0 |
| New Hampshire | 5.0 |
| Cambridge Electric Light Co | 4.5 |
| Montaup | 4.5 |
| Central Vermont Public Service Corp | 2.0 |
| | 100.0 |

*Public-utility subsidiary company of Western Massachusetts Companies, one of the applicants-declarants.

Conn Yankee has commenced construction of a 490 megawatt nuclear electric generating plant of the pressurized water type and which is scheduled to start commercial operation on or about October 1, 1967. Total capital requirements of the plant (exclusive of $6,050,000 anticipated financial assistance from the United States Atomic Energy Commission) are estimated at $98,500,000. By Orders dated September 26, 1963 and July 17, 1964, the Commission authorized the issuance and sale to the sponsor companies of an aggregate of 150,000 shares of Conn Yankee's $100 par value common stock for a cash consideration of $15,000,000 (Holding Company Act Release Nos. 14947 and 15106). In the present filing, which is concerned with the financing of the balance of Conn Yankee's capital requirements, Conn Yankee proposes:

(1) To issue and sell, pursuant to the competitive bidding requirements of Rule 50 under the Act, $40,000,000 principal amount of First Mortgage Bonds, Series A, due January 1, 1993 ("Bonds");

(2) To issue and sell from time to time to a group of eleven banks, up to $25,000,000 principal amount of its 4½ percent promissory notes ("Notes"); and

(3) To obtain the balance of its total capital requirements through the issuance and sale of up to 200,000 additional shares of its $100 par value common stock, at the par value thereof, to the sponsor companies in the same proportions as set forth above.

The filing states that on the assumption that Conn Yankee's actual capital requirements will be as estimated above, the company's outstanding securities will consist of $40,000,000 principal amount of Bonds, $24,000,000 principal amount of Notes and $34,500,000 aggregate par value (345,000 shares, including those heretofore authorized by the Commission) of common stock, resulting in capitalization ratios of 40.6, 24.4 and 35.0 percent, respectively; and that in the event of a $1,500,000 increase in its capital requirements, Conn Yankee proposes to obtain such additional capital through the issuance and sale of an additional $1,000,000 of Notes (bringing the total to the proposed maximum of $25,000,000) and the sale to the sponsor companies of an additional 5,000 shares of common stock for $500,000.

Each applicant-declarant company (other than Conn Yankee) requests authorization to acquire the stock percentage of the additional shares of common stock proposed herein to be issued and sold by Conn Yankee.

The Bonds will be issued under an open-end Mortgage Indenture and Deed of Trust dated as of January 1, 1965, between Conn Yankee and The Connecticut Bank and Trust Co., as Trustee. The Bonds, which will be issued in registered form only, will be secured by a first lien on substantially all of Conn Yankee's physical property. As additional security, Conn Yankee will assign to the Trustee its interest in certain contracts pertinent to construction of the plant and its subsequent operation, including Power Contracts (described below) entered into between Conn Yankee and each of the sponsor companies. The interest rate on the Bonds (which will be a multiple of one-eighth of 1 percent and the price, exclusive of accrued interest, to be paid to Conn Yankee (which will be not less than 100 percent nor more than 102¾ percent of the principal amount) will be determined by competitive bidding. The Bonds will be redeemable at the option of the company at any time or from time to time at an initial redemption price (applicable to the calendar year 1965) equal to the public offering price plus the interest rate of the Bonds, and thereafter at redemption prices decreased each year by 1/27 of the initial redemption premium. The Indenture, among other things, provides for a semi-annual sinking fund, commencing July 1, 1969, designed to retire all of the Bonds by the maturity date thereof. The proceeds from the sale of the Bonds will be deposited with the Trustee as a Construction Fund, from which withdrawals may be made by Conn Yankee as funds are required for construction of the plant: *Provided*, That after giving effect to any such withdrawal Conn Yankee's paid-in capital shall be not less than 35 percent of the sum of (i) Bonds outstanding, less the amount remaining in the Construction Fund and (ii) Conn Yankee's paid-in capital.

The Notes will be sold pursuant to a loan agreement between Conn Yankee and The Connecticut Bank and Trust Co. as lead bank for the group of eleven participating banks set forth below together with the maximum participation of each.

| Participating bank | Amount |
|---|---|
| The Connecticut Bank and Trust Co | $3,750,000 |
| Morgan Guaranty Trust Co. of New York | 5,250,000 |
| Hartford National Bank and Trust Co | 3,500,000 |
| Bankers Trust Co., New York | 2,500,000 |
| Chemical Bank New York Trust Co | 2,500,000 |
| City Trust Co., Bridgeport, Conn | 1,500,000 |
| The Connecticut National Bank, Bridgeport, Conn | 1,500,000 |
| The Fairfield County Trust Co., Stamford, Conn | 1,500,000 |
| The First New Haven National Bank | 1,000,000 |
| The National Shawmut Bank of Boston | 1,000,000 |
| State Street Bank and Trust Co., Boston, Mass | 1,000,000 |
| Total | 25,000,000 |

The Notes will bear interest at the rate of 4½ percent per annum payable quarterly, and the principal will be payable over a period of 7 years in 28 substantially equal quarterly installments, commencing on the first interest date occurring at least 90 days after the "plant completion date" as defined in the Power Contracts. Optional prepayments may be made without premium except as part of a refunding of the Notes at a lower interest rate, in which case a premium of 4 percent will apply if prepayment is made prior to the plant completion date, 3½ percent in the year following such date, and at premiums reduced by one-half of 1 percent each year thereafter. Conn Yankee will pay a standby fee, which started to accrue on May 15, 1964, of one-fourth of 1 percent per annum on the average daily unborrowed balance of the loan commitment, and will have the right on ten days notice to reduce the amount of the loan commitment. Among other things, the loan agreement provides further that no borrowings may be made thereunder until substantially all of the net proceeds from the sale of the Bonds have been applied toward construction of the plant; that at the time of and after giving effect to each Note borrowing the equity investment of the sponsor companies shall represent not less than 35 percent of total capitalization and surplus; and that the Power Contracts, together with the agreements of the sponsor companies to supply Conn Yankee's equity capital requirements, shall be assigned to the lead bank second only to such assignments to the Trustee under the Bonds.

The Power Contracts entered into between Conn Yankee and each of the sponsor companies extend for an initial period of 30 years after the plant completion date (defined as the earlier of October 1, 1968 or the beginning of commercial operation of the plant) and, among other things, obligate and entitle each sponsor company to take a percentage ("entitlement percentage") of the plant's capacity and net electrical output equal to its stock percentage in Conn Yankee. In consideration of such entitlement each sponsor company is obligated, after the plant completion date, to make monthly payments to Conn Yankee in an amount equal to its entitlement percentage of Conn Yankee's total operating expenses, including depreciation at the rate of 4 percent per annum, plus a 6 percent return on "net Unit investment" as defined. Any electrical energy taken prior to that date will be paid for at the rate of 5 mills per kilowatt-hour. All deliveries of electrical energy under the Power Contracts will be made at Conn Yankee's plant, for transmission by the sponsor companies pursuant to transmission agreements which have been entered into among themselves.

The filing states that the proposed issue and sale of Bonds, Notes, and common stock are subject to the jurisdiction of the Connecticut Public Utilities Commission; that the acquisitions of Conn Yankee's common stock by those sponsor companies which are Massachusetts electric companies are subject to the jurisdiction of the Massachusetts Department of Public Utilities; that the Power Contracts and the transmission agreements will be filed as rate schedules with the Federal Power Commission, and will also be filed with the Connecticut Public Utilities Commission; and that no other State or Federal commission, other than this Commission, has jurisdiction over the proposed transactions. The estimated fees and expenses to be incurred in connection with the proposed transactions, and the fees and expenses of counsel for the underwriters (which are to be paid by the successful bidder for the Bonds) will be supplied by amendment.

Notice is further given that any interested person may not later than December 29, 1964, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said joint application-declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C., 20549. A copy of such request should be served personally or by mail (air mail if the person being served is located more than 500 miles from the point of mailing) upon the applicants-declarants at the above-stated addresses, and proof of service (by affidavit, or, in case of an attorney at law, by certificate) should be filed contemporaneously with the request. At any time after said date, the application-declaration as filed or as it may be amended, may be granted and permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate.

For the Commission (pursuant to delegated authority).

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

# INTERSTATE COMMERCE COMMISSION

[Notice 1093]

## MOTOR CARRIER TRANSFER PROCEEDINGS

DECEMBER 10, 1964.

Synopses of orders entered pursuant to section 212(b) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 CFR Part 179), appear below:

As provided in the Commission's special rules of practice any interested person may file a petition seeking reconsideration of the following numbered proceedings within 20 days from the date of publication of this notice. Pursuant to section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC-FC 67314. Corrected Notice.[1] By order of November 25, 1964, the Transfer Board approved the transfer to Metropolitan Towing Company, a corporation, St. Louis 1, Mo., of Certificate No. MC 96093, issued October 18, 1962, to Cy's Wrecker Service, Inc., St. Louis, Mo., authorizing the transportation of abandoned, disabled, wrecked, or repossessed motor vehicles, by the towaway method, over irregular routes, between points in Missouri in the St. Louis, Mo.-East St. Louis, Ill., commercial zone, as defined by the Commission, on the one hand, and, on the other, points in Illinois, Kansas, Ohio, Indiana, Tennessee, Arkansas, Kentucky, and Iowa, within 350 miles of St. Louis, Mo. B. W. LaTourette, Jr., 314 North Broadway, St. Louis 2, Mo., attorney for transferee.

No. MC-FC 67363. By order of December 8, 1964, the Transfer Board approved the transfer to Clark's Frozen Express, Inc., Salt Lake City, Utah, of the certificate in No. MC 117589 Sub 1, issued March 15, 1961, to James H. Clark and James C. Clark, doing business as James H. Clark & Son, Salt Lake City, Utah, authorizing the transportation of: Frozen Fruits, frozen berries, and frozen vegetables, and fish, when moving in the same vehicle with the above commodities, from points in Idaho, Oregon, and Washington, to points in Utah. Bartly G. McDonough, 455 East 4th South Street, Salt Lake City, Utah, attorney for applicants.

No. MC-FC 67369. By order of December 7, 1964, the Transfer Board approved the transfer to Ar-Dees Alaska Truck Lines, Inc., St. Paul, Minn., of Corrected Certificate No. MC 113573, issued September 30, 1953, to Albert M. Herda, acquired by Herda Alaska Truck Lines, Inc., pursuant to proceeding in No. MC-FC 63237, consummated July 6, 1960; and of Certificate No. MC 113573, issued March 27, 1962, to Herda Alaska Truck Lines, Inc., St. Paul, Minn., authorizing the transportation of general commodities, including household goods and commodities in bulk, over irregular routes, between Minneapolis, St. Paul, Duluth, and Fosston, Minn., Minot, N. Dak., and Seattle, Wash., on the one hand, and, on the other, ports of entry on the United States-Canadian boundary line at Sweetgrass, Mont., and Blaine, Wash.; and milk and milk products, in containers, over irregular routes, from points in Minnesota, North Dakota, and Wisconsin to Anchorage, Fairbanks, and Palmer, Alaska; and transferee has requested substitution in pending dockets Nos. MC 113573 Sub 5 and MC 113573 Sub 6, for whatever authority is ultimately issued therein. James L. Nelson, 544 Minnesota Building, St. Paul, Minn., 55101, attorney for transferee and James C. Noonan, Receiver, 60 East 4th Street, St. Paul, Minn., 55101, representative for transferor.

No. MC-FC 67380. By order of December 8, 1964, the Transfer Board approved the transfer to D. L. Westergard and Jay Westergard, a partnership, doing business as Westergard Transfer & Storage, Box 821, Idaho Falls, Idaho, 83402, of the operating rights in Certificate No. MC 108628, issued May 4, 1948, to James C. Westergard, doing business as Westergard Transfer and Storage, Box 821, Idaho Falls, Idaho, 83402, authorizing the transportation, over irregular routes, of: Household goods, as defined by the Commission, between points in specified counties in Idaho, on the one hand, and, on the other, points in Idaho, Montana, Wyoming, and Utah.

No. MC-FC 67386. By order of December 7, 1964, the Transfer Board approved the transfer to West Town Transfer & Storage Co., Inc., Milwaukee, Wis., of the operating rights in Certificate No. MC 63671, issued August 3, 1937 to West Town Coal & Ice Co., a corporation, Milwaukee, Wis., authorizing the transportation, over irregular routes, of: Household goods, office furniture and equipment, and store fixtures, between points in Milwaukee County, Wis., on the one hand, and, on the other, points in Illinois. Norman C. Fritz, 831 West Moreland Boulevard, Waukesha, Wisconsin attorney for applicants.

No. MC-FC 67387. By other of December 7, 1964, the Transfer Board approved the transfer to John D. Turck, Preston, Minn., of the operating rights in Certificates Nos. MC 68967 and MC 68967 Sub 2, issued February 24, 1942 and April 21, 1942, respectively, to Earl C. Turck, Preston, Minn., authorizing the transportation, over irregular routes, of: Household goods, emigrant movables, and general commodities, with certain exceptions, between specified points and defined areas of Minnesota, Iowa, and Wisconsin. A. R. Fowler, 2288 University Avenue, St. Paul, Minn., 55114, attorney for applicants.

No. MC-FC 67388. By order of December 7, 1964, the Transfer Board approved the transfer to Robert Dibble, Kingston, Mich., of the operating rights in Permit No. MC 124944, issued May 22, 1964, to Earl Dibble, Kingston, Mich., authorizing the transportation, over ir-

[1] The prior notice inadvertently omitted some of the routes.

regular routes, of: Pickles, Sauerkraut, and peppers, in glass containers, from Bridgeport, Mich., to points in Illinois, Indiana, Kentucky, and Ohio, and specified portions of Iowa, New York, Pennsylvania, West Virginia, Virginia, and Georgia, and empty glass containers, from specified points in Illinois, Indiana, New York, Pennsylvania, and West Virginia, to Bridgeport, Mich., limited to a specified shipper. William B. Elmer, 22644 Gratiot Avenue, East Detroit, Mich., 48021, attorney for applicants.

No. MC-FC 67390. By order of December 7, 1964, the Transfer Board approved the transfer to Norman Hills, South Dayton, N.Y., of the operating rights in Permits Nos. MC 34087 and MC 34087 Sub 1, issued June 27, 1941 and April 8, 1944, to Erwin Chapin, Silver Creek, N.Y., authorizing the transportation, over irregular routes, of: Lumber, canner's equipment and supplies, canned goods, fruits and vegetables, between Pittsburgh, Pa., and specified points in New York. Thomas J. Runfola, 631 Niagara Street, Buffalo, N.Y., attorney for applicants.

No. MC-FC 67391. By order of December 7, 1964, the Transfer Board approved the transfer to James E. Suhr and Charles R. Suhr, a partnership, doing business as Suhr Brothers, Walnut, Iowa, of the operating rights in Certificate No. MC 91683, issued February 1, 1954, to Raymond Suhr, Walnut, Iowa, authorizing the transportation of: Feed, petroleum products in containers, agricultural implements, and parts, building materials, and roofing, from Omaha, Nebr., to Walnut, Iowa, and points within 15 miles, over specified regular routes.

VOLUME 29 NUMBER 243

Washington, Tuesday, December 15, 1964

Federal Aviation Agency

# 14 CFR Parts 71, 73, 75

# Compilation of Regulations

# Title 14—AERONAUTICS AND SPACE

## Chapter I—Federal Aviation Agency

[Airspace Docket No. 64–WA–84]

## PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE AND REPORTING POINTS [NEW]

## PART 73—SPECIAL USE AIRSPACE [NEW]

## PART 75—ESTABLISHMENT OF JET ROUTES [NEW]

### Compilation of Regulations

The following compilations of Parts 71, 73 and 75 [New] of Federal Aviation Regulations are adopted for the purpose of combining all amendments to these parts which have been published by the Administrator of the Federal Aviation Agency in the FEDERAL REGISTER and which were effective prior to November 13, 1964. In addition, pending amendments are listed below the appropriate section and include the effective date and the FEDERAL REGISTER citation. This revision does not involve any substantive changes.

(Sec. 307(a) of the Federal Aviation Act of 1958 (49 U.S.C. 1348))

Issued in Washington, D.C., on November 23, 1964.

H. B. HELSTROM,
*Acting Chief, Airspace Regulations and Procedures Division.*

TITLE 14 - AERONAUTICS AND SPACE

CHAPTER I - FEDERAL AVIATION AGENCY

SUBCHAPTER E - AIRSPACE

PART 71

DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

TABLE OF CONTENTS

SUBPART A - GENERAL

Sec.
71.1 Applicability.
71.3 Classification of Federal Airways.
71.5 Extent of Federal Airways
71.7 Control areas.
71.9 Continental Control Area.
71.11 Control Zones.
71.13 Transition Areas.
71.15 Positive Control Areas.
71.17 Reporting Points.
71.19 Bearings; radials; miles.

SUBPART B - COLORED FEDERAL AIRWAYS

71.101 Designation.
71.103 Green Federal Airways
71.105 Amber Federal Airways.
71.107 Red Federal Airways.
71.109 Blue Federal Airways.

SUBPART C - VOR FEDERAL AIRWAYS.

71.121 Designation.
71.123 Domestic VOR Federal Airways.
71.125 Alaskan VOR Federal Airways.
71.127 Hawaiian VOR Federal Airways.

SUBPART D - CONTINENTAL CONTROL AREA

71.151 Restricted areas included.

SUBPART E - CONTROL AREAS AND CONTROL AREA EXTENSIONS.

71.161 Designation of Control Areas Associated with Jet Routes Outside the Continental Control Area.
71.163 Designation of Additional Control Areas.
71.165 Designation of Control Area Extensions.

SUBPART F - CONTROL ZONES

71.171 Designation.

SUBPART G - TRANSITION AREAS.

71.181 Designation.

SUBPART H - POSITIVE CONTROL AREAS.

71.193 Designation of Positive Control Areas.

SUBPART I - REPORTING POINTS.

71.201 Designation.
71.203 Domestic Low Altitude Reporting Points.
71.207 Domestic High Altitude Reporting Points.
71.209 Other Domestic Reporting Points.
71.211 Alaskan Low Altitude Reporting Points.
71.213 Alaskan High Altitude Reporting Points.
71.215 Hawaiian Reporting Points.

SUBPART A - GENERAL

**§ 71.1 Applicability.**

(a) The airspace assignments described in Subparts B and C are designated as Federal airways.

(b) The airspace assignments described in Subparts B through I are designated as control areas, the continental control area, control zones, transition areas, positive control areas, and reporting points, as described in the appropriate subpart.

**§ 71.3 Classification of Federal Airways.**

Federal airways are classified as follows:

(a) Colored Federal airways:

(1) Green Federal airways.

(2) Amber Federal airways.

(3) Red Federal airways.

(4) Blue Federal airways.

(b) VOR Federal airways.

**§ 71.5 Extent of Federal airways.**

(a) Each Federal airway is based on a centerline that extends from one navigational aid or intersection to another navigational aid (or through several navigational aids or intersections) specified for that airway.

(b) Unless otherwise specified in Subpart B or C -

(1) Each Federal airway includes the airspace within parallel boundary lines 4 miles each side of the centerline. Where an airway changes direction, it includes that airspace enclosed by extending the boundary lines of the airway segments until they meet.

(2) Where the changeover point for an airway segment is more than 51 miles from either of the navigational aids defining that segment, and -

(i) The changeover point is midway between the navigational aids, the airway includes the airspace between lines diverging at angles of 4.5° from the centerline at each navigational aid and extending until they intersect opposite the changeover point; or

(ii) The changeover point is not midway between the navigational aids, the airway includes the airspace between lines diverging at angles of 4.5° from the centerline at the navigational aid more distant from the changeover point, and extending until they intersect with the bisector of the angle of the centerlines at the changeover point; and between lines connecting these points of intersection and the navigational aid nearer to the changeover point.

(3) Where an airway terminates at a point or intersection more than 51 miles from the closest associated navigational aid it includes the additional airspace within lines diverging at angles of 4.5° from the centerline extending from the associated navigational aid to a line perpendicular to the centerline at the termination point.

(4) Where an airway terminates, it includes the airspace within a circle centered at the specified navigational aid or intersection having a diameter equal to the airway width at that point. However, an airway does not extend beyond the domestic/oceanic control area boundary.

(c) Unless otherwise specified in Subpart B or C -

(1) Each Federal airway includes that airspace extending upward from 700 feet (until designated from 1,200 feet or more) above the surface of the earth to, but not including, 18,000 feet MSL, except that Federal airways for Alaska and Hawaii have no upper limits; and

(2) The airspace of a Federal airway within the lateral limits of a transition area has a floor coincident with the floor of the transition area.

(d) One or more alternate airways may be designated between specified navigational aids or intersections along each VOR Federal airway described in Subpart C. Unless otherwise specified, the centerline of an alternate VOR Federal airway and the centerline of the corresponding segment of the main VOR Federal airway are separated by 15°.

(e) A Federal airway does not include the airspace of a prohibited area.

**§ 71.7 Control areas.**

Control areas consist of the airspace designated in Subparts B, C, and E, but do not include the continental control area. Unless otherwise designated, control areas include the airspace between a segment of a main VOR Federal Airway and its associated alternate segments with the vertical extent of the area corresponding to the vertical extent of the related segment of the main airway.

**§ 71.9 Continental Control Area.**

The continental control area consists of the airspace of the 48 contiguous states and the District of Columbia at and above 14,500 feet MSL, but does not include -

(a) The airspace less than 1,500 feet above the surface of the earth; or

(b) Prohibited and restricted areas, other than restricted area military climb corridors and the restricted areas listed in Subpart D.

**§ 71.11 Control Zones**

The control zones listed in Subpart F consist of controlled airspace extending upward from the surface of the earth. A control zone may include one or more airports and is normally a circular area with a radius of five miles and any extensions necessary to include instrument approach and departure paths

**§ 71.13 Transition Areas.**

The transition areas listed in Subpart G consist of controlled airspace extending upward from 700 feet or more above the surface of the earth when designated in conjunction with an airport for which an approved instrument approach procedure has been prescribed; or from 1,200 feet or more above the surface of the earth when designated in conjunction with airway route structures or segments. Unless otherwise specified transition areas terminate at the base of the overlying controlled airspace

**§ 71.15 Positive Control Areas**

The positive control areas listed in Subpart H consist of controlled airspace within which there is positive control of aircraft

**§ 71.17 Reporting Points**

(a) The reporting points listed in Subpart I consist of geographic locations in relation to which the position of an aircraft must be reported in accordance with §91.125

(b) Unless otherwise designated, each reporting point applies to all directions of flight. In any case where a geographic location is designated as a reporting point for less than all airways passing through that point, or for a particular direction of flight along an airway only, it is so indicated by including the airways or direction of flight in the designation of geographical location.

(c) Unless otherwise specified, place names appearing in the reporting point descriptions indicate VOR or VORTAC facilities identified by those names

**§ 71.19 Bearings; Radials; Miles.**

(a) All bearings and radials in this Part are true, and are applied from point of origin

(b) Except as otherwise specified and except that mileages for Federal airways are stated as nautical miles, all mileages in this Part are stated as statute miles

SUBPART B - COLORED FEDERAL AIRWAYS

**§ 71.101 Designation.**

The airspace assignments described in this subpart are designated as Colored Federal Airways.

**§71.103 Green Federal Airways.**

**G-1 From the Sherbrooke, Quebec, Canada, RBN via the Millinocket, Maine RBN; the Forest City, New Brunswick, Canada, RBN; to the Fredericton, New Brunswick, Canada, RR, excluding the portions within Canada.**

AMENDMENTS 7/2/64 29 F. R. 5785 (Changed)

**G-7 From the Nome, Alaska, RR via the Moses Point, Alaska, RR; INT of the E course of the Moses Point RR and the N course of the Unalakleet, Alaska, RR; Galena, Alaska, RR; INT of the E course of the Galena RR and the W course of the Fairbanks, Alaska, RR; to the Fairbanks RR.**

**G-8 From the King Salmon, Alaska, RR via the INT of the NE course of the King Salmon RR and the W course of the Homer, Alaska, RR; INT of the W course of the Homer RR and the SW course of the Kenai, Alaska, RR; Kenai RR; INT of the NE course of the Kenai RR and a line bearing 266° from the Anchorage, Alaska, RR; Anchorage RR; INT of the NE course of the Anchorage RR and the SE course of the Skwentna, Alaska, RR; Gulkana, Alaska, RR; INT of the NE course of the Gulkana RR and the SW course of the Northway, Alaska, RR; to the Northway RR.**

AMENDMENTS On Publ. 4/8/64 29 F.R. 4908 (Changed); 9/17/64 29 F.R. 9529 (Changed);

AMBER FEDERAL AIRWAYS

**§71.105 Amber Federal Airways.**

**A-1 From Eugene, Oreg., RR to the Portland, Oreg., RR. From Seattle, Wash., RR via the INT of the NW course of the Seattle RR and the S course of the Victoria, Canada, RR; Victoria RR; to the INT of the N course of the Victoria RR and the SE course of the Comox, Canada, RR. From the Sandspit, B. C., Canada, RR via the INT of the NW course of the Sandspit RR and SW course of the Annette Island, Alaska, RR; Sitka, Alaska, RR; Yakutat, Alaska, RR; INT of the NW course of the Yakutat RR and the SE course of the Hinchinbrook, Alaska, RR; Hinchinbrook RR; INT of the NW course of the Hinchinbrook RR and the SE course of the Anchorage, Alaska, RR; Anchorage RR; INT of the NW course of the Anchorage RR and the SE course of the Skwentna, Alaska, RR; Skwentna RR; Puntilla Lake, Alaska, RBN; Farewell, Alaska, RR; McGrath, Alaska, RR; Unalakleet, Alaska, RR; to the Nome, Alaska, RR, but excluding the portion under the jurisdiction of Canada.**

AMENDMENTS On Publ. 4/8/64 29 F.R. 4908 (Changed); 8/20/64 29 F.R. 7595 (Changed); 9/17/64 29 F.R. 9529 (Changed):

PENDING AMENDMENT
In A-1 "INT of the NW course of the Hinchinbrook RR and the SE course of the Anchorage, Alaska, RR; Anchorage RR;" is deleted and "Whittier, Alaska, RBN; Anchorage, Alaska, R.R.;" is substituted therefor.
AMENDMENTS 1/7/65 29 F. R. 14620 (Changed)

**A-2 From the Snag, Yukon Territory, Canada, RR via the Northway, Alaska, RR; Big Delta, Alaska, RR; INT of the NW course of the Big Delta RR and the E course of the Fairbanks, Alaska, RR; Fairbanks RR; to the Bettles, Alaska, RR, excluding the portion within Canada.**

AMENDMENTS 6/12/64 29 F.R. 7923 (Changed); 7/23/64 29 F.R. 6531 (Changed); 9/17/64 29 F.R. 9529 (Changed);

**A-10 From the Pennfield Ridge, New Brunswick, Canada, RBN to the Forest City, New Brunswick, Canada, RBN, excluding the portion within Canada.**

AMENDMENTS 7/2/64 29 F.R. 5785 (Added)

**A-15 From the Ethelda Bay, British Columbia, Canada, RBN via the Annette Island, Alaska, RR; Petersburg, Alaska, RR; Coghlan Island, Alaska, RBN; Haines, Alaska, RBN; Pon Lake, Yukon Territory, Canada, RBN; Snag, Yukon Territory, Canada, RR; Northway, Alaska, RR; Big Delta, Alaska, RR; INT of the NW course of the Big Delta RR and the E course of the Fairbanks, Alaska, RR; to the Fairbanks RR., excluding the portion within Canada (joins Canadian high level airway No. 502).**

AMENDMENTS 6/12/64 29 F.R. 7923 (Changed); 7/23/64 29 F.R. 6531 (Changed); 9/17/64 29 F.R. 9529 )Changed):

RED FEDERAL AIRWAYS

§71.107 Red Federal Airways.

R-1 From the Sitka, Alaska, RR via the INT of the SE course of the Sitka RR and the SW course of the Petersburg, Alaska, RR; Cape Decision, Alaska, RBN; Guard Islands, Alaska, RBN; to the Annette Island, Alaska, RR.

R-25 From the Quebec, Canada, RR to the INT of the NW course of the Bangor, Maine, RR and a direct bearing from the Millinocket, Maine, RBN to the Sherbrooke, Canada, RBN, excluding the portion within Canada.

R-27 From the INT of the NW course of the Nenana, Alaska, RR and the W course of the Fairbanks, Alaska, RR via the Nenana RR; to the INT of the SE course of the Nenana RR and the SW course of the Fairbanks RR.

R-39 From the Bethel, Alaska, RBN via the Aniak, Alaska, RR; McGrath, Alaska, RR; Minchumina, Alaska, RR; Nenana, Alaska, RR; to the Fairbanks, Alaska, RR.

AMENDMENTS 4/2/64 29 F.R. 2593 (Changed); 9/17/64 29 F.R. 9529 (Changed);

R-40 From the Kodiak, Alaska, RR via the Shuyak, Alaska, RBN; Homer, Alaska, RR; to the Anchorage, Alaska, RR.

R-41 From the INT of the NW course of the Sitka (Biorka Island), Alaska, RR and the SW course of the Gustavus, Alaska, RR via the Gustavus RR; to the Sisters Island, Alaska, RBN.

R-50 From the INT of the E course of the Galena, Alaska, RR and the SW course of the Tanana, Alaska, RR via the Tanana RR; to the INT of the SE course of the Tanana RR and the W course of the Fairbanks, Alaska, RR.

R-64 From the INT of the SW course of the Annette Island, Alaska, RR and the United States-Canadian Border, to the Annette Island RR.

R-75 From the INT of the NW course of the Bellingham, Wash., RR and the W course of the Abbotsford, British Columbia, Canada, RR via the Abbotsford RR; to the INT of the E course of the Abbotsford RR and the NE course of the Bellingham RR, excluding the portion within Canada.

R-82 From the Skwentna, Alaska, RR to the INT of the SE course of the Skwentna RR and the NE course of the Anchorage, Alaska, RR.

R-92 From the Sault Ste. Marie, Mich., RBN to the Sudbury, Ontario, Canada, RR, excluding the portion within Canada.

R-99 From the INT of the NE course of the King Salmon, Alaska, RR and the SW course of the Iliamna, Alaska, RR via the Iliamna RR; to the INT of the SE course of the Iliamna RR and the W course of the Homer, Alaska, RR.

R-103 From the Anchorage, Alaska, RR via the INT of a line bearing 266° from the Anchorage RR and the NE course of the Kenai, Alaska, RR; Kenai RR; INT of the SE course of the Kenai RR and the SW course of the Anchorage RR; to the Middleton Island, Alaska, RBN.

BLUE FEDERAL AIRWAYS

§71.109 Blue Federal Airways.

B-2 From the Sitka, Alaska, RR to the Sisters Island, Alaska, RBN.

B-9 From the Duluth, Minn., RBN to the Lakehead, Ontario, Canada, RR, excluding the portion within Canada.

B-12 From the McGrath, Alaska, RR to the Galena, Alaska, RR.

B-19 From the Key West, Fla., RBN to the Perrine, Fla., RBN.

SUBPART E - CONTROL AREAS AND CONTROL AREA EXTENSIONS

**§ 71.161 Designation of control areas associated with jet routes outside the continental control area.**

Unless otherwise specified, the airspace centered on each of the following jet route segments has a vertical extent identical to that of a Jet Route and a lateral extent identical to that of a Federal airway and is designated as a control area. Unless otherwise specified, the place names appearing in the descriptions indicate VOR or VORTAC facilities identified by those names.

**§ 71.163 Designation of additional control areas.**

Unless otherwise specified, each control area designated below has a lateral extent identical to that of a Federal airway and extends upward from 700 feet (until designated from 1,200 feet or more) above the surface of the earth, except that the airspace of a control area within the lateral limits of a transition area has a floor coincident with the floor of the transition area.

**Control 1132**

That airspace bounded on the N by a line 5 miles S of and parallel to the Orlando, Fla., VOR 071° radial, on the E by the 79th meridian and the Miami Oceanic/Nassau Control Area boundary, on the S by Control 1235 and on the W by V-3, excluding the portion below 2,000 feet MSL outside the United States, and excluding the portion within R-2902. The portion of this control area extension within W-497B shall be used during IFR weather conditions only after obtaining prior approval from appropriate authority.

**Control 1141**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the INT of the 098° bearing from the Boston, Mass., RBN and the 065° bearing from the Squantum, Mass., RBN to a 15-mile radius circle centered on the midway point of a direct line between the INT of the 098° bearing from the Boston RBN and the 065° bearing from the Squantum RBN and the Yarmouth, Nova Scotia, Canada, RR to a 5-mile radius circle centered on the Yarmouth RR, excluding the portion below 2,000 feet except that airspace within the confines of Federal airways, and excluding the portion within the Boston control area extension and the portion under the jurisdiction of Canada.

**PENDING AMENDMENT**

**Control 1141**

That airspace within tangent lines from the circumference of a 5-mile radius circle centered on the Boston, Mass., radio beacon to a 15-mile radius circle centered on the midway point of a direct line between the Boston radio beacon and the Yarmouth, Nova Scotia, Canada, RR to a 5-mile radius circle centered on the Yarmouth RR and that airspace from 18,000 feet MSL to flight level 260 bounded by a line from: latitude 42°43'20" N., longitude 70°22'00" N., thence to latitude 42°52'00" N., longitude 70°16'00" W.; thence to latitude 43°01'30" N., longitude 69°52'00" W.; thence to latitude 43°01'30" N., longitude 69°36'00" W.; thence to the point of beginning; and that airspace from 18,000 feet MSL to flight level 260 inclusive bounded by a line from: latitude 42°33'35" N., longitude 70°03'45" W.; thence to latitude 42°42'30" N., longitude 69°30'00" N.; thence to latitude 42°39'00" N., longitude 69°30'00" W.; thence to latitude 42°28'00" N., longitude 70°03'45" W.; thence to the point of beginning excluding the portion under the jurisdiction of Canada, the portion within the confines of Federal airways and the Boston, Mass., control area extension, the portion below 2,000 feet MSL W of the 69°30'00" W. meridian of longitude and the portion below 5,500 feet MSL E of the 69°30'00" W. meridian of longitude.

AMENDMENTS 12/10/64 29 F. R. 14358 (Rewritten)

**Control 1142**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered at the INT of the 098° bearing from the Boston, Mass., RBN and the 065° bearing from the Squantum, Mass., RBN to a 15-mile radius circle centered at the INT of the 098° bearing from the Boston RBN and the Western Boundary of the New York Oceanic Control Area, excluding that portion below 2,000 feet except that airspace within the confines of Federal airways, and excluding the portion within the Boston control area extension.

**Control 1143**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Nantucket, Mass., Consolan station (monitor site at Lat. 41°15'35" N, Long. 70°09'19" W) to a 15-mile radius circle centered at the midway point on a direct line between the Nantucket Consolan station (monitor site at Lat. 41°15'35" N, Long. 70°09'19" W) and the Yarmouth, Nova Scotia, Canada, RR to a 5-mile radius circle centered on the Yarmouth RR excluding that portion below 2,000 feet except that airspace within the confines of Federal airways.

**Control 1144**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Nantucket, Mass., Consolan station (monitor site at Lat. 41°15'35" N, Long. 70°09'19" W) to a 15-mile radius circle centered on the INT of a Great Circle course between the Nantucket Consolan station (monitor site at Lat. 41°15'35" N, Long. 70°09'19" W) and the Santa Maria, Azores, RBN and the W boundary of the New York Oceanic Control Area, excluding the portion below 2,000 feet except that airspace which lies within the confines of Federal airway.

**Control 1145**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Nantucket, Mass., Consolan station (monitor site at Lat. 41°15'35" N, Long. 70°09'19" W) to a 15-mile radius circle centered on the INT of a rhumb line between the Nantucket Consolan station (monitor site at Lat. 41°15'35" N, Long. 70°09'19" W) and the Kindley AFB, Bermuda RR and the W boundary of the New York Oceanic Control Area, excluding the portion below 2,000 feet except that airspace within the confines of Federal airway.

**Control 1147**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered at Lat. 40°18'30" N, Long. 73°45'00" W, to the circumference of a 15-mile radius circle centered at the INT of the 137° bearing from the Newark, N. J., RBN and the W boundary of the New York Oceanic Control Area, excluding the portion below 2,000 feet except that airspace within the confines of Federal airways.

AMENDMENTS 2/6/64 28 F. R. 14310 (Changed);

**Control 1148**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Millville, N. J., RR and the INT of the Millville RR SE course and the Atlantic Ocean-U. S. Coastline to a 15-mile radius circle centered on the INT of the Millville RR SW course and the W boundary of the New York Oceanic Control Area, excluding that portion below 2,000 feet outside the United States.

**Control 1150**

That airspace within a 5-nmi radius of the Carolina Beach, N. C., RBN (Lat. 34°06'22" N, Long. 77°57'42" W), within a 5-nmi radius of the Bimini, Bahamas, RBN (Lat. 25°42'32" N, Long. 79°16'33" W), within a 23-nmi radius of Lat. 29°53'15" N, Long. 78°39'15" W, within tangent lines drawn from the E and W sides of the Carolina Beach and Bimini 5-nmi radius area to the E and W sides of the 23-nmi radius area centered at Lat. 29°53'15" N, Long. 78°39'15" W, excluding that portion below 2,000 feet MSL outside the United States and that portion below 7,000 feet MSL within the Nassau, Bahamas, control area.

**Control 1151**

That airspace N of Lat. 27°00'00" N. within tangent lines drawn from the circumference of a 25-mile radius circle centered at a point midway on a direct line between the Carolina Beach, N. C., RBN and the Nassau, British West Indies, RBN and circles 5 miles in radius centered on the Carolina Beach RBN and the Nassau RBN, excluding the airspace below 2,000 feet MSL outside the United States. The portion of this control area within W-497-A shall be used only after obtaining prior approval from appropriate authority

**Control 1152**

That airspace E of Charleston, S. C., within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Charleston RBN and a 5-mile radius circle centered at the INT of the 109° bearing from the Charleston RBN with the Atlantic Ocean-U.S. Coastline to a 17-mile radius circle centered at the INT of the 109° bearing from the Charleston RBN with the W boundary of the New York Oceanic Control Area, excluding that portion below 2,000 feet MSL outside the United States.

**Control 1153**

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Jacksonville, Fla., RBN to an 18-mile radius circle centered at the INT of the 090° bearing from the Jacksonville RBN and the W boundary of the New York Oceanic Control Area, excluding the portion below 2,000 feet MSL outside the United States.

**Control 1169**

That airspace within 5 miles either side of a line extending from the Kennedy, N. Y., VORTAC via the INT of the Kennedy VORTAC 080° and the Nantucket, Mass., VORTAC 255° radials, to the Nantucket VORTAC and within lines diverging from the Kennedy VORTAC to points of tangency to a 9.5-mile radius circle centered at the INT of the Kennedy VORTAC 080° and the Nantucket VORTAC 255° radials; within the circumference of the circle and within lines tangent to that circle converging to the Nantucket VORTAC, excluding the airspace below 2,000 feet MSL outside the United States.

AMENDMENTS 4/2/64 29 F.R. 1561 (Changed);

**Control 1173**

That airspace W of San Francisco bounded by a line beginning at Lat. 38°08'30" N, Long. 122°54'00" W, thence to Lat. 37°14'00" N, Long. 122°24'55" W, thence to Lat. 36°16'00" N, Long. 124°26'00" W, thence to Lat. 37°40'00" N, Long. 125°23'30" W, thence to Lat. 37°50'00" N, Long. 124°24'30" W, thence to Lat. 38°00'00" N, Long. 123°23'00" W, thence to Lat. 38°03'20" N, Long. 123°12'00" W, thence to point of beginning. The portion of this control area within W-513 is excluded at and below 3,000 feet MSL between the hours 8:00 p.m. and 8:00 a.m., p.s.t. Monday through Friday, and is excluded entirely between the hours of 8:00 a.m. and 8:00 p.m p.s.t. Monday through Friday. The portion of this control area W of a line extending from Lat. 37°05'30" N, Long. 122°43'00" W, via the Farallon Island, Calif., RBN (Lat. 37°41'54" N, Long. 123°00'12"W), to Lat. 37°47'00" N, Long. 123°00'00" W, Lat. 37°53'20" N, Long. 123°04'55" W, Lat. 37°56'00" N, Long. 123°10'00" W, Lat. 38°01'30" N, Long. 123°11'10" W, to Lat. 38°03'20" N, Long. 123°12'00" W, is excluded below 2,500 feet MSL.

Control 1176

That airspace centered on the Santa Barbara, Calif., VORTAC 247° radial, 10 miles in width at the VORTAC with each boundary diverging at an angle of 5° from the 247° radial extending to the E boundary of the Oakland Oceanic control area, excluding the portion at and below 2,000 feet MSL W of Long. 120°30'00" W The portion of this control area lying W of Long. 120°30'00" W, shall be used only after obtaining prior approval from appropriate authority.

Control 1177

That airspace SW of Los Angeles, Calif., bounded by a line beginning at Lat. 33°25'50" N, Long. 118°28' 50" W, thence to Lat. 33°19'00" N, Long. 118°21'45" W, thence to Lat. 32°44'30" N, Long. 119°07'00" W, thence to Lat. 31°41'00" N, Long. 120°15'00" W, thence to Lat. 31°18'40" N, Long. 121°11'30" W, thence to Lat. 31°54'00" N, Long. 121°34'30" W, thence to Lat. 32°10'45" N, Long. 120°16'15" W, thence to Lat. 32° 52'15" N, Long. 119°12'30" W, thence to point of beginning excluding the airspace below 5,000 feet MSL.

Control 1181

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Weeksville, N.C., RBN to a 10-mile radius circle centered on the INT of the 133° bearing from the Weeksville RBN and the W boundary of the New York Oceanic Control Area, excluding the portion below 2,000 feet which extends outside the United States.

Control 1215

That airspace SE of Galveston, Tex., bounded by a line beginning at latitude 29° 02' 10" N., longitude 95° 05' 00" W., extending NE 3 nmi from and parallel to the United States coastline to latitude 29° 19' 00" N., longitude 94° 40' 30" W., to latitude 28° 15' 00" N., longitude 92° 07' 00" W., to latitude 28° 15' 00" N., longitude 94° 00' 00" W., to latitude 28° 07' 45" N., longitude 94° 12' 00" W., to latitude 28° 10' 00" N., longitude 94° 14' 00" W., to latitude 28° 10' 00" N., longitude 94° 58' 00" W., to latitude 27° 37' 45" N., longitude 94° 59' 45" W., to latitude 27° 32' 00" N., longitude 95° 09' 00" W., to latitude 26° 50' 20" N., longitude 95° 30' 00" W., to latitude 27° 00' 00" N., longitude 95° 30' 00" W., to point of beginning; excluding the portion below 2,500 feet MSL.

AMENDMENTS 3/5/64 28 F.R. 14419 (Rewritten);

Control 1216

That airspace extending upward from 2,000 feet MSL bounded on the N by a direct line from the Navy New Orleans, La., RBN to Lat. 29°25'00" N, Long. 87°00'00" W, on the SE by a line extending from Lat. 29°25' 00" N. Long. 87°00'00" W to Lat. 28°50'00" N. Long. 88°00'00" W, thence S along Long. 88°00'00" W to the N boundary of the New Orleans Oceanic Control Area, on the S by the New Orleans Oceanic Control Area, on the W by Long. 90°15'00" W., and on the NW by the New Orleans transition area.

Control 1217

That airspace within tangent lines drawn from the circumference of a 5 mile-radius circle centered on the Kodiak, Alaska, RR to the circumference of a 10-mile radius circle centered at the INT of the 107° bearing from the Kodiak RR with the NW boundary of the Anchorage Oceanic Control Area.

Control 1218

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Homer, Alaska, RR to the circumference of a 10-mile radius circle centered at the INT of the 118° bearing from the Homer RR with the NW boundary of the Anchorage Oceanic Control Area.

Control 1226

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Galveston, Tex., RBN extending to the circumference of a 15-mile radius circle centered at a point midway on a rhumb line between the Galveston RBN and the Grand Isle, La., RBN, thence to the circumference of a 5-mile radius circle centered on the Grand Isle RBN, thence to the circumference of a 15-mile radius circle centered at a point midway on a rhumb line between the Grand Isle RBN and the Egmont Key, Fla., RBN, thence to the circumference of a 5-mile radius circle centered on the Egmont Key RBN, excluding the portion below 5,000 feet MSL from the Galveston RBN to the Grand Isle RBN, and the portion below 2,000 feet MSL from the Grand Isle RBN to the Egmont Key RBN.

Control 1228

That airspace within 5 miles either side of a line extending from the Tampa, Fla., RBN to the Key West, Fla..RBN, excluding the portion below 2,000 feet MSL outside the United States, the portion within W-174 and the portion above 20,000 feet MSL between Lat. 24°50'00" N. and the S boundary of Control 1230.

Control 1230

That airspace within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Miami, Fla., runway 9-L ILS OM to the circumference of a 5-mile radius circle centered on the Tamiami, Fla., RBN, thence to the circumference of a 10-mile radius circle centered on the INT of the 276° bearing from the Tamiami RBN and the E boundary of the New Orleans Oceanic control area, and within tangent lines drawn from the circumference of a 5-mile radius circle centered on the Miami RBN to the circumference of the 10-mile radius circle centered at the INT of the E boundary of the New Orleans Oceanic control area and the 276° bearing from the Tamiami RBN, and bounded on the E by the E boundary of B-48, excluding the portion below 2,000 feet MSL outside the United States and the portion within W-168.

Control 1232

That airspace bounded on the E by the Miami Oceanic Control area boundary; on the S by latitude 24°00'00" N.; on the W by longitude 80°25'00" W., the S boundary of V-51, and the E boundary of V-3; and on the N by the S boundary of control 1235; excluding the airspace below 2,000 feet MSL outside the United States.

AMENDMENTS Eff. immed. 6/15/64 29 F. R. 7921 (Rewritten)

Control 1233

That airspace bounded on the N by the Key West, Fla., control area extension and V-35, on the E by a line 5 miles E of and parallel to the 187° bearing from the Marathon, Fla., RBN, on the S by Lat. 24°00'00" N, and on the W by a line 5 miles W of and parallel to the 205° bearing from the Key West RBN, excluding the portion below

2,000 feet MSL and excluding the portion within W-465.

Control 1235

That airspace within 5 miles each side of the West Palm Beach RBN 090° bearing, extending from the RBN to the INT of the West Palm Beach RBN 090° bearing and the W boundary of the Miami Oceanic/Nassau Control Area, excluding the portions below 1,000 feet MSL outside the United States and within W-497B.

Control 1310

That airspace within 4 nautical miles each side of a direct line extending from the Anchorage, Alaska, VOR to the Middleton Island, Alaska, VOR, including the additional airspace between lines diverging at 4.5° angles from the centerline, extending SE from the Anchorage VOR and NW from the Middleton Island VOR and which terminate at the intersecting points midway between Anchorage and Middleton Island; thence within 16 miles each side of a line extending from the Middleton Island VOR to the Sandspit, B.C., Canada, RR; including that airspace between lines diverging at 5° angles from the centerline, extending SE from the Middleton Island VOR and NW from the Sandspit RR, and which terminate at the intersecting points midway between Middleton Island and Sandspit, excluding the portion within Canada and W-533.

AMENDMENTS 9/17/64 29 F.R. 9820 (Rewritten)

Control 1316

That airspace within 5 miles either side of the Los Angeles, Calif., VOR 251° radial extending from the VOR to the Oakland Oceanic Control Area boundary and between lines diverging at an angle of 5° from the 251° radial extending from the Los Angeles VOR to the Oakland Oceanic Control Area boundary; excluding the airspace below 2,000 feet MSL between the United States and the E boundary of W-289 and excluding the airspace below 5,000 feet MSL within W-289.

Control 1386

That airspace within 5 miles either side of the Orlando, Fla., VOR 071° radial, extending from the VOR to Control 1150, excluding the airspace below 14,000 feet MSL lying between the E boundary of R-2902 and the W boundary of Control 1150. The portion of this control area within R-2902 shall be used only after obtaining prior approval from appropriate authority.

Control 1400

That airspace within 5 miles either side of the 263° bearing from the King Salmon, Alaska, RR extending from the RR to the Anchorage Oceanic Control Area, and between lines diverging at an angle of 5° from the King Salmon RR to the E boundary of the Anchorage Oceanic Control Area, excluding the airspace below 2,000 feet MSL outside the United States.

Control 1401

That airspace within 5 miles either side of the 248° bearing from the King Salmon, Alaska, RR extending from the RR to the E boundary of the Anchorage Oceanic Control Area, and between lines diverging at an angle of 5° from the King Salmon 248° bearing extending from the RR to the E boundary of the Anchorage Oceanic Control Area, excluding the airspace below 2,000 feet MSL outside the United States.

Control 1408

That airspace SW of Miami, Fla., bounded on the E by longitude 80°25'00" W., on the S by the Key West VOR 083° radial and a line 4 nmi S of and parallel to the Key West VOR 078° radial, on the W by Control 1230, and on the N by the S boundary of Control 1230; excluding the airspace below 2,000 feet MSL outside the United States and the portion within W-174.

Control 1484

That airspace within 5 miles either side of the 227° bearing from the King Salmon, Alaska, RR extending from the RR to the E boundary of the Anchorage Oceanic Control Area, and between lines diverging at a 5°

**Control 1408**
That airspace SW of Miami, Fla., bounded on the E by longitude 80°25'00" W., on the S by the Key West VOR 083° radial and a line 4 nmi S of and parallel to the Key West VOR 078° radial, on the W by Control 1228 and the Fort Myers, Fla., control area extension, and on the N by Control 1230, V-157 W alternate and V-51, excluding the portion below 2,000 feet MSL outside the United States and that portion above 20,000 feet MSL within W-173.

AMENDMENTS 9/17/64 29 F.R. 11113 (Rewritten)

**Control 1415**
That airspace centered on the Fortuna, Calif., VOR 270° radial 10 miles in width at the VOR with each boundary diverging at an angle of 5° from the 270° radial extending to the E boundary of the Oakland Oceanic Control Area, excluding the portion at and below 2,000 feet MSL W of Long. 124°30'00" W.

**Control 1418**
That airspace centered on the Hoquiam, Wash., VOR 234° radial, 10 miles in width at the VOR with each edge diverging at an angle of 5° with the centerline and extending to the E boundary of the Oakland Oceanic Control Area; the airspace N and NE of Hoquiam bounded on the NW, N and NE by a line beginning at latitude 46°58'45" N., longitude 124°20'00" W., to latitude 47°06'00" N., longitude 124°00'00" W., to latitude 47°06'00" N., longitude 123°51'00" W., through latitude 47°05'00" N., longitude 123°48'00" W., to the NW boundary of V-27 W, on the SE by V-27 W and a line 5 miles N of and parallel to the Hoquiam VOR 239° radial extending to latitude 46°54'00" N., longitude 124°20'00" W., and on the W by longitude 124°20'00" W.; and the airspace SE of Hoquiam bounded on the N by V-204, on the W by V-27 W, and on the SE by the arc of an 8-mile radius circle centered on the Hoquiam VOR, excluding the portions at and below 2,000 feet MSL outside the United States, and the portion within W-460.

AMENDMENTS 4/4/63 28 F.R. 966 (Rewritten); 5/4/64 29 F. R. 6246 (Changed)

**Control 1419**
That airspace SE of Newport, Oreg., bounded on the W by V-27, on the NW by V-99, on the E by longitude 123° 52'00" W., and on the S by latitude 44°18'00" N.; the airspace SW of Newport bounded on the NW by a line 5 miles SE of and parallel to the Newport VOR 232° radial, on the east by V-27, and on the SW by the arc of a 16-mile radius circle centered on the Newport VOR, and the airspace NW of Newport bounded on the E by V-27, on the S by a line 5 miles N of and parallel to the Newport VOR 242° radial, and on the NW by the arc of a 7-mile radius circle centered on the Newport VOR, excluding the portions at and below 2,000 feet MSL outside the United States; and the airspace centered on the Newport VOR 237° radial, 10 miles in width at the VOR with each edge diverging at an angle of 5° with the centerline and extending to the E boundary of the Oakland Oceanic Control Area, excluding the portion at 2,000 feet MSL and below W of a line parallel to and 10 miles W of the United States coastline.

AMENDMENTS 4/4/63 28 F.R. 966 (Rewritten); 5/4/64 29 F. R. 6246 (Changed)

**Control 1420**
That airspace centered on the North Bend, Oreg., VOR 239° radial, 10 miles in width at the VOR with each boundary diverging at an angle of 5° with the centerline and extending to the E boundary of the Oakland Oceanic control area, excluding the portion at 2,000 feet MSL and below SW of a point 20 miles SW of the North Bend VOR.

AMENDMENTS 5/4/64 29 F. R. 6246 (Changed)

**Control 1445**
That airspace S of the United States-Canadian border and the Vancouver Oceanic Control Area within lines tangent to the circumference of a 5-mile radius circle centered on the Neah Bay, Wash., RBN and the circumference of a 15-mile radius circle centered at Lat. 48°40'00" N, Long. 125°17'30" W, excluding the portion below 5,000 feet MSL.

**Control 1447**
That airspace southwest of New Orleans, La., bounded by a line beginning at latitude 29° 22' 30" N., longitude 91° 05' 00" W., to latitude 29° 15' 00" N., longitude 91° 05' 00" W., to latitude 29° 15' 00" N., longitude 90° 15' 00" W., to latitude 28° 15' 00" N., longitude 90° 15' 00" W., to latitude 28° 15' 00" N., longitude 92° 21' 45" W., to point of beginning, excluding the portion below 2,500 feet MSL.

AMENDMENTS 1/9/64 28 F.R. 12612 (Rewritten); Date Changed 3/5/64 29 F.R. 133; Date Changed 4/2/64 29 F.R. 2591;

**Control 1483**
That airspace within 5 miles each side of the 237° bearing from the Bethel, Alaska, RBN, extending from the RBN to the E boundary of the Anchorage Oceanic Control area, and between lines diverging at a 5° angle from the 237° bearing extending from the Bethel RBN to the E boundary of the Anchorage Oceanic Control area and excluding the airspace below 2,000 feet MSL outside the United States.

AMENDMENTS 4/2/64 29 F.R. 2593 (Rewritten);

**Control 1484**
That airspace within 5 miles either side of the 227° bearing from the King Salmon, Alaska, RR extending from the RR to the E boundary of the Anchorage Oceanic Control Area, and between lines diverging at a 5° angle from the King Salmon 227° bearing extending from the King Salmon RR to the E boundary of the Anchorage Oceanic Control Area, excluding the airspace below 2,000 feet MSL outside the United States.

**Control 1485**
That airspace N of Fairbanks, Alaska, extending from 18,500 feet MSL to Flight Level 450 bounded by a line beginning at latitude 72°00'00" N., longitude 144°13'15" W., to latitude 72°00'00" N., longitude 141°00'00" W., to latitude 69°00'00" N., longitude 141°00'00" W., to latitude 64°39'30" N., longitude 145°50'00" W., to latitude 65°00'00" N., longitude 149°10'00" W., to point of beginning.

AMENDMENTS 4/30/64 29 F.R. 3000 (Rewritten); 9/17/64 29 F.R. 12362 (Rewritten);

**Control 1486**
That airspace within 5 miles each side of the Ukiah, Calif., VOR 300° radial and the additional area between lines diverging at angles of 5° either side of the 300° radial extending from the VOR to the eastern boundary of the Seattle Oceanic Control Area; excluding the airspace below 5,000 feet MSL which lies outside the continental limits of the United States.

## §71.165 CONTROL AREA EXTENSIONS

**§ 71.165 Designation of control area extensions.**
Unless otherwise specified, each control area extension designated below extends upward from 700 feet above the surface of the earth, except that the airspace of a control area extension within the lateral limits of a transition area has a floor coincident with that of the transition area.

**Abilene, Tex.**
Within a 35-mile radius of the Abilene VOR, the airspace N of Abilene bounded on the E by V-77, on the N by V-278 E of Guthrie, Tex., VOR and V-102 W of Guthrie VOR, on the SW by a line 5 miles NE of the Lubbock VOR 101° and the Abilene VOR 327° radials; the airspace NW of Abilene within 8 miles W of the Abilene VOR 344° radial extending from the VOR to 46 miles NW; the airspace SE, S and SW of Abilene bounded on the N by V-94, on the E by V-163, on the S by
V-76 N and on the SW by V-76, excluding the portion that coincides with the arc of a 35-mile radius circle centered on the San Angelo, Tex., VOR and on the NW by V-66, and including the airspace W of Abilene within 8 miles N and 12 miles S of the Abilene VOR 266° radial extending from the VOR to the arc of a 35-mile radius circle centered on the Big Spring, Tex., VOR.

AMENDMENTS 9/17/64 29 F.R. 11259 (Changed)

**Adak, Alaska**
Within a 50-mile radius of the NAS Adak (Lat. 51°53'00" N, Long. 176°39'00" W) extending from 700 feet above the surface to 24,000 feet MSL.

**Albany, Ga.**
Within 5 miles each side of the 272° bearing from latitude 31°32'00" N., longitude 84°06'43" W., extending from latitude 31°32'00" N., longitude 84°06'43" W., to 25 miles W; within 5 miles either side of the Albany VOR 335° radial extending from the VOR to 20 miles NW, and within 12 miles SW and 8 miles NE of the Albany VOR 294° radial extending from the VOR to 40 miles NW.

**Albany, N. Y.**
Within a 15-mile radius of the Albany VORTAC extending clockwise from the 134° to the 094° radials; within a 40-mile radius of the Albany VORTAC extending clockwise from the 094° to the 134° radials: the airspace NW of Albany bounded on the N by V-490, on the E by V-203 and on the S by V-2; the airspace NE of Albany extending from the 15-mile radius area bounded on the N by V-490, on the E by V-487, and on the S by V-72, and the airspace SW of Albany extending from the 15-mile radius area bounded on the N by V-72 and on the S by a line 10 miles S of and parallel to the Albany VORTAC 270° radial.

**Alexandria, La.**
Within a 40-mile radius of the Alexandria VOR; that airspace S of Alexandria bounded on the NE by V-114, on the SE by V-222, on the S and SW by the Lake Charles, La., control area extension, and on the NW by a line 5 miles NW of and parallel to the Alexandria VOR 232° radial; including the airspace E of Alexandria within 12 miles NE and 8 miles SW of the Alexandria VOR 105° radial extending from the 40-mile radius area to 55 miles SE of the VOR, excluding the portion which coincides with R-3803 and R-3804. The portion of this control area extension within R-3801 shall be used only after obtaining prior approval from appropriate authority.

**Allendale, S. C.**
That airspace SW of the Allendale VOR bounded on the N by V-70, on the SW by V-5 E and on the SE by V-157.

**Altoona, Pa.**
That airspace N of the Altoona VOR bounded on the E by V-501, on the S by V-12, on the NW by V-35 and on the N by V-276.

AMENDMENTS 9/17/64 29 F.R. 11114 (Changed)

**Altus, Okla.**
That airspace bounded on the NE by V-17, on the SE by V-77, on the S by V-102, on the W by V-14 from Lubbock, Tex., to Childress, Tex., and V-114, from Childress, Tex., to Amarillo, Tex., and on the NW by V-12, excluding the portion of this control area extension which coincides with R-5601.

**Anchorage, Alaska**
Within a 55-mile radius of the Anchorage VOR extending clockwise from the NW boundary of V-456 SW of Anchorage to the Anchorage VOR 309° radial; within a 72-mile radius of the Anchorage VOR extending clockwise from the Anchorage VOR 309° radial to the E boundary of V-438 N of Anchorage; within a 50-mile radius of the Anchorage VOR extending clockwise from the E boundary of V-438 N of Anchorage to the NW boundary of V-456 SW of Anchorage.

AMENDMENTS On Publ. 4/8/64 29 F.R. 4908 (Changed)

**Atterbury, Ind.**
That airspace bounded on the NE by V-128, on the E by the arc of a 35-mile radius circle centered at the Greater Cincinnati Airport, Covington, Ky. (Lat. 39°02'56" N, Long. 84°39'41" W), on the S by a line extending from Lat. 39°01'00" N, Long. 85°18'45" W to Lat. 39°08'00" N, Long. 86°21'00" W, on the W by V-227, and on the NW by V-12 S. The portion within R-3401 shall be used only after obtaining prior approval from appropriate authority.

**Austin, Tex.**
Within a 40-mile radius of Lat. 30°22'36" N, Long. 97°40'55" W.

**Banana River, Fla.**
That airspace bounded on the N by Lat. 28°50'00" N, on the E by a line 3-nmi E of and parallel to the U. S. shoreline, on the S by the Patrick AFB, Fla., 5-mile radius zone, on the W by V-3, including the airspace W of Banana River bounded on the E by V-3, on the SW by V-295 E and on the NW by the control 1386.

**Bartlesville, Okla.**
Within a 20-mile radius of the Phillips Airport, Bartlesville, Okla. (Lat. 36°45'46" N, Long. 96°00'30" W).

**Battle Mountain, Nev.**
Within 14 miles E and 7 miles W of the Battle Mountain VOR 348° radial extending from the VOR to 12 miles N, and the airspace S of Battle Mountain bounded on the N by V-6 W of Battle Mountain and V-32 E of Battle Mountain, on the S by V-494 and on the W by Long. 117°17'00" W.

**Berlin, N. H.**
Within 8 miles E and 5 miles W of the 334° bearing from the Berlin RBN extending from the RBN to 17 miles NW; within 5 miles S and 8 miles N of the 248° bearing from the Whitefield, N. H., RBN extending from the RBN to 17 miles SW, and within 5 miles either side of a line extending from the Berlin RBN to the Whitefield RBN.

**Bethel, Alaska**
Within a 30-mile radius of the Bethel VOR.

**Big Spring, Tex.**
Within a 35-mile radius of the Big Spring VOR; the airspace NW of Big Spring bounded on the NE by V-76 N and on the W by V-81 and V-76; including the airspace N of Big Spring within 12 miles W and 12 miles E of the Webb AFB TACAN 014° radial extending from the 35-mile radius area to 61 miles N of the TACAN. The portion of this control area extension which coincides with R-6309 shall be used only after obtaining prior approval from the appropriate authority.

**Billings, Mont.**
Within a 25-mile radius of the Billings VORTAC extending clockwise from V-2 W of Billings to V-19 SE of Billings; within 12 miles W and 8 miles E of the Billings VORTAC 347° radial extending from the 25-mile radius area to 46 miles N of the VORTAC; and within 12 miles SW and 8 miles NE of the Billings VORTAC 301° radial extending from V-2 and the 25-mile radius area to 53 miles NW of the VORTAC; including the airspace bounded on the N by V-2, on the E by V-187, and on the SW by a line extending from the S boundary of V-2 through Lat. 45°43'00" N, Long. 108°48'00" W, and Lat. 45°42'30" N, Long. 108° 44'00" W to the W boundary of V-187.

**Biloxi, Miss.**
Within a 25-mile radius of Lat. 30°27'08" N, Long. 88°53'26" W; and that airspace bounded on the E by Long. 88°30'00" W, on the SE and S by a line 15 miles S of and parallel to V-22, on the W by Long. 89°10'00" W, on the N by the Biloxi 25-mile radius area, excluding the portion which coincides with W-453.

**Binghamton, N. Y.**
Within a 15-mile radius of the Binghamton VORTAC.

**Birmingham, Ala.**
That airspace bounded by a line beginning at Lat. 32°52'00" N, Long. 87°30'00" W, to Lat. 34°15'00" N, Long. 87°30'00" W, to Lat. 34°15'00" N, Long. 86°15'00" W, to Lat. 34°00'00" N, Long. 86°15'00" W, to Lat. 33°39'00" N, Long. 86°00'00" W, to Lat. 32°52'00" N, Long. 86°00'00" W, to point of beginning; that airspace W of Birmingham within 7 miles N and 11 miles S of the Birmingham VORTAC 263° radial extending from Long. 87° 30'00" W to 43 miles W of the VORTAC.

**Bismarck, N. Dak.**
Within a 15-mile radius of the Bismarck VOR; within 5 miles either side of the Bismarck ILS localizer SE course extending from the localizer to 20 miles SE of the OM, and within 5 miles either side of the Bismarck VOR 114° radial extending from the VOR to 25 miles SE.

**Blytheville, Ark.**
That airspace bounded on the E by V-9, on the S by V-140, on the W by V-69, and on the N by a line through Lat. 36°21'00" N, Long. 90°04'00" W and Lat. 36°32'00" N, Long. 90°40'00" W.

**Boise, Idaho**
Within a 25-mile radius of the Boise VORTAC, extending clockwise from the 319° to the 130° radials; within a 40-mile radius of the Boise VORTAC, extending clockwise from the 130° to the 319° radials; within 5 miles either side of the Boise VORTAC 291° radial, extending from the VORTAC to 67 miles NW, and within a 10-mile radius of the Ontario Municipal Airport, Oreg., (Lat. 44°01'15" N, Long. 117°00'43" W), excluding the portion which coincides with the Mountain Home, Idaho, control area extension.

**Boston, Mass.**
That airspace bounded by a line beginning at latitude 43° 25' 32" N., longitude 70° 36' 50" W., to latitude 43° 21' 30" N., longitude 70° 19' 20" W., to latitude 43° 15' 00" N., longitude 70° 30' 00" W., to latitude 42° 44' 20" N., longitude 70° 37' 00" W., thence along a line 3 nautical miles from and parallel to the shoreline to latitude 42° 35' 00" N., longitude 70° 34' 45" W., thence to latitude 42° 35' 00" N., longitude 70° 30' 00" W., to latitude 42° 15' 20" N., longitude 70° 30' 00" W., to latitude 42° 03' 00" N., longitude 69°18'00" W., to latitude 41°41'40" N., longitude 69°45'20" W., to the N boundary of V-46 at longitude 70°13'40" W., to the N boundary of V-46 at longitude 70°43'00" W., thence to latitude 41°36'30" N., longitude 70°43'00" W.; to latitude 41°42'20" N., longitude 71°19'10" W., to latitude 41°45'20" N., longitude 71°21'20" W., thence NW along the NE boundary of V-151, thence NE along the SE boundary of V-93 to latitude 43°04'30" N., longitude 71°40'35" W., to latitude 43°13'11" N., longitude 71°34'33" W., to the point of beginning; and that airspace N and NW of Concord, N. H., within the arc of a 20-mile radius circle centered at the Concord, N. H., VOR; and that airspace outside of the continental control area extending upward from FL 240 to FL 300 inclusive within an 18-mile radius of the Pease, N. H., RBN. The portion of this control area extension which coincides with R-4901 is excluded. The portion of this control area extension at 3,000 feet MSL and below bounded on the N by latitude 43° 01' 30" N., on the E by W-103, on the S by latitude 42° 59' 03" N., and on the W by R-4901 is excluded during the time of designation of R-4901. The portion of this control area extension which coincides with R-4101, R-4103 and R-4106 shall be used only after obtaining prior approval from the appropriate authority.

AMENDMENTS 9/17/64 29 F.R. 11114 (Changed)

**Bowling Green, Ky.**
Within a 15-mile radius of the Bowling Green VORTAC; including the airspace W of Bowling Green bounded on N by Lat. 37°00'00" N, on the SE by V-57, and on the W by V-7.

**Bradford, Ill.**
Within a 15-mile radius of the Bradford VOR.

**Brownsville, Tex.**
That airspace over the United States within a 40-mile radius of the Brownsville VORTAC S of latitude 26°30'00" N.; and that airspace W of V-163 S of latitude 26°31'00" N., and E of longitude 98°00'00" W

AMENDMENTS 11/12/64 29 F.R. 13164 (Rewritten)

**Brunswick, Ga.**
That airspace bounded on the N by Lat. 31°30'00" N, on the E by V-3, and on the SW by V-5 and V-51. The portion of this control area extension which coincides with R-3006 shall be used only after obtaining prior approval from the appropriate authority.

**Brunswick, Maine**
That airspace bounded on the NW by V-3, on the NE by V-302, on the E by longitude 69°15'00" W., on the S by W-103, and on the SW by a line 5 miles NE of and parallel to the 132° bearing from the Portland Municipal Airport, Maine (latitude 43°38'50" N., longitude 70°18'28" W.); the airspace SW of Augusta, Maine, within 7 miles NW of the Augusta VOR 239° radial extending from the Augusta VOR to 20 miles SW, and the airspace N of Augusta within 10 miles W of the Augusta VOR 025° radial extending from the Augusta VOR to 20 miles NE, excluding the portion within C-516.

AMENDMENTS 9/17/64 29 F.R. 11114 (Changed)

**Bryce Canyon, Utah**
Within 5 miles either side of the Bryce Canyon VOR 110° radial, extending from the VOR to 25 miles SE and within 10 miles SE and 7 miles NW of the Bryce Canyon VOR 240° radial extending from the VOR to 20 miles SW.

**Buffalo, N. Y.**
Within a 50-mile radius of the Greater Buffalo International Airport (Lat. 42°56'25" N, Long. 78°43'50" W), and within 12 miles NE and 8 miles SW of the Buffalo VORTAC 124° radial extending from the 50-mile radius area to 73 miles SE of the VORTAC, excluding the portion outside the United States. The portion of this control area extension which coincides with R-5203 is excluded.

**Burbank, Calif.**
That airspace bounded on the SE by V-8 N, on the S by V-16, on the SW by V-107, on the NW by V-12 and the E boundary of V-23, and on the NE by V-137.

**Camp Douglas, Wis.**
Within a 30-mile radius of Volk Field, Camp Douglas, Wis., (Lat. 43°56'25" N, Long. 90°15'20" W), N of Lat. 43°39'00" N, excluding the portions which coincide with R-6901 and R-6904. This area shall be designated a control area extension during the specific dates and times established in advance by NOTAM, and continuously published in the Airman's Guide.

**Charleston, S. C.**
That airspace S of Charleston bounded on the N by V-53 and Control 1152, on the SE by a line 3-nmi SE of and parallel to the shoreline, on the S by the Savannah, Ga., control area extension, and on the W by V-3; that airspace NE of Charleston bounded on the W by V-1, on the N by the Myrtle Beach, S. C., control area extension, on the E by a line 5 miles E of and parallel to the Myrtle Beach VOR 218° radial and on the S by Control 1152; and that airspace SW of Charleston extending upward from 17,000 feet MSL to 23,000 feet MSL within 4 nmi each side of the Charleston VORTAC 209° radial extending from the VORTAC to a line 4 nmi E of and parallel to the Savannah, Ga., VORTAC 180° radial.

AMENDMENTS 9/17/64 29 F.R. 11113 (Changed)

**Charleston, W. Va.**
Within a 35-mile radius of Kanawha County Airport, Charleston, W. Va. (Lat. 38°22'21" N, Long. 81°35'35" W); the airspace N and NW of the Kanawha County Airport bounded on the E by V-133, on the S by V-4 and on the NW by V-493 and V-44; the airspace N of Charleston extending from the 35-mile radius area bounded on the NW by V-119, and on the SE by V-115, and the airspace SW of Charleston extending from the 35-mile radius area bounded on the N by V-4 and on the SW by V-478.

**Charlottesville, Va.**
That airspace bounded on the NW by V-140, on the E by V-39, and on the S by V-16 N alternate.

**Cheyenne, Wyo.**
Within 5 miles each side of the Cheyenne VORTAC 032° radial extending from the VORTAC to 25 miles NE; the airspace bounded on the N by V-6, on the SE by V-207, on the S by V-138 and on the W by V-89E alternate; the airspace SE of Cheyenne within a 25-mile radius of the Cheyenne RBN extending clockwise from a 090° bearing to a 181° bearing from the Cheyenne RBN; and the airspace SW of Cheyenne bounded on the N by V-118, on the E by V-19 and on the SW by V-4N alternate.

**Chicago, Ill.**
Within a 30-mile radius of the Midway Airport, Chicago, Ill., (Lat. 41°47'05" N, Long. 87°45'05" W); within a 15-mile radius of the Chicago Heights, Ill., VORTAC; that airspace NE, E, and SE bounded by a line beginning at the INT of the E boundary of V-7 and the S boundary of V-84, thence E along the S boundary of V-84 to its INT with the South Bend, Ind., VORTAC 314° radial, thence SE along this radial to its INT with the N boundary of V-100, thence E along V-100 to its INT with the arc of a 35-mile radius circle centered on the Battle Creek, Mich., VORTAC, thence counterclockwise along this arc to Lat. 41°57'30" N, Long. 85°44'30" W, thence to Lat. 41°41'00" N, Long. 85°49'40" W, thence counterclockwise along the arc of a 15-mile radius circle centered on the Goshen, Ind., VOR to its INT with the W boundary of V-55 W, thence S along this boundary to its INT with the N boundary of V-38, thence W along this boundary to its INT with the E boundary of V-7, thence along this boundary to the point of beginning.

**Chicopee Falls, Mass.**
That airspace bounded on the N by V-2, on the NE by V-151, on the SE by V-3, on the S by a line extending from the W boundary of V-3 at longitude 72°07'50" W., through latitude 42°08'20" N., longitude 72°37'00" W., to V-203, on the SW by V-203, and on the NW by the arc of a 38-mile radius circle centered on the Westover AFB, Mass., and lying between V-2 and V-203, excluding the portion below 2,500 feet MSL.

AMENDMENTS On Publ. 5/15/64 29 F.R. 6377 (Changed); 9/17/64 29 F.R. 11114 (Changed);

**Cincinnati, Ohio**
Within a 35-mile radius of the Greater Cincinnati Airport (Lat. 39°02'56" N, Long. 84°39'55" W); that airspace N and E of Cincinnati bounded by a line extending from the 35-mile radius area N via V-275 to its INT with V-210, thence E via V-210 to its INT with V-427, thence S via V-427 and V-59 to V-144, thence E via V-144 to its INT with V-119, thence SW via V-119 to its INT with V-44, thence SW via V-44 to its INT with V-133, thence N via V-133 to its INT with V-144, thence NW via V-144 to its INT with V-5, thence SW via V-5 to its INT with the 35-mile radius area; and that airspace SW of Cincinnati extending from the 35-mile radius area bounded on the S by V-44 and on the NW by V-47. The portion of this control area extension within R-5503 and R-5504 shall be used only after obtaining prior approval from the appropriate authority.

**Cleveland, Ohio**
Within a 50-mile radius of the Cleveland-Hopkins Airport, Cleveland, Ohio (Lat. 41°24'30" N, Long. 81° 51'00" W), excluding the portion outside the United States; within 8 miles N and 12 miles S of the Cleveland VORTAC 275° radial extending from the 50-mile radius area to 53 miles W of the VORTAC; that airspace extending from the 50-mile radius area bounded on the N by the United States-Canadian border, on the S by a line 8 miles N of and parallel to the Cleveland VORTAC 275° radial, and on the W by Long. 83°02'00" W, and that airspace extending from the 50-mile radius area bounded on the SE by V-43 and on the NW by V-443 E. The airspace within R-5502 shall be used only after obtaining prior approval from the appropriate authority.

**Cold Bay, Alaska**
Within a 50-mile radius of the Cold Bay RR.

**Colorado Springs, Colo.**
That airspace bounded by a line beginning at the INT of the S boundary of V-148 with Long. 104°07'00" W to Lat. 39°05'00" N, Long. 104°07'00" W, thence E to the INT of Lat. 39°05'00" W with the arc of a 46-mile radius circle centered on the Colorado Springs, VORTAC, thence clockwise along this arc to a line 10 miles N of and parallel to Pueblo, Colo., VORTAC 275° and 093° radials, thence W via this line to Long. 104°52'00" W, thence N via this meridian to the Colorado Springs VORTAC 294° radial, thence NW via this radial to the SE boundary of V-95, thence NE via the SE boundary of V-95 and the S boundary of V-148, to point of beginning. The portion of this control area extension within R-2601 shall be used only after obtaining prior approval from appropriate authority.

**Columbia, S. C.**
That airspace S of Columbia bounded on the N by V-56, on the NE by V-53, on the S by V-18 and on the W by V-185; that airspace SE of Columbia bounded on the N by V-56, on the east by V-437W, and on the SW by V-53, excluding the portion within R-6004. The portion of this control area extension within R-6002 shall be used only after obtaining prior approval from appropriate authority.
AMENDMENTS 9/17/64 29 F.R. 11113 (Changed)

**Columbus, Miss.**
Within a 45-mile radius of the Columbus AFB, Miss.

**Columbus, Ohio**
Within a 15-mile radius of the Appleton, Ohio, VORTAC; including the airspace S of Columbus bounded on the E by V-133, on the SE by V-44, on the W by a line extending from the N boundary of V-44 at Lat. 38°42'55" N, Long. 83°00'15" W, via Lat. 38°48'30" N, Long. 83°02'00" W, to Lat. 39°30'00" N, Long. 83°02'00" W, and Lat. 39°30'00" N, Long. 83°47'00" W, to the S boundary of V-5 at Lat. 39°37'10" N, Long. 83°47'00" W, on the NW by V-5; and on the N by V-214. The portion of this control area extension within R-5501 shall be used only after obtaining prior approval from the appropriate authority.

**Cordova, Alaska**
Within 12 miles SW and 22 miles NE of the 120° and 300° bearings from the Hinchenbrook, Alaska, RR extending from 10 miles NW to 57 miles SE of the RR.

**Corinne, Utah**
Within 5 miles either side of the 289° bearing from the Corinne RBN to V-101.

**Corpus Christi, Tex.**
That airspace N of Corpus Christi bounded on the SE by V-20, on the SW by V-68 and V-163, on the NW by the arc of 60-mile circle centered on the San Antonion, Tex., RBN, on the N by Lat. 29°00'00" N, and on the NE by the arc of a 25-mile circle centered at Lat. 28°51'00" N, Long. 96°55'00" W.

AMENDMENTS 11/12/64 29 F.R. 13164 (Changed)

**Crestview, Fla.**
Within 12 miles W and 8 miles E of the Crestview VOR 004° and 184° radials extending from 20 miles N to 8 miles S of the VOR; within 10 miles N and 7 miles S of the Crestview VOR 091° radial extending from the VOR to 35 miles E of the VOR, excluding the portion of the control area extension within R-2914 and R-2915.

**Dalhart, Texas**
Within 10 miles SW and 7 miles NE of the Dalhart, VORTAC 324° and 144° radials extending from 20 miles NW to 9 miles SE of the VORTAC, within 10 miles W and 7 miles E of the Dalhart VORTAC 002° and 182° radials extending from 20 miles N to 9 miles S of the VORTAC.

**Dallas, Texas**
That airspace bounded on the E by a line 5 miles E of and parallel to the Dallas VORTAC 133° radial, the Leona, Tex., VOR 353° and 140° radials, the Houston, Tex., VORTAC 353° radial and V-20, on the S by a line 5 miles N of and parallel to the Eagle Lake, Tex., VOR 106° radial, on the SW by a line 5 miles NE of and parallel to the Austin VOR 134° and Eagle Lake VOR 291° radials, on the NW by V-17 from Austin, Tex., VORTAC to the Waco, Tex., VORTAC and by V-15 from the Waco VORTAC to the Dallas VORTAC; including the airspace SE of Dallas extending from 44 miles N to 76 miles N of the Leona VOR, bounded on the E by a line 12 miles E of and parallel to the Leona VOR 353° radial and on the W by the Leona VOR 353° radial.

AMENDMENTS 11/12/64 29 F.R. 12585 (Changed):

**Danville, Ill.**
Within a 15-mile radius of the Danville VOR, excluding the portion of this control area extension within the Lafayette, Ind., and the Rantoul, Ill., control area extensions; including the airspace NE of Danville extending from the 15-mile radius area, bounded on the NE by V-53, on the E by the Lafayette control area extension and on the W by V-171.

**Danville, Va.**
That airspace bounded on the E by Long. 78°50'00" W, on the S by Lat. 36°19'00" N, on the W by Long. 79°41'00" W, and on the N by Lat. 36°57'30" N.

**Del Rio, Tex.**
That airspace over United States territory within a 55-mile radius of Laughin AFB, Del Rio, Tex.

**Denver, Colo.**
Within a 34-mile radius of the Denver VORTAC extending from V-81 on the S clockwise to V-4 on the N; the airspace NW of Denver from 5 miles W to 8 miles W of the Denver VORTAC 334° radial extending from the 34-mile radius area to the arc of a 57-mile radius circle centered on the Denver VORTAC; within 10 miles either side of the Denver VORTAC 253° radial extending from the 34-mile radius area to 49 miles W of the VORTAC; the airspace S of Denver bounded on the W by V-89, on the N by the 34-mile radius area, on the E by V-81, and on the S by V-95; the airspace SE of Denver bounded on the N by V-4, on the E by Long. 104°00'00" W, and on the S and W by V-148; and the airspace NE of Denver bounded on the NE by V-132, on the SE by V-160 and on the W by V-89.

AMENDMENTS 9/17/64 29 F.R. 9529 (Changed):

**Des Moines, Iowa**
Within a 25-mile radius of the Des Moines, VORTAC; within 12 miles W and 8 miles E of the Des Moines VORTAC 196° radial extending from the 25-mile radius area to 39 miles S of the VORTAC; within 12 miles N and 8 miles S of the Des Moines VORTAC 261° radial extending from the 25-mile radius area to 37 miles W of the VORTAC; including the airspace E of Des Moines bounded on the NE by V-172, on the E and S by V-294 and on the NW by V-161.
AMENDMENTS 4/30/64 29 F.R. 2999 (Changed)

**Dodge City, Kans.**
Within 10 miles SW and 7 miles NE of the Dodge City VOR 161° and 341° radials extending from 20 miles NW to 9 miles SE of the VOR, and within 5 miles either side of the Dodge City VOR 161° and 341° radials extending from 20 miles to 25 miles NW of the VOR and from 9 miles to 25 miles SE of the VOR.

**Dover, Del.**
That airspace S of the Kenton, Del., VORTAC, bounded on the N by V-16, on the E by V-239, on the SE by V-1 and on the W by V-29. The portion of this control area extension within R-2803 shall be used only after obtaining prior approval from appropriate authority.

**Duluth, Minn.**
Within a 30-nmi radius of the Duluth VORTAC.

**Eau Claire, Wis.**
Within a 15-mile radius of the Eau Claire VOR and within 5 miles either side of the Eau Claire VOR 004° radial extending from the VOR to 20 miles N.

**Edenton, N. C.**
That airspace bounded on the W by V-229, on the N by the Norfolk, Va., control area extension, on the NE by control 1181, on the SE by the NW shore of Pamlico Sound, and on the S by the arc of a 60-mile radius circle centered at Lat. 34°54'30" N, Long. 76°53'00" W, excluding the portions within R-5301A, R-5301B, R-5302, R-5303, R-5304 and R-5305.

**Elkins, W. Va.**
Within a 15-mile radius of the Elkins VORTAC, and within 5 miles either side of the Elkins RR S course extending from the Elkins Airport to 10 miles S.

**Elko, Nev.**
Within 5 miles either side of the 338° and 158° bearings from the Elko RBN extending from 25 miles S to 25 miles N of the RBN, including the airspace bounded on the NW by the Elko VORTAC 248° radial, on the NE by the Elko VORTAC 158° radial, on the SE by a line 10 miles SE of and parallel to the Elko VORTAC 248° radial, and on the SW by a line 20 miles SW of and parallel to the Elko VORTAC 158° radial.

**Elmira, N. Y.**
Within a 15-mile radius of the Elmira VOR; including the airspace SE of Elmira bounded on the E by a line 8 miles E of and parallel to the Elmira VOR 166° radial, on the S by V-116 and on the W by V-31.

**Enid, Okla.**
That airspace bounded on the N by V-190, on the E by V-77, on the S by V-140, on the SW by V-17 and on the NW by V-12.

**Eniwetok Island**
That airspace extending upward from 700 feet above the surface within a 50-nmi radius of the Eniwetok RBN (Lat. 11°21'00" N, Long. 162°20'00" E).

**Evansville, Ind.**
Within a 15-mile radius of the Evansville VORTAC; within 5 miles either side of the 038° and 218° bearings from the Evansville ILS OM extending from the 15-mile radius area to 25 miles NE of the OM; within 8 miles NE and 12 miles SW of the Evansville VORTAC 309° radial extending from the 15-mile radius area to 45 miles NW of the VORTAC; within 12 miles SE and 8 miles NW of the Evansville VORTAC 227° radial extending from the 15-mile radius area to 44 miles SW of the VORTAC, that airspace N of Evansville bounded on the N by Lat. 38°42'00" N, on the E by V-11, and on the W by V-7, and the airspace NE of Evansville bounded on the N by V-44, on the E by V-243, on the S by V-4 N, and on the W by V-11E.

**Fargo, N. Dak.**
Within a 15-mile radius of the Fargo VORTAC; including the airspace N and E of Fargo within a 33-mile radius of the Fargo VORTAC extending from a line 11 miles W of and parallel to the Fargo VORTAC 353° radial clockwise to the Fargo VORTAC 110° radial; that airspace SW of Fargo within a 30-mile radius of the Fargo VORTAC extending from V-181 clockwise to V-2 W of Fargo, and the airspace S of Fargo within 8 miles W and 12 miles E of the Fargo VORTAC 187° radial extending from 26 miles to 58 miles S of the VORTAC.

**Fort Myers, Fla.**
That airspace bounded on the NE by V-35, on the E by V-225 and on the W by Control 1228, excluding the portion below 2,000 feet MSL outside the United States and excluding the portion above 20,000 feet MSL S of Control 1230.

**Fort Smith, Ark.**
Within a 25-mile radius of the Fort Smith VORTAC extending clockwise from the W boundary of V-13 S of Fort Smith to the N boundary of V-74 E of Fort Smith.

**Fortuna, Calif.**
Within a 30-mile radius of the Arcata, Calif., Airport (Lat. 40°58'45" N, Long. 124°06'25" W), extending clockwise from V-27, N of Fortuna, Calif., to V-195 SE of Fortuna; the airspace W of Fortuna bounded on the E by V-27, on the S by Control 1415, on the W by Long. 124°30'00" W, and on the N by a line extending from Lat. 41°07'45" N, Long. 124°30'00" W, to Lat. 41°04'30" N, Long. 124°20'00" W; the airspace S of Fortuna within 10 miles NE and 7 miles SW of the Fortuna VOR 155° radial extending from the VOR to 20 miles SE; and the airspace within 11 miles N and 7 miles S of the Fortuna VOR 110° radial extending from 21 miles E to 9 miles W of the INT of the Fortuna VOR 110° and the Arcata ILS localizer SE course.

**Fort Wayne, Ind.**
That airspace S of Fort Wayne bounded on the E by V-55, on the SE by V-14, and on the NW by V-11 W alternate and V-96; the airspace W of Fort Wayne within a 40-mile radius of the Fort Wayne VORTAC bounded on the SE by V-11 W alternate and V-96 and on the NE by V-277.

**Fort Worth, Tex.**
That airspace bounded on the NE, E and SE by V-163 extending from the Oklahoma City, Okla., 25-mile radius area to the Ardmore, Okla., VOR, and V-15 from the Ardmore VOR to the Waco, Tex., VORTAC, on the S and SW by V-17 from the Waco VORTAC to its INT with V-94, thence via V-94 to the Abilene, Tex., 35-mile radius area, on the W and NW by V-77, and on the N by the Oklahoma City 25-mile radius area.

**Fresno, Calif.**
That airspace between Bakersfield-Fresno-Linden, Calif., bounded on the SW by V-23, on the N by a line 5 miles S of and parallel to the Linden VORTAC 077° radial, on the E, NE and SE by a line extending from the INT of a line 5 miles S of and parallel to the Linden VORTAC 077° radial and longitude 120° 00' 00" W. to Lat. 37° 50' 00" N., Long. 120° 00' 00" W., to Lat. 36° 00' 00" N., Long. 118° 48' 00" W., to the Bakersfield, Calif., VORTAC.

**Gage, Okla.**
Within 5 miles either side of the Gage VORTAC 299° radial extending from the VORTAC to 20 miles NW.

PENDING AMENDMENT
The Gage, Okla., control area extension is revoked. 12/10/64 29 F.R. 14102 (Revoked).

**Garden City, Kans.**
Within a 25-mile radius of the New Garden City Municipal Airport (Lat. 37°56'09" N, Long. 100°43'44" W).

**Goodland, Kans.**
Within 5 miles either side of the Goodland VORTAC 022° radial extending from the VORTAC to 12 miles N, and within 10 miles S and 7 miles N of the Goodland VORTAC 281° and 101° radials extending from 20 miles W to 9 miles E of the VORTAC.

**Goshen, Ind.**
Within a 15-mile radius of the Goshen VOR, including the airspace NE of the Goshen VOR bounded on the W by V-277, on the N by V-10, on the NE by V-30, and on the S by V-92.

**Grand Forks, N. Dak.**
That airspace W of the Grand Forks VOR 355° and 175° radials within a 30-mile radius of the Grand Forks AFB (Lat. 47°57'36" N, Long. 97°24'10" W), including the airspace SE of Grand Forks within 10 miles E and 7 miles W of the Grand Forks VOR 158° and 338° radials extending from 8 miles NW to 20 miles SE of the VOR. The portion of this control area extension within R-5402 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 3/5/64 29 F. R. 3 (Changed):

**Grand Island, Nebr.**
Within 18 miles W and 7 miles E of the Grand Island VOR 180° and 360° radials extending from 9 miles S to 34 miles N of the VOR.

**Great Falls, Mont.**
Within a 45-mile radius of the Great Falls VOR; within 12 miles NW and 8 miles SE of the Great Falls VOR 074° radial extending from the 45-mile radius area to 61 miles NE of the VOR; within 12 miles S and 8 miles N of the Great Falls VOR 271° radial extending from the 45-mile radius area to 56 miles W of the VOR; that airspace extending from the 45-mile radius area bounded on the E by a line 6 miles W of and parallel to the Great Falls VOR 180° radial, on the S by V-2, and on the W by a line 8 miles NW of and parallel to the Great Falls VOR 222° radial, and that airspace extending from the 45-mile radius area bounded on the NE by a line 5 miles NE of and parallel to the Lewistown, Mont., VOR 308° radial and on the S by V-19.

**Greenville, Miss.**
Within 8 miles E and 5 miles W of the 006° and 186° bearings from the Greenville Municipal Airport (Lat. 33°23'10" N, Long. 91°00'00" W) extending from V-278 to 17 miles S of the Greenville Municipal Airport.

**Greenville, S. C.**
That airspace beginning at Lat. 35°49'30" N, Long. 79°30'00" W, thence SW to Lat. 34°49'30" N, Long. 80°10'00" W, thence clockwise along the arc of a 50-mile radius circle centered at Lat. 35°10'30" N, Long. 80°56'00" N, to Lat. 34°27'15" N, Long. 80°52'30" W, thence W to Lat. 34°22'30" N, Long. 82° 20'00" W, thence clockwise along the arc of a 30-mile radius circle centered at Lat. 34°48'45" N, Long. 82°20'30" W to the S boundary of V-222, thence NE along the S boundary of V-222 and V-266 to the arc of a 35-mile radius circle centered at Lat. 36°06'00" N, Long. 80°01'30" W, thence clockwise along the arc of this circle to the point of beginning.

**Greenwood, Miss.**
That airspace within 6 miles either side of the Greenwood VOR 066° and 246° radials, extending from 20 miles SW to 20 miles NE of the VOR.

**Greenwood, S. C.**
That airspace bounded on the N by V-194; on the W by V-185; on the S by a line extending from the E boundary of V-185 through latitude 34°10'40" N., longitude 82°04'05" W., to latitude 34°19'00" N., longitude 81°38'00" W.; thence to latitude 34°23'30" N., longitude 81°41'00" W.

AMENDMENTS 9/17/64 29 F.R. 11113 (Rewritten)

**Harrisburg, Pa.**
Within a 15-mile radius of the Harrisburg VORTAC; including the airspace N of Harrisburg bounded on the N by V-276, on the E by V-31, and on the SW by V-33; the airspace NE of Harrisburg bounded on the N by V-30, on the E by the arc of a 125-mile radius circle centered on the Kennedy, N. Y. VORTAC, on the S and SE by V-162, and on the W by V-31; the airspace SE of Harrisburg bounded on the N by V-474, on the SE by V-251, and on the SW by V-31, and the airspace NW of Harrisburg bounded on the NW by V-106, on the NE by V-33, on the S by V-12, and on the W by V-501. The portion of this control area extension which coincides with R-5802 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 4/2/64 29 F.R. 1561 (Changed);

**Hopkinsville, Ky.**
That airspace bounded on the E by V-7, on the S by a line from Lat. 36°29'40" N, Long. 86°50'20" W to Lat. 36°16'40" N, Long. 87°26'15" W, on the W by the arc of a 25-mile radius circle centered at Lat. 36°37'27" N, Long. 87°32'59" W, clockwise to Lat. 36°59'20" N, Long. 87°33'30" W, thence on the N via a direct line from that point to Lat. 37°00'20" N, Long. 87°04'30" W. The portions of this control area extension which coincide with R-3702 and R-3703 shall be used only after obtaining prior approval from the appropriate authority.

**Houston, Tex.**
That airspace bounded by a line beginning at Lat. 30°22'00" N, Long. 94°03'00" W, thence clockwise along the arc of a 25-mile radius circle centered at Lat. 30°00'34" N, Long. 94°02'18" W, to Lat. 29°38'35" N, Long. 94°00'00" W, thence S to Lat. 29°37'30" N, Long. 94°00'00" W, thence SW 3-nmi from and parallel to the shoreline to Lat. 28°23'20" N, Long. 96°17'30" W, thence clockwise along the arc of a 25-mile radius circle centered at Lat. 28°44'45" N, Long. 96°17'00" W, to Lat. 28°55'00" N, Long. 96°38'45" W, thence NE to Lat. 29°58'30" N, Long. 95°58'30" W, thence clockwise along the arc of a 50-mile radius circle centered at Lat. 29°37'05" N, Long. 95°15'00" W, to Lat. 30°20'25" N, Long. 95°17'00" W, thence E to the point of beginning.

**Huntsville, Ala.**
Within a 30-mile radius of the Huntsville VOR. The portion of this control area extension within R-2104 shall be used only after obtaining prior approval from the appropriate authority.

**Huron, S. Dak.**
Within a 20-mile radius of the Huron VOR extending clockwise from 283° to the 333° radials of the VOR and within a 15-mile radius of the Huron VOR extending clockwise from the 333° to the 283° radials of the VOR.

**Hutchinson, Kans.**
Within a 25-mile radius of Lat. 38°00'53" N, Long. 97°51'40" W.

Indianapolis, Ind.
Within a 15-mile radius of the Indianapolis VORTAC; within 5 miles either side of the Weir Cook Municipal Airport, Indianapolis, Ind., ILS localizer SW course extending from the 15-mile radius area to 20 miles SW of the ILS OM, and including that airspace bounded by a line beginning at the INT of the N boundary of V-14 alternate and the Indianapolis 15-mile radius area, extending W and SW along the N and NW boundary of V-14 to the E boundary of V-7, thence N along the E boundary of V-7 to a 25-mile radius arc centered at the Purdue University Airport, Lafayette, Ind. (Lat. 40°24'45" N, Long. 86°55'57" W), thence counterclockwise along this 25-mile radius arc to Lat. 40°23'30" N, Long. 86° 27'30" W; thence counterclockwise along a 25-mile radius arc centered on Bunker Hill AFB, Peru, Ind. (Lat. 40°39'38" N, Long. 86°08'31" W), to the NW boundary of V-11 W alternate, thence SW along the NW boundary of V-11 to the Indianapolis 15-mile radius control area extension.

AMENDMENTS 7/23/64 29 F.R. 6246 (Changed)

Jacksonville, Fla.
Within 5 miles either side of the Jacksonville VORTAC 064° radial , extending from the VORTAC to 20 miles NE, and the airspace SW of Jacksonville, bounded on the N by V-22, on the E by V-267, on the S by Lat. 29°00'00" N, on the SW by V-159 and on the W by V-157; and that airspace NE of Jacksonville bounded on the N by latitude 31°30'00" N., on the E by the Savannah, Ga., VORTAC 175° radial and a line 4 nmi E of and parallel to the Savannah 180° radial. on the SE by a line 4 nmi SE of and parallel to the Jacksonville 027° radial and on the W by a line 3 nmi E of and parallel to the United States coast line; the airspace SE of Jacksonville bounded on the NE by a line 4 nmi NE of and parallel to the Jacksonville VORTAC 144° radial. on the E by a line 4 nmi E of and parallel to the Daytona Beach. Fla., VOR 360° radial, and on the SW by a line 3 nmi E of and parallel to the United States coast line."

AMENDMENTS 9/17/64 29 F.R. 11113 (Changed)

Jamestown, N. Dak.
Within a 15-mile radius of the Jamestown VOR and the airspace within 5 miles either side of the Jamestown VOR 191° radial extending from the VOR to 25 miles S.

Keene, N. H.
Within 8 miles W and 5 miles E of the Keene VOR 188° radial extending from the VOR to 17 miles S; within 8 miles W and 5 miles E of the 186° bearing from the Keene RBN extending from the RBN to 17 miles S; within 11 miles NW and 7 miles SE of the Keene VOR 246° radial extending from the VOR to 27 miles SW, and within 10 miles W and 7 miles E of the Keene VOR 019° radial extending from the VOR to. 20 miles N.

Kenai, Alaska
Within a 42-mile radius of the Kenai VOR, excluding that portion which coincides with the Anchorage, Alaska, control area extension.

Key West, Fla.
Within 5 miles each side of the Key West VOR 313° radial, extending from the VOR to W-174 and within 5 miles each side of the 269° bearing from the Key West RBN, extending from the RBN to W-174.

Kinston, N. C.
Within 9 miles NW and 5 miles SE of the Kingston VOR 047° radial extending from the VOR to 18 miles NE, excluding the portion which coincides with R-5307.

Klamath Falls, Oreg.
Within a 40-mile radius of the Klamath Falls VORTAC.

Kodiak, Alaska
Within 15 miles NW and 23 miles SE of the 045° and 225° bearings from the Kodiak RR extending from 25 miles NE to 40 miles SW of the RR, and within 5 miles either side of the Kodiak RR S course extending from the RR to 20 miles S.

Kotzebue, Alaska
Within 10 miles NW and 9 miles SE of the 048° and 228° bearings from the Kotzebue RBN, extending from 10 miles SW to 25 miles NE of the RBN.

Kwajalein Island
That airspace extending upward from 700 feet above the surface within a 100-nmi radius of the Kwajalein RBN (Lat. 08°45'00" N, Long. 167° 45'00" E), extending clockwise from the 270° to the 180° bearings from the RBN, and within a 25-nmi radius of the Kwajalein RBN, extending clockwise from the 180° to the 270° bearings from the RBN.

La Crosse, Wis.
Within a 25-mile radius of the La Crosse Airport (latitude 43°52'40" N., longitude 91°15'20" W.), extending clockwise from V-2 SE of La Crosse to V-82 W of La Crosse, and within a 15-mile radius of the La Crosse VOR.

AMENDMENTS Eff. Publ. 7/6/64 29 F.R. 11334 (Rewritten)

Lafayette, Ind.
Within a 25-mile radius of the Purdue University Airport, Lafayette, Ind., (Lat. 40°24'45" N, Long. 86° 55'57" W)

Lafayette, La.
That airspace bounded on the NE by V-114, on the S by V-20, on the SW by V-20 N and on the NW by V-222.

Lake Charles, La.
Within a 40-mile radius of the Lake Charles VOR, including the airpsace NW of Lake Charles bounded by a line beginning on the 40-mile radius arc at Lat. 30°24'00" N, Long. 93°42'00" W, extending to Lat. 31°08'00" N, Long. 94°02'00" W, thence to Lat. 31°23'00" N, Long. 93°28'00" W, thence to the 40-mile radius arc at Lat. 30°43'00" N, Long. 93°04'00" W.

Laredo, Tex.
That airspace over United States territory within a 35-mile radius of the Laredo AFB, RBN.

Las Vegas, Nev. (A)
That airspace bounded on the N by Lat. 36°16'00" N, on the W by a line extending from Lat. 36°16'00° N, Long. 116°20'00" W to Lat. 36°04'00" N, Long. 116°20'00" W, thence SE to Lat. 35°45'00" N, Long. 116°00'00" W, thence SW to Lat. 35°19'35" N, Long. 116°15'00" W, on the SW by V-8 N and on the E by

Las Vegas, Nev. (B)
That airspace NW of Las Vegas bounded by a line from Lat. 36°41'00" N, Long. 115°33'00" W, to Lat. 36°17'05" N, Long. 115°01'40" W, to Lat. 36°08'00" N, Long. 115°13'25" W, to Lat. 36°04'50" N, Long. 115°17'20" W, to Lat. 36°28'30" N, Long. 115°47'50" W clockwise along the arc of a 10-mile radius circle centered at Lat. 36°34'47" N, Long. 115°40'36" W, to the point of beginning. The portion of this control area extension which coincides with R-4806 shall be used only after obtaining prior approval from appropriate authority.

Lebanon, N. H.
Within 8 miles SE and 5 miles NW of the Lebanon VOR 050° radial extending from the VOR to 17 miles NE, and within 10 miles either side of the Lebanon VOR 135° and 316° radials extending from 20 miles SE to 20 miles NW of the VOR, excluding the portion which coincides with the Rutland, Vt., control area extension.

Lexington, Ky.
Within a 40-mile radius of the Lexington VORTAC; excluding the portion N of a line 12 miles N of and parallel to the Lexington VORTAC 060° radial and E of V-97 E; that airspace E of Lexington extending from the 40-mile radius area bounded on the N by V-4, on the SE by a line 8 miles SE and parallel to the Newcombe, Ky., VOR 221° radial, and on the S by a line 8 miles S of and parallel to the Lexington VORTAC 081° radial; that airspace SE of Lexington within 12 miles NE and 8 miles SW of the Lexington VORTAC 129° radial extending from the 40-mile radius area to 52 miles SE of the VORTAC, and that airspace NE of Lexington extending from the 40-mile radius area bounded on the NW by a line 12 miles N of and parallel to the Lexington VORTAC 060° radial, on the NE by V-478, and on the S by V-493.

AMENDMENTS 7/23/64 29 F. R. 7238 (Changed)

Limestone, Maine
Within a 40-mile radius of Loring AFB, Limestone, Maine, (Lat. 46°57'05" N, Long. 67°53'10" W), excluding the portion outside of the United States; the airspace S of Presque Isle, Maine, bounded on the N by the Loring AFB 40-mile radius area, on the E by the United States/Canadian border, on the SE by V-471 N of the Millinocket, Maine, VOR and V-39 S of the Millinocket VOR, and on the W by a line extending from the INT of the N boundary of V-39 and Long. 69°04'00" W, to Lat. 45°53'00" N, Long. 69° 04'00" W, to Lat. 45°53'00" N, Long. 68°30'00" W, thence via Long. 68°30'00" W to the 40-mile radius area.

Little Rock, Ark.
Within a 50-mile radius of the Little Rock RBN; that airspace SW of Little Rock extending from the 50-mile radius area bounded on the NW by V-54 and on the SE by V-16; that airspace S of Pine Bluff, Ark., within 10 miles E and 7 miles W of the 177° bearing from latitude 34°10'30" N., longitude 91°56'15" W., extending from the 50-mile radius area to 20 miles S of latitude 34°10'30" N., longitude 91°56'15" W.; that airspace W of Hot Springs, Ark., within 7 miles NW and 10 miles SE of the Hot Springs VOR 076°and 256° radials, extending from the 50-mile radius area to 20 miles SW of the VOR, and that airspace N of Little Rock within 11 miles W and 7 miles E of the Little Rock AFB TACAN 341° radial, extending from the 50-mile radius area to 44 miles NW of the TACAN.

AMENDMENTS 6/25/64 29 F.R. 7818 (Rewritten)

Lometa, Tex.
Within 6 miles N and 10 miles S of the Lometa VORTAC 276° radial extending from the VORTAC to 30 miles W.

Lompoc, Calif.
Within a 35-mile radius of Vandenberg AFB (Lat. 34°43'45" N, Long. 120°34'15" W), excluding that portion within R-2516, R-2517 and that portion outside the United States.

Los Angeles, Calif.
That airspace bounded by lines beginning at Lat. 34°01'00" N, Long. 119°04'45" W, thence SE and E along the W and S boundaries of V-25 to the United States coastline, thence along the United States coastline, to Lat. 33°10'00" N, Long. 117°45'00" W, thence to Lat. 33° 12'30" N, Long. 117°47'00" W, thence to Lat. 33°18'00" N, Long. 118°28'00" W, thence to Lat. 33°24' 35" N, Long. 118°37'00" W, thence to Lat. 33°28'30" N, Long. 118°37'00" W, thence to Lat. 33°28'30" N, Long. 118°40'00" W, thence to Lat. 33°27'20" N, Long. 118°41'25" W, thence to Lat. 33°28'30" N, Long. 118°43'30" W, thence to Lat. 33°28'30" N, Long. 119°07'00" W, thence to Lat. 33°52'03" N, Long. 119° 06'59" W, thence to the point of beginning.

Louisville, Ky.
Within a 35-mile radius of Standiford Field, Louisville, Ky. (Lat. 38°10'33" N, Long. 85°44'12" W); that airspace extending from the 35-mile radius area bounded on the N by Lat. 38°49'00" N, on the E by Long. 85°19'00" W, on the S by Lat. 38°22'00" N, on the W by Long. 86°42'00" W, and on the NW by a line extending from Lat. 38°38'00" N, Long. 86°42'00" W, to Lat. 38°49'00" N, Long. 86°00'00" W; that airspace extending from the 35-mile radius area bounded on the N by V-44, on the E by V-97 W, on the SE by V-502, and on the NW by V-5; that airspace extending from the 35-mile radius area bounded on the E by the arc of a 40-mile radius circle centered on the Lexington, Ky., VORTAC, and on the SE by V-178, and that airspace extending from the 35-mile radius area bounded on the E by a line 10 miles E of and parallel to the New Hope, Ky., VOR 163° and 343° radials, on the S by a line 20 miles S of and parallel to the New Hope VOR 070° radial, and on the W by V-51.

Lubbock, Tex.
Within a 25-mile radius of the Lubbock RR in the SW, NW and NE quadrants of the RR and within a 40-mile radius of the RR in the SE quadrant of the RR; within 12 miles N and 8 miles S of the Lubbock VORTAC 277° radial extending from the Lubbock VORTAC to 48 miles W; within 12 miles NW and 8 miles SE of the Lubbock VORTAC 261° radial extending from the Lubbock VORTAC to 52 miles SW and within 12 miles E and and 12 miles W of the Lubbock VORTAC 008° radial extending from the Lubbock VORTAC to 51 miles N.

Lynchburg, Va.
Within a 20-mile radius of the Lynchburg VORTAC; that airspace NE of Lynchburg extending from the 20-mile radius area bounded on the NW by V-16, on the NE by V-155, on the SE by V-20 N alternate. and on the S by Lat. 37°10'00" N, and that airspace NW of Lynchburg extending from the 20-mile radius area bounded on the S by V-260 and on the NW by V-16.

Mansfield. Ohio
Within a 15-mile radius of the Mansfield VORTAC; within 5 miles either side of the Mansfield VORTAC 130° radial, extending from the VORTAC to 25 miles SE and including that airspace S and W of the Mansfield VORTAC bounded on the E by V 133, on the S by V-210, on the W by V-47 and on the N by V-8.

Marianna, Fla.
Within 5 miles either side of the Marianna VOR 130° radial extending from the VOR to 20 miles SE.

Marquette, Mich.
Within a 40-mile radius of K. I. Sawyer AFB, Marquette, Mich., (Lat. 46°20'54" N, Long. 87°24'05" W), excluding the airspace within the 40-mile radius bounded on the W by Long. 87°20'30" W, and on the N by Lat. 46°03'00" N. The portion of this control area extension within R-4208 shall be used only after obtaining prior approval from appropriate authority.

3/5/64 29 F. R. 4 (Changed);

Marysville, Calif.
That airspace N of Marysville bounded on the S by V-200, on the W by V-23, on the N by the Red Bluff, Calif., transition area and on the E by a line extending from Lat. 39° 15' 00" N., Long. 121° 30' 00" W., to Lat. 39° 50' 00" N., Long. 121° 43' 00" W., through Lat. 40° 05' 20" N., Long. 121° 53' 00" W.

AMENDMENTS 2/6/64 29 F. R. 282 (Changed);

Mason City, Iowa
Within a 15-mile radius of the Mason City VORTAC, including the airspace S of Mason City within 10 miles E and 7 miles W of the Mason City VORTAC 182° radial extending from the Mason City 15-mile radius area to 26 miles S of the VORTAC.

Memphis, Tenn.
That airspace within the arc of a 50-mile radius circle centered at the Memphis RBN extending clockwise from the 066° to the 002° bearing from the Memphis RBN; within the arc of a 45-mile radius circle centered at Lat. 35°21'44" N, Long. 89°47'36" W, bounded on the W and NW by V-11 and on the SE by V-16; the airspace N of Memphis bounded on the N by V-140, on the SE by V-11, and on the W W by the Blytheville, Ark., VOR 186° and 006° radials; the airspace SE of Memphis extending from the 50-mile radius area bounded on the E by Long. 89°22'00" W, on the S by Lat. 34°08'00" N, and on the W by V-9 E alternate; the airspace SW of Memphis extending from the 50-mile radius area bounded on the SE by V-16, on the W by V-69, and on the N by V-54, and the airspace NW of Memphis bounded on the E by V-9, on the S by V-54 N alternate, on the W by V-69 and on the N by V-140.

Merced, Calif.
That airspace bounded on the E by V-23, on the S by V-230, on the W by V-113 and on the N by the Stockton, Calif., control area extension.

Meridian, Miss.
Within 5 miles either side of the Meridan ILS localizer S course extending from the localizer to 30 miles S and within 5 miles either side of the Meridian VORTAC 314° radial extending from the VORTAC to 20 miles NW.

Miami. Fla.
That airspace bounded on the W by the Fort Myers, Fla., control area extension and a line 4 nmi SE of and parallel to the Fort Myers VOR 241° radial, on the NW by V-225, on the E by V-3, on the S by V-51, and on the SW by a line extending from the N boundary of V-51 at longitude 80°48'30" W., to the E boundary of the Fort Myers. Fla.. control area extension at latitude 26°05'45" N.

AMENDMENTS 9/17/64 29 F.R. 11113 (Rewritten)

Middleton Island, Alaska
Within 8 miles either side of the Middleton Island VOR 037° and 217° radials extending from 29 miles NE to 8 miles SW of the VOR.

Milton, Fla.
That airspace bounded by a line extending from Lat. 30°44'20" N, Long. 87°37'00" W, thence N to Lat. 30°58'45" N, Long. 87°36'00" W, thence NE along the arc of a 34.5 mile radius circle centered on the Whiting, Fla., RR to Lat. 31°15'40" N, Long. 87°10'30" W, thence SE to Lat. 30°54'00" N, Long. 86°56' 30" W, thence E to Lat. 30°54'00" N, Long. 86°52'30" W, thence to Lat. 30°46'00" N, Long. 86°52'30" W, thence SW to Lat. 30°39'00" N, Long. 87°03'25" W, thence W to point of beginning.

Milwaukee, Wis.
Within a 20-mile radius of General Mitchell Field, Milwaukee (Lat. 42°56'51" N, Long. 87°53' 58" W), the airspace bounded on the E by Long. 87°00'00" W, on the S by V-84 E of Northbrook, Ill., VORTAC and V-100 W of Northbrook VORTAC, on the W by V-9, and on the N by a line 7 miles N of and parallel to the Milwaukee VORTAC 087° radial; within 11 miles W and 7 miles E of the Milwaukee ILS localizer N course extending from the Milwaukee 20-mile radius area to 40 miles N of the localizer, and within 12 miles W and 5 miles E of the Milwaukee VORTAC 198° radial extending from 22 miles N to 10 miles S of the INT of the Janesville, Wis., VOR 111° and the Milwaukee VORTAC 198° radials.
The portion of this control area extension within R-6903 shall be used only after obtaining prior approval from appropriate authority.

Minchumina, Alaska
Within 6 miles SW and 8 miles NE of the 332° bearing from the Minchumina RR extending from the RR to 7 miles NW, including the airspace SE of R-39 within a 25-mile radius of the Minchumina RR.

Minneapolis, Minn.
Within a 30-mile radius of the Minneapolis-St. Paul International Airport (Lat. 44°53'05" N, longitude 93°13'15" W.) within a 15-mile
radius of the Minneapolis VORTAC; the airspace N of Minneapolis bounded on the NW by V-13 W alternate, on the E by V-13, and on the SW by V-2; the airspace NE and E of Minneapolis within 12 miles N and 8 miles S of the Minneapolis VORTAC 100° radial extending from the Minneapolis 30-mile radius area to 55 miles E of the VORTAC, and the airspace W of Minneapolis within 11 miles NE and 7 miles SW of the Farmington, Minn., VOR 207° radial extending from the Minneapolis 30-mile radius area to 45 miles NW of the VOR.

**Minot, N. Dak.**
Within a 35-mile radius of Minot AFB (Lat. 48°25'18" N, Long. 101°22'08" W); within a 35-mile radius of the Minot VOR extending clockwise from the 091° radial to the 147° radial of the VOR, including the airspace S of Minot within 8 miles W and 6 miles E of the Bismarck, N. Dak., VOR 333° radial extending from 58 miles NW of the Bismarck VOR to the Minot 35-mile radius area. The portion of this control area extension which coincides with R-5403 shall be used only after obtaining prior approval from the appropriate authority.

PENDING AMENDMENT
In the Minot, N. Dak., control area extension "VOR, including the airpsace S of Minot within 8 miles W and 6 miles E of the Bismarck, N. Dak., VOR 333° radial extending from 58 miles NW of the Bismarck VOR to the Minot 35-mile radius area." is deleted and "VOR." is substituted therefor.
AMENDMENTS 1/7/65 29 F. R. 15074 (Changed)

**Mobile, Ala.**
Within a 25-mile radius of Brookley AFB, Mobile, excluding the portion E of a line extending from Lat. 30°21'45" N, Long. 87°47'15" W, thence NW to Lat. 30°31'00" N, Long. 87°55'00" W, thence along the E shore of Mobile Bay to Lat. 30°41'30" N, Long. 87°59'30" W, NE to Lat. 30°50'00" N, Long. 87° 48'00" W, thence NE to Lat. 30°52'30" N, Long. 87°45'45" W; including the airspace S of Mobile bounded on the W by Long. 88°30'00" W, on the NW by V-22, on the N by the Mobile 25-mile radius area, on the E by a line extending from Lat. 30°21'45" N, Long. 87°47'15" W, to Lat. 30°15'00" N, Long. 87°41'00"W, and on the S by R-2908 and a line extending from Lat. 30°13'30" N, Long. 88°01'30" W, to Lat. 30°09' 00" N, Long. 88°30'00" W.

**Moline, Ill.**
Within a 15-mile radius of the Cordova. ILL.. VOR: that airspace bounded on the E by Long. 90°00'00"W. on the S by V-10, on the SW by a line 5 miles E of and parallel to the Burlington, Iowa, VOR 005° radial, and a line 12 miles SW of and parallel to V-38, on the W by Long. 91°31'00" W, and on the NW by V-8; within 5 miles either side of a direct line extending from the Polo, Ill., VORTAC to the INT of the Quad City, Ill., ILS localizer E course and the 318° radial of the Bradford, Ill., VOR.

AMENDMENTS 4/30/64 29 F.R. 3000 (Changed); 7/23/64 29 F.R. 6436 (Changed)

**Monroe, La.**
Within 5 miles either side of the Monroe VORTAC 041° and 221° radials extending from 20 miles NE to 20 miles SW of the VORTAC.

PENDING AMENDMENT
The Monroe, La., control area extension is revoked. 1/7/65 29 F. R. 14523, (Revoked)

**Montague, Calif.**
Within 5 miles either side of 179° bearing from the Montague RBN extending from the RBN to 10 miles S.

**Monterey, Calif.**
That airspace E and SE of Monterey bounded on the N by V-230, on the E by a line extending from the INT of the S edge of V-230 and the W edge of V-111 to latitude 36°11'00" N., longitude 121°26'00" W., to latitude 35°50'30" N., longitude 121°15'15" W., thence through latitude 35°40'00" N., longitude 121°11'30" W., to V-27, and on the SW and W by V-27 and W of Monterey bounded on the E by V-27, on the north by Control 1173, and on the W and S by a line extending from Control 1173 through latitude 37°00'00" N., longitude 122°36'30" W., to latitude 36°33'00" N., longitude 122° 17'00" W., thence through latitude 36°30'00" N., longitude 122°04'00" W. to V-27; and S of Monterey bounded on the E by V-27, and on the NW, W and S by a line extending from V-27 along longitude 121°57'30" W., to latitude 36°18'00" N., thence to latitude 35°58'00" N., longitude 121°50'15" W., to latitude 35°45'00" N., longitude 121°40'15" W., to latitude 35°29'00" N., longitude 121°21'00" W., thence along latitude 35°29'00" N., to V-27. The airspace within R-2511, R-2513 and R-2529 shall be used only after obtaining prior approval from appropriate authority.

**Montgomery, Ala.**
That airspace bounded on the N by Lat. 32°52'00" N, on the E by Long. 86°00'00" W, on the S by Lat. 31°45'00" N and on the W by Long. 87°30'00" W.

**Mountain Home, Idaho**
Within 5 miles either side of the Mountain Home VOR 178° and 208° radials extending from the VOR to 61 miles S and SW, and that airspace S, SE and W of Mountain Home bounded by a line beginning at the INT of the SW boundary of V-253 and a line 5 miles S of and parallel to the Twin Falls, Idaho, VOR 269° radial, thence W along this line to its INT with a line 5 miles NW of and parallel to the Mountain Home VOR 208° radial, thence NE along this line to its INT with the arc of a 35-mile radius circle centered on Mountain Home AFB (Lat. 43° 02' 30" N, Long. 115° 51' 50" W), thence clockwise along this arc to its INT with the SW boundary of V-253, thence SE along this boundary of the point of beginning.

**Muncie, Ind.**
That airspace bounded on the NW by V-14, on the E by V-55 and on the S by V-210.

**Muscle Shoals, Ala.**
Within 8 miles E and 12 miles W of the Muscle Shoals VOR 002° radial extending from 7 miles N to 39 miles N of the VOR, and within 5 miles either side of the Muscle Shoals VOR 112° and 292° radials extending from the VOR to 20 miles SE and NW.

PENDING AMENDMENT
The Muscle Shoals, Ala. control area extension is revoked. 1/7/65 29 F. R. 15074 (Revoked).

**Myrtle Beach, S. C.**
Within a 25-mile radius of the Myrtle Beach, AFB (Lat. 33° 40' 45" N, Long. 78° 55' 45" W) bounded on the SE by W-177; including the airspace W and N of Myrtle Beach extending from the 25-mile radius area bounded on the N by a line 5 miles N of and parallel to the Florence, S. C., VOR 096° radial, on the SE by V-1, and on the W by V-437, and that airspace lying within the United States NE of Myrtle Beach within 5 miles NW and 12 miles SE of the Myrtle Beach VOR 053° radial extending from the 25-mile radius area to 40 miles NE of the VOR.

**Nashville, Tenn.**
Within a 50-mile radius of the Nashville RBN, and within 5 miles either side of the Nashville ILS localizer S course extending from the 50-mile radius area to V-7 E, excluding the portion W of a direct line extending from the Graham, Tenn., VOR to the Bowling Green, Ky., VORTAC.

**Newberg, Oreg.**
Within 5 miles either side of the Newberg, VORTAC 070° radial extending from the VORTAC to its INT, with the Portland, Oreg., VORTAC 096° radial.

**Newburgh, N. Y.**
That airspace north of Stewart AFB bounded on the N by V-270, on the E by a line from V-270 at Long. 73°54'00" W, to point of INT with the New York, N. Y., control area extension at Long 73°54'00" W, and on the S and W by the New York control area extension.

AMENDMENTS 9/17/64 29 F.R. 11114 (Changed)

**New Iberia, La.**
Within a 35-mile radius of the New Iberia NAAS, (lat.30°02'15" N., Long. 91°53'02" W), S of V-20.

AMENDMENTS 3/4/64 29 F.R. 3225 (Changed)

**New Orleans, La.**
That airspace NE of New Orleans bounded by a line beginning at the New Orleans VORTAC 357° radial at Lat. 31°00'00" N, thence E along Lat. 31°00'00" N, to Long. 89°00'00" W, thence N along Long. 89°00'00" W, to Lat. 31°15'00" N, thence E along Lat. 31°15'00" N, to Long. 88°00'00" W, thence S along Long. 88°00'00" W, to the arc of a 25-mile radius circle centered on the Brookly AFB (Lat. 30°37'40" N, Long. 88°04'15" W), Mobile, Ala., thence counterclockwise via the Brookly 25-mile radius circle to the N boundary of V-20, thence along V-20 to the arc of a 25-mile radius circle centered on the Keesler AFB RBN (Lat. 30°27'07" N, Long. 88°53' 26" W), Biloxi, Miss., thence counterclockwise via the Keesler 25-mile radius circle to a line 12 miles S of and parallel to the New Orleans VORTAC 070° radial, thence W along this line to the New Orleans VORTAC 117° radial, thence N via the New Orleans VORTAC 177° and 357° radials to the point of beginning; including the airspace within the United States SW, S and SE of New Orleans bounded by a line beginning at a point on the S boundary of V-20 at longitude 91°05'00" W, thence E along V-20 to the S boundary of V-240, thence E along V-240 to 3 nmi E of the shoreline at longitude 89°07'00" W, thence clockwise along a line 3-nmi offshore to longitude 90°15'00" W, thence N to latitude 29°15'00" N, longitude 90°15'00" W, thence W to latitude 29°15'00" N, longitude 91°05'00" W, thence N to the point of beginning; including the airspace NW of New Orleans within a 35-mile radius of the New Orleans VORTAC extending clockwise from the N boundary of V-20 to the W boundary of V-9, excluding the airspace between V-20 and V-20 N, bounded on the SW by the N shoreline of Lake Pontchartrain and on the E by longitude 89°18'30" W

AMENDMENTS 7/23/64 29 F. R. 7017 (Changed)

**Newport, Vt.**
That airspace over the United States within 5 miles either side of the 032° bearing from the Newport Vt RBN extending from the RBN to 10 miles NE.

New York, N. Y.
That airspace within a 163-mile radius of the Kennedy VORTAC extending clockwise from the VORTAC 190° radial to the VORTAC 220° radial, thence within a 125-mile radius of the Kennedy VORTAC extending clockwise from the VORTAC 220° radial to the VORTAC 328° radial, thence within an 80-mile radius of the Kennedy VORTAC extending clockwise from the VORTAC 328° radial to the VORTAC 190° radial. The portions of this control area extension which lie within R-5001, R-5002, R-5003, R-5205, and R-5206 shall be used only after obtaining prior approval from appropriate authority. The portion of this control area extension within R-2801 is excluded. The portions of this control area within control 1147, control 1148 and the Dover control area extension are excluded; the portions within W-105 and W-108 are excluded; the portions within W-106 and W-107 E of V-139 are excluded; the portion within W-106 W of the E boundary of V-139 is excluded below 3,000 feet MSL; the portion within W-107 W of the E boundary of V-139 is excluded below 2,000 feet MSL; the portions bounded on the NE by W-106 and on the SW by W-107 lying seaward of a line between points at Lat. 40°07'20" N. Long. 73°15'00" W, and Lat. 40°00'00" N, Long. 73°36'30" W, and the portions bounded on the NE by W-107 and on the southwest by W-108 lying seaward of a line between Lat. 39°09'00" N, Long. 74°37'00" W, and Lat. 38° 45'00" N, Long. 74°31'00" W are excluded.

AMENDMENTS 4/2/64 29 F.R. 1561 (Changed);

Nome, Alaska
Within a 30-mile radius of the Nome RR.

Norfolk, Va.
Within a 55-mile radius of Lat. 36°57'44" N, Long. 76°24'44" W, including the airspace extending from the 55-mile radius area bounded on the S by V-266, and on the NW by a line 8 miles W of and parallel to the Hopewell, Va., VORTAC 199° radial, but excluding the portion below 2,000 feet MSL which lies beyond the shoreline, and the portions which coincide with R-4006, R-5309, R-6606, R-6609 and W-386. The portion which coincides with R-6610 shall be used only after obtaining prior approval from appropriate authority.

North Bend, Oreg.
Within 5 miles either side of the North Bend VOR 090° and 270° radials extending from 20 miles E to 20 miles W of the VOR.

North Platte, Nebr.
That airspace within a 25-mile radius of the North Platte VORTAC bounded on the S by V-6; including the airspace NE of North Platte within 11 miles NW and 7 miles SE of the North Platte VORTAC 046° radial extending from the 25-mile radius area to 42 miles NE of the VORTAC; that airspace S and SW of North Platte bounded on the E by a line 7 miles E of and parallel to the North Platte VORTAC 179° radial, on the S and SW by V-8, on the NW by V-80, and on the N by V-6, and that airspace S of North Platte bounded on the N by V-8, on the E by a line 7 miles E of and parallel to the North Platte VORTAC 179° radial, on the S by Lat. 40°20'00" N, and on the W by Long. 101°05'00" W.

Ogden, Utah
That airspace NE of Ogden bounded on the N by V-288, on the S by V-6, and on the W by V-257.

Oklahoma City, Okla.
Within a 25-mile radius of Lat. 35°24'08" N, Long. 97°38'36" W; that airspace N of Oklahoma City bounded on the SW by V-17, on the N by V-140, and on the E by V-77; that airspace NE of Oklahoma City bounded on the W by V-77, on the NE by V-74 S alternate and on the S by V-14 N alternate.

Olathe, Kans.
That airspace bounded on the N by a line beginning at the INT of the Emporia, Kans., VORTAC 346° and the St. Joseph, Mo., VORTAC 258° radials; thence easterly along the St. Joseph VORTAC 258° radial to V-205, thence southeasterly along V-205 to latitude 38°12'00" N., thence W along latitude 38°12'00" N., to longitude 95°15'00" W., thence southerly to latitude 37°39'45" N., longitude 95°22'00" W., thence westerly along V-132 to a line 10 miles SE of and parallel to the Emporia VORTAC 209° and 029° radials, thence northeasterly along this line to a line 10 miles N. of and parallel to the Emporia VORTAC 079° and 259° radials, thence along this line to the Emporia VORTAC 346° radial, thence northwesterly along this radial to the point of beginning.

Omaha, Nebr.
Within a 25-mile radius of the Omaha RBN; that airspace NE of Omaha bounded on the N by V-172, on the E by Long. 95°00'00" W, on the S by V-6, and on the W by the Omaha 25-mile radius area; that airspace S and SW of Omaha bounded on the E by V-15, on the S by Lat. 40°00'00" N, on the W by Long. 98°00'00" W, and on the N by V-6; and that airspace W of Omaha bounded on the S by V-6, on the W by Long. 97°00'00" W, on the N by V-172 and on the E by the Omaha 25-mile radius area.

Orlando, Fla.
That airspace NW of Orlando, bounded on the NW by V-97 E alternate, on the E by V-35 W and on the SW by V-97, excluding the portion below 2,000 feet MSL outside the United States; that airspace bounded on the N by latitude 29°00'00" N., on the E by V-267 N of the Orlando, Fla., VOR and V-159 E alternate S of the Orlando VOR, on the S by latitude 27°45'00" N., and on the W by the arc of a 50-mile radius circle centered at latitude 27°53'18"N., longitude 82°29'29" W., and V-97; and that airspace W of Vero Beach, Fla., bounded on the N by latitude 27°45'00" N., on the NE by V-295, on the SE by V-225, and on the W by V-267. The portion within R-2910 and R-2901A shall be used only after obtaining prior approval from the appropriate authority.

Oscoda, Mich.
Within a 30-mile radius of Wurtsmith AFB, Oscoda, Mich.; within 5 miles either side of the Wurtsmith AFB TACAN 234° radial extending from the TACAN to 46 miles SW; and the airspace centered on the 266° radial of the Wurtsmith VOR extending from 5 miles W of the AFB to 32 miles W of the AFB and having a width of 1 mile on the N side and 2.3 miles on the S side of the 266° radial at a point 5 miles W of the AFB and expanding to a width to 4.6 miles at 32 miles W of the AFB. Excluding the portions of this control area extension within R-4207. The portions of this control area extension within R-4204 shall be used only after obtaining prior approval from the appropriate authority.

Owensboro, Ky.
That airspace bounded on the N by V-4, on the SW by V-7 and on the SE by a line extending through points at Lat. 38°04'20" N, Long. 86°41'20" W, and Lat. 37°22'00" N, Long. 87°09'40" W.

Oxnard, Calif.
That airspace bounded on the N by V-27, on the E by Long. 119°12'30" N, on the S by W-289, and on the W by Long. 120°00'00" W. The portion of this control area extension that coincides with the W-412 is excluded.

Paducah, Ky.
Within 10 miles SE and 7 miles NW of the 040° and 220° bearings from Barkley Field, Paducah, Ky., (Lat. 37°03'40" N, Long. 88°46'20" W), extending from the 9 miles NE to 20 miles SW of the airport.

Pensacola, Fla.
Within a 25-mile radius of NAAS Saufley Field, Pensacola, Fla.; the airspace SW of Pensacola within the arc of a 38-mile radius circle centered at NAAS Saufley bounded on the W by a line extending through Lat. 30°06'00" N, Long. 87°49'00" W, and Lat. 30°15'00" N, Long. 87°41'00" W, on the E by a line extending through Lat. 29°55'00" N, Long. 87°20'00" W, and Lat. 30°19'00" N, Long. 87°13'00" W and on the NE by the 25-mile radius area; and within 8 miles E and 5 miles W of the 345° and 165° bearings from the Pensacola RBN extending from 25 miles N to 12 miles S of the RBN, excluding the portion of this control area extension within R-2909 and W-155.

Peotone, Ill.
That airspace SE of Peotone, bounded on the E by V-7, on the SW by V-491, on the W by V-53, and on the N by V-38.

Peru, Ind.
Within a 25-mile radius of the Bunker Hill AFB, Peru, Ind. (Lat. 40°39'38" N, Long. 86°08'31" W), excluding the portion which coincides with the Lafayette, Ind., and the Fort Wayne, Ind., control area extensions; including the airspace NW of Peru bounded on the S by the Lafayette control area extension, on the W by V-7, on the N by V-38 and on the E by the Fort Wayne control area extension.

Philipsburg, Pa.
Within a 15-mile radius of the Philipsburg VORTAC; the airspace E of Philipsburg bounded on the NW by V-58, on the NE by V-170 and on the S by V-30, and the airspace SE of Philipsburg bounded on the N by V-30, on the SE by V-106 and on the SW by-33.

Phoenix, Ariz.
That airspace NE of Phoenix, bounded on the NE by an arc of a 50-mile radius circle centered on the Phoenix VORTAC extending clockwise from V-95 W. to a point 8 miles S of the Phoenix VORTAC 066° radial, on the SE and E by a line 8 miles S of and parallel to the Phoenix VORTAC 066° radial extending from the 50-mile radius arc to Long. 111°27'00" W, thence via Long. 111°27'00" W to the Williams, Ariz., control area extension, on the S by the N boundary of the Williams control area extension, and on the W by V-16 and V-95 W.; the airspace SW of Phoenix bounded on the N and E by V-16, on the S by V-94, and on the W by V-461; and the airspace NW of Phoenix bounded on the N by Lat. 34°00'00" N., on the E by V-95 W., on the S by V-16 and on the W by Long. 112° 50'00" W.

PENDING AMENDMENT
The Phoenix, Ariz. control area extension is revoked. 12/10/64 29 F.R. 14104 (Revoked)

**Pittsburgh, Pa.**
Within a 75-mile radius of the Allegheny VORTAC, excluding the portion which coincides with the Youngstown, Ohio, control area extension; that airspace NE of Carrolltown, Pa., bounded on the NW by a line 14 miles N of and parallel to the Carrolltown VOR 059° radial, on the NE by V-6, on the SE by V-58, and on the W by the 75-mile radius area; that airspace NE of Grantsville, Md., bounded on the N by V-474, on the SE by a line 5 miles S of and parallel to the St. Thomas, Pa., 251° radial; on the SW by V-8, and on the W by the 75-mile radius area; and that airspace E of Grantsville bounded on the NE by V-8, on the S by V-44, on the SW by V-92, and on the NW by the 75-mile radius area centered on the Allegheny VORTAC.

AMENDMENTS 9/17/64 29 F.R. 10502 (Changed); 11/12/64 29 F R 13137 (Changed)

**Plattsburgh, N. Y.**
That airspace E of Plattsburgh bounded on the E by V-447 and the Newport, Vt., control area extension on the S by V-151, on the W by V-91, on the N by the United States/Canadian Border; the airspace S of Plattsburgh bounded on the NE and E by V-91, on the S by Lat. 44°00'00" N, and on the W by V-489, and the airspace W and SW of Plattsburgh bounded on the E and NE by V-91 and V-489, on the S by Lat. 44°00'00" N, on the W and NW by V-203 and V-282, and on the N by the United States/Canadian Border. Excluding the portion of this control area extension which coincides with R-6501.

AMENDMENTS 9/17/64 29 F.R. 11114 (Changed)

**Pontiac, Ill.**
Within a 15-mile radius of the Pontiac VOR.

**Portland, Maine.**
That airspace bounded by a line beginning at latitude 43°37'00" N., longitude 71°00'00" W., to latitude 43°45'00" N., longitude 71°09'00" W., to latitude 44°06'00" N., longitude 70°43'00" W., to latitude 43°56'00" N., longitude 70°29'00" W., to latitude 43°52'00" N., longitude 70°29'00" W., thence SE to the NW boundary of Warning Area W-103 via a line 5 miles NE of and parallel to the 132° and 312° bearings from the Portland Municipal Airport (latitude 43°38'50" N., longitude 70°18'28" W.), thence S via the NW boundary of Warning Area W-103 to the N boundary of the Boston, Mass., control area extension, thence W along that boundary to longitude 71°00'00" W., to the point of beginning.

**Portland, Oreg.**
Within a 30-mile radius of the Portland International Airport, (Lat. 45°35'11" N, Long. 122°35'53" W); that airspace extending from the 30-mile radius area bounded on the SE by V-99 and on the NW by a line 10 miles NW of and parallel to the Newberg, Oreg., VORTAC 204° radial, and that airspace extending from the 30-mile radius area bounded on the W by a line extending through Lat. 45°40'00" N, Long. 123°14'00" W, and Lat. 46°15'00" N, Long. 123°23'00" W, on the N by Lat. 46°15'00" N, and on the E by V-99. The portion of this control area extension which coincides with R-5703 shall be used only after obtaining prior approval from appropriate authority.

**Poughkeepsie, N. Y.**
Within a 15-mile radius of the Poughkeepsie VOR.

**Promontory Point, Utah**
That airspace S of Promontory Point bounded on the N by V-6, on the E by V-21, on the S by V-32, and on the W by a line extending from Lat. 40°51'30" N, Long. 112°56'30" W, to Lat. 41°00'00" N, Long. 112° 56'30" W, to Lat. 41°00'00" N, Long. 112°45'00" W, to Lat. 41°10'40" N, Long. 112°45'00" W, to Lat. 41° 12'00" N, Long. 112°52'00" W, thence N via Long. 112°52'00" W, to V-6; that airspace N of Promontory Point bounded on the N by V-288, on the E by V-257 and on the S by V-6.

**Provo, Utah**
That airspace S of Provo bounded on the N by V-200, on the SE by a line extending from V-200 through Lat. 40°04'00" N, Long. 111°29'00" W, and Lat. 40°00'00" N, Long. 111°45'00" W, to V-21, and on the NW by V-21.

**Pueblo, Colo.**
Within a 21-mile radius of the Pueblo VORTAC, excluding the portion N of a line 10 miles N of and parallel to the Pueblo VORTAC 275° and 093° radials and within a 34-mile radius of the Pueblo VORTAC extending clockwise from the 229° radial to the 360° radial of the Pueblo VORTAC, excluding the portion N of a line 10 miles N of and parallel to the Pueblo VORTAC 275° radial.

**Quonset Point, R. I.**
That airspace bounded on the W by V-139, on the N by the Providence, R. I., VOR 102° radial, on the E by the Boston, Mass., control area extension and on the S by the Idlewild, N. Y., control area extension. The portions of this control area extension within R-4104 and R-4105 shall be used only after obtaining prior approval from the appropriate authority.

**Raleigh, N. C.**
Within a 60-mile radius of Lat. 35°30'30" N, Long. 78°32'52" W; and within a 35-mile radius of Grannis Airport, Fayetteville, N. C. (Lat. 34°59'22" N, Long. 78°52'52" W), excluding the portion within R-5311. The portion of this control area extension which coincides with R-5312 shall be used only after obtaining prior approval from the appropriate authority.

**Rapid City, S. Dak.**
Within a 55-nmi radius of Ellsworth AFB, Rapid City, S. Dak. (Lat. 44°08'40" N, Long. 103°06'10" W); the airspace SW of Rapid City within 12 miles SE and 8 miles NW of the Rapid City VORTAC 251° radial extending from the 55-nmi radius area to 73 miles SW of the VORTAC; and the airspace E of Rapid City within 10 miles SE and 7 miles NW of the Philip, S. Dak., VOR 072° and 252° radials extending from 20 miles NE to 9 miles SW of the Philip VOR.

AMENDMENTS On Publ. 11/4/64 29 F. R. 14916 (Changed)

**Redmond, Oreg.**
Within 5 miles either side of the Redmond RR NW and SE courses extending from 17 miles NW to 15 miles SE of the RR, and within 5 miles either side of the Redmond VOR 090° and 270° radials extending from 17 miles W to 8 miles E of the VOR.

**Richmond, Va.**
Within a 25-mile radius of the Richmond RBN; within a 76-mile radius of the Richmond VOR extending from the 25-mile radius area bounded on the E by the Richmond VOR 200° radial, and on the NW by V-20, excluding the portion within a 55-mile radius of Lat. 36°57'44" N, Long. 76°24'44" W, and excluding the portion within R-6602.

**Riverside, Calif.**
That airspace S of March AFB, Riverside, Calif., bounded on the E by V-117, on the S and SE by V-208, on the W by V-23, on the NW by V-8 and on the N by V-16.

**Roanoke, Va.**
That airspace bounded on the NE by V-258, on the SE by V-222, on the SW by V-45, and on the NW by V-16.

**Rochester, Minn.**
Within a 15-mile radius of the Rochester Municipal Airport (Lat. 43°54'33" N, Long. 92°29'42" W); within 6 miles either side of the Rochester VOR 209° radial extending from the 15-mile radius area to 15 miles SW of the VOR; the airspace N and E of Rochester bounded on the W by V-82, on the NW by the arc of a 30-mile radius circle centered on the Minneapolis-St. Paul International Airport (Lat. 44°53'05" W, Long. 93°13'15" W), on the NE by V-2, and on the S by V-82.

**Rocky Mount, N. C.**
Within 5 miles either side of the Rocky Mount VOR 083° radial extending from the VOR to 15 miles E.

**Rome, N. Y.**
Within a 40-mile radius of the Griffiss AFB, Rome, N. Y. (Lat. 43°14'00" N, Long. 75°24'10" W), the airspace S of Utica, N. Y., extending from the 40-mile radius area bounded on the NE by V-2, on the E by Long. 74°24'00" W, on the S by a line 12 miles S of and parallel to the Rockdale, N. Y., VOR 075° radial, and on the SW by a line 5 miles N of and parallel to the De Lancey, N. Y., VOR 289° radial, and on the W by a line 5 miles E of and parallel to the Syracuse VORTAC 151° radial, and the airspace E of Utica extending from the 40-mile radius area bounded on the N by a line 8 miles N of and parallel to the Utica VOR 091° radial, and on the E and S by V-496, excluding the portion which coincides with the Syracuse, N. Y., control area extension. The portion of this control area extension which coincides with R-5204 shall be used only after obtaining prior approval from appropriate authority.

**Rosewood, Ohio**
That airspace W of Rosewood bounded on the NE by V-277, on the SE by V-275, on the S by V-210, and on the W by V-55E.

**Rutland, Vt.**
That airspace N of Rutland, Vt., bounded on the NW by V-91, on the NE by V-141 and on the S by the Lebanon, N. H., VOR 272° radial, and the airspace S of Rutland, bounded on the N by the Lebanon VOR 272° radial, on the E by a line 24 miles E of and parallel to the Cambridge, N. Y., VOR 002° radial, on the S by a line 5 miles N of and parallel to the Glens Falls, N. Y., VORTAC 090° radial and on the W by V-91.

**Sacramento, Calif.**
That airspace bounded on the W by the arc of a 20-mile radius circle centered on the Ukiah, Calif., VOR-

**Seattle, Wash. (A)**
Within a 30-mile radius of the Seattle-Tacoma International Airport (Lat. 47°26'50" N, Long. 122°18'30" W).

Sacramento, Calif.
That airspace bounded on the W by the arc of a 20-mile radius circle centered on the Ukiah, Calif., VORTAC, V-27 and V-137, on the S by V-6, on the E by the arc of a 50-mile radius circle centered on the Mather AFB, Sacramento, Calif. (Lat. 38°33'10" N, Long. 121°18'05" W), extending clockwise from V-200 to V-23 SE of Sacramento, and on the N by V-200; and that airspace NE of Sacramento bounded on the E by Long. 120°10'00" W, on the S by V-200, on the W by Long. 121°20'00" W, and on the N by Lat. 39°30'00" N, excluding the portion which coincides with R-2522.

Salem, Oreg.
Within 5 miles either side of the 150° bearing from the Salem-McNary Airport extending from the airport to 25 miles SE.

Salt Lake City, Utah
That airspace NE, SE, and SW of Salt Lake City bounded by the following VOR Federal airways; beginning at the Salt Lake City VORTAC and extending N along V-21 to the Ogden, Utah, VOR, E along V-6 to the Fort Bridger, Wyo., VOR, SW along V-235 to the INT of V-484, SE along V-484 to Myton, Utah, VOR, W along V-200 to the Provo, Utah. VOR NW along a line parallel to and 5 miles NE of the Provo VOR 315° radial to V-32, thence E along V-32 to the point of beginning.

San Antonio, Tex.
Within a 60-mile radius of the San Antonio RBN; the airspace E of San Antonio bounded on the N by the Austin, Tex., control area extension, on the NE by a line 5 miles SW of and parallel to the Austin, Tex.. VOR 134° and Eagle Lake, Tex., VOR 291° radials and on the S by V-198.

AMENDMENTS 11/12/64 29 F.R. 12585 (Changed):

San Bernardino, Calif.
That airspace NE of San Bernardino bounded on the S by V-16, on the NW by V-8, on the E by Long. 116°35'00" W, extending from the S boundary of V-8 to the Ontario, Calif., VOR 060° radial, thence SW via the Ontario VOR 060° radial to V-137, thence SE via V-137 to V-16.

Sanford, Fla.
That airspace bounded on the N by Lat. 29°00'00" N, on the E by Long. 81°15'00" W, on the S by Lat. 28°30'00" N, on the W by Long. 82°00'00" W.

San Francisco, Calif.
That airspace bounded by a line beginning at Lat. 38°15'00" N, Long. 122°37'00" W, to Lat. 37°43'34" N, Long. 122°13'21" W, to Lat. 37°27'20" N, Long. 121°50'30" W, to Lat. 37°00'55" N, Long. 122°17'15" W, thence N along 3-nmi off-shore to Lat. 37°12'20" N, Long. 122°28'00" W, to Lat. 37°14'00" N, Long. 122°24'55" W, to Lat. 38°08'30" N, Long. 122°54'00" W, thence to the point of beginning.

San Jose, Calif.
That airspace bounded on the NE by V-107, on the SE by V-111, on the S by V-230, on the SW by V-27 and on the NW by the San Francisco, Calif., control area extension.

San Juan, P. R.
Within a 100-nmi radius of the Isla Grande Airport, San Juan, P. R. (Lat. 18°27'30" N, Long. 66°06'00" W). The portions of this control area extension within the geographic limits of, and between the designated altitudes of, all restricted areas are excluded and the portions within the geographic limits of, and between the established altitudes of, all warning areas are excluded.

Santa Barbara, Calif.
Within 5 miles either side of the 270° bearing from the Santa Barbara Municipal Airport, extending from the airport to 28 miles W.

Sault Ste. Marie, Mich.
That airspace over United States territory within a 34-mile radius of Kincheloe AFB, Sault Ste. Marie, Mich. The portion of this control area extension within R-4205 shall be used only after obtaining prior approval from the appropriate authority.

Seattle, Wash. (A)
Within a 30-mile radius of the Seattle-Tacoma International Airport (Lat. 47°26'50" N, Long. 122°18'30" W), including the airspace NW of Seattle bounded on the N and NE by V-4, on the W by Long. 123°15'00" W, and on the S by V-27. The portion of this control area extension within R-6703 and R-6704 shall be used only after obtaining prior approval from appropriate authority.

Seattle, Wash. (B)
That airspace NE of Seattle bounded on the S by V-2N, on the E by Long. 121°35'00" W, on the N by Lat. 48°55'00" N, and on the W by V-23.

Shemya, Alaska
Within a 50-mile radius of the Shemya Airport (Lat. 52°43'10" N, Long. 174°06'05" W), excluding the portion which coincides with R-2204.

Sherman, Tex.
Within a 70-mile radius of Perrin AFB, Sherman, Tex., (Lat. 33°42'48" N, Long. 96°40'29" W), bounded on the S by V-16, and on the W and NW by V-15; the airspace within a 15-mile radius of Cox Field, Paris, Tex., and the airspace NE of Sulphur Springs, Tex., bounded on the N by V-278, on the SE by V-16 N, and on the W by the Perrin 70-mile radius area; including the airspace NE of Sherman bounded on the E by a line 5 miles E of and parallel to a straight line from the Sulphur Springs VOR to the McAlester, Okla., VORTAC, and on the NW by the Tulsa, Okla., control area extension.

Shreveport, La.
That airspace bounded by a line beginning on the S boundary of V-278 at longitude 93°29'30" W., thence SE to the S boundary of V-18 at longitude 92°33'00" W., thence E along the S boundary of V-18 to the INT thereof with a line 5 miles SE of and parallel to the Monroe, La., VORTAC 237° radial, thence SW via this line to the INT thereof with V-114, thence NW along V-114 to the INT thereof with V-289, thence N along V-289 to the INT thereof with V-278, thence E along V-278 to the point of beginning.

AMENDMENTS 9/17/64 29 F.R. 10501 (Rewritten)

Sioux City, Iowa
Within a 25-mile radius of the Sioux City VOR and the airspace SE of Sioux City extending from the 25-mile radius area bounded on the N by V-100, on the E by Long. 95°30'00" W, on the S by Lat. 41°50'00" N, and on the W by V-15.

Sioux Falls, S. Dak.
That airspace SE of Sioux Falls within a 15-mile radius of the Sioux Falls VORTAC, extending clockwise from the S boundary of V-148 to the E boundary of V-15; that airspace within a 45-mile radius of the Sioux Falls VORTAC extending clockwise from the W boundary of V-15 S of Sioux Falls to the S boundary of V-120 W of Sioux Falls; that airspace within a 36 mile radius of the Sioux Falls VORTAC extending from the N boundary of V-120 W of Sioux Falls clockwise to the N boundary of V-148 NE of Sioux Falls; within 11 miles S and 7 miles N of the Sioux Falls VORTAC 267° radial extending from the Sioux Falls 45-mile radius area to 52 miles W of the Vortac; and within 12 miles SW and 8 miles NE of the Sioux Falls VORTAC 288° radial extending from the INT of the Sioux Falls VORTAC 288° and the Huron, S. Dak., VOR 140° radials to 22 miles W of the INT.

Springfield, Vt.
Within 8 miles E and 5 miles W of the 185° bearing from the Springfield RBN extending from the RBN to 17 miles S.

Staunton, Va.
That airspace bounded on the W, NW and NE by a line extending from the N boundary of V-290 along Long. 79°25'00" W, to Lat. 38°06'30" N, thence to Lat. 38°06'30" N, Long. 78°13'45" W, to Lat. 38°25'00" N, Long. 79°00'45" W, to Lat. 38°15'15" N, Long. 78°39'45" W, bounded on the SE by V-140, and on the S by V-290.

Stockton, Calif.
That airspace N of Stockton bounded on the NE by V-23, on the S by V-244 and on the NW by V-6 S.

Sumter, S. C.
That airspace N of Shaw AFB, Sumter, S. C., bounded on the W by V-37, on the N by the Greenville, S. C., control area extension, on the NE by a line extending through Lat. 34°48'10" N, Long. 80°10'30" W, and Lat. 34°31'00" N, Long. 79°42'30" W, on the E by V-3 and on the S by V-56, excluding the portion of this control area extension within R-6001.

**Syracuse, N. Y.**
That airspace bounded by a line beginning at Lat. 43°17'00" N, Long. 76°27'00" W, clockwise along the arc of a 15-mile radius circle centered on the Syracuse VORTAC to Lat. 43°00'10" N, Long. 76°00'00" W, to Lat. 42° 29'00" N, Long. 76°00'00" W, to Lat. 42°29'00" N, Long. 76°25'00" W, to Lat. 42°36'10" N, Long. 76°25'00" W, thence clockwise along the arc of a 40-mile radius circle centered on the Syracuse VORTAC to Lat. 43°17' 00" N, Long. 76°58'45" W, to point of beginning.

**Tacoma, Wash.**
That airspace within a 40-nmi radius of McChord AFB, Tacoma, Wash (Lat. 47°08'20" N, Long. 122°28'05" W), the portion of this control area extension within R-6703 and R-6704 shall be used only after obtaining prior approval from appropriate authority.

**Tallahassee, Fla.**
That airspace bounded on the N by V-22, on the E by V-159 W, and on the S and SW by V-7 W; and that airspace N of Tallahassee within 12 miles W and 8 miles E of the Tallahassee VORTAC 354° radial, extending from the S boundary of V-22 N to 40 miles N of the VORTAC.

AMENDMENTS 7/23/64 29 F. R. 6437 (Changed)

**Tampa, Fla.**
Within a 50-mile radius of latitude 27°53'18" N, longitude 82°29'29" W.; including the airspace NW of Tampa extending from the 50-mile radius area bounded on the NE by V-97, on the S by Control 1226 and on the W by a line 5 miles W of and parallel to the Cross City, Fla., VOR 207° radial; the airspace SE of Tampa extending from the 50-mile radius area bounded on the NE by V-157, on the SE by V-225 and on the SW by V-35; the airspace W of Tampa bounded on the N by a line extending from latitude 28°06'35° N., longitude 84°00'00" W., to latitude 28°10'00" N., longitude 84°39'30" W., on the E by a line 5 miles W of and parallel to the Cross City VOR 207° radial, and on the S by Control 1226; and the airspace N of La Belle, Fla., bounded on the NE by V-267, on the SE by V-225, on the SW by V-157; and on the NW by a line extending from the E boundary of V-157 through latitude 27°14'10" N., longitude 81°31'00" W., to latitude 27°22'00" N., longitude 81°08'00" W., thence N via longitude 81°08'00" W., to the SW boundary of V-267, excluding the portion which coincides with W-168 and the portion below 2,000 feet MSL outside the continental United States. The portion within R-2901B and R-2901D shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 9/17/64 29 F.R. 11113 (Changed)

**Texarkana, Ark.**
Within 5 miles either side of the Texarkana VORTAC 309° radial, extending from the VORTAC to 15 miles NW.

**Toledo, Ohio**
That airspace bounded by a line beginning at Lat. 41°21'45" N, Long. 84°25'45" W, thence NE to Lat. 41° 51'30" N, Long. 83°37'15" W, thence SE to Lat. 41°45'30" N, Long. 83°19'45" W, thence SE to Lat. 41°39'30" N, Long. 83°15'15" W, thence S to Lat. 41°30'00" N, Long. 83°15'15" W, thence W to Lat. 41°31'40" N, Long. 83° 42'35" W, thence S to Lat. 41°16'30" N, Long. 83°46'40" W, thence W to point of beginning.

**Toledo, Wash.**
Within 5 miles either side of the Toledo RR E course, extending from the RR to 20 miles E and within 5 miles either side of the Toledo RR W course extending from the RR to 25 miles W.

**Tulsa, Okla.**
Within a 25-mile radius of Lat. 36°12'55" N, Long. 95°51'31" W; that airspace SW of Tulsa bounded on the NW by V-14, on the SE by V-15 and on the SW by V-163; that airspace S of Tulsa bounded on the W and NW by V-15, on the E and SE by a line 5 miles E of and parallel to the McAlester, Okla., VORTAC 008° radial extending from the S boundary of V-74 to the McAlester VORTAC, on E and SE by a line 5 miles E of and parallel to a direct line extending between the McAlester VORTAC and the Dallas, Tex., VORTAC, and on the S by the Sherman, Tex., Perrin AFB control area extension.

**Tuscaloosa, Ala.**
Within 5 miles either side of the Tuscaloosa VORTAC 060° radial, extending from the VORTAC to 20 miles NE.

**Tyler, Tex.**
Within a 25-mile radius of the Tyler RBN; the airspace N of Tyler bounded on the N by V-16, on the SE and E by V-289, on the S by a line 13 miles S of and parallel to the centerline of V-94 and on the W by the Dallas, Tex., control area extension; and within 10 miles NE and 7 miles SW of the Tyler ILS localizer SE course extending from the Tyler 25-mile radius area to 34 miles SE of the localizer.

**Ukiah, Calif.**
Within a 20-mile radius of the Ukiah VORTAC; and the airspace NE of Ukiah bounded on the E by V-25, on the S by V-200, and on the W and N by V-199.

**Valdosta, Ga.**
That airspace bounded on the N by Lat. 32°00'00" N, on the E by V-5, on the S by V-22, and on the W by V-35.

**Waco, Texas.**
That airspace W of Waco bounded on the W by V-163, on the NE and E by V-17 and on the S by V-76, excluding the portion of this control area extension within R-6302A. The portions of this control area extension within R-6302B and R-6302C shall be used only after obtaining prior approval from appropriate authority.

**Wake Island.**
That airspace extending upward from 700 feet above the surface within a 100-nmi radius of the Wake Island RBN (Lat. 19°18'00" N, Long. 166°39'00" W).

PENDING AMENDMENT
The Wake Island control area extension is revoked. 12/10/64 29 F.R. 14103 (Revoked).

**Walnut Ridge, Ark.**
Within 10 miles SE and 7 miles NW of the Walnut Ridge VOR 064° and 244° radials extending from 9 miles NE to 20 miles SW of the VOR.

PENDING AMENDMENT
The Walnut Ridge, Ark., control area extension is revoked. 1/7/65 29 F. R. 14523 (Revoked).

**Washington, D. C.**
Within an 85-mile radius of the Washington VOR, extending clockwise from the Washington VOR 165° to the 245° radials; within an 88-mile radius extending clockwise from the Washington VOR 245° to the 250° radial; within an 85-mile radius extending clockwise from the Washington VOR 250° to the 310° radial; within an 80-mile radius extending clockwise from the Washington VOR 310° to the 355° radial; within a 70-mile radius extending clockwise from the Washington VOR 355° to the 165° radial; within 10 miles SE and 7 miles NW of the Casanova, Va., VORTAC 233° radial extending from the 85-mile radius area to 9 miles SW of the INT of the Gordonsville, Va., VORTAC 329° and the Casanova VORTAC 233° radials; and within 10 miles NW and 7 miles SE of the Kenton, Del., VORTAC 217° radial extending from the 70-mile radius area to 9 miles NE of the INT of the Kenton VORTAC 217° and the Salisbury, Md., VOR 340° radials; excluding the portions within the Wilmington, Del., control area extension, the Washington Prohibited Area (P-56), the Norfolk, Va., control area extension, and the Richmond, Va., control area extension and excluding the portions within R-4002, R-4005, R-4006, R-4007 and R-4008. The portions within R-6601, R-6608, R-6611, R-6612, R-6613 and R-4001 shall be used only after obtaining prior approval from appropriate authority.

**Waterloo, Iowa**
Within a 37-mile radius of the Waterloo VORTAC, excluding the portion N of a line 12 miles N of and parallel to the Waterloo VORTAC 099° radial and E of a line 12 miles E of and parallel to the Waterloo VORTAC 353° radial; and the airspace SE of Waterloo within 12 miles SW and 8 miles NE of the Waterloo VORTAC 146° radial extending from the Waterloo 37-mile radius area to the Cedar Rapids, Iowa, VORTAC.

**Watertown, N. Y.**
Within 12 miles W and 8 miles E of the Watertown VOR 007° and 187° radials extending from 9 miles N of the VOR to the arc of a 40-mile radius circle centered at Griffiss AFB, Rome, N. Y. (Lat. 43°14'00" N, Long. 75°24'10" W), and the arc of a 15-mile radius circle centered at the Syracuse, N. Y., VORTAC; and airspace within 5 miles either side of the Watertown VOR 155° radial extending from the VOR to the 40-mile radius circle centered at Griffiss AFB.

**Watertown, S. Dak.**
Within a 15-mile radius of the Watertown VORTAC; the airspace S of Watertown bounded on the E by Long. 96°51'00" W, on the S by V-26 and on the W by V-78 S; the airspace NW of Watertown within 10 miles S and 7 miles N of the Watertown VORTAC 297° radial, extending from the VORTAC to 37 miles NW, and the airspace N of Watertown within 11 miles W and 7 miles E of the Watertown VORTAC 006° radial, extending from the VORTAC to 48 miles N.

**Wausau, Wis.**
That airspace SE and SW of Wausau bounded on the E by a 41-mile radius circle centered on the Stevens Point, Wis., VOR, on the S by a line 7 miles S of and parallel to V-55, on the W by a 40-mile radius circle centered on the Wausau VOR, and on the N by Lat. 45°04'00" N.

**Westhampton Beach, N. Y.**
That airspace NE and N of the Hampton, N. Y., VOR bounded on the W by the New York, N. Y., control area

SUBPART F - CONTROL ZONES

Westhampton Beach, N. Y.
That airspace NE and N of the Hampton, N. Y., VOR bounded on the W by the New York, N. Y., control area extension, on the NW by V-16, on the N by V-130, and on the E and SE by V-139.

Whidbey, Island, Wash.
That airspace bounded on the N by lines connecting points at Lat. 48°42'48" N, Long. 123°11'57" W. and Lat. 48°51'45" N, Long. 122°40'00" W, on the E by V-23, on the S by the Seattle, Wash., control area extension, on the SW by V-4, and on the W by lines connecting points at Lat. 48°10'00" N, Long. 123°01'00" W. Lat. 48°38'30" N, Long. 123°13'00" W, Lat. 48°42'48" N, Long. 123°11'57" W, excluding the portion within Canada. The portion of this control area extension within R-6701, R-6708, and R-6713 shall be used only after obtaining prior approval from the appropriate authority.

White Sulphur Springs, W. Va.
That airspace bounded on the E by Long. 79°54'00" W, on the SE by V-140, on the SW by V-260, on the W by Long. 80°40'00" W, and on the N by Lat. 38°15'00" N.

Wichita Falls, Tex.
That airspace bounded on the NW by V-102 S alternate, on the E by V-77, and on the S by V-278.

Williams, Ariz.
That airspace bounded on the N by Lat. 33°22'00" N, on the NE and SE by a line from Lat. 33°22'00" N, Long. 111°13'00" W, to Lat. 32°56'00" N, Long. 110°31'00" W. thence through Lat. 32°42'00" N, Long. 110° 42'00" W, to the N boundary of V-94, on the S by V-94 and on the W by V-16.

PENDING AMENDMENT
The Williams, Ariz. control area extension is revoked. 12/10/64 29 F.R. 14104 (Revoked).

Wilmington, Del.
That airspace S and SW of Wilmington within a 30-mile radius of the New Castle, Del., VOR, extending clockwise from the 151° to the 266° radials, excluding the portion which coincides with R-4001 and the New York, N. Y., control area extension and the airspace W of Wilmington bounded on the E by the New York control area extension, on the S by V-157, on the W by V-93, and on the N by V-3.

Wilmington, N. C.
Within 5 miles each side of the 159° bearing from the Wilmington ILS MM extending from the MM to 15 miles SE of the MM.

Wilmington, Ohio
That airspace bounded on the NW by V-5, on the N and E by the Columbus, Ohio, control area extension, on the S by V-128, and on the W by the Cincinnati, Ohio, control area extension.

Windsor Locks, Conn.
Within a 30-mile radius of the Bradley, Conn., Airport (Lat. 41°56'25" N, Long. 72°41'10" W), excluding the portion which coincides with the New York, N. Y., control area extension and excluding the area NE of a line extending from Lat. 42°21'00" N, Long. 72°53'00" W, to Lat, 42°08'20" N, Long. 72°37'00" W, to Lat. 42°03' 45" N, Long. 72°09'00" W, to Lat. 42°04'30" N, Long. 72°01'00" W, and that airspace SW of Chester, Mass., bounded on the N by V-270, on the NE by V-130, on the SE by V-93, and on the W by V-487.

Yakataga, Alaska
Within 10 miles SE and 7 miles NW of the 242° bearing from the Yakataga RR, extending from the RR to 45 miles SW and within 5 miles each side of the RR 152° bearing from the Yakataga RR, extending from the RR to the NE boundary of A-1.

AMENDMENTS 2/7/64 29 F. R. 1844

Youngstown, Ohio
Within a 35-mile radius of the Youngstown VOR.

Ypsilanti, Mich.
Within 5 miles either side of the Ypsilanti ILS localizer SW course, extending from the Willow Run Airport Ypsilanti, Mich. (Lat. 44°14'13" N, Long. 83°31'47" W), to 20 miles SW of the OM.

SUBPART F - CONTROL ZONES

§ 71.171 Designation.
The parts of airspace described below are designated as control zones.

Aberdeen, S. Dak.
Within a 5-mile radius of Aberdeen Municipal Airport (latitude 45° 27' 10" N., longitude 98° 25' 35" W.), within 2 miles each side of the Aberdeen VOR 131° radial, extending from the 5-mile radius zone to 8 miles SE of the VOR, and within 2 miles each side of the Aberdeen RR S course, extending from the 5-mile radius zone to 8 miles S of the RR.

AMENDMENTS 3/5/64 28 F.R. 13929 (Rewritten);

Abilene, Tex.
Within a 5-mile radius of Abilene Municipal Airport (Lat. 32°25'10" N, Long. 99°41'20" W); within 2 miles either side of the Abilene ILS localizer S course extending from the 5-mile radius zone to the ILS OM; within 2 miles either side of the Abilene VOR 112° radial extending from the 5-mile radius zone to the VOR; within a 5-mile radius of Dyess AFB, Abilene, Tex., (Lat. 32°25'10" N, Long. 99°51'15" W); within 2 miles either side of the Abilene VOR 354° radial extending from the Dyess 5-mile radius zone to 12 miles N of the VOR; and within 2 miles either side of the 168° and 348° bearings from the Dyess AFB RBN extending from the 5-mile radius zone to 12 miles S of the RBN.

Adak, Alaska
Within a 5-mile radius of NAS Adak (Lat. 51°53'00" N, Long. 176°39'00" W); within 2 miles either side of the Adak TACAN 067° radial extending from the 5-mile radius zone to 8 miles NE of the TACAN, excluding the portion above 24,000 feet MSL.

Aguadilla, P. R.
Within a 10-mile radius of Ramey AFB, Aguadilla, P. R. (Lat. 18°29'50" N, Long. 67°07'45" W) and within 2.5 miles either side of the extended centerline of the Ramey AFB E-W runway extending from the 10-mile radius zone to 12 miles E and W of the runway ends.

Akron, Colo.
Within a 4-mile radius of Akron-Washington County Airport (latitude 40° 10' 30" N., longitude 103° 12' 45" W.).

AMENDMENTS 3/5/64 28 F.R. 14226 (Rewritten):

Akron, Ohio
Within a 5-mile radius of Akron Airport (Lat. 41°02'15" N, Long. 81°28'05" W) and within a 5-mile radius of Akron-Canton Airport (Lat. 40°54'59" N, Long. 81°26'32" W).

Alameda, Calif.
Within a 5-mile radius of NAS Alameda (Lat. 37°47'10" N, Long. 122°19'00" W), excluding the portion subtended by a chord drawn between the points of INT of this radius with the radius of the Oakland, Calif., control zone.

Albany, Ga.
Within a 5-mile radius of Albany Municipal Airport; within 2 miles either side of the Albany VOR 155° and 335° radials extending from the 5-mile radius zone to 10 miles NW of the VOR; within a 5-mile radius of Turner AFB, and within 2 miles each side of the Turner AFB VOR 223° radial, extending from the 5-mile radius zone to the VOR.

Albany, N. Y.
Within a 5-mile radius of Albany County Airport (latitude 42°44'48" N., longitude 73°48'19" W.); within 2 miles either side of the 015° bearing from latitude 42°47'42" N, longitude 73°48'10" W. extending from the 5-mile radius zone to 10 miles N. of latitude 42°47'42" N., longitude 73°48'10" W., and within 2 miles either side of the Albany ILS localizer N course extending from the 5-mile radius zone to 10 miles N of the OM.

Albuquerque, N. Mex. (Albuquerque Sunport Airport/Kirtland AFB)
Within a 5-mile radius of Albuquerque Sunport Airport/Kirtland AFB (latitude 35°02'42" N., longitude 106°36'02" W.); within 2 miles each side of the extended centerline of runway 35, extending from the 5-mile radius zone to 5.5 miles N of the N end of runway 35; within 2 miles each side of the 188° bearing from the Albuquerque RBN, extending from the 5-mile radius zone to 7 miles S of the RBN; within 2 miles each side of the extended centerline of runway 17, extending from the 5-mile radius zone to 5 miles S of the S end of runway 17; and within 2 miles each side of the Albuquerque VORTAC 090° radial, extending from the 5-mile radius zone to the VORTAC.

**Alexandria, La. (England AFB)**
Within a 5-mile radius of England AFB (latitude 31°19'40" N., longitude 92°33'05" W.), within 2 miles each side of the 300° and 120° bearings from the Alexandria RBN, extending from the 5-mile radius zone to 10 miles SE of the RBN; and within 2 miles each side of the Alexandria VOR 156° and 336° radials, extending from the 5-mile radius zone to 10 miles SE of the VOR.

AMENDMENTS 4/7/64 29 F.R. 4081 (Rewritten);

**Alexandria, La. (Esler Field)**
Within a 5-mile radius of Esler Field (latitude 31°23'45" N., longitude 92°17'40" W.), within 2 miles each side of the 327° bearing from the Esler Field RBN extending from the 5-mile radius zone to the RBN, and within 2 miles each side of the Esler Field VOR 338° radial extending from the 5-mile radius zone to 8 miles NW of the VOR.

AMENDMENTS 6/25/64 29 F.R. 5388 (Rewritten)

**Alexandria, Minn.**
Within a 5-mile radius of Alexandria Municipal Airport (Lat. 45°52'15" N, Long. 95°24'00" W), and within 2 miles either side of the Alexandria VOR 231° radial extending from the 5-mile radius zone to the VOR.

**Alice, Tex.**
Within a 5-mile radius of the Alice International Airport (latitude 27°44'30" N., longitude 98°01'40" W.); within 2 miles each side of the Alice VOR 153° radial, extending from the 5-mile radius zone to 8 miles SE of the VOR; and within 2 miles each side of the Alice VOR 270° radial, extending from the 5-mile radius zone to 8 miles W of the VOR.

AMENDMENTS 11/12/64 29 F.R. 13164 (Rewritten)

**Allentown, Pa.**
Within a 5-mile radius of Allentown-Bethlehem-Easton Airport (Lat. 40°39'10" N, Long. 75°26'20" W); within 2 miles either side of the Allentown RR NE course, extending from the 5-mile radius zone to 10 miles NE of the RR; within 2 miles either side of the Allentown ILS localizer SW course extending from the 5-mile radius zone to 10 miles SW of the OM, and within 2 miles either side of the Allentown VORTAC 347° radial, extending from the 8-mile radius zone to 10 miles N of the VORTAC.

**Alpena, Mich.**
Within a 5-mile radius of the Phelps-Collins Airport, Alpena, Mich. (latitude 45°05'00" N., longitude 83°33'30" W.), within 2 miles each side of the Phelps-Collins TACAN 350° radial, extending from the 5-mile radius zone to 6 miles N of the TACAN, within 2 miles each side of the 180° and 360° bearings from the Alpena RBN, extending from the 5-mile radius zone to 8 miles N of the RBN, and within 2 miles each side of the 176° bearing from the Alpena RBN extending from the 5-mile radius zone to the RBN. This control zone shall be effective during the specific dates and times established in advance by a Notice to Airmen, and continuously published in the Airman's Guide.

AMENDMENTS 11/12/64 29 F.R. 12674 (Rewritten);

**Altus, Okla.**
Within a 5-mile radius of the Altus AFB (latitude 34° 39' 40" N., longitude 99° 16' 30" W.); within 2 miles each side of the Altus AFB ILS localizer S course, extending from the 5-mile radius zone to 1.5 miles S of the OM; and within 2 miles each side of the Altus AFB TACAN 185° radial, extending from the 5-mile radius zone to 9 miles S of the TACAN.

AMENDMENTS 4/2/64 29 F.R. 556 (Rewritten);

**Amarillo, Tex.**
Within a 5-mile radius of the Amarillo AFB/Municipal Airport (latitude 35°13'10" N., longitude 101°42'40" W.); within 2 miles each side of the Amarillo VORTAC 221° radial, extending from the 5-mile radius zone to the VORTAC; within 2 miles each side of the Amarillo RBN 011° bearing, extending from the 5-mile radius zone to 8 miles N of the RBN; within 2 miles each side of the extended centerline of the Amarillo AFB/Municipal Airport Runway 21, extending from the 5-mile radius zone to 4.5 miles SW of the lift-off end of the runway.

AMENDMENTS 4/30/64 29 F.R. 2933 (Rewritten)

**Anchorage, Alaska (Anchorage International Airport)**
Within a 5-mile radius of Anchorage International Airport (Lat. 61°10'23" N, Long. 149°58'10" W); within 2 miles either side of the Anchorage RR SW course extending from the 5-mile radius zone to 12 miles SW of the RR; within 2 miles either side of the Anchorage VOR 079° radial extending from the 5-mile radius zone to the VOR; within 2 miles either side of the Anchorage International ILS localizer W course extending from the 5-mile radius zone to the OM; excluding the portion within the Anchorage (Merrill Field/Elmendorf AFB) control zone.

**Anchorage, Alaska, (Bryant AAF)**
Within a 3-mile radius of Bryant AAF (Lat. 61°16'02" N, Long. 149°39'46" W), excluding the portion W of Long. 149°43'00" W.

AMENDMENTS On Publ. 4/8/64 29 F.R. 4908 (Changed)

**Anchorage, Alaska (Merrill Field/Elmendorf AFB)**
Within a 3-mile radius of Merrill Field (Lat. 61°13'03" N, Long. 149°50'52" W); within a 5-mile radius of Elmendorf AFB (Lat. 61°15'05" N, Long. 149°48'52" W); within 2 miles either side of the Elmendorf ILS localizer W course extending from the 5-mile radius zone to the OM, excluding the portion within the Bryant AAF control zone.

AMENDMENTS On Publ. 4/8/64 29 F.R. 4908 (Changed)

**Anderson, S. C.**
Within a 5-mile radius of Anderson Airport (Lat. 34°29'40" N, Long. 82°42'30" W), and within 2 miles either side of the Anderson VOR 038° radial extending from the 5-mile radius zone to the VOR.

**Aniak, Alaska**
Within a 5-mile radius of Aniak Airport (Lat. 61°34'50" N, Long. 159°32'15" W) and within 2 miles either side of the Aniak RR SW course extending from the 5-mile radius zone to 12 miles SW of the RR.

**Annette Island, Alaska**
Within a 5-mile radius of Annette Island Airport (latitude 55°02'30" N., longitude 131°34'05" W.), and within 2 miles each side of the 169° bearing from the Annette Island RR, extending from the 5-mile radius zone to 8 miles S of the RR.

PENDING AMENDMENT
**Annette Island, Alaska**
Within a 5-mile radius of Annette Island Airport (latitude 55°02' N., longitude 131°34' W.); within 2 miles each side of a 169° bearing from the Annette Island R.R., extending from the 5-mile radius zone to 8 miles S of the R.R.; within 2 miles each side of the Annette Island VOR 165° radial, extending from the 5-mile radius zone to 8 miles S of the VOR; and within 2 miles each side of the Annette Island VOR 308° radial, extending from the 5-mile radius zone to 8 miles NW of the VOR.

AMENDMENTS 1/7/65 29 F. R. 14785 (Rewritten)

**Anniston, Ala.**
Within a 5-mile radius of Anniston Municipal Airport (Lat. 33°35'25" N, Long. 85°51'15" W), and within 2 miles either side of the 232° bearing from Anniston RBN extending from the 5-mile radius zone to 12 miles SW of the RBN.

**Arcata, Calif.**
Within a 5-mile radius of Arcata Municipal Airport (Lat. 40°58'45" N, Long. 124°06'25" W).

**Ardmore, Okla.**
Within a 5-mile radius of Ardmore Municipal Airport (Lat. 34°18'00" N, Long. 97°00'50" W), within 2 miles either side of the Ardmore VOR 053° radial extending from the 5-mile radius zone to the VOR, and within 2 miles either side of the 085° bearing from the Ardmore RBN extending from the 5-mile radius zone to the RBN.

**Asheville, N. C.**
Within a 5-mile radius of Asheville Airport (Lat. 35°26'00" N, Long. 82°32'25" W), and within 2 miles either side of the 341° bearing from the Asheville RBN extending from the 5-mile radius zone to the RBN.

**Astoria, Oreg.**
Within a 5-mile radius of Clatsop County Airport, Astoria, Oreg. (latitude 46° 09' 25" N., longitude 123° 52' 40" W.), and within 2 miles each side of the Astoria VOR 268° radial, extending from the 5-mile radius zone to 8 miles W of the VOR.

**Athens, Ga.**
Within a 5-mile radius of Athens Airport (Lat. 33°56'56" N, Long. 83°19'37" W); within 2 miles either side of the Athens VORTAC 078° radial extending from the 5-mile radius zone to 8 miles E of the VORTAC, and within 2 miles either side of the Athens VORTAC 194° radial extending from the 5-mile radius zone to 8 miles S of the VORTAC.

Atlanta, Ga. (Fulton County Airport)
Within a 5-mile radius of Fulton County Airport (latitude 33°46'47" N., longitude 84°31'20" W.) and within 2 miles each side of the Fulton County VOR 276° radial extending from the 5-mile radius zone to 7 miles W of the VOR excluding the portion within the Dobbins AFB/NAS Atlanta control zone.

AMENDMENTS On Publ. 4/16/64 29 F.R. 5209 (Rewritten)

Atlanta, Ga. (Atlanta Airport)
Within a 5-mile radius of Atlanta Airport (latitude 33°38'42" N., longitude 84°25'37" W.); within 2 miles each side of the Atlanta ILS localizer W course, extending from the 5-mile radius zone to the OM; within 2 miles each side of the Atlanta ILS localizer SE course, extending from the 5-mile radius zone to the OM; within 2 miles each side of the Atlanta ILS localizer E course, extending from the 5-mile radius zone to the INT of the localizer E course and the McDonough, Ga., VORTAC 333° radial; within a 3-mile radius of Morris AAF (latitude 33° 37' 20" N., longitude 84° 20' 30" W.); within 2 miles each side of the Rex, Ga., VOR 271° radial, extending from the 5-mile radius zone to 8.5 miles E of the Atlanta Airport, and within 2 miles each side of the Fulton, Ga., VOR 151° radial, extending from the Atlanta Airport 5-mile radius zone to the Fulton County 5-mile radius zone.

AMENDMENTS 4/2/64 29 F.R. 1445 (Rewritten); On Publ. 4/7/64 29 F.R. 4855 (Changed)

Atlanta, Ga. (Dobbins AFB/NAS Atlanta)
Within a 5-mile radius of Dobbins AFB/NAS Atlanta (Lat. 33°55'00" N, Long. 84°31'00" W); within 2 miles either side of the 105° bearing from the Lost Mountain, Ga., RBN extending from the 5-mile radius zone to the RBN; within 2 miles either side of the NAS Atlanta TACAN 295° radial extending from the 5-mile radius zone to 10 miles W of the TACAN; and within 2 miles either side of the 104° bearing from the Dobbins AFB/NAS Atlanta extending from the 5-mile radius zone to 6 miles SE of the lift-off end of runway 10.

PENDING AMENDMENT
Atlanta, Ga. (Dobbins AFB/NAS Atlanta).
Within a 5-mile radius of the Dobbins AFB/NAS Atlanta (latitude 33°55'00" N., longitude 84°31'00" W.); within 2 miles each side of the 105° bearing from the Lost Mountain, Ga., RBN, extending from the 5-mile radius zone to the RBN; within 2 miles each side of the 301° radial of the NAS Atlanta TACAN (latitude 33°54'08" N., longitude 84°30'35" W.) extending from the 5-mile radius zone to 7 miles NW of the TACAN.

AMENDMENTS 1/7/65 29 F. R. 14982 (Rewritten)

Atlantic City, N. J.
Within a 12-mile radius of the Atlantic City NAFEC Airport (Lat. 39°27'25" N, Long. 74°34'45" W), and the airspace bounded on the SW by the Atlantic City VORTAC 176° radial to 3 nmi offshore, on the SE by a line 3 nmi offshore, and on the NE by the Atlantic City VORTAC 112° radial, excluding the portion within a 2-mile radius of the Ocean City Airport (Lat. 39°16'00" N, Long. 74°36'15" W).

Augusta, Ga.
Within a 5-mile radius of Bush Field, Augusta, Ga. (latitude 33°22'10" N., longitude 81°57'55" W.); within 2 miles each side of the Augusta RBN 128° bearing, extending from the 5-mile radius zone to the RBN; within 2 miles each side of the Augusta VOR 140° radial, extending from the 5-mile radius zone to 8 miles SE of the VOR; within 2 miles each side of the 348° bearing from the Augusta LMM, extending from the 5-mile radius zone to 7 miles N of the LMM; and within a 2-mile radius of Daniel Field, Augusta, Ga. (latitude 33°27'55" N., longitude 82°02'25" W.).

AMENDMENTS 6/25/64 29 F.R. 5785 (Rewritten)
PENDING AMENDMENT
Augusta, Ga., control zone is amended by deleting "within 2 miles each side of the Augusta RBN 128° bearing, extending from the 5-mile radius zone to the RBN;" from the text. 11/12/64 29 F.R. 12823 (Changed); Eff. date changed 12/10/64 29 F. R. 14576 (Changed)

Augusta, Maine
Within a 5-mile radius of Augusta Airport (latitude 44° 19' 15" N., longitude 69° 47' 45" W.); within 2 miles each side of the Augusta VOR 330° radial, extending from the 5-mile radius zone to 7 miles NW of the VOR; within 2 miles each side of the Augusta VOR 156° radial, extending from the 5-mile radius zone to 7 miles SE of the VOR; and within 2 miles each side of the Augusta VOR 068° radial, extending from the 5-mile radius zone to 7 miles E of the VOR.

AMENDMENTS 4/30/64 29 F. R. 2931 (Rewritten)

Austin, Tex.
Within a 10-mile radius of Mueller Municipal Airport, Austin, Tex. (Lat. 30°17'55" N, Long. 97°42'00" W); within a 5-mile radius of Bergstrom AFB (Lat. 30°11'45" N, Long. 97°40'35" W); within 2 miles either side of the Austin VORTAC 004° radial extending from the 5-mile radius zone to 10 miles N of the VORTAC, and within 2 miles either side of the centerline of the Bergstrom AFB N-S runway extending from the Bergstrom 5-mile radius zone to 3 miles S of the Bergstrom RBN.

Baker, Oreg.
Within a 3-mile radius of Baker Municiapl Airport (Lat. 44°50'25" N, Long. 117°48'35" W).

Bakersfield, Calif.
Within a 5-mile radius of Meadows Field, Bakersfield, Calif. (latitude 35° 25' 40" N., longitude 119° 03' 05" W.), and within 2 miles W and 3 miles E of the Bakersfield VORTAC 338° radial, extending from the 5-mile radius zone to 7 miles NW of the VORTAC.

AMENDMENTS 4/2/64 29 F. R. 1843 (Rewritten)

Baltimore, Md.
Within a 5-mile radius of Friendship International Airport (Lat. 39°10'25" N, Long. 76°40'15" W); within 2 miles either side of the Baltimore ILS localizer E course extending from the 5-mile radius zone to 6 miles E of the localizer; within 2 miles either side of the Baltimore VORTAC 088° radial extending from the 5-mile radius zone to 6 miles E of the VORTAC, and within 2 miles either side of the ILS localizer W course extending from the 5-mile radius zone to 10 miles W of the OM.

Bangor, Maine.
Within a 7-mile radius of Dow AFB, Bangor, Maine (latitude 44° 48' 20" N., longitude 68° 49' 32" W.); within 2 miles each side of the Bangor VORTAC 321° radial, extending from the 7-mile radius zone to 11 miles NW of the VORTAC; within 2 miles each side of the Bangor VORTAC 135° radial, extending from the 7-mile radius zone to 7 miles SE of the Bangor ILS OM; and within 2 miles each side of the Bangor VORTAC 053° radial, extending from the VORTAC to the Old Town, Maine, control zone.

AMENDMENTS 4/30/64 29 F. R. 2931 (Rewritten)

Baton Rouge, La.
Within a 5-mile radius of Ryan Airport, Baton Rouge, La. (Lat. 30°31'53" N, Long. 91°09'00" W); within a 3-mile radius of Downtown Airport, Baton Rouge, La. (Lat. 30°26'45" N, Long. 91°06'25" W); within 2 miles either side of the 313° and 133° bearings from the Baton Rouge LOM extending from the Ryan Airport 5-mile radius zone to 10 miles NW and 19 miles SE of the LOM, and within 2 miles either side of the Baton Rouge VOR 071° and 251° radials extending from the Ryan Airport 5-mile radius zone to 10 miles SW of the VOR.

Battle Creek, Mich.
Within a 5-mile radius of Kellogg Field, Battle Creek, Mich. (latitude 42° 18' 35" N., longitude 85° 14' 55" W.), within 2 miles each side of the Battle Creek VORTAC 050° and 215° radials, extending from the 5-mile radius zone to 8 miles NE and SW of the VORTAC, and within 2 miles each side of the Kellogg Field ILS localizer SW course, extending from the 5-mile radius zone to 5 miles SW of the approach end of Runway 4.

Beaufort, S. C.
Within a 5-mile radius of MCAS Beaufort (latitude 32°28'40" N., longitude 80°43'20" W.); and within 2 miles each side of the MCAS Beaufort RBN 042° bearing, extending from the 5-mile radius zone to 8 miles NE of the RBN.

AMENDMENTS 4/30/64 29 F.R. 3293 (Rewritten)

Beaumont, Tex.
Within a 5-mile radius of Jefferson County Airport, Beaumont, Tex., (Lat. 29°57'05" N, Long. 94°01'10" W); within 2 miles either side of the Beaumont VOR 064° radial extending from the 5-mile radius zone to the VOR, and within 2 miles either side of the Beaumont ILS localizer NW course extending from the 5-mile radius zone to the OM.

Bedford, Mass.
Within a 5-mile radius of Laurence G. Hanscon Field, Bedford, Mass., (Lat. 42°28'05" N, Long. 71°17'20" W).

Beeville, Tex.
Within a 5-mile radius of NAAS Chase Field, Beeville, Tex., (Lat. 28°22'00" N, Long. 97°40'00" W); within 2 miles either side of the NAAS Chase TACAN 129° and 321° radials extending from the 5-mile radius zone to 7 miles SE and NW of the TACAN, and within 2 miles either side of the NAAS Chase VOR 349° radial extending from the 5-mile radius zone to 7 miles N of the VOR.

Belleville, Ill.
Within a 5-mile radius of Scott AFB, Belleville, Ill. (latitude 38°32'30" N., longitude 89°51'05" W.), and within 2 miles each side of the 317° bearing from the Belleville RBN, extending from the 5-mile radius zone to 5.5 miles SE of the SE end of Scott AFB Runway 31.

Bellingham, Wash.
Within a 3-mile radius of Bellingham Municipal Airport.

**Bemidji, Minn.**
Within a 4-mile radius of Bemidji Municipal Airport (latitude 47°30'35" N., longitude 94°55'50" W.) and within 2 miles each side of the Bemidji VOR 136° radial, extending from the 4-mile radius zone to the VOR, excluding the portion 9 miles SE of and parallel to the Bemidji VOR 024° and 204° radials. This control zone is effective - see Airman's Guide for hours of designation.

AMENDMENTS 9/8/64 29 F.R. 11960 (Changed):

**Bethel, Alaska**
Within a 5-mile radius of Bethel Municipal Airport (Lat. 60°46'55" N, Long. 161°49'55" W); within 2 miles either side of the Bethel VOR 007° and 214° radials extending from the 5-mile radius zone to 12 miles N and SW of the VOR; within 2 miles either side of the 296° bearing from the Bethel RR extending from the 5-mile radius zone to the RR, and within 2 miles either side of the 023° bearing from the Bethel RBN extending from the 5-mile radius zone to 12 miles NE of the RBN.

**Bettles, Alaska**
Within a 5-mile radius of Bettles Airport (latitude 66°55'00" N., longitude 151°31'00" W.); within 2 miles each side of the Bettles RR SE course, extending from the 5-mile radius zone to 8 miles SE of the RR; within 2 miles each side of the 210° bearing from the RR, extending from the 5-mile radius zone to 8 miles SW of the RR, and within 2 miles each side of the Bettles VOR 216° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR.
AMENDMENTS 6/25/64 29 F.R. 5387 (Rewritten)

**Big Delta, Alaska**
Within a 5-mile radius of Big Delta Airport (Lat. 63°59'45" N, Long. 145°43'00" W) and within 2 miles either side of the Big Delta RR NW course extending from the 5-mile radius zone to 12 miles NW of the RR.

**Big Spring, Tex.**
Within a 5-mile radius of Webb AFB, Big Spring, Tex., (Lat. 32°12'53" N, Long. 101°31'25" W); within 2 miles either side of the 251° bearing from the Big Spring RBN extending from the 5-mile radius zone to 10 miles W of the RBN, and within 2 miles either side of the Big Spring VOR 191° radial extending from the 5-mile radius zone to the VOR.

**Billings, Mont.**
Within a 5-mile radius of Logan Field, Billings, Mont., (Lat. 45°48'23" N, Long. 108°31'54" W) and within 2 miles either side of the 071° bearing from the Billings RBN extending from the 5-mile radius zone to 12 miles NE of the RBN.

**Biloxi, Miss.**
Within a 5-mile radius of Keesler AFB, Biloxi, Miss. (Lat. 30°24'25" N, Long. 88°55'30" W); within 2 miles either side of the Keesler AFB TACAN 047° radial extending from the 5-mile radius zone to 7 miles NE of the TACAN, and within 2 miles either side of the Keesler TACAN 204° radial extending from the 5-mile radius zone to 7 miles SW of the TACAN.

**Binghamton, N. Y.**
Within a 5-mile radius of Broome County Airport, Binghamton, N. Y.; within 2 miles either side of the Broome County Airport ILS localizer SE course extending from the 5-mile radius zone to 10 miles SE of the OM, and within 2 miles either side of the Binghamton VORTAC 066° and 246° radials extending from the 5-mile radius zone to 5 miles SW of the VORTAC.

**Birmingham, Ala.**
Within a 5-mile radius of Birmingham Airport (Lat. 33°35'58" N, Long. 86°45'05" W) and within 2 miles either side of the ILS localizer SW course extending from the 5-mile radius zone to the OM.

**Bismarck, N. Dak.**
Within a 5-mile radius of Bismarck Municipal Airport (Lat. 46°46'40" N, Long. 100°45'15" W) within 2 miles either side of the Bismarck ILS localizer SE course extending from the 5-mile radius zone to 10 miles SE of the OM, and within 2 miles either side of the Bismarck VOR 114° radial extending from the 5-mile radius zone to 10 miles SE of the VOR.

**Blackstone, Va.**
Within a 4-mile radius of Blackstone AAF (latitude 37°04'30" N., longitude 77°57'45" W.), excluding the portion within R-6602; and within 2 miles each side of the 129° bearing from the Blackstone RBN, extending from the 4-mile radius zone to the RBN.

AMENDMENTS 5/28/64 29 F.R. 3469 (Added)

**Bloomington, Ind.**
Within a 3-mile radius of the Monroe County Airport, Bloomington, Ind. (latitude 39°08'25" N., longitude 86°37'00" W.), and within 2 miles each side of the Bloomington VOR 236° radial, extending from the 3-mile radius zone to 8 miles SW of the VOR, effective from 0600 to 2330 hours local time, daily.

**Bluefield, W. Va.**
Within a 5-mile radius of Mercer County Airport, Bluefield, W. Va. (latitude 37° 17' 45" N., longitude 81° 12' 30" W.), with 2 miles each side of the Bluefield VOR 047° radial, extending from the 5-mile radius zone to 4.5 miles NE of the VOR, and within 2 miles each side of the Bluefield VOR 267° radial, extending from the 5-mile radius zone to 15 miles W of the VOR.

AMENDMENTS 4/2/64 29 F. R. 2306 (Rewritten):

**Blythe, Calif.**
Within a 5-mile radius of Blythe Airport (Lat. 33°37'15" N, Long. 114°43'00" W).

**Blytheville, Ark.**
Within a 5-mile radius of Blytheville AFB (Lat. 35°57'50" N, Long. 89°56'40" W) and within 2 miles either side of the 360° bearing from the AFB extending from the 5-mile radius zone to 2 miles N of the Blytheville RBN.

**Boise, Idaho**
Within a 5-mile radius of Boise Air Terminal (Lat. 44°33'55" N, Long. 116°13'35" W).

**Boston, Mass.**
Within a 5-mile radius of Logan International Airport, Boston, Mass. (Lat. 42°21'55" N, Long. 71°00'05" W), within 2 miles either side of the 016° bearing from the Boston RBN extending from the 5-mile radius zone to 10 miles N of the RBN; within 2 miles either side of the Boston ILS localizer SW extending from the 5-mile radius zone to 10 miles SW of the OM; and within 2 miles either side of the Boston VORTAC 144° radial extending from the 5-mile radius zone to 12 miles SE of the VORTAC.

**Bowling Green, Ky.**
Within a 5-mile radius of Bowling Green-Warren County Airport (Lat. 36°57'55" N, Long. 86°25'10" W), and within 2 miles either side of the Bowling Green VORTAC 206° radial extending from the 5-mile radius zone to 12 miles SW of the VORTAC.

**Bozeman, Mont.**
Within a 3-mile radius of Gallatin-Bozeman Airport (Lat. 45°46'50" N, Long. 111°09'20" W).

**Bradford, Pa.**
Within a 5-mile radius of the Bradford-McKean County Airport (latitude 41°48'10" N., longitude 78°38'20" W.); within 2 miles each side of the Bradford VOR 138° radial, extending from the 5-mile radius zone to 7 miles SE of the VOR: and within 2 miles each side of the Bradford RBN 134° bearing, extending from the 5-mile radius zone to 7 miles SE of the RBN.
AMENDMENTS 5/28/64 29 F.R. 4853 (Rewritten)

**Brainerd, Minn.**
Within a 5-mile radius of the Brainerd-Crow Wing County Municipal Airport (latitude 46° 23' 25" N., longitude 94° 08' 20" W.) and within 2 miles each side of the Brainerd VOR 297° radial, extending from the 5-mile radius zone to the VOR - see Airman's Guide for hours of designation.

AMENDMENTS 9/8/64 29 F.R. 11960 (Changed)

**Bridgeport, Conn.**
Within a 5-mile radius of Bridgeport Airport and within 2 miles either side of the Bridgeport VOR 037° radial extending from the 5-mile radius zone to 10 miles NE of the VOR.

**Brownsville, Tex.**
Within a 5-mile radius of Rio Grande Valley International Airport, Brownsville, Tex. (Lat. 25°54'25" N, Long. 97°25'25" W); within 2 miles either side of the 343° bearing from the Brownsville RBN extending from the 5-mile radius zone to 8 miles NW of the RBN, and within 2 miles either side of the Brownsville VOR 071° radial extending from the 5-mile radius zone to 8 miles E of the VORTAC, excluding the portion outside the United States.

**Brunswick, Ga. (McKinnon Airport)**
Within a 5-mile radius of McKinnon Airport, Brunswick, Ga., (Lat. 31°09'05" N, Long. 81°23'20" W), and within 2 miles either side of the Brunswick VOR 023° radial extending from the 5-mile radius zone to the VOR.

**Brunswick, Ga. (NAS Glynco)**
Within a 5-mile radius of NAS Glynco (Lat. 31°15'31" N, Long. 81°28'01" W); within 2 miles either side of the Glynco TACAN 055° radial extending from the 5-mile radius zone to 7 miles NE of the TACAN; within 2 miles either side of the Glynco TACAN 250° radial extending from the 5-mile radius zone to 9 miles SW of the TACAN, excluding the portion within the McKinnon Airport control zone, Brunswick, Ga.

**Brunswick, Maine**
Within a 5-mile radius of NAS Brunswick (Lat. 43°53'35" N, Long. 69°56'20" W), excluding the portion within A-7, and within 2 miles either side of the 173° bearing from the Brunswick NAS RBN extending from the 5-mile radius zone to 10 miles S of the RBN.

**Buffalo, N. Y.**
Within a 5-mile radius of Greater Buffalo International Airport (latitude 42° 56' 25" N., longitude 78° 43' 60" W.); within 2 miles each side of the Buffalo VORTAC 099° radial, extending from the 5-mile radius zone to 7 miles E of the VORTAC; within 2 miles each side of the Buffalo RBN 042° bearing, extending from the 5-mile radius zone to 8 miles NE of the RBN, and within 2 miles each side of the Buffalo ILS localizer SW course, extending from the 5-mile radius zone to 7 miles SW of the Cheektowaga, N. Y., FM, excluding the portion within a 1-mile radius of Buffalo Airpark (latitude 42° 51' 40" N., longitude 78° 43' 00" W.).

Burbank, Calif.
Within a 5-mile radius of Lockheed Air Terminal, Burbank, Calif. (latitude 34° 12' 15" N., longitude 118° 21' 30" W.), and within 2 miles each side of the 113° bearing from the Glendale, Calif., RBN, extending from the 5-mile radius zone to 6 miles SE of the RBN, excluding the portion W of a line from latitude 34° 16' 00" N., longitude 118° 25' 55" W. to latitude 34° 09' 25" N., longitude 118° 25' 40" W. and the portion within a 1-mile radius of Whiteman Airpark, Pacoima, Calif. (latitude 34° 15' 35" N., longitude 118° 24' 45" W.)

AMENDMENTS 4/2/64 29 F. R. 1843 (Rewritten)

**Burley, Idaho**
Within a 5-mile radius of Burley Municipal Airport (latitude 42° 32' 30" N., longitude 113° 46' 20" W.); within 2 miles each side of the Burley VORTAC 112° radial, extending from the 5-mile radius zone to the VORTAC, and within 2 miles each side of the Burley RR N course, extending from the 5-mile radius zone to 8 miles N of the RR.

AMENDMENTS 4/2/64 28 F.R. 13359 (Rewritten);

**Burlington, Iowa**
Within a 5-mile radius of Burlington Municipal Airport (Lat. 40°47'06" N, Long. 91°07'27" W), and within 2 miles either side of the Burlington VOR 293° radial extending from the 5-mile radius zone to the VOR.

BURLINGTON, VT.
Within a 5-mile radius of the Burlington Municipal Airport (latitude 44° 28" 15" N., longitude 73° 09' 10" W.) and within 2 miles each side of the 334° bearing from latitude 44° 30' 10" N., longitude 73° 11' 30" W., extending from the 5-mile radius zone to 9 miles NW of latitude 44° 30' 10" N., longitude 73° 11' 30" W.

AMENDMENTS 2/7/64 29 F.R. 1842 (Rewritten);

**Butte, Mont.**
Within a 5-mile radius of Silver Bow County Airport, Butte, Mont. (latitude 45°57'15" N., longitude 112° 29'50" W.).

**Calverton, N. Y.**
Within a 5-mile radius of Grumman-Peconic River Airport, Calverton, N. Y., (Lat. 40°54'55" N, Long. 72°47' 35" W), and within 2 miles either side of the Riverhead, N. Y., VORTAC 086° radial extending from the 5-mile radius zone to the VORTAC, excluding the portion within the Suffolk County AFB control zone, Westhampton Beach, Long Island, N. Y.

**Camp Douglas, Wis.**
Within a 5-mile radius of Volk Field, Camp Douglas, Wis., (Lat. 43°56'25" N, Long. 90°15'20" W), and within 2 miles either side of the Volk Field VORTAC 093° radial extending from the 5-mile radius zone to 12 miles E of the VORTAC. This control zone shall be effective during the specific dates and times established in advance by a Notice to Airmen, and continuously published in the Airman's Guide.

Camp Springs, Md.
Within a 5-mile radius of Andrews AFB, Camp Springs, Md. (latitude 38°48'40" N., longitude 76°52'05" W.), within 2 miles E of the extended centerline of the Andrews AFB Runway 19-L and 2 miles W of the Andrews AFB ILS localizer S course, extending from the 5-mile radius zone to the OM, within 2 miles each side of the Andrews AFB ILS localizer N course, extending from the 5-mile radius zone to the OM, excluding the portion within a 1-mile radius of Hyde Field, Clinton, Md. (latitude 38°45'00" N., longitude 76°56'00" W.), and excluding the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone with the Washington, D. C., control zone.

Carlsbad, N. Mex.
Within a 5-mile radius of Carlsbad Municipal Airport (latitude 32°20'20" N., longitude 104°15'45" W.), and within 2 miles each side of the Carlsbad VOR 337° radial, extending from the 5-mile radius zone to the VOR.

Casper, Wyo.
Within a 5-mile radius of Casper Air Terminal (latitude 42°54'25" N., longitude 106°27'50" W.); within 2 miles each side of the Casper VORTAC 216° radial, extending from the 5-mile radius zone to 26 miles SW of the VORTAC; within 2 miles each side of the Casper ILS localizer W course, extending from the 5-mile radius zone to 5 miles W of the OM; within 2 miles each side of the 270° bearing from the Casper RBN, extending from the 5-mile radius zone to the RBN and within 2 miles each side of the Casper VORTAC 216° radial, extending from the 5-mile radius zone to the VORTAC.

Cedar City, Utah
Within a 5-mile radius of Cedar City Municipal Airport (latitude 37°42'05" N., longitude 113°05'52" W.) and within 2 miles on each side of the Cedar City VOR 195° radial extending from the 5-mile radius zone to the VOR.

Cedar Rapids, Iowa
Within a 5-mile radius of Cedar Rapids Municipal Airport (latitude 41° 53' 05" N., longitude 91° 42' 45" W.) within 2 miles each side of the Cedar Rapids ILS localizer W course, extending from the 5-mile radius zone to 8 miles W of the OM, within 2 miles each side of the Cedar Rapids VOR 265° radial, extending from the 5-mile radius zone to 8 miles W of the VOR, and within 2 miles each side of the Cedar Rapids VOR 092° radial, extending from the 5-mile radius zone to 9.5 miles E of the VOR.
4/2/64 29 F.R. 1841 (Rewritten)

Chadron, Nebr.
Within a 5-mile radius of Chadron Municipal Airport (latitude 42°50'00" N., longitude 103°05'50" W.), and within 2 miles each side of the 010° bearing from the Chadron Municipal Airport, extending from the 5-mile radius zone to 8 miles N of the airport.

Chamblee, Ga.
Within a 3-mile radius of De Kalb-Peachtree Airport, Chamblee, Ga., (Lat. 33°52'30" N, Long. 84°18'10" W) and within 2 miles either side of the Norcross, Ga., VORTAC 242° radial extending from the 3-mile radius zone to the VORTAC from 0700 to 2300 hours, local time, daily.

Champaign, Ill.
Within a 5-mile radius of the University of Illinois-Willard Airport, Champaign, Ill. (latitude 40°02'25" N., longitude 88°16'35" W.), within 2 miles each side of the Champaign VORTAC 123° radial, extending from the 5-mile radius zone to 8 miles SE of the VORTAC, and within 2 miles each side of the Champaign VORTAC 233° radial, extending from the 5-mile radius zone to 8 miles SW of the VORTAC.

AMENDMENTS 5/28/64 29 F.R. 3356 (Rewritten)

Chandler, Ariz.
Within a 5-mile radius of Williams AFB, Chandler, Ariz., (Lat. 33°18'25" N, Long. 111°39'35" W), and within 2 miles either side of the 115° bearing from the AFB extending from the 5-mile radius zone to the Chandler RBN.

PENDING AMENDMENT
Chandler, Ariz.
Within a 5-mile radius of Williams AFB (latitude 33°18'25" N., longitude 111°39'35" W.); within 2 miles each side of the Chandler TACAN 117° radial, extending from the 5-mile radius zone to 8 miles SE of the TACAN; and within 2 miles each side of the Chandler TACAN 141° radial, extending from the 5-mile radius zone to 9 miles SE of the TACAN. This control zone is effective from 0700 to 1700 hours local time, Monday through Friday, excluding Federal legal holidays.
AMENDMENTS 12/10/64 29 F.R. 14104 (Rewritten)

**Chantilly, Va.**
Within a 5-mile radius of Dulles International Airport, Chantilly, Va., (Lat. 38°56'40" N, Long. 77°27'24" W); within 2 miles either side of the Dulles runway 1-R ILS localizer S course extending from the 5-mile radius zone to the runway 1-R ILS OM; within 2 miles either side of the Dulles runway 19-R ILS localizer N course extending from the 5-mile radius zone to 2 miles N of the runway 19-R ILS OM; within 2 miles either side of the Herndon, Va., VORTAC 161° radial extending from the 5-mile radius zone to the VORTAC; and within 2 miles either side of the extended centerline of runway 30 extending from the 5-mile radius zone to 4 miles NW of the lift-off end of runway 30.

**Chanute, Kans.**
Within a 5-mile radius of the Martin Johnson Airport, Chanute, Kans. (latitude 37°40'05" N., longitude 95°29'00" W.) and within 2 miles each side of the Chanute VOR 064° radial, extending from the 5-mile radius zone to the VOR.

**Charleston, S. C.**
Within a 5-mile radius of Charleston AFB/Municipal Airport (Lat. 32°53'56" N, Long. 80°02'18" W); within 2 miles either side of the 299° bearings from the Charleston RBN extending from the 5-mile radius zone to 12 miles NW of the RBN; within 2 miles either side of the Charleston VORTAC 334° radial extending from the 5-mile radius zone to 12 miles NW of the VORTAC; within 2 miles either side of the Charleston VORTAC 016°, 146° and 210° radials extending from the 5-mile radius zone to 7 miles NE, SE and SW of the VORTAC.

**Charleston, W. Va.**
Within a 5-mile radius of Kanawha County Airport, Charleston, W. Va., (Lat. 38°22'21" N, Long. 81°35'35" W); within 2 miles either side of the Charleston ILS localizer NE course extending from the 5-mile radius zone to 10 miles NE of the OM; and within 2 miles either side of the Charleston VORTAC 087° radial extending from the 5-mile radius zone to the VORTAC.

**Charlotte, N. C.**
Within a 5-mile radius of Douglas Airport, Charlotte, N. C., (Lat. 35°12'58" N, Long. 80°56'22" W); within 2 miles either side of the Fort Mill, S. C., VOR 004° radial extending from the 5-mile radius zone to the VOR, and within 2 miles either side of the Douglas Airport ILS localizer SW course extending from the 5-mile radius zone to the OM.

**Chattanooga, Tenn.**
Within a 5-mile radius of Lovell Field, Chattanooga, Tenn. (latitude 35° 02' 05" N., longitude 85° 12' 10" W.) within 2 miles each side of the Chattanooga VORTAC 333° radial, extending from the 5-mile radius zone to the VORTAC; within 2 miles each side of the Chattanooga ILS localizer NE course, extending from the 5-mile radius zone to 8 miles NE of the airport; and within 2 miles each side of the Chattanooga ILS SW course, extending from the 5-mile radius zone to the INT of the ILS SW course and the 263° radial of the Chattanooga VORTAC.

**Cheyenne, Wyo.**
Within a 5-mile radius of the Cheyenne Municipal Airport (latitude 41° 09' 25" N., longitude 104° 48' 25" W.); within 2 miles each side of a 296° bearing from the Cheyenne RBN, extending from the 5-mile radius zone to 12 miles NW of the RBN; within 2 miles each side of a 090° bearing from the Cheyenne RBN, extending from the 5-mile radius zone to 11.5 miles E of the RBN; within 2 miles each side of the Cheyenne ILS localizer E course extending from the 5-mile radius zone to 10 miles E of the airport and within 2 miles each side of the Cheyenne VORTAC 032° radial, extending from the 5-mile radius zone to 10 miles NE of the VORTAC.

**Chicago, Ill., (Midway Airport)**
Within a 6-mile radius of Chicago-Midway Airport (Lat. 41°47'04" N, Long. 87°45'12" W); within 2 miles either side of the Chicago-Midway ILS localizer SE course extending from the 6-mile radius zone to the Chicago Heights, Ill., VOR 044° radial, and within 2 miles either side of the Chicago-Midway ILS localizer NW course extending from the 6-mile radius zone to 12 miles NW of the Chicago-Midway OM, excluding the portion within the O'Hare International Airport, Chicago, Ill., control zone.

**Chicago, Ill., (O'Hare International Airport)**
Within a 6-mile radius of Chicago-O'Hare International Airport (Lat. 41°59'10" N, Long. 87°54'28" W); within 2 miles either side of the Chicago-O'Hare VOR 331° radial extending from the 6-mile radius zone to the INT of the Northbrook, Ill., VOR 196° and the Chicago-O'Hare VOR 331° radials, and within 2 miles either side of the Chicago-O'Hare Runway 14-R ILS localizer NW course, extending from the 6-mile radius zone to the Runway 14-R OM, excluding the portion NE of a line between the INTs of the 6-mile radius and the 5-mile radius of Glenview, Illinois, control zone.

**Chicago, Ill., (Meigs Airport)**
Within a 3-mile radius of Meigs Airport, (Lat. 41°51'30" N., Long. 87°36'30" W) from 0600 to 2200 hours local time, daily, excluding the portion W of Long. 87°38'00" W.

**Childress, Tex.**
Within a 5-mile radius of the Childress Municipal Airport (latitude 34°25'55" N., longitude 100°17'45" W.) and within 2 miles each side of the Childress VOR 182° radial, extending from the 5-mile radius zone to 8 miles S of the VOR.

**China Lake, Calif.**
Within a 5-mile radius of NAF China Lake (Lat. 35°41'15" N, Long. 117°41'35" W); within a 1-mile radius of Ridgecrest-Davis, Calif., Airport (Lat. 35°36'40" N, Long. 117°40'25" W) and within 2 miles either side of the NAF China Lake TACAN 350° and 148° radials extending from the 5-mile radius zone to 3 miles N and SE of the TACAN.

**Chincoteague, Va.**
Within a 5-mile radius of NASA Wallops Station Airport, Chincoteague, Va. (latitude 37°56'15" N., longitude 75°28'15" W.) and within 2 miles each side of the Snow Hill, Md., VOR 181° radial, extending from the 5-mile radius zone to 2.5 miles S of the VOR, excluding the portion within R-6604. This control zone is effective from 0800 to 1700 hours, local time, Monday through Friday, excluding Federal legal holidays.

**Cincinnati, Ohio**
Within a 5-mile radius of Cincinnati Municipal (Lunken Airport), and within 2 miles either side of the Cincinnati RR SW and NE courses extending from the 5-mile radius zone to the Loveland FM

Cleveland, Ohio (Burke-Lakefront Airport)
Within a 3-mile radius of the Burke-Lakefront Airport (latitude 41°31'00" N., longitude 81°41'00" W.), from 0700 to 2300 hours, local time, daily.

Cleveland, Ohio (Cleveland-Hopkins Airport)
Within a 5-mile radius of the Cleveland-Hopkins Airport (latitude 41°24'30" N., longitude 81°51'00" W.); within 2 miles each side of the Runway 23-R-ILS localizer NE course, extending from the 5-mile radius zone to 6 miles NE of the NE end of the runway; within 2 miles each side of the Runway 27-R-ILS localizer E course, extending from the 5-mile radius zone to the Runway 27-R-ILS OM; within 2 miles each side of the Strongsville, Ohio, VOR 012° radial, extending from the 5-mile radius zone to the VOR; including the airspace within a 1-mile radius of the Brooklyn Airport (latitude 41°25'30" N., longitude 81°44'25" W.); and within a 1-mile radius of the Strongsville Airpark (latitude 41°19'25" N., longitude 81°51'50" W.).

**Clinton, Okla.**
Within a 5-mile radius of the Clinton-Sherman AFB (latitude 35° 20' 25" N., longitude 99° 12' 00" W.); within 2 miles each side of the Clinton-Sherman VOR 003° radial, extending from the 5-mile radius zone to the VOR; within 2 miles each side of the Clinton-Sherman AFB TACAN 174° radial, extending from the 5-mile radius zone to 7 miles S of the TACAN; and within 2 miles each side of the Clinton-Sherman AFB TACAN 006° radial, extending from the 5-mile radius zone to 7 miles N of the TACAN.

AMENDMENTS 4/2/64 29 F.R. 556 (Rewritten);

Clovis, N. Mex.
Within a 6-mile radius of Cannon AFB, Clovis, N. Mex. (latitude 34° 23' 01" N., longitude 103° 18' 58" W.); within 2 miles each side of the Cannon AFB TACAN 219° radial, extending from the 6-mile radius zone to 9 miles SW of the TACAN; within 2 miles each side of the Cannon AFB VOR 227° radial, extending from the 6-mile radius zone to 12 miles SW of the VOR; within 2 miles each side of the Cannon TACAN 232° radial, extending from the 6-mile radius zone to 9 miles SW of the TACAN, and within 2 miles each side of the Cannon VOR 242° radial, extending from the 6-mile radius zone to 8 miles SW of the VOR.

**Cold Bay, Alaska**
Within a 5-mile radius of Cold Bay Airport (Lat. 55°12'30" N, Long. 162°42'45" W); within 2 miles either side of the Cold Bay RR N course extending from the 5-mile radius zone to 8 miles N of the RR, and within 2 miles either side of the Cold Bay ILS localizer NW course extending from the 5-mile radius zone to the OM.

College Station, Tex.
Within a 5-mile radius of Easterwood Field, College Station, Tex. (latitude 30°35'00" N., longitude 96°22' 00" W.) and within 2 miles each side of the College Station VOR 287° radial, extending from the 5-mile radius zone to 8 miles W of the VOR.

Colorado Springs, Colo.
Within a 5-mile radius of Peterson Field, Colorado Springs, Colo. (latitude 38°48'35" N., longitude 104°42'20" W.), and within a 1-mile radius of Pikes Peak Airport, Fountain, Colo. (latitude 38°43'40" N., longitude 104°42'00" W.).

Columbia, Mo.
Within a 5-mile radius of Columbia Municipal Airport (latitude 38°58'25" N., longitude 92°21'50" W.).

Columbia, S. C.
Within a 5-mile radius of Columbia Airport (Lat. 33°56'25" N, Long. 81°06'55" W); within 2 miles either side of the Columbia VOR 326° radial extending from the 5-mile radius zone to the VOR, and within 2 miles either side of the Columbia ILS localizer SW course extending from the 5-mile radius zone to 7 miles SW of the OM.

Columbus, Ga. (Lawson AAF).
Within a 5-mile radius of Lawson AAF (latitude 32°20'20" N., longitude 84°59'35" W.); within 2 miles each side of the Lawson AAF VOR 022° radial, extending from the 5-mile radius zone to 5.5 miles N of the airport; within 2 miles each side of the Lawson VOR 206° radial, extending from the 5-mile radius zone to 8 miles SW of the Columbus RBN; and within 2 miles each side of the Lawson VOR 341° radial, extending from the 5-mile radius zone to 6 miles N of the airport, excluding the portion within R-3002.

Columbus, Ga. (Muscogee County Airport)
Within a 5-mile radius of Muscogee County Airport (Lat. 32°30'55" N, Long. 84°56'25" W); within 2 miles either side of the Columbus VOR 149° radial extending from the 5-mile radius zone to the VOR, and within 2 miles either side of the 054° bearing from the Columbus LOM extending from the 5-mile radius zone to the LOM, excluding the portion within R-3002.

Columbus, Ind.
Within a 5-mile radius of Bakalar AFB, Columbus, Ind. (latitude 39°15'50" N., longitude 85°53'55" W.) and within 2 miles each side of the 044° bearing from the Bakalar AFB, extending from the 5-mile radius zone to 12 miles NE of the AFB, from 0730 to 2330 hours, local time, daily.

AMENDMENTS 4/30/64 29 F.R. 3225 (Rewritten)

Columbus, Miss.
Within a 7-mile radius of Columbus AFB, and within 25 miles either side of the extended centerline of Runway 14/32 extending from the 7-mile radius zone to 12 miles NW of the lift-off end of Runway 14/32.

Columbus, Ohio
Within a 5-mile radius of Port Columbus Airport (Lat. 39°59'34" N, Long. 82°52'50" W); within a 5-mile radius of the Lockbourne, Ohio, AFB (Lat. 39°48'51" N, Long. 82°55'56" W); within 2 miles either side of a direct line extending from the Columbus RBN to the Lockbourne AFB, within 2 miles either side of the Port Columbus ILS localizer E course extending from the Port Columbus Airport 5-mile radius zone to the Port Columbus OM, and within 2 miles either side of the Lockbourne AFB ILS localizer NE course extending from from the Lockbourne AFB 5-mile radius zone to the Lockbourne AFB OM.

Concord, Calif.
Within a 3-mile radius of Buchanan Field, Concord, Calif., (Lat. 37°59'20" N, Long. 122°03'20" W).

Concord, N. H.
Within a 5-mile radius of Concord Municipal Airport (Lat. 43°12'10" N, Long. 71°30'10" W); within 2 miles either side of the 149° bearing from Lat. 43°10'54" N, Long. 71°28'21" W extending from the 5-mile radius zone to 10 miles SE of Lat. 43°10'54" N, Long. 71°28'21" W, and within 2 miles either side of the Concord VOR 284° radial extending from the 5-mile radius zone to 10 miles W of the VOR.

Cordova, Alaska
Within a 5-mile radius of Cordova (Mile 13) Airport (Lat. 60°29'25" N, Long. 145°29'00" W); within 2 miles either side of the Cordova RR SE course extending from the 5-mile radius zone to the INT of the Cordova RR SE course and the Hinchinbrook, Alaska, RR E course, and within 2 miles either side of the Cordova RR SW course extending from the 5-mile radius zone to the INT of the Cordova RR SW course and the Hinchinbrook RR E course.

Corpus Christi, Tex.
Within a 5-mile radius of the Corpus Christi International Airport (latitude 27°46'20" N., longitude 97°30'20" W.); within 2 miles each side of the Corpus Christi VORTAC 200° radial, extending from the 5-mile radius zone to the VORTAC; and within 2 miles each side of the Corpus Christi ILS localizer NW course, extending from the 5-mile radius zone to the OM.

AMENDMENTS 11/12/64 29 F.R. 13164 (Rewritten)

Corpus Christi NAS, Texas
Within a 5-mile radius of NAS Corpus Christi (latitude 27°41'30" N., longitude 97°17'15" W.); within 2 miles each side of the Navy Corpus VOR 010° radial, extending from the 5-mile radius zone to 1 mile N of the VOR; within 2 miles each side of the Navy Corpus RBN 315° bearing, extending from the 5-mile radius zone to the RBN.

AMENDMENTS 11/12/64 29 F.R. 13164 (Added)

Cotulla, Tex.
Within a 3-mile radius of Cotulla Municipal Airport (latitude 28° 27' 15" N., longitude 99° 13' 05" W.); within 2 miles each side of the Cotulla VOR 265° radial, extending from the 3-mile radius zone to the VOR, and within 2 miles each side of the Cotulla RBN 320° bearing, extending from the 3-mile radius zone to 8 miles NW of the RBN.

AMENDMENTS 4/2/64 29 F.R. 605 (Rewritten);

Covington, Ky.
Within a 5-mile radius of Greater Cincinnati Airport, Covington, Ky.; within 2 miles either side of the Greater Cincinnati ILS localizer S course extending from the 5-mile radius zone to the INT of the Cincinnati, Ohio, RR SW course; within 2 miles either side of the Cincinnati ILS localizer N course extending from the 5-mile radius zone to the INT of the Cincinnati RR NW course, and within 2 miles either side of the Cincinnati VORTAC 223° radial extending from the 5-mile radius zone to 10 miles SW of the VORTAC.

Crescent City, Calif.
Within a 5-mile radius of Jack McNamara Field, Crescent City, Calif. (latitude 41° 46' 50" N., longitude 124° 14' 00" W.), and within 2 miles each side of the Crescent City VOR 325° radial, extending from the 5-mile radius zone to 8 miles NW of the VOR.
AMENDMENTS 5/28/64 28 F.R. 14419 (Rewritten);

Crestview, Fla.
Within a 5-mile radius of Crestview Airport (latitude 30°47'30" N., longitude 86°33'50" W.); within 2 miles either side of the 088° bearing from the Crestview RBN extending from the 5-mile radius zone to 10 miles E of the RBN and within 2 miles either side of the Crestview VOR 109° and 289° radials extending from the 5-mile radius zone to 10 miles W of the VOR.

PENDING AMENDMENT
Crestview, Fla.
Within a 5-mile radius of Bob Sikes Airport, Crestview, Fla. (latitude 30°46'47" N., longitude 86°31'21" W.) and within 2 miles each side of the Crestview VORTAC 109° radial extending from the 5-mile radius zone to the VORTAC.
AMENDMENTS 1/7/65 29 F. R. 14917 (Rewritten)

Crows Landing, Calif.
Within a 5-mile radius of ALF Crows Landing (Lat. 37°24'35" N, Long. 121°06'40" W) and within 2 miles either side of the ALF Crows Landing TACAN 327° radial, extending from the 5-mile radius zone to 7 miles NW of the TACAN, excluding the portion within R-2528.

Cut Bank, Mont.
Within a 5-mile radius of Cut Bank Airport (latitude 48°36'41" N., longitude 112°22'45" W.); within 2 miles each side of the Cut Bank VOR 150° radial, extending from the 5-mile radius zone to 12 miles SE of the VOR, and within 2 miles each side of the 168° bearing from the Cut Bank RBN, extending from the 5-mile radius zone to 12 miles S of the RBN.

AMENDMENTS Eff. Immed. 1/23/63 28 F.R. 843 (Rewritten); 10/17/63 28 F. R. 8446 (Rewritten);

Dalhart, Tex.
Within a 5-mile radius of Dalhart Municipal Airport (Lat. 36°01'10" N, Long. 102°33'10" W) and within 2 miles either side of the Dalhart VORTAC 182° and 002° radials, extending from the 5-mile radius zone to 10 miles N of the VORTAC.

Dallas, Tex.
Within a 5-mile radius of Love Field, Dallas, Tex., (Lat. 32°51'00" N, Long. 96°50'30" W); within a 5-mile radius of Addison Airport, Dallas, Tex.; within 2 miles either side of the Love Field ILS localizer SE course, extending from the 5-mile radius zone to 7 miles SE of the localizer; within 2 miles either side side of a 185° bearing from the Dallas RBN extending from the Love Field 5-mile radius zone to the Duncanville RBN, and the airspace NW of Love Field bounded by a line extending from Lat. 32°49'40" N, Long. 96°55'45" W to Lat. 32°53'15" N, Long. 96°59'35" W to Lat. 32°54'40" N, Long. 96°57'45" W, through Lat. 32°56'55" N, Long. 96°55'15" W.

**Danville, Va.**
Within a 5-mile radius of Danville Municipal Airport (Lat. 36°34'20" N, Long. 79°20'05" W), and within 2 miles either side of the Danville VOR 208° radial, extending from the 5-mile radius zone to 12 miles SW of the VOR.

**Dayton, Ohio**
Within a 5-mile radius of Dayton Municipal Airport, within 2 miles either side of the Dayton ILS localizer SW course extending from the 5-mile radius zone to 10 miles SW of the LOM, and within 2 miles either side of the Dayton ILS localizer NE course extending from the 5-mile radius zone to 10 miles NE of the Tripp City RBN.

**Daytona Beach, Fla.**
Within a 5-mile radius of the Daytona Beach Airport (latitude 29°11'05" N., longitude 81°03'20" W.); within 2 miles each side of the Daytona Beach VOR 156° and 336° radials, extending from the 5-mile radius zone to 1 mile N of the VOR; and within 2 miles each side of the 065° bearing from the Daytona Beach OM, extending from the 5-mile radius zone to the OM.

**Del Rio, Tex.**
Within a 5-mile radius of Laughlin AFB, Del Rio, Tex., within 2 miles either side of the 315° bearing from the Laughlin AFB extending from the 5-mile radius zone to the Laughlin AFB RBN and within 2.5 miles either side of the Laughlin AFB VOR 140° radial extending from the 5 mile radius zone to 12 miles SE of the AFB. This control zone is effective from 0600 to 1900 hours, local time, Monday through Friday and from 1200 to 1800 hours, local time, Sunday, excluding Federal legal holidays.

**Deming, N. Mex.**
Within a 5-mile radius of Deming Municipal Airport (latitude 32°15'25" N., longitude 107°43'00" W.); within 2 miles either side of the Deming VOR 270° radial extending from the 5-mile radius zone to 5.5 miles W of the airport and within 2 miles either side of the Deming VOR 264° radial extending from the 5-mile radius zone to 5.5 miles E of the airport.

**Denver, Colo.**
Within a 10-mile radius of Stapleton Air Field, Denver, Colo., (Lat. 39°45'35" N, Long. 104°52'40" W), within 2 miles either side of the Stapleton ILS localizer E course extending from the 10-mile radius zone to 11.5 miles E of Stapleton Air Field, within 2 miles either side of the Denver VORTAC 045° radial extending from the 10 mile radius zone to 5 miles NE of the VORTAC, and within 2 miles each side of the 002° bearing from the Denver RBN, extending from the 10-mile radius zone to 13 miles N of the RBN.

**Des Moines, Iowa**
Within a 5-mile radius of Des Moines Municipal Airport; within 2 miles either side of the Des Moines ILS localizer SE and NW courses extending from the 5-mile radius zone to 12 miles SE and NW of the localizer, and within 2 miles either side of the Des Moines VORTAC 176° and 356° radials extending from the 5-mile radius zone to 10 miles S of the VORTAC.

AMENDMENTS On Publ. 10/7/64 29 F.R. 13798 (Changed)

**Detroit, Mich. (Detroit City Airport)**
Within a 5-mile radius of Detroit City Airport (latitude 42°24'35" N., longitude 83°00'35" W.), within 2 miles each side of the 143° bearing from the Detroit City RBN, extending from the 5-mile radius zone to 6 miles NW of the approach end of the Detroit City Airport Runway 15, within 2 miles each side of the Windsor, Ontario, Canada, RR NW course, extending from the 5-mile radius zone to the United States/Canadian border, and within 2 miles each side of the Windsor, Ontario, Canada, VOR 347° radial, extending from the 5-mile radius zone to the United States/Canadian border.

PENDING AMENDMENT
Detroit, Mich. (Detroit City Airport)
Within a 5-mile radius of the Detroit City Airport (latitude 42°24'35" N., longitude 83°00'35" W.), within 2 miles each side of the 143° bearing from the Madison Heights, Mich. RBN, extending from the 5-mile radius zone to 6 miles NW of the approach end of the Detroit City Airport Runway 15 and within 2 miles each side of the Windsor, Ontario, Canada, R.R. NW course, extending from the 5-mile radius zone to the United States/Canadian border, and within 2 miles each side of the Windsor, Ontario, Canada, VOR 320° radial extending from the 5-mile radius zone to the United States/Canadian border.

AMENDMENTS 11/19/64 29 F. R. 14982 (Rewritten)

**Detroit, Mich. (Metropolitan Wayne County Airport)**
Within a 5-mile radius of Metropolitan Wayne County Airport (latitude 42°13'05" N., longitude 83°21'00" W.), within 2 miles each side of the Metropolitan Wayne County Airport ILS localizer SW course, extending from the 5-mile radius zone to the OM, and within 2 miles each side of the Metropolitan Wayne County Airport ILS localizer NE course, extending from the 5-mile radius zone to the OM, excluding the portion subtended by a chord drawn between the points of INT of the 5-mile radius zone with the Detroit, Mich. (Willow Run) control zone.

**Detroit, Mich. (Willow Run Airport)**
Within a 5-mile radius of Willow Run Airport (latitude 42°14'05" N., longitude 83°31'45" W.), within 2 miles each side of the Willow Run VOR 237° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR, within 2 miles each side of the Willow Run Airport ILS localizer SW course, extending from the 5-mile radius zone to the OM, excluding the portion subtended by a chord drawn between the points of INT of the 5-mile radius zone with the Detroit, Mich. (Metropolitan Wayne County Airport) control zone.

**Dickinson, N. Dak.**
Within a 3-mile radius of Dickinson Municipal Airport (latitude 46° 47' 45" N., longitude 102° 48' 00" W.).

**Dodge City, Kans.**
Within a 5-mile radius of Dodge City Municipal Airport (Lat. 37°45'45" N, Long. 99°58'00" W), and within 2 miles either side of the Dodge City VOR 161° radial, extending from the 5-mile radius zone to the VOR.

**Dothan, Ala.**
Within a 5-mile radius of the Dothan Municipal Airport (latitude 31°14'15" N., longitude 85°26'30" W.); within a 5-mile radius of Napier Field, Dothan (latitude 31°19'10" N., longitude 85°27'30" W.); within 2 miles each side of the Dothan VORTAC 010° radial, extending from the Napier Field 5-mile radius zone to 8 miles N of the VORTAC; and within 2 miles each side of the Dothan VORTAC 143° radial, extending from the Dothan Municipal Airport 5-mile radius zone to 8 miles SE of the VORTAC.

AMENDMENTS 5/28/64 29 F.R. 3469 (Rewritten)

**Douglas, Ariz.**
Within a 5-mile radius of Bisbee-Douglas International Airport (latitude 31° 28' 00" N., longitude 109° 36' 10" W.), and within 2 miles each side of the Douglas VOR 122° radial, extending from the 5-mile radius zone to the VOR.

AMENDMENTS 2/6/64 28 F. R. 13438 (Rewritten);

**Dover, Del.**
Within a 6-mile radius of Dover AFB (Lat. 39°07'45" N, Long. 75°27'50" W); within 2 miles either side of the Dover AFB ILS localizer S course extending from the 6-mile radius zone to 10 miles S of the OM, and within 2 miles either side of the extended centerline of the Dover AFB Runway 13, extending from the 6-mile radius zone to 12 miles SE of the lift-off end of Runway 13. The portion within R-2803 shall be used only after obtaining prior approval from appropriate authority.

**DuBois, Pa.**
Within a 5-mile radius of the DuBois-Jefferson County Airport (latitude 41°10'45" N., longitude 78°53'45" W.), excluding the portion within a 1-mile radius of Bywater Airport, Falls Creek, Pa. (latitude 41°09'55" N., longitude 78°48'15" W.).
AMENDMENTS 5/28/64 29 F.R. 4853 (Added)

**Dubuque, Iowa**
Within a 5-mile radius of the Dubuque Municipal Airport (latitude 42°24'10" N., longitude 90°42'32" W.) from 0600 to 2100 hours, local time, daily.

**Duluth, Minn.**
Within a 5-mile radius of Duluth International Airport (latitude 46°50'35" N., longitude 92°11'35" W.), and within 2 miles each side of the Duluth VORTAC 197° radial extending from the 5-mile radius zone to 8 miles S of the VOR, and within 2 miles each side of the Duluth ILS W course extending from the 5-mile radius zone to the OM.

AMENDMENTS 10/30/64 29 F. R. 15199 (Rewritten)

PENDING AMENDMENT
**Durango, Colo.**
Within a 5-mile radius of La Plata Field (latitude 37°09'15" N., longitude 107°45'00" W.), effective from 0600 to 2200 hours local time, daily.

AMENDMENTS 12/10/64 29 F. R. 14358 (Added)

**Dyersburg, Tenn.**
Within a 5-mile radius of Dyersburg Municipal Airport (latitude 36° 00' 00" N, longitude 89° 24' 20" W.), effective from 0600 to 2200 hours, local time, daily.

**Eastover, S. C.**
**Within a 6-mile radius of McEntire ANG Base, Eastover, S. C.**

**Eau Claire, Wis.**
**Within a 5-mile radius of Eau Claire Municipal Airport (Lat. 44°51'50" N, Long. 91°29'10" W), and within 2 miles either side of the Eau Claire VOR 004° radial, extending from the 5-mile radius zone to 10 miles N of the VOR.**

**Edwards AFB, Calif.**
**Within a 5-mile radius of Edwards AFB (Lat. 34°54'20" N, Long. 117°52'55" W); within a 3-mile radius of Edwards AF Auxiliary North Base (Lat. 34°59'11" N, Long. 117°51'41" W); within 2 miles either side of the Edwards AFB VOR 239° radial, extending from the 5-mile radius zone to the VOR, and within 2 miles either side of the Edwards VOR 239° radial extending from the 5-mile radius zone to 8 miles SW of the airport.**

**Eglin AFB, Fla.**
**Within a 5-mile radius of Eglin AFB (latitude 30°29'10" N., longitude 86°31'55" W.); within 2 miles either side of the 011° bearing from the Destin (Eglin AFB) RBN extending from the 5-mile radius zone to the RBN, and within 2 miles either side of the extended centerline of the Eglin AFB Runway 30, extending from the 5-mile radius zone to 6 miles southeast of the Eglin AFB ILS middle marker.**

**El Centro, Calif.**
**Within a 5-mile radius of NAF El Centro (latitude 32°49'20" N., longitude 115°40'15" W.); within a 5-mile radius of Imperial County Airport, El Centro, Calif. (latitude 32°50'10" N., longitude 115°34'30" W.); within 2 miles each side of the Imperial VORTAC 297° radial, extending from the NAF El Centro 5-mile radius zone to the VORTAC, and within 2 miles each side of the Imperial VORTAC 327° radial, extending from the Imperial County 5-mile radius zone to the VORTAC.**

AMENDMENTS 9/17/64 29 F. R. 8165 (Changed)

**El Dorado, Ark.**
**Within a 5-mile radius of Goodwin Airport, El Dorado, Ark., (Lat. 33°13'05" N, Long. 92°48'45" W), and within 2 miles either side of the El Dorado VOR 052° radial extending from the 5-mile radius zone to 8 miles NE of the VOR.**

PENDING AMENDMENT
El Dorado, Ark.
That airspace within a 5-mile radius of Goodwin Airport, El Dorado, Ark. (latitude 33°13'05" N., longitude 92°48'45" W.), and within 2 miles each side of the 052° bearing from the El Dorado RBN, extending from the 5-mile radius zone to 7.5 miles NE of the RBN.
AMENDMENTS 1/7/65 29 F.R. 14918 (Rewritten)

**Elizabeth City, N. C.**
**Within a 5-mile radius of CGAS Elizabeth City (latitude 36°15'50" N., longitude 76°10'40" W.); within 2 miles each side of the 194° radial of the Elizabeth City VOR, extending from the 5-mile radius zone to 8 miles S of the VOR; within 2 miles each side of the Elizabeth City VOR 350° and 357° radials, extending from the 5-mile radius zone to 8 miles N of the VOR; and within a 1.5-mile radius of the Elizabeth City Municipal Airport (latitude 36°14'50" N., longitude 76°15'40" W.).**

**PENDING AMENDMENT**
**The Elizabeth City, N. C., control zone is amended by the additinn of control zone extensions within 2 miles each side of the Elizabeth City VOR 226° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR and within 2 miles each side of the Elizabeth City VOR 068° radial, extending from the 5-mile radius zone to 8 miles NE of the VOR.**
AMENDMENTS 12/10/64 29 F.R. 14167 (Changed)

**Elkins, W. Va.**
**Within a 5-mile radius of Elkins Municipal/Randolph County Airport (Lat. 38°53'25" N, Long. 79°51'25" W).**

**Elko, Nev.**
**Within a 5-mile radius of Elko Municipal Airport (Lat. 40°49'35" N, Long. 115°47'20" W).**

**Elmira, N. Y.**
**Within a 5-mile radius of Chemung County Airport, Elmira, N. Y., (Lat. 42°09'40" N, Long. 76°53'40" W); within 2 miles either side of the Elmira VOR 055° and 235° radials, extending from the 5-mile radius zone to 10 miles SW of the VOR.**

**El Paso, Tex.**
That airspace bounded by a line beginning at latitude 31°45'15" N., longitude 106°26'30" W., thence clockwise along the arc of a 5-mile radius circle centered at the El Paso International Airport (latitude 31°48'35" N., longitude 106°22'55" W.) to latitude 31°52'10" N., longitude 106°26'00" W.; to latitude 31° 56°20' N., longitude 106°26'00" W.; thence clockwise along the arc of a 7-mile radius circle centered at the Biggs AFB (latitude 31°50'55" N., longitude 106°22'45" W.); to latitude 31°47'30" N., longitude 106°16'45" W.; thence clockwise along the arc of a 6-mile radius circle centered at the El Paso International Airport; to latitude 31°43'15" N., longitude 106°22'20" W.; thence via the United States/Mexican Border to point of beginning.

**El Toro, Calif.**
Within a 5-mile radius of MCAS El Toro (latitude 33°40'34" N., longitude 117°43'50" W.); within 2 miles W and 3 miles E of the El Toro VOR 175° radial extending from the 5-mile radius zone to 12 miles S of the VOR, and within 2 miles each side of the El Toro VOR 225° radial extending from the 5-mile radius zone to 8 miles SW of the VOR, excluding the portion within the Orange County, Calif., and Santa Ana, Calif., control zones.

**Emporia, Kans.**
Within a 5-mile radius of the Emporia Municipal Airport (latitude 38°20'00" N., longitude 96°11'15" W.).

**Enid, Okla.**
Within a 5-mile radius of Vance AFB, Enid, Okla., (Lat. 36°20'20" N, Long. 97°55'00" W); within 2 miles either side of the Vance AFB TACAN 185° radial, extending from the 5-mile radius zone to 8 miles S of the TACAN, and within 2 miles either side of the Vance AFB VOR 134° radial, extending from the 5-mile radius zone to the VOR, see Airman's Guide for hours of designation.

AMENDMENTS 10/9/64 29 F.R. 13379 (Changed);

**Ephrata, Wash.**
Within a 5-mile radius of Ephrata Municipal Airport (latitude 47°18'20" N. longitude 119°30'40" W.). and within 2 miles either side of the Ephrata VOR 222° radial extending from the 5-mile radius zone to the VOR.

**Erie, Pa.**
**Within a 5-mile radius of Port Erie Airport (Lat. 42°04'56" N, Long. 80°10'44" W), within 2 miles either side of the Erie VORTAC 054° radial extending from the 5-mile radius zone to the VORTAC.**

**Eugene, Oreg.**
Within a 5-mile radius of Mahlon-Sweet Field, Eugene, Oreg. (latitude 44° 07' 25" N., longitude 123° 13' 05" W.), and within 2 miles each side of the Eugene VORTAC 007° radial, extending from the 5-mile radius zone to 8 miles N of the VORTAC, excluding the portion within a 1-mile radius of T-Bird Airpark, Oreg., (latitude 44° 03' 15" N., longitude 123° 11' 00" W.).

AMENDMENTS 2/6/64 28 F. R. 13358 (Rewritten)

**Evansville, Ind.**
**Within a 5-mile radius of Dress Memorial Airport, Evansville, Ind., and within 2 miles either side of the Dress Memorial Airport NE-SW runway centerline extending from the 5-mile radius zone to 10 miles NE of the Evansville OM.**

**Everett, Wash.**
**Within a 5-mile radius of Paine Fld., Everett, Wash., (Lat. 47°54'40" N, Long. 122°16'50" W); and within 2 miles either side of the 359° bearing from Paine Fld. extending from the 5-mile radius zone to the Paine RBN.**

**Fairbanks, Alaska (Eielson AFB).**
Within a 5-mile radius of Eielson AFB (latitude 64°39'55" N., longitude 147°05'55" W.); within 2 miles each side of the Eielson VOR 159° and 339° radials, extending from the 5-mile radius zone to 1 mile SE of the VOR, and within 2 miles each side of the Runway 31 extended centerline, extending from the 5-mile radius zone to 5 miles NW of the NW end of Runway 31.

**Fairbanks, Alaska (Fairbanks International-Wainwright AAF).**
Within a 5-mile radius of Fairbanks International Airport (latitude 64°49'09" N., longitude 147°51'14" W.); within a 5-mile radius of Wainwright AAF (latitude 64°50'15" N., longitude 147°38'05" W.); within 2 miles each side of the Fairbanks localizer NE course, extending from the Fairbanks 5-mile radius zone to 2 miles NE of the OM; within 2 miles each side of the Fairbanks localizer SW course, extending from the Fairbanks 5-mile radius zone to 8 miles SW of the airport; and within 2 miles each side of the Fairbanks RR E course, extending from the Wainwright 5-mile radius zone to 7 miles E of the RR.

**Fairfield, Calif.**
Within a 5-mile radius of Travis AFB, Fairfield, Calif., TACAN (Lat. 38°15'04" N, Long. 121°56'15" W), and within 2 miles either side of the Travis VOR 229° radial extending from the VOR to 25 miles SW of the VOR.

**Fallon, Nev.**
Within a 5-mile radius of NAAS Fallon (latitude 39°25'10" N., longitude 118°42'00" W.); within 2 miles each side of the NAAS Fallon TACAN 139° radial, extending from the 5-mile radius zone to 8 miles SE of the TACAN, and within 2 miles NE and 2.5 miles SW of the Fallon TACAN 296° radial, extending from the 5-mile radius zone to 5.5 miles NW of the TACAN.

**Falmouth, Mass.**
Within a 5-mile radius of Otis AFB, Falmouth, Mass., (Lat. 41°38'54" N, Long. 70°31'12" W); within 2 miles either side of the 127° and 307° bearings from the AFB extending from the 5-mile radius zone to 9 miles SE and NW of the AFB; within 2 miles either side of the Otis AFB TACAN 030° and 224° radials extending from the 5-mile radius zone to 8 miles NE and SW of the TACAN; and within 2 miles either side of the TACAN 139° and 299° radials extending from the 5-mile radius zone to 7 miles SE and NW of the TACAN. The portion within R-4101 and R-4103 shall be used only after obtaining prior approval from appropriate authority.

**Farewell, Alaska**
Within a 5-mile radius of Farewell Airport, (Lat. 62°30'25" N, Long. 153°53'25" W), from 0545 to 2145 hours, local time, daily.

AMENDMENTS On Publ. 11/4/64 29 F. R. 14916 (Changed)

**Fargo, N. Dak.**
Within a 5-mile radius of Hector Field, Fargo, N. Dak., (Lat. 46°55'04" N, Long. 96°48'58" W); within 2 miles either side of the 089° bearing from the Fargo RBN extending from the 5-mile radius zone to 12 miles E of the RBN, and within 2 miles either side of the Fargo ILS localizer S course extending from the 5-mile radius zone to 12 miles S of the OM.

**Farmington, N. Mex.**
Within a 5-mile radius of Farmington Municipal Airport (latitude 36°44'35" N., longitude 108°13'46" W.); and within 2 miles each side of the Farmington VORTAC 268° radial, extending from the 5-mile radius zone to the VORTAC.

AMENDMENTS 6/25/64 29 F.R. 5456 (Rewritten)

**Fayetteville, Ark.**
Within a 5-mile radius of Fayetteville Municipal Airport-Drake Field (latitude 36°00'15" N., longitude 94°10'05" W.); within 2 miles each side of the Drake VOR 328° radial extending from the 5-mile radius zone to 8 miles NW of the VOR.

AMENDMENTS 4/7/64 29 F.R. 4719 (Rewritten)

**Fayetteville, N. C.**
Within a 5-mile radius of Grannis Field, Fayetteville, N. C., and within 2 miles either side of the 211° bearing from the Fayetteville RBN extending from the 5-mile radius zone to 10 miles SW of the RBN.

PENDING AMENDMENT
Fayetteville, N. C.
Within a 5-mile radius of Grannis Field (latitude 34°59'25" N., longitude 78°52'50" W.), and within 2 miles each side of the Fayetteville, VOR 233° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR.
AMENDMENTS 12/10/64 29 F. R. 14436 (Rewritten)

**Findlay, Ohio**
Within a 5-mile radius of the Findlay Airport (latitude 41° 00' 55" N., longitude 83° 40' 15" W.); within 2 miles each side of the Findlay VOR 046° radial, extending from the 5-mile radius zone to the VOR; and within 2 miles each side of the Findlay RBN 178° bearing, extending from the 5-mile radius zone to 8 miles S of the RBN; excluding the portion within a 1-mile radius of the Lutz Airport (latitude 40° 57' 40" N., longitude 83° 35' 45" W.).
AMENDMENTS 4/2/64 29 F. R. 2307 (Rewritten)

**Flint, Mich.**
Within a 5-mile radius of Bishop Airport, Flint, Mich. (latitude 42°57'55" N., longitude 83°44'30" W.), within 2 miles each side of the Flint VOR 280° radial, extending from the 5-mile radius zone to 8 miles west of the VOR, within 2 miles each side of the Flint VOR 351° radial, extending from the 5-mile radius zone to 8 miles north of the VOR, within 2 miles each side of the Flint VOR 219° radial, extending from the 5-mile radius zone to 8 miles southwest of the VOR, within 2 miles each side of the Flint VOR 075° radial, extending from the 5-mile radius zone to 8 miles east of the VOR, and within 2 miles each side of the Flint VOR 052° radial, extending from the 5-mile radius zone to 8 miles northeast of the VOR.

**Florence, S. C.**
Within a 5-mile radius of Florence Municipal Airport and within 2 miles either side of the Florence VOR 051° and 231° radials, extending from the 5-mile radius zone to 10 miles NE of the VOR.

**Fort Belvoir, Va.**
Within a 3-mile radius of Davison AAF, Fort Belvoir, Va. (latitude 38°42'55" N., longitude 77°10'50" W.) and within 2 miles each side of the 132° bearing from Davison AAF, extending from the 3-mile radius zone to 4.8 miles SE of the airport.

**Fort Bragg, N. C.**
Within a 5-mile radius of Pope AFB, Fort Bragg, N. C., (Lat. 35°10'15" N, Long. 79°00'55" W); within 2 miles either side of the Pope VOR 227° radial extending from the 5-mile radius zone to the VOR, and within 2 miles either side of the Pope TACAN 037° radial extending from the 5-mile radius zone to 9 miles NE of the TACAN, excluding that portion SE of a line from Lat. 35°11'55" N, Long. 78°56'05" W, to Lat. 35°05'55" N, Long. 79° 00'50" W. and excluding the portion within R-5311.

**Fort Eustis, Va.**
Within a 3-mile radius of Felker AAF, Fort Eustis, Va., (latitude 37°07'55" N., longitude 76°36'30" W.), within 2 miles each side of the 320° bearing from the Felker AAF RBN (latitude 37°08'28" N., longitude 76°37'07" W.), extending from the 3-mile radius zone to 5 miles NW of the RBN, and within 2 miles each side of the Felker AAF Runway 13 extended centerline, extending from the 3-mile radius zone to 4 miles NW of the NW end of the Runway 13, excluding the portion within the Newport News, Va., control zone.
AMENDMENTS 5/28/64 29 F.R. 4793 (Added)

**Fort Hood, Texas.**
Within a 5-mile radius of Fort Hood AAF (latitude 31°08'15" N., longitude 97°42'50" W.), from 0600 to 2200 hours local time, daily, excluding the portion within R-6302A. The portions of this control zone within R-6302B and R-6302C shall be used only after obtaining prior approval from appropriate authority.

**Fort Knox, Ky.**
Within a 5-mile radius of Godman AAF, Fort Knox, Ky., (Lat. 85°58'15" N, Long. 37°54'25" W), and within 2 miles either side of the 354° bearing from the Fort Knox RBN extending from the 5-mile radius zone to 12 miles N of the RBN.

**Fort Lauderdale, Fla.**
Within a 5-mile radius of the Fort Lauderdale-Hollywood International Airport (latitude 26°04'20" N., longitude 80°09'10" W.); within 2 miles on each side of the Fort Lauderdale VOR 278° and 306° radials extending from the 5-mile radius zone to 8 miles W and NW of the VOR; within 2 miles on each side of the Fort Lauderdale VOR 082° radial extending from the 5-mile radius zone to 6.5 miles E of the VOR; and within 2 miles on each side of the 135° bearing from the Fort Lauderdale RBN extending from the 5-mile radius zone to the RBN.

AMENDMENTS On Publ. 4/7/64 29 F.R. 4855 (Changed)

**Fort Leonard Wood, Mo.**
Within a 4-mile radius of the Forney AAF (latitude 37°44'00" N., longitude 92°09'00" W.), and within 2 miles each side of the Forney AAF VOR 323° radial, extending from the 4-mile radius zone to 8 miles NW of the VOR and within 2 miles each side of the 148° bearing from the Forney AAF RBN, extending from the 4-mile radius zone to 8 miles SE of the RBN.

AMENDMENTS 9/17/64 29 F.R. 9663 (Added)

**Fort Lewis, Wash.**
Within a 5-mile radius of Gray AAF, Fort Lewis, Wash., (Lat. 47°04'55" N, Long. 122°34'55" W) excluding the portion within the Tacoma, Wash., control zone. The portions within R-6703 and R-6704 shall be used only after obtaining prior approval from appropriate authority.

**Fort Myers, Fla.**
Within a 5-mile radius of Page Field, Fort Myers, Fla., (Lat. 26°35'10" N, Long. 81°51'50" W), excluding the portion within a 1-mile radius of the Cape Coral Airstrip, Fort Myers, Fla., (Lat. 26°33'56" N, Long. 81°57'07" W); within 2 miles either side of the Fort Myers VOR 215° radial extending from the 5-mile radius zone to 8 miles SW of the VOR; and within 2 miles either side of the 040° and 220° bearings from the Fort Myers RBN extending from the 5-mile radius zone to 8 miles SW of the RBN.

**Fort Ord, Calif.**
Within a 5-mile radius of Fritzsche AAF, Fort Ord, Calif. (latitude 36°40'54" N., longitude 121°45'40" W.) and within 2 miles either side of the Fritzsche AAF Runway 11/29 extended centerline extending from the 5-mile radius zone to 6 miles NW of the approach end of Runway 11, excluding the portions subtended by chords drawn between the points of INT of the Fort Ord 5-mile radius zone with the Monterey, Calif., and Salinas, Calif., 5-mile radius zones. The airspace within R-2511 and R-2529 shall be used only after obtaining prior approval from appropriate authority. This control zone shall be effective from 0600 to 2400 hours, local time, daily.

PENDING AMENDMENT

**Fort Polk, La.**
Within a 5-mile radius of Polk AAF (latitude 31°02'40" N., longitude 93°11'25"W.); within 2 miles each side of the 160° bearing from the Polk RBn, extending from the 5-mile radius zone to 8 miles SE of the RBn, within 2 miles each side of the 340° bearing from the RBn, extending from the 5-mile radius zone to 8 miles NW of the RBn; excluding the portion within R-3804A. This control zone is effective from 0730 to 1630 hours, local time, Monday through Friday and from 0730 to 1130 hours local time, Saturday.

AMENDMENTS 12/10/64 29 F. R. 14357 (Added)

**Fort Riley, Kans.**
Within a 5-mile radius of Marshall AAF, Fort Riley, Kans. (latitude 39°03'15" N., longitude 96°45'50" W.); within 2 miles each side of the Fort Riley VOR 042° radial extending from the 5-mile radius zone to the VOR; and within 2 miles each side of the 216° bearing from the Fort Riley RBN extending from the 5-mile radius zone to 8 miles SW of the RBN, excluding the portion within R-3602 and the portion bounded on the NE by the 318° bearing from the Fort Riley RBN and on the SE by a line 2 miles NW of and parallel to the Fort Riley VOR 042° radial.

**Fort Rucker, Ala.**
Within a 9-mile radius of latitude 31°18'30" N., longitude 85°42'20" W.; within 2 miles each side of the Cairns, Ala., VOR 233° radial, extending from the 9-mile radius zone to 8 miles SW of the VOR; within 2 miles each side of the Lowe, Ala., RBN 242° bearing, extending from the 9-mile radius zone to 8 miles W of the RBN; within 2 miles each side of the Hanchey, Ala., VOR 358° radial, extending from the 9-mile radius zone to 8 miles N of the VOR; within a 3-mile radius of Shell AAF, Enterprise, Ala., (latitude 31°21'54" N., longitude 85° 51'03" W.); and within a 2 mile radius of Blackwell Field, Ozark, Ala., (latitude 31°25'50" N., longitude 85°37'10" W.). excluding the portion within R-2103.

AMENDMENTS 5/28/64 29 F.R. 3469 (Rewritten)

**Fort Smith, Ark.**
Within a 5-mile radius of Fort Smith Municipal Airport (Lat. 35°20'10" N, Long. 94°22'10" W); within 2 miles either side of the Fort Smith VORTAC 234° radial, extending from the 5-mile radius zone to the VORTAC, and within 2 miles either side of the Fort Smith ILS localizer E course extending from the 5-mile radius zone to the OM.

**Fort Wayne, Ind.**
Within a 5-mile radius of Baer Field, Fort Wayne, Ind.; within 2 miles each side of the 231° bearing from the Fort Wayne RBN extending from the 5-mile radius zone to 10 miles SW of the RBN; within 2 miles either side of the Fort
Wayne ILS localizer SE course extending from the 5-mile radius zone to 12 miles SE of the OM, and within 2 miles either side of the Fort Wayne VORTAC 103°, 232°, 259° and 325° radials extending from the 5-mile radius zone to 12 miles E, SW, W and NW of the VORTAC.

AMENDMENT 2/6/64 28 F. R. 13357 (Changed)

**Fort Worth, Tex. (Carswell AFB)**
That airspace beginning at Lat. 32°35'30" N, Long. 97°24'30" W, to Lat. 32°35'30" N, Long. 97°32'32" W, to Lat. 32°59'55" N, Long. 97°32'30" W, to Lat. 32°59'45" N, Long. 97°24'30" W, to Lat. 32°58'10" N, Long. 97° 23'45" W, to Lat. 32°42'25" N, Long. 97°24'00" W, to point of beginning.

**Fort Worth, Tex. (Greater Southwest International Airport, Dallas-Fort Worth Field)**
Within a 5-mile radius of Meacham Field, Fort Worth, Tex., (latitude 32°49'00" N., longitude 97°21'35" W.); within 2 miles each side of the 183° bearing from the Fort Worth RBN extending from the 5-mile radius zone to the INT of the 255° bearing from the Dallas, Tex., RBN; the airspace bounded on the E by a line 2 miles E of and parallel to a line extending from the center of Meacham Field through latitude 32°58'24" N., longitude 97°19'42" W., on the N by latitude 32°59'45" N. and on the W by the Fort Worth (Carswell AFB) control zone; within 3 miles each side of a line extending from the center of Dallas-Fort Worth Field (latitude 32°49'35" N., longitude 97°02'45" W.) to the center of Meacham Field and the airspace bounded by a line extending from latitude 32°52'07" N., longitude 97°08'50" W., to latitude 32°56'30" N., longitude 97°03'10" W., to latitude 32°49'40" N., longitude 96°55'45" W., thence extending along and bounded on the E by the W boundary of the Dallas, Tex. (Love Field), control zone to latitude 32°39'35" N., longitude 96°54' 15" W., to latitude 32°39'00" N., longitude 96°54'20" W., to latitude 32°39'00" N., longitude 97°02'10" W., to latitude 32°41'00" N., longitude 97°08'30" W., to latitude 32°46'20" N., longitude 97°06'05" W., thence clockwise along a 5-mile radius circle centered at Dallas-Fort Worth Field to latitude 32°47'04" N., longitude 97°06'58" W.

Fort Yukon, Alaska
Within a 5-mile radius of Fort Yukon Municipal Airport (latitude 66°34'15" N, longitude 145°15'10" W.) and within 2 miles either side of the 062° bearing from the Fort Yukon RBN extending from the 5-mile radius zone to 8 miles NE of the RBN, from 0745 to 1645 hours local time, daily.

**Fresno, Calif. (Chandler Municipal Airport).**
Within a 5-mile radius of Chandler Municipal Airport (latitude 36° 43' 55" N., longitude 119° 49' 05" W.), and within 2 miles each side of the 232° bearing from the Fresno RBN, extending from the 5-mile radius zone to 8 miles SW of the RBN, excluding the portion within the Fresno (Fresno Air Terminal) control zone. This control zone is effective from 0700 to 2300 hours, local time, daily.

AMENDMENTS 2/6/64 28 F. R. 13396 (Rewritten):

**Fresno, Calif. (Fresno Air Terminal).**
Within a 5-mile radius of Fresno Air Terminal (latitude 36° 46' 25" N., longitude 119° 42' 35" W.), within 2 miles each side of the Fresno VORTAC 143° radial, extending from the 5-mile radius zone to 15 miles SE of the VORTAC, and within 2 miles each side of the Fresno VORTAC 150° radial, extending from the 5-mile radius zone to the VORTAC.

AMENDMENTS 2/6/64 28 F. R. 13396 (Rewritten);

**Fullerton, Calif.**
Within a 3-mile radius of Fullerton Municipal Airport (latitude 33°52'20" N., longitude 117°58'45" W.), excluding the portion within the Long Beach, Calif., control zone. This control zone is effective from 0600 to 2200 hours, local time, daily.

**Gage, Okla.**
Within a 5-mile radius of Gage Airport (Lat. 36°17'45" N, Long. 99°46'30" W) and within 2 miles either side of the Gage VORTAC 299° and 119° radials, extending from the 5-mile radius zone to 10 miles NW of the VORTAC.

PENDING AMENDMENT
Gage, Okla.
Within a 5-mile radius of the Gage Municipal Airport (latitude 36°17'45" N., longitude 99°46'30" W.), within 2 miles each side of the Gage VORTAC 118° radial, extending from the 5-mile radius zone to the VORTAC, and within 2 miles each side of the NE course of the Gage R.R., extending from the 5-mile radius zone to 8 miles NE of the R.R.
AMENDMENTS 12/10/64 29 F. R. 14102 (Rewritten)

GAINESVILLE, FLORIDA
Within a 5-mile radius of Gainesville Airport (latitude 29° 41' 20" N., longitude 82° 16' 30" W.), and within 2 miles each side of the Gainesville VOR 032° radial, extending from the 5-mile radius zone to the VOR.
AMENDMENTS 5/28/64 29 F. R. 1842 (ADDED)

Galena, Alaska
Within a 5-mile radius of Galena Airport (latitude 64°44'10" N., longitude 156°56'00" W.); within 2 miles each side of the Galena TACAN 261° radial, extending from the 5-mile radius zone to 11 miles W of the TACAN; within 2 miles each side of the Galena TACAN 090° radial, extending from the 5-mile radius zone to 8 miles E of the TACAN, and within 2 miles each side of the 089° bearing from the Galena RR, extending from the 5-mile radius zone to 11.5 miles E of the RR.

AMENDMENTS 6/25/64 29 F. R. 5388 (Rewritten); On Publ. 11/4/64 29 F. R. 14918 (Changed);

**Galveston, Tex.**
Within a 5-mile radius of Scholes Field, Galveston, Tex., (Lat. 29°15'55" N, Long. 94°51'35" W); within

Grandview, Mo.
Within a 5-mile radius of Richards-Gebaur AFB, Grandview, Mo., (Lat. 38°50'50" N, Long. 94°33'20" W), and

**Galveston, Tex.**
Within a 5-mile radius of Scholes Field, Galveston, Tex., (Lat. 29°15'55" N, Long. 94°51'35" W); within 2 miles either side of the 131° bearing from the Galveston RBN extending from the 5-mile radius zone to the RBN and within 2 miles either side of the Galveston VOR 119° radial extending from the 5-mile radius zone to the VOR.

**Garden City, Kans.**
Within a 5-mile radius of the New Garden City Airport (latitude 37°56'08" N., longitude 100°43'46" W.); within 2 miles either side of the 144° bearing from the Garden City RBN, extending from the 5-mile radius zone to the RBN, and within 2 miles either side of the Garden City VORTAC 004° radial extending from the 5-mile radius zone to 12 miles N. of the VORTAC.

**Glasgow, Mont.**
Within a 5-mile radius of Glasgow AFB (Lat. 48°25'00" N, Long. 106°31'40" W); within 2 miles either side of the Glasgow ILS localizer SE course extending from the 5-mile radius zone to the OM, within 2 miles either side of the Glasgow VOR 302° radial extending from the 5-mile radius zone to 12 miles NW of the VOR, and within 2 miles either side of the Glasgow AFB TACAN 285° radial extending from the 5-mile radius zone to 8 miles W of the TACAN. The portion within R-4601 shall be used only after obtaining prior approval from appropriate authority.

**Glens Falls, N. Y.**
Within a 5-mile radius of Warren County Airport, Glens Falls, N. Y., (Lat. 43°20'35" N, Long. 73°36'45" W).

**Glenview, Ill.**
Within a 5-mile radius of NAS Glenview (latitude 42°05'21" N., longitude 87°49'07" W.); within a 1-mile radius of Chicagoland Airport, Wheeling, Ill. (latitude 42°11'35" N., longitude 87°56'05" W.) and within 2 miles either side of the Northbrook, Ill., VORTAC 138° and 159° radials extending from the Glenview 5-mile and the Chicago-O'Hare, Ill., 6-mile radius zones to the VORTAC, excluding the portion within the Chicago-O'Hare control zone.

**Goldsboro, N. C.**
Within a 5-mile radius of Seymour-Johnson AFB, Goldsboro, N. C., and within 2 miles either side of the 261° bearing from the AFB extending from the 5-mile radius zone to 2 miles SW of the Seymour-Johnson AFB RBN.

**Grand Forks, N. Dak. (Grand Forks International Airport).**
Within a 5-mile radius of Grand Forks International Airport (latitude 47° 57' 05" N., longitude 97° 10' 47" W.), and within 2 miles each side of the Grand Forks VOR 322° radial, extending from the 5-mile radius zone to 1 mile NW of the VOR.

**Grand Forks, N. Dak. (Grand Forks AFB)**
Within a 5-mile radius of Grand Forks AFB (Lat. 47°57'40" N, Long. 97°24'00" W) and within 2 miles either side of the Grand Forks AFB ILS localizer S course extending from the 5-mile radius zone to 12 miles S of the OM. The portion of this control zone within R-5402 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 3/5/64 29 F. R. 3 (changed);

**Grand Junction, Colo.**
Within a 5-mile radius of Walker Field, Grand Junction, Colo., (Lat. 39°07'05" N, Long. 108°31'10" W), and within 2 miles either side of the Grand Junction ILS localizer NW course extending from the 5-mile radius zone to 10 miles NW of the localizer.

**Grand Island, Nebr.**
Within a 5-mile radius of Grand Island Airport (Lat. 40°58'04" N, Long. 98°18'51" W), and within 2 miles E and 3 miles W of the Grand Island VOR 360° radial, extending from the 5-mile radius zone to 12 miles N of the VOR.

**Grand Prairie, Tex.**
That airspace bounded on the W, N and E by the Amon Carter Field, Fort Worth, Tex., control zone and Dallas, Tex., control zone, and on the S by a line extending from the SE corner of the Amon Carter Field control zone to the SW corner of the Dallas control zone.

**Grand Rapids, Mich.**
Within a 5-mile radius of Kent County Airport, Grand Rapids, Mich. (latitude 42°52'45" N., longitude 85° 30' 30" W.), and within 2 miles each side of the Grand Rapids ILS localizer E course, extending from the 5-mile radius zone to the OM.
AMENDMENTS Eff. immed. 7/14/64 29 F.R. 9788 (Changed)

**Grandview, Mo.**
Within a 5-mile radius of Richards-Gebaur AFB, Grandview, Mo., (Lat. 38°50'50" N, Long. 94°33'20" W), and within 2 miles either side of the Grandview ILS localizer S course, extending from the 5-mile radius zone to the OM. The portions N of Lat. 38°52'30" N, and W of Long. 94°35'50" W are excluded.

**Great Falls, Mont.**
Within a 5-mile radius of Great Falls International Airport, (Lat. 47°29'00" N, Long. 111°22'00" W); within a 5-mile radius of Malmstrom AFB, Great Falls, Mont., and within 2 miles either side of lines extending from the Great Falls International Airport OM to the Great Falls International Airport and to the Malmstrom AFB.

**Green Bay, Wis.**
Within a 4-mile radius of Austin-Straubel Airport, Green Bay, Wis. (latitude 44° 29' 15" N., longitude 88° 07' 45" W.); within 2 miles each side of the Green Bay VORTAC 146° radial, extending from the 4-mile radius zone to the VORTAC; within 2 miles each side of the Green Bay ILS localizer SW course, extending from the 4-mile radius zone to the OM, and within 2 miles each side of the ILS localizer NE course, extending from the 4-mile radius zone to 11 miles NE of the airport.

**Greensboro, N. C.**
Within a 5-mile radius of Greensboro-High Point Airport (Lat. 36°05'36" N, Long. 79°56'34" W), and within 2 miles either side of the Greensboro VOR 207° radial extending from the 5-mile radius zone to 12 miles SW of the VOR, excluding the portion within the Winston-Salem, N. C., control zone.

**Greenville, S. C.**
Within a 5-mile radius of Greenville Airport (Lat. 34°50'50" N, Long. 82°21'05" W); within a 5-mile radius of the Donaldson AFB, Greenville, S. C., (Lat. 34°45'00" N, Long. 82°22'00" W); within a 5-mile radius of Greenville-Spartanburg Airport, Greer, S. C., (Lat. 34°53'48" N, Long. 82°13'04" W); within 2 miles either side of the 219° bearing from the Greenville ILS OM extending from the Donaldson AFB 5-mile radius zone to 12 miles SW of the Greenville OM, and within 2 miles either side of the Greenville-Spartanburg ILS localizer SW course extending from the Greenville-Spartanburg 5-mile radius zone to the Greenville-Spartanburg OM.

**Greenwood, Miss.**
Within a 5-mile radius of Greenwood Municipal Airport (latitude 33°29'50" N., longitude 90°11'50" W.), and within 2 miles each side of the Greenwood VOR 066° and 246° radials, extending from the 5-mile radius zone to 10 miles SW of the VOR.

**Grosse Ile, Mich.**
Within a 5-mile radius of NAS Grosse Ile (Lat. 42°05'55" N, Long. 83°09'40" W), excluding the portion outside the United States.

**Guam Island (Anderson AFB)**
Within a 5-mile radius of Anderson AFB (latitude 13°35'00" N., longitude 144°55'00" E.); within 2 miles each side of the Anderson TACAN 066° radial, extending from the 5-mile radius zone to 9 miles NE of the TACAN, and within 2 miles NW and 4 miles SE of the Anderson VOR 064° radial, extending from the 5-mile radius zone to the Guam Island (NAS Agana) 5-mile radius zone.

AMENDMENTS 5/28/64 29 F.R. 4854 (Rewritten)

**Guam Island (NAS Agana)**
Within a 5-mile radius of NAS Agana (latitude 13°29'00" N., longitude 144°47'00" E.); within 4 miles NW and 2 miles SE of the Agana VOR 244° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR, and within 2 miles each side of the Guam RBN 026° bearing, extending from the 5-mile radius zone to 3 miles NE of the RBN.

AMENDMENTS 5/28/64 29 F.R. 4854 (Rewritten) Amend. Alt. 29 F. R. 7146;

**Gulfport, Miss.**
Within a 5-mile radius of Gulfport Municipal Airport (Lat. 30°24'25" N, Long. 89°04'20" W) and within 2 miles either side of the Gulfport VOR 325° radial extending from the 5-mile radius zone to 12 miles NW of the VOR, excluding the portion within the Biloxi, Miss., control zone.

**Gulkana, Alaska**
Within a 5-mile radius of Gulkana Airport (Lat. 62°09'20" N, Long. 145°27'15" W) and within 2 miles either side of the Gulkana RR N course extending from the 5-mile radius zone to 12 miles N of the RR.

**Gustavus, Alaska**
Within a 5-mile radius of Gustavus Airport (latitude 58°25'35" N., longitude 135°42'50" W.), and within 2 miles each side of the Gustavus RR NW course, extending from the 5-mile radius zone to 8 miles NW of the RR.

**Hampton Roads, Va.**
Within a 5-mile radius of Langley AFB, Hampton Roads, Va., (latitude 37°05'05" N., longitude 76°21'25" W.),

**Hobbs, N. Mex.**

Hampton Roads, Va.
Within a 5-mile radius of Langley AFB, Hampton Roads, Va., (latitude 37°05'05" N., longitude 76°21'25" W.), within 2.5 miles NW and 2 miles SE of the 066° bearing from the Morrison RBN, extending from the 5-mile radius zone to the RBN, within 2 miles each side of the Langley AFB TACAN 078° radial, extending from the 5-mile radius zone to 6 miles E of the TACAN, excluding the portion within a 1-mile radius of Walker AAF, Hampton, Va., (latitude 37°00'55" N., longitude 76°18'10" W.).

AMENDMENTS 5/28/64 29 F.R. 4793 (Rewritten)

Harrisburg, Pa.
Within a 5-mile radius of Harrisburg-York State Airport (Lat. 40°12'59" N, Long. 76°51'03" W); within a 5-mile radius of the Olmsted AFB (Lat. 40°11'39" N, Long. 76°45'39" W); within 2 miles either side of the Harrisburg VORTAC 100° radial extending from the Harrisburg-York State Airport 5-mile radius zone to the VORTAC and within 2 miles either side of the Harrisburg-York State Airport ILS localizer SW course extending from the 5-mile radius zone to the OM.

Harrison, Ark.
Within a 3-mile radius of the Harrison Municipal Airport (latitude 36° 15' 55" N., longitude 93° 09' 20" W.) and within 2 miles each side of the Harrison VOR 136° radial, extending from the 3-mile radius zone to the VOR.

Hartford, Conn.
Within a 5-mile radius of Brainard Field, Hartford, Conn. (latitude 41°44'15" N., longitude 72°39'10" W.), and within 2 miles each side of the 130° bearing from the Hartford RBN, extending from the 5-mile radius zone to 10 miles SE of the RBN.

Hastings, Nebr.
Within a 5-mile radius of Hastings Municipal Airport (latitude 40°36'20" N., longitude 98°25'30" W.) within 2 miles each side of the 338° bearing from Hastings Municipal Airport, extending from the 5-mile radius zone to 8 miles NW of the airport, and within a 1-mile radius of Kent Airport, Juniata, Nebr. (latitude 40°40'00" N., longitude 98°30'15" W.),from 0600 to 2100 hours, local time, daily.

AMENDMENTS 6/25/64 29 F.R. 5784 (Added)

Hayward, Calif.
Within a 5-mile radius of Hayward Airport (Lat. 37°39'30" N, Long. 122°06'45" W), excluding that portion within the Oakland, Calif., control zone.

Helena, Mont.
Within a 5-mile radius of Helena County - City Airport (Lat. 46°36'24" N, Long. 111°59'19" W).

Hibbing, Minn.
Within a 5-mile radius of Chisholm-Hibbing County Airport (latitude 47°23'20" N., longitude 92°50'25" W.), and within 2 miles each side of the Hibbing VOR 315° radial, extending from the 5-mile radius zone to the VOR.

PENDING AMENDMENT
Hibbing, Minn.
Within a 5-mile radius of Chisholm-Hibbing Airport (latitude 47°23'20" N., longitude 92°50'25" W.); within 2 miles each side of the Hibbing VOR 313° radial, extending from the 5-mile radius zone to the VOR; and within 2 miles each side of the 210° bearing from Chisholm-Hibbing Airport, extending from the 5-mile radius zone to 8 miles SW of the airport.

AMENDMENTS 12/10/64 29 F.R. 14167 (Rewritten)

Hickory, N. C.
Within a 5-mile radius of Hickory Airport, and within 2 miles either side of the Hickory VOR 223° and 043° radials extending from the 5-mile radius zone to 5 miles NE of the VOR.

Hilo, Hawaii
Within a 5-mile radius of General Lyman Field, Hilo, Hawaii (latitude 19° 43' 20" N., longitude 155° 03' 20" W.) and within 3 miles N and 2 miles S of the Hilo VOR 091° radial, extending from the 5-mile radius zone to 12 miles E of the VOR.

Hobart, Okla.
Within a 5-mile radius of the Hobart Municipal Airport (latitude 34° 59' 20" N., longitude 99° 02' 55" W.) and within 2 miles each side of the Hobart VOR 003° radial, extending from the 5-mile radius zone to the VOR.

AMENDMENTS 4/2/64 29 F.R. 556 (Rewritten);

Hobbs, N. Mex.
Within a 5-mile radius of Lea County Airport, Hobbs, N. Mex., (latitude 32°41'19" N., longitude 103°13'01" W.); and within 2 miles each side of the Hobbs VOR 219° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR, excluding the portion within a 1.5-mile radius of Hobbs Municipal Airport (latitude 32°46'05" N. longitude 103°12'50" W.).

AMENDMENTS 10/15/64 29 F.R. 12260 (Rewritten);

Homer, Alaska
Within a 5-mile radius of Homer Airport (Lat. 59°38'35" N, Long. 151°28'55" W).

Homestead, Fla.
Within a 5-mile radius of Homestead AFB (Lat. 25°29'15" N, Long. 80°23'10" W) and within 2 miles either side of the centerline of the NE/SW runway extending from the 5-mile radius zone to 10 miles SW of the Homestead VOR.

Honolulu, Hawaii.
Within a 5-mile radius of Honolulu International Airport (latitude 21°19'35" N., longitude 157°55'40" W.); within a 5-mile radius of NAS Barber's Point (latitude 21°18'35" N., longitude 158°04'30" W.); within a 3-mile radius of ALF Ford Island (latitude 21°21'55" N., longitude 157°57'55" W.); within 2 miles each side of the Honolulu VORTAC 089° radial, extending from the VORTAC to the Honolulu International Airport, and within 2 miles NW and 4 miles SE of the Honolulu VORTAC 242° radial, extending from NAS Barber's Point 5-mile radius zone to 13 miles SW of the Honolulu VORTAC.

Honolulu, Hawaii (Wheeler AFB)
Within a 3-mile radius of Wheeler AFB (latitude 21°29'00" N., longitude 158°02'30" W.), and within 2 miles each side of the Honolulu VORTAC 358° radial extending from the 3-mile radius zone to the INT of the Honolulu VORTAC 358° and the Koko Head, Hawaii, VOR 298° radials, excluding the portion within R-3109. This control zone is effective from 0600 to 2200 hours, local time, daily.

AMENDMENTS 7/23/64 29 F.R. 7419 (Added)

Hopkinsville, Ky.
Within a 5-mile radius of Campbell AAF, Hopkinsville, Ky., (Lat. 36°40'11" N, Long. 87°29'13" W) and within 2 miles either side of the Campbell VOR 044° and 224° radials extending from the 5-mile radius zone to 10 miles NE of the VOR. The portion of this control zone within R-3702 and R-3703 shall be used only after obtaining prior approval from appropriate authority.

Hoquiam, Wash.
Within a 5-mile radius of Bowerman Airport, Hoquiam, Wash., (Lat. 46°58'16" N, Long. 123°56'08" W) and within 2 miles either side of the Hoquiam VOR 059° radial extending from the 5-mile radius zone to the VOR.

Hot Springs, Ark.
Within a 5-mile radius of Memorial Field, Hot Springs, Ark., (Lat. 34°28'41" N, Long. 93°05'44" W) and within 2 miles either side of the Hot Springs VOR 247° radial extending from the 5-mile radius zone to 12 miles SW of the VOR.

Houghton, Mich.
Within a 5-mile radius of the Houghton County Memorial Airport (latitude 47°10'00" N., longitude 88°29'20" W.); within 2 miles each side of the Houghton VOR 308° radial, extending from the 5-mile radius zone to 8 miles NW of the VOR; within 2 miles each side of the Houghton VOR 060° radial, extending from the 5-mile radius zone to 8 miles NE of the VOR; within 2 miles each side of the Houghton VOR 135° radial, extending from the 5-mile radius zone to 8 miles SE of the VOR, and within 2 miles each side of the 020° bearing from the Houghton RBN, extending from the 5-mile radius zone to 8 miles NE of the RBN; excluding that airspace within a 1-mile radius of Houghton Sands Airport (latitude 47°06'40" N., longitude 88°31'20" W.).

AMENDMENTS 9/17/64 29 F.R. 9892 (Rewritten) Amend. Alt. 9/17/64 29 F.R. 11579;

Houlton, Maine
Within a 5-mile radius of Houlton International Airport (Lat. 46°07'25" N, Long. 67°47'40" W).

Houston, Tex.
Within a 5-mile radius of Houston International Airport (Lat. 29°38'40" N, Long. 95°16'30" W); within a 5-mile radius of Ellington AFB, Houston, Tex., (Lat. 29°36'25" N, Long. 95°09'20" W); within 2 miles either side of the 138° bearing of the Houston RBN extending from the Houston International Airport 5-mile radius zone to 12 miles SE of the RBN, and within 2 miles either side of the 043° bearing of the Pearland, Tex., RBN, extending from the Ellington AFB 5-mile radius zone to the RBN.

Huntington, W. Va.

Ithaca, N. Y.
Within a 5-mile radius of the Tompkins County Airport, Ithaca, N. Y. (Lat.

**Huntington, W. Va.**
Within a 5-mile radius of Tri-State Airport, Huntington, W. Va.; within a 5-mile radius of Huntington Downtown Airport, Chesapeake, Ohio; within 2 miles either side of the 253° bearing from the Huntington RBN extending from the Tri-State Airport 5-mile radius zone to 10 miles W of the RBN, and within 2 miles either side of the Tri-State Airport ILS localizer NW course extending from the Tri-State 5-mile radius zone to the OM.

**Huntsville, Ala.**
Within a 6-mile radius of Huntsville Airport excluding the portion within R-2104.

**Huron, S. Dak.**
Within a 5-mile radius of Huron Municipal Airport; within 2 miles each side of the Huron RBN 235° bearing, extending from the 5-mile radius zone to 12 miles SW of the RBN, and within 2 miles either side of the Huron ILS localizer NW course extending from the 5-mile radius zone to 12 miles NW of the OM.

**Hutchinson, Kans.**
Within a 5-mile radius of Hutchinson Municipal Airport (Lat. 38°04'00" N, Long. 97°51'35" W); within an 8-mile radius of the Hutchinson ANG Base (Lat. 37°55'35" N, Long. 97°54'20" W), and within 2 miles either side of the Hutchinson VORTAC 222° radial extending from the Hutchinson ANG Base 8-mile radius zone to 12 miles SW of the VORTAC.

**Hyannis, Mass.**
Within a 3-mile radius of Barnstable Airport, Hyannis, Mass. and within 2 miles either side of the 048° bearing from the airport extending from the 3-mile radius zone to 10 miles NE of the airport, excluding the portion beyond the shoreline.

**Idaho Falls, Idaho**
Within a 5-mile radius of the Fanning Field, Idaho Falls, Idaho, (latitude 43°31'05" N., longitude 112°04'05" W.); within a 1-mile radius of Rigby, Idaho, Airport (latitude 43°38'45" N., longitude 111°55'45" W.); within 2 miles each side of the Idaho Falls-VOR 223° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR; within 2 miles each side of the Idaho Falls VOR 030° radial, extending from the 5-mile radius zone to 11 miles NE of the VOR; and within 2 miles each side of the 036° bearing from the Idaho Falls RBN, extending from the 5-mile radius zone to 8 miles NE of the RBN.

AMENDMENTS 4/30/64 29 F.R. 3000 (Rewritten)

**Iliamna, Alaska**
Within a 5-mile radius of the Iliamna Airport (Lat. 59°45'08" N, Long. 154°54'38" W) and within 2 miles either side of the Iliamna RR S course, extending from the 5-mile radius zone to a point 12 miles S of the RR.

**Indianapolis, Ind.**
Within a 5-mile radius of the Weir Cook Municipal Airport (latitude 39°43'35" N., longitude 86°17'05" W.); within 2 miles each side of the Runway 4 ILS localizer NE course, extending from the 5-mile radius zone to 7 miles NE of the airport; within 2 miles each side of the Runway 31 ILS localizer SE course, extending from the 5-mile radius zone to 6 miles SE of the airport; and within 2 miles each side of the Indianapolis VORTAC 142° radial, extending from the 5-mile radius zone to the VORTAC.

AMENDMENTS 4/1/64 29 F.R. 4671 (Rewritten)

**International Falls, Minn.**
Within a 5-mile radius of the Falls International Airport, International Falls, Minn., (Lat. 48°33'58" N, Long. 93°24'07" W), and within 2 miles either side of the International Falls VOR 133° radial extending from the 5-mile radius zone to 8 miles SE of the VOR, excluding the portion outside the United States.

**Islip, N. Y.**
Within a 5-mile radius of the McArthur Airport, Islip, N. Y., (Lat. 40°47'50" N, Long. 73°06'00" W), and within 2 miles either side of the Islip ILS localizer SW course, extending from the 5-mile radius zone to 8.2 miles SW of the OM, from 0700 to 2300 hours, local time, daily.

PENDING AMENDMENT
The Islip, N. Y. control zone is amended by deleting "extending from the 5-mile radius zone to 8.2 miles SW of the OM, from 0700 to 2300 hours, local time, daily." and substituting therefor "extending from the 5-mile radius zone to 8.2 miles SW of the OM."
AMENDMENTS 1/7/65 29 F. R. 14917 (Changed)

**Ithaca, N. Y.**
Within a 5-mile radius of the Tompkins County Airport, Ithaca, N. Y., (Lat. 42°29'25" N, Long. 76°27'30" W) and within 2 miles either side of the Ithaca VOR 305° radial extending from the 5-mile radius zone to 12 miles NW of the VOR, excluding the area bounded by a line parallel to and 1,500 feet E of the Ithaca Municipal Airport runway and a line .5 mile N of the runway at 090° to the extended centerline of the runway. This control zone is effective from 0600 to 2300 hours Monday through Friday, 0600 to 2100 hours Saturday and 0900 to 2300 hours Sunday, local time.

**Jackson, Mich.**
Within a 5-mile radius of Reynolds Airport, Jackson, Mich. (latitude 42°15'30" N., longitude 84°27'40" W.), within 2 miles each side of the Jackson VOR 044° radial, extending from the 5-mile radius zone to 8 miles northeast of the VOR, within 2 miles each side of the Jackson VOR 238° radial, extending from the 5-mile radius zone to 8 miles southwest of the VOR, within 2 miles each side of the Jackson VOR 306° radial, extending from the 5-mile radius zone to 8 miles northwest of the VOR, and within 2 miles each side of the Jackson VOR 141° radial, extending from the 5-mile radius zone to 8 miles southeast of the VOR.

AMENDMENTS 6/30/64 29 F.R. 8417 (Changed);

**Jackson, Miss.**
Within a 5-mile radius of Allen C. Thompson Airport (latitude 32°18'40" N., longitude 90°04'33" W.); within a 5-mile radius of Hawkins Field, Jackson, Miss. (latitude 32°20'01" N., longitude 90°13'19" W.); within a 3-mile radius of Bruce Campbell Airport, Jackson, Miss. (latitude 32°26'45" N., longitude 90°06'00" W.); within 2 miles NE and 3 miles SW of the Jackson VORTAC 156° radial, extending from the Allen C. Thompson Airport 5-mile radius zone to the VORTAC; within 2 miles each side of the Jackson VORTAC 195° radial, extending from the Hawkins Field 5-mile radius zone to the VORTAC; within 2 miles each side of the 002° bearing from the Jackson RBN, extending from the Hawkins Field 5-mile radius zone to 8 miles N of the RBN; and within 2 miles each side of the Jackson VORTAC 139° radial, extending from the Bruce Campbell Airport 3-mile radius zone to the VORTAC.

AMENDMENTS On Publ. 4/7/64 29 F.R. 4855 (Changed)

**Jackson, Tenn.**
Within a 5-mile radius of McKellar Field, Jackson, Tenn., (Lat. 35°35'55" N, Long. 88°54'55" W), and within 2 miles either side of the 022° bearing from the Martin, Tenn., RBN extending from the 5-mile radius zone to the RBN.

**Jacksonville, Fla. (Imeson Airport)**
Within a 5-mile radius of the Imeson Airport (Lat. 30°25'17" N, Long. 81°38'15" W); within 2 miles either side of the Jacksonville VORTAC 064° radial extending from the 5-mile radius zone to 10 miles NE; within 2 miles either side the 090° bearing from the Jacksonville RBN extending from the 5-mile radius zone to 10.3 miles E of the RBN; within a 3-mile radius of NAS Mayport (Lat. 30°23'45" N, Long. 81°25'16" W) and within 2 miles either side of the 051° bearing from the NAS Mayport RBN extending from the 3-mile radius zone to 10 miles NE.

**Jacksonville, Fla. (NAS Jacksonville and Cecil)**
Within a 5-mile radius of NAS Jacksonville (Lat. 30°14'00" N, Long. 81°41'00" W); within a 5-mile radius of NAS Cecil, Fla., (Lat. 30°13'00" N, Long. 81°52'45" W); within 2 miles either side of the NAS Cecil VOR 271° radial extending from the NAS Cecil 5-mile radius zone to 12 miles W of the VOR; within 2 miles either side of the NAS Cecil VOR 181° radial extending from the NAS Cecil 5-mile radius zone to 12 miles S of the VOR; within 2 miles either side of the NAS Cecil VOR 084° radial, extending from the NAS Cecil 5-mile radius zone to the NAS Jacksonville 5-mile radius zone; within 2 miles either side of the NAS Jacksonville TACAN 271° radial extending from the NAS Jacksonville 5-mile radius zone to the NAS Cecil 5-mile radius zone; within 2 miles either side of the NAS Jacksonville TACAN 097°, 127° and 231° radials extending from the NAS Jacksonville 5-mile radius zone to 6 miles E, SE and SW of the TACAN, excluding the portion within a 1-mile radius of Herlong Airport (Lat. 36°16'30" N, Long. 81°48'20" W).

**Jacksonville, N. C.**
Within a 3-mile radius of the New River MCAF, Jacksonville, N. C., (Lat. 34°42'25" N, Long. 77°26'35" W) and within 2 miles either side of the 046° and 226° bearings from the New River RBN extending from the 3-mile radius zone to 12 miles NE and SW of the RBN, excluding the portion within R-5306C. The portion within R-5307 shall be used only after obtaining prior approval from appropriate authority.

**Jamestown, N. Dak.**
Within a 5-mile radius of Jamestown Airport; within 2 miles either side of the Jamestown RR E course extending from the 5-mile radius zone to 10 miles E of the RR and within 2 miles either side of the Jamestown VOR 191° and 011° radials extending from the 5-mile radius zone to 10 miles S of the VOR.

**Janesville, Wis.**
Within a 5-mile radius of Rock County Airport, Janesville, Wis., (Lat. 42°37'12" N, Long. 89°02'25" W)

**Key West, Fla.**
Within a 5-mile radius of Key West International Airport; within a 5-mile radius of NAS Boca Chica, Key

**Janesville, Wis.**
Within a 5-mile radius of Rock County Airport, Janesville, Wis., (Lat. 42°37'12" N, Long. 89°02'25" W) see Airman's Guide for hours of designation.

AMENDMENTS 9/8/64 29 F.R. 11960 (Changed)

**Johnstown, Pa.**
Within a 5-mile radius of Johnstown-Cambria County Airport (Lat. 40°18'55" N, Long. 78°50'00" W), and within 2 miles either side of the Johnstown VOR 215° radial extending from the 5-mile radius zone to 12 miles SW of the VOR, from 0800 from to 2200 hours e.s.t., daily.

**Joliet, Ill.**
Within a 5-mile radius of Joliet Municipal Airport (Lat. 41°31'05" N, Long. 88°10'30" W) and within 2 miles either side of the Joliet VORTAC 104° and 284° radials, extending from the 5-mile radius zone to 12 miles W of the VORTAC.

**Joplin, Mo.**
Within a 5-mile radius of the Joplin Municipal Airport (latitude 37°09'00" N., longitude 94°29'50" W.) and within 2 miles each side of the Joplin ILS localizer SE course. extending from the 5-mile radius zone to 7 miles SE of the airport.

**Junction, Tex.**
Within a 3-mile radius of the Kimble County Airport, Junction, Tex. (latitude 30°30'35" N., longitude 99° 45'45" W.); within 2 miles each side of the junction VOR 150° radial, extending from 4 miles SE of the airport to the VOR; and within 2 miles each side of the extended centerline of the Kimble County Airport Runway 17, extending from the 3-mile radius zone to 4 miles S of the S end of Runway 17.

**Juneau, Alaska**
Within a 5-mile radius of Juneau Municipal Airport (latitude 58°21'30" N., longitude 134°35'00" W.), and within 2 miles each side of the Juneau localizer W course, extending from the 5-mile radius zone to 2 miles W of the Coghlan Island, Alaska, RBN.

**Kahului, Hawaii**
Within a 5-mile radius of Kahului Airport (latitude 20°54'00" N., longitude 156°26'00" W.); within 2 miles each side of the Maui VOR 038° radial, extending from the 5-mile radius zone to 12 miles NE of the VOR; within 2 miles each side of the Maui VOR 201° radial, extending from the 5-mile radius zone to 9 miles S of the VOR; and within 2 miles each side of the extended centerline of Runway 2, extending from the 5-mile radius zone to 10 miles SW of the SW end of Runway 2.
AMENDMENTS 4/30/64 29 F. R. 2308 (Rewritten); 11/12/64 29 F. R. 15408 (Rewritten)

**Kalamazoo, Mich.**
Within a 5-mile radius of Kalamazoo Municipal Airport (latitude 42° 14' 07" N., longitude 85° 33' 10" W.), within 2 miles each side of the Kalamazoo VOR 001°, 167° and 229° radials, extending from the 5-mile radius zone to 7 miles N, S and SW of the VOR, and within 2 miles each side of the Kalamazoo ILS localizer S course, extending from the 5-mile radius zone to the OM. This control zone is effective from 0700 to 2300 hours, local time, daily.

**Kaneohe, Hawaii.**
That airspace extending upward to 5,000 feet within a 5-mile radius of MCAS Kaneohe (latitude 21°27'30" N., longitude 157°46'30" W.).

**Kansas City, Mo.**
Within a 7.5-mile radius of Kansas City Municipal Airport (latitude 39°07'20" N., longitude 94°35'30" W.) and within 2 miles each side of the Kansas City VORTAC 185° and 179° radials, extending from the 7.5-mile radius zone to the VORTAC.

**Kansas City, Mo. (Mid-Continent Airport)**
Within a 5-mile radius of Mid-Continent Airport (latitude 39°18'05" N., longitude 94°43'36" W.). This control zone is effective from 0700 to 2300 hours local time daily and during specific dates and times established in advance by a Notice to Airmen.

**Kenai, Alaska**
Within a 5-mile radius of Kenai Airport (Lat. 60°33'50" N, Long. 151°15'00" W); within 2 miles either side of the Kenai RR NE course extending from the 5-mile radius zone to 12 miles NE of the RR, and within 2 2 miles either side of the Kenai VOR 025° radial extending from the 5-mile radius zone to 12 miles NE of the VOR.

**Key West, Fla.**
Within a 5-mile radius of Key West International Airport; within a 5-mile radius of NAS Boca Chica, Key West; within 2 miles each side of the 269° bearing from the Key West RBN, extending from the Key West 5-mile radius zone to 10 miles W of the RBN; within 2 miles each side of the 242° bearing from the Key West RBN, extending from the Key West 5-mile radius zone to 10 miles SW of the RBN: and within 2 miles either side of the Key West VOR
313° and 273° radials extending from the Key West 5-mile radius zone to 10 miles NW and W of the VOR.

**Killeen, Texas.**
Within a 5-mile radius of Gray AFB, Killeen, Texas (latitude 31°04'20" N., longitude 97°49'45" W.), and within 2 miles each side of the extended centerline of runway 15/33 extending from the 5-mile radius zone to 8 miles NW and SE of the AFB, excluding the portion within the Fort Hood, Texas, control zone. The portion of this control zone within Restricted Area R-6302C shall be used only after obtaining prior approval from appropriate authority. This control zone shall be effective as specified in a Notice to Airmen issued no less than 24 hours in advance.

**King Salmon, Alaska**
Within a 5-mile radius of the King Salmon Airport (Lat. 58°40'40" N, Long. 156°38'55" W); within 2 miles either side of the King Salmon VOR 132° and 312° radials extending from the 5-mile radius zone to 12 miles NW of the VOR and within 2 miles either side of the King Salmon TACAN 301° radial extending from the 5-mile radius zone to 11 miles NW of the TACAN.

**Kingsville, Tex.**
Within a 5-mile radius of NAAS Kingsville (North) (latitude 27°30'10" N., longitude 97°48'25" W.); within 2 miles each side of the Kingsville TACAN 321° radial, extending from the 5-mile radius zone to 8 miles NW of the TACAN; within 2 miles each side of the Kingsville UHF RBN 321° bearing, extending from the 5-mile radius zone to 8 miles NW of the UHF RBN; within 2 miles each side of the Kingsville TACAN 187° radial, extending from the 5-mile radius zone to 7 miles S of the TACAN; within 2 miles each side of the Kingsville UHF RBN 187° bearing, extending from the 5-mile radius zone to 7 miles S of the UHF RBN; and within 2 miles each side of the Kingsville VOR 315° radial, extending from the 5-mile radius zone to the VOR.

AMENDMENTS 11/12/64 29 F.R. 13164 (Added)

**KINSTON, N.C.**
Within a 5-mile radius of Stallings Field, Kinston, N. C. (latitude 35°19'40" N., longitude 77°37'05" W.). effective from 0700 to 2330 hours, local time, daily.

**Kirksville, Mo.**
Within a 3-mile radius of Kirksville Municipal Airport (latitude 40°05'45" N., longitude 92°32'50" W.).

**Klamath Falls, Oreg.**
Within a 5-mile radius of Kingsley Field, Klamath Falls, Oreg., (Lat. 42°09'25" N, Long. 121°43'55" W).

**Knoxville, Tenn.**
Within a 5-mile radius of the McGhee-Tyson Airport, Knoxville, Tenn. (latitude 35°48'40" N., longitude 83°59'35" W.), within 2 miles each side of the Knoxville ILS localizer SW course, extending from the 5-mile radius zone to 6 miles SW of the airport, within 2 miles each side of the Knoxville VORTAC 220° radial, extending from the 5-mile radius zone to the VORTAC, and within 2 miles each side of the 045° bearing from the Knoxville RBN, extending from the 5-mile radius zone to 6 miles NE of the RBN.

AMENDMENTS 8/20/64 29 F.R. 8163 (Rewritten)

**Kodiak, Alaska**
Within a 5-mile radius of NAS Kodiak and within 2 miles either side of the Kodiak RR SW course extending from the 5-mile radius zone to the RR.

**Kotzebue, Alaska**
Within a 5-mile radius of Wien Memorial Airport, Kotzebue, Alaska, (Lat. 66°53'02" N, Long. 162°37'33" W), and within 2 miles either side of the 048° bearing from the Kotzebue RBN, extending from the 5-mile radius zone to 12 miles NE of the RBN.

**Kwajalein Island**
Within a 5-nmi radius of NAS Kwajalein (Lat. 8°45'00" N, Long. 167°45'00" E).

**La Crosse, Wis.**
Within a 5-mile radius of La Crosse Municipal Airport (Lat. 43°52'38" N., Long. 91°15'21" W.); within 2 miles each side of the 146° and 308° bearings from the La Crosse RBN, extending from the 5-mile radius zone to 8 miles NW of the RBN; and within 2 miles either side of the La Crosse VOR 322° radial extending from the 5-mile radius zone to 12 miles NW of the VOR.

**Lafayette, Ind.**
Within a 5-mile radius of Purdue University Airport, Lafayette, Ind., (Lat. 40°24'46" N, Long. 86°55'57" W). within 2 miles either side of the Westpoint, Ind., VOR 038° radial extending from the 5-mile radius zone to the VOR; and within 2 miles either side of the Lafayette VOR 144° radial extending from the 5-mile radius zone to the VOR.

**Lafayette, La.**
Within a 5-mile radius of Lafayette Airport (Lat. 30°12'00" N, Long. 91°59'40" W); within 2 miles either side of the Lafayette ILS localizer N course, extending from the 5-mile radius zone to the OM; and within 2 miles either side of the Lafayette VOR 172° radial, extending from the 5-mile radius zone to 12 miles S of the VOR.

**Lake Charles, La. (Lake Charles Municipal Airport)**
Within a 5-mile radius of Lake Charles Municipal Airport (latitude 30°07'30" N., longitude 93°13'20" W.); within 2 miles either side of the Lake Charles VOR 259° radial extending from the 5-mile radius zone to 1 mile W of the VOR; within 2 miles either side of the Lake Charles ILS localizer NW course extending from the 5-mile radius zone to the OM; and within 2 miles either side of the Lake Charles ILS localizer SE course extending from the 5-mile radius zone to 6 miles SE of the localizer.

PENDING AMENDMENT
Lake Charles, La.
That airspace within a 5-mile radius of Lake Charles Municipal Airport (latitude 30°07'30" N., longitude 93°13'20" W.); within 2 miles each side of the Lake Charles VOR 259° radial extending from the 5-mile radius zone to 1 mile W of the VOR; within 2 miles each side of the Lake Charles ILS localizer NW course extending from the 5-mile radius zone to the OM; and within 2 miles each side of the Lake Charles ILS localizer SE course extending from the 5-mile radius zone to 6 miles SE of the airport.

AMENDMENTS 1/7/65 29 F. R. 14621 (Rewritten)

PENDING AMENDMENT
Lake Tahoe, Calif.
Within a 5-mile radius of Lake Tahoe Airport (latitude 38°53'30" N., longitude 119°59'50" W.), effective from 0700 to 2300 hours, local time, daily.

AMENDMENTS 12/10/64 29 F. R. 14358 (Added)

**Lakehurst, N. J.**
Within a 5-mile radius of the INT of Runways 6/24 and 15/33 (Lat. 40°02'00" N, Long. 74°21'18" W) of NAS Lakehurst (Lat. 40°02'05" N, Long. 74°21'05" W), West Field; within 5 miles either side of the Runway 15/33. The portion within R-5001 shall be used only after obtaining prior approval from appropriate authority.

**Lanai, Hawaii**
Within a 5-mile radius of Lanai Airport (Lat. 20°47'30" N, Long. 156°57'00" W), from 1430 to 1815 hours local standard time, daily.

**Lancaster, Pa.**
Within a 5-mile radius of Lancaster Airport (Lat. 40°07'16" N, Long. 76°17'47" W); within 2 miles either side of the Lancaster VOR 128° radial extending from the 5-mile radius zone to 12 miles SE of the VOR and within 2 miles either side of the Lancaster VOR 260° radial extending from the 5-mile radius zone to 12 miles W of the VOR from 0700 to 2100 hours, local standard time, daily.

**Lansing, Mich.**
Within a 5-mile radius of Capital City Airport, Lansing, Mich. (latitude 42°46'40" N., longitude 84°35'20" W.).

**Laramie, Wyo.**
Within a 5-mile radius of General Brees Field, Laramie, Wyo., (latitude 41° 18' 50" N., longitude 105° 40' 25" W.); within 2 miles each side of the Laramie VOR 332° radial, extending from the 5-mile radius zone to 8 miles NW of the VOR, and within 2 miles each side of the 332° bearing from the Laramie RBN, extending from the 5-mile radius zone to 8 miles NW of the RBN.

**Laredo, Tex.**
Within a 10-mile radius of Laredo AFB and within 2 miles either side of the Laredo VORTAC 147° radial extending from the 10-mile radius zone to 10 miles SE of the VORTAC, excluding the portion outside the United States.

**Las Vegas, N. Mex.**
Within a 5-mile radius of the Las Vegas Municipal Airport (latitude 35°39'25" N., longitude 105°08'35" W.) and within 2 miles each side of the Las Vegas VORTAC 215° radial, extending from the 5-mile radius zone to 8 miles SW of the VORTAC.

**Las Vegas, Nev. (McCarran Field)**
Within a 5-mile radius of McCarran Field (Lat. 36°05'05" N, Long. 115°09'00" W), and within 2 miles SE and and 3 miles NW of the Las Vegas VORTAC 032° radial, extending from the 5-mile radius zone to 6.5 miles NE of the VORTAC.

**Las Vegas, Nev. (Nellis AFB)**
Within a 5-mile radius of Nellis AFB (Lat. 36°14'10" N, Long. 115°02'00" W), and within 2 miles SE and 3 miles NW of the Las Vegas VORTAC 032° radial, extending from the 5-mile radius zone to 6.4 miles SW of the airport.

**Lawton, Okla.**
Within a 5-mile radius of Lawton Municipal Airport (latitude 34° 34'15" N., longitude 98°24'55" W.) and within a 3-mile radius of latitude 34°38'18" N., longitude 98°24'06" W.; excluding the portion within R-5601A. The portion of this control zone within R-5601B shall be used only after obtaining prior approval from appropriate authority.

**Leavenworth, Kans.**
Within a 5-mile radius of Sherman AAF, Leavenworth, Kans. (latitude 39°22'05" N., longitude 94°54'45" W.).

**Lebanon, N. H.**
Within a 5-mile radius of Lebanon-Regional Airport (Lat. 43°37'35" N, Long. 72°18'10" W), and within 2 miles either side of the Lebanon VOR 231° radial, extending from the 5-mile radius zone to the VOR.

**Lemoore, Calif.**
Within a 6-mile radius of NAS Lemoore (latitude 36° 20' 00" N., longitude 119° 57' 04" W.); within 2 miles each side of the Lemoore TACAN 336° and 356° radials, extending from the 6-mile radius zone to 8 miles NW and N of the TACAN, and within 2 miles each side of the Lemoore TACAN 156° radial, extending from the 6-mile radius zone to 8 miles SE of the TACAN.

AMENDMENTS 1/9/64 28 F. R. 12341 (Rewritten); Alteration of Amend. (Date Changed) 2/6/64 28 F. R. 13769

**Lewiston, Idaho**
Within a 5-mile radius of Lewiston-Nez Perce County Airport (latitude 46°22'34" N., longitude 117°00'53" W.) and within 2 miles either side of the Lewiston VOR 266° radial extending from the 5-mile radius zone to the VOR, from 0330 to 2230 hours local time, daily.

**Lewistown, Mont.**
Within a 5-mile radius of Lewistown Airport (Lat. 47°03'00" N, Long. 109°28'30" W), and within 2 miles either side of the Lewistown VOR 090° radial, extending from the 5-mile radius zone to the VOR.

**Lexington, Ky.**
Within a 5-mile radius of Blue Grass Airport, Lexington, Ky., (Lat. 38°02'10" N, Long. 84°36'15" W); within 2 miles either side of the Lexington VORTAC 304° radial extending from the 5-mile radius zone to the VORTAC, and within 2 miles either side of the Lexington Blue Grass ILS localizer NE course, extending from the 5-mile radius zone to the INT of the localizer NE course with the Lexington VORTAC 340° radial.

**Lihue, Hawaii**
Within a 5-mile radius of Lihue Airport (latitude 21° 59' 00" N., longitude 159° 21' 00" W.); within 2 miles each side of the Lihue VOR 041° radial, extending from the 5-mile radius zone to 8 miles NE of the VOR, and within 2 miles each side of the Lihue VOR 130° radial, extending from the 5-mile radius zone to 9 miles SE of the VOR.

AMENDMENTS 4/2/64 29 F.R. 556 (Rewritten);

**Limestone, Maine**
Within a 6-mile radius of Loring AFB, Limestone, Maine, (Lat. 46°57'05" N, Long. 67°53'10" W); within 2 miles either side of a direct line extending between the Loring AFB and the Loring AFB VOR, and within 2 miles either side of a direct line between the Loring AFB and Lat. 46°44'46" N, Long. 68°04'01" W, excluding the portion within the Presque Isle, Maine, control zone and the portion outside the United States.

**Lincoln, Nebr.**
Within a 5-mile radius of Lincoln AFB (Lat. 40°50'35" N, Long. 96°45'42" W); within 2 miles either side of the Raymond, Nebr., VORTAC 195° and 015° radials, extending from the 5-mile radius zone to 12 miles NE of the VORTAC, and within 2 miles either side of the Lincoln ILS localizer S course extending from the 5-mile radius zone to 5 miles S of the OM.

**Little Rock, Ark. (Adams Field)**
Within a 5-mile radius of Adams Field (Lat. 34°43'45" N, Long. 92°13'45" W); within 2 miles either side of the Little Rock VORTAC 141° radial, extending from the 5-mile radius zone to 12 miles SE of the VORTAC, and within 2 miles either side of the Little Rock ILS localizer SW course, extending from the 5-mile radius zone to the OM.

**Little Rock, Ark. (Little Rock AFB)**
Within a 5-mile radius of Little Rock AFB and within 2 miles either side of the centerline of the Little Rock AFB NE/SW runway extending from the 5-mile radius zone to 19 miles NE of the runway end.

**Lompoc, Calif.**
Within a 5-mile radius of Vandenberg AFB, Lompoc, Calif., (Lat. 34°43'45" N, Long. 120°34'15" W), and within 2 miles SW of, and 3 miles NE of the Vandenberg VOR 316° radial extending from the 5-mile radius zone to the VOR, excluding that portion within R-2516.

**London, Ky.**
Within a 3-mile radius of London Airport and within 2 miles either side of the London VORTAC 027° and 207° radials, extending from the 3-mile radius zone to 10 miles SW of the VORTAC.

**Long Beach, Calif.**
Within a 5-mile radius of Long Beach Airport (Lat. 33°49'07" N, Long. 118°09'04" W); within a 5-mile radius of the NAS Los Alamitos, Calif., (Lat. 33°47'30" N, Long. 118°02'50" W), excluding the portion within a 1-mile radius of the Sunset Beach, Calif., Airport (Lat. 33°43'10" N, Long. 118°02'10" W).

**Longview, Tex.**
Within a 5-mile radius of the Gregg County Airport, Longview, Tex. (latitude 32°23'05" N., longitude 94°42'45" W.), within 2 miles each side of the Gregg County VOR 313° radial extending from the 5-mile radius zone to 8 miles NW of the VOR, within 2 miles each side of the Gregg County ILS localizer NW course extending from the 5-mile radius zone to the LOM, and within 2 miles each side of the Gregg County ILS localizer SE course extending from the 5-mile radius zone to the INT of the ILS localizer SE course and the Marshall, Tex., VOR 251° radial.

AMENDMENTS 7/23/64 29 F. R. 7017 (Rewritten)

**Los Angeles, Calif. (Hawthorne Municipal Airport)**
Within a 3-mile radius of the Hawthorne Municipal Airport (latitude 33°55'20" N., longitude 118°20'05" W.), and within 2 miles on each side of the Los Angeles VOR 096° radial extending from the 3-mile radius zone to 4 miles E. of the lift-off end of Runway 7, excluding the portion N. of latitude 33°55'30" N. and W. of longitude 118°21'40" W., effective from 0700 to 2300 hours, local time, daily.

**Los Angeles, Calif. (Los Angeles International Airport)**
Within a 5-mile radius of the Los Angeles International Airport (latitude 33°56'25" N., longitude 118°24'10" W.); within a 3-mile radius of the Hawthorne Municipal Airport, Los Angeles, Calif. (latitude 33°55'20" N., longitude 118°20'05" W.); within 2 miles on each side of the Los Angeles ILS localizer E course extending from the Los Angeles 5-mile radius zone to the OM; within 2 miles on each side of the Los Angeles VOR 096° radial extending from the Hawthorne 3-mile radius zone to 4 miles E. of the lift-off end of Hawthorne Municipal Airport Runway 7, excluding the portion N. of a line drawn between the points of INT of the Los Angeles 5-mile radius zone and the Santa Monica, Calif., 3-mile radius control zone, and excluding the portion within the Hawthorne Municipal Airport control zone.

**Louisville, Ky.**
Within a 5-mile radius of Standiford Field, Louisville, Ky., (Lat. 38°10'33" N, Long. 85°44'12" W); within a 5-mile radius of Bowman Field, Louisville, Ky., (Lat. 38°13'46" N, Long. 85°39'45" W); within 2 miles either side of the Standiford Field ILS localizer NE course, extending from the Standiford 5-mile radius zone to the INT of the localizer NE course and the Louisville VORTAC 328° radial; within 2 miles either side of the Standiford Field ILS localizer SW course, extending from the Standiford 5-mile radius zone to the OM; within 2 miles either side of the Louisville VORTAC 301° radial, extending from the Standiford 5-mile radius zone to the VORTAC, and within 2 miles either side of the Louisville VORTAC 331° radial, extending from the Bowman Field 5-mile radius zone to the VORTAC.

**Lubbock, Tex.**
Within a 5-mile radius of Lubbock Municipal Airport (Lat. 33°39'35" N, Long. 101°49'41" W); within a 5-mile radius of Reese AFB, Lubbock, Tex.; within 2 miles either side of the Lubbock RR E course, extending from Lubbock 5-mile radius zone to the RR; within 2 miles either side of the Lubbock RR N course, extending from the Reese 5-mile radius zone to 8 miles N of the RR; within 2 miles either side of the Lubbock VORTAC 302° and 122° radials, extending from the Lubbock 5-mile radius zone to 10 miles NW of the VORTAC and within 2 miles either side of the 180° bearing from the Lubbock LOM extending from the Lubbock 5-mile radius zone to the LOM.

Lufkin, Tex.
Within a 5-mile radius of Angelina County Airport (latitude 31°14'05" N., longitude 94°45'00" W.).

AMENDMENTS 6/25/64 29 F.R. 8141 (Rewritten)

**Lynchburg, Va.**
Within a 5-mile radius of Preston Glenn Airport, Lynchburg, Va., (Lat. 37°19'40" N, Long. 79°12'05" W); and within 2 miles either side of the Lynchburg VORTAC 021° and 201° radials extending from the 5-mile radius zone to 10 miles SW of the VORTAC.

Macon, Ga.
Within a 5-mile radius of Macon Municipal Airport, Macon, Ga.(latitude 32°41'35" N.,longitude 83°38'50" W.); within a 5-mile radius of the Robins AFB, Macon, Ga. (latitude 32°38'30" N., longitude 83°35'35" W.): within 2 miles each side of the Macon VORTAC 316° radial extending from the Macon Municipal Airport 5-mile radius zone to 11.5 miles NW of the VORTAC; within 2 miles each side of the Macon VORTAC 325° radial extending from the Macon Municipal Airport 5-mile radius zone to 8 miles NW of the VORTAC; within 2 miles each side of the Macon VORTAC 138° radial, extending from the Robins AFB 5-mile radius zone to 13 miles SE of the VORTAC; and within 2 miles each side of the Robins AFB ILS localizer SE course, extending from the Robins AFB 5-mile radius zone to 7 miles SE of the airport.

AMENDMENTS On Publ. 4/7/64 29 F.R. 4855 (Changed)

**Madison, Wis.**
Within a 5-mile radius of Truax Field, Madison, Wis. (latitude 43°08'15" N., longitude 89°20'10" W.), within 2 miles each side of the Madison ILS localizer S course, extending from the 5-mile radius zone to the OM, within 2 miles each side of the Truax VOR 134° radial, extending from the 5-mile radius zone to 7 miles SE of the VOR, and within 2 miles each side of the Truax VOR 320° radial, extending from the 5-mile radius zone to 7 miles NW of the VOR.

PENDING AMENDMENT
Madison, Wis.
Within a 5-mile radius of Truax Field, Madison, Wis. (latitude 43°08'20" N., longitude 89°20'15" W.); within 2 miles each side of the Madison ILS localizer S course, extending from the 5-mile radius zone to the OM; within 2 miles each side of the Truax VOR 134° radial, extending from the 5-mile radius zone to 7 miles SE of the VOR; within 2 miles each side of the Truax VOR 320° radial, extending from the 5-mile radius zone to 7 miles NW of the VOR; and within 2 miles each side of the Truax VOR 359° radial, extending from the 5-mile radius zone to 7 miles N of the VOR.

AMENDMENTS 1/7/65 29 F. R. 14785 (Rewritten)

**Manchester, N. H.,**
Within a 5-mile radius of Grenier Field, Manchester, N. H., (Lat. 42°55'55" N, Long. 71°26'20" W); within 2 miles either side of the 337° and 157° bearings from the Manchester RBN extending from the 5-mile radius zone to 10 miles SE of the RBN and within 2 miles either side of the Manchester VOR 142° and 322° radials, extending from the 5-mile radius zone to 10 miles SW of the VOR from 0600 to 2300 hours, local time, daily.

AMENDMENTS On. Publ. 3/28/64 29 F.R. 4081 (Changed);

Mansfield, Ohio
Within a 5-mile radius of the Mansfield Municipal Airport (Lat. 40°49'15" N, Long. 82°30'45" W); within 2 miles either side of the Mansfield VORTAC 128° radial, extending from the 5-mile radius zone to the VORTAC, and within 2 miles either side of the Mansfield ILS localizer SE course, extending from the 5-mile radius zone to the OM.

PENDING AMENDMENT
Mansfield, Ohio
Within a 5-mile radius of the Mansfield Municipal Airport (latitude 40°49'15" N., longitude 82°30'45" W.).

AMENDMENTS 12/10/64 29 F.R. 14166 (Rewritten)

Marquette, Mich. (K. I. Sawyer AFB)
Within a 5-mile radius of the K. I. Sawyer AFB (Lat. 46°21'15" N, Long. 87°23'40" W); within 2 miles either side of the K. I. Sawyer VOR 009° radial extending from the 5-mile radius zone to 8 miles N of the VOR, and within 2 miles either side of the K. I. Sawyer VOR 189° radial extending from the 5-mile radius zone to 15 miles S of the VOR. The portion of this control zone within R-4208 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 3/5/64 29 F.R. 4 (Changed);

Marquette, Mich. (Marquette County Airport)
Within a 5-mile radius of the Marquette County Airport (Lat. 46°32'03" N. Long. 87°33'35" W); within 2 miles either side of the Marquette VOR 083° radial, extending from the 5-mile radius zone to 9 miles E of the VOR, and within 2 miles either side of the Marquette VOR 249° radial, extending from the 5-mile radius zone to 12 miles SW of the VOR. The portion of this control zone within R-4208 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 3/5/64 29 F.R. 4 (Changed);

Martha's Vineyard, Mass.
Within a 5-mile radius of the Martha's Vineyard Airport (Lat. 41°23'35" N, Long. 70°36'56" W); within 2 miles either side of the 040° bearing from the Martha's Vineyard RBN, extending from the 5-mile radius zone to 12 miles NE of the RBN; within 2 miles either side of the Martha's Vineyard VOR 052° radial, extending from the 5-mile radius zone to 12 miles NE of the VOR, excluding the portions within the Falmouth, Mass., control zone and the portion within a 1.5-mile radius of the Katama Airpark (Lat. 41°21'45" N, Long. 70°31'30" W). This control zone is effective 0900 to 1700 hours, local time, daily, September 5 through June 22, and 0900 to 1900 hours, local time, daily, June 23 through September 4, annually.

Martinsburg, Pa.
Within a 3-mile radius of Blair County Airport, Martinsburg, Pa.

Martinsburg, W. Va.
Within a 5-mile radius of the Martinsburg Airport (Lat. 39°24'05" N, Long. 77°59'00" W), within 2 miles either side of the Martinsburg RR SW course extending from the 5-mile radius zone to 10 miles SW of the RR.

Marysville, Calif. (Beale AFB)
Within a 5-mile radius of Beale AFB (Lat. 39°08'10" N, Long. 121°26'05" W), and within 2 miles either side of the Beale AFB VOR 162° radial extending from the 5-mile radius zone to the VOR.

Marysville, Calif (Yuba County Airport)
Within a 5-mile radius of Yuba County Airport (Lat. 39°05'51" N, Long. 121°34'10" W); within 2 miles either side of the 158° bearing from the Marysville RBN extending from the 5-mile radius zone to 8 miles S of the RBN, and within 2 miles either side of the 342° bearing from the Marysville RBN extending from the 5-mile radius zone to 8 miles N of the RBN, excluding the portion within the Beale AFB, Calif., control zone.

Mason City, Iowa
Within a 5-mile radius of Mason City Municipal Airport (Lat. 43°09'30" N, Long. 93°20'05" W), and within 2 miles either side of the Mason City VORTAC 002° and 182° radials, extending from the 5-mile radius zone to 10 miles S of the VORTAC.

Massena, N. Y.
Within a 5-mile radius of Richards Field, Massena, N. Y., (Lat. 44°56'10" N, Long. 74°50'50" W).

McAlester, Okla.
Within a 5-mile radius of McAlester Municipal Airport (Lat. 34°53'05" N, Long. 95°46'55" W).

McAllen, Tex.
Within a 5-mile radius of Miller International Airport (Lat. 26°10'40" N, Long. 98°14'25" W); within 2 miles either side of the McAllen VOR 095° and 322° radial, extending from the 5-mile radius zone to 7 miles E and NW of the VOR, excluding the portion outside of the United States.

McComb, Miss.
Within a 3-mile radius of the McComb-Pike County Airport (latitude 31°15'15" N., longitude 90°28'15" W.) and within 2 miles each side of the McComb VOR 254° radial, extending from the 3-mile radius zone to the VOR.

AMENDMENTS 9/17/64 29 F.R. 10459 (Rewritten)

McGrath, Alaska
Within a 5-mile radius of McGrath Airport (Lat. 62°57'05" N, Long. 155°36'10" W), and within 2 miles either side of the McGrath RR SE course, extending from the 5-mile radius to 12 miles SE of the RR.

Medford, Oreg.
Within a 5-mile radius of Medford Municipal Airport (latitude 42°22'15" N., longitude 122°52'20" W.); within 2 miles each side of the Medford ILS localizer N course, extending from the 5-mile radius zone to 6 miles N of the OM, and within 2 miles each side of the Medford RR N course, extending from the 5-mile radius zone to 5.5 miles N of the RR.
AMENDMENTS 4/30/64 29 F. R. 2933 (Rewritten)

Melbourne, Fla.
Within a 5-mile radius of the John F. Kennedy Memorial Airport (latitude 28°06'05" N., longitude 80°38'10" W.); within a 5-mile radius of the Patrick AFB, Cocoa, Fla. (latitude 28°14'15" N, longitude 80°36'35" W.); within 2 miles each side of the 266° bearing from the Melbourne RBN, extending from the Kennedy 5-mile radius zone to 7 miles W of the RBN; within 2 miles each side of the 032° bearing from the Melbourne RBN, extending from the Patrick AFB 5-mile radius zone to 1 mile NE of the RBN; and within 2 miles each side of the Melbourne VOR 263° radial, extending from the Kennedy 5-mile radius zone to 7 miles W of the VOR.

AMENDMENTS 8/20/64 29 F. R. 8141 (Rewritten)

Memphis, Tenn. (Metropolitan Airport)
Within a 5-mile radius of the Memphis Metropolitan Airport (latitude 35°03'00" N., longitude 89°58'15" W.); within 2 miles each side of the Memphis VORTAC 112° radial, extending from the 5-mile radius zone to 8 miles E of the VORTAC; within 2 miles each side of the Memphis Runway 35 ILS localizer S course, extending from the 5-mile radius zone to the OM; within 2 miles each side of the Memphis VORTAC 284° radial, extending from the 5-mile radius zone to 6 miles W of the airport; and within 2 miles each side of the extended centerline of Runway 3, extending from the 5-mile radius zone to 5.5 miles NE of the airport; excluding the portion within a 1-mile radius of the Desoto Air Park, Horn Lake, Miss. (latitude 34°59'15" N., longitude 90°01'55" W.).

AMENDMENTS On Publ. 4/7/64 29 F.R. 4855 (Changed)

Memphis, Tenn. (NAS Memphis)
Within a 5-mile radius of NAS Memphis (latitude 35°21'15" N., longitude 89°52'10" W.); within 2 miles each side of the NAS Memphis TACAN 225° radial, extending from the 5-mile radius zone to 6 miles SW of the NAS; and within 2 miles each side of the NAS Memphis TACAN 035° radial, extending from the 5-mile radius zone to 7 miles NE of the NAS.

Menominee, Mich.
Within a 5-mile radius of Menominee County Airport (latitude 45° 07' 25" N., longitude 87° 38' 20" W.) and within 2 miles either side of the Menominee VOR 351° radial, extending from the 5-mile radius zone to 8 miles north of the VOR - see Airman's Guide for hours of designation.

AMENDMENTS 3/5/64 28 F.R. 14225 (Added); 9/8/64 29 F.R. 11960 (Changed);

Merced, Calif.
Within a 5-mile radius of Castle AFB, Merced, Calif., (Lat. 37°22'45" N, Long. 120°34'00" W); within a 5-mile radius of the Merced Airport, (Lat. 37°17'10" N, Long. 120°31'20" W); and within 2 miles either side of the Castle VOR 307° and 321° radials extending from the Merced 5-mile radius zone to the VOR, excluding the portion of the Merced 5-mile radius zone NE of a line 2 miles NE of and parallel to the Castle VOR 321° radial.

Meridian, Miss. (Key Field)
Within a 5-mile radius of Key Field (Lat. 32°19'55" N, Long. 88°44'55" W); within 2 miles either side of the Meridian VORTAC 314° radial, extending from the 5-mile radius zone to 12 miles NW of the VORTAC and within 2 miles either side of the Meridian ILS localizer S course extending from the 5-mile radius zone to the OM.

**Meridian, Miss. (NAAS Meridian)**
Within an 8-mile radius of NAAS Meridian (Lat. 32°33'18" N, Long. 88°33'35" W), and within 2 miles either side of the NAAS Meridian TACAN 001° radial extending from the 8-mile radius zone to 7 miles N of the TACAN, excluding the portion more than 5 miles from the NAAS between the 200° and 260° bearings from the airport.

**Miami, Fla. (International Airport)**
Within a 5-mile radius of Miami International Airport (Lat. 25°47'35" N, Long. 80°17'10" W); within 2 miles either side of the Miami runway 9-L ILS localizer W course extending from the 5-mile radius zone to the runway 9-L ILS OM; within 2 miles either side of the Miami runway 27-L ILS localizer E course extending from the 5-mile radius zone to the runway 27-L ILS OM, and within 2 miles either side of the Miami VORTAC 138° radial extending from the 5-mile radius zone to the VORTAC.

PENDING AMENDMENT
Miami, Fla. (International Airport)
Within a 5-mile radius of Miami International Airport (latitude 25°47'35" N., longitude 80°17'10" W.); within a 3-mile radius of Tamiami Airport (latitude 25°45'15" N., longitude 80°22'35" W.); within 2 miles each side of the Miami Runway 9-L ILS localizer W. course extending from the 5-mile radius zone to the Runway 9-L ILS OM; within 2 miles each side of the Miami Runway 27-L ILS localizer E course extending from the 5-mile radius zone to the Runway 27-L ILS OM, and within 2 miles each side of the Miami VORTAC 138° radial extending from the 5-mile radius zone to the VORTAC.

AMENDMENTS 1/7/65 29 F.R. 14785 (Rewritten)

**Miami, Fla. (NARF Miami)**
Within a 5-mile radius of NARF Miami, Fla. (Opa Locka Airport), and within 2 miles either side of 101° bearing from the Miami RBN extending from the 5-mile radius zone to the RBN, excluding the portion within the Miami International Airport control zone.

**Midland, Tex.**
Within a 5-mile radius of Midland Air Terminal (latitude 31°56'25" N., longitude 102°12'10" W.), and within 2 miles each side of the Midland ILS localizer NW course, extending from the 5-mile radius zone to 7 miles NW of the airport.

**Midway Island**
Within a 5-mile radius of NAS Midway (latitude 28° 12' 00" N., longitude 177° 23' 00" W.); within 2 miles each side of the Midway RBN 244° bearing, extending from the 5-mile radius zone to 11 miles SW of the RBN; within 2 miles each side of the Midway TACAN 232° radial, extending from the 5-mile radius zone to 8 miles SW of the TACAN, and within 2 miles each side of the Midway TACAN 168° radial, extending from the 5-mile radius zone to 8 miles S of the TACAN.

AMENDMENTS 4/30/64 29 F.R. 2487 (Rewritten):

**Miles City, Mont.**
Within a 5-mile radius of Miles City Airport (latitude 46°25'40" N., longitude 105°53'10" W.); within 2 miles each side of the 251° bearing from the Miles City RBN, extending from the 5-mile radius zone to 8 miles SW of the RBN, and within 2 miles each side of the Miles City VORTAC 226° radial, extending from the 5-mile radius zone to 12 miles SW of the VORTAC.

**Millinocket, Maine:**
Within a 5-mile radius of Millinocket Municipal Airport (latitude 45° 38' 50" N., longitude 68°41'10" W.) and within 2 miles either side of the 080° bearing from the Millinocket RBN extending from the 5-mile radius zone to 10 miles E of the RBN.

**Millville, N. J.**
Within a 5-mile radius of Millville Airport (Lat. 39°22'00" N, Long. 75°04'45" W), excluding that area NE of a line 2 miles NE of and parallel to the 135° bearing from the Milville RR.

**Milton, Fla.**
Within a 5-mile radius of NAAS Whiting, (North), Milton, Fla., (Lat. 30°43'15" N, Long. 87°01'45" W); within 2 miles either side of the Whiting RR NW course, extending from the 5-mile radius zone to 12 miles NW of the RR and within 2 miles either side of the Whiting TACAN 309° radial extending from the 5-mile radius zone to 8 miles NW of the TACAN.

**Milwaukee, Wis. (Timmerman Airport)**
Within a 3-mile radius of Timmerman Airport (latitude 43°06'40" N., longitude 88°02'05" W.) and within 2 miles each side of the Timmerman VOR 337° radial, extending from the 3-mile radius zone to 7 miles NW of the VOR, effective from 0600 to 2200 hours, local time, daily.

**Milwaukee, Wis. (General Mitchell Field)**
Within a 5-mile radius of General Mitchell Field (latitude 42°56'51" N., longitude 87°53'58" W.) and within 2 miles each side of the Milwaukee ILS localizer S course, extending from the 5-mile radius zone to the OM.

**Minchumina, Alaska**
Within a 5-mile radius of the Minchumina Airport (Lat. 63°52'55" N, Long. 152°18'39" W) and within 2 miles either side of the Minchumina RR SE course, extending from the 5-mile radius zone to 12 miles SE of the RR.

**Mineral Wells, Tex.**
That airspace beginning at Lat. 32°47'40" N, Long. 97°58'30" W, extending clockwise along the arc of a 5-mile radius circle centered at the Mineral Wells Airport to a line 2 miles NE of and parallel to the Mineral Wells VORTAC 319° radial, thence SE along this parallel line to and including a 3-mile radius of the Mineral Wells Airport, thence clockwise to Lat. 32°47'40" N, thence E along this Lat. to point of beginning; within 2 miles either side of the Mineral Wells VORTAC 319° and 139° radials, extending from the 5-mile radius zone to 10 miles SE of the VORTAC.

**Minneapolis, Minn.**
Within a 5-mile radius of Minneapolis-St. Paul International Airport (latitude 44°53'05" N., longitude 93° 13'15" W.); within 2 miles either side of the Minneapolis ILS localizer SE course extending from the 5-mile radius zone to 12 miles SE of the OM, and within 2 miles either side of the ILS localizer NW course extending from the 5-mile radius zone to 17 miles NW of the airport.

**Minneapolis, Minn., (Crystal Airport)**
Within a 3-mile radius of Crystal Airport (latitude 45°03'45" N., longitude 93°21'20" W.), and within 2 miles each side of the Minneapolis VORTAC 169° radial extending from the 3-mile radius zone to 5 miles N. of the airport, from 0600 to 2200 hours, local time, daily.

**Minneapolis, Minn., (Flying Cloud Airport)**
Within a 3-mile radius of Flying Cloud Airport (latitude 44°49'30" N., longitude 93°27'25" W.), and within 2 miles each side of the Flying Cloud VOR 292° radial extending from the 3-mile radius zone to 7 miles W. of the VOR, from 0600 to 2200 hours, local time, daily.

**Minot, N. Dak. (Minot International Airport)**
Within a 5-mile radius of Minot International Airport (Lat. 48°15'45" N, Long. 101°16'50" W); within 2 miles either side of the Minot RR SE course extending from the 5-mile radius zone to 12 miles SE of the RR and within 2 miles either side of the Minot VOR 254° and 074° radials extending from the 5-mile radius zone to 12 miles NE of the VOR.

**Minot, N. Dak. (Minot AFB)**
Within a 5-mile radius of the Minot AFB (Lat. 48°25'18" N, Long. 101°22'08" W) and within 2 miles either side of the Minot AFB ILS localizer SE course extending from the 5-mile radius zone to the OM.
The portion of this control zone within R-5403 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 3/5/64 29 F.R. 3 (Changed):

**Miramar, Calif.**
Within a 5-mile radius of NAS Miramar (Lat. 32°52'30" N, Long. 117°08'15" W) and within 2 miles either side of the NAS Miramar TACAN 078° radial extending from the 5-mile radius zone to 12 miles E of the TACAN, excluding the area S of Lat. 32°49'30" N.

**Missoula, Mont.**
Within a 5-mile radius of Missoula County Airport (Lat. 46°55'00" N, Long. 114°05'15" W).

**Mobile, Ala. (Bates Field)**
Within a 5-mile radius of Bates Field (Lat. 30°41'15" N, Long. 88°14'25" W) and within 2 miles either side of the Mobile VORTAC 112° and 292° radials extending from the 5-mile radius zone to 10 miles NW of the VORTAC.

**Mobile, Ala. (Brookley AFB)**
Within a 5-mile radius of Brookley AFB (Lat. 30°37'40" N, Long. 88°04'15" W), and within 2 miles either side of the Brookley VORTAC 150° radial extending from the 5-mile radius zone to 8 miles SE of the VORTAC.

**Modesto, Calif.**
Within a 5-mile radius of the Modesto City-County Airport, Modesto, Calif., (latitude 37°37'35" N., longitude 120°57'15" W.); within 2 miles each side of the Modesto VOR 291° radial, extending from the 5-mile radius zone to 8 miles W of the VOR; within 2 miles each side of the Modesto VOR 119° radial, extending from the 5-mile radius zone to 8 miles E of the VOR from 0630 to 2200 hours local time, daily, excluding the portion within R-2514.
AMENDMENTS 6/25/64 29 F.R. 4996 (Rewritten)

**Moline, Ill.**
Within a 5-mile radius of the Quad City Airport (latitude 41° 26' 55" N., longitude 90° 30' 30" W.), within 2 miles each side of the Quad City ILS localizer W course, extending from the 5-mile radius zone to the OM; and within 2 miles each side of the Quad City ILS localizer E course, extending from the 5-mile radius zone to the INT of the Quad City ILS localizer E course and the Cordova, Ill., 199° radial.

AMENDMENTS 4/30/64 28 F.R. 13864 (Rewritten):

**Monroe, La.**
Within a 5-mile radius of Selman Airport, Monroe, La., (Lat. 32°30'28" N, Long. 92°02'20" W), and within 2 miles either side of the Monroe VORTAC 041° and 221° radials extending from the 5-mile radius zone to 10 miles SW of the VORTAC.

PENDING AMENDMENT
Monroe, La.
That airspace within a 5-mile radius of Selman Field, Monroe, La. (latitude 32°30'30" N., longitude 92°02'20" W.).

AMENDMENTS 1/7/65 29 F. R. 14523 (Rewritten)

**Monterey, Calif.**
Within a 5-mile radius of Monterey Peninsula Airport (latitude 36°35'22" N., longitude 121°51'02" W.) and within 2 miles either side of the 317° bearing from the Monterey ILS MM compass locator extending from the 5-mile radius zone to 7 miles NW of the compass locator, excluding the portion subtended by a chord drawn between the points of INT of the Monterey 5-mile radius zone with the Fort Ord, Calif. (Fritzsche AAF), 5-mile radius control zone. The airspace within R-2511 and R-2529 shall be used only after obtaining prior approval from appropriate authority.

**Montgomery, Ala.**
Within a 5-mile radius of Dannelly Field, Montgomery, Ala., (Lat. 32°17'55" N, Long. 86°23'50" W); within a 5-mile radius of Maxwell AFB, Montgomery, Ala., (Lat. 32°22'45" N, Long. 86°21'40" W); within 2 miles either side of the Dannelly Field ILS localizer W course extending from the Dannelly Field 5-mile radius zone to the OM; within 2 miles either side of the Montgomery VORTAC 321° radial extending from the Dannelly Field 5-mile radius zone to the VORTAC; within 2 miles either side of the 149° bearing from the Prattville, Ala., RBN extending from the Maxwell AFB 5-mile radius zone to the RBN, and within 2 miles either side of the 171° bearing from the Prattville RBN extending from the Maxwell AFB 5-mile radius zone to the RBN.

**Montpelier, Vt.**
Within a 5-mile radius of Barre-Montpelier Airport (Lat. 44°12'15" N, Long. 72°33'45" W) and within 2 miles either side of the 034° bearing from the airport extending from the 5-mile radius zone to 13 miles NE of the airport.

**Morgantown, W. Va.**
Within a 5-mile radius of Morgantown Airport (Lat. 38°38'25" N, Long. 79°55'00" W), and within 2 miles each side of the 135° and 315° bearings from the Morgantown RBN, extending from the 5-mile radius zone to 8 miles NW of the RBN,

Morristown, N. J.

Within a 5-mile radius of the Morristown Airport (latitude 40°47'50" N., longitude 74°25'05" W.) and within 2 miles either side of the 227° bearing from the Chatham, N. J., RBN extending from the 5-mile radius zone to 7 miles SW of the RBN from 0700 to 2300 hours local time, daily, excluding the portion within a 1-mile radius of the Hanover Airport, Hanover, N. J. (latitude 40°50'20" N., longitude 74°20'45" W.).

**Moses Lake, Wash.**
Within a 5-mile radius of Larson AFB, Moses Lake, Wash. (latitude 47°12'35" N., longitude 119°18'50" W.); within 2 miles each side of the Ephrata VOR 157° radial, extending from the 5-mile radius zone to 4 miles SE of the VOR, and within 2 miles E and 2.5 miles W of the 341° bearing from the Larson RBN, extending from the 5-mile radius zone to the RBN, excluding the portion within the Ephrata, Wash., control zone.

AMENDMENTS 4/30/64 29 F.R. 3149 (Rewritten)

**Moses Point, Alaska**
Within a 5-mile radius of Moses Point Airport (latitude 64°42' N., longitude 162°03' W.); within 2 miles each side of the Moses Point VOR 088° radial, extending from the 5-mile radius zone to 8 miles E. of the VOR; and within 2 miles each side of the Moses Point RR E. course, extending from the 5-mile radius zone to 14 miles E of the RR. This control zone is effective from 0545 to 2145 hours, local time, daily.

AMENDMENTS 11/12/64 29 F.R. 12822 (Rewritten);

**Mountain Home, Idaho**
Within a 5-mile radius of the Mountain Home AFB (Lat. 43°02'35" N, Long. 115°52'05" W), and within 2 miles either side of the 136° and 316° bearings from the AFB extending from the 5-mile radius zone to 8 miles NW and SE of the RR.

**Mountain View, Calif. (NAS Moffett)**
Within a 5-mile radius of NAS Moffett Field (latitude 37°24'55" N., longitude 122°02'50" W.); within a 1-mile radius of San Mateo County Airport of Palo Alto, Calif. (latitude 37°27'40" N., longitude 122°06'50" W.); within 2 miles either side of the Moffett TACAN 157° radial extending from the 5-mile radius zone to 8 miles SE of the TACAN, and within 2 miles either side of the San Jose VOR 325° radial extending from the VOR to 7 miles NW of the VOR; excluding the portion SE of a line from latitude 37°26'45" N., longitude 121° 56'35" W. to latitude 37°19'30" N., longitude 122°00'10" W.

**Mt. Clemens, Mich.**
Within a 5-mile radius of Selfridge AFB, Mt. Clemens, Mich.) (latitude 42° 36' 50" N., longitude 82° 50' 05" W.), within 2 miles each side of the Selfridge AFB ILS localizer N and S courses, extending from the 5-mile radius zone to 8 miles N and 8 miles S of Selfridge AFB, and within 2 miles each side of the Selfridge AFB TACAN 353° radial, extending from the 5-mile radius zone to 8 miles N of the TACAN. The portion within R-4203 shall be used only after obtaining prior approval from appropriate authority.

**Muncie, Ind.**
Within a 3-mile radius of the Delaware County Airport, Muncie, Ind. (latitude 40°14'26" N., longitude 85°23'43" W.), from 0700 to 2300 hours local time, daily.

**Muscle Shoals, Ala.**
Within a 5-mile radius of Muscle Shoals Airport (Lat. 34°44'45" N, Long. 81°36'35" W) and within 2 miles either side of the Muscle Shoals VOR 112° and 292° radials extending from the 5-mile radius zone to 12 miles SE of the VOR.

PENDING AMENDMENT
Muscle Shoals, Ala.
Within a 5-mile radius of Muscle Shoals Airport (latitude 34°44'41" N., longitude 87°36'39" W.) and within 2 miles each side of the Muscle Shoals VOR 292° radial extending from the 5-mile radius zone to the VOR.

AMENDMENTS 1/7/65 29 F. R. 15074 (Rewritten)

**Muskegon, Mich.**
Within a 5-mile radius of Muskegon County Airport (latitude 43°10'16" N., longitude 86°14'09" W.) and within 2 miles each side of the Muskegon VORTAC 271° radial extending from the 5-mile radius zone to the VORTAC.

**Myrtle Beach, S. C.**
Within a 5-mile radius of Myrtle Beach AFB (latitude 33°40'50" N., longitude 78°55'40" W.); within 2 miles either side of the Myrtle Beach VOR 039° radial extending from the 5-mile radius zone to 10 miles NE of the VOR, and within 2 miles either side of a line between the Myrtle Beach AFB and the Conway RBN.

**Nantucket, Mass.**
Within a 5-mile radius of Nantucket Memorial Airport and within 2 miles either side of the Nantucket VORTAC 045° radial extending from the 5-mile radius zone to 10 miles NE of the VORTAC.

**Nashville, Tenn.**
Within a 5-mile radius of Nashville Metropolitan Airport (Lat. 36°07'36" N., Long. 86°40' 58" W); within 2 miles either side of the 069° bearing from the Nashville RBN extending from the 5-mile radius zone to 12 miles NE of the RBN; within 2 miles either side of the Nashville VORTAC 304° radial extending from the 5-mile radius zone to the VORTAC, and within 2 miles either side of the 018° bearing from the Nashville ILS LOM extending from the 5-mile radius zone to the OM.

AMENDMENTS On Publ. 4/7/64 29 F.R. 4855 (Changed)

Needles, Calif.
Within a 5-mile radius of Needles Airport (latitude 34°46'05" N., longitude 114°37'30" W.), and within 2 miles each side of the Needles VORTAC 272° radial, extending from the 5-mile radius zone to 2 miles W of the VORTAC.

Nenana, Alaska
Within a 5-mile radius of Nenana FAA Airport (Lat. 64°32'50" N, Long. 149°04'35" W).

Newark, N. J.
Within a 5-mile radius of Newark Airport (Lat. 40°41'35" N, Long. 74°10'15" W) including the area between tangent lines extending from the Newark 5-mile radius zone to but not including the Teterboro, N. J., 5-mile radius zone; within 2 miles either side of the Newark ILS localizer SW course extending from the 5-mile radius zone to 10 miles SW of the OM.

New Bedford, Mass.
Within a 5-mile radius of the New Bedford Municipal Airport (latitude 41°40'37" N., longitude 70°57'34" W.).

AMENDMENTS 10/15/64 29 F.R. 11838 (Rewritten)

New Bern, N. C.
Within a 5-mile radius of Simmons-Nott Airport, New Bern, S. C., (Lat. 35°04'20" N, Long. 77°02'35" W) and within 2 miles either side of the New Bern VOR 221° radial extending from the 5-mile radius zone to 12 miles SW of the VOR.

Newburgh, N. Y.
Within a 5-mile radius of Stewart AFB, Newburgh, N. Y., and within 2 miles either side of the extended centerline of runway 9 extending from the 5-mile radius zone to 5 miles W of the OM.

New Orleans, La. (New Orleans Airport)
Within a 5-mile radius of New Orleans Airport (latitude 30°02'20" N., longitude 90°01'25" W.), excluding the portion W of longitude 90°04'03" W.

New Orleans, La. (New Orleans International Airport-Moisant Field).
Within a 5-mile radius of New Orleans International Airport (latitude 29°59'25" N., longitude 90°15'15" W.); within 2 miles each side of the New Orleans ILS localizer W course extending from the 5-mile radius zone to 2 miles E of the LOM; within 2 miles each side of the New Orleans VORTAC 085° radial extending from the VORTAC to 7 miles E; within 2 miles each side of the New Orleans VORTAC 243° and 063° radials extending from the 5-mile radius zone to 1 mile NE of the VORTAC, excluding that portion E of longitude 90°04'03" W.

AMENDMENTS 7/23/64 29 F. R. 7146 (Rewritten)

New Orleans, La. (NAS New Orleans-Alvin Callender Field).
Within a 5-mile radius of NAS New Orleans-Alvin Callender Field (latitude 29° 49' 40" N., longitude 90° 01' 25" W.); within 2 miles each side of the Navy New Orleans RBN 241° bearing, extending from the 5-mile radius zone to 8 miles SW of the RBN; and within 2 miles each side of the Navy New Orleans RBN 131° bearing, extending from the 5-mile radius zone to 8 miles SE of the RBN.

Newport News, Va.
Within a 5-mile radius of Patrick Henry Airport, Newport News, Va., (latitude 37°07'47" N., longitude 76°29'46" W.), and within 2 miles each side of the Patrick Henry Airport ILS localizer SW course, extending from the 5-mile radius zone to 7 miles SW of the OM, excluding the portion within the Hampton Roads, Va., control zone.
AMENDMENTS 5/28/64 29 F.R. 4793 (Rewritten)

New York, N. Y. (La Guardia Field)
Within a 5-mile radius of La Guardia Field (latitude 40°46'29" N., longitude 73°52'20" W.) and within 2 miles either side of the 031° bearing from latitude 40°49'14" N., longitude 73°50'38" W., extending from the 5-mile radius zone to 5.5 miles NE of latitude 40°49'14" N., longitude 73°50'38" W.

New York, N. Y. (International Airport)
Within a 5-mile radius of John F. Kennedy International Airport (latitude 40° 38' 29" N., longitude 73° 46' 41" W.); within a 5-mile radius of NAS New York, N. Y., (latitude 40° 35' 40" N., longitude 73° 53' 30" W.); within 2 miles either side of the 121° bearing from the Kennedy RBN extending from the RBN to 10 miles SE of the RBN; within 2 miles either side of the 211° bearing from the Kennedy RBN extending from the John F. Kennedy International 5-mile radius zone to 19 miles SW of the RBN; and within 2 miles each side of the 010° bearing from latitude 40°26'48" N., longitude 73°54'12" W., extending from the NAS New York 5-mile radius zone to latitude 40°26'48" N., longitude 73°54'12" W.

AMENDMENTS 4/2/64 29 F.R. 1561 (Rewritten); On Publ; 5/1/64 29 F.R. 5784 (Changed);

Niagara Falls, N. Y.
Within a 5-mile radius of Niagara Falls Municipal Airport (latitude 43° 06' 20" N., longitude 78° 56' 55" W.), and within 2 miles each side of Niagara Falls ILS localizer E course, extending from the 5-mile radius zone to the OM, excluding the portion outside the United States.

Nome, Alaska
Within a 5-mile radius of Nome FAA Airport (Lat. 64°30'42" N, Long. 165°26'28" W), and within 2 miles either side of the Nome RR E course extending from the 5-mile radius zone to 12 miles E of the RR.

Norfolk, Va. (Norfolk Municipal)
Within a 5-mile radius of Norfolk Municipal Airport (latitude 36°53'45" N., longitude 76°12' 15" W.), and within 2 miles each side of the Navy Norfolk RR E course, extending from the RR to 4.5 miles E of the RR, excluding the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone with the Norfolk, Va., (NAS Norfolk) control zone.

AMENDMENTS 5/28/64 29 F.R. 4793 (Rewritten)

Norfolk, Va. (NAS Norfolk)
Within a 5-mile radius of NAS Norfolk (latitude 36°56'15" N., longitude 76°17'15" W.), and within 2 miles each side of the NAS Norfolk RR W course, extending from the 5-mile radius zone to 8 miles W of the RR, excluding the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone with the Norfolk, Va., (Norfolk Municipal), control zone, and excluding the portion within a 1-mile radius of Walker AAF, Hampton, Va., (latitude 37°00'55" N., longitude 76°18'10" W.).

AMENDMENTS 5/28/64 29 F.R. 4793 (Rewritten)

North, S. C.
Within an 8-mile radius of North AFAF and within 2 miles either side of a 233° bearing from the airport extending from the 5-mile radius zone to 10 miles SW of the airport.

North Bend, Oreg.
Within a 5-mile radius of North Bend Airport (Lat. 43°25'00" N, Long. 124°14'45" W).

North Philadelphia, Pa.
Within a 5-mile radius of North Philadelphia Airport (latitude 40° 04' 45" N., longitude 75° 00' 35" W.); within 2 miles each side of the North Philadelphia VOR 039° radial, extending from the 5-mile radius zone to 6 miles NE of the VOR; within 2 miles each side of the 048° bearing from the North Philadelphia RBN, extending from the 5-mile radius zone to 6 miles NE of the RBN, excluding the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone with the Willow Grove, Pa., control zone.

AMENDMENTS 4/2/64 29 F.R. 2419 (Rewritten);

North Platte, Nebr.
Within a 5-mile radius of Lee Bird Municipal Airport, North Platte, Nebr. (latitude 41°07'35" N., longitude 100° 41'50" W.); within 2 miles either side of the 179° bearing from the North Platte RBN extending from the 5-mile radius zone to 10 miles S of the RBN, and within 2 miles either side of the North Platte VORTAC 030° and 210° radials extending from the 5-mile radius zone to 10 miles SW of the VORTAC.

Northway, Alaska
Within a 5-mile radius of Northway Airport (latitude 62° 57' N., longitude 141° 55' W.), and within 2 miles each side of Northway RR NW course, extending from the 5-mile radius zone to 8 miles NW of the RR

AMENDMENTS 4/2/64 29 F.R. 2419 (Rewritten);

**Oakland, Calif.**
Within a 5-mile radius of Oakland International Airport (Lat. 37°43'25" N, Long. 122°12'56" W), excluding the portion subtended by a chord drawn between the points of INT of this radius with the radius of the NAS Alameda control zone.

Oceana, Va.
Within a 5-mile radius of NAS Oceana, Va., (latitude 36°49'30" N., longitude 76°01'50" W.), within 2 miles each side of the Navy Fentress VOR 033° radial, extending from the 5-mile radius zone to the VOR, within 2 miles each side of the 034° bearing from the Navy Fentress RBN, extending from the 5-mile radius zone to the RBN, within 2 miles each side of the NAS Oceana TACAN 225° radial, extending from the 5-mile radius zone to 8 miles SW of the TACAN, and within a 3-mile radius of ALF Fentress (latitude 36°41'45" N., longitude 76°08'05" W.), excluding the portion within R-6606.

AMENDMENTS 5/28/64 29 F.R. 4793 (Rewritten)

Ogden, Utah (Hill AFB)
Within a 5-mile radius of Hill AFB (latitude 41°07'25" N., longitude 111°58'20" W.); within a 5-mile radius of Ogden Municipal Airport (latitude 41°11'45" N., longitude 112°00'35" W.), and within 2 miles each side of the Ogden VORTAC 345° and 166° radials, extending from 10 miles N of the VORTAC to the Layton, Utah, FM, excluding the portion which coincides with the (Ogden Municipal Airport) control zone.

Ogden, Utah (Ogden Municipal Airport)
Within a 5-mile radius of Ogden Municipal Airport (latitude 41°11'45" N., longitude 112°00'35" W.), and within 2 miles each side of the Ogden VORTAC 345° and 166° radials, extending from 10 miles N of the VORTAC to the Layton, Utah, FM, excluding the portion S of a line extending from latitude 41°08'00" N., longitude 112°06'15" W., to latitude 41°10'45" N., longitude 111°55'02" W. This control zone is effective from 0600 to 2200 hours, local time, daily.

Oklahoma City, Okla. (Tinker AFB)
Within a 5-mile radius of Tinker AFB (latitude 35°24'50" N., longitude 97°23'35" W.), within 2 miles each side of the Tinker AFB VOR 360° radial, extending from the 5-mile radius zone to 12 miles N of the VOR, and within 2 miles each side of the Tinker AFB TACON 006° and 175° radials, extending from the 5-mile radius zone to 8.5 miles N and S of the TACAN.

AMENDMENTS 4/30/64 29 F.R. 2932 (Rewritten)

Oklahoma City, Okla. (Wiley Post Airport)
Within a 5-mile radius of Wiley Post Airport (latitude 35°32'05" N., longitude 97° 38'40" W.), and within 2 miles each side of the Oklahoma City VORTAC 050° radial, extending from the 5-mile radius zone to the VORTAC, excluding the portion S of a line extending through latitude 35°26'33" N., longitude 97°46'21" W., and latitude 35°28'00" N., longitude 97°36'05" W.
AMENDMENTS 4/30/64 29 F.R. 2932 (Added) 10/7/64 29 F. R. 14103 (Rewritten)

Oklahoma City, Okla. (Will Rogers World Airport)
Within a 5-mile radius of Will Rogers World Airport (latitude 35°23'45" N., longitude 97°36'30" W.), within 2 miles each side of the Oklahoma City ILS localizer N course, extending from the 5-mile radius zone to the Tulakes, Okla. RBN, within 2 miles SW and 3.5 miles NE of the Oklahoma City VORTAC 107° radial extending from the 5-mile radius zone to the VORTAC, within 2 miles each side of the Oklahoma City ILS localizer S course, extending from the 5-mile radius zone to the OM, excluding that portion which coincides with the Oklahoma City (Wiley Post Airport) control zone.

AMENDMENTS 4/30/64 29 F.R. 2932 (Rewritten) 10/7/64 29 F.R. 14103 (Rewritten)

**Olathe, Kans.**
Within a 5-mile radius of NAS Olathe (Lat. 38°50'00" N, Long. 94°53'30" W); within 2 miles either side of the 180° bearing from the Olathe RBN extending from the 5-mile radius zone to 12 miles S of the RBN, and within 2 miles either side of the Olathe Navy TACAN 353°, 038°, 188° and 233° radials extending from the 5-mile radius zone to 6 miles N, NE, S and SW of the TACAN.

Old Town, Maine.
Within a 3-mile radius of Old Town Municipal Airport (latitude 44° 57' 10" N., longitude 68° 40' 15" W.).

AMENDMENTS 4/30/64 29 F. R. 2931 (Added)

Olympia, Wash.
Within a 5-mile radius of Olympia Municipal Airport (latitude 46°58'30" N., longitude 122°54'00" W.); within 2 miles either side of the Olympia VOR 014° radial extending from the 5-mile radius zone to 8 miles N of the VOR and within 2 miles either side of the Olympia VOR 187° radial extending from the 5-mile radius zone to 8 miles S of the VOR.

**Omaha, Nebr. (Eppley Field)**
Within a 5-mile radius of Eppley Field (Lat. 41°18'00" N, Long. 95°53'35" W), and within 2 miles either side of the Eppley Field ILS localizer NW course, extending from the 5-mile radius zone to 10 miles NW of the localizer.

**Omaha, Nebr. (Offutt AFB)**
Within a 5-mile radius of Offutt AFB (Lat. 41°07'20" N, Long. 95°34'35" W), and within 2 miles either side of a direct line from the center of Offutt AFB to the Weeping Water, Nebr., RBN extending from the Offutt AFB to 10 miles SW of Offutt AFB and within 2 miles either side of the Omaha VORTAC 072° and 252° radials extending from the Offutt AFB 5-mile radius zone to 2 miles NE of the VORTAC.

Ontario, Calif.,
Within a 5-mile radius of Ontario International Airport (latitude 34°03'25" N., longitude 117°36'30" W.), and within 2 miles on each side of the ILS localizer E course extending from the 5-mile radius zone to the OM, excluding the portion within a 1-mile radius of the Chino, Calif., Airport (latitude 33°58'30" N., longitude 117°38'10" W.).

**Orlando, Fla.**
Within a 5-mile radius of Orlando Municipal Airport (Lat. 28°32'40" N, Long. 81°19'55" W); within a 5-mile radius of McCoy AFB, Orlando, Fla., (Lat. 28°25'55" N, Long. 81°19'15" W), and within 2 miles either side of a 001° bearing from the McCoy AFB extending from the 5-mile radius zone to 10 miles S of the AFB.

**Oscoda, Mich.**
Within a 10-mile radius of Wurtsmith AFB, Oscoda, Mich.; within 5 miles either side of the Wurtsmith AFB ILS localizer SW course extending from the 5-mile radius zone to 10 miles SW of the LOM. The portion of this control zone within R-4204 shall be used only after obtaining prior approval from the appropriate authority.

**Oshkosh, Wis.**
Within a 5-mile radius of Winnebago County Airport, Oshkosh, Wis. (latitude 43°59'20" N., longitude 88°33'15" W.); within 2 miles each side of the Oshkosh VOR 176° radial, extending from the 5-mile radius zone to 7 miles S of the VOR, and within 2 miles each side of the Oshkosh ILS localizer W course, extending from the 5-mile radius zone to 5.5 miles W of the W end of Runway 9, from 0700 to 2300 hours, local time, daily.

**Ottumwa, Iowa**
Within a 5-mile radius of Ottumwa Municipal Airport (Lat. 41°06'25" N, Long. 92°26'50" W) and within 2 miles either side of the Ottumwa VORTAC 309° radial extending from the 5-mile radius zone to the VORTAC.

**Oxnard, Calif. (Oxnard AFB)**
Within a 5-mile radius of Oxnard AFB (Lat. 34°12'50" N, Long. 119°05'15" W), excluding the portion W of a line from Lat. 34°15'35" N, Long. 119°09'15" W to Lat. 34°09'10" N, Long. 119°08'05" W.

**Oxnard, Calif. (Ventura County Airport)**
Within a 5-mile radius of Ventura County Airport (Lat. 34°12'02" N, Long. 119°12'10" W), excluding the portion E of a line from Lat. 34°15'35" N, Long. 119°09'15" W to Lat. 34°09'10" N, Long. 119°08'05" W. The portion of this control zone within R-2527 shall be used only after obtaining prior approval from appropriate authority.

**Paducah, Ky.**
Within a 5-mile radius of Barkley Field, Paducah, Ky. (Lat. 37°03'40" N, Long. 88°46'20" W), and within 2 miles either side of a 220° bearing from the airport extending from the 5-mile radius zone to 10 miles SW of the airport.

**Palacious, Tex.**
Within a 5-mile radius of Palacios Airport (Lat. 28°43'35" N, Long. 96°15'15" W) and within 2 miles either side of the Palacios VOR 305° and 125° radials extending from the 5-mile radius zone to 10 miles NW of the VOR.

**Palmdale, Calif.**
Within a 5-mile radius of AF Plant No. 42, Palmdale, Calif., (Lat. 34°37'45" N, Long. 118°04'54" W), and within 2 miles either side of the Palmdale VOR 232° radial extending from the 5-mile radius zone to the VOR.

**Panama City, Fla.**
Within a 5-mile radius of Panama City-Bay County Airport (latitude 30°12'45" N., longitude 85°40'55" W.)

**Philadelphia, Pa.**
Within a 5-mile radius of Philadelphia International

Panama City, Fla.
Within a 5-mile radius of Panama City-Bay County Airport (latitude 30° 12' 45" N., longitude 85° 40' 55" W.), and within 2 miles each side of the Panama City VOR 328° and 090° radials, extending from the 5-mile radius zone to 7 miles NW and E of the VOR, from 0600 to 2200 hours, local time, daily. The portion within the Tyndall AFB control zone is excluded.

AMENDMENTS 3/5/64 29 F. R. 1842 (ADDED)

Parkersburg, W. Va.
Within a 5-mile radius of Wood County Airport, Parkersburg, W. Va., and within 2 miles either side of the Parkersburg VOR 029° and 209° radials extending from the 5-mile radius zone to 10 miles NE of the VOR.

Pasco, Wash.
Within a 5-mile radius of Pasco Public Airport(latitude 46°15'50" N., longitude 119°06'55" W.); within 2 miles on each side of the Pasco VOR 036° radial extending from the 5-mile radius zone to 8 miles NE of the VOR and within 2 miles on each side of the Pasco VOR 132° radial extending from the 5-mile radius zone to 8 miles SE of the VOR, excluding the portion within a 1-mile radius of Vista Airport, Kennewick, Wash. (latitude 46°13'10" N., longitude 119°12'55" W.). This control zone is effective from 0700 to 2100 hours, local time, daily.

AMENDMENTS 5/12/64 29 F. R. 6530 (Changed)

Paso Robles, Calif.
Within a 5-mile radius of Paso Robles County Airport (latitude 35°40'15" N., longitude 120°37'35" W.)

Pellston, Mich.
Within a 5-mile radius of Emmet County Airport, Pellston, Mich. (latitude 45°34'40" N., longitude 84°47' 40" W.); within 2 miles each side of the 132° bearing from the Pellston RBN, extending from the 5-mile radius zone to 8 miles SE of the RBN, and within 2 miles each side of the Pellston VOR 240° radial, extending from the 5-mile radius zone to the VOR.

Pendleton, Oreg.
Within a 5-mile radius of Pendleton Airport (latitude 45°41'50" N., longitude 118°50'20" W.) and within 2 miles either side of the Pendleton RR NE course extending from the 5-mile radius zone to 8 miles NE of the RR.

Pensacola, Fla. (Pensacola Municipal)
Within a 5-mile radius of Pensacola Municipal Airport (Lat. 30°28'30" N, Long. 87°11'20" W); within 2 miles either side of the 165° bearing from the Pensacola RBN extending from the 5-mile radius zone to 10 miles S of the RBN, and within 2 miles either side of the Pensacola ILS localizer NW course extending from the 5-mile radius zone to 15 miles NW of the localizer.

Pensacola, Fla. (NAAS Saufley Field)
Within a 5-mile radius of NAAS Saufley Field, excluding the portion within the Pensacola Municipal Airport control zone.

Pensacola, Fla. (Forrest Sherman Field)
Within a 5-mile radius of Forrest Sherman Field (Lat. 30°21'15" N, Long. 87°19'00" W).

Peoria, Ill.
Within a 5-mile radius of the Greater Peoria Airport (latitude 40° 39' 45" N., longitude 89° 41' 35" W.); within 2 miles each side of the Peoria VORTAC 099° radial, extending from the 5-mile radius zone to the VORTAC; within 2 miles each side of the Greater Peoria Airport ILS localizer SE course, extending from the 5-mile radius zone to the OM; and within 2 miles each side of the ILS localizer NW course extending from the 5-mile radius zone to 11 miles NW of the airport.

AMENDMENTS 5/28/64 29 F.R. 555 (Rewritten); 11/12/64 29 F. R. 12763 (Changed);

Peru, Ind.
Within a 5-mile radius of Bunker Hill AFB, Peru, Ind., (Lat. 40°39'38" N, Long. 86°08'31" W); within 2 miles either side of the Bunker Hill AFB VOR 042°, 226° and 231° radials extending from the 5-mile radius zone to 12 miles NE and SW of the VOR; within 2 miles either side of the Bunker Hill AFB TACAN 220° radial extending from the 5-mile radius zone to 10 miles SW of the TACAN; within a 5-mile radius of Kokomo, Ind., Municipal Airport (Lat. 40°31'43" N, Long. 86°03'33" W); and within 2 miles either side of the Kokomo VOR, 131° radial extending from the Kokomo 5-mile radius zone to 12 miles SE of the VOR.

Philadelphia, Pa.
Within a 5-mile radius of Philadelphia International Airport (Lat. 39°52'31" N, Long. 75°14'20" W), and within 2 miles either side of the Philadelphia ILS localizer W course extending from the 5-mile radius zone to the OM.

Philipsburg, Pa.
Within a 5-mile radius of Black Moshannon State Airport (Lat. 40°53'05" N, Long. 78°05'15" W).

Phoenix, Ariz. (Sky Harbor Airport)
Within a 5-mile radius of Sky Harbor Airport, Phoenix, Ariz., (latitude 33°26'10" N., longitude 112°00'45" W.) and within 2 miles either side of the Phoenix VORTAC 270° radial extending from the 5-mile radius zone to the VORTAC.

PENDING AMENDMENT
Phoenix, Ariz. (Sky Harbor Airport)
Within a 5-mile radius of Sky Harbor Airport (latitude 33°26'10" N., longitude 112°00'45" W.); and within 2 miles each side of the Phoenix VORTAC 090° and 270° radials, extending from the 5-mile radius zone to 2 miles E and 13 miles W of the VORTAC.
AMENDMENTS 12/10/64 29 F.R. 14104 (Rewritten)

Phoenix, Ariz. (Luke AFB)
Within a 5-mile radius of Luke AFB (Lat. 33°32'05" N, Long. 112°22'55" W).

PENDING AMENDMENT
Phoenix, Ariz. (Luke AFB)
Within a 5-mile radius of Luke AFB (latitude 33°32'05"N., longitude 112°22'55" W.); within 2 miles each side of the 178° bearing from the Luke RBN, extending from the 5-mile radius zone to 2 miles S of the RBN; and within 2 miles each side of the Luke TACAN 056° radial, extending from the 5-mile radius zone to 9 miles NE of the TACAN.
AMENDMENTS 12/10/64 29 F. R. 14104 (Rewritten)

PENDING AMENDMENT
Phoenix, Ariz. (NAF Litchfield Park)
Within a 4-mile radius of NAF Litchfield Park (latitude 33°25'25" N., longitude 112°22'30" W.); excluding the portion within the Phoenix, Ariz. (Luke AFB) control zone. This control zone is effective from 0600 to 1800 hours, local time, daily.
AMENDMENTS 12/10/64 29 F.R. 14104 (Added)

Pierre, S. Dak.
Within a 5-mile radius of Pierre Municipal Airport (latitude 44° 22' 50" N., longitude 100° 17' 15" W.), and within 2 miles each side of the Pierre RBN 101° bearing extending from the 5-mile radius zone to 8 miles E of the RBN.

AMENDMENTS 4/2/64 29 F.R. 555 (Rewritten):

Pine Bluff, Ark.
Within a 3-mile radius of Grider Field, Pine Bluff, Ark.; within 2 miles either side of a 177° bearing from the Pine Bluff RBN extending from the 5-mile radius zone to 5 miles S of the RBN, and within 2 miles either side of the Pine Bluff VOR 186° and 006° radials extending from the 5-mile radius zone to 5 miles N of the VOR.

AMENDMENTS 6/25/64 29 F. R. 7818 (Rewritten)

Pittsburgh, Pa. (Allegheny County)
Within a 5-mile radius of Allegheny County Airport (latitude 40°21'15" N., longitude 79°55'40" W.); within 2 miles each side of the 257° bearing from the Allegheny RBN, extending from the 5-mile radius zone to 6 miles W of the RBN, and within 2 miles each side of the Allegheny VORTAC 047° radial, extending from the 5-mile radius zone to the VORTAC.

AMENDMENTS 9/17/64 29 F.R. 10502 (Changed)

Pittsburgh, Pa. (Greater Pittsburgh)
Within a 6-mile radius of Greater Pittsburgh Airport (latitude 40° 29' 35" N., longitude 80° 14' 25" W.); within 2 miles each side of the Runway 10-L-ILS localizer W course, extending from the 6-mile radius zone to the OM; within 2 miles each side of the Imperial, Pa., VORTAC 292° radial, extending from the 6-mile radius zone to 8 miles W of the VORTAC, and within 2 miles S and 3 miles N of the Runway 28-L-ILS localizer E course, extending from the 6-mile radius zone to the OM.

AMENDMENTS 2/6/64 28 F. R. 12339 (Rewritten);

Plainview, Tex.
Within a 3-mile radius of the Hale County Airport, Plainview, Tex. (latitude 34° 10' 10" N., longitude 101° 43' 00" W.) and within 2 miles each side of the Plainview VOR 034° radial, extending from the 3-mile radius zone to the VOR, from 0600 to 2200 hours local time, daily.

Plattsburgh, N. Y.
Within a 5-mile radius of the Plattsburgh AFB (Lat. 44°39'05" N, Long. 73°26'10" W); within a 5-mile radius of the Plattsburgh Municipal Airport (lat. 44°41'10" N, Long. 73°31'10" W); within 2 miles either side of the Plattsburgh AFB TACAN 338° radial extending from the Plattsburgh Municipal Airport 5-mile radius zone to 12 miles N of the TACAN, and within 2 miles either side of the Plattsburgh VOR 213° radial extending from the Plattsburgh Municipal Airport 5-mile radius zone to the VOR.

Pocatello, Idaho
Within a 5-mile radius of Pocatello Municipal Airport (latitude 42°54'35" N., longitude 112°35'25" W.), and within 2 miles each side of the Pocatello VOR 252° radial, extending from the 5-mile radius zone to 8 miles W of the VOR.
AMENDMENTS 6/25/64 29 F.R. 5317 (Rewritten)

Ponca City, Okla.
Within a 5-mile radius of the Ponca City Municipal Airport (latitude 36° 43' 40" N., longitude 97° 05' 50" W.); within 2 miles each side of the 225° bearing from the Ponca City RBN, extending from the 5-mile radius zone to 8 miles SW of the RBN, and within 2 miles each side of the 359° bearing from the Ponca City RBN, extending from the 5-mile radius zone to 12 miles N of the RBN.
AMENDMENTS 4/2/64 29 F. R. 2306 (Rewritten):

Pontiac, Mich.
Within a 5-mile radius of Pontiac Municipal Airport (latitude 42°39'55" N., longitude 83°25'05" W.), within 2 miles each side of the Pontiac VOR 116° and 271° radials, extending from the 5-mile radius zone to 8 miles W of the VOR, effective from 0600 to 2200 hours, local time, daily.

Portland, Maine
Within a 5-mile radius of Portland Municipal Airport (Lat. 43°38'50" N, Long. 70°18'28" W) and within 2 miles either side of the Portland ILS localizer W course extending from the 5-mile radius zone to 5 miles W of the OM.

Portland, Oreg.
Within a 5-mile radius of Portland International Airport (Lat. 45°35'20" N, Long. 122°35'35" W).

Portsmouth, N. H.
Within a 5-mile radius of Pease AFB, Portsmouth, N. H., and within 2 miles either side of a 144° bearing from the AFB extending from the 5-mile radius zone to 10 miles SE of the OM.

Poughkeepsie, N. Y.
Within a 5-mile radius of Dutchess County Airport, Poughkeepsie, N. Y. (Lat. 41°37'40" N, Long. 73°53' 00" W).

Prescott, Ariz.
Within a 5-mile radius of Prescott Municipal Airport (latitude 34°39'10" N., longitude 112°25'15" W.).

Presque Isle, Maine
Within a 5-mile radius of Presque Isle Airport (Lat. 46°41'30" N, Long. 68°02'30" W); within 5 miles either side of a 167° bearing from the airport extending from the 5-mile radius zone to 13.7 miles S of the airport.

Providence, R. I.
Within a 5-mile radius of Theodore Francis Green Airport, Providence, R. I., (Lat. 41°43'30" N, Long. 71°25'48" W), and within 2 miles either side of the Providence ILS localizer SW course extending from the 5-mile radius zone to the OM.

Pueblo, Colo.
Within a 5-mile radius of Pueblo Memorial Airport (Lat. 38°17'30" N, Long. 104°30'00" W); within 2 miles either side of the Pueblo VORTAC 081° radial extending from the 5-mile radius zone to 8 miles E of the VORTAC and within 2 miles either side of the Pueblo ILS localizer E course extending from the 5-mile radius zone to 11 miles E of the localizer.

Quantico, Va.
Within a 5-mile radius of MCAS Quantico (Lat. 38°30'10" N, Long. 77°18'20" W).

Quincy, Ill.
Within a 5-mile radius of Quincy Municipal Airport (latitude 39°56'35" N., longitude 91°11'40" W.), and within 2 miles each side of the Quincy VORTAC 034° radial, extending from the 5-mile radius zone to the VORTAC.

Quonset Point, R. I.
Within a 5-mile radius of NAS Quonset Point (latitude 41°35'55" N., longitude 71°24'50 W.), within 2 miles each side of the NAS Quonset Point TACAN 151° radial extending from the 5-mile radius zone to 7 miles SE of the TACAN, within 2 miles each side of the NAS Quonset Point VOR 141° radial, extending from the 5-mile radius zone to 8 miles SE of the VOR, within 2 miles each side of the 145° bearing from the NAS Quonset Point RBN, extending from the 5-mile radius zone to 9 miles SE of the RBN, and within a 1-mile radius of Newport Airpark, Newport, R. I. (latitude 41°31'50" N., longitude 71°17'00" W.), excluding that portion within the Providence, R. I., control zone.

AMENDMENTS 10/15/64 29 F.R 11836 (Rewritten)

Raleigh, N. C.
Within a 5-mile radius of Raleigh-Durham Airport (Lat. 35°52'15" N, Long. 78°47'10" W) and within 2 miles either side of the Raleigh-Durham ILS localizer SW course extending from the 5-mile radius zone to the OM.

Rantoul, Ill.
Within a 5-mile radius of Chanute AFB, Rantoul, Ill. (latitude 40°17'40" N., longitude 88°08'20" W.), and within 2 miles each side of the Chanute VOR 270° radial, extending from the 5-mile radius zone to the VOR, from 0600 to 2400 hours, local time daily.

AMENDMENTS 5/28/64 29 F.R. 3356 (Rewritten)

Rapid City, S. Dak.
Within a 5-mile radius of Ellsworth AFB, Rapid City, S. Dak., (Lat. 44°08'40" N, Long. 103°06'10" W); within 2 miles either side of the extended centerline of the Ellsworth AFB runway 30 extending from the 5-mile radius zone to 17 miles SE of the approach end of runway 30; within a 5-mile radius of the Rapid City Municipal Airport (Lat. 44°02'35" N, Long. 103°03'30" W), and within 2 miles either side of the Rapid City VORTAC 335° and 155° radials extending from the 5-mile radius zone to 10 miles SE of the VORTAC.

Rawlins, Wyo.
Within a 5-mile radius of Rawlins Municipal Airport (latitude 41° 48' 15" N., longitude 107° 12' 05" W.).

Reading, Pa.
Within a 5-mile radius of General Carl A. Spartz Airport, Reading, Pa. (Lat. 40°22'40" N, Long. 78°58'00" W).

NAAS Ream Field, Calif.
Within a 3-mile radius of NAAS Ream Field (latitude 32° 34' 00" N., longitude 117° 09' 50" W.), and that airspace W of Ream Field within the arc of a 6-mile radius circle centered on Ream TACAN, extending counterclockwise from a line 2 miles N of and parallel to the Ream TACAN 288° radial to the United States/Mexican Flight Information Region boundary, excluding the portion under the jurisdiction of Mexico.

AMENDMENTS 4/2/64 29 F.R. 1445 (Rewritten):

Red Bluff, Calif.
Within a 5-mile radius of Bidwell Airport, Red Bluff, Calif., (latitude 40° 09' 15" N., longitude 122° 14' 50" W.), and within 2 miles W and 2.5 miles E of the Red Bluff VORTAC 163° radial, extending from the 5-mile radius zone to 8 miles S of the VORTAC.

AMENDMENTS 2/6/64 28 F. R. 12925 (Rewritten):

Redding, Calif.
Within a 5-mile radius of Redding Municipal Airport (latitude 40° 30' 35" N., longitude 122° 17' 30" W.), and within 2 miles each side of the Redding VOR 192° radial, extending from the 5-mile radius zone to 8 miles S of the VOR, excluding the portion within a 1-mile radius of Redding Sky Ranch Airport (latitude 40° 30' 00" N., longitude 122° 22' 35" W.). This control zone is effective from 0600 to 2100 hours, Monday through Saturday and from 1100 to 2100 hours, Sunday.

AMENDMENTS 2/6/64 28 F. R. 12925 (Rewritten):

Redmond, Oreg.

Rochester, Minn.

**Redmond, Oreg.**
**Within a 5-mile radius of Roberts Field (Lat. 44°15'11" N, Long. 121°08'55" W) and within 2 miles either side of the Redmond VOR 090° radial extending from the 5-mile radius zone to the VOR.**

Redwood Falls, Minn.
Within a 3-mile radius of Redwood Falls Municipal Airport (latitude 44° 32' 45" N., longitude 95° 04' 50" W.) and within 2 miles each side of the Redwood Falls VOR 023° radial, extending from the 3-mile radius zone to the VOR.

AMENDMENTS 4/2/64 29 F.R. 556 (Added);

Reno, Nev. (Reno Municipal Airport)
Within a 5-mile radius of Reno Municipal Airport (latitude 39°30'02" N., longitude 119°46'07" W.); within 2 miles each side of a 323° bearing from the Reno LMM, extending from the 5-mile radius zone to the arc of a 5-mile radius circle centered on Stead AFB (latitude 39°40'25" N., longitude 119°52'40" W.); within 2 miles each side of the Reno ILS localizer N course, extending from the 5-mile radius zone to the Sparks, Nev., RBN, and within 2 miles each side of the Reno ILS localizer S course, extending from the 5-mile radius zone to 11 miles S of the airport, excluding the portion within the Reno (Stead AFB) control zone.

Reno, Nev. (Stead AFB)
Within a 5-mile radius of Stead AFB (latitude 39°40'25" N., longitude 119°52'40" W.), from 30 minutes prior to sunrise to 0000 hours, local time, daily.

**Renton, Wash.**
**That airspace bounded by a line beginning at Lat. 47°31'55" N, Long. 122°11'40" W, thence clockwise via the circumference of a 3 mile radius circle centered at Renton Airport (Lat. 47°29'35" N, Long. 122°12'50" W) to Lat. 47°27'00" N, Long. 122°11'50" W, to Lat. 47°28'20" N, Long. 122°13'50" W, to Lat. 47°30'45" N, Long. 122°13'50" W, to the point of beginning, from 0700 to 2300 hours local time, daily.**

Richmond, Va.
Within a 5-mile radius of Byrd Field (latitude 37°30'20" N., longitude 77°19'10" W.); within 2 miles each side of the Richmond VOR 132° radial, extending from the 5-mile radius zone to 6 miles SE of the VOR; within 2 miles each side of the Richmond VOR 230° radial, extending from the 5-mile radius zone to 6 miles SW of the VOR; and within 2 miles each side of the 212° bearing from the Richmond RBN, extending from the 5-mile radius zone to 6 miles SW of the RBN.

AMENDMENTS 5/28/64 29 F.R. 3469 (Rewritten)

**Riverside, Calif.**
**Within a 5-mile radius of March AFB, Riverside, Calif., and within 2 miles either side of a line extending from March AFB through the Riverside VOR to 5 miles SW of the VOR.**

PENDING AMENDMENT
The caption of the Riverside, Calif. CZ is amended to read Riverside, Calif. (March AFB).
AMENDMENTS 12/10/64 29 F. R. 14436 (Changed)

PENDING AMENDMENT
Riverside, Calif. (Municipal Airport)
Within a 3-mile radius of Riverside Municipal Airport (latitude 33°57'05" N., longitude 117°26'30" W.); within 2 miles each side of the Riverside VOR 292° radial, extending from the 3-mile radius zone to 4.5 miles NW of the VOR, excluding the portion within a 1-mile radius of the Riverside Fla-Bob Airport (latitude 33°59'20" N., longitude 117°24'35" W.). This control zone is effective from 0500 to 2130 hours, local time, daily.
AMENDMENTS 12/10/64 29 F. R. 14436 (Added)

Riverton, Wyo.
Within a 5-mile radius of Riverton Municipal Airport (latitude 43°03'45" N., longitude 108°27'15" W.); within 2 miles each side of the Riverton VOR 121° radial extending from the 5-mile radius zone to 8 miles SE of the VOR, and within 2 miles each side of the Riverton VOR 291° radial extending from the 5-mile radius zone to 8 miles NW of the VOR, from 0500 to 1700 hours, local time, daily.

**Roanoke, Va.**
**Within a 5-mile radius of Woodrum Field, Roanoke, Va., (Lat. 37°19'30" N, Long. 79°58'35" W).**

**Rochester, Minn.**
**Within a 5-mile radius of Rochester Municipal Airport (Lat. 43°54'33" N, Long. 92°29'42" W); within 2 miles either side of the Rochester ILS localizer SE course extending from the 5-mile radius zone to the OM and within 2 miles either side of the Rochester VOR 030° radial extending from the 5-mile radius zone to the VOR.**

Rochester, N. Y.
Within a 5-mile radius of the Rochester-Monroe County Airport (latitude 43°07'20" N., longitude 77°39'55" W.); within 2 miles each side of the Rochester VOR 168° radial, extending from the 5-mile radius zone to 7 miles SE of the VOR; within 2 miles each side of the Rochester VOR 280° radial, extending from the 5-mile radius zone to 8 miles W of the VOR; and within 2 miles each side of the Rochester ILS localizer E course, extending from the 5-mile raduus zone to the OM.

AMENDMENTS 5/28/64 29 F.R. 4853 (Rewritten)

Rockford, Ill.
Within a 5-mile radius of the Greater Rockford Airport (latitude 42°11'50" N., longitude 89°05'45" W.), within 2 miles each side of the Rockford ILS localizer S course, extending from the 5-mile radius zone to the OM, and within 2 miles each side of the Rockford VORTAC 117° radial, extending from the 5-mile radius zone to the VORTAC.

Rock Springs, Wyo.
Within a 5-mile radius of Rock Springs Municipal Airport (latitude 41° 35' 45" N., longitude 109° 04' 00" W.); within 2 miles each side of the Rock Springs ILS localizer E course, extending from the 5-mile radius zone to 6 miles E of the OM, and within 2 miles each side of the Rock Springs VORTAC 097° radial, extending from the 5-mile radius zone to 4 miles E of the VORTAC.

AMENDMENTS 2/6/64 28 F. R. 13358 (Rewritten):

**Rocky Mount, N. C.**
**Within a 5-mile radius of Rocky Mount Airport and within 2 miles either side of the Rocky Mount VOR 263° and 083° radials extending from the 5-mile radius zone to 10 miles E of the VOR.**

**Rome, N. Y.**
**Within a 5-mile radius of Griffiss AFB, Rome, N. Y., (Lat. 43°14'10" N, Long. 75°24'25" W).**

**Roosevelt Roads, Puerto Rico**
**Within a 5-mile radius of NAS Roosevelt Roads (Lat. 18°15'05" N, Long. 65°38'35" W).**

Roswell, N. Mex. (Roswell Municipal Airport)
Within a 5-mile radius of Roswell Municipal Airport (latitude 33° 24' 20" N., longitude 104° 32' 55" W.); within 2 miles each side of the Roswell VOR 039° radial, extending from the 5-mile radius zone to the VOR, and within 2 miles each side of the Walker AFB, Roswell, N. Mex., VOR 262° radial, extending from the 5-mile radius zone to the VOR, excluding the portion S of a line extending from the Walker VOR to the Roswell VOR.

AMENDMENTS 2/6/64 28 F. R. 12925 (Rewritten);

Roswell, N. Mex. (Walker AFB)
Within a 5-mile radius of Walker AFB (latitude 33° 18' 05" N., longitude 104° 31' 20" W.); within 2 miles SE and 3 miles NW of the Walker VOR 225° radial, extending from the 5-mile radius zone to the VOR; within 2 miles each side of the extended centerline of Runway 17, extending from the 5-mile radius zone to 5 miles S of the liftoff end of Runway 17; within 2 miles each side of the Walker TACAN 228° radial, extending from the 5-mile radius zone to 7.5 miles SW of the TACAN; and within 2 miles each side of the Roswell VOR 117° radial, extending from the 5-mile radius zone to the VOR, excluding the portion N of a line extending from the Roswell VOR to the Walker VOR.

AMENDMENTS 2/6/64 28 F. R. 12925 (Added);

Russell, Kans.
Within a 3-mile radius of Russell Municipal Airport (latitude 38°52'25" N., longitude 98°48'45" W.), and within 2 miles each side of the Russell VOR 007° radial, extending from the 3-mile radius zone to 8 miles N of the VOR.

AMENDMENTS 9/17/64 29 F. R. 7313 (Added)

Sacramento, Calif (Sacramento Municipal)
Within a 5-mile radius of Sacramento Municipal Airport (Lat. 38°30'45" N, Long. 121°29'33" W), including a 1-mile radius of Reed AAF, Sacramento, Calif., (Lat. 38°31'00" N, Long. 121°23'45" W); within 2 miles either side of the Sacramento VOR 033° radial extending from the 5-mile radius zone to the VOR; and within 2 miles either side of the Sacramento ILS localizer NE course extending from the 5-mile radius zone to the McClellan AFB, Sacramento, Calif., control zone.

AMENDMENTS 6/25/64 29 F.R. 7990 (Changed)

Sacramento, Calif. (Mather AFB)
Within a 5-mile radius of Mather AFB (Lat. 38°33'10" N, Long. 121°18'05" W) and within 2 miles either side of the Mather VOR 239° radial extending from the 5-mile radius zone to the VOR, excluding the portion NW of a line from Lat. 38°37'25" N, Long. 121°19'20" W to Lat. 38°35'20" N, Long. 121°22'55" W, and excluding the portion within the Sacramento Municipal control zone.

Sacramento, Calif. (McClellan AFB)
Within a 5-mile radius of McClellan AFB (Lat. 38°39'45" N, Long. 121°24'10" W) and within 2 miles either side of the McClellan VOR 183° radial extending from the 5-mile radius zone to the VOR, excluding the portion SE of a line from Lat. 38°37'25" N, Long. 121°19'20" W to Lat. 38°35'20" N, Long. 121°22'55" W.

Saginaw, Mich.
Within a 5-mile radius of Tri-City Airport (latitude 43°31'54" N., longitude 84°04'54" W.), within 2 miles each side of the 347° bearing from the Saginaw RBN, extending from the 5-mile radius zone to 8 miles N of the RBN, and within 2 miles each side of the Saginaw VOR 235°, 310° and 035° radials, extending from the 5-mile radius zone to 8 miles SW, NW and NE of the VOR.

St. Charles, Ill.
Within a 3-mile radius of DuPage County Airport, St. Charles, Ill., (Lat. 41°54'45" N, Long. 88°14' 35" W), and within 2 miles either side of the DuPage VOR 069° radial extending from the 3-mile radius zone to the VOR, from 0600 to 2200 hours, local time, daily.

St. Joseph, Mo.
Within a 5-mile radius of the Rosecrans Memorial Airport (latitude 39°46'23" N., longitude 94°54'31" W.); within 2 miles each side of the St. Joseph ILS localizer S course, extending from the 5-mile radius zone to the OM; and within 2 miles each side of the St. Joseph VORTAC 175° radial, extending from the 5-mile radius zone to the VORTAC.

St. Louis, Mo.
Within a 5-mile radius of Lambert-St. Louis Municipal Airport (latitude 38°44'50" N., longitude 90°21'55" W.), within 2 miles SE and 3 miles NW of the Lambert-St. Louis Municipal Airport ILS localizer SW course, extending from the 5-mile radius zone to 12 miles SW of the Lake RBN, and within 2 miles each side of the St. Louis VORTAC 142° radial, extending from the 5-mile radius zone to 7 miles NW of the NW end of the Lambert-St. Louis Municipal Airport Runway 12.

St. Paul, Minn.
Within a 3-mile radius of St. Paul Downtown Airport (Holman Field) (latitude 44° 56' 10" N., longitude 93° 03' 40" W.) from 0600 to 2200 hours, local time, daily, or during specific times established in advance by a Notice to Airmen.

AMENDMENTS 1/24/64 28 F. R. 14226 (Added);

Salem, Oreg. (McNary Airport)
Within a 3-mile radius of McNary Airport and within 2 miles either side of a 150° bearing from the airport extending from the 5-mile radius zone to 5 miles SE of the airport.

Salina, Kans.
Within a 5-mile radius of Salina Municipal Airport (Lat. 38°49'10" N, Long. 97°34'00" W), and within an 8-mile radius of Schilling AFB, Salina, Kans., (Lat. 38°47'30" N, Long. 97°38'45" W). The portion of this control zone within R-3601 shall be used only after obtaining prior approval from appropriate authority.

Salinas, Calif.
Within a 5-mile radius of Salinas Municipal Airport (latitude 36°39'40" N., longitude 121°36'22" W.), excluding the portion subtended by a chord drawn between the points of INT of the Salinas 5-mile radius zone with the Fort Ord, Calif., (Fritzsche AAF) 5-mile radius zone.

Salisbury, Md.
Within a 5-mile radius of Salisbury-Wicomico County Airport (Lat. 38°20'25" N, Long. 75°30'40" W).

Salt Lake City, Utah
Within a 5-mile radius of Salt Lake City Municipal Airport No. 1 (latitude 40°47'10" N., longitude 111° 58'05" W.); within 2 miles either side of the 346° bearing from the Salt Lake City RBN extending from the 5-mile radius zone to the Layton FM and within 2 miles either side of the 263° bearing from the Salt Lake City RBN extending from the 5-mile radius zone to 10 miles W of the RBN.

San Angelo, Tex.
Within a 5-mile radius of Mathis Field, San Angelo, Tex., (latitude 31°21'35" N., longitude 100°29'40" W.); within 2 miles each side of the San Angelo VOR 065° radial, extending from the 5-mile radius zone to 8 miles NE of the VOR; within 2 miles each side of the San Angelo ILS localizer NE course, extending from the 5-mile radius zone to 8 miles NE of the INT of the ILS localizer NE course and the San Angelo VOR 311° radial; and within 2 miles each side of the San Angelo ILS localizer SW course, extending from the 5-mile radius zone to 6.5 miles SW of the airport.

San Antonio, Tex. (International Airport)
Within a 5-mile radius of San Antonio International Airport (Lat. 29°31'50" N, Long. 98°28'12" W); within 2 miles either side of the San Antonio VORTAC 184° radial extending from the 5-mile radius zone to the VORTAC, and within 2 miles either side of the San Antonio No. 2 ILS localizer NW course extending from the 5-mile radius zone to the LOM.

San Antonio, Tex. (Randolph AFB)
Within a 5-mile radius of Randolph AFB (Lat. 29°32'09" N, Long. 98°16'57" W); within 2 miles either side of the La Vernia, Tex., VOR 338° radial, extending from the 5-mile radius zone to the La Vernia VOR, and within 2 miles either side of the 329° bearing from the Randolph RBN extending from the 5-mile radius zone to the Randolph RBN.

San Antonio, Tex. (Kelly AFB)
Within a 5-mile radius of Kelly AFB (Lat. 29°23'00" N, Long. 98°35'00" W); within 2 miles either side of the Kelly ILS localizer N course extending from the 5-mile radius zone to the OM, and within 2 miles either side of the Somerset, Tex., VOR 035° radial extending from the 5-mile radius zone to the Somerset VOR.

San Antonio, Tex. (Stinson Field)
Within a 3-mile radius of Stinson Field (latitude 29° 20' 15" N., longitude 98° 28' 20" W.), and within 2 miles each side of the Stinson VOR 346° radial, extending from the 3-mile radius zone to the VOR, excluding the portion within the Kelly AFB control zone. This control zone is effective from 0700 to 2300 hours, local time, daily.
AMENDMENTS 4/2/64 29 F. R. 2308 (Rewritten);

San Bernardino, Calif. (Norton AFB)
Within a 5-mile radius of the Norton AFB (latitude 34°05'45" N., longitude 117°14'05" W.), and within 2 miles N and 2.5 miles S of the ILS localizer SW course extending from the 5-mile radius zone to 2 miles NE of the OM, excluding the portion within a 1-mile radius of the Redland, Calif., Municipal Airport (latitude 34°05'05" N., longitude 117°08'35" W.).

San Diego, Calif. (Lindbergh Field)
Within a 5-mile radius of Lindbergh Field, San Diego, Calif. (latitude 32° 43' 58" N., longitude 117° 11' 14" W.); within 2 miles each side of the Lindbergh VOR 106° radial, extending from the 5-mile radius zone to 7 miles E of the VOR, excluding the portion S of a line extending from latitude 32° 43' 22" N., longitude 117° 16' 20" W., to latitude 32° 43' 22" N., longitude 117° 12' 23" W., to latitude 32° 41' 02" N., longitude 117° 07' 25" W.; and the portion N of latitude 32° 47' 00" N.

AMENDMENTS 4/2/64 29 F. R. 1445 (Rewritten);

San Diego, Calif. (NAS North Island)
Within a 5-mile radius of NAS North Island (latitude 32° 42' 00" N., longitude 117° 12' 35" W.); within the arc of a 10-mile radius circle centered on the North Island TACAN, extending clockwise from a line 2 miles N of and parallel to the TACAN 120° radial to the 162° radial, excluding the portion N of a line from latitude 32° 43' 22" N., longitude 117° 17' 20" W., to latitude 32° 43' 22" N., longitude 117° 12' 23" W., to latitude 32° 41' 02" N., longitude 117° 07' 25" W., and the portion within the NAS Ream Field, Calif., control zone.

AMENDMENTS 4/2/64 29 F. R. 1445 (Rewritten);

San Diego, Calif. (San Diego County - Gillespie Field)
Within a 3-mile radius of the San Diego County-Gillespie Field (Lat. 32°49'26" N, Long. 116°58'18" W). from 0700 to 2300 hours local time, daily.

AMENDMENTS 10/7/64 29 F. R. 14103 (Changed)

**Sanford, Fla.**
Within a 5-mile radius of NAS Sanford (Lat. 28°46'25" N, Long. 81°14'20" W) and within 2 miles either side of a 270° bearing from NAS Sanford RBN extending from the 5-mile radius zone to 12 miles W of the RBN.

**San Francisco, Calif.**
Within a 7-mile radius of the San Francisco International Airport (Lat. 37°37'07" N, Long. 122°22'35" W, including the airspace bounded on the SW by the San Francisco 7-mile radius zone and on the N and NE by the Oakland and NAS Alameda control zones, excluding the portion within the Oakland control zone.

**San Jose, Calif.**
Within a 5-mile radius of San Jose Municipal Airport (latitude 37°21'35" N., longitude 121°55'30" W.), excluding the portion NW of a line from latitude 37°25'45" N., longitude 121°56'35" W. to latitude 37°19'30" N., longitude 122°00'10" W.

**San Juan, P. R. (International Airport)**
Within a 5-mile radius of the Puerto Rico International Airport (Lat. 18°26'40" N, Long. 66°00'20" W); within a 3-mile radius of the San Juan Air Terminal (Isla Grande) (Lat. 18°27'30" N, Long. 66°05'50" W); within 2 miles either side of the 067° and 281° bearings from the San Pat, P. R., RBN extending from the 5-mile radius zone to 12 miles W of the RBN, and within 2 miles either side of the San Juan VOR 058° and 087° radials extending from the 5-mile radius zone to 12 miles NE and E of the VOR.

**San Rafael, Calif.**
Within a 5-mile radius of Hamilton AFB, San Rafael, Calif. (Lat. 38°03'35" N, Long. 122°30'35" W).

**Santa Ana, Calif. (MCAF Santa Ana)**
Within a 3-mile radius of MCAF Santa Ana (latitude 33°42'22" N., longitude 117°49'35" W.), and within a 5-mile radius of Orange County Airport, Santa Ana, Calif. (latitude 33°40'10" N., longitude 117°52'15" W.), excluding the portion SE of a line from latitude 33°43'55" N., longitude 117°47'00" W. to latitude 33°41'15" N., longitude 117°48'10" W., the portion S of a line from latitude 33°41'15" N., longitude 117°48'10" W. to latitude 33°42'30" N., longitude 117°56'40" W., and the portion within a 1-mile radius of Mile Square MCOLF, Calif. (latitude 33°43'23" N., longitude 117°56'46" W.). This control zone will be effective from 0600 to 2400 hours, local time, daily.

**Santa Ana, Calif. (Orange County Airport)**
Within a 5-mile radius of Orange County Airport (latitude 33°40'10" N., longitude 117°52'15" W.), excluding the portion SE of a line from latitude 33°41'15" N., longitude 117°48'10" W. to latitude 33°36'10" N., longitude 117°50'20" W., and the portion N of a line extending from latitude 33°41'15" N., longitude 117°48'10" N., to latitude 33°42'30" N., longitude 117°56'40" W. This control zone is effective from 0600 to 2300 hours, local time, daily.

AMENDMENTS 10/8/64 29 F.R. 14167 (Changed);

**Santa Barbara, Calif.**
Within a 5-mile radius of Santa Barbara Municipal Airport (Lat. 34°25'35" N, Long. 119°50'20" W), and within 2 miles either side of a 270° bearing from the airport extending from the 5-mile radius zone to 13 miles W of the airport.

**Santa Fe, N. Mex.**
Within a 5-mile radius of the Santa Fe County Municipal Airport (latitude 35°37'00" N., longitude 106°05'25" W.); within 2 miles each side of the extended centerline of runway 20, extending from the 5-mile radius zone to 5 miles SW of the SW end of runway 20; and within 2 miles each side of the Santa Fe VORTAC 007° radial, extending from the 5-mile radius zone to 11 miles N of the VORTAC.

**Santa Maria, Calif.**
Within a 5-mile radius of Santa Maria Airport (latitude 34°53'55" N., longitude 120°27'20" W.), excluding the portion within R-2516, from 0600 to 2200 hours, local time, daily.

AMENDMENTS 7/6/64 29 F.R. 9485 (Rewritten);

**Santa Monica, Calif.**
Within a 3-mile radius of the Santa Monica Municipal Airport (Lat. 34°00'57" N, Long. 118°27'00" W), excluding the portion subtended by a chord drawn between the points of INT of the Santa Monica 3-mile radius zone with the Los Angeles, Calif., 5-mile radius zone. This control zone shall be effective from 0700 to 2300 hours, local time, daily.

**Santa Rosa, Calif.**
Within a 3-mile radius of Sonoma County Airport, Santa Rose, Calif., (Lat. 38°30'30" N, Long. 122°48'45" W), from 0600 to 2200 hours local time, daily, excluding the portion within R-2522.

**Sarasota, Fla.**
Within a 5-mile radius of the Sarasota-Bradenton Airport (Lat. 27°23'47" N, Long. 82°33'15" W), and within 2 miles either side of the Sarasota-Bradenton VOR 305° radial extending from the 5-mile radius zone to 8 miles NW of the VOR. This control zone shall be effective from 0600 to 2200 hours EST, daily.

**Sault Ste. Marie, Mich (Kincheloe AFB)**
Within a 10-mile radius of Kincheloe AFB; within 5 miles either side of the ILS localizer NW course extending from the 10-mile radius zone to 10 miles NW of the LOM, excluding that portion outside the United States. The portion of this control zone within R-4205 shall be used only after obtaining prior approval from appropriate authority.

AMENDMEMTS 3/5/64 29 F.R. 4 (Changed):

**Sault Ste. Marie, Mich. (Sault Ste. Marie, Municipal Airport)**
Within a 5-mile radius of Sault Ste. Marie Municipal Airport (latitude 46°28'40" N., longitude 84°21'55" W.), within 2 miles either side of the 113° bearing from the Sault Ste. Marie RBN extending from the 5-mile radius zone to 12 miles SE of the RBN, and within 2 miles either side of the Sault Ste. Marie VOR 146° and 326° radials extending from the 5-mile radius zone to 12 miles SE of the VOR, excluding the portion outside the United States.

**Savannah, Ga.**
Within a 5-mile radius of Travis Field (latitude 32°07'35" N., longitude 81°12'05" W.); within a 5-mile radius of Hunter AFB (latitude 32°00'35" N., longitude 81°08'45" W.); within 2 miles each side of the extended centerline of the Hunter AFB east/west runway, extending from the Hunter AFB 5-mile radius zone to 8 miles W of the airport; within 2 miles each side of the Hunter AFB ILS localizer E course, extending from the Hunter AFB 5-mile radius zone to 2 miles W of the Hunter AFB OM; within 2 miles each side of the Travis Field ILS localizer W course, extending from the Travis Eield 5-mile radius zone to 1 mile E of the Travis Field ILS OM; and within 2 miles each side of the Savannah VORTAC 245° radial, extending from the Travis Field 5-mile radius zone to the VORTAC.

AMENDMENTS 4/30/64 29 F.R. 3293 (Rewritten)

**Schenectady, N. Y.**
Within a 5-mile radius of Schenectady County Airport (Lat. 42°51'20" N, Long. 73°55'55" W), and within 2 miles either side of a direct line extending from the Schenectady County Airport 5-mile radius zone to the Albany, N. Y., ILS OM.

**Scottsbluff, Nebr.**
Within a 5-mile radius of the Scottsbluff Municipal Airport (latitude 41°52'30" N., longitude 103°35'40" W.), and within 2 miles each side of the Scottsbluff VORTAC 259° radial, extending from the 5-mile radius zone to the VORTAC.

**Seattle, Wash. (NAS Seattle).**
Within a 5-mile radius of NAS Seattle (latitude 47° 40' 50" N., longitude 122° 15' 10" W.), and within a 1-mile radius of Kenmore Air Harbor, Seattle, Wash. (latitude 47° 45' 25" N., longitude 122° 15' 25" W.), excluding the portion W. of longitude 122° 19' 30" W.

**Seattle, Wash. (Seattle-Tacoma International Airport)**
That airspace bounded by a line beginning at Lat. 47°29'20" N, Long. 122°13'50" W, thence S to Lat. 47°28'20" N, Long. 122°13'50" W, thence SE to Lat. 47°27'00" N, Long. 122°11'50" W, thence clockwise along the arc of a 5 mile radius circle centered at the Seattle-Tacoma International Airport to Lat. 47°29'20" N. Long. 122°23'10" W, thence E to the point of beginning.

**Seattle, Wash. (Boeing Airport)**
That airspace bounded by a line beginning at Lat. 47°31'55" N, Long. 122°11'40" W, thence SW to Lat. 47°30'45" N, Long. 122°13'50" W, thence S to Lat. 47°29'20" N, Long. 122°13'50" W, thence W to Lat. 47°29'20" N, Long. 122°23'10" W, thence clockwise along the arc of a 5 mile radius circle centered on the Boeing Airport to the point of beginning.

**Sedalia, Mo.**
Within a 5-mile radius of Whiteman AFB, Sedalia, Mo. (latitude 38° 43' 50" N., longitude 93° 33' 00" W.); within 2 miles each side of the Whiteman VOR 010° radial, extending from the 5-mile radius zone to 2 miles N of the VOR, and within 2 miles each side of the Whiteman TACAN 185° radial, extending from the 5-mile radius zone to 7 miles S of the TACAN.

AMENDMENTS 3/5/64 28 F.R. 13929 (Rewritten):

**Selma, Ala.**
Within a 5-mile radius of Craig AFB, Selma, Ala., (Lat. 32°20'25" N, Long. 86°59'20" W).

**Shemya, Alaska**
Within a 5-mile radius of Shemya Airport (Lat. 52°43'10" N, Long. 174°06'05" W); within 2 miles either side of a 104° bearing from the Shemya RBN extending from the 5-mile radius zone to 12 miles E of the RBN, and within 2 miles either side of a 284° bearing from the Shemya RBN extending from the 5-mile radius zone to 12 miles W of the RBN, excluding the portion within R-2204.

**Sheridan, Wyo.**
Within a 5-mile radius of Sheridan County Airport (latitude 44° 46' 25" N., longitude 106° 58' 15" W.), and within 2 miles each side of the Sheridan VORTAC 138° radial, extending from the 5-mile radius zone to the VORTAC.

AMENDMENTS 2/6/64 28 F. R. 13358 (Rewritten);

**Sherman, Tex.**
Within a 5-mile radius of Perrin AFB, Sherman, Tex. (Lat. 33°42'48" N, Long. 96°40'29" W), within 2 miles either side of the Perrin AFB VOR 002° and 179° radials extending from the 5-mile radius zone to 10 miles N and S of the VOR.

**Shreveport, La. (Downtown Airport - Barksdale AFB)**
Within a 5-mile radius of Shreveport Downtown Airport (latitude 32°32'25" N., longitude 93°44'40" W.), excluding the portion within the Greater Shreveport control zone; within 2 miles each side of the 334° bearing from the Shreveport RBN, extending from the Downtown Airport 5-mile radius zone to 12 miles NW of the RBN; within a 5-mile radius of the Barksdale AFB latitude 32°30'05" N., longitude 93°39'45" W.); within 2 miles each side of the Shreveport VORTAC 155° radial, extending from the Barksdale 5-mile radius zone to the VORTAC; and within 2 miles each side of the Barksdale AFB VOR 330° and 150° radials, extending from the 5-mile radius zone to 3 miles SE of the VOR.

AMENDMENTS 5/1/64 29 F.R. 4081 (Rewritten);

**Shreveport, La. (Greater Shreveport)**
Within a 5-mile radius of Greater Shreveport Municipal Airport (Lat. 32°26'45" N, Long. 93°48'25" W), and within 2 miles either side of the Greater Shreveport ILS localizer SE and NW courses extending from the 5-mile radius zone to 15 miles SE of the localizer and to 5 miles NW of the LOM.

**Sidney, Nebr.**
Within a 3-mile radius of Sidney Airport and within 2 miles either side of the Sidney VOR 079° and 259° radials extending from the 3-mile radius zone to 12 miles W of the VOR.

**Simmons Army Airfield, N. C.**
Within a 5-mile radius of Simmons AAF (Lat. 35°07'55" N, Long. 78°56'05" W), excluding the portion within the Fort Bragg, N. C., control zone.

**Sioux City, Iowa**
Within a 5-mile radius of Sioux City Municipal Airport (Lat. 42°24'10" N, Long. 96°23'10" W); within 2 miles each side of the Sioux City RBN 163° bearing, extending from the 5-mile radius zone to 8 miles S of the RBN, within 2 miles either side of the Sioux City VORTAC 142° and 322° radials, extending from the 5-mile radius zone to 10 miles SE of the VORTAC, and within 2 miles either side of the 136° and 316° bearings from the Sioux City LOM extending from the 5-mile radius zone to 10 miles SE of the OM.

AMENDMENTS 3/5/64 29 F. R. 2306 (Changed);

**Sioux Falls, S. Dak.**
Within a 5-mile radius of Sioux Falls Airport (Foss Field); within 2 miles either side of the Sioux Falls VORTAC 336° radial extending from the 5-mile radius zone to 12 miles NW of the VORTAC; within 2 miles either side of the Sioux Falls ILS localizer SW course extending from the 5-mile radius zone 12 miles SW of the OM and within 2 miles either side of the ILS localizer NE course extending from the 5-mile radius zone to 16 miles NE of the localizer.

**Sitka, Alaska**
Within a 5-mile radius of Sitka Harbor Seaplane Base (latitude 57°03'30" N., longitude 135°21'30" W.); within 2 miles each side of the Sitka RR NE and SW courses, extending from the 5-mile radius zone to 2 miles SW of the RR, and within 2 miles each side of the Biorka, Alaska, VORTAC 027° and 207° radials, extending from the 5-mile radius zone to 2 miles SW of the VORTAC.

**Smyrna, Tenn.**
Within a 5-mile radius of Sewart AFB, Smyrna, Tenn., and within 2 miles either side of a 139° bearing from the Sewart AFB RBN extending from the 5-mile radius zone to 10 miles SE of the RBN.

**South Bend, Ind.**
Within a 5-mile radius of St. Joseph County Airport, South Bend, Ind. (Lat. 41°42'15" N, Long. 86°18'

**South Weymouth, Mass.**
Within a 5-mile radius of NAS South Weymouth (Lat. 42°08'55" N, Long. 70°56'25" W); within 2 miles either side of the 336° bearing from the South Weymouth RBN extending from the 5-mile radius zone to the RBN; and within 2 miles either side of the South Weymouth TACAN 165° radial extending from the 5-mile radius zone to 7 miles S of the TACAN.

**Spartanburg, S. C.**
Within a 5-mile radius of Spartanburg Municipal Airport (Lat. 34°54'55" N, Long. 81°57'35" W) and within 2 miles either side of the 237° bearing from the Spartanburg RBN extending from the 5-mile radius zone to 10 miles SW of the RBN.

**Spokane, Wash. (Fairchild AFB).**
Within a 5-mile radius of Fairchild AFB (latitude 47°36'55" N., longitude 117°39'20" W.); within 2 miles each side of the Runway 23 extended centerline, extending from the 5-mile radius zone to 4 miles SW of the lift-off end of Runway 23; and within 2 miles each side of the Spokane International Airport Runway 21 extended centerline, extending from the runway to 6 miles SW of the lift-off end of Runway 21, excluding the portion E of a line extending from latitude 47°32'45" N., longitude 117°35'00" W., to latitude 47°40'57" N., longitude 117° 36'00" W.

AMENDMENTS 6/25/64 29 F. R. 5316 (Added)

**Spokane, Wash. (International).**
Within a 5-mile radius of the Spokane International Airport (latitude 47°37'35" N., longitude 117°32'05" W.), and within 2 miles each side of the Runway 21 extended centerline, extending from the 5-mile radius zone to 6 miles SW of the lift-off end of Runway 21, excluding the portion W of a line extending from latitude 47°32'45" N., longitude 117°35'00" W., to latitude 47°40'57" N., longitude 117°36'00" W.

AMENDMENTS 6/25/64 29 F.R. 5316 (Rewritten)

**Springfield, Ill.**
Within a 5-mile radius of Capital Airport, Springfield, Ill., (latitude 39°50'35" N., longitude 89°40'35" W.); within 2 miles each side of the ILS localizer SW course, extending from the 5-mile radius zone to the ILS OM; within 2 miles each side of the Capital VOR 040° radial, extending from the 5-mile radius zone to 12 miles NE of the VOR; and within 2 miles each side of the ILS localizer NE course extending from the 5-mile radius zone to 8 miles NE of the INT of the ILS localizer NE course and the Capital VOR 132° radial.

AMENDMENTS 2/6/64 28 F. R. 13357 (Changed); 8/20/64 29 F. R. 5388 (Rewritten)

**Springfield, Mo.**
Within a 5-mile radius of the Springfield Municipal Airport (latitude 37° 14' 35" N., longitude 93° 23' 20" W.) and within 2 miles W and 2.5 miles E of the Springfield VORTAC 200° radial, extending from the 5-mile radius zone to the VORTAC.

AMENDMENTS 3/5/64 29 F.R. 132 (Rewritten):

**Springfield, Ohio**
Within a 5-mile radius of Springfield Municipal Airport and within 2 miles either side of a 051° bearing from the end of the NE - SW runway extending from the 5-mile radius zone to 10 miles NE of the airport.

**Stockton, Calif.**
Within a 5-mile radius of Stockton Municipal Airport (latitude 37° 53' 45" N., longitude 121° 14' 10" W.); within 2 miles each side of the Stockton VORTAC 321° radial, extending from the 5-mile radius zone to the VORTAC, and within 2 miles each side of the Stockton ILS localizer SE course, extending from the 5-mile radius zone to 1 mile NW of the OM.

**Summit, Alaska**
Within a 5-mile radius of Summit Airport (Lat. 63°19'55" N, Long. 149°07'30" W).

**Sumter, S. C.**
Within a 5-mile radius of Shaw AFB. Sumter. S. C.

Syracuse, N. Y.
Within a 5-mile radius of Clarence E. Hancock Airport, Syracuse, N. Y., (Lat. 43° 06" 60" N, Long. 76° 06' 35" W.); within 2 miles either side of the Syracuse ILS localizer E course extending from the 5-mile radius zone to 10 miles E of the OM; within 2 miles each side of the 086° and 266° bearings from the Syracuse RBN, extending from the 5-mile radius zone to 10 miles W of the RBN, and within 2 miles either side of the Syracuse VORTAC 120° and 300° radials extending from the 5-mile radius zone to 10 miles NW of the VORTAC.

**Tacoma, Wash.**
Within a 5-mile radius of McChord AFB, Tacoma, Wash. (latitude 47°08'20" N., longitude 122°28'05" W.); and within 2 miles each side of the McChord RBN 360° bearing, extending from the 5-mile radius zone to the RBN.

AMENDMENTS 5/1/64 29 F.R. 5389 (Rewritten)

**Talkeetna, Alaska**
Within a 5-mile radius of Talkeetna Airport (Lat. 62°19'20" N, Long. 150°05'20" W).

**Tallahassee, Fla.**
Within a 5-mile radius of Tallahassee Municipal Airport (Lat. 30°23'33" N, Long. 84°21'06" W), and within 2 miles either side of the 299° bearing from the Tallahassee RBN extending from the 5-mile radius zone to 12 miles NW of the RBN.

**Tampa, Fla.**
Within a 5-mile radius of Tampa International Airport (Lat. 27°58'30" N, Long. 82°31'40" W); within a 5-mile radius of the Mac Dill AFB (Lat. 27°51'05" N, Long. 82°31'15" W); within a 5-mile radius of St. Petersburg-Clearwater International Airport (Lat. 27°54'40" N, Long. 82°41'10" W); within 2 miles either side of a line extending from the Tampa International Airport to the Tampa RBN; within 2 miles either side of the 137° bearing from the Tampa RBN extending from the Mac Dill AFB 5-mile radius zone to 10 miles SE of the RBN; within 2 miles either side of the St. Petersburg VORTAC 340° radial extending from the St. Petersburg-Clearwater International Airport 5-mile radius zone to 10 miles NW of the VORTAC, and within 5 miles either side of a line extending from the St. Petersburg-Clearwater International Airport to the Tampa International Airport.

Tanana, Alaska
That airspace within a 5-mile radius of Tanana Airport (latitude 65°10' N., longitude 152°07' W.); within two miles each side of the Tanana RR SW course, extending from the 5-mile radius zone to 8 miles SW of the RR, and within 2 miles each side of the Tanana VOR 246° radial extending from the 5-mile radius zone to 8 miles SW of the VOR.

AMENDMENTS 8/20/64 29 F. R. 7505 (Rewritten)

**Terre Haute, Ind.**
Within a 5-mile radius of Hulman Field, Terre Haute, Ind. (latitude 39°27'05" N., longitude 87°18'30" W.); within 2 miles each side of the Terre Haute ILS localizer SW course, extending from the 5-mile radius zone to the OM; and within 2 miles each side of the Terre Haute VOR 051° radial, extending from the 5-mile radius zone to 12 miles NE of the VOR.

Teterboro, N. J.
Within a 5-mile radius of Teterboro Air Terminal (Lat. 40°51'05" N. Long. 74°03'40" W).

**Texarkana, Ark.**
Within a 5-mile radius of Texarkana Municipal Airport (Lat. 33°27'20" N, Long. 93°59'15" W), and within 2 miles either side of the Texarkana VORTAC 129° and 309° radials extending from the 5-mile radius zone to 10 miles NW of the VORTAC.

**Toledo, Ohio**
Within a 5-mile radius of Toledo Express Airport and within 2 miles either side of the Toledo ILS localizer SW course extending from the 5-mile radius zone to 10 miles SW of the OM.

**Topeka, Kans. (Forbes AFB)**
Within a 5-mile radius of Forbes AFB (latitude 38°57'10" N., longitude 95°39'50" W.), within 2 miles each side of the Forbes AFB TACAN 321° radial extending from the 5-mile radius zone to 6 miles NW of the TACAN, and within 2 miles each side of the Forbes AFB ILS localizer SE course, extending from the 5-mile radius zone to 1 mile SE of the OM, excluding the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone with the Topeka, Kans. (Philip Billard Airport) control zone.

**Topeka, Kans. (Philip Billard Airport)**
Within a 5-mile radius of Philip Billard Airport (latitude 39°04'09" N., longitude 95°37'18" W.), within 2 miles each side of the Topeka VORTAC 219° radial extending from the 5-mile radius zone to the VORTAC, and within 2 miles each side of the Philip Billard Airport ILS localizer SE course, extending from the 5-mile radius zone to 11 miles SE of the SE end of the Philip Billard Airport Runway 31, excluding the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone with the Topeka, Kans. (Forbes AFB) control zone.

Torrance, Calif.
Within a 3-mile radius of Torrance Municipal Airport (latitude 33°48'10" N., longitude 118°20'20" W.), from 0600 to 2200 hours, local time, daily.

**Traverse City, Mich.**
Within a 5-mile radius of Traverse City Municipal Airport (latitude 44°44'35" N., longitude 85°34'50" W.); within 2 miles either side of the 137° bearing from the Traverse City RBN extending from the 5-mile radius zone to 8 miles SE of the RBN, and within 2 miles either side of the Traverse City VOR 338° and 158° radials extending from the 5-mile radius zone to 8 miles S of the VOR.

Trenton, N. J.
Within a 5-mile radius of Mercer County Airport, Trenton, N. J. (latitude 40° 16' 33" N., longitude 74° 48' 55" W.); within 2.5 miles N and 2 miles S of the Yardley, Pa., VOR 071° and 065° radials, extending from the 5-mile radius zone to the VOR, excluding the portion within a 1-mile radius of the Morrisville, Pa., Airport (latitude 40° 12' 00" N., longitude 74° 48' 55" W.), and excluding the portion within the Willow Grove, Pa., control zone.

AMENDMENTS 4/2/64 29 F.R. 2419 (Rewritten):

Tri-City, Tenn.
Within a 5-mile radius of Tri-City Municipal Airport (latitude 36°28'30" N., longitude 82°24'20" W.): within 2 miles on each side of the Tri-City ILS localizer NE course extending from the 5-mile radius zone to the OM; and within 2 miles on each side of the 043° and 223° bearings from the Boone RBN extending from the 5-mile radius zone to 8 miles SW of the RBN.

**Troutdale, Oreg.**
Within a 3-mile radius of Troutdale Airport (Lat. 45°33'00" N, Long. 122°23'50" W), excluding the portion within R-5703. This control zone shall be effective from 0700 to 2300 hours, local time, daily.

AMENDMENTS On Publ. 5/1/64 29 F. R. 5784 (Changed)

**Truth or Consequences, N. Mex.**
Within a 5-mile radius of Truth or Consequences Municipal Airport (latitude 33°14'10" N., longitude 107° 16'20" W.).

Tucson, Ariz. (Davis-Monthan AFB)
Within a 5-mile radius of Davis-Monthan AFB (latitude 32°10'00" N., longitude 110°53'00" W.) excluding the portion subtended by a chord drawn between the points of INT of the Davis-Monthan 5-mile radius zone and the Tucson International 5-mile radius zone, and within 2 miles SW and 2.5 miles NE of the Davis-Monthan ILS Localizer SE course, extending from the 5-mile radius zone to the OM.

AMENDMENTS 7/23/64 29 F. R. 7418 (Rewritten)

Tucson, Ariz. (Tucson International Airport)
Within a 5-mile radius of Tucson International Airport (latitude 32°07'05" N., longitude 110°56'35" W.); within 2 miles each side of the Tucson VORTAC 273° radial, extending from the 5-mile radius zone to 14 miles W of the VORTAC, and within 2 miles each side of the extended centerline of runway 12L, extending from the 5-mile radius zone to 5 miles SE of the lift-off end of Runway 12L, excluding the portion subtended by a chord drawn between the points of INT of the Tucson International 5-mile radius zone with the Davis-Monthan AFB 5-mile radius zone.

AMENDMENTS 7/23/64 29 F. R. 7418 (Rewritten)

**Tucumcari, N. Mex.**
Within a 5-mile radius of the Tucumcari Municipal Airport (latitude 35°10'50" N., longitude 103°36'15" W.); within 2 miles each side of the Tucumcari VOR 033° radial, extending from the 5-mile radius zone to 8 miles NE of the VOR; and within 2 miles each side of the Tucumcari VOR 078° radial, extending from the 5-mile radius zone to 8 miles E of the VOR.

**Tulsa, Okla.**
Within a 5-mile radius of Tulsa Municipal Airport (Lat. 36°12'01" N, Long. 95°53'15" W); within 2 miles either side of the Tulsa ILS localizer N course extending from the 5-mile radius zone to the Owasso, Okla., RBN; within 2 miles either side of the Tulsa VORTAC 268° radial extending from the 5-mile radius zone to the VORTAC, and within 2 miles either side of the ILS localizer S course extending from the 5-mile radius zone to the OM.

**Tuscaloosa, Ala.**
Within a 5-mile radius of Van De Graaff Airport, Tuscaloosa, Ala., (Lat. 33°13'35" N, Long. 87°36' 35" W). and within 2 miles either side of the Tuscaloosa VORTAC 060° radial extending from the 5-mile radius zone to 10 miles NE of the VORTAC.

**Twin Falls, Idaho**
Within a 5-mile radius of Twin Falls Municipal Airport (latitude 42° 29' 05" N., longitude 114° 29' 15" W.), and within 2 miles each side of the Twin Falls VOR 086° radial, extending from the 5-mile radius zone to 8 miles E of the VOR, from 0400 to 2000 hours, local time, daily.

AMENDMENTS 2/6/64 28 F. R. 13357 (Rewritten); 7/6/64 29 F.R. 9485 (Changed);

**Tyler, Tex.**
Within a 5-mile radius of Pounds Field, Tyler, Tex., (Lat. 32°21'17" N, Long. 95°23'55" W); within 2 miles either side of the Pounds Field ILS localizer NW course extending from the 5-mile radius zone to the OM, and within 2 miles either side of the Pounds Field ILS localizer SE course extending from the 5-mile radius zone to the INT of the Pounds Field ILS localizer SE course and the Gregg County, Tex., VOR 265° radial.

**Tyndall AFB, Fla.**
Within a 5-mile radius of Tyndall AFB (latitude 30°04'15" N., longitude 85°34'30" W.), within 2 miles either side of the Tyndall AFB TACAN 308° radial extending from the 5-mile radius zone to 8 miles northwest of the TACAN; within 2 miles either side of the 315° True bearing from the Tyndall RBN extending from the 5-mile radius zone to the RBN, and within 2 miles either side of the Tyndall VOR 313° radial extending from the 5-mile radius zone to the VOR, excluding the portion within the Panama City, Fla., Restricted Area R-2912C.

AMENDMENTS 3/5/64 29 F. R. 1842 (Rewritten)

**Unalakleet, Alaska**
Within a 5-mile radius of Unalakleet Airport (Lat. 63°53'10" N, Long. 160°47'30" W), and within 2 miles either side of the Unalakleet RR W course extending from the 5-mile radius zone to 12 miles W of the RR, from 0545 to 2145 hours, local time, daily.

AMENDMENTS On Publ. 11/4/64 29 F. R. 14917 (Changed)

**Utica, N. Y.**
Within a 5-mile radius of Oneida County Airport, Utica, N. Y., (Lat. 43°08'45" N, Long. 75°22'55" W) and within 2 miles either side of the Utica ILS localizer SE course extending from the 5-mile radius zone to the Utica RBN, excluding the portion within the Griffis AFB control zone.

**Valdosta, Ga. (Moody AFB)**
Within a 10-mile radius of Moody AFB, Valdosta, Ga.

**Valdosta, Ga. (Valdosta Municipal Airport)**
Within a 5-mile radius of Valdosta Municipal Airport and within 2 miles either side of the Valdosta VOR 004° and 184° radials extending from the 5-mile radius zone to 10 miles SW of the VOR, excluding the portion within the Moody AFB control zone.

**Van Nuys, Calif.**
Within a 5-mile radius of Van Nuys Airport (latitude 34°12'30" N., longitude 118°29'15" W.) excluding the portion east of a line from latitude 34°16'00" N., longitude 118°25'55" W. to latitude 34°09'25" N., longitude 118°25'40" W.

**Vero Beach, Fla.**
Within a 5-mile radius of Vero Beach Municipal Airport (latitude 27°39'15" N., longitude 80°24'55" W.).

**Victoria, Tex.**
Within a 5-mile radius of the Victoria County-Foster Airport (latitude 28° 51' 10" N., longitude 96° 55' 20" W.) and within 2 miles each side of the 320° bearing from latitude 28° 51' 30" N., longitude 96° 55' 00" W., extending from the 5-mile radius zone to 8 miles NW of latitude 28° 51' 30" N., longitude 96° 55' 00" W., effective from 0600 to 2200 hours, local time, daily.

AMENDMENTS 4/2/64 29 F.R. 557 (Added); Amend. Alt. 29 F.R. 4082;

**Victorville, Calif.**
Within a 5-mile radius of George AFB, Victorville, Calif., (Lat. 34°35'50" N, Long. 117°22'35" W), and within 2 miles either side of the George AFB VOR 355° and 005° radials extending from the 5-mile radius zone to 11 miles N of the VOR.

PENDING AMENDMENT
Visalia, Calif.
Within a 4-mile radius of the Visalia Municipal Airport (latitude 36°19'10" N., longitude 119°23'35" W.), and within 2 miles each side of the Visalia VOR 121° radial, extending from the 4-mile radius zone to the VOR, excluding the portion within a 1-mile radius of Green Acres Airport, Visalia, Calif. (latitude 36°20'20" N., longitude 119°19'30" W.), effective from 0700 to 2100 hours, local time, daily.

AMENDMENTS 1/7/65 29 F.R. 14168 (Added)

**Waco, Tex.**
Within a 5-mile radius of Waco Municipal Airport (latitude 31°36'40" N., longitude 97°13'40" W.); within a 5-mile radius of James Connally AFB, Waco, Tex. (latitude 31°38'20" N., longitude 97°04'25" W.); and within 2 miles each side of direct lines from James Connally AFB, extending from the James Connally 5-mile radius zone to latitude 31°47'12" N., longitude 97°03'05" W., and to the Prairie Hill RBN.

**Wake Island,**
Within a 5-mile radius of Wake Island (Lat. 19°18'00" N, Long. 166°38'00" E); within 2 miles either side of the Wake Island VORTAC 306° radial extending from the 5-mile radius zone to 12 miles NW of the VORTAC; within 2 miles either side of the 101° bearing from the Wake Island RBN extending from the 5-mile radius zone to 12 miles E of the RBN, and within 2 miles either side of the 281° bearing from the Wake Island RBN extending from the 5-mile radius zone to 12 miles W of the VORTAC.

PENDING AMENDMENT
Wake Island
Within a 5-mile radius of Wake Island Airport (latitude 19°18'00" N. longitude 166°38'00" E); within 2 miles each side of the Wake Island VORTAC 306° radial, extending from the 5-mile radius zone to 17 miles NW of the VORTAC; within 2 miles each side of the Wake Island VORTAC 111° radial, extending from the 5-mile radius zone to 17 miles E of the VORTAC; within 2 miles each side of the 281° bearing from the Wake Island radio beacon (AXX), extending from the 5-mile radius zone to 15 miles W of the radio beacon; and within 2 miles each side of the 101° bearing from the Wake Island radio beacon (AWK), extending from the 5-mile radius zone to 12 miles E of the radio beacon.

AMENDMENTS 12/10/64 29 F.R. 14103 (Rewritten)

**Walla Walla, Wash.**
Within a 5-mile radius of Walla Walla City-County Airport (latitude 46° 05' 35" N., longitude 118° 17' 20" W.), and within 2 miles each side of the Walla Walla VOR 215° radial, extending from the 5-mile radius zone to 8 miles SW of the VOR.

AMENDMENTS 4/2/64 29 F.R. 2308 (Rewritten);

**Walnut Ridge, Ark.**
Within a 3-mile radius of Walnut Ridge Airport (Lat. 36°07'30" N, Long. 90°55'25" W), and within 2 miles either side of the Walnut Ridge VOR 244° radial extending from the 3-mile radius zone to 10 miles SW of the VOR.

PENDING AMENDMENT
Walnut Ridge, Ark.
That airspace within a 3-mile radius of the Walnut Ridge Airport (latitude 36°07'30" N., longitude 90°55'25" W.) and within 2 miles each side of the Walnut Ridge VOR 244° radial, extending from the 3-mile radius zone to 6.5 miles SW of the VOR.

AMENDMENTS 1/7/65 29 F. R. 14523 (Rewritten)

**Washington, D. C.**
Within a 5-mile radius of Washington National Airport (latitude 38°51'05" N., longitude 77°02'20" W.), within 2 miles each side of the Washington National Airport ILS localizer S course, extending from the 5-mile radius zone to the OM, within 2 miles each side of the 137° bearing from the Georgetown, D. C., RBN and 2 miles SW of the Washington, D. C., VOR 313° radial, extending from the 5-mile radius zone to the Georgetown RBN, within 2 miles each side of the Washington VOR 324° radial, extending from the 5-mile radius zone to 6 miles NW of the VOR, and within 2 miles each side of the Washington VOR 060° radial, extending from the 5-mile radius zone to 5 miles NE of the VOR, excluding the portion within P-56 and the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone with the Camp Springs, Md., control zone.

**Waterloo, Iowa**
Within a 5-mile radius of Waterloo Municipal Airport (Lat. 42°33'22" N, Long. 92°23'59" W); within 2 miles either side of the Waterloo VORTAC 120° and 314° radials extending from the 5-mile radius zone to 12 miles SE and NW of the VORTAC and within 2 miles either side of the ILS localizer NW course extending from the 5-mile radius zone to the OM.

**Watertown, N. Y.**
Within a 5-mile radius of Watertown Airport (Lat. 43°59'20" N, Long. 76°01'20" W), and within 2 miles either side of the Watertown VOR 215° radial extending from the 5-mile radius zone to 10 miles SW of the VOR.

**Watertown, S. Dak.**
Within a 5-mile radius of Watertown Airport (Lat. 44°54'35" N, Long. 97°09'30" W), and within 2 miles either side of the Watertown VORTAC 006° radial extending from the 5-mile radius zone to 10 miles N of the VORTAC.

**Wausau, Wis.**
Within a 5-mile radius of Wausau Municipal Airport (Lat. 44°55'35" N, Long. 89°37'35" W), and within 2 miles either side of the Wausau VOR 166° and 346° radials extending from the 5-mile radius zone to 10 miles SE of the VOR.

**Westfield, Mass,**
Within a 5-mile radius of Barnes Airport, Westfield, Mass., (Lat. 42°09'35" N, Long. 72°42'55" W), and within 2 miles each side of the 189° bearing from the Westfield RBN, extending from the 5-mile radius zone to the RBN,
excluding the portion within the Westover AFB, Mass., control zone. This control zone shall be in effect from 0700 to 2300 hours, local standard time, daily.

**Westhampton Beach, Long Island, N.Y.**
Within a 5-mile radius of Suffolk County AFB, Westhampton Beach, Long Island, N.Y. (latitude 40°50'40" N., longitude 72°37'45" W.).

**Westover, Mass.**
Within a 5-mile radius of Westover AFB (Lat. 42°11'40" N, Long. 72°32'15" W); within 2 miles either side of the Westover TACAN 028° radial extending from the 5-mile radius zone to 10 miles NE of the TACAN and within 2 miles either side of the Westover ILS localizer NE course extending from the 5-mile radius zone to 12 miles NE of the OM.

AMENDMENTS On Publ. 5/15/64 29 F. R. 6377 (Changed)

**West Palm Beach, Fla.**
Within a 5-mile radius of West Plam Beach International Airport (latitude 26° 41' 25" N., longitude 80° 05' 35" W.) and within 2 miles each side of the West Palm Beach RBN 270° bearing, extending from the 5-mile radius zone to 10 miles W of the RBN.

**Wheeling, W. Va.**
Within a 5-mile radius of Wheeling-Ohio County Airport (latitude 40° 10' 25" N., longitude 80° 38' 55" W.); within 2 miles each side of the Wheeling VOR 216° radial, extending from the 5-mile radius zone to the VOR, and within 2 miles each side of the Wheeling ILS localizer SW course, extending from the 5-mile radius zone to the OM.

AMENDMENTS 2/6/64 28 F. R. 12339 (Rewritten);

**Whidbey Island, Wash.**
Within a 5-mile radius of Ault Field, Whidbey Island, Wash. (latitude 48°21'05" N., longitude 122°39'20" W.); within a 5-mile radius of the INT of the N/S and E/W sealane landing areas latitude 48°14'55" N., longitude 122°35'15" W.) Oak Harbor Seaplane Base, Whidbey Island, Wash., and within a 1-mile radius of OLF Coupeville Airport, Coupeville, Wash. (latitude
48°11'20" N., longitude 122°37'50" W.).

**White Plains, N. Y.**
Within a 5-mile radius of Westchester County Airport (Lat. 41°04'05" N, Long. 73°42'35" W); and within 2 miles either side of the Westchester County ILS localizer NW course extending from the 5-mile radius zone to the OM.

**Wichita, Kans. (Wichita Municipal).**
Within a 5-mile radius of the Wichita Municipal Airport (latitude 37°39'10" N., longitude 97°25'46" W.), within 2 miles each side of the Wichita Municipal Airport ILS localizer N course, extending from the 5-mile radius zone to the INT of the Wichita Municipal Airport ILS localizer N course and the Wichita VOR 075° radial, excluding the portion subtended by a chord drawn between the points of INT of the 5-mile radius zone with the Wichita, Kans. (McConnell AFB) 5-mile radius control zone.

AMENDMENTS 4/30/64 29 F. R. 2930 (Rewritten) F.R. Correction. 29 F.R. 3524

**Wichita, Kans. (McConnell AFB)**
Within a 5-mile radius of McConnell AFB (latitude 37° 37' 25" N., longitude 97° 16' 00" W.), within 2 miles W and 4 miles E of the McConnell AFB TACAN 008° radial, extending from the 5-mile radius zone to 7 miles N of the TACAN, within 2 miles each side of the McConnell AFB VOR 008° radial, extending from the 5-mile radius zone to the VOR, and within 2 miles each side of the McConnell AFB TACAN 199° radial, extending from the 5-mile radius zone to 6 miles S of the TACAN, excluding the portion subtended by a chord drawn between the points of INT of the 5-mile radius zone with the Wichita, Kans. (Wichita Municipal), control zone.

AMENDMENTS 4/30/64 29 F. R. 2930 (Rewritten)

**Wichita Falls, Tex.**
Within a 5-mile radius of Sheppard AFB/Municipal Airport, Wichita Falls, Tex.; within 2 miles either side of the centerline of the SE/NW runway extending from the 5-mile radius zone to 10 miles SE of the Wichita Falls LOM, and within 2 miles either side of the Wichita Falls VORTAC 286° radial extending from the 5-mile radius zone to 10 miles W of the VORTAC.

**Wilkes-Barre, Pa.**
Within a 5-mile radius of Wilkes-Barre-Scranton Airport and within 2 miles either side of the extended centerline of runway 4 extending from the 5-mile radius zone to the Crystal Lake, Pa., RBN.

**Williamsport, Pa.**
Within a 5-mile radius of Williamsport-Lycoming County Airport (Lat. 41°14'30" N, Long. 76°55'20" W); and within 2 miles either side of the Williamsport RR W course extending from the 5-mile radius zone to the RR.

**Willow Grove, Pa.**
Within a 5-mile radius of Willow Grove NAS (latitude 40° 12' 00" N., longitude 75° 08' 55" W.); within a 5-mile radius of Johnsville NAS (latitude 40° 11' 55" N., longitude 75° 04' 00" W.); within 2 miles each side of the 325° bearing from the Willow Grove RBN, extending from the RBN to 7 miles NW of the RBN; within 2 miles each side of the Johnsville NAS TACAN 274° radial, extending from the TACAN to 9 miles W of the TACAN; within 2 miles each side of the Johnsville NAS TACAN 082° radial, extending from the TACAN to 6.5 miles E of the TACAN; within 2 miles each side of the Yardley, Pa., VOR 245° radial, extending from the VOR to the Willow Grove NAS, excluding the portion subtended by a chord drawn between the points of intersection of the 5-mile radius zone centered on Johnsville NAS with the North Philadelphia, Pa., control zone.

AMENDMENTS 4/2/64 29 F. R. 2419 (Rewritten)

**Wilmington, Del.**
Within a 5-mile radius of the Greater Wilmington Airport (latitude 39° 40' 40" N., longitude 75° 36' 25" W.); within 2 miles each side of the Greater Wilmington Airport ILS localizer S course, extending from the 5-mile radius zone to the OM; within 2 miles each side of the New Castle, Del., VORTAC 238° radial, extending from the 5-mile radius zone to 7 miles SW of the VORTAC.

AMENDMENTS 4/2/64 29 F. R. 2419 (Rewritten)

**Wilmington, N. C.**
Within a 5-mile radius of New Hanover County Airport, Wilmington, N. C. (latitude 34°16'15" N., longitude 77°54'05" W.), and within 2 miles each side of the 159° bearing from the ILS MM, extending from the 5-mile radius zone to 12 miles SE of the MM.

**Wilmington, Ohio**
Within a 5-mile radius of Clinton County AFB, Wilmington, Ohio (Lat. 39°26'00" N, Long. 83°48'00" W) and within 2 miles either side of the 037° bearing from the Clinton County RBN extending from the 5-mile radius zone to 12 miles NE of the RBN.

**Windsor Locks, Conn.**
Within a 5-mile radius of Bradley Field, Windsor Locks, Conn., (Lat. 41°56'25" N, Long. 72°41'16" W); and within 2 miles either side of the Bradley ILS localizer S course extending from the 5-mile radius zone to 10 miles S of the localizer.

**Wink, Tex.**
Within a 3-mile radius of the Winkler County Airport (latitude 31°46'45" N., longitude 103°12'05" W.); within 2 miles each side of the Wink VOR 161° radial, extending from the VOR to 5 miles south of the airport.

**Winslow, Ariz.**
Within a 6-mile radius of Winslow Municipal Airport (latitude 35°01'15" N., longitude 110°43'15" W.), and within 2 miles each side of the 354° bearing from the Winslow RBN, extending from the 6-mile radius zone to 6 miles N of the RBN.

**Winston-Salem, N. C.**
Within a 5-mile radius of Smith-Reynolds Airport, Winston-Salem, N. C., (Lat. 36°08'00" N, Long. 80° 13'20" W), and within 2 miles either side of the Winston-Salem ILS localizer SE course extending from the 5-mile radius zone to 12 miles SE of the OM.

**Worcester, Mass.**
Within a 5-mile radius of Worcester Municipal Airport (Lat. 42°16'05" N, Long. 71°52'20" W).

**Worthington, Minn.**
Within a 3-mile radius of the Worthington Municipal Airport (latitude 43°39'10" N., longitude 95°34'50" W.), and within 2 miles each side of the 358° bearing from Worthington Municipal Airport, extending from the 3-mile radius zone to 7 miles N of the airport, - see Airman's Guide for hours of designation.

AMENDMENTS 5/28/64 29 F.R. 3651 (Added); 9/8/64 29 F.R. 11960 (Changed);

**Wright-Patterson AFB, Ohio**
Within a 5-mile radius of Patterson AFB (Lat. 39°49'25" N, Long. 84°02'55" W); within a 5-mile radius of Wright AFB (Lat. 39°46'35" N, Long. 84°06'35" W); within 2 miles either side of the Patterson VOR 039° radial extending from the Patterson AFB 5-mile radius zone to 12 miles NE of the VOR, and within 2 miles either side of the Patterson TACAN 054° radial extending from the Patterson AFB 5-mile radius zone to 8 miles NE of the TACAN, excluding the portion within the Springfield, Ohio, control zone.

**Wrightstown, N. J. (McGuire AFB)**
Within a 5-mile radius of McGuire AFB (Lat. 40°00'55" N., Long. 74°35'25" W.); within 2 miles either side of the McGuire AFB ILS localizer SW course extending from the 5-mile radius zone to 2.5 miles SW of the OM; within 2 miles either side of the McGuire VOR 051° and 213° radials extending from the 5-mile radius zone to 7 miles NE and 6 miles SW of the VOR, and within 2 miles either side of the McGuire TACAN 223° radial extending from the 5-mile radius zone to 8 miles SW of the TACAN. The portions of this control zone within R-5001 and R-5003 shall be used only after obtaining prior approval from appropriate authority.

**Yakataga, Alaska**
Within a 5-mile radius of Yakataga Airport, and within 5 miles either side of the Yakataga RR SE and SW courses extending from the 5-mile radius zone to A-1, from 0545 to 2145 hours, local time, daily.

AMENDMENTS On Publ. 11/4/64 29 F. R. 14917 (Changed)

**Yakima, Wash.**
Within a 5-mile radius of Yakima Municipal Airport (latitude 46°33'55" N., longitude 120°32'25" W.), and within 2 miles each side of the Yakima ILS localizer E course, extending from the 5-mile radius zone to 1 mile W of the LOM.

**Yakutat, Alaska**
Within a 5-mile radius of Yakutat, Alaska (Lat. 59°30'10" N, Long. 139°39'40" W).

Youngstown, Ohio
Within a 5-mile radius of the Youngstown Municipal Airport (latitude 41° 15' 35" N., longitude 80° 40' 40" W.), within 2 miles each side of the Youngstown ILS localizer NW course, extending from the 5-mile radius zone to 5 miles NW of the localizer; and within 2 miles each side of the Youngstown ILS localizer SE course, extending from the 5-mile radius zone to the OM.

Yuma, Ariz.
Within a 5-mile radius of MCAS/Yuma County Airport (latitude 32°39'10" N., longitude 114°36'20" W.); within a 1-mile radius of latitude 32°36'05" N., longitude 114°39'30" W.; within 2 miles each side of the Yuma VOR 181° radial, extending from the 5-mile radius zone to 1 mile S of the VOR, and within 2 miles each side of the 044° bearing from the MCAS Yuma RBN, extending from the 5-mile radius zone to 8 miles NE of the RBN.

Zanesville, Ohio
Within a 5-mile radius of the Zanesville Municipal Airport (latitude 39° 56' 40" N., longitude 81° 53' 20" W.); within 2 miles each side of the Zanesville RBN 210° bearing, extending from the 5-mile radius zone to 7 miles SW of the RBN; and within 2 miles each side of the Zanesville VOR 222° radial, extending from the 5-mile radius zone to 7 miles SW of the VOR; excluding that airspace within a 1-mile radius of the Riverside Airport, Zanesville, (latitude 39° 59' 10" N., longitude 81° 59' 00" W.).

AMENDMENTS 4/2/64 29 F. R. 2307 (Rewritten)

## SUBPART G - TRANSITION AREAS

§ 71.181 **Designation.**
The parts of airspace described below are designated as transition areas.

Aberdeen, S. Dak.
That airspace extending upward from 700 feet above the surface within 8 miles NE and 5 miles SW of the Aberdeen VOR 131° and 311° radials extending from 13 miles SE to 5 miles NW of the VOR; and the airspace extending upward from 1,200 feet above the surface within 4 miles E and 7 miles W of the Aberdeen VOR 175° and 355° radials, extending from 13 miles S to 1 mile N of the VOR.
3/5/64 28 F. R. 13929 (Added);

PENDING AMENDMENT
Aiken, S. C.
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Aiken Airport (latitude 33°39'10" N., longitude 81°41'25" W.); within 2 miles each side of the 289° bearing from the Aiken RBN extending from the 6-mile radius area to 8 miles W of the RBN.

AMENDMENTS 1/7/65 29 F. R. 15075 (Added)

Akron, Colo.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Akron-Washington County Airport (latitude 40° 10' 30" N., longitude 103° 12' 45" W.), and within 4 miles NE and 2 miles SW of the Akron VOR 123° radial, extending from 5-mile radius area to 8 miles SE of the VOR; and that airspace extending upward from 1,200 feet above the surface within 10 miles NE and 7 miles SW of the Akron VOR 123° and 303° radials, extending from 20 miles SE to 10 miles NW of the VOR.

3/5/64 28 F. R. 14226 (Rewritten);

Akron, Ohio
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Akron Municipal Airport (latitude 41° 02' 15" N., longitude 81° 28' 05" W.); within 2 miles each side of the Akron RBN 062° bearing, extending from the Akron Municipal Airport 7-mile raidus area to 8 miles NE of the RBN; within 2 miles each side of the Akron VORTAC 255° radial, extending from the Akron Municipal Airport 7-mile radius area to the VORTAC; within a 7-mile radius of the Akron-Canton Airport (latitude 40° 55' 05" N., longitude 81° 26' 30" W.), and within 5 miles W and 8 miles E of the Akron-Canton ILS localizer S course, extending from the Akron-Canton OM to 12 miles S of the OM; and that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at latitude 40° 53' 00" N., longitude 81° 43' 00" W.; to latitude 41° 08' 00" N., longitude 81° 36' 00" W.; to latitude 41° 11' 30" N., longitude 81° 39' 20" W.; thence counterclockwise along the arc of an 18-mile radius circle centered on the Cleveland-Hopkins Airport, Cleveland, Ohio (latitude 41° 24' 30" N., longitude 81° 51' 00" W.) to latitude 41° 21' 00" N., longitude 81° 31' 00" W.; to latitude 41° 24' 20" N., longitude 81° 23' 00" W.; thence counterclockwise along the arc of a 19-mile radius circle centered on the Lost Nation Airport, Willougby, Ohio (latitude 41° 41' 00" N., longitude 81° 23' 25" W.), to latitude 41° 28' 00" N., longitude 81° 10' 00" W.; to latitude 41° 05' 00" N., longitude 80° 50' 00" W.; to latitude 40° 56' 00" N., longitude 80° 52' 00" W.; to latitude 40° 56' 40" N., longitude 80° 36' 00" W.; thence counterclockwise along the arc of a 37-mile radius circle centered on the Imperial, Pa., VORTAC to the Imperial VORTAC 249° radial; thence via the 249° radial to 60 miles SW of the VORTAC; thence via a direct line to the Newcomerstown, Ohio, VOR; direct to the Tiverton, Ohio, VOR; to latitude 40° 54' 00" N., longitude 82° 04' 00" W.; thence counterclockwise along the arc of a 37-mile radius circle centered on the Cleveland-Hopkins Airport to the point of beginning.

**Alamosa, Colo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SW and 7 miles NE of the Alamosa VORTAC 336° and 156° radials, extending from 20 miles NW to 9 miles SE of the VORTAC, excluding the airspace within Federal airways.

**Albany, Ga.**
That airspace extending upward from 1,200 feet above the surface bounded on the N by the Albany control area extension, on the E by V-35, on the SE by a line extending through latitude 31°20'12" N., longitude 84°17'40" W. and latitude 31°11'00" N., longitude 84°29'00" W., and on the W by the arc of a 30-mile radius circle centered at the Albany Municipal Airport (latitude 31°32'00" N., longitude 84°11'35" W.); and that airspace extending upward from 3,000 feet above the surface bounded on the N by a line 12 miles SW of and parallel to the Albany VOR 294° radial, on the E by the arc of a 30-mile radius circle centered at the Albany Municipal Airport, on the SE by a line extending through latitude 31°11'00" N., longitude 84°29'00" W., and latitude 30°57'15" N., longitude 84°45'45" W., on the SW by the NE boundary of V-7, and on the W by a line extending from the NE boundary of V-7 counterclockwise along the arc of a 35-mile radius circle centered at latitude 31°14'55" N., longitude 85°46'20" W. to its INT with a line 5 miles N of and parallel Dothan, Ala., VOR 093° radial, thence E along this line to longitude 84°55'00" W., thence N along this meridian to a line 12 miles SW of and parallel to the Albany VOR 294° radial.

**Albany, N. Y.**
That airspace extending upward from 1,200 feet above the surface SE of Albany bounded on the NE by V-130, on the SE by V-487 and on the W by V-91; and that airspace SW of Albany bounded on the N by a line 10 miles S of and parallel to the Albany VORTAC 270° radial, on the E by V-91, on the S by V-270 and on the W by Long. 74°16'00" W.

**Albuquerque, N. Mex.**
That airspace extending upward from 700 feet above the surface within a 14-mile radius of Albuquerque Sunport Airport/Kirtland AFB (latitude 35°02'42" N., longitude 106°36'02" W.), and within 2 miles each side of the 188° bearing from the Albuquerque RBN, extending from the 14-mile radius area to 12 miles S of the RBN; and that airspace extending upward from 1,200 feet above the surface within a 46-mile radius of the Albuquerque VORTAC, excluding the portion within an 8-mile radius of OTTO Airport, Moriarity, N. Mex. (latitude 35°04'35" N., longitude 106°00'10" W.); within 10 miles E and 7 miles W of the Socorro, N. Mex., VORTAC 189° and 009° radials, extending from the 46-mile radius area to 20 miles S of the VORTAC, excluding the portion within R-5107C; within 10 miles S and 7 miles N of the Grants, N. Mex., VOR 267° and 087° radials, extending from the 46-mile radius area to 20 miles W of the VOR; and that airspace extending upward from 11,000 feet MSL within 5 miles each side of the Albuquerque VORTAC 339° radial, extending from the 46-mile radius area to 79 miles N of the VORTAC, and within 5 miles each side of the Albuquerque VORTAC 303° radial, extending from the 46-mile radius area to 79 miles NW of the VORTAC. The portions of this transition area within 5 miles each side of the Albuquerque VORTAC 303° and 339° radials, extending from the 46-mile radius area to 79 miles N and NW are excluded from Federal airways.

**Alexandria, Minn.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Alexandria Airport (latitude 45°52'05" N., longitude 95°23'45" W.); and that airspace extending upward from 1,200 feet above the surface within 8 miles NW and 5 miles SE of the Alexandria VOR 051° and 231° radials extending from 6 miles SW to 13 miles NE of the VOR, and within the area NE of Alexandria bounded on the NW by a line 5 miles NW of and parallel to the Alexandria VOR 027° radial, on the NE by the arc of a 29-mile radius circle centered on the Alexandria VOR, and on the SE by a line 5 miles SE of and parallel to the Alexandria VOR 051° radial.

**Alma City, Minn.**
That airspace extending upward from 1,200 feet above the surface within 12 miles W and 8 miles E of the Minneapolis, Minn., VORTAC 188° radial, extending from 22 miles N to 10 miles S of the INT of the Minneapolis VORTAC 188° and the Rochester, Minn., VOR 292° radials.

**Alpena, Mich.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Phelps-Collins Airport, Alpena, Mich., (latitude 45°05'00" N., longitude 83°33'30" W.), within 5 miles E and 8 miles W of the 180° and 360° bearings from the Alpena RBN, extending from 2 miles S to 12 miles N of the RBN; and that airspace extending upward from 1,200 feet above the surface within a 21-mile radius of the Phelps-Collins Airport, and within the arc of a 29-mile radius circle centered on the Alpena RBN, extending from a line 5 miles W of and parallel to the 356° bearing from the RBN clockwise to a line 5 miles E of and parallel to the 021° bearing from the RBN. The portion of this transition area which coincides with the Oscoda, Mich., control area extension is excluded. This transition area shall be effective during the specific dates and times established in advance by a Notice to Airmen, and continuously published in the Airman's Guide.

AMENDMENTS 11/12/64 29 F.R. 12674 (Added);

Amarillo, Tex.
That airspace extending upward from 700 feet above the surface within a 20-mile radius of the Amarillo AFB/Municipal Airport (latitude 35°13'10" N., longitude 101°42'40" W.); that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at latitude 36°01'00" N., longitude 101°24'00" W.; to latitude 35°56'00" N., longitude 101°01'00" W.; to latitude 35°42'00" N., longitude 101°01'00" W.; to latitude 35°42'00" N., longitude 100°29'00" W.; to latitude 35°28'00" N., longitude 100°29'00" W.; to latitude 35°18'00" N., longitude 101°10'00" W.; to latitude 34°59'00" N., longitude 101°10'00" W.; to latitude 34°59'00" N., longitude 101°27'00" W.; to latitude 34°40'00" N., longitude 101°39'00" W.; to latitude 34°40'00" N., longitude 102°18'00" W.; to latitude 35°09'00" N., longitude 102°25'00" W.; to latitude 35°37'00' N., longitude 102°05'00" W.; to latitude 35°43'00" N., longitude 101°44'00" W.; to point of beginning; and that airspace extending upward from 8,000 feet m.s.l. within 5 miles each side of the Amarillo VORTAC 297° radial, extending from the 1,200-foot area boundary to 52 miles NW of the VORTAC. The portion of this transition area extending upward from 8,000 feet m.s.l. which coincides with Federal airways is excluded.

AMENDMENTS 4/30/64 29 F.R. 2933 (Added)

**Anchorage, Alaska**
That airspace extending upward from 14,500 feet MSL within a 172-mile radius of the Anchorage VOR. The airspace outside the United States, the airspace 14,500 feet MSL or above less than 1,500 feet above the surface, and the airspace within Federal airways, Control 1218, Control 1310, the Anchorage, Alaska, Cordova, Alaska, Kenai, Alaska, and Middleton Island, Alaska, control area extensions and the airspace within the Fairbanks, Alaska, and King Salmon, Alaska, transition areas is excluded.

AMENDMENTS 4/30/64 29 F.R. 3150 (Added)

**Aniak, Alaska**
That airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the 050° and 230° bearings from the Aniak RR, extending from 9 miles NE to 20 miles SW of the RR.

**Annette Island, Alaska**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Annette Island ILS localizer NW course, extending from 5 miles NW to 15.5 miles NW of the Annette Island Airport (latitude 55°02'30" N., longitude 131°34'05" W.), and that airspace extending upward from 1,200 feet above the surface within 22 miles SW and 17 miles NE of the 142° and 322° bearings from the Annette RR, extending from 40 miles NW of the RR to a line 3 miles N of and parallel to the United States/Canadian border.

**Appleton, Wis.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Outagamie County Airport, Appleton, Wis. (latitude 44° 17' 05" N., longitude 88° 21' 55" W.), and within 2 miles each side of the 089° bearing from the airport, extending from the 4-mile radius area to 8 miles E of the airport.

**Ardmore, Okla.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Ardmore Municipal Airport (latitude 34°18'00" N., longitude 97°00'50" W.); within 2 miles each side of the Ardmore VOR 233° and 053° radials, extending from the 7-mile radius area to 8 miles SW of the VOR; within 2 miles each side of the 265° and 085° bearings from the Ardmore RBN, extending from the 7-mile radius area to 8 miles W of the RBN; and that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of the Ardmore Municipal Airport.

**Asheville, N. C.**
That airspace E of Asheville, extending upward from 1,200 feet above the surface bounded on the NW by V-222, on the E by V-259, on the SE by V-20, and on the SW by V-296; and the airspace W of Asheville within a 30-mile radius of the Asheville VORTAC, bounded on the NE by V-185 and the SE by V-222.

**Astoria, Oreg.**
That airspace extending upward from 700 feet above the surface bounded on the SW by the Astoria VOR 326° radial, on the NE by a line 5 miles NE of and parallel to the Astoria VOR 326° radial, extending from the arc of a 5-mile radius circle centered at the Clatsop County Airport to 12 miles NW of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 46° 08' 00" W., longitude 123° 42' 00" W., thence to latitude 46° 02' 00" N., longitude 123° 53' 00" W., thence to latitude 46° 02' 00" N., longitude 124° 09' 00" W., thence to latitude 46° 16' 00" N., longitude 124° 09' 00" W., thence to latitude 46° 22' 00" N., longitude 123° 55' 00" W., thence to point of beginning.

**Atlanta, Ga.**
That airspace extending upward from 700 feet above the surface within a 15-mile radius of the Atlanta Airport (Lat. 33°38'42" N., Long. 84°25'37" W.), excluding the airspace within a 1.5-mile radius of the Edwards Skyport, Atlanta, Ga (Lat. 33°32'47" N, Long. 84°38'31" W), and the Gunn Airport, Atlanta, Ga. (Lat. 33°43'14" N, Long. 84°09'56" W); within 2 miles either side of the Atlanta ILS localizer W course, extending from the 15-mile radius area to 18 miles W of the localizer; within a 5-mile radius of the De Kalb-Peachtree Airport, Chamblee, Ga. (Lat. 33°52'30" N, Long. 84°18'10" W); within 2 miles either side of the McDonough, Ga., VORTAC 314° radial, extending from the 15-mile radius area to the VORTAC; within 5 miles SW and 8 miles NE of the Atlanta ILS localizer SE course, extending from the OM to 12 miles SE of the OM; that airspace extending upward from 1,200 feet above the surface within a 50-mile radius of the Atlanta Airport; within a 30-mile radius of the Lost Mountain, Ga., RBN; that airspace N of Atlanta extending from the 50-mile radius area bounded on the W by V-51, on the N by V-54, on the E by V-267; that airspace NE of the Toccoa, Ga., VOR bounded on the N by V-54, on the SE by V-222 and on the SW by a line 5 miles SW of and parallel to the Greenwood, S. C., VOR 315° radial; that airspace NE and E of Atlanta extending from the 50-mile radius area bounded on the NW by V-222, on the E by a line extending from SE boundary of V-222 W of Greenville, S. C., counterclockwise along the arc of a 30-mile radius circle centered at Lat. 34°48'45" N, Long. 82°20'30" W, to its INT with the arc of a 15-mile radius circle centered at the Greenwood VOR, thence counterclockwise along this arc to its INT with the N boundary of V-454, thence via the N boundary of V-454 to Long. 83°00'00" W, thence via Long. 83°00'00" W to the N boundary of V-18, and on the S by the N boundary of V-18; that airspace SW of Atlanta extending from the 50-mile radius area bounded on the N by V-18, on the S by V-20 N, and on the W by Long 86°00'00" W, and that airspace W of Atlanta extending from the 50-mile radius area bounded on the N by a line 12 miles N of and parallel to the Atlanta ILS localizer W course, on the S by V-18 N, and on the W by Long. 85°33'00" W, excluding the portion within R-3001.

AMENDMENTS On Publ. 4/7/64 29 F. R. 4855 (Changed); 11/12/64 29 F. R. 12763 (Changed);

**PENDING AMENDMENT**
Atlanta, Ga. (Dobbins AFB/NAS Atlanta).
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Dobbins AFB/NAS Atlanta (latitude 33°55'00" N., longitude 84°31'00" W.); within 2 miles each side of the NAS Atlanta TACAN 301° radial extending from the 7-mile radius area to 10 miles NW of the TACAN; within 2 miles each side of the Norcross, Ga., VORTAC 265° radial extending from the 7-mile radius area to 9 miles W of the Dobbins AFB/NAS Atlanta Airport Reference Point (latitude 33°55'00" N., longitude 84°31'00" W.); excluding that airspace within a 15-mile radius of the Atlanta Airport (latitude 33°38'42" N., longitude 84°25'37" W.).
AMENDMENTS 1/7/65 29 F. R. 14982 (Added)

**Atterbury, Ind.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Bakalar AFB (latitude 39°15'50" N., longitude 85°53'55" W.) and within 2 miles each side of the 044° bearing from the AFB, extending from the 6-mile radius zone to 12 miles NE of the AFB; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 39°30'00" N., on the E by longitude 85°39'00" W., on the S by latitude 39°10'00" N., and on the W by longitude 86°06'00" W.

AMENDMENTS 4/30/64 29 F.R. 3225 (Added)

**Augusta, Ga.**
That airspace extending upward from 700 feet above the surface within a 9-mile radius of Bush Field, Augusta, Ga. (latitude 33°22'10" N., longitude 81°57'55" W.); within a 5-mile radius of Daniel Field, Augusta, Ga. (latitude 33°27'55" N., longitude 82°02'25" W.); within 8 miles W and 5 miles E of the Augusta LOM 168° bearing, extending from the Bush Field 9-mile radius area to 12 miles S of the LOM; within 2 miles each side of the Augusta VOR 140° and 320° radials, extending from the Daniel Field 5-mile radius area to 8 miles NW of the VOR; within 2 miles each side of the Augusta RBN 308° bearing, extending from the Daniel Field 5-mile radius area to 8 miles NW of the RBN; and within 2 miles each side of the 348° bearing from the Augusta LMM, extending from the Augusta LMM to 18 miles N of the LMM; that airspace extending upward from 1,200 feet above the surface within the area bounded by a line extending from the intersection of longitude 82°50'00" W., and a line 10 miles N of and parallel to the Augusta VOR 278° radial; thence E via a line 10 miles N of and parallel to the Augusta VOR 278° radial; to and clockwise along the arc of a 23-mile radius circle centered at the Augusta VOR; to and N along a line 10 miles W of and parallel to the Augusta VOR 359° radial; to and counterclockwise along the arc of a 15-mile radius circle centered on the Greenwood, S. C., VOR; to and S along a line 8 miles E of and parallel to the Augusta VOR 359° radial; to and clockwise along the arc of a 23-mile radius circle centered on the Augusta VOR; to and NE along the N boundary of V-155; to longitude 81°41'30" W.; to latitude 33°46'00" N., longitude 81°37'00" W.; to latitude 33°23'25" N., longitude 81°37'00"W.; thence via a line extending through latitude 33°23'25" N., longitude 81°37'00" W., and latitude 33°05'30" N., longitude 81°48'45" W.; to and S along the E boundary of V-185; to and SW along the N boundary of V-70; to and N along a line 8 miles W of and parallel to the Augusta VOR 157° radial; to latitude 33°03'30" N., longitude 82°02'20" W.; to latitude 33°03'50" N., longitude 82°50'00" W., thence N via longitude 82°50'00" W., to the point of beginning; and that airspace extending upward from 3,000 feet MSL bounded on the N by a line extending from latitude 33°03'40" N., longitude 82°30'00" W.; to latitude 33°03'30" N., longitude 82°02'20" W., on the E by a line 8 miles W of and parallel to the Augusta VOR 157° radial, on the S by the N boundary of V-70, and on the W by longitude 82°30'00" W.; excluding the portions which would coincide with R-3003, R-3004, and R-6004.
AMENDMENTS 6/25/64 29 F. R. 5785 (Added)
**PENDING AMENDMENT**
The Augusta, Ga. transition area is amended by deleting "within 2 miles each side of the Augusta RBN 308° bearing, extending from the Daniel Field 5-mile radius area to 8 miles NW of the RBN;" from the text.
11/12/64 29 F. R. 12823 (Changed); Eff. date changed 12/10/64 29 F. R. 14576.

Augusta. Maine
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Augusta Airport (latitude 44°19'15" N., longitude 69°47'45" W.); and within 2 miles each side of the 242° bearing from the Augusta RBN, extending from the 8-mile radius area to 8 miles SW of the RBN.

AMENDMENTS 4/30/64 29 F. R. 2931 (Added)

**Baker, Oreg.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Baker Municipal Airport (latitude 44°50'25" N., longitude 117°48'35" W.); and that airspace extending upward from 1,200 feet above the surface within 8 miles NE and 6 miles SW of the Baker VORTAC 138° and 317° radials, extending from 14 miles SE to 16 miles NW of the VORTAC.

Bakersfield. Calif.
That airspace extending upward from 700 feet above the surface within 4 miles NE and 5 miles SW of 135° and 315° bearings from the Bakersfield LOM, extending from the arc of a 5-mile radius circle centered on Meadows Field, Bakersfield, Calif. (latitude 35° 25' 40" N.. longitude 119° 03' 05" W.), to 10 miles SE of the LOM; and that airspace extending upward from 1,200 feet above the surface bounded on the E by longitude 118° 45' 00" W.. on the S by latitude 35° 05' 00" N.. on the W by a line extending from latitude 35° 05' 00" N.. longitude 120° 05' 00" W.. to latitude 35° 43' 50" N.. longitude 120° 05' 00" W. to latitude 35° 43' 50" N, longitude 119° 30' 00" W. to latitude 36° 00' 00" N. longitude 119° 30' 00" W. and on the N by latitude 36° 00' 00" N.

AMENDMENTS 4/2/64 29 F. R. 1843 (ADDED) F. R. Correction 29 F.R. 2420 (Changed)

Bangor, Maine
That airspace extending upward from 700 feet above the surface within a 17-mile radius of Dow AFB, Bangor, Maine (latitude 44° 48' 20" N., longitude 68° 49' 32" W.); and within 2 miles each side of the Bangor VORTAC 135° radial, extending from the 17-mile radius area to 14 miles SE of the Bangor ILS OM; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 44° 50' 00" N., longitude 67° 56' 00" W., to latitude 44° 18' 30" N., longitude 67° 56' 00" W., to latitude 43° 52' 00" N., longitude 69° 00' 00" W., to latitude 43° 48' 00" N., longitude 69° 03' 00" W., to latitude 43° 50' 00" N., longitude 69° 18' 00" W.,to latitude 43° 59' 00" N., longitude 69° 16' 00" W., to latitude 44° 09' 00" N., longitude 69° 39' 00" W., thence clockwise via the arc of a 14-mile radius circle centered on the Augusta, Maine, VOR to latitude 44° 09' 00" N., longitude 69° 57' 00" W., to latitude 44° 03' 00" N., longitude 70° 06' 00" W., to latitude 43° 50' 00" N., longitude 70° 12' 00" W., to latitude 43° 55' 00" N., longitude 70° 28' 00" W., to latitude 44° 05' 00" N., longitude 70° 23' 00" W., to latitude 44° 12' 00" N., longitude 70° 10' 00" W., to latitude 44° 16' 00" N., longitude 70° 14' 00" W., to latitude 44° 39' 00" N., longitude 69° 47' 00" W., to latitude 44° 50' 00" N., longitude 69° 47' 00" W., to latitude 45° 12' 00" N., longitude 69° 23' 00" W., to latitude 45° 24' 00" N., longitude 68° 55' 00" W., to latitude 45° 30' 00" N., longitude 68° 31' 00" W., to latitude 45° 27' 00" N., longitude 68° 20' 00" W., to latitude 45° 33' 00" N., longitude 68° 16' 00" W., to latitude 45° 38' 00" N., longitude 67° 40' 30" W., thence via the United States/Canadian border to latitude 45° 09' 00" N., longitude 67° 23' 00" W., to latitude 45° 07' 00" N., longitude 67° 30' 00" W., to latitude 44°50'00" N., longitude 67°30'00" W., to the point of beginning.
AMENDMENTS 4/30/64 29 F.R. 2931 (Added); 8/27/64 29 F.R. 12958 (Changed);

Bar Harbor, Maine
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Bar Harbor Municipal Airport (latitude 44°27'00" N., longitude 68°21'45" W.); within 2 miles each side of the 019° bearing from the Bar Harbor RBN, extending from the 5-mile radius area to 8 miles NE of the RBN; within 2 miles each side of the 331° bearing from the Bar Harbor Airport, extending from the 5-mile radius area to 7 miles NW of the airport; within 2 miles each side of the 201° bearing from the Bar Harbor Airport, extending from the 5-mile radius area to 7 miles SW of the airport; and within 2 miles each side of the 271° bearing from the Bar Harbor Airport, extending from the 5-mile radius area to 7 miles W of the airport.

AMENDMENTS 4/30/64 29 F. R. 2931 (Added)

Batavia, N. Y.
That airspace extending upward from 700 feet above the surface within a 4-mile radius of the Batavia Airport (latitude 43°01'55" N., longitude 78°10'20" W.), and within 2 miles each side of the 192° bearing from the Batavia Airport, extending from the 4-mile radius area to 12 miles S of the airport.

AMENDMENTS 5/28/64 29 F.R. 4853 (Added)

Battle Creek, Mich.
That airspace extending upward from 700 feet above the surface within a 12-mile radius of Kellogg Field, Battle Creek, Mich., (latitude 42° 18' 35" N., longitude 85° 14' 55" W.), within 8 miles NW and 5 miles SE of the Battle Creek ILS localizer NE course, extending from the 12-mile radius area to 12 miles NE of the OM, within a 13-mile radius of Kalamazoo Airport (latitude 42° 14' 07" N., longitude 85° 33' 10" W.), within a 4-mile radius of Haines Field, Three Rivers, Mich., (latitude 41° 57' 30" N., longitude 85° 35' 30" W.), and within 8 miles NW and 5 miles SE of the 034° bearing from Haines Field, extending from Haines Field to 12 miles NE of the airport; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 42° 38' 00" N., on the E by longitude 84° 50' 00" W., on the S by latitude 41° 40'00" N., on the SW by V-277, and on the W by longitude 86°00'00" W.
AMENDMENTS 9/17/64 29 F.R. 10502 (Changed)

**Beatty, Nev.**
That airspace extending upward from 1,200 feet above the surface within 11 miles SW and 8 miles NE of the Beatty VOR 320° and 140° radials, extending from 20 miles NW to 20 miles SE of the VOR.

**Beaufort, S. C.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of MCAS Beaufort (latitude 32°28'40" N., longitude 80°43'20" W.); and within a 1.5-mile radius of Beaufort County Airport (latitude 32°24'40" N., longitude 80°38'05" W.)

AMENDMENTS 4/30/64 29 F.R 3293 (Added)

**Beaumont, Tex.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Beaumont ILS localizer NW course, extending from the OM to 8 miles NW; within 2 miles each side of the Beaumont ILS localizer SE course, extending from the arc of a 5-mile radius circle centered at the Jefferson County Airport (latitude 29°57'05" N., longitude 94°01'10" W.), to 17 miles SE of the approach end of Runway 29; and within 2 miles each side of the Beaumont VOR 244° radial, extending from the VOR to 8 miles SW; and that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of latitude 29°54'40" N., longitude 94°02'40" W

**Beckley, W. Va.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Raleigh County Memorial Airport, Beckley, W. Va. (latitude 37° 47' 10" N., longitude 81° 07' 25" W.), and within 2 miles each side of the Beckley VOR 130° and 154° radials, extending from the 7-mile radius area to 13 miles SE of the VOR.

AMENDMENTS 4/2/64 29 F R. 2306 (Added)

**Bellaire, Mich.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Antrim County Airport, Bellaire, Mich. (latitude 44°59'10" N., longitude 85°11'55" W.), and the airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the 198° bearing from the Bellaire RBN extending from the 8-mile radius area to 12 miles S of the RBN

**Belleville, Ill.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Scott AFB, Belleville, Ill. (latitude 38°32'30" N., longitude 89°51'05" W.), and within 2 miles each side of the 317° bearing from the Belleville RBN, extending from the 7-mile radius area to the RBN.

**Bemidji, Minn.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Bemidji Municipal Airport (latitude 47°30'35" N., longitude 94°55'50" W.) and within 2 miles each side of the Bemidji VOR 316° and 136° radials, extending from the 6-mile radius area to 8 miles NW of the VOR; and the airspace extending upward from 1,200 feet above the surface within 5 miles NE and 8 miles SW of the Bemidji VOR 136° and 316° radials, extending from 4 miles SE to 13 miles NW of the VOR

**Bettles, Alaska**
That airspace extending upward from 1,200 feet above the surface within a 19-mile radius of the Bettles VOR, extending clockwise from the NE boundary of Amber 2 to a line 8 miles NW of and parallel to the Bettles VOR 216° radial, and within an 8-mile radius of Bettles VOR, extending clockwise from a line 8 miles NW of and parallel to the Bettles VOR 216° radial to the NE boundary of Amber 2; and that airspace extending upward from 14,500 feet MSL within 9 miles NE and 16 miles SW of the Bettles VOR 155° and 335° radials, extending from 12 miles NW to 26 miles SE of the VOR. The portion of the transition area extending upward from 14,500 feet MSL is excluded from Federal airways.

AMENDMENTS 6/25/64 29 F.R. 5387 (Added)

**Bible Grove, Ill.**
That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the Bible Grove VOR 261° and 081° radials, extending from 20 miles W to 9 miles E of the VOR.

**Big Delta, Alaska**
That airspace extending upward from 1,200 feet above the surface within 20 miles SW and 35 miles NE of the 299° and 119° bearings from the Big Delta RR, extending from the arc of a 55-mile radius circle centered on Wainwright AAF (latitude 64°50'15" N., longitude 147°38'05" W.) to 55 miles SE of the RR, excluding the portion within the Fairbanks, Alaska, transition area.

AMENDMENTS 7/23/64 29 F. R. 6531 (Changed)

**Big Sur, Calif.**
That airspace extending upward from 18,000 feet MSL to FL 240 W of Big Sur bounded on the E by a line overlying the W edge of V-27 and the Monterey, Calif., control area extension, on the SW, W and NW by a line extending from the Monterey, Calif., control area extension through latitude 35°58'45" N., longitude 121°56'45" W., to latitude 35°53'00" N., longitude 122°09'30" W., to latitude 35°53'00" N., longitude 122°19'00" W., to latitude 36°06'00" N., longitude 122°25'30" W., thence through latitude 36°23'10" N., longitude 122°13'35" W. to the Monterey, Calif., control area extension, excluding the airspace within the Continental Control Area.

**Blackstone, Va.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Blackstone AAF (latitude 37°04'30" N., longitude 77°57'45" W.) excluding the portion within R-6602.

AMENDMENTS 5/28/64 29 F.R. 3469 (Added)

**Blakely, Ga.**
That airspace extending upward from 1,200 feet above the surface, bounded by a line beginning at latitude 31°47'20" N.. longitude 84°58'20" W.: to latitude 31°41'20" N., longitude 84°56'55" W.; to latitude 31°37'30" N.. Longitude 84°46'00" W.: to latitude 31°16'30" N., longitude 84°51'30" W.; to latitude 31°14'35" N., longitude 85°10'45"W.: thence counterclockwise along the arc of a 35-mile radius circle centered at latitude 31°14'55" N.. longitude 85°46'20" W.. to the E boundary of V-241: thence along the E boundary of V-241 to latitude 31°47'20" N.. thence E along the line of latitude 31°47'20" N., to the point of beginning.

AMENDMENTS 9/17/64 29 F.R. 9664 (Added)

**Block Island, R. I.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Block Island Airport (latitude 41°10'05" N., longitude 71°34'40" W.), and within 2 miles each side of the 264° bearing from the Block Island RBN (latitude 41°10'07" N., longitude 71°36'23" W.), extending from the 4-mile radius area to 10 miles W of the RBN.

AMENDMENTS 10/15/64 29 F.R. 11836 (Added)

**Bloomington, Ill.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Bloomington Airport (latitude 40°28'50" N., longitude 88°55'45" W.), and within 2 miles each side of the Bloomington VOR 043° radial, extending from the 4-mile radius area to 8 miles NE of the VOR.

AMENDMENTS 5/28/64 29 F.R. 555 (Rewritten); 11/12/64 29 F. R. 12763 (Changed);

**Bloomington, Ind.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Monroe County Airport, Bloomington, Ind. (latitude 39°08'25" N., longitude 86°37'00" W.) and within 2 miles each side of the Bloomington VOR 236° radial, extending from the 5-mile radius area to 8 miles SW of the VOR.

AMENDMENTS 10/17/63 28 F.R. 9425 (Added); (Amend. Alt. 28 F.R. 10332);

**Bluefield, W. Va.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Mercer County Airport, Bluefield, W. Va. (latitude 37° 17' 45" N., longitude 81° 12' 30" W.), within 2 miles each side of the Bluefield VOR 267° radial, extending from the 8-mile radius area to 22 miles W of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 38° 02' 00" N., longitude 82° 15' 00" W.; to latitude 38° 14' 00" N., longitude 80° 35' 00" W.; to latitude 37° 10' 00" N., longitude 80° 51' 30" W.; to latitude 37° 05' 00" N., longitude 82° 10' 00" W.; to the point of beginning.

AMENDMENTS 4/2/64 29 F. R. 2306 ADDED)

**Blythe, Calif.**
That airspace extending upward from 700 feet above the surface within a 2-mile radius of the Blythe RBN; within 2 miles each side of the 180° bearing from the Blythe RBN, extending from the 2-mile radius area to 8 miles S of the RBN, and within 2 miles each side of the Blythe VORTAC 227° radial, extending from the arc of a 5-mile radius circle centered at the Blythe Airport (latitude 33°37'15" N., longitude 114°43'00" W.) to 8 miles SW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 33°43'00" N., on the E by longitude 114°30'00" W., on the S by the arc of an 18-mile radius circle centered at the Blythe Airport, and on the W by longitude 115°00'00" W., and within 5 miles each side of the 180° bearing from the Blythe RBN, extending from the 18-mile radius arc to 23 miles S of the RBN.

Borger, Tex.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Hutchison County Airport, Borger, Tex. (latitude 35°41'55" N., longitude 101°23'40" W.); within 2 miles each side of the 141° bearing from latitude 35°41'30" N., longitude 101°23'45" W., extending from the 5-mile radius area to 8 miles SE of latitude 35°41'30" N., longitude 101°23'45" W.

AMENDMENTS 4/30/64 29 F. R. 2933 (Rewritten)

Boston, Mass.
That airspace extending upward from 20,000 feet MSL to FL 300 inclusive E of Boston bounded by a line beginning at latitude 42° 24' 30" N., longitude 70° 15' 30" W., to latitude 42° 27' 50" N., longitude 70° 04' 00" W., to latitude 42° 25' 30" N., longitude 70° 04' 00" W., to latitude 42° 24' 30" N., longitude 69° 46' 00" W., to latitude 42° 21' 30" N., longitude 69° 30' 00" W., to point of beginning.

Bozeman, Mont.
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Bozeman VOR 278° and 098° radials, extending from 9 miles E to 20 miles W of the VOR, excluding the airspace within Federal airways.

Bradford. Pa.
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Bradford-McKean County Airport (latitude 41°48'10" N., longitude 78°38'20" W.); within 2 miles each side of the Bradford RBN 134° bearing, extending from the 7-mile radius area to 8 miles SE of the RBN; and within 2 miles each side of the Bradford VOR 138° radial, extending from the 7-mile radius area to 8 miles SE of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded by a line extending from: latitude 42°32'00" N., longitude 77°58'00" W., to latitude 41°55'00" N., longitude 77°58'00" W., to latitude 41°55'30" N., longitude 78°10'00" W., to latitude 41°38'00" N., longitude 78°13'00" W., through latitude 41°00'00" N., longitude 78°35'20" W., to the south boundary of V-6; thence via the south boundary of V-6 to longitude 79°15'00" W., thence northward via longitude 79°15'00" W., to latitude 41°17'00" N., longitude 79°15'00" W., to latitude 41°30'00" N., longitude 78°57'00" W., to latitude 42°10'00" N., longitude 78°57'00" W., to latitude 42°11'30" N., longitude 78°52'00" W., to latitude 42°32'00" N., longitude 78°52'00" W., to the point of beginning.

AMENDMENTS 5/28/64 29 F.R. 4853 (Added)

Brainerd, Minn.
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Crow Wing County Airport, Brainerd, Minn. (latitude 46°23'25" N., longitude 94°08'20" W.), and extending upward from 1,200 feet above the surface within 5 miles SW and 8 miles NE of the Brainerd VOR 117° and 297° radials, extending from 5 miles NW to 13 miles SE of the VOR.

Buckeye, Ariz.
That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the Buckeye VOR 096° and 276° radials, extending from 9 miles E to 20 miles W of the VOR.

PENDING AMENDMENT
The Buckeye, Ariz. transition area is revoked. 12/10/64 29 F.R. 14104 (Revoked).

Buffalo, N. Y.
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Niagara Falls, N. Y., Municipal Airport (latitude 43° 06' 20" N., longitude 78° 56' 55" W.); within a 7-mile radius of the Greater Buffalo International Airport (latitude 42° 56' 25" N., longitude 78° 43' 50" W.); within a 4-mile radius of Buffalo Airpark (latitude 42° 51' 40" N., longitude 78° 43' 00" W.); within 5 miles S and 8 miles N of Niagara Falls ILS localizer E course, extending from the OM to 14 miles E of the OM; within 8 miles NW and 7 miles SE of the Buffalo ILS localizer NE course, extending from the OM to 12 miles NE of the OM; within 8 miles N and 5 miles S of the Buffalo VORTAC 099° radial, extending from the VORTAC to 12 miles E of the VORTAC, and within 2 miles each side of the Buffalo ILS localizer SW course, extending from the Buffalo 7-mile radius area to 8 miles SW of the Cheektowaga, N. Y., FM; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 43° 38' 00" N., longitude 78° 41' 00" W., to latitude 43° 21' 00" N., longitude 78° 00' 00" W., to latitude 43° 06' 00" N., longitude 78° 21' 00" W., to latitude 42° 32' 00" N., longitude 78° 21' 00" W., to latitude 42° 32' 00" N., longitude 78° 52' 00" W., to latitude 42° 37' 00" N., longitude 79° 15' 00" W., to latitude 42° 41' 00" N., longitude 79° 19' 30" W., thence via the United States/Canadian border to the point of beginning, excluding the portion outside the United States.

Burbank, Calif.
That airspace extending upward from 700 feet above the surface bounded by a line beginning at latitude 34° 14' 00" N., longitude 118° 47' 00" W.; to latitude 34° 14' 00" N., longitude 118° 15' 00" W.; to latitude 34° 12' 00" N., longitude 118° 15' 00" W.; to latitude 34° 12' 00" N., longitude 117° 59' 00" W.; to latitude 33° 56' 00" N., longitude 117° 59' 00" W.; to latitude 33° 56' 00" N., longitude 118° 07' 00" W.; to latitude 34° 00' 00" N., longitude 118° 07' 00" W.; to latitude 34° 00' 00" N., longitude 118° 15' 00" W.; to latitude 34° 05' 00" N., longitude 118° 15' 00" W.; to latitude 34° 05' 00" N., longitude 118° 33' 00" W.; to latitude 34° 04' 00" N., longitude 118° 33' 00" W; to latitude 34° 04' 00" N., longitude 118° 43' 00" W; to latitude 34° 10' 00" N., longitude 118° 43' 00" W; to latitude 34° 10' 00" N., longitude 118° 47' 00" W; thence to point of beginning; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 34° 30' 00" N., longitude 118° 50' 00" W.; to latitude 34° 30' 00" N., longitude 118° 45' 00"W.; thence N along longitude 118° 45' 00" W. to the S boundary of V-137, thence along the S boundary of V-137 to longitude 118° 20' 00" W.; to latitude 34° 30' 00" N., longitude 118° 20' 00" W.; to latitude 34° 30' 00" N., longitude 117° 43' 00" W.; to latitude 34° 10' 00" N., longitude 117° 43' 00" W.; to latitude 34° 10' 00" N., longitude 117° 59' 00" W.; to latitude 34° 05' 00" N., longitude 117° 59' 00" W.; to latitude 34° 05' 00" N., longitude 118° 33' 00" W.; to latitude 34° 00' 00" N., longitude 118° 33' 00" W.; to latitude 34° 00' 00" N., longitude 118° 50' 00" W.; thence to point of beginning.

AMENDMENTS 4/2/64 29 F. R. 1843 (ADDED)

Burley, Idaho
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Burley VORTAC 292° radial, extending from the VORTAC to 10 miles W of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 12 miles N and 9 miles S of the Burley VORTAC 075° and 255° radials, extending from 18 miles E of the Burley VORTAC to a 14-mile radius circle centered on the Twin Falls, Idaho, VOR and the 038° radial from the Twin Falls VOR.

AMENDMENTS 4/2/64 28 F.R. 13359 (Rewritten);

Burlington, Iowa
That airspace extending upward from 700 feet above the surface within 2 miles each side of the 185° bearing from the Burlington Municipal Airport (latitude 40° 47' 05" N., longitude 91° 07' 25" W.), extending from the arc of a 5-mile radius circle centered on the Burlington Municipal Airport to 7.5 miles south of the airport; and that airspace extending upward from 1,200 feet above the surface bounded by a line extending from latitude 41° 10' 00" N., longitude 91° 00' 00" W.; to latitude 41° 10' 00" N., longitude 90° 00' 00" W.; thence S to latitude 40° 35' 20" N., longitude 90° 00' 00" W.; thence W via latitude 40° 35' 20" N., to the Burlington VOR 235° radial; thence clockwise along the arc of a 14-mile radius circle centered on the Burlington Municipal Airport to longitude 91° 00' 00" W.; thence to point of beginning.

AMENDMENTS 4/30/64 28 F.R. 13864 (Added);

Butler, Pa.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Butler-Graham Airport (latitude 40° 46' 45" N., longitude 79° 56' 55" W.), and within 2 miles each side of the Butler RBN 180° and 002° bearings, extending from the 5-mile radius area to 8 miles S of the RBN.

AMENDMENTS 2/6/64 28 F. R. 12339 (Added)

Butte, Mont.
That airspace extending upward from 1,200 feet above the surface within 10 miles E and 7 miles W of the Butte VOR 002° and 182° radials, extending from 20 miles N to 11 miles S of the VOR, and within 10 miles N and 7 miles S of the Whitehall, Mont., VOR 096° and 276° radials, extending from 20 miles E to 19 miles W of the VOR.

Cambridge, N. Y.
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Cambridge VOR 274° and 094° radials, extending from 9 miles W to 20 miles E of the VOR.

Camden, Ark.
That airspace extending upward from 1,200 feet above the surface within 10 miles W and 7 miles E of the 352° and 172° bearings from Harrell Field, Ark., (Lat. 33°37'05" N, Long. 92°46'00" W), extending from 9 miles S to 20 miles N of the airport, excluding the airspace within Federal airways.

PENDING AMENDMENT
Camden, Ark. transition area is revoked. 1/7/65 29 F. R. 14918 (Revoked).

Camp Le Juene, N. C.
That airspace extending upward from 1,200 feet above the surface bounded by a line beginning at Lat. 34° 30'20" N, Long. 77°15'50" W, thence 3-nmi from and parallel to the United States shoreline to Lat. 34°25'18" N, Long. 77°26'30" W, to Lat. 34°30'35" N, Long. 77°32'18" W, to Lat. 34°36'05" N, Long. 77°26'08" W, to Lat. 34°33'00" N, Long. 77°19'00" W, thence to the point of beginning.

Chadron, Nebr.

**Cape Girardeau, Mo.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Cape Girardeau Municipal Airport latitude 37°13'30" N., longitude 89°34'10" W.); within two miles either side of the 215° bearing from the Cape Girardeau Airport extending from the 6-mile radius area to 8 miles SW of the airport. and that airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the 035° and 215° bearings from the Cape Girardeau Municipal Airport extending from 9 miles NE to 20 miles SW of the airport.

**Carlsbad, N. Mex.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Carlsbad Municipal Airport (latitude 32°20'20" N., longitude 104°15'45" W.), and within 2 miles each side of the Carlsbad VOR 157° radial, extending from the 7-mile radius area to 8 miles southeast of the VOR; and that airspace extending upward from 1,200 feet above the surface within 5 miles southwest and 8 miles northeast of the Carlsbad VOR 157° and 337° radials, extending from 7 miles northwest to 13 miles southeast of the VOR; within 5 miles southeast and 8 miles northwest of the Carlsbad VOR 064° and 244° radials, extending from 7 miles southwest to 13 miles northeast of the VOR; and within 5 miles each side of the Carlsbad VOR 064° radial, extending from the VOR to 23 miles northeast of the VOR.

AMENDMENTS 10/15/64 29 F.R 12260 (Changed)

**Casa Grande, Ariz.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SW and 7 miles NE of the Casa Grande VOR 158° and 338° radials, extending from 9 miles NW to 20 miles SE of the VOR.

**PENDING AMENDMENT**
The Casa Grande, Ariz. transition area is revoked. 12/10/64 29 F.R. 14104 (Revoked)

**Casper, Wyo.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Casper VORTAC 216° radial, extending from 26 miles to 31 miles SW of the VORTAC; within 2 miles each side of the Casper VORTAC 235° radial, extending from 23 miles to 28 miles SW of the VORTAC, and within 2 miles each side of the Casper ILS localizer W course, extending from 5 miles W to 7 miles W of the OM; that airspace extending upward from 1,200 feet above the surface within 12 miles SE and 10 miles NW of the Casper VORTAC 216° and 036° radials, extending from 20 miles NE to 44 miles SW of the VORTAC; within 6 miles S and 13 miles N of the 270° and 090° bearings from the Casper RBN, extending from 33 miles W to 43 miles E of the RBN, and within 5 miles each side of the Casper VORTAC 235° radial, extending from 38 miles to 52 miles SW of the VORTAC; and that airspace extending upward from 9,500 feet MSL within 5 miles each side of the Casper VORTAC 235° radial, extending from 52 miles to 81 miles SW of the VORTAC.

**Cedar City, Utah**
Thar airspace extending upward from 1,200 feet above the surface within 6 miles E and 10 miles W of the Cedar City VOR 184° and 004° radials extending from 8 miles S to 20 miles N of the VOR.

**Cedar Rapids, Iowa**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Cedar Rapids Municipal Airport (latitude 41° 53' 05" N., longitude 91° 42' 45" W.), and within 8 miles N and 6 miles S of the Cedar Rapids VOR 089° and 269° radials, extending from 3 miles E to 13 miles W of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 42° 05' 00" N., on the E by longitude 91° 00' 00" W., on the S by latitude 41° 20' 00" N., on the SW by a line extending from latitude 41° 20' 00" N., longitude 92° 00' 00" W., to latitude 41° 30' 00" N., longitude 92° 15' 00" W., and on the W by latitude 92° 15' 00" W.

AMENDMENTS 4/2/64 29 F. R. 1841 (ADDED)

**Centralia, Ill.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of the Centralia Municipal Airport (latitude 38°30'40" N., longitude 89°05'35" W.), and within 2 miles each side of the Centralia VOR 031° radial, extending from the 4-mile radius area to the VOR; within a 4-mile radius of the Mount Vernon, Ill., Municipal Airport (latitude 38°19'15" N., longitude 88°51'40" W.), and within 2 miles each side of the 044° bearing from the airport, extending from the 4-mile radius area to 8 miles NE of the airport; and the airspace extending upward from 1,200 feet above the surface bounded by a line beginning at the N boundary of V-446, extending S along longitude 88°35'00" W., to latitude 38°12'00" N., thence W along latitude 38°12'00" N., to and counterclockwise along the arc of a 40-mile radius circle centered at Scott AFB, Belleville, Ill. (latitude 38°32'30" N., longitude 89°51'05" W.) to and clockwise along the arc of a 13-mile radius circle centered on the Centralia VOR to and counterclockwise along the arc of the 40-mile radius circle centered on Scott AFB to the N boundary of V-446, thence E along the N boundary of V-446 to the point of beginning.

**Chadron, Nebr.**
That airspace extending upward from 700 feet above the surface within a 14-mile radius of Chadron Municipal Airport (latitude 42°50'00" N., longitude 103°05'50" W.), and within 5 miles each side of the Chadron VOR 030° radial, extending from the 14-mile radius area to the VOR; and that airspace extending upward from 1,200 feet above the surface within 5 miles NW and 8 miles SE of the Chadron VOR 030° and 210° radials , extending from 5 miles NE to 14 miles SW of the VOR.

**Chanute, Kans.**
That airspace extending upward from 1,200 feet above the surface within 8 miles SE and 12 miles NW of the Chanute VOR 244° and 064° radials, extending from 12 miles SW to 15 miles NE of the VOR

**Chattanooga, Tenn.**
That airspace extending upward from 700 feet above the surface within a 14-mile radius of Lovell Field, Chattanooga, Tenn. (latitude 35° 02' 05" N., longitude 85° 12' 10" W.), extending clockwise from the 020° to the 250° bearings from the airport; within a 20-mile radius of Lovell Field, extending clockwise from the 250° to the 020° bearings from the airport; within 4 miles each side of the Chattanooga VORTAC 263° radial, extending between the arcs of a 14-mile and a 25-mile radius circle each centered at Lovell Field; within 8 miles E and 5 miles W of the North Chattanooga, Tenn., RBN 016° bearing, extending from the RBN to 12 miles N; that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of Lovell Field; within the area SE of Chattanooga, extending from the 25-mile radius area bounded on the E by the W boundary of V-5, on the S by a line through latitude 34° 26' 58" N., longitude 84° 55' 58" W., and latitude 34° 25' 30" N., longitude 84° 59' 30" W., and on the W by a line 9 miles W of and parallel to the Chattanooga VORTAC 152° radial; within the area N, NE and NW of Chattanooga extending from the 25-mile radius area bounded by a line beginning at the INT of the arc of a 25-mile radius circle centered at Lovell Field and a line 6 miles W of and parallel to the Chattanooga VORTAC 313° radial; thence NW along a line 6 miles W of and parallel to the Chattanooga VORTAC 313° radial to and clockwise along the arc of a 50-mile radius circle centered on the Chattanooga VORTAC to the W boundary of V-51 W alternate; thence S along the W boundary of V-51 W alternate to latitude 35°24'30" N.; thence to latitude 35°22'45" N., longitude 84°45' 00" W.; to latitude 35° 17' 30" N., longitude 84° 45' 10" W.; to latitude 35° 08' 20" N., longitude 84° 45' 35" W.; thence via latitude 35° 08' 20" N., to the arc of a 25-mile radius circle centered at Lovell Field; and that airspace extending upward from 3,000 feet MSL bounded on the N by V-54, on the NE by the arc of a 25-mile radius circle centered at Lovell Field, on the SE by V-115, and on the W by a line extending through latitude 34° 32' 00" N., longitude 85° 52' 15" W., and latitude 34° 48' 00" N., longitude 85° 57' 10" W., excluding the portion within the Rome, Ga., transition area.

AMENDMENTS 9/17/64 29 F.R. 11113 (Changed): Amend. Alt. 29 F.R 13138:

**Cherokee, Wyo.**
That airspace extending upward from 1,200 feet above the surfave within 10 miles S and 7 miles N of the Cherokee VOR 081° and 261° radials, extending from 7 miles E to 7 miles W of the VOR.

**Cherry Point, N. C.**
That airspace extending upward from 1,200 feet above the surface bounded by a line beginning at Lat. 35°45'30" N, Long. 76°39'00" W, thence clockwise along the arc of a 60-mile radius circle centered at Lat. 34°54'30" N, Long. 76°53'00" W, to Lat. 35°05'50" N, Long. 75°51'05" W, thence 3-nmi from and parallel to the shoreline to Lat. 34°37'30" N, Long. 76°56'20" W, to Lat. 34°41'50" N, Long. 76°56'20" W, to Lat. 34° 45' 10" N, Long. 76°40'30" W, to Lat. 34°46'45" N, Long. 76°24'45" W, to Lat. 35°04'30" N, Long. 76°04' 30" W, to Lat. 35°18'15" N, Long. 76°16'40" W, to Lat. 35°23'15" N, Long. 76°34'40" W, to Lat. 35°03' 00" N, Long. 76°57'00" W, to Lat. 35°26'00" N, Long. 76°52'00" W, thence to point of beginning.

**Childress, Tex.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Childress Municipal Airport (latitude 34°25'55" N., longitude 100°17'45" W.); and that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Childress Municipal Airport, and within 10 miles SE and 7 miles NW of the Childress VOR 244° radial, extending from the 20-mile radius area to 20 miles SW of the VOR.

**Chincoteague, Va.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of NASA Wallops Station Airport, Chincoteague, Va. (latitude 37°56'15" N., longitude 75°28'15" W.); and that airspace extending upward from 1,200 feet above the surface within a 12-mile radius of NASA Wallops Station Airport, and the area extending NE from the the 12-mile radius area bounded on the NW by the SE boundary of V-139, on the NE by the Salisbury, Md., VOR 114° radial, and on the southeast by a line 3 miles SE of and parallel to the SE boundary of V-139, excluding the portion within R-6604 and the portion outside the United States.

**Clarksburg, W. Va.**
That airspace extending upward from 700 feet above the surface within 10 miles NW and 7 miles SE of the Clarksburg VOR 036° and 216° radials, extending from 12.7 miles NE to 16.3 miles SW of the VOR.

**Cleveland, Ohio**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Cleveland-Hopkins Airport (latitude 41°24'30" N., longitude 81°51'00" W.); within a 3-mile radius of the Burke-Lakefront Airport (latitude 41°31'00" N., longitude 81°41'00" W.); within 2 miles each side of the Cleveland-Hopkins Runway 23-R-ILS localizer NE course, extending from the 8-mile radius area to the Burke-Lakefront 3-mile radius area; within 2 miles each side of the Cleveland-Hopkins Runway 5-L-ILS localizer SW course, extending from the 8-mile radius area to 8 miles SW of the Runway 5-L-ILS OM; within 2 miles each side of the Strongsville VOR 192° radial, extending from the 8-mile radius area to 8 miles S of the VOR; and within 2 miles each side of the Akron, Ohio, VORTAC 319° radial, extending from the Burke-Lakefront 3-mile radius area to 10 miles NW of the airport; and that airspace extending upward from 1,200 feet above the surface within the area bounded by a line extending from latitude 41°35'00" N., longitude 82°06'20" W., via latitude 41°48'20" N., longitude 81°47'30" W., to latitude 41°54'00" N., longitude 81°37'20" W., thence clockwise along the arc of a 19-mile radius circle centered at latitude 41°41'00" N., longitude 81°23'25" W., to latitude 41°24'20" N., longitude 81°23'00" W., to latitude 41°21'00" N., longitude 81°31'00" W., thence clockwise along the arc of an 18-mile radius circle centered on the Cleveland-Hopkins Airport to the 146° bearing from the airport, thence SE along the 146° bearing to latitude 41°08'00" N., longitude 81°36'00" W., to latitude 40°53'00" N., longitude 81°43'00" W., thence via the arc of a 37-mile radius circle centered on the Cleveland-Hopkins Airport to the 210° bearing from the airport, thence clockwise via the arc of an 18-mile radius circle centered on the Cleveland-Hopkins Airport to the point of beginning.

**Clinton, Iowa**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Clinton Municipal Airport (latitude 41° 49' 45" N., longitude 90° 19' 50" W.), within 2 miles each side of the Cordova VOR 338° radial, extending from the 5-mile radius area to the VOR; and within 8 miles SW and 5 miles NE of the 324° bearing from the Clinton Municipal Airport, extending from the airport to 12 miles NW of the airport.
4/30/64 28 F. R. 13864 (Added);

**Clintonville, Wis.**
That airspace extending upward from 700 feet above the surface within 8 miles SW and 5 miles NE of the 128° and 308° bearings from the Clintonville Airport (latitude 44° 36' 50" N., longitude 88° 43' 50" W.), extending from 2 miles SE of 12 miles NW of the airport, and within 8 miles NE and 5 miles SW of the 146° bearing from the airport, extending from the airport to 12 miles SE of the airport.

Clovis, N. Mex.
That airspace extending upward from 700 feet above the surface within a 14-mile radius of Cannon AFB, Clovis, N. Mex. (latitude 34° 23' 01" N., longitude 103° 18' 58" W.); within 2 miles each side of the 217° bearing from the Cannon AFB RBN, extending from the 14-mile radius area to 12 miles SW of the RBN, and within 2 miles each side of the 225° bearing from the Cannon RBN, extending from the 14-mile radius area to 8 miles SW of the RBN; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of Cannon AFB, extending clockwise from the Cannon VOR 051° radial to the Cannon VOR 190° radial; within a 37-mile radius of Cannon AFB, extending clockwise from the Cannon VOR 190° radial to the Cannon VOR 226° radial, thence via a line to latitude 34° 01' 10" N., longitude 104° 04' 00" W., thence to latitude 34° 09' 55" N., longitude 104° 03' 40" W., thence to latitude 34° 10' 00" N., longitude 103° 55' 00" W., thence to latitude 34° 42' 15" N., longitude 103° 55' 00" W., thence to the point of beginning; that airspace E of Clovis within 10 miles N and 7 miles S of the Texico, Tex., VOR 093° and 273° radials, extending from the 30-mile radius area to 25 miles E of the VOR; within 5 miles each side of the Cannon VOR 084° radial, extending from the 30-mile radius area to 51 miles E of the VOR; and that airspace extending upward from 8,000 feet MSL NW of Clovis bounded by a line beginning at latitude 34° 32' 30" N., longitude 103° 55' 00" W., thence to latitude 34° 28' 30" N., longitude 104° 05' 15" W., thence to latitude 34° 38' 00" N., longitude 104° 10' 30" W., thence to latitude 34° 46' 40" N., longitude 104° 05' 25" W., thence to latitude 34° 42' 15" N., longitude 103° 55' 00" W., thence to the point of beginning. The portions of this transition area within R-5104 and R-5105 shall be used only after obtaining prior approval from the appropriate authority.

PENDING AMENDMENT
Clovis, N. Mex.
That airspace extending upward from 700 feet above the surface within a 14-mile radius of Cannon AFB, Clovis, N. Mex. (latitude 34°23'01" N., longitude 103°18'58" W.); within 2 miles each side of the 217° bearing from the Cannon AFB RBN, extending from the 14-mile radius area to 12 miles SW of the RBN, within 2 miles each side of the 225° bearing from the Cannon AFB RBN, extending from the 14-mile radius area to 8 miles SW of the RBN; within a 5-mile radius of the Clovis, N. Mex., Municipal Airport (latitude 34°25'00" N., longitude 103°05'00" W.); within 2 miles each side of the Texico, Tex., VOR 255° radial, extending from the 5-mile radius area to the Texico VOR; within 2 miles each side of the 057° bearing from the Clovis, N. Mex., RBN (latitude 34°27'30" N., longitude 103°01'30" W.) extending from the 5-mile radius area to 8 miles northeast of the Clovis RBN; within 2 miles each side of the extended center line of the Clovis Municipal Airport NE-SW runway, extending from the 5-mile radius area to 7 miles northeast of the airport; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of Cannon AFB, extending clockwise from the Cannon VOR 051° radial to the Cannon VOR 190° radial; within a 37-mile radius of Cannon AFB, extending clockwise from the Cannon VOR 190° radial to the Cannon VOR 226° radial, thence via a line to latitude 34°01'10" N., longitude 104°04'00" W., thence to latitude 34°09'55" N., longitude 104°03'40" W., thence to latitude 34°10'00" N., longitude 103°55'00" W., thence to latitude 34°42'15" N., longitude 103°55'00" W., thence to the point of beginning; that airspace E of Clovis within 10 miles N and 7 miles S of the Texico, Tex., VOR 093° and 273° radials, extending from the 30-mile radius area to 25 miles E of the VOR; within 5 miles each side of the Cannon VOR 084° radial, extending from the 30-mile radius area to 51 miles E of the VOR; and that airspace extending upward from 8,000 feet MSL NW of Clovis bounded by a line beginning at latitude 34°32'30" N., longitude 103°55'00" W., thence to latitude 34°28'30" N., longitude 104°05'15" W., thence to latitude 34°38'00" N., longitude 104°10'30" W., thence to latitude 34°46'40" N., longitude 104°05'25" W., thence to latitude 34°42'15" N., longitude 103°55'00" W., thence to the point of beginning. The portions of this transition area within R-5104 and R-5105 shall be used only after obtaining prior approval from the appropriate authority.

AMENDMENTS 1/7/65 29 F. R. 14919 (Rewritten)

**Coaldale, Nev.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Coaldale VORTAC 087° radial, extending from the VORTAC to 20 miles E and within 10 miles NE and 10 miles SW of the Coaldale VORTAC 316° and 146° radials, extending from 20 miles SE to 20 miles NW of the VORTAC.

**Cochise, Ariz.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Cochise VOR 096° and 276° radials, extending from 9 miles W to 20 miles E of the VOR.

Coeur d'Alene, Idaho
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Coeur d'Alene Air Terminal (latitude 47°46'30" N., longitude 116°49'05" W.), and within 2 miles each side of the 181° and 347° bearings from latitude 47°41'30" N., longitude 116°47'34" W., extending from the 5-mile radius area to 8 miles S of latitude 47°41'30" N., longitude 116°47'34" W.

AMENDMENTS 6/25/64 29 F.R. 5316 (Added)

PENDING AMENDMENT
**Coldwater, Mich.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Branch County Memorial Airport, Coldwater, Mich. (latitude 41°56'00" N., longitude 85°03'15" W.) and within 8 miles NW and 5 miles SE of the 209° bearing from the Branch County Memorial Airport extending from the airport to 12 miles SW of the airport excluding the portion within the Sturgis, Mich.. transition area.

AMENDMENTS 12/10/64 29 F.R 14786 (Added)

**College Station, Tex.**
That airspace extending upward from 700 feet above the surface within 8 miles S and 5 miles N of the College Station VOR 287° radial, extending from the VOR to 13 miles W; and that airspace extending upward from 1,200 feet above the surface within 8 miles S and 5 miles N of the College Station VOR 107° radial, extending from the VOR to 7 miles E; and within 5 miles each side of the College Station VOR 124° radial, extending from the VOR to 23 miles SE.

**Columbia, S. C.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SW and 7 miles NE of the Columbia VOR 329° radial, extending from 9 miles NW to 41 miles NW of the VOR, excluding the airspace within Federal airways.

**Columbus, Ga.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Muscogee County Airport, Columbus, Ga. (latitude 32°30'55" N., longitude 84°56'25" W.); within 2 miles each side of the Columbus VOR 329° and 149° radials, extending from the Muscogee County Airport 7-mile radius area to 8 miles NW of the VOR; within a 9-mile radius of Lawson AAF, Columbus, Ga. (latitude 32°20'20" N., longitude 84°59'35" W.); within 2 miles each side of the 204° bearing from the Columbus RBN, extending from the Lawson AAF 9-mile radius area to 8 miles SW of the RBN; and that airspace extending upward from 1,200 feet above the surface bounded on the NE by the arc of a 50-mile radius circle centered at the Atlanta, Ga., Municipal Airport (latitude 33°38'42" N., longitude 84°25'37" W.), on the E by V-97, on the S by V-56, and on the NW by V-20; that airspace W of Lawson AAF bounded by a line beginning at latitude 32°06'55" N., longitude 84° 48'25" W., clockwise around the arc of a 19-mile radius circle centered at Lawson AAF to latitude 32°37'00" N., longitude 85°01'03" W., to point of beginning; and within 8 miles SW and 5 miles NE of the Columbus VOR 329° radial, extending from the VOR to 12 miles NW, excluding the portions within R-3002.

**Columbus, N. Mex.**
That airspace extending upward from 8,000 feet MSL, bounded on the E by longitude 107°13'00" W, on the S by the United States/Mexican border, on the W by longitude 107°54'00" W, and on the N by latitude 31°59'00" N.

**Corona, N. Mex.**
That airspace extending upward from 8,500 feet MSL. within 10 miles NE and 7 miles SW of the Corona VOR 139° and 319° radials. extending from 20 miles SE to 9 miles NW of the VOR.

**Corpus Christi, Tex.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Corpus Christi International Airport (latitude 27°46'20" N., longitude 97°30'20" W.); within a 7-mile radius of NAS Corpus Christi (latitude 27°41'30" N., longitude 97°17'15" W.); within 2 miles each side of the Corpus Christi VORTAC 020° radial, extending from the VORTAC to 8 miles NE; within 2 miles each side of the Corpus Christi ILS localizer NW course, extending from the International Airport 6-mile radius area to 8 miles NW of the OM; within 2 miles each side of the Corpus Christi RBN 048° bearing, extending from the International Airport 6-mile radius area to 8 miles NE of the RBN; within 2 miles each side of the Navy Corpus RBN 135° bearing, extending from the NAS Corpus Christi 7-mile radius area to 8 miles SE of the RBN; and within 2 miles each side of the Navy Corpus TACAN 139° radial, extending from the NAS Corpus Christi 7-mile radius area to 12 miles SE of the TACAN; that airspace extending upward from 1,200 feet above the surface bounded on the N by the SW boundary of V-163, latitude 28°07'00" N., and the N boundary of V-20; on the NE and E by a line extending from the N boundary of V-20 through latitude 28°42'00" N., longitude 96°26'00" W., to latitude 28°37'15" N., longitude 96°17'15" W.; thence to latitude 28°14'00" N., longitude 96°46'00" W.; thence S along longitude 96°46'00" W., to 3 nautical miles from the shoreline; thence SW 3 nautical miles from and parallel to the shoreline to latitude 27°49'00" N., to latitude 27°45'30" N., longitude 96°51'00" W.; to latitude 27°28'20" N., longitude 96°45'30" W.; to latitude 27°14'30" N., longitude 96°55'30" W.; to latitude 27°23'00" N., longitude 97°06'00" W.; thence SW to a point 3 nautical miles from the shoreline at latitude 27°11'20" N., thence to latitude 26°50'00" N., longitude 97°51'00" W.; and bounded on the S and W by a line extending from latitude 26°50'00" N., longitude 97°51'00" W.; to latitude 26°51'00" N., longitude 97°58'30" W.; to latitude 27°24'00" N., longitude 98°15'30" W.; to latitude 27°24'00" N., longitude 98°27'00" W.; to latitude 28°07'00" N., longitude 98°27'00" W., through latitude 28°27'00" N.. longitude 98°14'00" W., to the SW boundary of V-163; and that airspace extending upward from 4,500 feet MSL bounded on the E by longitude 98°27'00" W., on the S by latitude 27°24'00" N., on the W by the arc of a 35-mile radius circle centered on the Laredo, Tex., RBN, and on the N by a line extending from the intersection of the 35-mile radius arc and latitude 27°39'10" N., to latitude 27°44'00" N.. longitude 98°27'00" W.

AMENDMENTS 11/12/64 29 F.R. 13164 (Added)

**Cortez, Colo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SW and 7 miles NE of the 306° and 126° bearings from the Montezuma County Airport, Cortez, Colo. (Lat. 37°18'15" N, Long. 108°37' 35" W), extending from 20 miles NW and to 9 miles SE of the airport, excluding the airspace within Federal airways.

Coshocton, Ohio
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Universal-Cyclops Airport (latitude 40° 12' 15" N., longitude 81° 52' 55" W.),and within 2 miles each side of the Zanesville VOR 002° radial, extending from the 6-mile radius area to 12 miles N of the VOR.

AMENDMENTS 4/2/64 29 F.R. 2307 (Added);

Cotulla, Tex.
That airspace extending upward from 700 feet above the surface within 8 miles N and 5 miles S of the Cotulla VOR 085° radial, extending from the VOR to 12 miles E of the VOR; within 8 miles N and 5 miles S of the Cotulla VOR 265° radial, extending from the VOR to 13 miles W of the VOR, and within 8 miles SW and 5 miles NE of the Cotulla RBN 320° bearing, extending from the RBN to 12 miles NW of the RBN; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 28° 52' 00" N., longitude 99° 25' 00" W., to latitude 28° 54' 00" N., longitude 99° 05' 00" W., to latitude 28° 19' 00" N., longitude 98° 37' 00" N., to latitude 28° 05' 00" N., longitude 98° 48' 00 W., to latitude 28° 06' 00" N., longitude 99° 08' 00" W., to latitude 28° 08' 20" N., longitude 99° 18' 20" W., to latitude 28° 32' 00" N., longitude 99° 28' 00" W., to point of beginning.

AMENDMENTS 4/2/64 29 F.R. 605 (Added);

**Crazy Woman, Wyo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles E and 7 miles W of the Crazy Woman VORTAC 173° and 353° radials, extending from 20 miles S to 9 miles N of the VORTAC.

Crescent City, Calif.
That airspace extending upward from 1,200 feet above the surface within 8 miles SE and 12 miles NW of the Crescent City VOR 055° and 235° radials, extending from 8 miles SW to 20 miles NE of the VOR; within 5 miles each side of the Crescent City VOR 235° radial, extending from 8 miles to 20 miles SW of the VOR, and within 8 miles E and 5 miles W of the Crescent City VOR 180° radial, extending from the VOR to 14 miles S of the VOR; and that airspace extending upward from 14,500 feet above the surface bounded on the E by a line 5 miles west of and parallel to the Crescent City VOR 002° and 180° radials, on the S by latitude 41° 26' 00" N., on the W by longitude 124° 28' 00" W., and on the N by latitude 42° 07' 00" N., excluding the portion within the continental control area.
5/28/64 28 F. R. 14419 (Added);

**Crossville, Tenn.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Crossville Memorial Airport (latitude 35°57'05" N., longitude 85°05'05" W.), within 2 miles each side of the Crossville VORTAC 334° radial, extending from the 6-mile radius area to the VORTAC, and within 8 miles NE and 5 miles SW of the Crossville VORTAC 154° radial, extending from the VORTAC to 12 miles SE, excluding the area SE of a line 16 miles NW of and parallel to the Chattanooga, Tenn., VORTAC 037° radial.

AMENDMENTS 8/20/64 29 F. R. 8163 (Added)

**Crow's Landing, Calif.**
That airspace extending upward from 1,200 feet above the surface, bounded on the SW by V-107, on the N by V-244 S, and on the E by V-109. The portions within R-2525 and R-2528 shall be used only after obtaining prior approval from appropriate authority.

**Cut Bank, Mont.**
That airspace extending upward from 700 feet above the surface within a 9-mile radius of Cut Bank Airport (latitude 48°36'41" N., longitude 112°22'45" W.); and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of the Cut Bank VOR, extending clockwise from a line 5 miles N of and parallel to the Cut Bank VOR 095° radial to the W boundary of V-21W.

**Danville, Ill.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Vermillion County Airport, Danville, Ill. (latitude 40°11'55" N., longitude 87°35'40" W.), and within 2 miles each side of the Danville VOR 197° radial, extending from the 5-mile radius zone to the VOR.

AMENDMENTS 5/28/64 29 F.R. 3356 (Added)

**Darby, Alaska**
That airspace extending upward from 1,200 feet above the surface within 5 miles S and 8 miles N of the 290° bearing from the Unalakleet, Alaska, RR, extending from 32 miles to 52 miles W of the RR.

**Darwin, Minn.**
That airspace extending upward from 1,200 feet above the surface within 12 miles N and 12 miles S of the Darwin VOR 088° and 268° radials, extending from 10 miles E to 22 miles W of the VOR.

**Daytona Beach, Fla.**
That airspace extending upward from 700 feet above the surface within 8 miles NW and 5 miles SE of the Daytona Beach ILS localizer SW course, extending from the OM to 12 miles SW; within 2 miles each side of the 236° bearing from the Daytona Beach OM, extending from the OM to the INT of the Daytona Beach VOR 219° radial and the Orlando, Fla., VOR 353° radials; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 29°33'00" N., on the W by the W edge of V-267, on the S by latitude 28°58'00" N., on the E by the limits of the territorial waters of the United States, and that airspace N of Daytona Beach bounded on the E by V-3, on the S by latitude 29°33'00" N., on the W by V-267.

**Decatur, Ill.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Decatur Municipal Airport (latitude 39°50'03" N., longitude 88°52'52" W.), and within 2 miles each side of the Decatur VOR 351° radial, extending from the 5-mile radius area to the VOR; and that airspace extending upward from 1,200 feet above the surface within a 15-mile radius of the Decatur VOR and within 10 miles S and 6 miles N of the Decatur VOR 285° radial extending from the 15-mile radius area to the arc of a 15-mile radius circle centered at latitude 39°53'32" N., longitude 89°37'31" W.

**De Lancey, N. Y.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the De Lancey VOR 265° and 085° radials, extending from 9 miles W to 20 miles E of the VOR.

**Delta, Utah**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Delta Municipal Airport (latitude 39° 23' 00" N., longitude 112° 30' 35" W.), and within 2 miles each side of the Delta VOR 001° and 196° radials, extending from the 5-mile radius area to 6 miles S of the VOR; and that airspace extending upward from 1,200 feet above the surface within 11 miles E and 8 miles W of the Delta VOR 016° and 196° radials, extending from 10 miles N to 20 miles S of the VOR.
3/5/64 29 F. R. 73. (Rewritten);

**Deming, N. Mex.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Deming VOR 264° radial, extending from the VOR to 3.2 miles W of the Deming VOR, and within 2 miles each side of the Deming VOR 270° radial, extending from 5.5 miles W of the Deming Municipal Airport (latitude 32° 15' 25" N., longitude 107° 43' 00" W.) to 8.5 miles W of the airport; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 31° 47' 00" N., longitude 106° 53' 35" W., thence W along the United States/Mexican border to longitude 107° 13' 00" W., thence N along longitude 107° 13' 00" W., to latitude 31° 59' 00" N., thence W along latitude 31° 59' 00" N., to longitude 107° 54' 00" W., thence N along longitude 107° 54' 00" W., to latitude 32° 19' 15" N., longitude 107° 54' 00" W., thence to latitude 32° 24' 20" N., longitude 107° 36' 00" W., thence to latitude 32° 30' 20" N., longitude 107° 32' 58" W., thence via the arc of a 16-mile circle centered on the Deming VOR to the N boundary of V-94, thence E along the N boundary of V-94 to the W boundary of V-19, thence N along the W boundary of V-19 to latitude 32°36'25" N., thence to latitude 32°30'45" N., longitude 106°42'00" W., thence S along the W boundary of R-5107A and R-5107B to the arc of a 30-mile radius circle centered on the El Paso, Tex., International Airport (latitude 31° 48' 35" N., longitude 106° 22' 55" W.), thence counterclockwise along the 30-mile radius arc to the point of beginning; and that airspace extending upward from 8,500 feet MSL bounded on the W by the E boundary of V-110, on the N by a line extending from the E boundary of V-110 through latitude 32°44'45 N., longitude 107°20'50" W, and latitude 32°41'50" N., longitude 107°06'20" W., to the W boundary of V-19, on the E by V-19, and on the S and SW by V-94 and the arc of a 16-mile radius circle centered on the Deming VOR.

AMENDMENTS 9/17/64 29 F.R. 10501 (Changed)

**Detroit, Mich.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Detroit Metropolitan Wayne County Airport (latitude 42°13'05" N., longitude 83°21'00" W.), within an 8-mile radius of Willow Run Airport (latitude 42°14'05" N., longitude 83°31'45" W.), within 2 miles each side of the Metropolitan Wayne County Airport ILS localizer SW course, extending from the 8-mile radius area to 8 miles SW of the OM, and within 2 miles each side of Willow Run VOR 047° radial, extending from the 8-mile radius area to 10 miles NE of the Ford RBN, excluding the portion within the Grosse Ile, Mich., control zone; and that airspace extending upward from 1,200 feet above the surface bounded on the W by longitude 84°05'00" W., on the N by latitude 42°46'00" N., on the E by the E boundary of V-42 E alternate and the United States/Canadian border, and on the S by a line from latitude 41°45'05" N., longitude 84°05'00" W., to latitude 41° 45'30" N., longitude 83°19'45" W., to latitude 41°50'39" N., longitude 83°08'47" W., to latitude 41°45'30" N., longitude 83°03'30" W., to the United States/Canadian border at latitude 41°45'30" N., longitude 82°51' 00" W.

**Detroit City, Mich.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the 143° and 323° bearings from the Detroit City RBN, extending from 6 miles NW of the approach end of the Detroit City Airport Runway 15 to 8 miles NW of the RBN, and within 2 miles each side of the Windsor, Ontario, Canada, VOR 343° radial, extending from 4 miles north to 14 miles north of the Detroit City Airport (latitude 42°24' 35° N., longitude 83°00'35" W.), excluding the portion within the Detroit, Mich. (Detroit City Airport), control zone.

PENDING AMENDMENT
Detroit City, Mich.
That airspace extending upward from 700 feet above the surface within 2 miles each side of the 143° and 323° bearings from the Madison Heights, Mich., RBN, extending from 6 miles NW of the approach end of the Detroit City Airport Runway 15 to 8 miles NW of the RBN, and within 2 miles each side of the Windsor, Ontario, Canada, VOR 320° radial, extending from 4 miles NW to 14 miles NW of the Detroit City Airport.

AMENDMENTS 11/19/64 29 F. R. 14982 (Rewritten)

**Dickinson, N. Dak.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Dickinson Municipal Airport (latitude 46° 47' 45" N., longitude 102° 48' 00" W.), within 3 miles W and 1 mile E of the Dickinson VORTAC 002° radial, extending from the 5-mile radius area to 6 miles N of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 9 miles W and 5 miles E of the Dickinson VORTAC 002° and 182° radials, extending from 8 miles S to 11 miles N of the VORTAC, and within 8 miles W and 5 miles E of the Dickinson VORTAC 013° and 193° radials, extending from 4 miles S to 13 miles N of the VORTAC.

**Dierks, Ark.**
That airspace extending upward from 1,200 feet above the surface within 12 miles E and 8 miles W of the Texarkana, Ark., VORTAC 355° radial, extending from 10 miles N to 22 miles S of the INT of the Page, Okla., VOR 144° and the Texarkana VORTAC 355° radials.

**Douglas, Ariz.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Douglas VOR 302° radial, extending from the VOR to 8 miles NW of the VOR; and that airspace extending upward from 1,200 feet above the surface within 10 miles SW and 8 miles NE of the Douglas VOR 302° and 122° radials, extending from 20 miles NW to 10 miles SE of the VOR, excluding the portion within R-2303 and the portion outside the United States.

AMENDMENTS 2/6/64 28 F. R. 13438 (Added);

**Douglas, Wyo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles E and 7 miles W of the Douglas VOR 167° and 347° radials, extending from 20 miles S to 9 miles N of the VOR.

**Dublin, Ga.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Dublin Municipal Airport (latitude 32°33'55" N., longitude 82°59'10" W.); within 2 miles each side of the Dublin VOR 071° radial, extending from the 5-mile radius area of the VOR.

AMENDMENTS 5/28/64 29 F.R. 3651 (Added)

**Dubois, Idaho**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Dubois Municipal Airport (latitude 44° 09' 45" N., longitude 112° 12' 50" W.), and within 2 miles each side of the Dubois VOR 354° radial, extending from the 5-mile radius area to the VOR; and that airspace extending upward from 1,200 feet above the surface within 11 miles E and 7 miles W of the Dubois VOR 170° and 350° radials, extending from 10 miles N to 20 miles S of the VOR.

AMENDMENTS 4/2/64 29 F.R. 557 (Added);

**DuBois, Pa.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the DuBois-Jefferson County Airport (latitude 41°10'45" N., longitude 78°53'45" W.), and within 2 miles each side of the DuBois RBN 056° bearing, extending from the 6-mile radius area to 8 miles NE of the RBN.

AMENDMENTS 5/28/64 29 F.R. 4853 (Rewritten) Amend. Alt. 29 F. R. 5787

**Dubuque, Iowa**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Dubuque Municipal Airport (latitude 42°24'10" N., longitude 90°42'32" W.), and within 8 miles NE and 5 miles SW of the Dubuque VOR 159° and 339° radials, extending from 6 miles NW to 14 miles SE of the VOR.

**Duncan, Okla.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Halliburton Field (latitude 34° 28' 30" N., longitude 97° 57' 30" W.), and within 2 miles each side of the Duncan VOR 157° and 337° radials, extending from the 5-mile radius area to 7 miles SE of the VOR.
4/30/64 29 F. R. 132 (Added);

**Durango, Colo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles NE and 7 miles SW of the 298° and 118° bearings from the La Plata Airport, Durango, Colo. (Lat. 37°09'15" N, Long. 107°45'00" W), extending from 20 miles SE to 9 miles NW of the airport.

**PENDING AMENDMENT**
Durango, Colo.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of La Plata Field (latitude 37°09'15" N., longitude 107°45'00" W.), and within 2 miles SW and 3 miles NE of the Durango VOR 118° radial, extending from the 5-mile radius area to 8 miles SE of the VOR; and that airspace extending upward from 1,200 feet above the surface, within 9 miles SW and 6 miles NE of the Durango VOR 298° and 118° radials, extending from 7 miles NW to 14 miles SE of the VOR.

AMENDMENTS 12/10/64 29 FR 14358 (Rewritten)

**Eglin AFB, Fla.**
That airspace extending upward from 700 feet above the surface within a 10-mile radius of Eglin AFB (latitude 30°29'10" N., longitude 86°31'55" W.) and within a 7-mile radius of Hurlburt AFB, Fla. (latitude 30°25'40" N., longitude 86°41'20" W.); and the airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 30°22'05" N., longitude 86°56'20" W., thence along a 25-mile radius arc centered at NAAS Saufley Field, Pensacola, Fla. (latitude 30°28'15" N., longitude 87°20'30" W.) to latitude 30°35'35" N., longitude 86°56'40" W.; to latitude 30°38'45" N., longitude 86°55'00" W.; to latitude 30°42'45" N., longitude 86°45'45" W.; to latitude 30°45'40" N., longitude 86°39'45" W.; to latitude 30°44'50" N., longitude 86°07'15" W.; to latitude 30°24'00" N., longitude 85°56'00" W.; to latitude 30°11'10" N., longitude 85°56'00" W.; thence 3 nautical miles from and parallel to the shoreline to latitude 30°19'45" N., longitude 86°23'45" W.; to latitude 29°54'00" N., longitude 86°16'00" W.; to latitude 29°54'00" N., longitude 86°45'50" W.; to latitude 30°20'50" N., longitude 86°38'50" W. thence 3 nautical miles from and parallel to the shoreline to latitude 30°20'15" N., longitude 86°48'00" W.; to latitude 30°20'15" N., longitude 86°48'00" W.; to the point of beginning.

AMENDMENTS 9/17/64 29 F.R. 11113 (Changed)

**El Centro, Calif.**
That airspace extending upward from 1,200 feet above the surface within 8 miles each side of the Imperial VORTAC 088° and 268° radials, extending from 15 miles E to 15 miles W of the VORTAC, and within 15 miles W and 5 miles E of the Imperial VORTAC 360° radial, extending from the VORTAC to 25 miles N of the VORTAC, excluding the portions within R-2510, R-2512, and the portion under the jurisdiction of Mexico.

AMENDMENTS 9/17/64 29 F.R. 8165 (Changed)

**El Dorado, Ark.**
That airspace extending upward from 1,200 feet above the surface within 8 miles NW and 5 miles SE of the El Dorado VORTAC 052° and 232° radials extending from the Goodwin Airport, El Dorado, Ark., to 18 miles NE of the VORTAC, excluding the airspace within Federal airways.

PENDING AMENDMENT
El Dorado, Ark.
That airspace extending upward from 700 feet above the surface within 5 miles SE and 8 miles NW of the 052° bearing from the El Dorado RBN, extending from the RBN to 12 miles NE, and within 5 miles SE and 8 miles NW of the El Dorado VOR 059° radial, extending from the VOR to 12 miles NE; that airspace extending upward from 1,200 feet above the surface within 5 miles SE and 8 miles NW of the 052° and 232° bearings from the El Dorado RBN, extending from 7 miles SW to 13 miles NE of the RBN, within 5 miles SE and 8 miles NW of the El Dorado VOR 059° and 239° radials, extending from 7 miles SW to 13 miles NE of the VOR, and within 5 miles each side of the 234° bearing from the El Dorado RBN extending from the RBN to 23 miles SW.

AMENDMENTS 1/7/65 29 F. R. 14918 (Rewritten)

**Elizabeth City, N. C.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of CGAS Elizabeth City (latitude 36°15'50" N., longitude 76°10'40" W.) and within 2 miles each side of the 127° bearing from the Weeksville RBN, extending from the 7-mile radius area to 8 miles SE of the RBN.

**Elkland, Pa.**
That airspace extending upward from 1,200 feet above the surface within 7 miles NW and 11 miles SE of the Elmira, N. Y., VOR 252° radial, extending from 9 miles SW to 40 miles SW of the VOR, excluding the portions within the Slate Run, Pa., and the Stonyfork, Pa., transition areas.

**Ellensburg, Wash.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Ellensburg Municipal Airport (latitude 47°02'10" N., longitude 120°31'50" W.); and that airspace extending upward from 1,200 feet above the surface within 7 miles NW and 10 miles SE of the Ellensburg VORTAC 064° and 244° radials extending from 9 miles SW to 20 miles NE of the VORTAC, and within 8 miles NE and 5 miles SW of the Ellensburg VORTAC 131° radial extending from the VORTAC to 12 miles SE of the VORTAC.

**El Paso, Tex.**
That airspace extending upward from 700 feet above the surface within a 15-mile radius of the El Paso International Airport (latitude 31°48'35" N., longitude 106°22'55" W.), extending clockwise from the 016° to the 196° bearings from the El Paso International Airport; within 2 miles each side of the Newman, Tex., VOR 040° radial, extending from the 15-mile radius area to 12 miles NE of the VOR, excluding the portion outside of the United States; that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at latitude 31°47'00" N., longitude 106°53'30" W.; thence clockwise along the arc of a 30 mile radius circle centered at the El Paso International Airport; to latitude 32°12'55" N., longitude 106°34'00" W.; to latitude 32°06'30" N., longitude 106°34'00" W.; to latitude 32°06'30" N., longitude 106°13'40" W.; to latitude 32°19'15" N., longitude 106°01'00" W.; to latitude 32°09'15" N., longitude 105°47'20" W.; to latitude 32°26'20" N., longitude 105°30'00" W.; to latitude 32°33'20" N., longitude 105°30'00" W.; to latitude 32°37'20" N., longitude 105°26'10" W.; to latitude 32°50'55" N., longitude 105°14'45" W.; to latitude 32°40'40" N., longitude 104°58'10" W.; to latitude 32°26'30" N., longitude 105°10'00" W.; to latitude 32°19'15" N., longitude 105°17'00" W.; to latitude 32°00'50" N., longitude 105°17'00" W.; to latitude 32°05'45" N., longitude 104°48'00" W.; thence clockwise along the arc of a 95-mile radius circle centered at the El Paso International Airport; to latitude 31°16'30" N., longitude 104°53'40" W.; to latitude 31°25'40" N., longitude 105°14'40" W.; to latitude 31°26'20" N., longitude 105°22'15" W.; to latitude 31°25'40" N., longitude 105°42'15" W.; to latitude 31°30'20" N., longitude 105°33'30" W.; to latitude 31°30'40" N., longitude 106°00'30" W.; thence clockwise along the arc of a 30-mile radius circle centered at the El Paso International Airport; to latitude 31°25'30" N., longitude 106°08'30" W.; thence via the United States/Mexican Border to point of beginning.; and that airspace extending upward from 2,000 feet above the surface bounded by a line beginning at latitude 32°18'00" N., longitude 106°34'00" W.; to latitude 32°18'00" N., longitude 106°10'30" W.; to latitude 32°25'00" N., longitude 106°06'00" W.; to latitude 32°36'00" N., longitude 106°06'00" W.; to latitude 32°36'00" N., longitude 105°30'00" W.; to latitude 32°26'20" N., longitude 105°30'00" W.; to latitude 32°09'15" N., longitude 105°47'20" W.; to latitude 32°19'15" N., longitude 106°01'00" W.; to latitude 32°06'30" N., longitude 106°13'40" W.; to latitude 32°06'30" N., longitude 106°34'00" W.; to point of beginning; within the area bounded by a line beginning at latitude 32°00'50" N., longitude 105°17'00" W.; to latitude 32°19'15" N., longitude 105°17'00" W.; to latitude 32°26'30" N., longitude 105°10'00" W.; to latitude 32°35'30" N., longitude 105°02'35" W.; thence clockwise along the arc of a 95-mile radius circle centered at the El Paso International Airport to latitude 32°05'45" N., longitude 104°48'00" W.; to point of beginning; and within the area bounded by a line beginning at latitude 31°25'30" N., longitude 106°08'30" W.; thence counterclockwise along the arc of a 30-mile radius circle centered at the El Paso International Airport; to latitude 31°30'40" N., longitude 106°00'30" W.; to latitude 31°30'20" N., longitude 105°42'15" W.; to latitude 31°25'40" N., longitude 105°33'30" W.; to latitude 31°26'20" N., longitude 105°22'15" W.; to latitude 31°25'40" N., longitude 105°14'40" W.; to latitude 31°16'30" N., longitude 104°53'40" W.; thence clockwise along the arc of a 95-mile radius circle centered at the El Paso International Airport to latitude 30°48'15" N., longitude 105°16'35" W.; thence via the United States/Mexican Border to point of beginning. The portions within R-5103A, R-5106 and R-5107A shall be used only after obtaining prior approval from appropriate authority.

**Emporia, Kans.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Emporia VORTAC 134° radial extending from the arc of a 5-mile radius circle centered on the Emporia Municipal Airport (latitude 38°20'00" N., longitude 96°11'15" W.) to 8 miles SE of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 5 miles SW and 8 miles NE of the Emporia VORTAC 134° radial extending from the VORTAC to 12 miles SE of the VORTAC.

**Erie, Pa.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Port Erie Airport (latitude 42° 04' 56" N., longitude 80° 10' 44" W.); within 5 miles NW, and 8 miles SE of the Erie ILS localizer SW course, extending from the ILS OM to 12 miles SW of the Erie VORTAC; and within 2 miles each side of the Erie RBN 054° bearing, extending from the 7-mile radius area to 8 miles NE of the RBN; and that airspace extending upward from 1,200 feet above the surface bounded by a line extending from latitude 41° 55' 00" N., longitude 80° 35' 00" W.; to latitude 42° 14' 00" N., longitude 80° 41' 00" W.; to latitude 42° 37' 00" N., longitude 79° 15' 00" W.; to latitude 42° 32' 00" N., longitude 78° 52' 00" W.; to latitude 42° 11' 30" N., longitude 78°52'00" W.; to latitude 42°10'00" N., longitude 78°57'00" W.; to the N boundary of V-72 at longitude 78°57'00" W.; thence via the N boundary of V-72 and V-188, and the SW boundary of V-184 to the arc of a 15-mile radius circle centered on the Erie VORTAC; thence clockwise along this arc to latitude 41° 48' 10" N., longitude 80° 17' 35" W.; to latitude 41° 48' 00" N., longitude 80° 25' 00" W.; to the point of beginning.

AMENDMENTS 3/5/64 29 F.R. 132 (Added); 9/17/64 29 F.R. 11114 (Changed);

**Escanaba, Mich.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Escanaba Municipal Airport (Lat. 45°43'25" N, Long. 37°05'40" W) within 2 miles either side of the 265° bearing from the Escanaba Municipal Airport, extending from the 5-mile radius area to 8 miles W of the airport; and that airspace extending upward from 1,200 feet above the surface within 5 miles N and 8 miles S of the 085° and 265° bearings from the Escanaba Municipal Airport, extending from 7 miles E to 14 miles W of the airport.

**Essex, Calif.**
That airspace extending upward from 1,200 feet above the surface within 8 miles S and 12 miles N of the Needles, Calif., VORTAC 272° radial, extending from 10 miles W to 22 miles E of the INT of the Needles VORTAC 272° and the Goffs, Calif., VOR 205° radials.

**Eugene, Oreg.**
That airspace extending upward from 700 feet above the surface within 3 miles each side of the Eugene VORTAC 004° radial, extending from the arc of a 5-mile radius circle centered on Mahlon-Sweet Field, Eugene, Oreg. (latitude 44° 07' 25" N., longitude 123° 13' 05" W.) to 13 miles N of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 9 miles each side of the Eugene VORTAC 008° and 188° radials, extending from 20 miles N to 8 miles S of the VORTAC; within 5 miles S and 10 miles N of the Eugene VORTAC 271° radial, extending from the VORTAC to V-27, and that airspace bounded on the W by V-287, on the SE by V-121, and on the NE by V-23W, excluding the portion within the Kings Valley, Oreg., transition area.

AMENDMENTS 2/6/64 28 F. R. 13358 (Added)

**Eveleth, Minn.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Eveleth-Virginia Municipal Airport (latitude 47°25'35" N., longitude 92°29'50"W.), and within 5 miles S and 8 miles N of the Eveleth VOR 092° radial, extending from the VOR to 13 miles E of the VOR.

AMENDMENTS 7/23/64 29 F. R. 7419 (Added)

**Evergreen, Ala.**
That airspace extending upward from 1,200 feet above the surface within a 12-mile radius of the Evergreen, Alabama. VOR.

AMENDMENTS 11/12/64 29 F.R. 12551 (Rewritten);

**Fairbanks, Alaska.**
That airspace extending upward from 700 feet above the surface within a 20-mile radius of latitude 64°49' 40" N., longitude 147°34'00" W.; within a 7-mile radius of Eielson AFB (latitude 64°39'55" N., longitude 147°05'55" W.), and within 2 miles each side of the Eielson VOR 122° radial, extending from the 7-mile radius area to 7 miles SE of the VOR; that airspace extending upward from 1,200 feet above the surface within a 55-mile radius of Wainwright AAF (latitude 64°50'15" N., longitude 147°38'05" W.) extending clockwise from the S boundary of G-7, W of Fairbanks, to the 155° bearing from Wainwright AAF, within a 70-mile radius of Wainwright AAF, extending clockwise from the 155° bearing from Wainwright AAF to the S boundary of G-7, W of Fairbanks, and within 20 miles N and 26 miles S of the Nenana, Alaska, VORTAC 285° radial, extending from the VORTAC to 46 miles NW of the VORTAC and that airspace extending upward from 14,500 feet MSL within a 172-mile radius of the Fairbanks RR. The airspace outside the United States, the airspace 14,500 MSL or above less than 1,500 feet above the surface, the airspace within Federal airways above 14,500 feet MSL, and the airspace within the Bettles, Alaska, and Minchumina, Alaska control area extensions, and the airspace within R-2206 is excluded.

AMENDMENTS 4/30/64 29 F.R. 3150 (Changed)

**Fallon, Nev.**
That airspace extending upward from 700 feet above the surface within a 11-mile radius of the NAAS Fallon TACAN, and within 2 miles NE and 2.5 miles SW of the Fallon TACAN 296° radial, extending from the 11-mile radius area to 15 miles NW of the TACAN; that airspace extending upward from 1,200 feet above the surface within 11 miles NW and 7 miles SE of the Hazen, Nev., VOR 061° and 241° radials, extending from 5 miles SW to 30 miles NE of the VOR, excluding the portion W of longitude 119°00'00" W.; within 5 miles each side of the NAAS Fallon TACAN 039° radial, extending from the TACAN to 30 miles NE of the TACAN; within 12 miles SW and 10 miles NE of the Fallon TACAN 139° and 319° radials, extending from 10 miles NW to 23 miles SE of the TACAN; within a 20-mile radius of the Fallon TACAN extending clockwise from the TACAN 050° to the 110° radials; and that airspace extending upward from 9,500 feet MSL within 12 miles SW and 10 miles NE of the NAAS Fallon TACAN 139° radial, extending from 23 miles to 44 miles SE of the TACAN. The portions within R-4803, R-4804 and R-4810 shall be used only after obtaining prior approval from appropriate authority.

**Farewell, Alaska**
That airspace extending upward from 1,200 feet above the surface within 8 miles S and 8 miles N of the 110° and 290° bearings from the Farewell RR, extending from 13 miles W to 13 miles E of the RR.

**Farmington, N. Mex.**
That airspace extending upward from 700 feet above the surface within an 11-mile radius of Farmington Municipal Airport (latitude 36°44'35" N., longitude 108°13'46" W.), and that airspace within 2 miles each side of the Farmington VORTAC 094° radial, extending from the 11-mile radius area to 8 miles E of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 5 miles N and 8 miles S of the Farmington VORTAC 094° radial, extending from the 11-mile radius area to 13 miles E of the VORTAC, and that airspace within 5 miles each side of the Farmington VORTAC 257° radial, extending from the 11-mile radius area to 17 miles W of the VORTAC.

AMENDMENTS 6/25/64 29 F.R. 5456 (Rewritten)

**Fayetteville, Ark.**
That airspace extending upward from 700 feet above the surface within the area bounded by a line beginning at latitude 35° 54' 30" N., longitude 94° 19' 00" W.; to latitude 36° 14' 00" N., longitude 94° 15' 00" W.; to latitude 36° 14' 00" N., longitude 94° 01' 30" W.; to latitude 36° 00' 00" N., longitude 94° 01' 30" W.; to latitude 35° 53' 30" N., longitude 94° 04' 30" W.; to point of beginning; within a 5-mile radius of Rogers Municipal Airport, Rogers, Ark. (latitude 36° 22' 10" N., longitude 94° 06' 25" W.); within 2 miles each side of the Fayetteville VOR 005° and 185° radials, extending from the 5-mile radius area to latitude 36° 14' 00" N.; and within 2 miles each side of the Rogers RBN 003° bearing, extending from the 5-mile radius area to 8 miles N of the RBN; and that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at latitude 35° 43' 00" N., longitude 94° 20' 00" W.; to latitude 36° 12' 00" N., longitude 94° 28' 00" W.; to latitude 36° 38' 00" N., longitude 94° 14' 00" W.; to latitude 36° 37' 30" N., longitude 93° 57' 00" W.; to latitude 35° 58' 00" N., longitude 93° 58' 30" W.; to latitude 35° 42' 00" N., longitude 94° 09' 00" W.; to point of beginning.

**Fillmore, Calif.**
That airspace extending upward from 1,200 feet above the surface bounded on the N and NE by VOR Federal airway No. 12, on the E by VOR Federal airway No. 107, on the S by VOR Federal airway No. 25, and on the W by VOR Federal airway No. 25 and VOR Federal airway No. 485.

**Findlay, Ohio**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Findlay Airport (latitude 41° 00' 55" N., longitude 83° 40' 15" W.); within 5 miles W and 8 miles E of the Findlay RBN 178° bearing, extending from the RBN to 12 miles S of the RBN; within 2 miles each side of the Findlay VOR 226° radial, extending from the 6-mile radius area to 8 miles SW of the VOR; and that airspace extending upward from 1200 feet above the surface bounded by a line extending from latitude 40° 51' 00" N., longitude 84° 00' 00" W.; to latitude 41° 18' 00" N., longitude 84° 07' 00" W.; to latitude 41° 11' 00" N., longitude 83° 19' 00" W.; to latitude 40° 50' 00" N., longitude 83° 30' 00" W.; to the point of beginning.
AMENDMENTS 4/2/64 29 F. R. 2307 (ADDED)

**Five Finger, Alaska**
That airspace extending upward from 1,200 feet above the surface within 8 miles W and 7 miles E of the 170° and 350° bearings from the Five Finger RBN, extending from 13 miles N to 12 miles S of the RBN.

**Flint, Mich.**
That airspace extending upward from 700 feet above the surface within a 12-mile radius of the Flint VOR, and within 5 miles north and 8 miles south of the Flint ILS localizer west course, extending from the 12-mile radius area to 12 miles west of the OM; and that airspace extending upward from 1,200 feet above the surface bounded on the south by latitude 42°46'00" N., on the east by the east boundary of V-42 east and longitude 83°30'00" W , on the north by latitude 43°16'00" N., and on the west by longitude 84°05'00" W.

PENDING AMENDMENT
**Flippin, Ark.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Flippin Municipal Airport (latitude 36°17'30" N., longitude 92°35'20" W.). and within 2 miles each side of the Flippin VOR 086° radial extending from the 8-mile radius area to 8 miles E of the VOR; that airspace extending upward from 1,200 feet above the surface within 8 miles N and 5 miles S of the Flippin VOR 266° and 086° radials extending from 7 miles W to 13 miles E of the VOR, and within 5 miles each side of the 360° bearing from the Flippin Municipal Airport (latitude 36°17'30"N., longitude 92°35'20" W.) extending from the airport to 12 miles N.

AMENDMENTS 1/7/65 29 F. R. 14524 (Added)

**Fort Bridger, Wyo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Fort Bridger VOR 079° and 259° radials, extending from 9 miles W to 20 miles E of the VOR, excluding the airspace within Federal airways.

**Fort Dodge, Iowa**
That airspace extending upward from 700 feet above the surface within 10 miles SW and 7 miles NE of the Fort Dodge VOR 127° and 307° radials, extending from 15 miles SE to 13 miles NW of the VOR.

**Fort Leonard Wood, Mo.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Forney AAF (latitude 37°44'00" N., longitude 92°09'00" W.), within 8 miles E and 5 miles W of the 148° bearing from the Forney AAF RBN, extending from the RBN to 12 miles SE, within 8 miles W and 5 miles E of the Forney AAF VOR 323° radial, extending from the VOR to 12 miles NW; and that airspace extending upward from 1,200 feet above the surface, within 5 miles each side of the following direct radials: Maples, Mo., VOR to Forney AAF VOR; Maples VOR to Forney RBN; Vichy, Mo., VORTAC to Forney VOR; Vichy VORTAC to Forney RBN, excluding that portion within the Vichy transition area.
AMENDMENTS 9/17/64 29 F.R. 9663 (Added)

PENDING AMENDMENT

Fort Polk, La.

That airspace extending upward from 1,200 feet above the surface within 8 miles W and 5 miles E of the 340° and 160° bearings from the Polk RBn, extending from 12 miles SE to 12 miles NW of the RBn, excluding the portion within R-3804A.

AMENDMENTS 12/10/64 29 F. R. 14357 (Added)

Fort Rucker, Ala.

That airspace extending upward from 700 feet above the surface within the area bounded by a line beginning at the INT of the E boundary of V-115 and the S boundary of V-70; thence NE via V-70 to V-7; thence S via V-7 to V-241; thence SW via V-241 to and clockwise along the arc of a 5-mile radius circle centered at latitude 31°03'00" N., longitude 86°19'33" W.; to latitude 31°03'00" N., longitude 86°24'30" W.; to the point of beginning; and that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at the INT of the E boundary of V-115 and the S boundary of V-70; thence NE via V-70 to and counterclockwise along the arc of an 11-mile radius circle centered on the Eufaula, Ala., VOR to and SW along a line 6 miles E of and parallel to the centerline of V-241 to and clockwise along the arc of a 35-mile radius circle centered at latitude 31°14'55" N., longitude 85°46'20" W., to and along the W boundary of V-7W.; to and along the N boundary of V-22; to and along the E boundary of V-115; to the point of beginning; and within 12 miles W and 8 miles E of the Crestview, Fla., VOR 013° radial, extending from 22 miles N to 10 miles S of the INT of the Crestview VOR 013° and the Evergreen, Ala., VOR 114° radials, excluding the portion within R-2103.

AMENDMENTS 5/28/64 29 F.R. 3469 (Added)

Fort Stewart, Ga.

That airspace extending upward from 700 feet above the surface within a 6-mile radius of Liberty AAF (latitude 31°53'20" N., longitude 81°33'45" W.), and within 2 miles each side of the Liberty RBN 229° bearing extending from the 6-mile radius area to 8 miles SW of the RBN.

AMENDMENTS 4/30/64 29 F.R. 3293 (Added) Amend. Alt. 29 F. R. 5787

Fort Stockton, Tex.

That airspace extending upward from 1,200 feet above the surface within 10 miles either side of the Fort Stockton VORTAC 097° and 274° radials, extending from 20 miles E to 20 miles W of the VORTAC. The portion of this transition area within R-6306 shall be used only after obtaining prior approval from the appropriate authority.

Fort Yukon, Alaska

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Fort Yukon Municipal Airport (latitude 66°34'15" N., longitude 145°15'10" W.), and within 2 miles either side of the 062° bearing from the Fort Yukon RBN extending from the 5-mile radius area to 8 miles NE of the RBN; that airspace extending upward from 1,200 feet above the surface within 5 miles SE and 8 miles NW of the 062° and 242° bearings from the Fort Yukon RBN extending from 7 miles SW to 13 miles NE of the RBN.

Franklin, Pa.

That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Chess-Lamberton Airport, Franklin, Pa., (latitude 41° 22' 44" N., longitude 79° 51' 39" W.); within 2 miles each side of the Franklin VOR 001° radial, extending from the 6-mile radius area to 8 miles N of the VOR; and within 2 miles each side of the 099° bearing from the Franklin RBN, extending from the 6-mile radius area to 8 miles E of the RBN.

Franklin, Va.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Franklin Municipal Airport (latitude 36°41'50" N., longitude 76°54'15" W.), within 2 miles each side of the Franklin VOR 101° radial, extending from the 5-mile radius area to the VOR, and within 2 miles each side of the 083° bearing from the Franklin Municipal Airport, extending from the 5-mile radius area to 6 miles E of the airport.

AMENDMENTS 5/28/64 29 F.R. 4793 (Added)

Fresno, Calif.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Chandler Municipal Airport (latitude 36° 43' 55" N., longitude 119° 49' 05" W.), excluding the portion within the arc of a 5-mile radius circle centered on Fresno Air Terminal, within 2 miles each side of the 232° bearing from the Fresno RBN, extending from the 5-mile radius area to 8 miles SW of the RBN, within 2 miles W and 4 miles E of the Fresno VORTAC 158° radial, extending from the arc of a 5-mile radius circle centered on the Fresno Air Terminal to 16 miles SE of the VORTAC, and within 2 miles each side of the Fresno ILS localizer SE course, extending from the arc of a 5-mile radius circle centered on Fresno Air Terminal to 13 miles SE of the OM; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 36° 00' 00" N., longitude 119° 30' 00" W., to latitude 36° 00' 00" N., longitude 118° 45' 00" W., to latitude 36° 56' 00" N., longitude 119° 20' 00" W., to latitude 37° 04' 30" N., longitude 118° 59' 00" W., to latitude 37° 29' 00" N., longitude 119° 15' 00" W., to latitude 37° 02' 00" N., longitude 120° 18' 00" W., to latitude 36° 37' 00" N., longitude 119° 56' 00" W., thence E along latitude 36° 37' 00" N., to the W boundary of V-23, thence along the W boundary of V-23 to longitude 119° 30' 00" W., thence S along longitude 119° 30' 00" W., to the point of beginning.

AMENDMENTS 2/6/64 28 F. R. 13396 (Added);

Gadsden, Ala.

That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Gadsden Municipal Airport (latitude 33° 58'30" N., longitude 86° 05' 20" W.) within 2 miles each side of the Gadsden VOR 233° radial, extending from the 8-mile radius area to 11 miles SW of the VOR; and that airspace extending upward from 1,200 feet above the surface within 8 miles each side of the Gadsden VOR 233° radial, extending from the VOR to 12 miles SW; and within 8 miles NW and 5 miles SE of the Gadsden VOR 042° radial, extending from the VOR to 18 miles NE.

AMENDMENTS 4/2/64 29 F. R. 1844 (ADDED)

PENDING AMENDMENT

Gage, Okla.

That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Gage Municipal Airport (latitude 36°17'45" N. longitude 99°46'30" W.); and that airspace extending upward from 1200 feet above the surface within 8 miles SW and 5 miles NE of the Gage VORTAC 118° and 298° radials, extending from 2 miles SE to 13 miles NW of the VORTAC; within 8 miles NW and 5 miles SE of the NE and SW courses of the Gage R.R., extending from the Gage Municipal Airport to 13 miles NE of the R.R.; and within 12 miles E and 10 miles W of the Gage VORTAC 180° radial, extending from the VORTAC to 11 miles S of the VORTAC.

AMENDMENTS 12/10/64 29 F. R. 14102 (Added)

GAINESVILLE, FLORIDA

That airspace extending upward from 700 feet above the surface within 2 miles each side of the 221° bearing from latitude 29° 40' 03" N., longitude 82° 18' 07" W., extending from latitude 29° 40' 03" N., longitude 82° 18' 07" W., to 8 miles SW; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 29° 56' 20" N., longitude 82° 15' 25" W., to latitude 29° 48' 40" N., longitude 82° 01' 10" W., to latitude 29° 21' 40" N., longitude 82° 21' 30" W., to latitude 29° 28' 50" N., longitude 82° 34' 50" W., to the point of beginning.

AMENDMENTS 5/28/64 29 F. R. 1842 (ADDED)

Galena, Alaska

That airspace extending upward from 700 feet above the surface within 2 miles each side of the Galena TACAN 261° radial, extending from 11 miles to 12 miles W of the TACAN; and that airspace extending upward from 1,200 feet above the surface within a 32-mile radius of the Galena RR; and that airspace extending upward from 14,500 feet MSL within 14 miles SW and 22 miles NE of the Galena TACAN 128° radial, extending from the 32-mile radius area to 75 miles SE of the TACAN. The portion of this transition area with a floor of 14,500 feet MSL is excluded from Federal airways.

AMENDMENTS 6/25/64 29 F. R. 5388 (Rewritten); On Publ. 11/4/64 29 F. R. 14918 (Changed);

Galesburg, Ill.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Galesburg Municipal Airport (latitude 40° 56' 30" N., longitude 90° 25' 50" W.), and within 2 miles each side of the 025° bearing from the Galesburg Municipal Airport extending from the 5-mile radius area to 8 miles NE of the airport.

4/30/64 28 F. R. 13864 (Added);

Gallup, N. Mex.

That airspace extending upward from 700 feet above the surface within an 8-mile radius of McKinley County Airport, Gallup, N. Mex. (latitude 35°30'35" N., longitude 108°47'00" W.); and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 35°20'30" N., longitude 108°58'30" W., to latitude 35°31'30" N., longitude 109°02'30" W., to latitude 35°50'30" N., longitude 108°44'30" W., to latitude 35°47'30" N., longitude 108°34'00" W., to latitude 35°25'00" N., longitude 108°38'30" W., thence to the point of beginning.

Garrison, Mont.

That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Drummond, Mont., VOR 091° radial, extending from 9 miles W to 20 miles E of the INT of the Drummond VOR 091° and the Butte, Mont., VOR 002° radials.

Gila Bend, Ariz.

That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Gila Bend VORTAC 262° and 082° radials, extending from 9 miles E to 20 miles W of the VORTAC, excluding the portions within R-2301 and R-2305.

PENDING AMENDMENT

The Gila Bend, Ariz. transition area is revoked. 12/10/64 29 F.R. 14104 (Revoked)

**Glasgow, Mont.**
That airspace extending upward from 1,200 feet above the surface within a 35-mile radius of Glasgow AFB (Lat. 48°25'00" N, Long. 106°31'40" W); that airspace extending upward from 700 feet above the surface within a 5-mile radius of the Glasgow Municipal Airport (Lat. 48°13'00" N, Long. 106°36'45" W), and within 2 miles either side of 267° and 307° bearings from the airport extending from the 5-mile radius area to 9 miles W and NW of the airport. The portion of this transition area within R-4601 will be used only after obtaining prior approval from appropriate authority.

**Glens Falls, N. Y.**
That airspace extending upward from 1,200 feet above the surface within 12 miles either side of the Glens Falls VORTAC 006° and 186° radials, extending from V-490 on the S to Lat. 44°00'00" N on the N, excluding the airspace within Federal airways and the Rutland, Vt., control area extension.

**Gorman, Calif.**
That airspace extending upward from 1,200 feet above the surface bounded on the E by Long. 118°45' 00" W, on the S by Lat. 34°30'00" N, on the W by Long. 119°30'00" W, and on the N by Lat. 35°05'00" N.

**Graham, Tenn.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the Graham VOR 253° and 073° radials, extending from 9 miles NE to 20 miles SW of the VOR.

**Grand Isle, La.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Grand Isle seaplane base (latitude 29° 15' 45" N., longitude 89° 57' 40" W.), and within 2 miles each side of the Grand Isle RBN 052° bearing, extending from the 5-mile radius area to the RBN.

**Grand Junction, Colo.**
That airspace extending upward from 1,200 feet above the surface within a 35-mile radius of the Grand Junction VORTAC, within 5 miles each side of the Grand Junction VORTAC 166° radial extending from the 35-mile radius area to 38 miles from the VORTAC, and within 5 miles each side of the Grand Junction ILS localizer NW course extending from the 35-mile radius area to the INT of the localizer NW course and the Grand Junction VORTAC 318° radial.

**Grand Rapids, Mich.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Kent County airport. Grand Rapids, Mich. (latitude 42°52'45" N., longitude 85°30'30" W.), within 2 miles each side of the Grand Rapids ILS W course, extending from the 7-mile radius to 16 miles W of the Kent County Airport; and that airspace extending upward from 1,200 feet above the surface bounded on the N by a line 6 miles N of and parallel to the centerline of V-216 E of the Muskegon, Mich., VORTAC, and on the W, S and E by the arc of an 18-mile radius circle centered on the Muskegon County Airport (latitude 43° 10' 16" N., longitude 86° 14' 09" W.), and a line beginning at latitude 42° 54' 35" N., longitude 86° 13' 00" W., extending to latitude 42° 45' 25" N., longitude 86° 23' 40" W.; to latitude 42° 35' 00" N., longitude 86° 17' 30" W.; to latitude 42° 35' 00" N., longitude 86° 00' 00" W.; to latitude 42° 38' 00" N., longitude 86° 00' 00" W.; to latitude 42° 38' 00" N., longitude 85° 15' 00" W.; to latitude 43° 16' 00" N., longitude 85° 15' 00" W.; to latitude 43° 16' 00" N., longitude 85° 02' 00" W.; to latitude 43° 27' 00" N., longitude 85° 02' 00" W.

AMENDMENTS Eff. immed. 7/14/64 29 F.R. 9788 (Changed)
PENDING AMENDMENT
Grand Rapids, Minn.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Grand Rapids Municipal Airport (latitude 47°12'45" N., longitude 93°30'35" W.); within 5 miles W and 8 miles E of the Grand Rapids VOR 168° radial, extending from the VOR to 12 miles S of the VOR; and that airspace extending upward from 1,200 feet above the surface within 4 nmi each side of a direct radial between the Grand Rapids VOR and the Hibbing, Minn., VOR, excluding that airspace within the Hibbing transition area.

AMENDMENTS 12/10/64 29 F. R. 14436 (Added)

**Grantsburg, Wis.**
That airspace extending upward from 1,200 feet above the surface within 10 miles W and 7 miles E of the Grantsburg VOR 197° and 017° radials, extending from 9 miles S to 20 miles N of the VOR.

**Great Bend, Kans.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Great Bend Municipal Airport (latitude 38°20'50" N., longitude 98°52'00" W.), and within 2 miles each side of the 305° bearing from the Gread Bend Municipal Airport, extending from the 7-mile radius area to 10 miles NW of the airport; and that airspace extending upward from 1,200 feet above the surface within 5 miles NE and 8 miles SW of the 305° bearing from Great Bend Municipal Airport, extending from the airport to 14 miles NW of the airport.

AMENDMENTS 8/20/64 29 F.R. 7818 (Added)

**Green Bay, Wis.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Austin-Straubel Airport, Green Bay, Wis. (latitude 44° 29' 15" N., longitude 88° 07' 45" W.); within 2 miles each side of the Green Bay VORTAC 326° radial, extending from the 6-mile radius area to 8 miles NW of the VORTAC, and within 2 miles each side of the Green Bay ILS localizer SW course, extending from the 6-mile radius area to 8 miles SW of the OM; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 44° 32' 00" N., longitude 87° 46' 20" W., thence E to latitude 44° 32' 00" N., longitude 87° 27' 00" W., thence S along longitude 87° 27' 00" W., to latitude 44° 08' 00" N., thence SW to latitude 44° 02' 00" N., longitude 87° 40' 00" W., thence W along latitude 44° 02' 00" N., to the W boundary of V-217, thence NW along the W boundary of V-217 to latitude 44° 12' 00" N., thence W along latitude 44° 12' 00" N., to longitude 88° 25' 30" W., thence counterclockwise along the arc of a 16-mile radius circle centered on the Winnebago County Airport, Oshkosh, Wis. (latitude 43° 59' 20" N., longitude 88° 33' 15" W.) to longitude 88° 37' 00" W., thence N along longitude 88° 37' 00" N., to latitude 44° 27' 30" N., thence NE to latitude 44° 31' 20" N., longitude 88° 29' 55" W., thence clockwise via the arc of an 18-mile radius circle centered on the Austin-Straubel Airport to the point of beginning.

**Greene, N. Y.**
That airspace extending upward from 1,200 feet above the surface within 12 miles E and 8 miles W of the Georgetown, N. Y., VOR 169° radial, extending from 12 miles S to 44 miles S of the VOR, excluding the airspace within Federal airways.

**Greenville, Maine**
That airspace extending upward from 1,200 feet above the surface within 17 miles N and 18 miles S of the Millinocket, Maine, VOR 270° radial, extending from Long. 69°04'00" W to 69 miles W of the VOR.

**Grosse Ile, Mich.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the 209° bearing from the Grosse Ile RBN, extending from the RBN to 8 miles SW of the RBN, excluding the portion within the Grosse Ile, Mich., control zone.

**Groton, Conn.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Trumbull Airport, Groton, Conn., (latitude 41°19'50" N., longitude 72°02'50" W.), and within 2 miles each side of the 216° and 244° bearings from the Groton RBN, extending from the 8-mile radius area to 8 miles SW of the RBN.

AMENDMENTS 10/15/64 29 F.R. 11836 (Added)

**Guam Island**
That airspace extending upward from 700 feet above the surface bounded by a line beginning at latitude 13°46'35" N, longitude 144°51'15" E., thence clockwise along the arc of a 12-nmi radius circle centered on Anderson AFB (latitude 13°35'00" N., longitude 144°55'00" E.), to latitude 13°23'50" N., longitude 145°01'00" E., thence to latitude 13°08'45" N., longitude 144°29'20" E., thence to latitude 13°29'45" N., longitude 144°18'30" E., thence to point of beginning; and that airspace extending upward from 1,200 feet above the surface within a 100-nmi radius of the Agana VOR, excluding the portion within R-7201 and W-517.

AMENDMENTS 5/28/64 29 F.R. 4854 (Added)

**Gulkana, Alaska**
That airspace extending upward from 1,200 feet above the surface within 8 miles either side of the 171° and 351° bearings from the Gulkana RR, extending from 13 miles N to 13 miles S of the RR.

**Gunnison, Colo.**
That airspace extending upward from 1,200 feet above the surface within 7 miles N and 10 miles S of the Gunnison VORTAC 264° and 084° radials, extending from 20 miles W to 9 miles E of the VORTAC, excluding the airspace within Federal airways.

**Gustavus, Alaska**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Sisters Island, Alaska, VOR; and that airspace extending upward from 1,200 feet above the surface within 22 miles SW and 19 miles NE of the 145° and 325° bearings from the Gustavus RR, extending from 16 miles NW to 48 miles SE of the RR.

**Guymon, Okla.**
That airspace extending upward from 1,200 feet above the surface within 10 miles E and 7 miles W of the 360° and 180° bearings from the Guyman Airport (Lat. 36°40'50" N, Long. 101°30'15" W), extending from 20 miles N to 9 miles S of the airport, excluding the airspace within Federal airways.

**Hanksville, Utah**
That airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the Hanksville VORTAC 241° and 061° radials, extending from 9 miles NE to 20 miles SW of the VORTAC, excluding the airspace within Federal airways.

**Harrison, Ark.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Harrison Municipal Airport (latitude 36° 15' 55" N., longitude 93° 09' 20" W.); within 2 miles each side of the Harrison VOR 316° radial, extending from the 5-mile radius area to 8 miles NW of the VOR; and that airspace extending upward from 1,200 feet above the surface within 8 miles NE and 5 miles SW of the Harrison VOR 316° and 136° radials, extending from 13 miles NW to 7 miles SE of the VOR.

**Hastings, Nebr.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Hastings Municipal Airport (latitude 40°36'20" N., longitude 98°25'30" W.), and within 5 miles E and 8 miles W of the 338° bearing from Hastings Municipal Airport, extending from the airport to 12 miles NW of the airport; and that airspace extending upward from 1,200 feet above the surface within 7 miles E and 5 miles W of the 158° bearing from Hastings Municipal Airport, extending from the arc of a 7-mile radius circle centered on Hastings Municipal Airport to 18 miles SE of the airport, and within 5 miles E and 8 miles W of the 338° bearing from Hastings Municipal Airport, extending from 12 miles NW of the airport to 20 miles NW of the airport.

AMENDMENTS 6/25/64 29 F.R. 5784 (Added)

**Hattiesburg, Miss.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Hattiesburg Municipal Airport (latitude 31° 16' 00" N., longitude 89° 15' 15" W.); within 2 miles each side of the Hattiesburg VOR 154° radial, extending from the 5-mile radius area to the VOR; within 2 miles each side of the 315° bearing from the Hattiesburg Municipal Airport, extending from the 5-mile radius area to 12 miles NW of the airport; and that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Hattiesburg VOR; within a 15-mile radius of the Laurel Municipal Airport, Laurel, Miss. (latitude 31° 40' 10" N., longitude 89° 10' 20" W.); and within 5 miles each side of the Laurel VOR 150° radial, extending from the 15-mile and the 20-mile radius areas to 23 miles SE of the VOR, excluding the portion within R-4401.

**Hawaiian Islands.**
That airspace extending upward from 14,500 feet MSL within the area bounded by lines beginning at latitude 22°24'N., longitude 161°15' W., to latitude 23°53' N., longitude 159°30' W., to latitude 22°31' N., longitude 156°05' W., to latitude 21°47' N., longitude 155°32' W., to latitude 19°44' N., longitude 153°15' W., to latitude 18°20' N., longitude 153°32° W., to latitude 17°15' N., longitude 155°40' W., to latitude 19°43' N., longitude 158°00' W., to latitude 20°46' N., longitude 159°29' W., to latitude 21°18' N., longitude 159°32' W., to latitude 21°30' N., longitude 159°32' W., to latitude 21°30' N., longitude 161°00' W., to latitude 21°56' 30" N., longitude 161°20' W., to the point of beginning. The airspace within control area extensions, transition areas, Federal airways, R-3107, warning areas and the airspace less than 1,500 feet above the terrain are excluded.

AMENDMENTS 9/17/64 29 F.R. 9788 (Added)

**Hays, Kans.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Hays Municipal Airport (latitude 38°51'00" N., longitude 99°16'30" W.); and that airspace extending upward from 1,200 feet above the surface within 8 miles E and 5 miles W of the 176° bearing from Hays Municipal Airport, extending from the airport to 18 miles S of the airport.

AMENDMENTS 6/25/64 29 F.R. 5389 (Rewritten)

**Hector, Calif.**
That airspace extending upward from 1,200 feet above the surface within 7 miles S and 10 miles N of the Hector VORTAC 091° and 271° radials, extending from 7 miles W to 20 miles E of the VORTAC. The portion within R-2501 shall be used only after obtaining prior approval from appropriate authority.

**Hibbing, Minn.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Chisholm-Hibbing County Airport (latitude 47°23'20" N., longitude 92°50'25" W.), and extending upward from 1,200 feet above the surface within 5 miles SW and 8 miles NE of the Hibbing VOR 135° and 315° radials, extending from 8 miles NW to 13 miles SE of the VOR.

PENDING AMENDMENT
**Hibbing, Minn.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Chisholm-Hibbing Airport (latitude 47°23'20" N., longitude 92°50'25" W.); within 5 miles NW and 8 miles SE of the 210° bearing from Chisholm-Hibbing Airport, extending from the airport to 12 miles SW of the airport; within 2 miles each side of the 060° bearing from Chisholm-Hibbing Airport, extending from the 7-mile radius area to 14 miles NE of the airport; within 2 miles each side of the Hibbing VOR 313° radial, extending from the 7-mile radius area to 8 miles NW of the intersection of the Hibbing VOR 313° and the Eveleth VOR 273° radials; and that airspace extending upward from 1,200 feet above the surface within 5 miles SW and 8 miles NE of the Hibbing VOR 133° and 313° radials, extending from 8 miles NW to 13 miles SE of the VOR; within 8 miles NW and 5 miles SE of the 060° bearing from Chisholm-Hibbing Airport, extending from the airport to 18 miles NE of the airport; and within 5 miles NE and 8 miles SW of the Hibbing VOR 313° radial, extending from 12 miles NW of the intersection of the Hibbing VOR 313° and the Eveleth VOR 273° radials to 8 miles NW of the VOR.

AMENDMENTS 12/10/64 29 F.R. 14167 (Rewritten)

**Hilo, Hawaii**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of General Lyman Field, Hilo, Hawaii (latitude 19° 43' 20" N., longitude 155° 03' 20" W.), extending from a line 3 miles SW of and parallel to the Hilo VOR 334° radial clockwise to a line 3 miles SW of and parallel to the Hilo VOR 154° radial; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of the Hilo VOR, extending from the arc of a 7-mile radius circle centered on General Lyman Airport clockwise from a line 3 miles SW of and parallel to the Hilo VOR 334° radial to a line 5 miles S of and parallel to the Hilo VOR 121° radial, and within 10 miles NW and 7 miles SE of the Hilo VOR 034° radial, extending from the 30-mile radius area to 53 miles NE of the VOR.

**Hobart, Okla.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Hobart Municipal Airport; within 5 miles W and 8 miles E of the Hobart VOR 003° and 183° radials, extending from 5 miles N to 12 miles S of the VOR; within an 8-mile radius of the Clinton-Sherman AFB; within 5 miles W and 8 miles E of the Clinton-Sherman VOR 360° and 180° radials, extending from 5 miles N to 12 miles S of the VOR; within an 8-mile radius of the Altus AFB; within 5 miles W and 8 miles E of the 360° and 180° bearings from the Altus RBN, extending from 5 miles N to 12 miles S of the RBN; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 34° 08' 00" N., longitude 99° 05' 00" W.; to latitude 34° 15' 00" N., longitude 99° 30' 00" W.; to latitude 34° 40' 00" N., longitude 99° 59' 00" W.; to latitude 35° 20' 00" N., longitude 99° 54' 00" W.; to latitude 35° 50' 00" N., longitude 99° 43' 00" W.; to latitude 35° 44' 00" N., longitude 99° 03' 00" W.; to latitude 34° 58' 00" N., longitude 98° 33' 00" W.; to latitude 34° 42' 00" N., longitude 98° 46' 00" W.; to latitude 34° 21' 00" N., longitude 98° 46' 00" W.; to point of beginning; and that airspace extending upward from 8,000 feet MSL bounded by a line beginning at latitude 34° 40' 00" N., longitude 99° 59' 00" W.; thence W via latitude 34° 40' 00" N., to and counterclockwise along the arc of a 20-mile radius circle centered at the Childress, Tex., Municipal Airport (latitude 34° 25' 55" N., longitude 100° 17' 45" W.) to longitude 100° 27' 00" W.; to latitude 35° 00' 00" N., longitude 100° 32' 00" W.; to latitude 35° 20' 00" N. longitude 100° 00' 00" W.; to latitude 35° 54' 00" N., longitude 100° 18' 00" W.; to latitude 35° 50' 00" N., longitude 99° 43' 00" W.; to latitude 35° 20' 00" N., longitude 99° 54' 00" W.; to point of beginning. The portion of the transition area extending upward from 8,000 feet MSL is excluded from Federal airways.

AMENDMENTS 4/2/64 29 F.R. 556 (Added);
PENDING AMENDMENT
**Hobart, Okla.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Hobart Municipal Airport; within 5 miles W and 8 miles E of the Hobart VOR 003° and 183° radials, extending from 5 miles N to 12 miles S of the VOR; within an 8-mile radius of the Clinton-Sherman AFB; within 5 miles W and 8 miles E of the Clinton-Sherman VOR 360° and 180° radials, extending from 5 miles N to 12 miles S of the VOR; within an 8-mile radius of the Altus AFB; within 5 miles W and 8 miles E of the 360° and 180° bearings from the Altus RBN, extending from 24 miles N to 12 miles S of the RBN; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 34°08'00" N., longitude 99°05'00" W.; to latitude 34°15'00" N., longitude 99°30'00" W.; to latitude 34°40'00" N., longitude 99°59'00" W.; to latitude 35°20'00" N., longitude 99°54'00" W.; to latitude 35°50'00" N., longitude 99°43'00" W.; to latitude 35°44'00" N., longitude 99°03'00" W.; to latitude 34°58'00" N., longitude 98°33'00" W.; to latitude 34°42'00" N., longitude 98°46'00" W.; to latitude 34°21'00" N., longitude 98°46'00" W.; to point of beginning; and that airspace extending upward from 8,000 feet MSL bounded by a line beginning at latitude 34°40'00" N., longitude 99°59'00" W.; thence W via latitude 34°40'00" N., to and counterclockwise along the arc of a 20-mile radius circle centered at the Childress, Tex., Municipal Airport (latitude 34°25'55" N., longitude 100°17'45" W.) to longitude 100°27'00" W.; to latitude 35°00'00" N., longitude 100°32'00" W.; to latitude 35°20'00" N., longitude 100°00'00" W.; to latitude 35°54'00" N., longitude 100°18'00" W.; to latitude 35°50'00" N., longitude 99°43'00" W.; to latitude 35°20'00" N., longitude 99°54'00" W.; to point of beginning. The portion of the transition area extending upward from 8,000 feet MSL is excluded from Federal airways. 12/10/64 29 F.R. 13799 (Rewritten)

**Hobbs, N. Mex.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Lea County Airport (latitude 32°41'19" N., longitude 103°13'01" W.), and within 5 miles NW and 8 miles SE of the Hobbs VOR 219° radial, extending from the VOR to 12 miles SW of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 32°42'00" N., longitude 102°56'00" W., to latitude 32°26'30" N., longitude 102°35'00" W., to latitude 32°19'35" N., longitude 102°55'10" W., to latitude 32°26'00 N., longitude 103°21'00" W., to latitude 32°33'00" N., longitude 103°29'00" W., to latitude 32°53'00" N., longitude 103°15'00" W., to latitude 32°55'00" N., longitude 103°03'00" W., to latitude 32°49'00" N., longitude 102° 55'00" W., to point of beginning.

AMENDMENTS 10/15/64 29 F.R. 12260 (Rewritten);

**Homer, Alaska**
That airspace extending upward from 1,200 feet above the surface within 5 miles N and 9 miles S of the 265° bearing from the Homer RR, extending from the RR to 50 miles W.

**Honolulu, Hawaii.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of NAS Barber's Point (latitude 21°18'35" N., longitude 158°04'30" W.) and the airspace S and SW of Honolulu beginning at latitude 21°20'35" N., longitude 157°51'05" W., thence S to latitude 21°15'30" N., longitude 157°49'15" W., thence SW to latitude 21°09'50" N., longitude 158°09'50" W., thence NW to latitude 21°11'25" N., longitude 158°10' 50" W., thence NE via a line 4 miles SE of and parallel to the Honolulu VORTAC 242° radial to its INT with a 7-mile radius circle centered on NAS Barber's Point, thence counterclockwise via the arc of this 7-mile radius circle to and counterclockwise via the arc of a 5-mile radius circle centered on Honolulu International Airport to the point of beginning; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of latitude 21°19'33" N., longitude 157°59'15" W., extending clockwise from latitude 21°09'00" N., longitude 158°24'45" W. to latitude 21°15'00" N., longitude 157°31'45" W., thence W to latitude 21°15'00" N., longitude 157°36'30" W., thence within a 25-mile radius of latitude 21°19'33" N., longitude 157°59'15" W., extending clockwise from latitude 21°15'00" N., longitude 157°36'30" W. to latitude 21°10'10" N., longitude 158°20'30" W., thence W to point of beginning; that airspace S of Honolulu within 12 miles E and 8 miles W of the Honolulu VORTAC 180° radial, extending from the 25-mile radius area to 68 miles S of the VORTAC; that airspace W of Honolulu, extending from the 30-mile radius area bounded by a line beginning at latitude 21°24'15" N., longitude 158°26'45" W., thence to latitude 21°42'05" N., longitude 158° 54'00" W., thence to latitude 21°13'30" N., longitude 159°04'50" W., thence to latitude 21°07'30" N., longitude 158°31'00" W., thence to latitude 21°09'00" N., longitude 158°24'45" W., excluding the portion within W-318, the portion below 4,000 feet MSL within W-322D and the portion within Kaneohe control zone and Kaneohe, Hawaii, transition area. The portions within R-3102, R-3106 and R-3109 shall be used only after obtaining prior approval from appropriate authority.

**Hope, Minn.**
That airspace extending upward from 1,200 feet above the surface within 12 miles E and 8 miles W of the Farmington, Minn., VOR 184° radial, extending from 22 miles S to 10 miles N of the INT of the Farmington VOR 184° and the Rochester, Minn., VOR 292° radials.

**Hopkinsville, Ky.**
That airspace extending upward from 1,200 feet above the surface within the area N and W of Campbell AAF bounded by a line beginning at
latitude 36°07'15" N., longitude 87°54'55" W.; to latitude 36°28'00" N., longitude 88°19'50" W.; to
latitude 36°34'45" N., longitude 88°03'00" W.; to latitude 36°44'45" N., longitude 88°09'55" W.; to
latitude 36°54'00" N., longitude 88°42'15" W.; to latitude 36°59'40" N., longitude 88°36'15" W.; to
latitude 37°00'40" N., longitude 88°32'20" W.; to latitude 36°53'20" N., longitude 88°07'05" W.; to
latitude 37°13'30" N., longitude 87°38'25" W.; to latitude 37°18'10" N., longitude 87°18'50" W.; to
latitude 36°59'45" N., longitude 87°09'30" W.; to latitude 36°59'20" N., longitude 87°33'30" W.; thence counterclockwise along the arc of a 25-mile-radius circle centered at
latitude 36°37'27" N., longitude 87°32'59" W., to latitude 36°16'25" N., longitude 87°40'00" W.; to
latitude 36°07'15" N., longitude 87°51'00" W.; to the point of beginning; and within the area SE of Campbell AAF bounded by a line extending from latitude 36°25'50" N., longitude 87°00'30" W.; to
latitude 36°15'15" N., longitude 87°10'20" W.; to latitude 36°17'45" N., longitude 87°23'15" W., to the point of beginning.

AMENDMENTS 9/17/64 29 F.R. 11114 (Rewritten)

**Houghton, Mich.**
That airspace extending upward from 700 feet above the surface within 5 miles SE and 8 miles NW of the Houghton VOR 060° radial extending from the VOR to 12 miles NE;and that airspace extending upward from 1,200 feet above the surface, within a 12-mile radius of the Houghton VOR; within 5 miles NW and 8 miles SE of the 020° bearing from the Houghton RBN, extending from the 12-mile radius area to 14 miles NE of the RBN; and within 8 miles NE and 5 miles SW of the Houghton VOR 135° radial, extending from the 12-mile radius area to 14 miles SE of the VOR.

AMENDMENTS 9/17/64 29 F.R. 9892 (Added)

**Houma, La.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Houma Municipal Airport (latitude 29° 34' 10" N., longitude 90° 39' 40" W.), and within 2 miles each side of the Tibby, La., VOR 123° radial, extending from the 5-mile radius area to the VOR.

**Hugo, Colo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles NE and 7 miles SW of the Hugo VOR 113° and 293° radials, extending from 20 miles SE to 9 miles NW of the VOR.

Idaho Falls, Idaho
That airspace extending upward from 700 feet above the surface within 8 miles NW and 5 miles SE of the Idaho Falls VOR 030° and 223° radials, extending from 12 miles SW to 12 miles NE of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded on the east by longitude 111°45'00" W., and a line 9 miles E of and parallel to the Idaho Falls VOR 033° and 213° radials, on the S by latitude 43°17'00" N., on the W by the E boundary of V-257 and on the N by a line extending from latitude 43°52'30" N., longitude 112°10'50" W., to latitude 43°45'00" N., longitude 112°06'00" W., to latitude 43°45'00" N., longitude 111°45'00" W., excluding the portion within the Dubois, Idaho, transition area.

AMENDMENTS 4/30/64 29 F.R. 3000 (Added)

**Iliamna, Alaska**
That airspace extending upward from 1,200 feet above the surface within 6 miles W and 8 miles E of the 016° and 196° bearings from the Iliamna RR, extending from 7 miles N to 13 miles S of the RR.

**PENDING AMENDMENT**
**Independence, Kans.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Independence Municipal Airport (latitude 37°09'30" N., longitude 95°46'30" W.), and within 8 miles NE and 5 miles SW of the 157° bearing from the Independence Municipal Airport extending from the Airport to a point 12 miles SE.

AMENDMENTS 1/7/65 29 F. R. 14983 (Rewritten)

**Indianapolis, Ind.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Weir Cook Municipal Airport, Indianapolis, Ind. (latitude 39°43'35" N., longitude 86°17'05" W.); within 8 miles SE and 5 miles NW of the Indianapolis ILS localizer SW course, extending from the 8-mile radius area to 12 miles SW of the OM; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 40°07'00" N., longitude 87°23'00" W.; to latitude 40°07'00" N., longitude 86°00'00" W.; to latitude 40°00'00" N., longitude 86°00'00" W.; to latitude 40°00'00" N., longitude 85°30'00" W.; to latitude 39°30'00" N., longitude 85°30'00" W.; to latitude 39°30'00" N., longitude 86°06'00" W.; to latitude 38°57'00" N., longitude 86°06'00" W.; to latitude 38°57'00" N., longitude 88°00'00" W.; to longitude 88°00'00" W., and the N boundary of V-50; thence to point of beginning.

AMENDMENTS 10/15/64 29 F.R. 11527 (Changed)

**International Falls, Minn.**
That airspace within the United States extending upward from 1,200 feet above the surface within an 8-mile radius of the Falls International Airport, International Falls, Minn; within 8 miles NE and 5 miles SW of the International Falls VOR 133° radial, extending from the 8-mile radius area to 14 miles SE of the VOR, and within 8 miles SW of the International Falls VOR 317° radial, extending from the 8-mile radius area to the United States/Canadian border.

Iowa City, Iowa
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Iowa City Municipal Airport (latitude 41° 38' 25" N., longitude 91° 32' 50' W.). and within 2 miles each side of the Iowa City VOR 024° radial, extending from the 6-mile radius area to the VOR.

AMENDMENTS 4/2/64 29 F. R. 1841 (Added)

**Jackson, Mich.**
That airspace extending upward from 700 feet above the surface within a 13-mile radius of the Jackson VOR; and that airspace extending upward from 1,200 feet above the surface bounded on the west by longitude 84°50'00" W., on the north by latitude 42°30'00" N., on the east by longitude 84°05'00" W., and on the south by a line beginning at latitude 41°48'10" N., longitude 84°50'00" W., to latitude 41°48'00 N., longitude 84°46'00" W., to latitude 41°41'00" N., longitude 84°16'00" W., to latitude 41°45'00" N., longitude 84°11' 45" W., to latitude 41°45'05" N., longitude 84°05'00" W.

**Jackson, Tenn.**
That airspace extending upward from 1,200 feet above the surface, bounded on the N by V-140 S, on the E by V-16 N, on the S by V-16, and on the W by V-11 E.

PENDING AMENDMENT
**Jackson, Tenn.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of McKellar Field (latitude 35°35'55" N., longitude 88°54'55" W.); and the airspace extending upward from 1,200 feet above the surface within 8 miles E and 5 miles W of the 022° and 202° bearings from the Martin RBN extending to 12 miles SW and 5 miles NE of the RBN; within 5 miles each side of the 218° bearing from the Martin RBN extending from the RBN to 17 miles SW; including that airspace bounded on the N by V-140S, on the E by V-16N, on the S by V-16, and on the W by V-11E.
AMENDMENTS 1/7/65 29 F. R. 14918 (Rewritten)

**Jacksonville, Fla.**
That airspace E of Jacksonville, Fla., extending upward from 2,000 feet above the surface bounded on the E by the Savannah, Ga., VORTAC 175° radial, the Daytona Beach, Fla., 005° radial and a line 4 nmi E of and parallel to the Daytona Beach VOR 360° radial, on the SW, W and NW by the Jacksonville control area extension and V-3 E alternate, excluding the portion within Control 1153.

AMENDMENTS 9/17/64 29 F.R. 11113 (Rewritten)

**Jamestown, N. Y.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Jamestown Municipal Airport (latitude 42° 09' 10" N., longitude 79° 15' 30" W.); within 2 miles each side of the Jamestown VOR 071° and 251° radials, extending from the 7-mile radius area to 8 miles NE of the VOR; and within 2 miles each side of the 060° bearing from the Jamestown Municipal Airport, extending from the 7-mile radius area to 12 miles NE of the airport.

3/5/64 29 F. R. 132 (Added);

**Janesville, Wis.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Rock County Airport, Janesville (latitude 42°37'12" N., longitude 89°02'25" W.), and within 5 miles SE and 8 miles NW of the Janesville VOR 239° radial, extending from the 8-mile radius area to 12 miles SW of the VOR.

**Jefferson, Ohio**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Ashtabula-Jefferson Airport (latitude 41° 45' 00" N., longitude 80° 46' 00" W.), and within 5 miles NW and 8 miles SE of the Jefferson VORTAC 061° radial, extending from the VORTAC to 12 miles NE of the VORTAC.

**Jonesboro, Ark.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Jonesboro Municipal Airport (latitude 35°49'50" N., longitude 90°38'55" W.), and within 2 miles each side of the 056° bearing from the airport, extending from the 5-mile radius area to 8 miles NE of the airport.

**Joplin, Mo.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Joplin ILS localizer NW course, extending from the arc of a 5-mile radius circle centered at the Joplin Municipal Airport (latitude 37°09'00" N., longitude 94°29'50" W.) to 8 miles NW of the OM, and the airspace extending upward from 1,200 feet above the surface within 8 miles NE and 6 miles SW of the Joplin ILS localizer NW and SE courses, extending from 12 miles NW to 31 miles SE of the OM.

**Junction, Tex.**
That airspace extending upward from 700 feet above the surface within 5 miles NE and 8 miles SW of the Junction VOR 330° radial, extending from the VOR to 13 miles NW; and that airspace extending upward from 1,200 feet above the surface within 5 miles NE and 8 miles SW of the Junction VOR 150° radial, extending from the VOR to 7 miles SE; and within 5 miles each side of the Junction VOR 150° radial, extending from 7 miles SE to 23 miles SE of the VOR.

**Junction City, Ga.**
That airspace extending upward from 1,200 feet above the surface within that area bounded on the E by the arc of a 35-mile radius circle centered on the Macon, Ga., VORTAC, on the SE by V-35 W alternate, on the S by V-70, on the W by V-97 and on the N by the arc of a 50-mile radius circle centered on the Atlanta Municipal Airport, (latitude 33°38'42" N., longitude 84°25'37" W.)

AMENDMENTS 7/23/64 29 F. R. 6437 (Added)

**Juneau, Alaska**
That airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Coghlan Island, Alaska, RBN; that airspace NW of Juneau bounded on the E by B-79, on the NW by B-38, and on the SW by a line 19 miles NE of and parallel to the 145° and 325° bearings from the Gustavus, Alaska, RR, and that airspace S of Juneau, extending from the 20-mile radius area, bounded on the NE by B-79, and on the SW by B-38, excluding the portion within the Gustavus, Alaska, transition area.

**Kahului, Hawaii**
That airspace extending upward from 700 feet above the surface bounded on the SW by a line 2 miles SW of and parallel to the Maui VOR 331° radial, on the N by a 7-mile radius circle centered on the Kahului Airport (latitude 20° 54' 00" N., longitude 156° 26' 00" W.), on the SE by a line 2 miles SE of and parallel to the Maui VOR 061° radial, and on the S by the arc of a 5-mile radius circle centered on the Kahului Airport; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of Kahului Airport, extending clockwise from V-6 NW of Kahului to V-6 NE of Kahului, and that airspace E of Kahului bounded on the N by a line 8 miles N of and parallel to the Maui VOR 080° radial on the S by V-6, extending from the 30-mile radius area to 45 miles E of the VOR.

AMENDMENTS 4/30/64 29 F. R. 2308 (ADDED)

**Kailua, Kona, Hawaii**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Kona Airport (latitude 19° 39' 00" N., longitude 156° 01' 00" W.) and within 2 miles each side of the 327° bearing from the airport, extending from the 5-mile radius area to 14 miles NW of the airport; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 19° 34' 45" N., longitude 156° 01' 00" W., to latitude 19° 31' 45" N., longitude 156° 15' 00" W., to latitude 19° 48' 30" N., longitude 156° 23' 00" W., thence clockwise along the arc of a 26-mile radius circle centered on the Kona Airport to latitude 20° 01' 30" N., longitude 156° 00' 05" W., to latitude 19° 39' 50" N., longitude 155° 56' 30" W., thence clockwise along a 5-mile radius circle centered on Kona Airport to the point of beginning.

AMENDMENTS 2/6/64 28 F. R. 13359 (Rewritten);

**Kaneohe, Hawaii.**
That airspace extending upward from 700 feet above the surface bounded by a line beginning at latitude 21°23'15" N., longitude 157°46'30" W., thence counterclockwise along the arc of a 5-mile radius circle centered on MCAS Kaneohe (latitude 21°27'30" N., longitude 157°46'30" W.) to latitude 21°29'25" N., longitude 157°50'45" W., thence to latitude 21°31'45" N., longitude 157°51'20" W., thence clockwise along the arc of an 8-mile radius circle centered on MCAS Kaneohe to latitude 21°23'00" N., longitude 157°41'00" W., thence to point of beginning, and within 2 miles on each side of the MCAS Kaneohe TACAN 351° radial, extending from the 8-mile radius area to 12 miles N of the TACAN; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 21°31'45" N., longitude 157°51'20" W., thence to latitude 22°00'45" N., longitude 157°56'00" W., thence clockwise via the arc of a 40-mile radius circle centered on the MCAS Kaneohe TACAN to V-12, thence SW along the NW boundary of V-12 to latitude 21°23'00" N., longitude 157°39'50" W.; thence to latitude 21°23'00" N., longitude 157°41'00" W.; thence counterclockwise via the arc of an 8-mile radius circle centered on MCAS Kaneohe to the point of beginning. The portion within R-3106 will be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 9/17/64 29 F.R. 10502 (Changed)

**Kansas City, Mo.**
That airspace extending upward from 700 feet above the surface within a 10-mile radius of Kansas City Municipal Airport (latitude 39°07'20" N., longitude 94°35'30" W.), within 2 miles each side of the Riverside, Mo., VOR 018° radial and 2 miles west of the Kansas City ILS localizer N course, extending from the 10-mile radius area to 8 miles N of the OM; within a 5-mile radius of the East Kansas City Airport (latitude 39°00' 55" N., longitude 94°12'45" W.) and within 2 miles each side of the Blue Springs, Kans., VOR 311° radial, extending from the 5-mile radius area to 6 miles NW of the VOR; within an 8-mile radius of the Mid-Continent International Airport (latitude 39°18'05" N., longitude 94°43'36" W.) and within 2 miles each side of the Mid-Continent ILS localizer N and S courses, extending from the 8-mile radius area to 13 miles N of the airport and to 8 miles S of the Mid-Continent OM; within a 7-mile radius of Sherman AAF (latitude 39°22'05" N., longitude 94°54'45" W.); and that airspace extending upward from 1,200 feet above the surface bounded on the SE by the arc of a 42-mile radius circle centered on the Kansas City Municipal Airport beginning at the W boundary of V-205 and extending counterclockwise to the S boundary of V-12, thence E along the S boundary of V-12 to longitude 93°30'00" W., thence N to latitude 39°41'00" N., longitude 93°28'45" W., thence NW to latitude 39°48'55" N., longitude 93°34'30" W., thence SW along the NW boundary of V-10 to the E boundary of V-161, thence W to latitude 39°44'00" W., longitude 94°43'20" W., thence SW to latitude 39°30 00" W., longitude 94°49'00" W. thence W. along latitude 39°30'00" N., to longitude 95°09'00" W., thence S to latitude 38°59'00" N., longitude 95°12'20" W., thence SE to latitude 38°53'00" N., longitude 95°05'10" W., thence NE along the SE boundary of V-10 to the arc of a 10-mile radius circle centered on the Kansas City Municipal Airport, thence counterclockwise to the W boundary of V-205, thence S along the W boundary of V-205 to the point of beginning.

AMENDMENTS 9/17/64 29 F.R. 10502 (Changed)

**Keokuk, Iowa**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Keokuk Municipal Airport (latitude 40° 27' 35" N., longitude 91° 25' 50" W.), within 2 miles each side of the 311° bearing from the Keokuk RBN (latitude 40° 27' 45" N., longitude 91° 26' 00" W.), extending from the 4-mile radius area to 8 miles NW of the RBN; and that airspace extending upward from 1,200 feet above the surface within 8 miles SW and 5 miles NE of the 311° bearing from the Keokuk RBN, extending from the RBN to 12 miles NW of the RBN, and within 5 miles each side of the 131° bearing from the Keokuk RBN, extending from the RBN to 12 miles SE of the RBN.

**Key West, Fla.**
That airspace extending upward from 2,000 feet above the surface, bounded by a line extending from latitude 24°45'00" N., longitude 82°32'00" W., to latitude 24°25'00" N., longitude 82°32'00" W.; thence to latitude 24°13'00" N., longitude 82°21'00" W.; thence along latitude 24°13'00" N., to a line 5 miles W of and parallel to the 205° bearing from the Key West RBN; thence NE along this line and the W boundary of V-225 to latitude 24°45'00" N.; and thence W along latitude 24°45'00" N., to the point of beginning, excluding the portion within the Key West, Fla., control area extension.

AMENDMENTS 9/17/64 29 F.R. 9664 (Added); Amend. Alt. 29 F.R. 12823;

**King Salmon, Alaska**
That airspace extending upward from 1,200 feet above the surface within a 25-mile radius of the King Salmon Airport (Lat. 58°40'40" N, Long. 156°38'55" W) and within 47 miles SW and 15 miles NE of the 312° bearing from the King Salmon RR, extending from the RR to 85 miles NW; and that airspace extending upward from 14,500 feet MSL within a 172-mile radius of the King Salmon VOR. The airspace outside the United States, the airspace within Federal airways above 14,500 feet MSL, the airspace within Control 1217, Control 1400, Control 1401, Control 1484 and the airspace within the Kodiak, Alaska, control area extension is excluded.

AMENDMENTS 4/30/64 29 F.R. 3150 (Changed)

**Kings Valley, Oreg.**
That airspace extending upward from 1,200 feet above the surface within 12 miles NW and 8 miles SE of the Newberg, Oreg., VORTAC 204° radial, extending from 10 miles NE to 22 miles SW of the INT of the Newberg VORTAC 204° and the Eugene, Oreg., VORTAC 340° radials.

**Kingsville, Tex.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of NAAS Kingsville (North) (latitude 27°30'10" N., longitude 97°48'25" W.); within 2 miles each side of the Kingsville TACAN 321° radial, extending from the 7-mile radius area to 12 miles NW of the TACAN; within 2 miles each side of the Kingsville UHF RBN 321° bearing, extending from the 7-mile radius area to 12 miles NW of the UHF RBN; within 2 miles each side of the Kingsville TACAN 187° radial, extending from the 7-mile radius area to 12 miles S of the TACAN; within 2 miles each side of the Kingsville VOR 135° radial, extending from the 7-mile radius area to 12 miles SE of the VOR.
AMENDMENTS 11/12/64 29 F.R. 13164 (Added)

**Kirksville, Mo.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Kirksville Municipal Airport (latitude 40°05'45" N., longitude 92°32'50" W.), and within 2 miles each side of the Kirksville VORTAC 316° radial, extending from the 5-mile radius area to 8 miles NW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 8 miles SW and 6 miles NE of the Kirksville VORTAC 316° and 136° radials, extending from 12 miles NW to 12 miles SE of the VORTAC.

**Knoxville, Tenn.**
That airspace extending upward from 700 feet above the surface within a 21-mile radius of McGhee-Tyson Airport, Knoxville, Tenn. (latitude 35°48'40" N., longitude 83°59'35" W.), within the area NW of Knoxville extending from the 21-mile radius area bounded on the SW by a line 5 miles S of and parallel to the Knoxville VORTAC 290° radial, on the NW by the arc of a 27-mile radius circle centered on the McGhee-Tyson Airport, and on the NE by a line 5 miles SW of and parallel to the Knoxville VORTAC 321° radial; and that airspace extending upward from 1,200 feet above the surface within the area NE of Knoxville bounded on the NW by V-97 E alternate, on the NW by a line extending from the E boundary of V-97E through latitude 36°35'50" N., longitude 83°36'00" W., to latitude 36°33'10" N., longitude 83°28'00" W., to latitude 36°36'10" N., longitude 83°25'25" W., through latitude 36°29'00" N., longitude 83°11'15" W., to the NW boundary of V-16 N alternate, and on the SE by V-16N; within the area SE of Knoxville within 5 miles each side of the Knoxville VORTAC 130° radial, extending from the 21-mile radius area to 35 miles SE of the VORTAC; within the area W and SW of Knoxville bounded by a line beginning at latitude 36°10'35" N., longitude 84°31'40" W., thence clockwise along the arc of a 40-mile radius circle centered on the Knoxville VORTAC to the W boundary of V-97, thence S along V-97 to V-51 E alternate, thence NW along V-51E to a line 12 miles S of and parallel to the Crossville, Tenn., VORTAC 064° and 244° radials, thence W along this line to a line 16 miles NW of and parallel to the Chattanooga, Tenn., VORTAC 037° radial, thence NE along this line to a line 8 miles NE of and parallel to the Crossville VORTAC 154° and 334° radials, thence NW along this line to latitude 35°54'35" N., longitude 84°53'50" W., thence to latitude 36°14'00" N., longitude 84°41'40" W., thence to the point of beginning; and that airspace extending upward from 7,500 feet MSL within the area SE of Knoxville bounded on the N by the arc of a 21-mile radius circle centered on the McGhee-Tyson Airport, on the E by a line 5 miles E of and parallel to V-267 E alternate, on the S by latitude 35°26'15" N., and on the W by V-267E; and within the area S of Knoxville bounded on the E by V-267, on the S by latitude 35°12'00" N., and on the W by V-97.
AMENDMENTS 8/20/64 29 F. R. 8163 (Added)

**Kukaklek, Alaska**
That airspace extending upward from 1,200 feet above the surface within 9 miles SE and 6 miles NW of the 056° and 236° bearings from the INT of the NE course of the King Salmon, Alaska, RR and the S course of the Iliamna, Alaska, RR, extending from 8 miles NE to 19 miles SW of the INT.

**Laconia, N. H.**
That airspace extending upward from 700 feet above the surface within 5 miles N and 8 miles S of a 247° bearing from the Laconia RBN, extending from the RBN to 17 miles SW; within 5 miles either side of a direct line extending from the Concord, N. H., VOR to the Laconia RBN, and within 5 miles either side of a 014° bearing from the Laconia RBN, extending from the RBN to 12 miles N.

**LaGrange, Ga.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Callaway Airport, LaGrange, Ga. (latitude 33°00'30" N., longitude 85°04'30" W.) and within 2 miles each side of the LaGrange VOR 110° radial, extending from the 4-mile radius zone to the VOR.

PENDING AMENDMENT
**Lake Charles, La.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Lake Charles ILS localizer northwest course extending from the OM to 8 miles NW, within 2 miles each side of the Lake Charles VOR 259° radial extending from the VOR to 1 mile W, and within 2 miles each side of the Lake Charles ILS localizer SE course extending from the airport to 8 miles SE; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 30°37'00" N., longitude 92°50'00" W. to latitude 30°24'00" N., longitude 92°26'00" W. to latitude 29°45'30" N., longitude 93°00'00" W. thence W via latitude 29°45'30" N., to and counterclockwise along the arc of a 25-mile radius circle centered at latitude 29°54'40" N., longitude 94°02'40" W., to longitude 93°57'00" W., thence to point of beginning.
AMENDMENTS 1/7/65 29 F. R. 14621 (Added)

**Lake City, Mich.**
That airspace extending upward from 1,200 feet above the surface within 6 miles SW and 10 miles NE of the Traverse City, Mich., VOR 136° radial, extending from 8 miles NW to 19 miles SE of the INT of the Traverse City VOR 136° radial and the White Cloud, Mich., VOR 033° radial.

**Lake Mead, Nev.**
That airspace extending upward from 1,200 feet above the surface within 8 miles E and 12 miles W of the Mormon Mesa, Nev., VORTAC 196° radial extending from 10 miles S to 22 miles N of the INT of the Mormon Mesa VORTAC 196° and the Las Vegas, Nev., 081° radials.

**Lamar, Colo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the Lamar VOR 099° and 279° radials, extending from 20 miles E to 9 miles W of the VOR, excluding the airspace within Federal airways.

**Lanai, Hawaii**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Lanai Airport (latitude 20°47'30" N., longitude 156°57'00" W.).

**Lancaster, Pa.**
That airspace extending upward from 1,200 feet above the surface, within 12 miles NE and 8 miles SW of the West Chester, Pa., VORTAC 288° radial, extending from 9 miles NW to 41 miles NW of the VORTAC, and within the area SE of the Lancaster, Pa., VOR bounded on the SE by V-3, on the W by V-93 and on the N by a line 8 miles S of and parallel to the West Chester VORTAC 288° radial, excluding the airspace within Federal airways and the New York control area extension.

AMENDMENTS 8/20/64 29 F.R. 8165 (Rewritten)

**Lansing, Mich.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Capital City Airport, Lansing, Mich. (latitude 42°46'40" N., longitude 84°35'20" W.), within 2 miles each side of the Lansing ILS localizer W course, extending from the 7-mile radius area to 8 miles W of the INT of the Lansing ILS localizer W course and the Lansing VOR 358° radial, and within 2 miles each side of the Lansing ILS localizer E course, extending from the 7-mile radius area to 14 miles E of the OM; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 43°16'00" N., on the E by longitude 84°05'00" W., on the S by a line beginning at latitude 42°30'00" N., longitude 84°05'00" W., to latitude 42°30'00" N., longitude 84°50'00" W., to latitude 42°38'00" N., longitude 84°50'00" W., to latitude 42°38'00" N., longitude 85°15'00" W., and on the W by longitude 85°15'00" W.; and within the area bounded on the N by V-216, on the E by longitude 84°25'00" W., on the S by latitude 43°16'00" N., and on the W by longitude 85°02'00" W.
AMENDMENTS 6/25/64 29 F.R. 5209 (Changed)

**Laramie, Wyo.**

Lewiston-Auburn, Maine

**Laramie, Wyo.**

That airspace extending upward from 1,200 feet above the surface within 6 miles W and 10 miles E of the Laramie VOR 332° and 152° radials, extending from 12 miles NW to 8 miles SE of the VOR.

**Las Vegas, N. Mex.**

That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Las Vegas Municipal Airport (latitude 35°39'25" N., longitude 105°08'35" W.)and that airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the Las Vegas VORTAC 035° and 215° radials, extending from 23 miles NE to 14 miles SW of the VORTAC.

AMENDMENTS 6/25/64 29 F. R. 7595 (Changed)

**Laurel, Miss.**

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Laurel Municipal Airport (latitude 31° 40' 10" N., longitude 89° 10' 20" W.); within 8 miles SW and 5 miles NE of the Laurel VOR 330° radial extending from the VOR to 12 miles NW.

**Lawton, Okla.**

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Lawton Municipal Airport (latitude 34° 34' 15" N., longitude 98° 24' 55" W.), and within 8 miles W and 5 miles E of the Lawton VOR 357° and 177° radials, extending from 5 miles N to 12 miles S of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 34° 21' 00" N., longitude 98° 46' 00" W., to latitude 34° 42' 00" N., longitude 98° 46' 00" W., to latitude 34° 58' 00" N., longitude 98° 33' 00" W., thence E via latitude 34° 58' 00" N., to and counterclockwise along the arc of a 57-mile radius circle centered at latitude 35° 25' 50" N., longitude 97° 35' 10" W., to longitude 97° 25' 00" W., thence S via longitude 97° 25' 00" W., to and counterclockwise along the arc of a 25-mile radius circle centered at the Ardmore Municipal Airport, Ardmore, Okla. (latitude 34° 18' 00" N., longitude 97° 00' 50" W.), to latitude 34° 10' 00" N., thence W via this latitude, to latitude 34° 10' 00" N., longitude 97° 49' 00" W., to point of beginning, excluding the portion within R-5601A. The portion within R-5601B shall be used only after obtaining prior approval from appropriate authority.
4/30/64 29 F. R. 132 (Added);

PENDING AMENDMENT
Lawton, Okla.

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Lawton Municipal Airport (latitude 34°34'15" N., longitude 98°24'55" W.), within 8 miles W and 5 miles E of the Lawton VOR 357° and 177° radials, extending from 5 miles N to 12 miles S of the VOR, and within 2 miles each side of the 180° bearing from the Fort Sill RBn extending from the 7-mile radius area to the RBn; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 34°21'00" N., longitude 98°46'00" W., to latitude 34°42'00" N., longitude 98°46'00" W., to latitude 34°58'00" N., longitude 98°33'00" W., thence E via latitude 34°58'00" N., to and counterclockwise along the arc of a 57-mile radius circle centered at latitude 35°25'50" N., longitude 97°35'10" W., to longitude 97°25'00" W., thence S via longitude 97°25'00" W., to and counterclockwise along the arc of a 25-mile radius circle centered at the Ardmore Municipal Airport, Ardmore, Okla. (latitude 34°18'00" N., longitude 97°00'50" W.), to latitude 34°10'00" N., thence W via this latitude, to latitude 34°10'00" N., longitude 97°49'00" W., to point of beginning, excluding the portion within R-5601A. The portion within R-5601B shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 1/7/65 29 F. R. 14524 (Rewritten)

**Lemoore, Calif.**

That airspace extending upward from 700 feet above the surface within a 10-mile radius of the NAS Lemoore TACAN; and that airspace extending upward from 1,200 feet above the surface bounded on the E by a line extending from latitude 36° 46' 00" N., longitude 120° 03' 50" W., to latitude 36° 37' 00" N., longitude 119° 56' 00" W., to latitude 36° 37' 00" N., longitude 119° 44' 10" W., thence S along the W boundary of V-23 to longitude 119° 30' 00" W., thence to latitude 35° 43' 50" N., longitude 119° 30' 00" W., on the S by latitude 35° 43' 50" N., on the W by V-485 S of the Priest, Calif., VOR and V-113 N of the Priest VOR, and on the N by V-230.

AMENDMENTS 1/9/64 28 F. R. 12341 (Rewritten); Alteration of Amend. (Date Changed) 2/6/64 28 F. R. 13769

**Le Roy, Iowa**

That airspace extending upward from 1,200 feet above the surface within 12 miles E and 8 miles W of the Rochester, Minn., VOR 173° radial, extending from 15 miles to 37 miles S of the VOR.

**Lewiston, Idaho**

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Lewiston, Nez Perce County Airport (latitude 46°22'34" N., longitude 117°00'53" W.) and within 2 miles either side of the Lewiston VOR 266° radial extending from the 5-mile radius area to the VOR, including the airspace extending upward from 1,200 feet above the surface within 8 miles NW and 5 miles SE of the Lewiston VOR 075° radial extending from the VOR to 12 miles NE of the VOR.

**Lewiston-Auburn, Maine**

That airspace extending upward from 700 feet above the surface within a 5-mile radius of Lewiston-Auburn Municipal Airport (latitude 44°02'55" N., longitude 70°17'00" W.); within 2 miles each side of the 199° bearing from the Lewiston-Auburn Airport, extending from the 5-mile radius area to 8 miles S of the airport; and within 2 miles each side of the 062° bearing from the Lewiston-Auburn Airport, extending from the 5-mile radius area to 7 miles NE of the airport.

AMENDMENTS 4/30/64 29 F.R. 2931 (Added)

**Lewistown, Mont.**

That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the Lewistown VOR 289° and 109° radials, extending from 9 miles E to 20 miles W of the VOR, excluding the airspace within Federal airways.

PENDING AMENDMENT
Lexington, Tenn.

That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Franklin Wilkins Airport (latitude 35°39'07" N., longitude 88°22'47" W.); within 2 miles each side of the Jacks Creek VOR 165° radial extending from the 5-mile radius area to 8 miles SE of the VOR; and the airspace extending upward from 1200 feet above the surface within 5 miles W and 8 miles E of the Jacks Creek VOR 345° and 165° radials extending 4 miles NW and 12 miles SE of the VOR.
AMENDMENTS 1/7/65 29 F. R. 14918 (Added)

**Liberal, Kans.**

That airspace extending upward from 1,200 feet above the surface within 10 miles W and 7 miles E of the Liberal VOR 022° and 202° radials, extending from 20 miles N to 9 miles S of the VOR, excluding the airspace within Federal airways.

**Lida, Nev.**

That airspace extending upward from 1,200 feet above the surface within 12 miles SW and 12 miles NE of the Coaldale, Nev., VORTAC 146° radial, extending from 22 miles SE to 22 miles NW of the Coaldale VORTAC 146° and the Tonopah, Nev., VOR 198° radials, including the airspace 12 miles NW and 9 miles SE of the Tonopah VOR 198° radial, extending from the INT of the Coaldale VORTAC 146° and the Tonopah VOR 198° radials to 22 miles NE of the INT, excluding the portions within R-4807.

Lihue, Hawaii

That airspace extending upward from 700 feet above the surface within the area bounded on the NW by a line 5 miles NW of and parallel to the Lihue VOR 041° radial, on the NE by the arc of a 7-mile radius circle centered on the Lihue Airport (latitude 21° 59' 00" N., longitude 159° 21' 00" W.), on the SE by a line 2 miles NE of and parallel to the Lihue VOR 130° radial, and on the SW by the arc of a 5-mile radius circle centered on Lihue Airport; and that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of the Lihue VOR, extending from the 7-mile radius area clockwise from a line 5 miles NW of and parallel to the Lihue VOR 041° radial to V-2.

AMENDMENTS 4/2/64 29 F.R. 556 (Added);

**Lima, Ohio**

That airspace extending from 700 feet above the surface bounded on the SE by V-275, on the SW by V-277 and on the NW by V-14.

**Lone Rock, Wis.**

That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the Lone Rock VORTAC 089° and 269° radials, extending from 9 miles E to 20 miles W of the VORTAC.

**Longview, Tex.**

That airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the Gregg County ILS localizer SE course extending from the INT of the Gregg County ILS localizer SE course and the Marshall, Tex., VOR 251° radial to 12 miles SE, and within 5 miles each side of the Marshall VOR 230° radial extending from the INT of the Gregg County VOR 181° radial and the Marshall VOR 230° radial to the INT of the Gregg County ILS localizer SE course and the Marshall VOR 230° radial, excluding the portion within Federal airways.
AMENDMENTS 7/23/64 29 F. R. 7017 (Added)

**Longview, Wash.**

That airspace extending upward from 4,500 feet MSL bounded on the N by the Toledo, Wash., control area extension, on the E by V-23, on the S by the Portland, Oreg., control area extension and on the W by V-99.

**Lovelock, Nev.**

That airspace extending upward from 1,200 feet above the surface within

**Madison, Wis.**

That airspace extending upward from 700 feet above the surface within a 9-mile radius of Truax Field,

**Lovelock, Nev.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Lovelock VORTAC 068° and 248° radials, extending from 20 miles E to 7 miles W of the VORTAC, and within 7 miles NW and 10 miles SE of the Lovelock VORTAC 058° and 238° radials, extending from 20 miles SW to 7 miles NE of the VORTAC.

**Loyal, Wis.**
That airspace extending upward from 1,200 feet above the surface within 12 miles SW and 8 miles NE of the Eau Claire, Wis., VOR 107° radial, extending from 9 miles SE to 22 miles NW of the INT of the Eau Claire VOR 107° and the Wausau, Wis., VOR 258° radials.

**Lucin, Utah**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Lucin VOR 096° and 276° radials, extending from 9 miles W to 20 miles E of the VOR, excluding the airspace within Federal airways.

**Lufkin, Tex.**
That airspace extending upward from 700 feet above the surface within 8 miles E and 5 miles W of the Lufkin VOR 157° radial, extending from the VOR to 12 miles S; within 2 miles each side of the Lufkin VOR 337° radial, extending from the VOR to the arc of a 5-mile radius circle centered at the Angelina County Airport (latitude 31°14'05" N., longitude 94°45'00" W.); and that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of the Lufkin VOR.

AMENDMENTS 6/25/64 29 F.R. 8141 (Rewritten)

PENDING AMENDMENT
**Luke AFB, Ariz.**
That airspace extending upward from 700 feet above the surface within 6 miles W and 7 miles E of the Luke TACAN 003° and 183° radials, extending from 13 miles S to 8 miles N of the TACAN; within 2 miles each side of the Luke TACAN 056° radial, extending from the TACAN to 10 miles NE of the TACAN; and within 5 miles each side of the Phoenix VORTAC 272° radial, extending from Long. 112°23'00" W to Long. 112°41'30" W.

AMENDMENTS 12/10/64 29 F.R. 14104 (Added)

**Macon, Ga.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Robins AFB; within 8 miles SE and 5 miles NW of the Macon ILS localizer SW course extending from the Cochran Field to 12 miles SW of the ILS OM; that airspace extending upward from 1,200 feet above the surface within a 35-mile radius of the Macon VORTAC; within the area N of Macon bounded on the N by V-18, on the E by V-35, and on the SW by V-267; within the area SE of Macon bounded on the NW by V-70, on the NE by V-5, and on the SW by V-243; that airspace extending upward from 3,000 feet MSL within
the area NE of Macon extending from the 35-mile radius area bounded on the N by V-18, on the E by longitude 82°50'00" W., on the SE by V-56 and on the W by V-35; within the area E of Macon extending from the 35-mile radius area bounded on the NE by V-56, on the N by a line extending through latitude 33°03'50" N., longitude 82°50'00" W.. and latitude 33°03'40" N., longitude 82°30'00" W., on the E by longitude 82°30'00" W., on the SE by V-70, and on the S by V-154; within the area SE of Macon bounded on the N by V-154, on the E by longitude 82°30'00" W.. on the SE by a line extending from latitude 32°15'00" N., longitude 82°30'00" W., through latitude 32°10'00" N., longitude 82°42'15" W., on the W by V-267, and on the NW by V-70; and the area S of Macon bounded on the N by V-70, on the E by V-243, on the S by latitude 32°00'00" N., and on the W by V-35.

AMENDMENTS On Publ. 4/7/64 29 F.R. 4855 (Changed); 5/28/64 29 F. R. 3651 (Changed)
AMENDMENTS 6/25/64 29 F. R. 5785 (Rewritten) Amend. Alt. 29 F.R. 7923;
AMENDMENTS 9/17/64 29 F.R. 11113 (Changed)

PENDING AMENDMENT
In the Macon, Ga., transition area "within the area SE of Macon bounded on the NW by V-70, on the NE by V-5, and on the SW by V-243 and a line 5 miles NE of and parallel to the Alma, Ga., VORTAC 305° radial;" is deleted and "within the area SE of Macon bounded on the NW by V-70, on the NE by V-5, on the E by V-157 and on the SW by V-243;" is substituted therefor; "Cochran Field" is deleted and "Macon Municipal Airport" is substituted therefor.

AMENDMENTS 10/15/64 29 F.R. 11112 (Changed); Eff. date changed 11/12/64 29 F.R. 12362;
Eff. date changed 2/4/65 29 F. R. 14918;

**Madison, Minn.**
That airspace extending upward from 1,200 feet above the surface within 12 miles N and 8 miles S of the Watertown, S. Dak., VORTAC 086° radial, extending from 10 miles W to 22 miles E of the INT of the Watertown VORTAC 086° and the Redwood Falls, Minn., VOR 305° radials.

**Madison, Wis.**
That airspace extending upward from 700 feet above the surface within a 9-mile radius of Truax Field, Madison, Wis. (latitude 43°08'15" N., longitude 89°20'10" W.), within 2 miles each side of the Madison ILS localizer S course, extending from the 9-mile radius area to 12 miles S of the OM, within 8 miles NE and 5 miles SW of the Truax VOR 134° radial, extending from the 9-mile radius area to 12 miles SE of the VOR, within 8 miles SW and 5 miles NE of the Truax VOR 320° radial, extending from the 9-mile radius area to 12 miles NW of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded on the N by a line extending from latitude 43°43'00" N., longitude 89°55'00" W., to latitude 43°30'00" N., longitude 88°30'00" W., on the E by longitude 88°30'00" W., on the S by latitude 42°45'00" N., and on the W by longitude 89°55'00" W. The portion within R-6905 shall be used only after obtaining prior approval from appropriate authority.

**Malad City, Idaho**
That airspace extending upward from 1,200 feet above the surface within 9 miles E and 6 miles W of the Malad City VORTAC 165° and 345° radials, extending from 18 miles S to 8 miles N of the VORTAC, and within 5 miles N and 8 miles S of the Malad City VORTAC 290° radial, extending from the VORTAC to 12 miles W of the VORTAC.
4/2/64 29 F. R. 2488 (Rewritten)

**Malden, Mo.**
That airspace extending upward from 700 feet above the surface within 5 miles either side of the Malden VOR 300° radial, extending from the VOR to 11 miles NW; within 8 miles NE and 5 miles SW of the Malden VOR 120° radial, extending from the VOR to 17 miles SE, and within 10 miles W and 7 miles E of the Malden VOR 167° and 347° radials, extending from 9 miles S to 20 miles N of the VOR.

**Manhattan, Kans.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Manhattan Airport (latitude 39°08'35" N., longitude 96°40'05" W.), within 6 miles S and 9 miles N of the Fort Riley VOR 059° radial extending from the VOR to 21 miles NE; within 2 miles each side of the Fort Riley VOR 222° radial extending from the VOR to 8 miles SW; and that airspace extending upward from 1,200 feet above the surface within a 23-mile radius of the Marshall AAF (latitude 39°03'15" N., longitude 96°45'50" W.). The portion of this transition area within R-3602 shall be used only after obtaining prior approval from appropriate authority.

PENDING AMENDMENT
**Manistee, Mich.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Manistee Blacker Airport, Manistee, Mich. (latitude 44°16'00" N., longitude 86°15'00" W.) and within 5 miles north and 8 miles south of the 274° bearing from Manistee Blacker Airport, extending from the airport to 15 miles west.
AMENDMENTS 12/10/64 29 F. R. 14524 (Added)

**Manitowoc, Wis.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Manitowoc Airport (latitude 44° 07' 30" N., longitude 87° 40' 45" W.) and within 5 miles E and 8 miles W of the 351° bearing from the airport, extending from the airport to 12 miles N of the airport.

PENDING AMENDMENT
**Mansfield, Ohio**
That airspace extending upward from 700 feet above the surface within an 8.5 mile radius of the Mansfield Municipal Airport (latitude 40°49'15" N., longitude 82°30'45" W.); and within a 5-mile radius of the Galion Municipal Airport (latitude 40°45'10" N., longitude 82°43'35" W.); within 5 miles SW and 8 miles NE of the Mansfield Airport ILS localizer SE course, extending from the ILS LOM to 12 miles SE, within 2 miles each side of the Mansfield VORTAC 308° radial, extending from the VORTAC to 12 miles NW of the VORTAC; within 2 miles each side of the Mansfield VORTAC 221° radial, extending from the Galion Municipal Airport 5-mile radius area to the VORTAC; and that airspace extending upward from 1,200 feet above the surface within an area bounded by a line extending from the Tiverton
VORTAC; to latitude 40°30'00" N., longitude 83°10'00" W., to latitude 40°50'00" N., longitude 83°30'00" W., to latitude 41°11'00" N., longitude 83°19'00" W., to latitude 41°14'00" N., longitude 82°57'00" W.; thence counterclockwise via a 21-mile radius arc of the Griffing-Sandusky Airport (latitude 41°26'00" N., longitude 82°39'05" W.) to latitude 41°08'40" N., longitude 82°32'00" W.; to latitude 40°56'30" N., longitude 82°12'00" W; thence counterclockwise via a 37-mile radius arc of the Cleveland-Hopkins Airport (latitude 41°24'30" N., longitude 81°51'00" W.) to latitude 40°54'00" N., longitude 82°04'00" W. to the point of beginning.

AMENDMENTS 12/10/64 29 F.R. 14166 (Added)

**Maples, Mo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the Maples VOR 237° and 057° radials, extending from 20 miles SW to 9 miles NE of the VOR, excluding that portion within the Fort Leonard Wood, Mo., transition area.

AMENDMENTS 9/17/64 29 F.R. 9663 (Changed)

**Marathon, Fla.**

**McComb, Miss.**

**Marathon, Fla.**
That airspace extending upward from 2,000 feet above the surface, bounded on the N by V-35, on the E by Long. 80°25'00" W.. on the S by Lat. 24°20'00" N., and on the W by control area 1233.

AMENDMENTS 9/17/64 29 F.R. 9664 (Added)

**Marion, Ill.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Southern Illinois Airport, Carbondale, Ill. (latitude 37°46'50" N., longitude 89°15'10" W.), and within 2 miles either side of the 339° bearing from the Southern Illinois Airport extending from the 5-mile radius area to 8 miles N of the airport, within a 5-mile radius of the Williamson County Airport, Marion, Ill. (latitude 37°45'15" N., longitude 89°00'40" W.), and within 2 miles either side of the 034° bearing from the Williamson County Airport extending from the 5-mile radius area to 8 miles NE of the airport; and the airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 37°39'00" N., longitude 88°48'00" W., thence to latitude 37°35'00" N., longitude 89°23'30" W., thence to latitude 37°54'00" N., longitude 89°30'00" W., thence to latitude 37°59'00" N., longitude 89°16'00" W., thence to latitude 37°56'25" N., longitude 89°01'55" W., thence to latitude 37°57'50" N., longitude 89°00'30" W., thence to latitude 37°55' 18" N., longitude 88°55'55" W., thence to latitude 37°54'00" N., longitude 88°48'00" W., thence to the point of beginning.

**PENDING AMENDMENT**
**Marion, Ohio**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Marion Municipal Airport (latitude 40°36'55" N., longitude 83°03'55" W.); within 5 miles NE and 8 miles SW of a 328° bearing from the Marion RBN, extending from the RBN to 12 miles NW.

AMENDMENTS 12/10/64 29 F.R. 14166 (Added)

**Marthaville, La.**
That airspace extending upward from 1,200 feet above the surface within 8 miles NE and 12 miles SW of the Alexandria, La., VOR 300° radial, extending from 10 miles NW to 22 miles SE of the INT of the Shreveport, La., VORTAC 164° and the Alexandria VOR 300° radials.

**Massena, N. Y.**
That airspace extending upward from 1,200 feet above the surface within 12 miles W and 5 miles E of the Massena VOR 163° and 343° radials, extending from the United States/Canadian border to Lat. 44°00'00" N, including the airspace from 4 nmi SE to 10 miles SE of the Massena VOR 241° radial, extending from a line 12 miles W of and parallel to the Massena VOR 163° radial to a line 20 miles W of and parallel to the Massena VOR 163° radial, excluding the airspace within Federal airways.

AMENDMENTS 9/17/64 29 F.R. 11114 (Changed)

**Matador, Tex.**
That airspace extending upward from 1,200 feet above the surface within 9 miles NW and 6 miles SE of the Childress, Tex., VOR 244° radial, extending from 8 miles SW to 19 miles NE of the Matador INT (INT of Childress VOR 244° and Guthrie, Tex., VOR 293° radials), and within 9 miles SE and 6 miles NW of the Childress VOR 244° radial, extending from 8 miles NE to 19 miles SW of the Matador INT.

**Mattoon, Ill.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Coles County Airport, Mattoon, Ill. (latitude 39°28'46" N.. longitude 88°17'05" W.). and within 2 miles each side of the 228° bearing from Coles County Airport, extending from the 4-mile radius area to 8 miles SW of the airport; and that airspace extending upward from 1,200 feet above the surface within a 12-mile radius of Coles County Airport.

**Maxwell, Calif.**
That airspace extending upward from 1,200 feet above the surface bounded on the E by V-195, on the S by V-200, on the W by V-25 and on the N by the Red Bluff, Calif., transition area.

AMENDMENTS 2/6/64 29 F. R. 282 (Changed);

**McAllen, Tex.**
That airspace extending upward from 1,200 feet above the surface bounded on the N by Lat. 26°30'00" N, on the E by Long. 98°00'00" W, on the W by Long. 98°30'80" W and on the S by the United States/Mexican border.

**McComb, Miss.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the McComb-Pike County Airport; and that airspace extending upward from 1,200 feet above the surface bounded on the E by V-9, on the S by the New Orleans, La., transition area, on the W by V-114N, and on the N by the N boundary of V-222; within 8 miles S and 5 miles N of the McComb VOR 254° and 074° radials, extending from 17 miles W to 5 miles E of the VOR; and within 8 miles N and 5 miles S of the McComb VOR 074° radial, extending from the VOR to 12 miles E.
AMENDMENTS 9/17/64 29 F.R. 10459 (Added)

**McGrath, Alaska**
That airspace extending upward from 1,200 feet above the surface within 13 miles SW and 7 miles NE of the 115° and 295° bearings from the McGrath RR, extending from 13 miles NW to 20 miles SE of the RR.

Medford, Oreg.
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Medford ILS localizer N course, extending from 6 miles N to 9 miles N of the OM, and within 3 miles E and 2 miles W of the Medford VORTAC 352° radial, extending from the VORTAC to 8 miles N of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within an 18-mile radius of the Medford VORTAC, extending clockwise from a line 6 miles N of and parallel to the Medford VORTAC 270° radial to a line 5 miles SE of and parallel to the Medford VORTAC 235° radial; within a 23-mile radius of the Medford VORTAC, extending clockwise from a line 5 miles SE of and parallel to the Medford VORTAC 235° radial to a line 6 miles N of and parallel to the Medford VORTAC 270° radial; that airspace E of Medford, extending from the 18-mile radius area bounded on the N by latitude 42°28'00" N., on the E by the arc of a 40-mile radius circle centered on the Klamath Falls, Oreg., VORTAC, on the S by V-122, and on the SW by V-23; that airspace N of Medford within 6 miles E and 10 miles W of the Medford VORTAC 352° radial, extending from the 18-mile radius area to 55 miles N of the VORTAC, and that airspace S of Medford extending from the 18-mile radius area bounded on the E by V-23, and on the SW by V-23W; that airspace extending upward from 6,500 feet MSL W of Medford within 6 miles N and 7 miles S of the Medford VORTAC 270° radial, extending from the 23-mile radius area to V-27, excluding the portion within the Roseburg, Oreg., transition area.
AMENDMENTS 4/30/64 29 F. R. 2933 (Added)

**Memphis, Tenn.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Memphis Metropolitan Airport (latitude 35°03'00" N., longitude 89°58'15" W.), within 2 miles each side of the Memphis Runway 9 ILS localizer W course, extending from the 7-mile radius area to 12 miles W of the OM; within 2 miles each side of the Memphis Runway 9 ILS localizer E course, extending from the 7-mile radius area to 14 miles E of the airport; within 2 miles each side of the Memphis Runway 35 ILS localizer S course, extending from the 7-mile radius area to 8 miles S of the OM; and that airspace extending upward from 1,200 feet above the surface within a 36-mile radius of the Memphis Metropolitan Airport; within the area NW of Memphis, extending beyond the 36-mile radius area bounded on the N by V-140, on the E by V-9 W, on the S by V-54 N, and on the W by V-69; and within the area SE of Memphis, extending beyond the 36-mile radius area bounded on the NE by the N boundary of V-176, on the E by longitude 89°20'00" W., on the S by latitude 34°09'30" N., and on the W by the W boundary of V-9 E.

AMENDMENTS On Publ. 4/7/64 29 F.R. 4855 (Changed)

**NAS Memphis, Tenn.**
That airspace extending upward from 700 feet above the surface within a 12-mile radius of NAS Memphis (latitude 35°21'15" N., longitude 89°52'10" W.), and within 2 miles each side of the NAS Memphis VOR 083° radial, extending from the 12-mile radius area to 14 miles E of NAS Memphis.

**Menominee, Mich.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Menominee County Airport (latitude 45°07'25" N., longitude 87°38'20" W.) and within 2 miles each side of the Menominee VOR 351° radial, extending from the 5-mile radius area to 8 miles N of the VOR; and that airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the Menominee VOR 351° and 171° radials, extending from 12 miles N to 3 miles S of the VOR.

**Mercury, Nev.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Mercury Airport (Lat. 36°39'16" N, Long. 116°00'54" W); that airspace extending upward from 1,200 feet above the surface bounded on the E by the Las Vegas, Nev. (B), control area extension, on the N by Lat. 36°41'00" N, on the NW by a line extending from Lat. 36°41'00" N, Long. 116°26'30" W, to Lat. 36°38'30" N, Long. 116°24'00" W, to Lat. 36°37'00" N, Long. 116°27'00" W, on the W by V-105, and on the S by Lat. 36°16'00" N, excluding the portion within R-4806 and R-4808.

**Meridian, Miss.**
That airspace extending upward from 1,200 feet above the surface W and N of the Meridian NAAS bounded by a line beginning at Lat. 32°47'00" N, Long. 89°30'00" W, to Lat. 32°50'00" N, Long. 89°21'00" W, to Lat. 32°41' 30" N, Long. 88°44'00" W, to Lat. 33°03'00" N, Long. 88°57'40" W, to Lat. 33°05'40" N, Long. 88°52'40" W, thence E along a 45-mile radius arc centered at the Columbus AFB, Columbus, Miss. (Lat. 33°38'35" N, Long. 88°26'40"W), to N boundary of V-18N, thence via the north boundary of V-18N, to Long. 89°30'00"W., to the point of beginning; excluding the portion within the Meridian control area extension..

**Middle Grove, N. Y.**
That airspace extending upward from 1,200 feet above the surface within 11 miles W and 7 miles E of the Albany, N. Y., VORTAC 343° radial, extending from the N boundary of V-496 to 50 miles NW of the VORTAC.

**Midland, Tex.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Midland Air Terminal (latitude 31°56'25" N., longitude 102°12'10" W.), excluding the portion within a 1.5-mile radius of the Midland Airpark (latitude 32°02'00" N., longitude 102°05'55" W.); within 2 miles each side of the Midland VOR 011° radial, extending from the 8-mile radius area to 8 miles N of the VOR; within 2 miles each side of the Midland ILS localizer SE course, extending from the 8-mile radius area to the INT of the Midland VOR 128° and the Big Spring, Tex., VOR 212° radials; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 31°40'00" N., longitude 101°52'30" W.; thence clockwise along the arc of a 30-mile radius circle centered on the Midland VOR; to latitude 31°37'00" N., longitude 102°25'00" W.; to latitude 31°40'00" N., longitude 102°39'30" W.; to latitude 31°33'00" N., longitude 102° 53'00" W.' to latitude 31°34'20" N., longitude 103°03'45" W.' to latitude 32°04'50" N., longitude 102°58'00" W.; to latitude 32°06'45" N., longitude 103°07'50" W.; to latitude 32°15'35" N., longitude 103°07'00" W.; to latitude 32°13'40" N., longitude 102°56'30" W.; to latitude 32°19'35" N., longitude 102°55'10" W.; to latitude 32°36'30" N., longitude 102°07'20" W.; to latitude 31°55'00" N., longitude 101°29'40" W.; to latitude 31°37'25" N., longitude 101°35'15" W.; to latitude 31°36'35" N., longitude 101°47'20" W.; to point of beginning ; and that airspace extending upward from 10,000 feet MSL within 5 miles each side of the Midland VOR 283° radial, extending W from a line between latitude 32°06'45" N., longitude 103°07'50" W., and latitude 32°15'35" N., longitude 103°07'00" W. to its INT with the Wink, Tex., VOR 322° radial; and within 5 miles each side of the Wink VOR 322° radial, extending from a line 14 miles N of and parallel to the Wink VOR 256° radial to 35 miles from the VOR.

AMENDMENTS 6/25/64 29 F.R. 5317 (Changed)

**Midway Island**
That airspace extending upward from the 700 feet above the surface within a 10-nmi radius of NAS Midway (latitude 28° 12' 00" N., longitude 177° 23' 00" W.); and that airspace extending upward from 1,200 feet above the surface within a 100-nmi radius of NAS Midway.

4/30/64 29 F. R. 2487 (ADDED)

**Miles City, Mont.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Miles City Airport (latitude 46°25'40" N., longitude 105°53'10" W.); and that airspace extending upward from 1,200 feet above the surface within a 23-mile radius of the Miles City VORTAC, extending clockwise from the Miles City VORTAC 241° to the 156° radials, and within a 30-mile radius of the Miles City VORTAC, extending clockwise from the Miles City VORTAC 156° to the 241° radials.

**Milford, Utah**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Milford Municipal Airport (Lat. 38°25'35" N, Long. 113°00'40" W) and within 2 miles either side of the Milford VORTAC 196° radial, extending from the 5-mile radius area to 8 miles S of the VORTAC; including the airspace extending upward from 1,200 feet above the surface within 10 miles NW and 7 miles SE of the Milford VORTAC 023° and 203° radials, extending from 9 miles SW to 20 miles NE of the VORTAC.

**Milwaukee, Wis.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of General Mitchell Field, Milwaukee, Wis. (latitude 42°56'51" N., longitude 87°53'58" W.), within 8 miles E and 5 miles W of the Milwaukee ILS localizer S course, extending from the 8-mile radius area to 12 miles S of the OM, within a 5-mile radius of Horlick-Racine Airport, Racine, Wis. (latitude 42°45'35" N., longitude 87°48'55" W.), within an 8-mile radius of Timmerman Airport, Milwaukee, Wis., within 5 miles NE and 8 miles SW of the Timmerman VOR 337° radial, extending from the 8-mile radius area to 12 miles NW of the VOR, and within a 6-mile radius of Waukesha County Airport, Waukesha, Wis. (latitude 43°02'00" N., longitude 88°14'00" W.); and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 43°30'00" N., on the E by longitude 87°00'00" W., on the S by latitude 42°30'00" N., and on the W by longitude 88°30' 00" W. The portion within R-6903 shall be used only after obtaining prior approval from the appropriate authority.

**Minneapolis, Minn.**
That airspace E of Minneapolis extending upward from 5,000 feet MSL bounded on the N by V-78, on the SE by V-26, and on the SW by V-2N; that airspace W of Minneapolis bounded on the N by V-78, on the SE by V-148, and on the SW by V-171; and that airspace W of Farmington, Minn., bounded on the NE by V-171, on the S by V-26, and on the NW by V-148.

**Missoula, Mont.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Missoula VOR 308° radial, extending from 4 miles NW to 12 miles NW of the VOR, and within 2 miles each side of the Missoula VOR 298° radial, extending from 4 miles NW to 9 miles NW of the VOR; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of the Missoula VOR, bounded on the SW by the SW boundary of V-2, and on the E by the E boundary of V-231; within 10 miles SW and 7 miles NE of the Missoula VOR 298° and 118° radials, extending from 9 miles SE to 20 miles NW of the VOR, and within 5 miles each side of the Missoula VOR 180° radial, extending from the VOR to 12 miles S of the VOR.

**Modesto, Calif.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Modesto City-County Airport (latitude 37°37'35" N., longitude 120°57'15" W.), within 2 miles each side of the Modesto VOR 291° radial, extending from the 5-mile radius area to 8 miles W of the VOR, and within 2 miles each side of the Modesto VOR 119° radial, extending from the 5-mile radius area to 8 miles E of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded on the E by longitude 120°30'00" W., on the SE by a line extending from latitude 37°38'45" N., longitude 120°30'00" W., to latitude 37°25'00" N., longitude 120°48'00" W., on the S by latitude 37°25'00" N., on the W by V-109, and on the N by a line extending from the E boundary of V-109 through latitude 37°38'00" N., longitude 121°00'35" W., to latitude 37°45'45" N., longitude 120°30'00" W.
AMENDMENTS 6/25/64 29 F.R. 4996 (Added)

**Moline, Ill.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Quad City Airport (latitude 41° 26' 55" N., longitude 90° 30' 30" W.); within 5 miles N and 8 miles S of the Quad City ILS localizer W course, extending from 1 mile E to 12 miles W of the OM; within a 5-mile radius of the Davenport, Iowa, Municipal Airport (latitude 41° 36' 40" N., longitude 90° 35' 20" W.); and within 5 miles each side of the 224° and 044° bearings from the Davenport RBN, extending from the Davenport Municipal Airport to 12 miles SW of the RBN; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 41° 55' 00" N., on the E by longitude 89° 50' 00" W., on the S by latitude 41° 10' 00" N., and on the W by longitude 91° 00' 00" W.
4/30/64 28 F. R. 13864 (Added);

**Molokai, Hawaii**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Molokai Airport (latitude 21° 09' 25" N., longitude 157° 05' 55" W.), and within 2 miles each side of the 356° bearing from the Molokai Airport, extending from the 5-mile radius area to 8 miles N of the airport; that airspace extending upward from 1,200 feet above the surface NW of Molokai bounded on the NE by the arc of a 19-mile radius circle centered on the Molokai Airport, on the SE by V-8, on the SW by V-15 and on the NW by V-4; and that airspace NE of Molokai bounded by a line beginning at latitude 21° 22' 00" N., longitude 156° 48' 00" W., thence to latitude 21° 14' 00" N., longitude 156° 31' 30" W., thence to latitude 21° 29' 00" N., longitude 156° 25' 00" W., thence to latitude 21° 31' 00" N., longitude 156° 34' 05" W., thence to latitude 21° 25' 00" N., longitude 156° 49' 30" W., thence to point of beginning.

PENDING AMENDMENT
**Monroe, La.**
That airspace extending upward from 700 feet above the surface within 5 miles NW and 8 miles SE of the Monroe VORTAC 222° radial extending from the VORTAC to 12 miles SW, and within 5 miles NW and 8 miles SE of the Monroe ILS localizer SW course extending from 5 miles NE to 12 miles SW of the OM; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 32°10'00" N., longitude 92°20'00" W., to latitude 32°44'00" N., longitude 92°20'00" W., to latitude 32°49'00" N., longitude 91°50'00" W., to latitude 32°35'00" N., longitude 91°28'00" W., to latitude 32°05'00" N., longitude 91°28'00" W., to latitude 32°05'00" N., longitude 91°57'00" W., to point of beginning.

AMENDMENTS 1/7/65 29 F. R. 14523 (Added)

**Montpelier, Vt.**
That airspace extending upward from 1,200 feet above the surface within 10 miles either side of the Montpelier VOR 200° and 020° radials, extending from 9 miles SW to 20 miles NE of the VOR, and within 10 miles E and 7 miles W of the Montpelier VOR 155° radial, extending from the VOR to 20 miles S, excluding the airspace within Federal airways.

**Montrose, Pa.**
That airspace extending upward from 1,200 feet above the surface within 12 miles SW and 8 miles NE of the Wilks-Barre, Pa., VORTAC 325° radial, extending from 13 miles NW to 46 miles NW of the VORTAC, excluding the airspace within Federal airways and the Binghamton, N. Y., control area extension.

**Mormon Mesa, Nev.**
That airspace extending upward from 1,200 feet above the surface within 7 miles SE and 10 miles NW of the Mormon Mesa VORTAC 032° radial, extending from the VORTAC to 20 miles NE; and within 7 miles SE and 10 miles NW of the Mormon Mesa VORTAC 059° and 239° radials, extending from 9 miles SW to 20 miles NE of the VORTAC.

**Morristown, Tenn.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Moore-Murrell Field, Morristown, Tenn., (latitude 36°10'55" N., longitude 83°22'20" W.), and within 8 miles S and 5 miles N of the 240° bearing from latitude 36°11'00" N., longitude 83°22'00" W., extending from latitude 36°11'00" N., longitude 83°22'00" W., to 12 miles SW.

AMENDMENTS 8/20/64 29 F.R. 8163 (Added)

**Moses Lake, Wash.**
That airspace extending upward from 700 feet above the surface within a 16-mile radius of Larson AFB, Moses Lake, Wash. (latitude 47°12'35" N., longitude 119°18'50" W.), and within a 13-mile radius of the Ephrata, Wash., VOR; and that airspace extending upward from 1,200 feet above the surface within a 39-mile radius of Larson AFB; within 5 miles SW and 9 miles NE of the Larson VOR 141° radial, extending from the 39-mile radius area to V-112, excluding the airspace below 4,000 feet MSL between V-112 and V-112W; and that airspace SW of Moses Lake, extending from the 39-mile radius area, bounded on the S by latitude 46°55'00" N., on the W by longitude 120°15'00" W., and on the N by latitude 47°00'00" N.; and that airspace extending upward from 5,000 feet MSL within 5 miles each side of the Ephrata VOR 336° radial, extending from the 39-mile radius area to 44 miles NW of the VOR; excluding the portions within R-6715 and the Ellensburg, Wash., transition area.

AMENDMENTS 4/30/64 29 F.R. 3149 (Added)

**Moses Point, Alaska**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Moses Point VOR 088° radial, extending from 8 miles to 12 miles E of the VOR; and within 2 miles each side of the Moses Point RR E. course, extending from 14 miles to 17 miles E of the RR; and that airspace extending upward from 1,200 feet above the surface within 5 miles N and 10 miles S of the Moses Point VOR 088° and 268° radials, extending from 11 miles W to 15 miles E of the VOR.

AMENDMENTS 11/12/64 29 F.R. 12822 (Rewritten);

**Mt. Clemens, Mich.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Selfridge AFB, Mt. Clemens, Mich. (latitude 42° 36' 50" N., longitude 82° 50' 05" W.), within 5 miles W and 8 miles E of the Selfridge AFB ILS localizer N course, extending from 3 miles S to 12 miles N of the OM, and within 2 miles each side of the Selfridge AFB ILS localizer S course, extending from the 7-mile radius area to 11 miles S of Selfridge AFB; and that airspace extending upward from 1,200 feet above the surface bounded on the E by the United States/Canadian Border, on the W by the E boundary of VOR Federal airway No. 42 E alternate and longitude 83° 30' 00" W., and on the N by the N boundary of VOR Federal airway No. 216. The portion within R-4203 shall be used only after obtaining prior approval from appropriate authority.

PENDING AMENDMENT
**Muscle Shoals, Ala.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Muscle Shoals Airport (latitude 34°44'41" N., longitude 87°36'39" W.); that airspace extending upward from 1,200 feet above the surface within 8 miles N and 5 miles S of the Muscle Shoals VOR 112° and 292° radials extending 5 miles W ane 13 miles E of the VOR, within 5 miles each side of the Muscle Shoals VOR 297° radial extending from 5 miles W to 18 miles W of the VOR, and within 8 miles W and 5 miles E of the Muscle Shoals VOR 002° radial extending from the VOR to a point 30 miles N of the VOR.

AMENDMENTS 1/7/65 29 F. R. 15074 (Added).

**Muskegon, Mich.**
That airspace extending upward from 700 feet above the surface within 8 miles northeast and 6 miles southwest of the Muskegon County Airport ILS localizer southeast course, extending from 3 miles northwest of the OM southeast to the arc of an 18-mile radius circle centered on the Muskegon County Airport (latitude 43°10'16" N., longitude 86°14'09" W.), and within a 4-mile radius of Grand Haven Memorial Airpark, Grand Haven, Mich., (latitude 43°02'00" N., longitude 86°11'50" W.); and that airspace extending upward from 1,200 feet above the surface within an 18-mile radius of Muskegon County Airport, including the airspace southwest of Muskegon bounded by a line beginning at latitude 42°54'35" N., longitude 86°13'00" W., extending southwest to latitude 42°45'25" N., longitude 86°23'40" W., thence northwest to latitude 42°58'50" N., longitude 86°32'30" W., thence east along the south boundary of V-216 to the 18-mile radius area.

AMENDMENTS 9/17/64 29 F.R. 10502 (Changed)

**Myton, Utah**
That airspace extending upward from 1,200 feet above the surface within 10 miles NW and 7 miles SE of the Myton VOR 049° and 229° radials, extending from 9 miles SW to 20 miles NE of the VOR.

**Nantucket, Mass.**
That airspace extending upward from 2,000 feet MSL NE of Nantucket bounded on the NE by the arc of 29-mile radius circle centered at the Nantucket VORTAC, on the SE by Control 1144, and on the NW by Control 1143; SE of Nantucket bounded on the SE by the arc of a 13-mile radius circle centered on the Nantucket CONSOLAN (Monitor site at latitude 41° 15' 35" N., longitude 70° 09' 19" W.), on the N by Control 1144, and on the SW by Control 1145; and that airspace from FL 240 to FL 300 inclusive SW of Nantucket, bounded on the N by Control 1169, on the east by Control 1145, and on the S and W by the arc of a 10.2-mile radius circle centered on the Nantucket CONSOLAN station.

**Natchez, Miss.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Hardy-Anders Field, Natchez, Miss. (latitude 31° 36' 50" N., longitude 91° 17' 55" W.) and within 2 miles each side of the Natchez VOR 012° radial extending from the 5-mile radius area to 8 miles north of the VOR: and that airspace extending upward from 1,200 feet above the surface within a 15-mile radius of Hardy-Anders Field. and within 5 miles each side of the Natchez VOR 192° radial, extending from the 15-mile radius area to 23 miles south of the VOR.
12/12/63 28 F. R. 10814 (Added);Eff. date changed 2/6/64 28 F. R. 13359

**Needles, Calif.**
That airspace extending upward from 1,200 feet above the surface within a 10-mile radius of Needles Airport (latitude 34°46'05" N., longitude 114°37'30" W.); within 10 miles N and 7 miles S of the Needles VORTAC 092° and 272° radials, extending from 3 miles W to 20 miles E of the VORTAC; within 5 miles each side of the Needles RR N and S courses, extending from 23 miles S to 23 miles N of the RR, and within 5 miles E and 8 miles W of the Needles RR N course, extending from the 10-mile radius area to 15 miles N of the RR.

**New Orleans, La.**
That airspace extending upward from 700 feet above the surface bounded by a line beginning at latitude 30° 06' 25" N., longitude 90° 16' 35" W.; to latitude 30° 08' 20" N., longitude 90° 02' 30" W.; thence clockwise along the arc of a 7-mile radius circle centered at the New Orleans Airport (latitude 30° 02' 20" N., longitude 90° 01' 25" W.); to latitude 30° 02' 20" N., longitude 89° 54' 20" W.; to latitude 29° 49' 40" N., longitude 89° 54' 20" W.; thence clockwise along the arc of a 7-mile radius circle centered at NAS New Orleans-Alvin Callender Field (latitude 29° 49' 40" N., longitude 90° 01' 25" W.); to latitude 29° 44' 45" N., longitude 90° 05' 25" W.; to latitude 29° 53' 45" N., longitude 90° 20' 00" W.; thence clockwise along the arc of an 8-mile radius circle centered at New Orleans International-Moisant Field (latitude 29° 59' 25" N., longitude 90° 15' 15" W.); to point of beginning; and within 2 miles each side of the Navy New Orleans RBN 241° bearing extending from the RBN to 10 miles SW; and within 2 miles each side of the Navy New Orleans RBN 131° bearing, extending from the 7-mile radius area to 10 miles SE of the RBN; and that airspace extending upward from 1,200 feet above the surface, bounded by a line beginning at latitude 29° 33' 00" N., longitude 89° 16' 00" W.; to latitude 29° 13' 30" N., longitude 89° 51' 00" W.; to latitude 28° 57' 00" N., longitude 90° 01' 00" W.; to latitude 28° 59' 00" N., longitude 90° 15' 00" W.; to latitude 29° 11' 00" N., longitude 90° 25' 00" W.; to latitude 29° 15' 00" N., longitude 90° 25' 00" W.; to latitude 29° 15' 00" N., longitude 91° 05' 00" W.; to latitude 29° 31' 00" N., longitude 91° 05' 00" W.; to latitude 29° 31' 00" N., longitude 91° 11' 00" W.; to latitude 29° 47' 00" N., longitude 91° 11' 00" W.; to latitude 29° 53' 00" N., longitude 91° 00' 00" W.; to latitude 30° 13' 00" N., longitude 90° 57' 00" W.; to latitude 30° 17' 00" N., longitude 90° 45' 00" W.; to latitude 30° 38' 00" N., longitude 90° 48' 00" W.; to latitude 30° 38' 00" N., longitude 90° 11' 00" W.; to latitude 30° 54' 00" N., longitude 89° 35' 00" W.; to latitude 30° 41' 00" N., longitude 89° 18' 00" W.; to latitude 29° 41' 00" N., longitude 89° 18' 00" W.; thence to point of beginning; and that airspace extending upward from 3,000 feet MSL, bounded by a line beginning at latitude 29° 28' 35" N., longitude 89° 23' 50" W.; thence along the outer limits of the territorial waters of the United States to the northern boundary of Control Area 1226; thence NW along the N boundary of Control Area 1226 to latitude 29° 13' 30" N., longitude 89° 51' 00" W.; thence NE to point of beginning.

**New Philadelphia, Ohio**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the New Philadelphia Airport (latitude 40° 28' 15" N., longitude 81° 25' 10" W.).

**New River MCAF, N. C.**
That airspace extending upward from 700 feet above the surface to and including 2,000 feet MSL, within a 12-mile radius of the MCAF New River RBN, excluding the portions within R-5306A, R-5306B, R-5306C, and the Camp Lejeune, N. C., transition area.

**Norfolk, Va.**
That airspace extending upward from 700 feet above the surface bounded by a line beginning at latitude 37°10'35" N., longitude 76°17'35" W., to latitude 36°49'45" N., longitude 75°52'05" W., to latitude 36°29'25" N., longitude 76°09'40" W., to latitude 36°35'40" N., longitude 76°18'40" W., to latitude 36°54'00" N., longitude 76°27'30" W., to latitude 36°54'00" N., longitude 76°36'15" W., to latitude 37°10'30" N., longitude 76°46'00" W., to latitude 37°14'40" N., longitude 76°39'50" W., thence to the point of beginning; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 36°38'15" N., longitude 77°19'15" W., to latitude 37°55'30" N., longitude 76°46'00" W., to latitude 37°38'30" N., longitude 75°31'30" W., thence S along the W boundary of W-386 and W-72 to latitude 36°19'00" N., longitude 75°44'45" W., to latitude 36°03'15" N., longitude 76°02'15" W., to latitude 36°13'25" N., longitude 76°47'30" W., thence clockwise along the arc of a 55-mile radius circle centered at latitude 36°57'44" N., longitude 76°24'44" W., to the point of beginning, excluding the portions within R-4006, R-5309, R-6606, R-6609, R-5301B, W-386, and the portion below 2,000 feet MSL outside the United States. The portion within R-6610 shall be used only after obtaining prior approval from the appropriate authority.
AMENDMENTS 5/28/64 29 F.R. 4793 (Added) Amend. Alt. 29 F. R. 5825

North Hilo, Hawaii
That airspace extending upward from 1,200 feet above the surface north of Hilo, Hawaii, bounded on the south by V-1 Hawaii, and on the west, north and east by a line extending from V-1 Hawaii, through latitude 20° 30' 00" N., longitude 155° 33' 30" W.; to latitude 20° 45' 00" N., longitude 155° 43' 00" W.; thence along latitude 20° 45' 00" N.; to longitude 155° 27' 00" W.; thence through latitude 20° 27' 22" N., longitude 155° 15' 00" W., to V-1 Hawaii.

AMENDMENTS 12/12/63 28 F. R. 10813 (Added);

North Philadelphia, Pa.
That airspace extending upward from 700 feet above the surface within 2 miles each side of the 234° bearing from the Wings Field, Philadelphia, Pa., RBN (latitude 40° 07' 33" N., longitude 75° 17' 08" W.) extending from the RBN to 8 miles SW of the RBN, within a 7-mile radius of the North Philadelphia Airport (latitude 40° 04' 45" N., longitude 75° 00' 35" W.); within a 7-mile radius of Mercer County Airport, Trenton, N. J. (latitude 40° 16' 33" N., longitude 74° 48' 55" W.) and including the airspace beginning at latitude 40° 17' 40" N., longitude 75° 21' 15" W., to latitude 40° 24' 10" N., longitude 75° 09' 20" W., to latitude 40° 18' 10" N., longitude 75° 03' 50" W., to latitude 40° 22' 05" N., longitude 74° 52' 00" W., to latitude 40° 10' 30" N., longitude 74° 48' 00" W., to latitude 40° 07' 30" N., longitude 74° 53' 30" W., to latitude 40° 02' 40" N., longitude 75° 08' 00" W., to latitude 40° 04' 30" N., longitude 75° 18' 50" W., to latitude 40° 07' 00" N., longitude 75° 22' 00" W., to point of beginning.

AMENDMENTS 4/2/64 29 F. R. 2419 (Added)

Northway, Alaska
That airspace extending upward from 700 feet above the surface within 5 miles NE and 8 miles SW of the 307° and 127° bearings from the Northway RR, extending from 8 miles SE to 12 miles NW of the RR; and that airspace extending upward from 1,200 feet above the surface within 16 miles NE and 25 miles SW of the 307° and 127° bearings from the Northway RR, extending from 22 miles SE to 42 miles NW of the RR.

AMENDMENTS 4/2/64 29 F. R. 2419 (Rewritten)

Ogdensburg, N. Y.
That airspace extending upward from 1,200 feet above the surface within 12 miles SE and 8 miles NW of the Watertown, N. Y., VOR 033° radial, extending from 33 miles NE to 65 miles NE of the VOR, excluding the portion outside the United States, excluding the airspace within Federal airways and outside the United States.

Oklahoma City, Okla.
That airspace extending upward from 700 feet above the surface within the area bounded by a line beginning at latitude 35°15'30" N., longitude 97°19'00" W.; to latitude 35°23'00" N., longitude 97°14'30" W.; to latitude 35°40'30" N., longitude 97°14'30" W.; to latitude 35°40'30" N., longitude 97°28'30" W.; to latitude 35°39' 00" N., longitude 97°40'00" W.; to latitude 35°33'00" N., longitude 97°50'00" W.; to latitude 35°34'30" N., longitude 97°58'00" W.;to latitude 35°22'30" N., longitude 98°02'00" W.; to latitude 35°18'00" N., longitude 97°42'00" W.; to latitude 35°08'00" N., longitude 97°42'00" W.; to latitude 35°08'00" N., longitude 97°28'00" W.; to latitude 35°15'30" N., longitude 97°28'00" W.;and within 8 miles NW and 5 miles SE of Oklahoma City VORTAC 230° radial, extending from the VORTAC to 12 miles SW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within a 57-mile radius of latitude 35°25'50" N., longitude 97°35'10" W., within 6 miles SE and 9 miles NW of the Oklahoma City VORTAC 242° radial, extending from the 57-mile radius area to 52 miles SW of the VORTAC, within 6 miles S and 9 miles N of the Oklahoma City VORTAC 282° radial, extending from the 57-mile radius area to 62 miles W of the VORTAC, and within 8 miles W and 5 miles E of the 360° and 180° bearings from Searcy Field, Stillwater, Okla. (latitude 36°09'30" N., longitude 97°05'00" W.), extending from 13 miles N to 7 miles S of the airport, excluding the portion N of a line extending from latitude 35°54'00" N., longitude 98° 25'00" W., to latitude 35°48'00" N., longitude 98°18'00" W., to latitude 36°03'00" N., longitude 97°23'30" W., to latitude 36°13'25" N., longitude 97°18'20" W.

AMENDMENTS 4/30/64 29 F. R. 2932 (Added)

Olean, N. Y.
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Olean Municipal Airport (latitude 42°14'20" N., longitude 78°22'30" W.), and within 2 miles each side of the Olean RBN 033° bearing, extending from the 7-mile radius area to 8 miles NE of the RBN, from 0800 hours, local time, to sunset daily.

AMENDMENTS 5/28/64 29 F.R. 4853; Amend. Alt. 29 F.R. 5787 (Rewritten);

O'Neill, Nebr.
That airspace extending upward from 1,200 feet above the surface within 7 miles N and 10 miles S of the O'Neill VORTAC 273° and 093° radials, extending from 20 miles W to 9 miles E of the VORTAC.

Oshkosh, Wis.
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Winnebago County Airport, Oshkosh, Wis. (latitude 43°59'20" N., longitude 88°33'15" W.), and within 8 miles E and 5 miles W of the Oshkosh VOR 176° radial, extending from the 8-mile radius area to 12 miles S of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded on the E by V-217, on the SE by a line extending from latitude 43°41'40" N., longitude 87°58'10" W., to latitude 43°30'00" N., longitude 88°10'05" W., on the SW by a line extending from latitude 43°30'00" N., longitude 88°10'00" W., to latitude 43°52'00" N., longitude 88°59'00" W., on the W by a line extending from latitude 43°52'00" N., longitude 88° 59'00" W., to latitude 44°04'00" N., longitude 88°59'00" W., on the NW by a line extending from latitude 44° 04'00" N., longitude 88°59'00" W., to latitude 44°04'00" N., longitude 88°51'15" W., thence clockwise via the arc of a 16-mile radius circle centered at the Winnebago County Airport to latitude 44°12'00" N., longitude 88°25'30" W., thence via latitude 44°12'00" N. to the W boundary of V-217.

AMENDMENTS 9/17/64 29 F.R. 10502 (Changed)

Oswego, Kans.
That airspace extending upward from 1,200 feet above the surface within 10 miles W and 7 miles E of the Oswego VOR 207° and 027° radials, extending from 20 miles NE to 9 miles SW of the VOR.

Otto, N. Mex.
That airspace extending upward from 1,200 feet above the surface bounded on the N. by latitude 35°14'00" N., on the E. by longitude 105°34'00" W., on the S.by latitude 34°57'25" N., and on the W. by a line extending from latitude 34°57'25" N., longitude 106°00'10" W., clockwise via the arc of an 8-mile radius circle centered at latitude 35°4'35" N., longitude 106°00'10" W., to latitude 35°11'20" N., longitude 106°01'20" W., thence N. via the arc of a 46-mile radius circle centered on the Albuquerque, N. Mex., VORTAC to latitude 35°14'00" N., longitude 106°02'05" W.

AMENDMENTS 7/25/64 29 F.R. 9533 (Rewritten)

Ottumwa, Iowa
That airspace extending upward from 1,200 feet above the surface within 5 miles SW and 8 miles NE of the Ottumwa, Iowa, VORTAC 129° and 309° radials, extending from 5 miles NW to 12 miles SE of the VORTAC, and the airspace N of Ottumwa bounded on the N by V-6 S, and the SE by V-216 and on the SW by V-52.

Oxford, Miss.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the University-Oxford Airport (latitude 34°23'05" N., longitude 89°32'10" W.), and within 2 miles each side of the 257° bearing from the airport, extending from the 5-mile radius area to 8 miles W of the airport.

Palmdale, Calif.
That airspace extending upward from 1,200 feet above the surface bounded by a line extending from Lat. 35°34'30" N, Long. 116°23'30" W, thence to Lat. 35°28'35" N, Long. 116°18'45" W, thence S along Long. 116° 18'45" W to the NW boundary of V-8 N, thence along the NW boundary of V-8 N, the N boundary of V-12, the N boundary of V-137, and the E boundary of V-459 to latitude 35°36'15" N.; thence to latitude 35°37'30" N., longitude 117°47'30" W., thence to Lat. 35°40'30" N., Long. 117°47'00" W, thence to Lat. 36°05' 25" N, Long. 117°52'00" W, thence to Lat. 36°06'45" N, Long. 117°41'30" W, thence to Lat. 35°42'00" N, Long. 117°35'45" W, thence to Lat. 35°36'00" N, Long. 117°26'00" W, thence to Lat. 35°25'00" N, Long. 117°26'00" W, thence to Lat. 35°25'00" N, Long. 117°16'52" W, thence to Lat. 35°15'56" N, Long. 117°16'52" W, thence to Lat. 35°15'56" N, Long. 117°06'30" W, thence to Lat. 35°34'30" N, Long. 116°29'40" W, thence to point of beginning. The portions of this transition area within R-2502, R-2505, R-2506, R-2509, R-2515 and R-2524 shall be used only after obtaining prior approval from the appropriate authority.

AMENDMENTS 9/17/64 29 F.R. 11115 (Changed)

Panama City, Fla.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Panama City-Bay County Airport, Panama City, Fla. (latitude 30° 12' 45" N., longitude 85° 40' 55" W.), within 2 miles either side of the Panama City VOR 328° and 090° radials, extending from the 5-mile radius zone to 8 miles northwest and east of the airport, excluding the portion within the Panama City (Tyndall AFB) control zone; and that airspace extending upward from 1200 feet above the surface bounded by a line beginning at:
Latitude 29°43'10" N., longitude 85°27'00" W.; to latitude 30°04'00" N., longitude 85°56'00" W.; to latitude 30°24'00" N., longitude 85°56'00" W.; to latitude 30°44'50" N., longitude 86°07'15" W.; thence along the S boundary of V-22 and the W boundary of V-7W to latitude 29°52'30" N.; to latitude 29°52'30" N., longitude 84°34'40" W.; to latitude 29°47'00" N., longitude 84°40'00" W.; to latitude 29°43'35" N., longitude 84°39'00" W.; thence 3 nautical miles from and parallel to the shoreline to the point of beginning. The portion within R-2912A and R-2912B will be used only after obtaing prior approval from the appropriate authority.

AMENDMENTS 3/5/64 29 F. R. 1842 (Changed); 9/17/64 29 F.R. 11113 (Changed);

**Parker, Calif.**
That airspace extending upward from 1,200 feet above the surface within 10 miles NW and 7 miles SE of the Parker VORTAC 071° and 251° radials, extending from 9 miles SW to 20 miles NE of the VORTAC.

**Pasco, Wash.**
That airspace extending upward from 700 feet above the surface within 5 miles SW and 9 miles NE of the Pasco VOR 312° and 132° radials, extending from 3 miles NW to 12 miles SE of the Pasco VOR, and within a 5-mile radius of the Pasco Public Airport (latitude 46°15'50" N., longitude 119°06'55" W.), excluding the portion within a 1-mile radius of Vista Airport, Kennewick, Wash. (latitude 46°13'10" N., longitude 119°12'55" W.); and that airspace extending upward from 1,200 feet above the surface within 8 miles NW and 5 miles SE of the Pasco VOR 036° and 216° radials, extending from 6 miles SW to 12 miles NE of the Pasco VOR, excluding the portion within R-6715.

AMENDMENTS 7/23/64 29 F. R. 6530 (Rewritten)

**Paso Robles, Calif.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Paso Robles VOR 332° and 342° radials, extending from the arc of a 5-mile radius circle centered on the Paso Robles County Airport (latitude 35°40'15" N., longitude 120°37'35" W.) to 10 miles NW of the VOR, and within 2 miles each side of the Paso Robles VOR 146° radial, extending from the arc of a 5-mile radius circle centered on the Paso Robles County Airport to 8 miles SE of the VOR; and that airspace extending upward from 1,200 feet above the surface within 12 miles NE and 7 miles SW of the Paso Robles VOR 326° and 146° radials, extending from 24 miles NW to 20 miles SE of the VOR. The airspace within R-2504 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 2/6/64 28 F. R. 13742 (Changed);

**NAS Patuxent River, Md.**
That airspace extending upward from 700 feet above the surface within a 14-mile radius of the NAS Patuxent River VOR, excluding the portion NW of a line extending from latitude 38°15'00" N., longitude 76°39'20" W., to latitude 38°26'20" N., longitude 76°14'00" W.; and that airspace extending upward from 1,200 feet above the surface bounded by a line extending from latitude 37°55'30" N., longitude 76°46'00" W., to latitude 37°44'40" N., longitude 75°58'05" W., to latitude 38°15'20" N., longitude 75°40'05" W., to latitude 38°16'10" N., longitude 75°42'20" W., to latitude 38°23'00" N., longitude 75°38'00" W., to latitude 38°57'00" N., longitude 75°53'00" W., to latitude 38°47'00" N., longitude 76°16'00" W., to latitude 38°14'00" N., longitude 76°46'00" W., to latitude 38°14'00" N., longitude 77°04'00" W., to point of beginning. The portions within R-4002, R-4005, R-4006, R-4007, R-4008 and R-6609 are excluded.

AMENDMENTS 6/25/64 29 F.R. 5457 (Added)

**Peach Springs, Ariz.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Peach Springs VORTAC 074° and 254° radials, extending from 9 miles W to 20 miles E of the VORTAC.

**Pellston, Mich.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Emmet County Airport, Pellston, Mich. (latitude 45°34'40" N., longitude 84°47'40" W.); and that airspace extending upward from 1,200 feet above the surface within 8 miles NW and 7 miles SE of the Pellston VOR 047° and 227° radials, extending from 3 miles SW to 12 miles NE of the VOR, and within 8 miles NE and 5 miles SW of the 132° bearing from the Pellston RBN, extending from the 8-mile radius area to 12 miles SE of the RBN.

**Pendleton, Oreg.**
That airspace extending upward from 700 feet above the surface within a 12-mile radius of latitude 45°41' 30" N., longitude 118°47'24" W.; that airspace extending upward from 1,200 feet above the surface within 11 miles NE and 7 miles SW of the Pendleton VORTAC 137° radial extending from the 12-mile radius area to 39 miles SE of the VORTAC; within 10 miles SE and 7 miles NW of the Pendleton VORTAC 254° radial extending from the 12-mile radius area to 20 miles SW of the VORTAC; that airspace extending clockwise from a line 5 miles NW of and parallel to the Pendleton VORTAC 060° radial to a line 5 miles N of and parallel to the Pendleton VORTAC 090° radial extending from the 12-mile radius area to the arc of a 30-mile radius circle centered on the Pendleton VORTAC, and within 5 miles either side of the Pendleton VORTAC 090° radial extending from the 12 mile radius area to 34 miles E of the VORTAC.

**Peoria, Ill.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Greater Peoria Airport (latitude 40° 39' 45" N., longitude 89° 41' 35" W.); within 2 miles each side of the Greater Peoria Airport ILS localizer SE course, extending from the 8-mile radius area to 8 miles SE of the OM; within 8 miles SW and 5 miles NE of the Peoria VORTAC 279° radial, extending from the 8-mile radius area to 12 miles W of the VORTAC; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 41° 10' 10" N., on the E by longitude 88° 40' 00" W., on the S by latitude 40° 20' 00" N., and on the W by longitude 90° 00' 00" W.

AMENDMENTS 5/28/64 29 F.R. 555 (Added); 11/12/64 29 F. R. 12763 (Changed);

**Philadelphia, Pa.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Philadelphia International Airport(latitude 39° 52' 30" N., longitude 75° 14' 20" W.); within 2 miles each side of the Philadelphia International Airport ILS localizer W course, extending from the OM to 8 miles W of the OM; within a 5-mile radius of the Bridgeport, N. J., Airport (latitude 39° 47' 40" N., longitude 75° 20' 25" W.); within 2 miles each side of the 329° bearing from the Philadelphia ILS OM, extending from the OM to 8 miles NW of the OM; within 2 miles each side of the Woodstown, N. J., VOR 350° radial, extending from the VOR to 10 miles N of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 40° 30' 00" N., longitude 75° 20' 30" W., to latitude 40° 30' 00" N., longitude 75° 00' 00" W., to latitude 40° 24' 20" N., longitude 75° 45' 40" W., to latitude 40° 16' 10" N., longitude 74° 39' 20" W., to latitude 40° 00' 35" N., longitude 74° 54' 35" W., to latitude 39° 53' 00" N., longitude 74° 48' 00" W., to latitude 39° 43' 00" N., longitude 74° 48' 00" W., to latitude 39° 18' 20" N., longitude 75° 36' 40" W., to latitude 39° 50' 00" N., longitude 76° 19' 40" W., to latitude 39° 50' 00" N., longitude 75° 44' 00" W., to latitude 40° 05' 00" N., longitude 75° 44' 00" W., to latitude 40° 05' 00" N., longitude 75° 25' 40" W., to latitude 40° 07' 00" N., longitude 75° 22' 00" W., to point of beginning excluding the portion within 8 miles W and 5 miles E of the 328° bearing from latitude 39° 25' 02" N., longitude 75° 08' 07" W., extending from latitude 39° 25' 02" N., longitude 75° 08' 07" W., to 12 miles NW.

AMENDMENTS 4/2/64 29 F. R. 2419 (Added)

PENDING AMENDMENT

**Phoenix, Ariz.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Sky Harbor Airport (latitude 33°26'10" N., longitude 112°00'45" W.); within 2 miles each side of the Phoenix VORTAC 090° radial, extending from the Sky Harbor 8-mile radius area to 8 miles E of the VORTAC; within 2 miles each side of the Phoenix VORTAC 110° radial, extending from the Sky Harbor 8-mile radius area to 12 miles E of the VORTAC; within an 8-mile radius of Williams AFB (latitude 33°18'25" N., longitude 111°39'35" W.); within 2 miles each side of the Chandler TACAN 141° radial, extending from the Williams 8-mile radius area to 10 miles SE of the TACAN; and within 2 miles each side of the Chandler TACAN 123° radial, extending from the Williams 8-mile radius area to 9 miles SE of the TACAN; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 34°10'00" N., longitude 112°30'00" W.; thence to latitude 34°10'00" N., longitude 111°30'00" W.; thence to latitude 34°00'00" N., longitude 110°52'00" W.; thence to latitude 32°33'00" N., longitude 110°52'00" W.; thence to latitude 32°33'00" N., longitude 112°00'00" W.; thence to latitude 32°51'00" N., longitude 112°30'00" W.; thence to latitude 32°51'00" N., longitude 113°00'00" W.; thence to latitude 33°19'00" N., longitude 113°00'00" W.; thence to latitude 33°19'00" N., longitude 113°10'00" W.; thence to latitude 34°00'00" N., longitude 113°10'00" W.; thence to latitude 34°00'00" N., longitude 112°43'00" W.; thence to the point of beginning.

AMENDMENTS 12/10/64 29 F.R. 14104 (Added); 29 F. R. 14490 (Correction)

**Picayune, Miss.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Picayune Municipal Airport (latitude 30° 31' 20" N., longitude 89° 42' 25" W.), and within 2 miles each side of the Picayune VOR 332° radial, extending from the 5-mile radius area to 8 miles NW of the VOR.

AMENDMENTS 1/9/64 28 F. R. 11613 (Added);

**Pierre, S. Dak.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Pierre Municipal Airport (latitude 44° 22' 50" N., longitude 100° 17' 15" W.), within 2 miles each side of the Pierre VOR 077° radial, extending from the 8-mile radius area to 12 miles E of the VOR; and that airspace extending upward from 1,200 feet above the surface within 4 miles E and 3 miles W of the Pierre VOR 357° radial, extending from the VOR to 8 miles N of the VOR, within 1 mile N and 5 miles S of the Pierre RBN 101° bearing, extending from the RBN to 12 miles E of the RBN, and within the area east of the Pierre VOR bounded on the N by a line 5 miles N of, and parallel to, the Pierre VOR 057° radial, on the E by the arc of a 30-mile radius circle centered on the Pierre VOR, and on the S by a line 5 miles S of, and parallel to, the Pierre VOR 077° radial.

AMENDMENTS 4/2/64 29 F.R. 555 (Added);

**Pike, Ark.**
That airspace extending upward from 1,200 feet above the surface within 12 miles SE and 8 miles NW of the Texarkana, Ark., VORTAC 033° radial, extending from 10 miles NE to 22 miles SW of the INT of the Texarkana VORTAC 033° and the El Dorado, Ark., VORTAC 317° radials.

**Pittsburgh, Pa.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Greater Pittsburgh Airport (latitude 40° 29' 35" N., longitude 80° 14' 25" W.); within an 8-mile radius of Allegheny County Airport, Pittsburgh, Pa. (latitude 40° 21' 15" N., longitude 79° 55' 40" W.), and the airspace within tangent lines extending from the Greater Pittsburgh 8-mile radius area to the Allegheny County 8-mile radius area; within 2 miles each side of the Greater Pittsburgh Runway 10-R-ILS localizer W course, extending from the Greater Pittsburgh 8-mile radius area to 8 miles W of the Clinton, Pa., RBN; within 2 miles each side of the 272° bearing from the Greater Pittsburgh Runway 10-L-ILS OM, extending from the Greater Pittsburgh 8-mile radius area to 8 miles W of the OM, and within 2 miles each side of the Allegheny RBN 257° bearing, extending from the Allegheny County 8-mile radius area to 8 miles W of the RBN; and that airspace extending upward from 1,200 feet, above the surface within a 37-mile radius of the Imperial, Pa., VORTAC, extending clockwise from the 249° to the 202° radials; within a 60-mile radius of the Imperial VORTAC, extending clockwise from the 202° to the 249° radials, excluding the portion N of a line extending from latitude 40° 56' 40" N., longitude 80° 36' 00" W., to latitude 40° 57' 00" N., longitude 80° 30' 00" W., to latitude 41° 01' 00" N., longitude 80° 08' 00" W.

AMENDMENTS 2/6/64 28 F. R. 12339 (Added); 9/17/64 29 F.R. 10502 (Changed);

**Plainview, Tex.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Hale County Airport, Plainview, Tex. (latitude 34° 10' 10" N., longitude 101° 43' 00" W.); and that airspace extending upward from 1,200 feet above the surface within 8 miles W and 5 miles E of the Plainview VOR 354° and 174° radials, extending from 7 miles S to 13 miles N of the VOR; within 8 miles SE and 5 miles NW of the Plainview VOR 214° and 034° radials, extending from 7 miles NE to 13 miles SW of the VOR; and within 8 miles W and 5 miles E of the Plainview VOR 006° and 186° radials, extending from 7 miles S to 13 miles N of the VOR.

**Pocatello, Idaho**
That airspace extending upward from 700 feet above the surface within 5 miles SE and 4 miles NW of the Pocatello ILS localizer NE course, extending from the arc of a 5-mile radius circle centered on the Pocatello Municipal Airport (latitude 42°54'35" N., longitude 112°35'25" W.), to 8 miles NE of the OM; within the area bounded on the W by a line 2 miles W of and parallel to the Pocatello VOR 015° radial, on the SE by a line 4 miles NW of and parallel to the Pocatello ILS localizer NE course, on the NE by the arc of a 13-mile radius circle centered on the Pocatello VOR, and on the S by the arc of a 5-mile radius circle centered on the Pocatello Municipal Airport; and that airspace extending upward from 1,200 feet above the surface within 9 miles E and 6 miles W of the Pocatello VOR 167° radial, extending from the VOR to 18 miles S of the VOR; within 9 miles N and 8 miles S of the Pocatello VOR 252° radial, extending from the VOR to 18 miles SW of the VOR, and within 6 miles SE and 10 miles NW of the Pocatello VOR 045° radial, extending from the VOR to 27 miles NE of the VOR.

AMENDMENTS 6/25/64 29 F.R. 5317 (Rewritten)

**Point Reyes, Calif.**
That airspace extending upward from 1,200 feet above the surface N of Point Reyes bounded on the NE and E by V-27, on the SW by V-137, and on the W by V-199; and W of Point Reyes bounded on the E by V-199; on the S by Control 1173, on the W by a line extending from latitude 38°02'35" N., longitude 123°14'25" W. to latitude 38°17'30" N., longitude 123°16'45" W., to latitude 38°25'30" N., longitude 123°23'00" W., to 38° 43'30" N., longitude 123°23'15" W., and on the N by latitude 38°43'30" N.

Ponca City, Okla.
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Ponca City Municipal Airport (latitude 36° 43' 40" N., longitude 97° 05' 50" W.) within 2 miles each side of the Ponca City VORTAC 289° radial, extending from the 6-mile radius area to 8 miles NW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within an 8-mile radius of the Ponca City Municipal Airport; within 8 miles SE and 5 miles NW of the 225° bearing from the Ponca City RBN, extending from the 8-mile radius area to 13 miles SW of the RBN; within 8 miles SW and 5 miles NE of the Ponca City VORTAC 289° radial, extending from the 8-mile radius area to 13 miles NW of the VORTAC, and within 8 miles W and 5 miles E of the 359° bearing from the Ponca City RBN, extending from the RBN to 16 miles N of the RBN.

AMENDMENTS 4/2/64 29 F.R. 2306 (ADDED)

**Pontiac, Mich.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Pontiac Municipal Airport (latitude 42°39'55" N., longitude 83°25'05" W.) and within 2 miles each side of the Pontiac VOR 271° radial, extending from the 7-mile radius area to 8 miles W of the VOR.

**Portage, Alaska**
That airspace extending upward from 1,200 feet above the surface within 15 miles SW and 23 miles NE of the 122° and 302° bearings from the Portage RBN, extending from 20 miles NW to 40 miles SE of the RBN.

**Portal, Ariz.**
That airspace extending upward from 1,200 feet above the surface within 12 miles N and 8 miles S of the Cochise, Ariz., VOR 096° radial, extending from 20 miles E to 56 miles E of the VOR.

Port Angeles, Wash.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the CGAS Port Angeles (Lat. 48°08'30" N, Long. 123°24'45" W), and that airspace extending upward from 1,200 feet above the surface bounded on the N by the United States/Canadian border, on the E by A-1, on the S by Lat. 48°03'00" N and on the W by Long. 123°35'00" W.

Port Huron, Mich.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of St. Clair County Airport, Port Huron, Mich. (latitude 42° 54' 45" N., longitude 82° 31' 35" W.), and within 5 miles SW and 8 miles NE of the 152° bearing from St. Clair County Airport, extending from the airport to 16 miles SE of the airport, excluding the portion outside the United States.

Pratt, Kansas
That airspace extending upward from 700 feet above the surface within a 6-mile radius of Pratt Municipal Airport (latitude 37° 42' 10" N., longitude 98° 44' 55" W.), within 2 miles each side of the 352° bearing from Pratt Municipal Airport, extending from the 6-mile radius area to 8 miles N of the airport; and that airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the 352° bearing from Pratt Municipal Airport, extending from the airport to 12 miles N of the airport, within 5 miles each side of the 352° bearing from Pratt Municipal Airport, extending from the airport to 17 miles N of the airport, and within 5 miles each side of the 272° bearing from Pratt Municipal Airport, extending from the airport to 8 miles W of the airport.

AMENDMENTS 4/2/64 29 F. R. 1844 (Added)

Prescott, Ariz.
That airspace extending upward from 700 feet above the surface within 2 miles SW and 3 miles NE of the Prescott VORTAC 303° and 123° radials, extending from 1 mile SE to 8 miles NW of the VORTAC, and within 3 miles SW and 2 miles NE of the 157° and 337° bearings from the Prescott RBN, extending from 1 mile SE to 8 miles NW of the RBN; and that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Prescott VORTAC, extending from a line 5 miles W of and parallel to the 337° bearing from the Prescott RBN clockwise to a line 5 miles W of and parallel to the Prescott VORTAC 159° radial; within a 12-mile radius of the Prescott VORTAC, extending from a line 5 miles W of and parallel to the Presoctt VORTAC 159° radial clockwise to a line 5 miles W of and parallel to the 337° bearing from the Prescott RBN; within 5 miles each side of the 337° bearing from the Prescott RBN, extending from the 20-mile radius area to 25 miles NW of the RBN.

AMENDMENTS 8/20/64 29 F.R. 8261 (Changed)

Preston, Minn.
That airspace extending upward from 1,200 feet above the surface within 12 miles N and 8 miles S of the Rochester, Minn., VOR 105° radial, extending from 20 miles to 42 miles E of the VOR.

Priest, Calif.
That airspace extending upward from 1,200 feet above the surface bounded on the E by V-107, on the S by latitude 35° 55' 00" N., and the arc of a 20-mile radius circle centered on the Paso Robles, Calif., VOR, on the W by V-25 E, and on the N by V-111, excluding the portion within the Lemoore, Calif., transition area.

AMENDMENTS 1/9/64 28 F. R. 12341 (Rewritten); Alteration of Amend. (Date Changed) 2/6/64 28 F. R. 13769

Princeton, Maine
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Princeton Airport (latitude 45°12'05" N., longitude 67°34'00" W.); and within 2 miles each side of the Princeton VOR 143° radial, extending from the 5-mile radius area to the VOR.

AMENDMENTS 4/30/64 29 F.R. 2931 (Added)

Promontory Point, Utah
That airspace extending upward from 1,200 feet above the surface within 12 miles SW and 8 miles NE of the Ogden, Utah, VOR 316° radial, extending from 35 to 67 miles NW of the Ogden VOR.

**Providence, R. I.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Theodore Francis Green Airport, Providence, R. I., (latitude 41°43'30" N., longitude 71°25'48" W.), within 2 miles each side of the Providence ILS localizer NE course, extending from the 8-mile radius area to the intersection of the Putnam, Conn., VORTAC 106° radial, within 5 miles SE and 8 miles NW of the Providence ILS localizer SW course, extending from the 8-mile radius area to 12 miles SW of the OM, within a 12-mile radius of NAS Quonset Point, R. I., (latitude 41°35'55" N., longitude 71°24'50" W.), within a 7-mile radius of the New Bedford, Mass., Municipal Airport (latitude 41°40'37" N., longitude 70°57'34" W.), within 8 miles SE and 11 miles NW of the New Bedford ILS localizer SW course, extending from the localizer to 12 miles SW of the OM, within a 5-mile radius of the Fall River, Mass., Municipal Airport (latitude 41°45'15" N., longitude 71°06'40" W.), and within 2 miles each side of the 028° bearing from latitude 41°45'15" N., longitude 71°06'55" W., extending from the Fall River Municipal Airport 5-mile radius area to 8 miles NE of the RBN; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 41°12'45" N., longitude 70°42'30" W.; to latitude 41°07'10" N., longitude 71°09'00" W.; to latitude 41°05'15" N., longitude 71°22'05" W.; to latitude 41°03'35" N., longitude 71°31'40" W.; to latitude 41°00'35" N., longitude 72°05'00" W., thence to latitude 41°18'00" N., longitude 72°30'30" W.; to latitude 41°40'00" N., longitude 72°08'00" W.; to latitude 41°55'00" N., longitude 71°59'00" W.; to latitude 41°47'45" N., longitude 71°46'40" W.; thence clockwise along the arc of a 27-mile radius circle centered on the NAS Quonset Point VOR to latitude 41°56'35" N., longitude 71°26'00" W.; to latitude 42°04'00" N., longitude 71°19'00" W.; to latitude 41°53'30" N., longitude 70°56'30" W.; to latitude 41°42'00" N., longitude 70°48'00" W.; to latitude 41°21'00" N., longitude 70°48'00" W.; to the point of beginning.

AMENDMENTS 10/15/64 29 F.R. 11836 (Added)

**Pullman, Mich.**
That airspace extending upward from 1,200 feet above the surface within the area bounded on the N by V-308, on the E by longitude 86°36'00" W., on the SE by V-193, on the SW by the South Bend, Ind., VORTAC 314° radial and on the W by longitude 87°01'00" W.

**Quantico, Va.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of MCAS Quantico, Va. (latitude 38°30'10" N., longitude 77°18'20" W.) and within 3 miles W and 2 miles E of the Brooke, Va., VORTAC 011° and 191° radials, extending from the 8-mile radius area to 2 miles S of the VORTAC. The portion of this transition area within R-6608 may be used only after obtaining prior approval from appropriate authority.

**Quincy, Ill.**
That airspace extending upward from 700 feet above the surface within 5 miles NW and 8 miles SE of the Quincy ILS localizer SW course, extending from 4 miles NE to 12 miles SW of the OM; and that airspace extending upward from 1,200 feet above the surface within a 12-mile radius of Quincy Municipal Airport (latitude 39°56'35" N., longitude 91°11'40" W.), and within 7 miles NW and 8 miles SE of the Quincy VORTAC 214° radial, extending from the 12-mile radius area to 12 miles SW of the VORTAC.

**Rantoul, Ill.**
That airspace extending upward from 700 feet above the surface within an 11-mile radius of Chanute AFB, and that airspace extending upward from 1,200 feet above the surface bounded on the north by latitude 40°45'00" N., on the east by longitude 87°23'00" W., on the S by a line extending from latitude 40°07'00" N., longitude 87°23'00" W., to longitude 88°00'00" W., and the N boundary of V-50, thence via the N boundary of V-50 to longitude 88°40'00" W., and on the west by longitude 88°40'00" W.,
excluding the airspace within the Decatur, Ill., transition area.

AMENDMENTS 5/28/64 29 F.R. 3356 (Added); 10/15/64 29 F.R. 11527 (Changed);

**Rawlins, Wyo.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the 086° and 262° bearings from the Sinclair, Wyo., RBN, extending from the arc of a 5-mile radius circle centered on the Rawlins Municipal Airport (latitude 41°48' 15" N., longitude 107°12'05" W.) to 8 miles E of the RBN, and within 2 miles each side of the 272° bearing from the Sinclair RBN, extending from the arc of a 5-mile radius circle centered on the Rawlins Airport to the RBN; and that airspace extending upward from 1,200 feet above the surface within 8 miles N and 9 miles S of the 086° and 262° bearings from the Sinclair RBN, extending from 12 miles E to 18 miles W of the RBN.

AMENDMENTS 7/23/64 29 F.R. 9893 (Rewritten)

**Readsville, Mo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the Readsville VOR 280° and 100° radials, extending from 20 miles W to 9 miles E of the VOR.

**Red Bluff, Calif.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Redding Municipal Airport (latitude 40° 30' 35" N., longitude 122° 17' 30" W.), and within 2 miles each side of the Redding VOR 192° radial, extending from the 5-mile radius area to 10 miles S of the VOR, excluding the portion within a 1-mile radius of Redding Sky Ranch Airport (latitude 40° 30' 00" N., longitude 122° 22' 35" W.); and that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Red Bluff VORTAC; within 9 miles each side of the Red Bluff VORTAC 291° radial, extending from the 20-mile radius area to 52 miles NW of the VORTAC; within 9 miles W and 10 miles E of the Red Bluff VORTAC 342° radial, extending from the 20-mile radius area to 67 miles N of the VORTAC, and within 10 miles W and 6 miles E of the Red Bluff VORTAC 015° radial, extending from the 20-mile radius area to 56 miles N of the VORTAC.

AMENDMENTS 2/6/64 28 F. R. 12925 (Added);

**Redwood Falls, Minn.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Redwood Falls Municipal Airport (latitude 44° 32' 45" N., longitude 95° 04' 50" W.); and that airspace extending upward from 1,200 feet above the surface within 5 miles W and 8 miles E of the Redwood Falls VOR 023° and 203° radials, extending from 4 miles N to 12 miles S of the VOR.

AMENDMENTS 4/2/64 29 F.R. 556 (Rewritten);

**Reno, Nev.**
That airspace extending upward from 1,200 feet above the surface within a 45-mile radius of the Reno VOR, excluding the portions W of longitude 120°19'00" W., E of longitude 119°00'00" W., and within R-4805; and that airspace SW of Reno within 22 miles N and 13 miles S of the Lake Tahoe, Calif., VOR 090° and 270° radials, extending from 7 miles E to 35 miles W of the VOR.

**Rewey, Wis.**
That airspace extending upward from 1,200 feet above the surface within 10 miles either side of the Rewey VOR 123° and 299° radials, extending from 20 miles SE to 20 miles NW of the VOR.

**Rhinelander, Wis.**
That airspace extending upward from 700 feet above the surface within a 12-mile radius of the Rhinelander VOR, and within a 5-mile radius of the Drott Airport (Lat. 45°30'45" N, Long. 89°33'35" W).

**Richmond, Ind.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Richmond Municipal Airport (latitude 39°45'20" N., longitude 84°50'30" W.); within 2 miles each side of the Richmond VOR 045° radial, extending from the 6-mile radius area to 8 miles NE of the VOR; within 2 miles each side of the Richmond VOR 243° radial, extending from the 6-mile radius area to 8 miles SW of the VOR; and within 2 miles each side of the 234° bearing from the Richmond RBN, extending from the 6-mile radius area to 8 miles SW of the RBN; and that airspace extending upward from 1,200 feet above the surface bounded by a line extending from latitude 39°10'00" N., longitude 85°39'00" W., to latitude 39°30'00" N., longitude 85°39'00" W., to latitude 39°30'00" N., longitude 85°30'00" W., to latitude 40°00'00" N., longitude 85°30'00" W., to latitude 40°00'00" N., longitude 84°58'00" W., to latitude 40°10'00" N., longitude 85°05'45" W., to latitude 40°10'00" N., longitude 85°00'00" W., to latitude 39°40'00" N., longitude 84°25'00" W., to latitude 39°12'00" N., longitude 85°30'00" W., to point of beginning.

AMENDMENTS 8/20/64 29 F.R. 8141 (Added)

**Richmond, Va.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Byrd Field (latitude 37°30'20" N., longitude 77°19'10" W.); within 2 miles each side of the Richmond VOR 136° radial, extending from the 8-mile radius area to 12 miles SE of the VOR; within 5 miles NW and 9 miles SE of the Richmond ILS localizer SW course, extending from the 8-mile radius area to 12 miles SW of the OM; and that airspace extending upward from 1,200 feet above the surface bounded by a line extending from latitude 38°30'00" N., longitude 77°44'00" W.; to latitude 38°24'00" N., longitude 77°29'00" W.; to latitude 38°05'00" N., longitude 77°35'00" W.; to latitude 38°01'00" N., longitude 77°15'00" W.; to latitude 38°14'00" N., longitude 77°04'00" W.; to latitude 37°55'30" N., longitude 76°46'00" W.; to latitude 36°38'15" N., longitude 77°19'15" W.; to latitude 36°33'00" N., longitude 77°57'00" W.; to latitude 36°33'00" N., longitude 78°43'00" W.; to latitude 37°00'00" N., longitude 78°38'00" W.; to the point of beginning, excluding the portion within R-6602.

AMENDMENTS 5/28/64 29 F.R. 3469 (Added)

**Richwoods, Mo.**
That airspace extending upward from 1,200 feet above the surface within 5 miles NW and 8 miles SE of the Richwoods VOR 230° and 050° radials, extending from 7 miles NE to 13 miles SW of the VOR.

**Riverton, Wyo.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Riverton Municipal Airport (latitude 43°03'45" N., longitude 108°27'15" W.), within 2 miles each side of the Riverton VOR 121° radial extending from the 5-mile radius area to 8 miles SE of the VOR, and within 2 miles each side of the Riverton VOR 291° radial extending from the 5-mile radius area to 8 miles NW of the VOR; that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Riverton VOR, and within 10 miles E and 7 miles W of the Riverton VOR 016° radial extending from the 20-mile radius area to 38 miles N of the VOR.

**Rochester, N. Y.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Rochester-Monroe County Airport (latitude 43°07'20" N., longitude 77°39'55" W.); within 8 miles N and 5 miles S of the Rochester ILS localizer E course, extending from the Rochester-Monroe County Airport to 12 miles E of the OM; within 5 miles each side of the Rochester VOR 125° radial, extending from the 7-mile radius area to the INT of the Rochester VOR 125° and the Geneseo, N. Y., VORTAC 061° radials; within 2 miles each side of the Rochester VOR 168° radial, extending from the 7-mile radius area to 8 miles S of the VOR; and within 8 miles S and 5 miles N of the Rochester VOR 280° and 100° radials, extending from the Rochester-Monroe County Airport to 12 miles W; and that airspace extending upward from 1,200 feet above the surface within the area bounded by a line extending from: latitude 43°24'00" N., longitude 76°53'00" W., to latitude 42°57'00" N., longitude 76°57'00" W., to latitude 42°32'00" N., longitude 77°36'00" W., to latitude 42°32'00" N., longitude 78°21'00" W., to latitude 43°06'00" N., longitude 78°21'00" W., to latitude 43°24'00" N., longitude 77°55'00" W., to point of beginning.

AMENDMENTS 5/28/64 29 F.R. 4853 (Added)

**Rockaway, Oreg.**
That airspace extending upward from 19,500 feet MSL bounded on the E by the continental control area, and on the S, W, and NW by a line extending from the boundary of the continental control area through latitude 45°24'00" N., longitude 124°13'00" W., to latitude 45°36'00" N., longitude 124°28'00" W., to latitude 45°44'00" N., longitude 124°28'00" W., through latitude 45°55'00" N., longitude 124°15'00" W., to the boundary of the continental control area, excluding the airspace within Federal airways.

**Rockford, Ill.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Greater Rockford Airport (latitude 42°11'50" N., longitude 89°05'45" W.), within 8 miles E and 5 miles W of the Rockford ILS localizer S course, extending from the Greater Rockford Airport to 12 miles S of the OM; and that airspace extending upward from 1,200 feet above the surface bounded on the N by latitude 42°45'00" N., on the E by longitude 88°30'00" W., on the S by latitude 41°55'00" N., and on the W by longitude 89°55'00" W.

**Rockland, Maine**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Rockland Airport (latitude 44°03'40" N., longitude 69°06'05" W.); within 2 miles each side of the 192° bearing from the Rockland RBN, extending from the 5-mile radius area to 8 miles SW of the RBN; within 2 miles each side of the 292° bearing from the Rockland Airport, extending from the 5-mile radius area to 7 miles W of the airport; and within 2 miles each side of the 332° bearing from the Rockland Airport, extending from the 5-mile radius area to 7 miles NW of the airport.

AMENDMENTS 4/30/64 29 F.R. 2931 (Added)

**Rock Springs, Wyo.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Rock Springs ILS localizer E course, extending from 6 miles to 12 miles E of the OM; within 1 mile N and 5 miles S of the Rock Springs VORTAC 097° radial, extending from the arc of a 5-mile radius circle centered on Rock Springs Municipal Airport (latitude 41° 35' 45" N., longitude 109° 04' 00" W.), to 14 miles E of the VORTAC, and within 2 miles each side of the Rock Springs VORTAC 259° radial, extending from the arc of a 5-mile radius circle centered on Rock Springs Municipal Airport to 10 miles W of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 7 miles N and 11 miles S of the Rock Springs VORTAC 079° and 259° radials, extending from 20 miles E to 20 miles W of the VORTAC, and that airspace within a 23-mile radius of the Rock Springs VORTAC, extending clockwise from a line 5 miles NW of and parallel to the Rock Springs VORTAC 026° radial to a line 5 miles S of and parallel to the VORTAC 097° radial.

AMENDMENTS 2/6/64 28 F. R. 13358 (Added);

**Rockwood, Tenn.**
That airspace extending upward from 700 feet above the surface within a 10-mile radius of Fowler Field (latitude 35°55'15" N., longitude 84°41'25" W.), and within 8 miles SW and 5 miles NE of the 120° bearing from latitude 35°55'17" N., longitude 84°41'27" W., extending from the 10-mile radius area to 12 miles SE of latitude 35°55'17" N., longitude 84°41'27" W., excluding the portion bounded on the NE by a line 8 miles SW of and parallel to the 120° bearing from latitude 35°55'17" N., longitude 84°41'27" W., and on the NW by a line 16 miles NW of and parallel to the Chattanooga, Tenn., VORTAC 037° radial.

AMENDMENTS 8/20/64 29 F. R. 8163 (Added); On Publ. 11/7/64 29 F. R. 15075 (Changed);

**Rocky Point, Alaska**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the 255° bearing from the Kodiak, Alaska, RR, extending from 18 miles E to 8 miles W of the INT of the 255° bearing from the Kodiak RR and the 132° bearing from the King Salmon, Alaska, RR.

**Rome, Ga.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Russell Field, Rome, Ga. (latitude 34°21'00" N., longitude 85°09'30" W.), within 2 miles each side of the Rome VOR 349° radial, extending from the 8-mile radius area to the VOR; within 2 miles each side of the 165° bearing from the Rome RBN, extending from the 8-mile radius area to 8 miles S of the RBN; and that airspace extending upward from 1,200 feet above the surface bounded on the N. by latitude 34°37'00" N., on the E. by longitude 85°00'00" W., on the S. by latitude 33°59'00" N., and on the W. by longitude 85°21'00" W. excluding the portion which coincides with the Atlanta, Ga., transition area.

**Roseburg, Oreg.**
That airspace extending upward from 1,200 feet above the surface within 7 miles E and 10 miles W of the Roseburg VOR 175° and 355° radials extending from 20 miles N to 12 miles S of the VOR.

**Roswell, N. Mex.**
That airspace extending upward from 700 feet above the surface bounded by a line beginning at latitude 33° 06' 00" N., longitude 104° 50' 00" W., to latitude 33° 23' 00" N., longitude 104° 50' 00" W., to latitude 33° 34' 00" N., longitude 104° 40' 00" W., to latitude 33° 34' 00" N., longitude 104° 25' 00" W., to latitude 33° 37' 00" N., longitude 104° 20' 00" W., to latitude 33° 26' 00" N., longitude 104° 07' 00" W., to latitude 33° 09' 00" N., longitude 104° 12' 00" W., to latitude 33° 02' 00" N., longitude 104° 30' 00" W., to point of beginning; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 32° 40' 38" N., longitude 104° 58' 25" W., to latitude 32° 50' 40" N., longitude 105° 15' 00" W., to latitude 32° 58' 00" N., longitude 105° 09' 00" W., to latitude 33° 41' 30" N., longitude 105° 09' 00" W., thence clockwise via the arc of a 45-mile radius circle centered on Walker AFB, Roswell, N. Mex., (latitude 33° 18' 05" N., longitude 104° 31' 20" W.) to latitude 33° 32' 00" N., longitude 103° 47' 35" W., to latitude 33° 04' 00" N., longitude 103° 48' 00" W.; thence clockwise via the arc of a 45-mile radius circle centered on Walker AFB to latitude 32° 44' 00" N., longitude 104° 54' 20" W., thence to point of beginning; and that airspace extending upward from 8,500 feet MSL within 5 miles each side of the Roswell VOR 350° radial, extending from the 45-mile radius area to 63 miles N of the Roswell VOR; within 5 miles each side of the Walker AFB TACAN 348° radial, extending from the 45-mile radius area to 67 miles N of the Walker TACAN; within 5 miles each side of the Roswell VOR 007° radial, extending from the 45-mile radius area to 69 miles N of the Roswell VOR; within 5 miles each side of the Roswell VOR 060° radial, extending from the 45-mile radius area to 64 miles NE of the Roswell VOR; within 5 miles each side of the Walker TACAN 192° radial, extending from the 45-mile radius area to 63 miles S of the Walker TACAN, and within 5 miles each side of the Roswell VOR 186° radial, extending from the 45-mile area to 65 miles S of the Roswell VOR. The portion of this transition area within 5 miles each side of the Roswell VOR 060° radial, extending from the 45-mile radius area to 64 miles NE is excluded from Federal airways.

AMENDMENTS 2/6/64 28 F. R. 12925 (Added);

**Russell, Kans.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Russell Municipal Airport (latitude 38°52'25" N., longitude 98°48'45" W.),and that airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the Russell VOR 007° and 187° radials, extending from 1 mile S to 12 miles NE of the VOR.

AMENDMENTS 9/17/64 29 F.R. 7313 (Added)

**Saginaw, Mich.**
That airspace extending upward from 1,200 feet above the surface, within a 14-mile radius of Tri-City Airport (latitude 43°31'54" N., longitude 84°04'54" W.), within 10 miles SW and 6 miles NE of the Saginaw VOR 317° radial, extending from the 14-mile radius area to 37 miles NW of the VOR, and within the area bounded on the N by latitude 43°36'00" N., and the 14-mile radius area, on the NE by the NE boundary of V-216, on the E by longitude 83°30'00" W, on the S by latitude 43°16'00" N., and on the W by longitude 84°25'00" W.

**St. Clairsville, Ohio**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Alderman Field, St. Clairsville, Ohio (latitude 40° 03' 25" N., longitude 80° 57' 55" W.), and within 2 miles each side of the Bellaire, Ohio, VOR 291° radial, extending from the 5-mile radius area to the VOR.

AMENDMENTS 2/6/64 28 F. R. 12339 (Added)

**St. Johns, Ariz.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the St. Johns VORTAC 067° and 247° radials, extending from 9 miles NE to 20 miles SW of the VORTAC.

**St. Joseph, Mo.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Rosecrans Memorial Airport (latitude 39°46'23" N., longitude 94°54'31" W.); within 5 miles E and 8 miles W of the St. Joseph ILS localizer S course, extending from the 8-mile radius area to 12 miles S of the OM; and that airspace extending upward from 1200 feet above the surface bounded by a line extending from the INT of the S boundary of V-216 and the W boundary of V-13 SW along V-13 to latitude 39°44'00" N.; to latitude 39°44'00" N., longitude 94°43'20" W.; to latitude 39°30'00" N., longitude 94°49'00" W.; to latitude 39°30'00" N., longitude 95°09'00" W.; thence N along longitude 95°09'00" W. to its INT with the arc of a 20-mile radius circle centered at the Rosecrans Memorial Airport; thence clockwise along this arc to the W boundary of V-205; thence N along the W boundary of V-205 to the S boundary of V-216; thence E along the S boundary of V-216 to point of beginning; and that airspace N of St. Joseph bounded on the E by a line 5 miles NE of and parallel to the Neola, Iowa, VORTAC 142° radial, on the S by V-216 and on the W by V-15.

AMENDMENTS 4/30/64 29 F.R. 2999 (Changed); 9/17/64 29 F.R. 10502 (Changed);

**St. Louis, Mo.**
That airspace extending upward from 700 feet above the surface within a 10-mile radius of Lambert-St. Louis Municipal Airport (latitude 38°44'50" N., longitude 90°21'55" W.), within 5 miles SE and 8 miles NW of the Lambert-St. Louis Municipal Airport ILS localizer NE course, extending from the 10-mile radius area to 12 miles NE of the OM, within a 5-mile radius of Civic Memorial Airport, Alton, Ill. (latitude 38°53'28" N., longitude 90°03'02" W.), within 2 miles each side of the 009° bearing from the Civic Memorial Airport, extending from the 5-mile radius area to 7 miles N of the airport, and within 5 miles S and 8 miles N of the 103° bearing from the Civic Memorial Airport, extending from the airport to 12 miles E of the airport; and that airspace extending upward from 1,200 feet above the surface within a 33-mile radius of Lambert-St. Louis Municipal Airport, within 6 miles SW and 9 miles NE of the St. Louis VORTAC 328° radial, extending from the 33-mile radius area to 36 miles NW of the VORTAC, within a 40-mile radius of Scott AFB, Belleville, Ill. (latitude 38°32'30" N., longitude 89°51'05" W.), and within 5 miles W and 8 miles E of the 009° bearing from Civic Memorial Airport, extending from the airport to 19 miles N of the airport, excluding the airspace within the Vandalia, Ill., transition area and the portion within a 13-mile radius of the Centralia, Ill., VOR.
AMENDMENTS 8/20/64 29 F.R. 5388 (Changed)

**St. Thomas, Pa.**
That airspace extending upward from 1,200 feet above the surface within 7 miles NW and 10 miles SE of the St. Thomas VOR 251° and 067° radials, extending from 20 miles SW to 20 miles NE of the VOR, excluding the portion within R-5801 and R-5803, and the portion within the Washington, D. C. control area extension.

**Salina, Kans.**
That airspace extending upward from 1,200 feet above the surface within a 25-mile radius of the Schilling AFB, Salina, Kans., (Lat. 38°47'30" N, Long. 97°38'45" W); that airspace extending upward from 3,500 feet MSL in the area N of Salina, bounded on the E by the Emporia, Kans., VORTAC 346° radial, on the S by the N boundary of V-4 and the 286° radial of the Salina VORTAC, on the W by Long. 98°30'00" W., and on the N by V-216; and that airspace S of Salina bounded on the E by Long. 97°00'00" W, on the S by V-280 E of the Hutchinson, Kans., VORTAC and V-132 W of the Hutchinson VORTAC on the W by Long. 98°45'00" W, and on the N by V-4 W of the Salina VORTAC and V-4 S alternate E of the Salina VORTAC, excluding the portion within 25 miles of the Hutchinson RBN and the portions within the Manhattan, Kans., transition area, and within V-73 more than 25 miles from Schilling AFB. The portions of this transition area within R-3601 shall be used only after obtaining prior approval from the appropriate authority.
AMENDMENTS 4/30/64 29 F.R. 3356 (Changed) 6/25/64 29 F.R. 5540 (Changed)

**Salisbury, Md.**
That airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the Salisbury VOR 027° and 207° radials, extending from 9 miles SW to 20 miles NE of the VOR, excluding the portion within R-4006 and excluding the airspace within Federal airways.

**Samsville, Ill.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Samsville VOR 266° and 086° radials, extending from 20 miles W to 9 miles E of the VOR.

**San Angelo, Tex.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Mathis Field, San Angelo, Tex. (latitude 31°21'35" N., longitude 100°29'40" W.); within 2 miles each side of the San Angelo ILS localizer SW course, extending from the 8-mile radius area to 8-miles SW of the OM; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 31°40'00" N., longitude 100°39'30" W.; to latitude 31°59'30" N., longitude 100°13'20" W.; to latitude 31°53'15" N., longitude 100°05'30" W.; to latitude 31°33'40" N., longitude 100°11'45" W.; to latitude 31°12'20" N., longitude 99°41'15" W.; to latitude 30°49'45" N., longitude 100°12'45" W.; to latitude 30°47'15" N., longitude 100°22'15" W.; to latitude 31°02'40" N., longitude 100°45'55" W.; to latitude 31°28'40" N., longitude 100°59'40" W.; to latitude 31°39'00" N., longitude 101°27'20" W.; to latitude 31°50'00" N., longitude 101°22'00" W.; to point of beginning. The portion within R-6309 shall be used only after obtaining prior approval from appropriate authority.

San Diego, Calif.
That airspace extending upward from 700 feet above the surface bounded by a line beginning at latitude 33° 15' 00" N., longitude 117° 30' 30" W., to latitude 33° 15' 00" N., longitude 117° 17' 00" W., to latitude 33° 00' 00" N., longitude 117° 07' 00" W., to latitude 33° 00' 00" N., longitude 116° 51' 00" W., thence S along longitude 116° 51' 00" W., to the United States/Mexican Border, thence W along the United States/Mexican Border, and Flight Information Region Boundary to latitude 32° 29' 40" N., longitude 117° 21' 00" W., thence via the arc of a 21-mile radius circle centered on the San Diego VOR to latitude 32° 33' 00" N., longitude 117° 27' 30" W., thence N to the point of beginning; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 33° 30' 00" N., longitude 117° 30' 00" W., thence to latitude 33° 30' 00" N., longitude 116° 18' 00" W., thence to latitude 33° 00' 00" N., longitude 116° 18' 00" W., thence to latitude 33° 00' 00" N., longitude 116° 05' 00" W., thence S via longitude 116° 05' 00" W., to the United States/Mexican Border, thence W via the United States/Mexican Border and Flight Information Region boundary to latitude 32° 29' 40" N., longitude 117° 21' 00" W., thence via the arc of a 21-mile radius circle centered on the San Diego VOR to latitude 32° 37' 15" N., longitude 117° 31' 50" W., thence to latitude 32° 34' 45" N., longitude 117° 39' 00" W., thence to latitude 32° 49' 30" N., longitude 117° 45' 15" W., thence to latitude 32° 57' 40" N., longitude 117° 35' 00" W., thence to latitude 33° 11' 00" N., longitude 117° 48' 55" W., thence to latitude 33° 15' 00" N., longitude 117° 30' 00" W., thence N via longitude 117° 30' 00" W., to the point of beginning, excluding the portion within W-536. The portion of this transition area within R-2503 shall be used only after obtaining prior approval from appropriate authority.

AMENDMENTS 4/2/64 29 F. R. 1445 (Added);

**Sandusky, Ohio**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Griffing-Sandusky Airport (latitude 41°26'00" N., longitude 82°39'05" W.); within 2 miles each side of the Sandusky VOR 026° and 206° radials, extending from the 5-mile radius area to 8 miles SW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within a 12-mile radius of the Griffing-Sandusky Airport; within a 21-mile radius of the Griffing-Sandusky Airport, bounded on the N by the 12-mile radius area on the E by the 163° bearing from the airport, and on the W by the 229° bearing from the airport; and within the area bounded on the NE by V-297, on the SE by V-232, on the SW by the 12-mile radius area, and on the NW by the 034° bearing from the Griffing-Sandusky Airport.

**San Luis Obispo, Calif.**
That airspace extending upward from 1,200 feet above the surface N of San Luis Obispo bounded on the SW by V-27, on the E by V-25 W, and on the N by a line extending from V-27 through latitude 35°30'00" N. longitude 120°56'00" W., and latitude 35°32'00" N., longitude 120°48'00" W., to V-25 W; and W of San Luis Obispo bounded on the NE by V-27 and the Lompoc, Calif., control area extension, and on the W and SW by a line extending from V-27 through latitude 35°17'00" N., longitude 121°00'00" W., to latitude 35°10'00" N., longitude 120°55'00" W., thence through latitude 35°04'00" N., longitude 120°44'30" W. to the Lompoc, Calif., control area extension.

**San Simon, Ariz.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the San Simon VOR 089° and 269° radials, extending from 9 miles W to 20 miles E of the VOR, excluding the portion within the Cochise, Ariz. and Portal, Ariz. transition areas.

**Santa Barbara, Calif.**
That airspace extending upward from 1,200 feet above the surface bounded on the W by V-25, on the N by V-248, on the NE by V-107, on the E by Long. 119°30'00" W, and on the S by V-12.

**Santa Catalina, Calif.**
That airspace extending upward from 1,200 feet above the surface bounded on the E by longitude 117° 30' 00" W., on the S by a line extending from latitude 33° 15' 00" N., longitude 117° 30' 00" W., to latitude 33° 11' 00" N., longitude 117° 48' 55" W., to latitude 33° 18' 00" N., longitude 118° 34' 00" W., on the W by longitude 118° 34' 00" W., and on the N by latitude 33° 30' 00" N., excluding the portion within Control Area 1177. The portion of this transition area within R-2503 shall be used only after obtaining prior approval from appropriate authority.
4/2/64 29 F. R. 1445 (Added);

**Santa Fe, N. Mex.**
That airspace extending upward from 700 feet above the surface within a 10-mile radius of the Santa Fe County Municipal Airport (latitude 35°37'00" N., longitude 106°05'25" W.), within 2 miles each side of the Santa Fe VORTAC 165° radial, extending from the 10-mile radius area to 8 miles S of the VORTAC; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 35°14'00" N., longitude 106°02'05" W.; thence counterclockwise along the arc of a 46-mile radius circle centered on the Albuquerque VORTAC; to latitude 35°37'35" N., longitude 106°24'48" W.; to latitude 35°47'00" N., longitude 106°15'00" W.; to latitude 35°47'00" N., longitude 105°50'00" W.; to latitude 35°14'00" N., longitude 105°50'00" W.; to point of beginning, excluding the portion within R-5101.

**Savannah, Ga.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Travis Field; within a 12-mile radius of Hunter AFB; within 2 miles each side of the Savannah VORTAC 065° radial, extending from the Travis Field 7-mile radius area to 8 miles NE of the VORTAC; within 2 miles each side of the Travis Field ILS localizer E course, extending from the Travis Field 7-mile radius area to 8 miles E of the INT of the ILS localizer E course and the Savannah VORTAC 179° radial; and within 2 miles each side of the Travis Field ILS localizer W course, extending from the Travis Field 7-mile radius area to the OM; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 32°45'50" N., longitude 80° 30'30" W.; to latitude 32°29'30" N., longitude 80°12'00" W.; thence SW via a line 3 nautical miles from the coastline; to latitude 32°13'00" N., longitude 80°30'00" W.; to latitude 32°00'00" N., longitude 80°33'00" W.; to latitude 31°30'00" N., longitude 80°51'05" W.; thence W via latitude 31°30'00" N., to the E boundary of V-267; thence northwest via the E boundary of V-267 to latitude 31°35'00" N., thence E via latitude 31°35'00" N., to latitude 31°35'00" N., longitude 81°46'35" W.; to latitude 31°38'10" N., longitude 81°43'35" W.; thence clockwise along the arc of a 20-mile radius circle centered on Liberty AAF, Fort Stewart, Ga. (latitude 31°53' 20" N., longitude 81°33'45" W.); to latitude 32°04'10" N., longitude 81°50'00" W.; thence W via latitude 32° 04'10" N., to the E boundary of V-157; thence NE via the E boundary of V-157 to V-18; thence E via the S boundary of V-18 to V-3; thence S via the W boundary of V-3 to latitude 32°44'00" N.; thence E via latitude32°44'00" N., to latitude 32°44'00" N., longitude 80°43'25" W.; to the point of beginning; and that airspace extending upward from 2,700 feet MSL bounded on the N by latitude 32°04'10" N.; on the E by the arc of a 20-mile radius circle centered on Liberty AAF; on the SE by a line extending from latitude 31°38'10" N., longitude 81°43'35" W., through latitude 31°35'00" N., longitude 81°46'35" W.; on the S by latitude 31°35'00" N.; and on the W by V-267 and V-157.

AMENDMENTS 4/30/64 29 F.R. 3293 (Rewritten)

**Scottsbluff, Nebr.**
That airspace extending upward from 700 feet above the surface within 5 miles NW and 8 miles SE of the Scottsbluff VORTAC 211° and 031° radials, extending from 7 miles NE to 13 miles SW of the VORTAC; within 5 miles S and 8 miles N of the Scottsbluff VORTAC 259° and 080° radials, extending from 4 miles W to 13 miles E of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within a 20-mile radius of the Scottsbluff VORTAC.

**Searchlight, Nev.**
That airspace extending upward from 1,200 feet above the surface within 12 miles SW and 8 miles NE of the Las Vegas, VORTAC 157° radial, extending from 10 miles NW to 22 miles SE of the INT of the Las Vegas VORTAC 157° and the Goffs, Calif., VOR 030° radials.

**Sedalia, Mo.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Whiteman AFB, Sedalia, Mo. (latitude 38° 43' 50" N., longitude 93° 33' 00" W.), and within 2 miles each side of Whiteman ILS localizer S course, extending from the 8-mile radius area to 8 miles S of the LOM; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at longitude 93° 30' 00" W., and the south boundary of V-12, thence north via longitude 93° 30' 00" W., to the south boundary of V-4, thence east along the south boundary of V-4 to longitude 92° 31' 00" W., thence south along longitude 92° 31' 00" W., to the south boundary of V-12, thence west along the south boundary of V-12 to and clockwise along the arc of a 29-mile radius circle centered on the Whiteman VOR, to the east boundary of V-205, thence northwest along the east boundary of V-205 to and counterclockwise along the arc of a 42-mile radius circle centered on the Kansas City, Mo., Municipal Airport (latitude 39° 07' 20" N., longitude 94° 35' 30" W.) to the south boundary of V-12, thence east along the south boundary of V-12 to the point of beginning; and that airspace extending upward from 2,500 feet MSL bounded on the north by the south boundary of V-12, on the east by longitude 92° 31' 00" W., and the west boundary of V-63, on the south by the arc of a 25-mile radius circle centered on Springfield, Mo., Municipal Airport (latitude 37° 14' 35" N., longitude 93° 23' 20" W.), on the west by the east boundary of V-205 and the arc of a 29-mile radius circle centered on the Whiteman VOR.

3/5/64 28 F. R. 13929 (Added);

**Shenandoah, Pa.**
That airspace extending upward from 1,200 feet above the surface within 12 miles S and 8 miles N of the Selinsgrove, Pa., VORTAC 083° radial, extending from 10 miles E to 43 miles E of the VORTAC, excluding the portions within Federal Airways, the New York, N. Y., control area extension and the Williamsport, Pa., transition area.

**Sheridan, Wyo.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Sheridan VORTAC 318° radial, extending from the VORTAC to 3 miles NW of the VORTAC, and within 2 miles NE and 3 miles SW of the Sheridan RBN 133° bearing, extending from the arc of a 5-mile radius circle centered on Sheridan County Airport (latitude 44° 46' 25" N., longitude 106° 58' 15" W.) to 14 miles SE of the RBN; and that airspace extending upward from 1,200 feet above the surface within 10 miles NE and 7 miles SW of the Sheridan VORTAC 137° and 317° radials, extending from 25 miles SE to 15 miles NW of the VORTAC.

AMENDMENTS 2/6/64 28 F. R. 13358 (Added);

**Shuyak, Alaska**
That airspace extending upward from 1,200 feet above the surface within 8 miles W either side of the 167° and 347° bearings from the Shuyak RBN, extending from 13 miles N to 14 miles S of the RBN.

**Sidney, Nebr.**
That airspace extending upward from 1,200 feet above the surface within 7 miles N and 10 miles S of the Sidney VOR 261° and 081° radials, extending from 20 miles W to 9 miles E of the Sidney VOR, excluding the airspace within Federal airways.

**Sitka, Alaska**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Sitka RR SW course, extending from 2 miles SW to 8 miles SW of the RR; within 2 miles each side of the Biorka, Alaska, VORTAC 207° radial, extending from 2 miles SW to 8 miles SW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the Biorka VORTAC 027° and 207° radials, extending from 6 miles NE to 14 miles SW of the VORTAC.

**Skwentna, Alaska**
That airspace extending upward from 1,200 feet above the surface within 15 miles S and 23 miles N of the 100° and 280° bearings from the Skwentna RR, extending from 40 miles W to 13 miles E of the RR.

**Slate Run, Pa.**
That airspace extending upward from 1,200 feet above the surface within 12 miles N and 8 miles S of the Stonyfork, Pa., VORTAC 276° radial, extending from 8 miles W to 40 miles W of the VORTAC, excluding the airspace within Federal airways.

**Spokane, Wash.**
That airspace extending upward from 700 feet above the surface within a 15-mile radius of the Spokane International Airport (latitude 47°37'35" N., longitude 117°32'05" W.); and that airspace extending upward from 1,200 feet above the surface within a 38-mile radius of Fairchild AFB, Spokane (latitude 47°36'55" N., longitude 117°39'20" W.), within a 52-mile radius of Fairchild AFB, extending clockwise from the Spokane VORTAC 024° radial to a line 5 miles S of and parallel to the Spokane VORTAC 094° radial, and clockwise from a line 5 miles NE of and parallel to the Spokane VORTAC 156° radial to the Spokane VORTAC 300° radial; and that airspace S of Spokane extending from the 52-mile radius area bounded on the E by longitude 117°32'00" W., on the S by V-536, and on the W by V-281; that airspace extending upward from 7,000 feet MSL within the area bounded by the arcs of 38 and 52-mile radius circles centered on Fairchild AFB, extending clockwise from the Spokane VORTAC 300° to the 024° radials; and that airspace extending upward from 6,000 feet MSL within the area bounded by arcs of 38 and 52-mile radius circles centered on Fairchild AFB, extending clockwise from a line 5 miles S of and parallel to the Spokane VORTAC 094° radial to a line 5 miles NE of and parallel to the Spokane VORTAC 156° radial, excluding the portion within a 39-mile radius of Larson AFB, Moses Lake, Wash.

AMENDMENTS 6/25/64 29 F.R. 5316 (Added)

**Springfield, Ill.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Capital Airport, Springfield, Ill.. (latitude 39°50'35" N., longitude 89°40'35" W.); within 2 miles each side of the Springfield RR 214° bearing, extending from the 7-mile radius area to 12 miles SW of the RR, and within 2 miles each side of the ILS localizer SW course, extending from the 7-mile radius area to 12 miles S of the OM; and that airspace extending unward from 1,200 feet above the surface within a 26-mile radius of Capital Airport, extending clockwise from the Capital VOR 164° radial to a line 5 miles SE of and parallel to the Capital VOR 058° radial; within a 15-mile radius of the Capital VOR, extending clockwise from a line 5 miles SE of and parallel to the Capital VOR 058° radial to the Capital VOR 164° radial; that airspace extending from the 26-mile radius area bounded on the E by longitude 89°33'00" W., on the SE by V-426, on the S by the arc of a 33-mile radius circle centered on the Lambert-St. Louis Municipal Airport (latitude 38°44'50" N., longitude 90°21'55" W.), on the W by the W boundary of V-9W and longitude 90°10'00" W.; and that airspace W of Springfield within 6 miles N and 10 miles S of the Capital VOR 269° radial, extending from the 26-mile radius area to 45 miles W of the VOR.

AMENDMENTS 8/20/64 29 F. R. 5388 (Added)

**Springfield, Mo.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Springfield Municipal Airport (latitude 37° 14' 35" N., longitude 93° 23' 20" W.), within 2 miles each side of the 324° bearing from the Springfield RBN, extending from the 7-mile radius area to 8 miles NW of the RBN, within 5 miles W and 8 miles E of the Springfield ILS localizer S course, extending from 1 mile N to 12 miles S of the OM; and that airspace extending upward from 1,200 feet above the surface within a 25-mile radius of the Springfield Municipal Airport, within 9 miles N and 6 miles S of the Springfield VORTAC 058° radial, extending from the 25-mile radius area to 43 miles NE of the VORTAC, within 6 miles W and 9 miles E of the Springfield VORTAC 146° radial, extending from the 25-mile radius area to 41 miles SE of the VORTAC, within 5 miles NW and 8 miles SE of the Dogwood, Mo., VOR 053° radial, extending from the VOR to 7 miles NE of the VOR, and within 9 miles E and 6 miles W of the Springfield VORTAC 210° radial, extending from the 25-mile radius area to 44 miles SW of the VORTAC.
3/5/64 29 F. R. 132 (Added);

**Stansbury, Utah**
That airspace extending upward from 1,200 feet above the surface within 12 miles S and 8 miles N of the Salt Lake City, Utah, VORTAC 265° radial, extending from 13 miles to 45 miles W of the VORTAC.

**Stillwater, Okla.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Searcy Field, Stillwater, Okla. (latitude 36° 09' 30" N longitude 97° 05' 05" W.), and within 5 miles E and 8 miles W of the 359° bearing from the airport, extending from the airport to 12 miles N
4/2/64 29 F R 2308 (ADDED)

**Stockton, Calif.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Stockton ILS localizer SE course, extending from the OM to 1 mile NW of the OM; within 2 miles each side of the Stockton VORTAC 140° radial, extending from the VORTAC to 8 miles SE of the VORTAC, and within a 12-mile radius of the Stockton VORTAC, extending from the arc of a 5-mile radius circle centered on the Stockton Municipal Airport (latitude 37° 53' 45" N., longitude 121° 14' 10" W.) clockwise from a line 2 miles SW of and parallel to the Stockton VORTAC 303° radial to a line 2 miles NE of and parallel to the Stockton VORTAC 334° radial; and that airspace extending upward from 1,200 feet above the surface bounded on the E by longitude 120° 04' 00" W., on the SE by a line extending from latitude 37° 52' 00" N., longitude 120° 04' 00" W., to latitude 37° 38' 00" N., longitude 121° 00' 00" W., on the S by latitude 37° 38' 00" N., on the W by longitude 121° 37' 00" W., and on the N by latitude 38° 07' 00" N.

**Stonyfork, Pa.**
That airspace extending upward from 1,200 feet above the surface within 11 miles SE and 7 miles NW of the Stonyfork VORTAC 029° and 209° radials, extending from 4 miles NE to 26 miles SW of the VORTAC, and within 10 miles S and 7 miles N of the Stonyfork VORTAC 278° and 098° radials, extending from 9 miles W to 20 miles E of the VORTAC, excluding the portion within the Williamsport, Pa., transition area.

Sturgis, Mich.
That airspace extending upward from 700 feet above the surface within a 4-mile radius of Kirsch Airport, Sturgis, Mich., (latitude 41° 48' 50" N., longitude 85° 26' 10" W.), and within 8 miles NW and 5 miles SE of the 059° bearing from Kirsch Airport, extending from Kirsch Airport to 12 miles NE of the airport.

**Summit Alaska**
That airspace extending upward from 1,200 feet above the surface within 25 miles W and 16 miles E of the 187° and 007° bearings from the Summit RR, extending from 22 miles S to 42 miles N of the RR.

**Talkeetna, Alaska**
That airspace extending upward from 1,200 feet above the surface within 23 miles W and 15 miles E of the 022° and 202° bearings from the Talkeetna RBN, extending from 40 miles N to 15 miles S of the RBN, excluding the airspace within Federal airways.

**Tanana, Alaska**
That airspace extending upward from 700 feet above the surface within 5 miles NW and 8 miles SE of the Tanana RR SW course, extending from the RR to 12 miles SW; and within 5 miles NW and 8 miles SE of the Tanana VOR 246° radial, extending from the VOR to 12 miles SW; and that airspace extending upward from 1,200 feet above the surface within a 14-mile radius of the Tanana VOR, extending clockwise from the Tanana VOR 093° to the 280° radials, and within an 8-mile radius of the Tanana VOR, extending clockwise from the Tanana VOR 280° to the 093° radials.
AMENDMENTS 8/20/64 29 F. R. 7505 (Rewritten)

**Taunton, Mass.**
That airspace extending upward from 700 feet above the surface within a 4-mile radius of the Taunton Municipal Airport (latitude 41°52'35" N., longitude 71°01'00" W.), and within 2 miles each side of the Whitman, Mass., VOR 187° radial, extending from the 4-mile radius area to the Whitman VOR

AMENDMENTS 10/15/64 29 F.R. 11836 (Added)

**Taylor, Fla.**
That airspace southwest of Taylor extending upward from 2,500 feet MSL bounded on the N by V-22, on the E by V-157 and on the SW by V-159.

**Terre Haute, Ind.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Hulman Field, Terre Haute, Ind. (latitude 39°27'05" N., longitude 87°18'30" W.); within 2 miles each side of the Terre Haute ILS localizer SW course, extending from the 7-mile radius area to 8 miles SW of the OM; within 2 miles each side of the 198° bearing from the Terre Haute LOM, extending from the 7-mile radius area to 8 miles S of the LOM; and within 5 miles SE and 10 miles NW of the Terre Haute VOR 051° radial, extending from the VOR to 13 miles NE.

**The Dalles, Oreg.**
That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of The Dalles VORTAC 096° and 276° radials, extending from 9 miles W to 20 miles E of the VORTAC, excluding the airspace within Federal airways.

**Thurman, Colo.**
That airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Thurman VOR 100° and 280° radials, extending from 20 miles E to 9 miles W of the VOR.

PENDING AMENDMENT
Toccoa, Georgia
That airspace extending upward from 700 feet above the surface within a 4-mile radius of the Toccoa, Ga., Airport (latitude 34°35'35" N., longitude 83°17'45" W.); within 2 miles each side of the 180° and 360° radials of the Toccoa VOR extending from the 4-mile radius area to 6 miles N of the VOR; including that airspace extending upward from 1200 feet above the surface 5 miles W and 8 miles E of the 360° radial of the Toccoa VOR extending from the VOR to 12 miles N of the VOR.

AMENDMENTS 1/7/65 29 F. R. 14786 (Added)

**Tonopah, Nev.**
That airspace extending upward from 700 feet above the surface within 5 miles W and 3 miles E of the Tonopah VOR 352° and 172° radials, extending from 9 miles N to 2 miles S of the VOR; and that airspace extending upward from 1,200 feet above the surface within a 14-mile radius of the Tonopah VOR, excluding the portions within R-4807 and R-4809.

**Topeka, Kans.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Philip Billard Airport, Topeka, Kans. (latitude 39°04'09" N., longitude 95°37'18" W.), within 2 miles each side of the Topeka VORTAC 039° radial, extending from the 7-mile radius area to 8 miles NE of the VORTAC, within 5 miles SW and 8 miles NE of the Philip Billard Airport ILS localizer NW course, extending from 3 miles SE to 12 miles NW of the OM; within a 7-mile radius of Forbes AFB, Topeka, Kans. (latitude 38°57'10" N., longitude 95°39'50" W.), and within 2 miles each side of the Forbes AFB TACAN 321° radial extending from the 7-mile radius area to 9 miles NW of the TACAN; that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 38°22'30" N., longitude 96°02'00" W., thence SE along a line 8 miles NE of and parallel to the Emporia, Kans., VORTAC 134° radial to the S boundary of V-10, thence NE along the S boundary of V-10 to laltidue 38°53'00" N., longitude 95°05'10" W., thence NW to latitude 38°59'00" N., longitude 95°12'20" W., thence N to latitude 39°30'00" N., longitude 95°09'00" W., thence N along longitude 95°09'00" W., to the arc of a 20-mile radius circle centered on the Rosecrans Memorial Airport, St. Joseph, Mo. (latitude 39°46'23" N., longitude 94°54'31" W.), thence clockwise along the arc of the 20-mile radius circle to the W boundary of V-77, thence SW along the W boundary of V-77 to the arc of a 28-mile radius circle centered on the Philip Billard Airport, thence counterclockwise along the arc of the 28-mile radius circle to longitude 95°45'00" W., thence NW to latitude 39°40'00" N., longitude 95°57'00" W., thence SW to latitude 39°26'50" N., longitude 96°30'50" W., thence SE along the Emporia VORTAC 346° radial to the arc of a 23-mile radius circle centered on Marshall AAF, Fort Riley, Kans. (latitude 39°03'15" N., longitude 96°45'50" W.), thence clockwise along the arc of the 23-mile radius circle to the intersection of the Emporia VORTAC 346° radial, thence SE along the Emporia VORTAC 346° radial to the arc of a 5-mile radius circle centered on the Emporia Municipal Airport, Emporia, Kans. (latitude 38°20'00" N., longitude 96°11'15" W.), thence clockwise along the arc of the 5-mile radius circle to the Emporia VORTAC 044° radial, thence NE along the 044° radial to the point of beginning; and that airspace extending upward from 3,500 feet MSL bounded by a line beginning at Lat. 40°02'20" N., Long. 96°43'00" W., thence E along the S boundary of V-216 and V-50 to the arc of a 20-mile radius circle centered on the Rosecrans Memorial Airport,
thence counterclockwise along the arc of the 20-mile radius circle to the W boundary of V-77, thence SW along the west boundary of V-77 to the arc of a 28-mile radius circle centered on Philip Billard Airport, thence counterclockwise along the arc of the 28-mile radius circle to longitude 95°45'00" W., thence NW to latitude 39°40'00" N., longitude 95°57'00" W., thence SW to latitude 39°26'50" N., longitude 96°30'50" W., thence NW to the point of beginning.

AMENDMENTS 4/30/64 29 F.R. 3356 (Changed); Amend. Alt. 29 F.R. 5457; 9/17/64 29 F.R. 10502 (Changed);

**Traverse City, Mich.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Traverse City Municipal Airport (latitude 44°44'35" N., longitude 85°34'50" W.), within 5 miles SW and 8 miles NE of the Traverse City VOR 158° radial, extending from the 8-mile radius area to 14 miles S of the VOR, and within 5 miles SW and 8 miles NE of the 137° bearing from the Traverse City RBN, extending from the 8-mile radius area to 14 miles SE of the RBN.

**Tremonton, Utah**
That airspace extending upward from 1,200 feet above the surface bounded on the NE by a line extending from V-21 to V-288 through Lat. 41°50'00" N, Long. 112°12'30" W, and Lat. 41°40'00" N, Long. 112°05'00" W, on the S by V-288 and on the W by V-21.

**Tri-City, Tenn.**
That airspace extending upward from 700 feet above the surface

**Vandalia, Ill.**

**Tri-City, Tenn.**
That airspace extending upward from 700 feet above the surface within a 20-mile radius of Tri-City Municipal Airport (latitude 36°28'30" N., longitude 82°24'20" W.) and the airspace extending upward from 1,200 feet above the surface within a 30-mile radius of Tri-City Municipal Airport.

**Truth or Consequences, N. Mex.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of Truth or Consequences Municipal Airport (latitude 33°14'10" N., longitude 107°16'20" W.); and that airspace extending upward from 1,200 feet above the surface within 10 miles E and 7 miles W of the Truth or Consequences VOR 013° and 193° radials, extending from 20 miles N to 9 miles S of the VOR, and within 5 miles each side of the Truth or Consequences VOR 143° radial, extending from the 8-mile radius area to 23 miles SE of the VOR. The portion of this transition area within R-5111 shall be used only after obtaining prior approval from appropriate authority.

**Tuba City, Ariz.**
That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the Tuba City VOR 076° and 256° radials, extending from 9 miles E to 20 miles W of the VOR.

**Tucson, Ariz.**
That airspace extending upward from 700 feet above the surface within a 10-mile radius of Tucson International Airport (latitude 32°07'05" N., longitude 110°56'35" W.); within 3 miles NE and 13 miles SW of the Tucson VORTAC 138° radial, extending from the 10-mile radius area to 9 miles SE of the VORTAC, and within 9 miles SW and 1 mile NE of the Tucson VORTAC 318° radial, extending from the 10-mile radius area to 22 miles NW of the VORTAC; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 32°33'00" N., longitude 111°45'00" W.; to latitude 32°33'00" N., longitude 110°52'00" W.; thence N via longitude 110°52'00" W, to the S boundary of V-94; thence SE via the S boundary of V-94 to longitude 110°00'00" W.; thence S to latitude 31°39'00" N., longitude 110°00'00" W.; to latitude 31°39'00" N., longitude 111°00'00" W.; to latitude 32°00'00" N., longitude 111°45'00" W.; to point of beginning, excluding the portion within R-2303.

AMENDMENTS 7/23/64 29 F.R. 7418 (Added); 9/17/64 29 F.R. 11115 (Changed);

**Tucumcari, N. Mex.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Tucumcari Municipal Airport (latitude 35°10'50" N., longitude 103°36'15" W.); and that airspace extending upward from 1,200 feet above the surface within 10 miles N and 7 miles S of the Tucumcari VOR 267° and 087° radials, extending from 23 miles W to 12 miles E of the VOR; and within 8 miles NW and 5 miles SE of the Tucumcari VOR 033° radial, extending from the VOR to 12 miles NE.

**Tupelo, Miss.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Tupelo Municipal Airport (latitude 34°15'30" N., longitude 88°45'55" W.), within 2 miles each side of the Tupelo VOR 215° radial, extending from the 5-mile radius area to 8 miles SW of the VOR; and the airspace extending upward from 1,200 feet above the surface within an 18-mile radius of the Tupelo Municipal Airport.

**Twenty-Nine Palms, Calif.**
That airspace extending upward from 1,200 feet above the surface bounded on the E by Long. 115°12'00" W, on the S by Lat. 33°28'00" N, on the W by the W boundary of V-208 and V-117, the S boundary of V-16, and Long. 116°28'00" W, and on the N by Lat. 34°17'00" N, excluding the portion within R-2501 and R-2507.

**Twin Falls, Idaho**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Twin Falls VOR; within 8 miles N and 5 miles S of the Twin Falls VOR 086° radial, extending from the VOR to 12 miles E of the VOR, and within 2 miles each side of the Twin Falls VOR 195° radial, extending from the 7-mile radius area to 10 miles S of the VOR; and that airspace extending upward from 1,200 feet above the surface within a 14-mile radius of the Twin Falls VOR, extending clockwise from the VOR 038° radial to the VOR 311° radial; within a 27-mile radius of the Twin Falls VOR, extending clockwise from the VOR 311° radial to the VOR 038° radial, and within 9 miles SW and 6 miles NE of the Twin Falls VOR 311° radial, extending from the VOR to 39 miles NW of the VOR.

AMENDMENTS 2/6/64 28 F. R. 13357 (Rewritten)

**Unalakleet, Alaska**
That airspace extending upward from 1,200 feet above the surface within 10 miles S and 7 miles N of the 290° and 110° bearings from the Unalakleet RR, extending from 24 miles W to 9 miles E of the RR, excluding the airspace within Federal airways.

**Vandalia, Ill**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Vandalia Municipal Airport (latitude 38°59'26" N., longitude 89°09'55" W.); within 2 miles either side of the Vandalia VOR 183° radial extending from the 5-mile radius area to the VOR; the airspace S and SW of the Vandalia VOR extending upward from 1,200 feet above the surface within a 15-mile radius of the Vandalia VOR extending clockwise from the Vandalia VOR 100° radial to the Vandalia VOR 239° radial; within 10 miles NW and 7 miles SE of the Vandalia VOR 074° and 254° radials extending from 20 miles NE to 9 miles SW of the VOR; and within 8 miles W and 5 miles E of the Vandalia VOR 003° radial extending from the VOR to 12 miles N, excluding the portion within V-12

**Vichy, Mo.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Rolla National Airport (latitude 38°07'40" N., longitude 91°46'10" W.), Vichy, Mo.; within 2 miles either side of the Vichy VORTAC 067° radial extending from the 5-mile radius area to 8 miles NE of the VORTAC; and the airspace extending upward from 1,200 feet above the surface within 10 miles SE and 7 miles NW of the Vichy VORTAC 239° and 059° radials extending from 20 miles SW to 9 miles NE of the VORTAC.

**Vicksburg, Miss.**
That airspace extending upward from 700 feet above the surface within a 6-mile radius of the Vicksburg Municipal Airport (latitude 32°14'20" N., longitude 90°55'40" W.); within 2 miles each side of the 276° bearing from the Vicksburg Municipal Airport, extending from the 6-mile radius area to 8 miles W of the airport; and that airspace extending upward from 1,200 feet above the surface within 8 miles S and 5 miles N of the 276° bearing from the Vicksburg Municipal Airport, extending from the airport to 12 miles W; and within 5 miles each side of the 096° bearing from the Vicksburg Municipal Airport, extending from the airport to 12 miles E.

AMENDMENTS 4/30/64 29 F.R. 2934 (Added)

**Victoria, Tex.**
That airspace extending upward from 700 feet above the surface within 8 miles SW and 5 miles NE of the Victoria VOR 313° radial, extending from the VOR to 12 miles NW of the VOR; within 8 miles SW and 5 miles NE of the 324° bearing from latitude 28° 51' 30" N., longitude 96° 55' 00" W., extending from latitude 28° 51' 30" N., longitude 96° 55' 00" W., to 12 miles NW; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 29° 00' 00" N., longitude 97° 17' 00" W.; to latitude 29° 08' 00" N., longitude 97° 00' 00" W., to latitude 28° 52' 50" N., longitude 96° 28' 30" W.; to latitude 28° 47' 25" N., longitude 96° 35'20" W; through latitude 28°43'40" N., longitude 96°28'00" W.; to the N boundary of V-20; thence sw via the N boundary of V-20 to longitude 97°05'00" W.; to point of beginning.

AMENDMENTS 4/2/64 29 F.R. 557 (Added); 9/17/64 29 F.R. 10501 (Changed);

**Victorville, Calif.**
That airspace extending upward from 1,200 feet above the surface bounded on the N by V-12, on the SE by V-8 and on the SW by V-137. The portion of this transition area within R-2526 shall be used only after obtaining prior approval from the appropriate authority

AMENDMENTS 8/20/64 29 F.R. 8260 (Changed)

**PENDING AMENDMENT**
**Visalia, Calif.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Visalia Municipal Airport (latitude 36°19'10" N., longitude 119°23'35" W.), and within 2 miles each side of the Visalia VOR 121° and 301° radials, extending from the 5-mile radius area to 8 miles NW of the VOR.

AMENDMENTS 1/7/65 29 F. R. 14168 (Added)

PENDING AMENDMENT
Wake Island
That airspace extending upward from 1,200 feet above the surface within a 100-nmi radius of the Wake Island VORTAC.

AMENDMENTS 12/10/64 29 F.R. 14103 (Added)

**Walla Walla, Wash.**
That airspace extending upward from 700 feet above the surface within 2 miles each side of the Walla Walla VOR 355° radial, extending from the arc of a 5-mile radius circle centered on the Walla Walla City-County Airport (latitude 46° 05' 35" N., longitude 118° 17' 20" W.), to 8 miles N of the VOR; within 2 miles each side of the Walla Walla RBN 015° bearing, extending from the arc of a 5-mile radius circle centered on the Walla Walla Airport to 8 miles N of the RBN, and within 2 miles NW and 5 miles SE of the Walla Walla VOR 040° radial, extending from the arc of a 5-mile radius circle centered on the Walla Walla Airport to 12 miles NE of the VOR; and that airspace extending upward from 1,200 feet above the surface within 5 miles SE and 12 miles NW of the Walla Walla VOR 023° and 203° radials, extending from 14 miles SW to 28 miles NE of the VOR, and within 6 miles SE and 9 miles NW of the Pendleton, Oreg., VOR 025° radial, extending from 33 miles NE to 61 miles NE of the VOR, excluding the portion within the Pendleton transition area.
AMENDMENTS 4/2/64 29 F. R. 2308 (ADDED)

PENDING AMENDMENT
Walnut Ridge, Ark.
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Walnut Ridge Airport (latitude 36°07'30" N., longitude 90°55'25" W.) and within 2 miles each side of the Walnut Ridge VOR 244° radial extending from the 5-mile radius area to 8 miles SW of the VOR; that airspace extending upward from 1200 feet above the surface within 8 miles SE and 5 miles NW of the Walnut Ridge VOR 244° and 064° radials, extending from 13 miles SW to 7 miles NE of the VOR, and within 5 miles each side of the Walnut Ridge VOR 020° radial, extending from the VOR to 23 miles N, excluding that portion within the Memphis, Tenn., transition area.

AMENDMENTS 1/7/65 29 F. R. 14523 (Added)

**Washington, D. C.**
That airspace extending upward from 700 feet above the surface bounded on the W by a line beginning at latitude 38°37'20" N., longitude 77°35'30" W., extending N to latitude 38°50'30" N., longitude 77°35'20" W., thence clockwise along the arc of a 10-mile radius circle centered at Dulles International Airport, Chantilly, Va. (latitude 38°56'40" N., longitude 77°27'24" W.), to and clockwise along the arc of a 22-mile radius circle centered at Davison AAF, Fort Belvoir, Va. (latitude 38°42'55" N., longitude 77°10'50" W.) to, and clockwise along, the arc of a 10-mile radius circle centered at Andrews AFB, Camp Springs, Md. (latitude 38°48'40" N., longitude 76°52'05" W.) to latitude 38°40'15" N., longitude 76°55'10" W., to latitude 38°35'00" N., longitude 76°54'20" W., to latitude 38°35'00" N., longitude 77°11'40" W., thence counterclockwise along the arc of an 8-mile radius circle centered at MCAS Quantico, Va. (latitude 38°30'10" N., longitude 77°18'20" W.) to latitude 38°35'10" N., longitude 77°24'20" W., thence to the point of beginning, and within 2 miles each side of the Dulles International Airport runway 19R ILS localizer N course, extending from the 10-mile radius area centered at the Dulles International Airport to the Poolesville, Md., RBN; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 39°05'26" N., longitude 78°12'02" W., to latitude 38°51'15" N., longitude 78°12'21" W.; to latitude 38°30'00" N., longitude 77°44'00" W.; to latitude 38°24'00" N., longitude 77°29'00" W.; to latitude 38°05'00" N., longitude 77°35'00" W.; to latitude 38°01'00" N., longitude 77°15'00" W.; to latitude 38°14'00" N., longitude 77°04'00" W.; to latitude 38°14'00" N., longitude 76°46'00" W.; to latitude 38°47'00" N., longitude 76°16'00" W.; to latitude 38°57'00" N., longitude 76°22'00" W.; to latitude 39°09'00" N., longitude 77°12'00" W.; to latitude 39°18'00" N., longitude 77°22'00" W.; to the point of beginning. The portions of this transition area within R-6601, R-6608, R-6611, R-6612 and R-6613 may be used only after obtaining prior approval from appropriate authority. The portion within P-56 is excluded.

**Waterville, Maine**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Robert La Fleur Airport, Waterville, Maine (latitude 44°32'10" N., longitude 69°40'30" W.); and within 2 miles each side of the 222° bearing from the Waterville RBN, extending from the 5-mile radius area to 8 miles SW of the RBN, excluding the portion within the Augusta, Maine, transition area.

AMENDMENTS 4/30/64 29 F.R. 2931 (Added)

**Watkins Glen, N. Y.**
That airspace extending upward from 1,200 feet above the surface within 7 miles NE and 10 miles SW of the Watkins Glen VOR 120° and 300° radials, extending from 9 miles SE to 20 miles NW of the VOR, excluding the airspace within Federal airways.

**Waukon, Iowa**
That airspace extending upward from 1,200 feet above the surface within 12 miles NE and 8 miles SW of the Waukon VOR 123° and 303° radials, extending from 22 miles SE to 10 miles NW of the VOR.

**Wendover, Utah**
That airspace extending upward from 8,700 feet MSL bounded on the N by V-6, on the W by V-253, on the S by V-32 and on the E by a line extending from latitude 40°51'30" N., longitude 112°56'30" W., to latitude 41°00'00" N., longitude 112°56'30" W.; to latitude 41°00'00" N., longitude 112°45'00" W.; to latitude 41°10'40" N., longitude 112°45'00" W.; to latitude 41°12'00" N., longitude 112°52'00" W.; thence N via longitude 112°52'00" W., to V-6.

AMENDMENTS 9/17/64 29 F.R. 10502 (Rewritten)

**Wheeling, W. Va.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of Wheeling-Ohio County Airport (latitude 40° 10' 25" N., longitude 80° 38' 55" W.); within 2 miles each side of the Wheeling VOR 036° and 216° radials, extending from the 7-mile radius area to 8 miles NE of the VOR, and within 2 miles each side of the Wheeling ILS localizer SW course, extending from the 7-mile radius area to 8 miles SW of the OM.

AMENDMENTS 2/6/64 28 F. R. 12339 (Added)

**White Cloud, Mich.**
That airspace extending upward from 1,200 feet above the surface within 10 miles E and 7 miles W of the White Cloud VOR 006° and 186° radials, extending from 20 miles N to 9 miles S of the VOR.

**Wichita, Kans.**
That airspace extending upward from 700 feet above the surface within an 8-mile radius of the Wichita Municipal Airport (latitude 37° 39' 10" N., longitude 97° 25' 46" W.),within 2 miles each side of the Wichita Municipal Airport ILS localizer N course, extending from the 8-mile radius area to 8 miles N of the INT of the Wichita Municipal Airport ILS localizer N course and the Wichita VOR 075° radial. within 5 miles E and 8 miles W of the Wichita Municipal Airport ILS localizer S course, extending from the 8-mile radius area to 12 miles S of the OM, within an 8-mile radius of McConnell AFB, Wichita, Kans. (latitude 37° 37' 25" N., longitude 97° 16' 00" W.) within 2 miles each side of the McConnell AFB ILS localizer S course, extending from the 8-mile radius area to 8 miles S of the OM, and within a 6-mile radius of the Beech Factory Airport, Wichita Kans. (latitude 37° 41' 10" N., longitude 97° 13' 15" W.); and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at the INT of the N boundary of V-516 and longitude 96° 29' 00" W., thence extending NW to the INT of a line 10 miles SE of and parallel to the Emporia, Kans., VORTAC 209° radial and latitude 37° 10' 00" N., thence NE along a line 10 miles SE of and parallel to the Emporia, Kans., VORTAC 209° radial to the Emporia VORTAC 134° radial, thence NW along the Emporia VORTAC 134° and 314° radials to , and W along the N boundary of V-10 to, and NE along, the W boundary of V-77 to, and SW along, the SE boundary of V-280 to, and E along, the N boundary of V-10 to longitude 97° 15' 00" W., thence SW to latitude 38° 00' 30" N., longitude 97° 28' 00" W., thence SW to the INT of the NW boundary of V-12 N alternate and longitude 97° 56' 25" W., thence SW along the NW boundary of V-12 N alternate to, and S along, the W boundary of V-125 to, and SE along, the SW boundary of V-74 to the Ponca City, Okla., VORTAC 217° radial, thence NE along the Ponca City VORTAC 217° and 047° radials to, and NE along, the NW boundary of V-516 to the point of beginning; and that airspace extending upward from 3,500 feet MSL bounded by a line beginning at the INT of the N boundary of V-516 and longitude 96° 29' 00" W., thence extending NW to the INT of a line 10 miles SE of and parallel to the Emporia, Kans., VORTAC 209° radial and latitude 37° 10' 00" N., thence NE along a line 10 miles SE of and parallel to the Emporia, Kans., VORTAC 209° radial to, and SE along, the SW boundary of V-132 to, and SE along, a line 12 miles SW of and parallel to the Chanute, Kans., VOR 334° and 154° radials to, and S along, the W boundary of V-131 to, and SW along, the NW boundary of V-516 to the point of beginning, excluding the portions within the Ponca City, Okla., control zone, the Ponca City, Okla., transition area, the Emporia, Kans., control zone, and the Emporia, Kans., transition area.

AMENDMENTS 4/30/64 29 F. R. 2930 (Added) F.R Correction. 29 F.R. 3524

**Williamsport, Pa.**
That airspace extending upward from 1,200 feet above the surface within 10 miles NE and 7 miles SW of the Williamsport VORTAC 127° and 307° radials, extending from 9 miles SE to 20 miles NW of the VORTAC; within 10 miles S and 7 miles N of the 271° and 091° bearings from the Hughesville, Pa., RBN, extending from 9 miles W to 20 miles E of the Hughesville RBN; within 10 miles N and 7 miles S of the Milton, Pa., VORTAC 094° and 274° radials, extending from 20 miles E to 9 miles W of the VORTAC, and within 12 miles S and 8 miles N of the Williamsport VORTAC 281° radial, extending from 9 miles W to 41 miles W of the VORTAC, excluding the airspace within Federal airways.

**Williston, N. Dak.**
That airspace extending upward from 700 feet above the surface within a 9-mile radius of Sloulin Field, Williston, N. Dak. (latitude 48°10'35" N., longitude 103°38'10" W.), and within 2 miles each side of the Williston VOR 316° radial, extending from the 9-mile radius area to 8 miles NW of the VOR; and the airspace extending upward from 1,200 feet above the surface within 8 miles SW and 5 miles NE of the Williston VOR 136° and 316° radials, extending from 4 miles SE to 13 miles NW of the VOR.

**Willoughby, Ohio**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of the Lost Nation Airport, Willoughby (latitude 41°41'00" N., longitude 81°23'25" W.); within a 5-mile radius of the Cuyahoga County, Ohio, Airport (latitude 41°33'55" N., longitude 81°29'20" W.); within 2 miles each side of the 088° bearing from the Lost Nation RBN, extending from the Lost Nation 5-mile radius area to 13 miles E of the RBN; within 2 miles each side of the 268° bearing from the Lost Nation RBN, extending from the Lost Nation 5-mile radius area to 8 miles W of the RBN; and within 2 miles each side of the 056° bearing from the Cuyahoga County RBN, extending from the Cuyahoga County 5-mile radius area to 13 miles NE of the Cuyahoga County Airport.

**Willow Beach, Nev.**
That airspace extending upward from 1,200 feet above the surface within 8 miles NE and 12 miles SW of the Las Vegas, Nev., VORTAC 121° radial, extending from 10 miles NW to 22 miles SE of the INT of the Las Vegas VORTAC 121° and the Mormon Mesa, Nev., VORTAC 200° radial.

**Wilmington, Del.**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Greater Wilmington, Del., Airport (latitude 39° 40' 40" N., longitude 75° 36' 25" W.) within 2 miles each side of the New Castle, Del., VORTAC 238° radial, extending from the 7-mile radius area to 8 miles SW of the VORTAC.

AMENDMENTS 4/2/64 29 F. R. 2419 (Added)

**Wink, Tex.**
That airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at latitude 31°33'40" N., longitude 102°59'10" W.; to latitude 31°26'20" N., longitude 103°01'00" W.; to latitude 31°26'30" N., longitude 103°29'30" W.; to latitude 32°02'00" N., longitude 103°29'30" W.; to latitude 32°06'45" N., longitude 103°07'50" W.; to latitude 32°04'50" N., longitude 102°58'00" W.; to latitude 31°34'20" N., longitude 103°03'45" W.; to point of beginning.

**Winslow, Ariz.**
That airspace extending upward from 700 feet above the surface within a 9-mile radius of Winslow Municipal Airport (latitude 35°01'15" N., longitude 110°43'15" W.); within 2 miles each side of the Winslow VORTAC 314° radial, extending from the 9-mile radius area to 8 miles NW of the VORTAC, and within 2 miles each side of the 354° bearing from the Winslow RBN, extending from the 9-mile radius area to 8 miles N of the RBN, and that airspace extending upward from 1,200 feet above the surface within 10 miles SW and 13 miles NE of the Winslow VORTAC 154° and 334° radials, extending from 15 miles NW to 25 miles SE of the VORTAC

**Woodville, La.**
That airspace extending upward from 1,200 feet above the surface within 12 miles NW and 8 miles SE of the McComb, Miss., VOR 251° radial, extending from 48 miles to 80 miles SW of the VOR.

**Worthington, Minn.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Worthington Municipal Airport (latitude 43°39'10" N., longitude 95°34'50" W.), and within 8 miles W and 5 miles E of the 358° bearing from Worthington Municipal Airport, extending from the airport to 13 miles N of the airport; and that airspace extending upward from 1,200 feet above the surface within 8 miles W and 5 miles E of the 178° bearing from Worthington Municipal Airport, extending from the airport to the S boundary of V-120.

AMENDMENTS 5/28/64 29 F.R. 3651 (Added)

**Yakima, Wash.**
That airspace extending upward from 700 feet above the surface within 2 miles NE and 3 miles SW of the Yakima VOR 129° and 309° radials, extending from 2 miles NW to 7 miles SE of the VOR; and that airspace extending upward from 1,200 feet above the surface within 5 miles E and 8 miles W of the Ellensburg, Wash. VORTAC 191° radial, extending from 8 miles S to 13 miles N of the INT of the Ellensburg VORTAC 191° and the Yakima VOR 304° radials; within 5 miles E and 8 miles W of the Yakima VOR 198° radial, extending from the VOR to 29 miles S of the VOR; within 5 miles NE and 8 miles SW of the Yakima VOR 309° and 129° radials, extending from 5 miles NW to 12 miles SE of the VOR; and within 5 miles N and 8 miles S of the Yakima ILS localizer E course, extending from the LOM to 12 miles E of the LOM, excluding the portion within R-6714.

**Yakutat, Alaska**
That airspace extending upward from 1,200 feet above the surface within 20 miles N and 22 miles S of the Yakutat VORTAC 092° and 272° radials, extending from 19 miles E to 45 miles W of the VORTAC.

**Yazoo City, Miss.**
That airspace extending upward from 700 feet above the surface within a 5-mile radius of Barrier Field, Yazoo City, Miss. (latitude 32°52'30" N., longitude 90°24'25" W.); within 2 miles each side of the 100° bearing from latitude 32°52'00" N., longitude 90°23'31" W., extending from the 5-mile radius area to 8 miles east of latitude 32°52'00" N., longitude 90°23'31" W.; and that airspace extending upward from 1,200 feet above the surface within 5 miles each side of the 280° bearing from latitude 32°52'00" N., longitude 90°23'31" W., extending from latitude 32°52'00" N., longitude 90°23'31" W., to 18 miles west; and within 8 miles north and 5 miles south of the 100° bearing from latitude 32°52'00" N., longitude 90°23'31" W., extending from latitude 32°52'00" N., longitude 90°23'31" W., to 12 miles east, effective from 0530 to 2215 hours local time, daily.

AMENDMENTS 4/30/64 29 F.R. 3001 (Added) Amend. Alt. 29 F.R. 4671

**Yerington, Nev.**
That airspace extending upward from 1,200 feet above the surface within 12 miles SW and 8 miles NE of the Reno, Nev., VOR 135° radial, extending from 10 miles NW to 22 miles SE of the INT of the Reno VOR 135° and the Lovelock, Nev., VORTAC 197° radials.

**Youngstown, Ohio**
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Youngstown Municipal Airport (latitude 41° 15' 35" N., longitude 80° 40' 40" W.); within 2 miles each side of the Youngstown ILS localizer NW course, extending from the 7-mile radius area to 13 miles NW of the localizer; within 2 miles each side of the Youngstown ILS localizer SE course, extending from the 7-mile radius area to the Hubbard RBN; and within 2 miles each side of the Youngstown VOR 358° radial, extending from the 7-mile radius area to 8 miles N of the VOR; and that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at: latitude 41° 50' 55" N., longitude 81° 05' 30" W.; to latitude 41° 55' 00" N., longitude 80° 35' 00" W.; to latitude 41° 48' 00" N., longitude 80° 25' 00" W.; to latitude 41° 35' 00" N., longitude 79° 36' 00" W.; to the Fitzgerald, Pa., VOR; to the Clarion, Pa., VOR; to latitude 41° 01' 15" N., longitude 80° 08' 00" W.; to latitude 40° 57' 00" N., longitude 80° 30' 00" W.; to latitude 40° 56' 40" N., longitude 80° 36' 00" W.; to latitude 40° 56' 00" N., longitude 80° 52' 00" W.; to latitude 41° 05' 00" N., longitude 80° 50' 00" W.; to latitude 41° 28' 00" N., longitude 81° 10' 00" W.; thence counterclockwise via the arc of a 19-mile radius circle centered on the Lost Nation Airport, Willoughby, Ohio (latitude 41° 41' 00" N., longitude 81° 23' 25" W.), to the point of beginning.

**Yuma, Ariz.**
That airspace extending upward from 700 feet above the surface within an 8 mile radius of MCAS Yuma RBN; and that airspace extending upward from 1,200 feet above the surface within 11 miles E and 8 miles W of the Yuma VOR 351° and 180° radials, extending from 20 miles N to 26 miles S of the VOR, and within 5 miles N and 8 miles S of the Yuma VOR 087° radial, extending from the VOR to 14 miles E of the VOR, excluding the portions within R-2301 and R-2307, and the portion outside the United States.

Zanesville, Ohio
That airspace extending upward from 700 feet above the surface within a 7-mile radius of the Zanesville Municipal Airport (latitude 39° 56' 40" N., longitude 81° 53' 20" W.); within 2 miles each side of the Zanesville RBN 210° bearing, extending from the 7-mile radius area to 8 miles SW of the RBN; and within 2 miles each side of the Zanesville VOR 222° radial, extending from the 7-mile radius area to 8 miles SW of the VOR; and that airspace extending upward from 1,200 feet above the surface bounded by a line beginning at latitude 39° 53' 15" N., longitude 81° 03' 15" W.; to latitude 39° 43' 00" N., longitude 81° 13' 00" W.; to latitude 39° 40' 00" N., longitude 81° 30' 00" W.; to latitude 39° 40' 00" N., longitude 82° 00' 00" W.; to latitude 39° 52' 25" N., longitude 82° 13' 00" W.; thence direct to the Tiverton, Ohio, VOR; to the Newcomerstown, Ohio, VOR; to the INT of the Imperial, Pa., VORTAC 249° radial and the arc of a 60-mile radius circle centered on the Imperial VORTAC; thence via this arc to the point of beginning.
AMENDMENTS 4/2/64 29 F. R. 2307 (ADDED)

**Zuni, N. Mex.**
That airspace extending upward from 8,500 feet MSL within 10 miles N and 7 miles S of the Zuni VORTAC 087° and 267° radials extending from 20 miles E to 9 miles W of the VORTAC.

## SUBPART H - POSITIVE CONTROL AREAS

**§ 71.193 Designation of Positive Control Areas**
The parts of airspace described below are designated as positive control areas.

**Albuquerque, N. Mex.**
That airspace within the continental control area, from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 29°48'30" N., longitude 102°00'00" W.; thence to latitude 30°25'00" N., longitude 102°00'00" W.; thence to latitude 31°23'00" N., longitude 99°28'00" W.; thence to latitude 31° 24'00" N., longitude 98°49'00" W.; thence to latitude 32°00'00" N., longitude 98°50'00" W.; thence to latitude 32°37'00" N., longitude 99°04'00" W.; thence to latitude 33°14'00" N., longitude 98°57'00" W.; thence to latitude 33°15'00" N., longitude 99°30'00" W.; thence to latitude 33°55'00" N., longitude 99°47'00" W.; thence to latitude 34°10'00" N., longitude 100°35'00" W.; thence to latitude 34°46'00" N., longitude 101°01'00" W.; thence to latitude 35°57'00" N., longitude 100°03'00" W.; thence to latitude 36°25'00" N., longitude 100°16'00" W.; thence to latitude 36°46'00" N., longitude 102°28'00" W.; thence to latitude 37°44'00" N., longitude 102°20'00" W.; thence to latitude 36°43'00" N., longitude 106°05'00" W.; thence to latitude 35°26'00" N., longitude 110°00'00" W.; thence to latitude 31°20'00" N., longitude 110°00'00" W.; thence along the United States/Mexican Border to the point of beginning.

**Boston, Mass.**
That airspace within the continental control area from flight level 240 to and including flight level 600; beginning at latitude 43°38'00" N., longitude 76°47'30" W.; thence eastward along the U.S./Canadian boundary to latitude 45°01'00" N., longitude 71°29'00" W.; to latitude 45°00'00" N., longitude 70°00'60" W.; to latitude 44°01'00" N., longitude 69°01'00" W.; to latitude 43°47'48" N., longitude 69°23'20" W.; thence via a line three nautical miles from the coastline to latitude 43°09'31" N., longitude 70°31'24" W.; to latitude 43°07'40" N., longitude 70°32'45" W.; to latitude 43°03'16" N., longitude 70°36'17" W.; to latitude 42°57'43" N., longitude 70°41'49" W.; thence via a line three nautical miles from the coastline to latitude 41°59'10" N., longitude 70°32'10" W.; to latitude 42°05'45" N., longitude 70°17'50" W.; thence via a line three nautical miles from the coastline to latitude 41°29'54" N., longitude 70°30'26" W.; to latitude 41°26'24" N., longitude 71°05'36" W.; thence via a line three nautical miles from the coastline to latitude 41°16'30" N., longitude 71°47'35" W.; to latitude 41°04'50" N., longitude 71°47'25" W.; to latitude 41°01'20" N., longitude 71°50'45" W.; to latitude 41°07'00" N., longitude 71°58'00" W.; to latitude 41°20'00" N., longitude 72°24'00" W.; to latitude 41°47'00" N., longitude 73°28'00" W.; to latitude 42°05'00" N., longitude 73°26'30" W.; to latitude 42°21'00" N., longitude 75°37'00" W.; to latitude 42°12'00" N., longitude 77°21'00" W.; to latitude 42°45'00" N., longitude 76°50'00" W.; to the point of beginning.

AMENDMENTS 10/15/64 29 F.R. 12823 (Added);

Central and Southern U. S.
That airspace within the continental control area, from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 43°35'30"N., longitude 97°23'30" W.; thence to latitude 46°07'30" N., longitude 96°47'30" W.; thence to latitude 46°27'30" N., longitude 95°35'00" W.; thence to latitude 47°33'00" N., longitude 92°19'00" W.; thence to latitude 47°35'30" N., longitude 91°19'00" W.; thence to latitude 46°42'00" N., longitude 89°45'00" W.; thence to latitude 45°50'00" N., longitude 89°45'00" W.; thence to latitude 44°50'00" N., longitude 88°00'00" W.; thence to latitude 44°09'00" N., longitude 85°18'00" W.; thence to latitude 44°04'00" N., longitude 85°00'00" W.; thence to latitude 43°52'00" N., longitude 84°10'00" W.; thence to latitude 43°52'00" N., longitude 82°11'20" W.; thence southward and eastward along the United States/ Canadian Border to latitude 43°38'00" N., longitude 76°47'30" W.; thence to latitude 42°45'00" N., longitude 76°50'00" W.; thence to latitude 40°55'30" N., longitude 78°27'00" W.; thence to latitude 40°51'00 N., longitude 78°02'30" W.; thence to latitude 40°20'00" N., longitude 77°35'00" W.; thence to latitude 40°12'00" N., longitude 77°35'00" W.; thence to latitude 39°54'00" N., longitude 77°31'30" W.; thence to latitude 39°51'00" N., longitude 77°56'00" W.; thence to latitude 39°49'00" N., longitude 78°03'30" W.; thence to latitude 39°34'00 N., longitude 78°58'00" W.; thence to latitude 39°17'30" N., longitude 79°51'00" W.; thence to latitude 38°33'00" N., longitude 80°55'00" W.; thence to latitude 37°11'30" N., longitude 81°09'00" W.; thence to latitude 37°21'45" N., longitude 80°31'30" W.; thence to latitude 36°29'30" N., longitude 79°26'30" W.; thence to latitude 36°19'00" N., longitude 79°16'00" W.; thence to latitude 35°47'20" N., longitude 79°31'00" W.; thence to latitude 35°01'45" N., longitude 80°02'00" W.; thence to latitude 34°52'00" N., longitude 80°10'20" W.; thence to latitude 34°51'00" N., longitude 79°55'00" W.; thence to latitude 34°29'00" N., longitude 79°15'00" W.; thence to latitude 34°29'00" N., longitude 78°45'00" W.; thence to latitude 34°00'00" N., longitude 78°07'00" W.; thence to latitude 33°58'30" N., longitude 77°50'00 W.; thence south via a line three nautical miles from the mainland to latitude 29°00'00" N., longitude 80°48'00" W.; thence to latitude 29°00'00" N., longitude 81°34'20" W.; thence to latitude 28°57'45" N., longitude 81°37'15" W.; thence to latitude 29°02'20" N., longitude 81°41'30" W.; thence clockwise along a 5 nautical mile radius arc centered at latitude 29°06'52" N., longitude 81°42'55" W.; to latitude 29°08'25" N., longitude 81°48'20" W.; thence to latitude 29°22'00"N., longitude 82°02'20" W.; thence to latitude 29°22'00" N., longitude 82°25'30" W.; thence to latitude 29°29'00" N., longitude 82°39'00" W.; thence to latitude 29°14'30" N., longitude 83°07'30" W.; thence north and west via a line three nautical miles from the mainland to latitude 26°42'30" N., longitude 97°16'00" W.; thence to latitude 26°37'45" N., longitude 97°34'00" W.; thence to latitude 26°30'00" N., longitude 99°06'10" W.; thence northwest along the United States/Mexico boundary to latitude 29°48'30" N., longitude 102°00'00" W.; thence to latitude 30°25'00" N., longitude 102°00'00" W.; thence to latitude 31°23'00" N., longitude 99°28'00" W.; thence to latitude 31°24'00" N., longitude 98°49'00" W.; thence to latitude 32°00'00" N., longitude 98°50'00" W.; thence to latitude 32°37'00" N., longitude 99°04'00" W.; thence to latitude 33°14'00" N., longitude 98°57'00" W.; thence to latitude 33°15'00" N., longitude 99°30'00" W.; thence to latitude 33°55'00" N., longitude 99°47'00" W.; thence to latitude 34°10'00" N., longitude 100°35'00" W.; thence to latitude 34°46'00" N., longitude 101°01'00" W.; thence to latitude 35°57'00" N., longitude 100°03'00" W.; thence to latitude 38°25'30" N., longitude 100°18'00" W.; thence to latitude 36°33'00" N., longitude 101°04'30" W.; thence to latitude 37°39'00" N., longitude 101°03'00" W.; thence to latitude 38°36'00" N., longitude 101°28'00 W.; thence to latitude 39°23'00" N., longitude 99°04'00" W.; thence to latitude 43°30'00" N., longitude 99°00'00" W.; thence to latitude 43°30'00" N., longitude 97°17'00" W.; thence to the point of beginning.

Denver, Colorado
That airspace within the continental control area, from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 36° 33' 00" N., longitude 101° 04' 30" W.; thence to latitude 36° 46' 00" N., longitude 102° 28' 00" W.; thence to latitude 37° 44' 00" N., longitude 102° 20' 00" W.; thence to latitude 36° 43' 00" N., longitude 106° 05' 00" W.; thence to latitude 38° 08' 00" N., longitude 106° 38' 00" W.; thence to latitude 37° 48' 00" N., longitude 110° 46' 00" W.; thence to latitude 38° 27' 00" N., longitude 110° 57' 00" W.; thence to latitude 38° 59' 00" N., longitude 111° 07' 00" W.; thence to latitude 39° 39' 00" N., longitude 110° 39' 00" W.; thence to latitude 40° 11' 00" N., longitude 110° 22' 00" W.; thence to latitude 40° 45' 00" N., longitude 109° 35' 00" W.; thence to latitude 41° 05' 00" N., longitude 106° 10' 00" W.; thence to latitude 42° 00' 00" N., longitude 106° 15' 00" W.; thence to latitude 42° 40' 00" N., longitude 107° 05' 00" W.; thence to latitude 43° 00' 00" N., longitude 107° 00' 00" W.; thence to latitude 43° 30' 00" N., longitude 106° 30' 00" W.; thence to latitude 43° 47' 10" N., longitude 106° 31' 00" W.; thence to latitude 43° 50' 00" N., longitude 107° 45' 00" W.; thence to latitude 45° 20' 00" N., longitude 107° 45' 00" W.; thence to latitude 45° 07' 00" N., longitude 104° 15' 00" W.; thence to latitude 44° 37' 00" N., longitude 101° 00' 00" W.; thence to latitude 44° 20' 00" N., longitude 101° 00' 00" W.; thence to latitude 43° 30' 00" N., longitude 100° 26' 00" W.; thence to latitude 43° 30' 00" N., longitude 99° 00' 00" W.; thence to latitude 39° 23' 00" N., longitude 99° 04' 00" W.; thence to latitude 38° 38' 00" N., longitude 101° 28' 00" W.; thence to latitude 37° 39' 00" N., longitude 101° 03' 00" W.; thence to the point of beginning.

AMENDMENTS 2/6/64 28 F. R. 14310 (Rewritten);

Eastern United States
That airspace within the continental control area, from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 42°12'00" N., longitude 77°21'00" W.; thence to latitude 42°21'00" N., longitude 75°37'00" W; thence to latitude 42°05'00" N., longitude 73°26'30" W.; thence to latitude 41°47'00" N., longitude 73°28'00" W.; thence to latitude 41°20'00" N., longitude 72°24'00" W.; thence to latitude 41°07'00" N., longitude 71°58'00" W.; thence to latitude 41°01'20" N., longitude 71°50'45" W.; thence south via a line three nautical miles from the mainland to latitude 33°58'30" N., longitude 77°50'00" W.; thence to latitude 34°00'00" N., longitude 78°07'00" W.; thence to latitude 34°29'00" N.. longitude 78°45'00" W.; thence to latitude 34°29'00" N., longitude 79°15'00" W.; thence to latitude 34°51'00" N., longitude 79°55'00" W.; thence to latitude 34°52'00" N., longitude 80°10'20" W.; thence to latitude 35°01'45" N., longitude 80°02'00" W.; thence to latitude 35°47'20" N., longitude 79°31'00" W.; thence to latitude 36°19'00" N., longitude 79°16'00" W.; thence to latitude 36°29'30" N., longitude 79°26'30" W.; thence to latitude 37°21'45" N., longitude 80°31'30" W.; thence to latitude 37°11'30" N., longitude 81°09'00" W.; thence to latitude 38°33'00" N., longitude 80°55'00" W.; thence to latitude 39°17'30" N., longitude 79°51'00" W.; thence to latitude 39°34'00" N., longitude 78°58'00" W.; thence to latitude 39°49'00" N., longitude 78°03'30" W.; thence to latitude 39°51'00" N., longitude 77°56'00" W.; thence to latitude 39°54'00" N., longitude 77°31'30" W.; thence to latitude 40°12'00" N., longitude 77°35'00" W.; thence to latitude 40°20'00" N.. longitude 77°35'00" W.; thence to latitude 40°51'00" N., longitude 78°02'30" W.; thence to latitude 40°55'30" N., longitude 78°27'00" W.; thence to the point of beginning.

Great Falls, Mont.
That airspace within the continental control area from flight level 240 to and including flight level 600 bounded by a line beginning at latitude 49°00'00" N., longitude 115°00'00" W.; to latitude 45°20'00" N., longitude 115°00'00" W.; to latitude 45°20'00" N., longitude 107°45'00" W.; to latitude 45°07'00" N., longitude 104°15'00" W.; to latitude 44°37'00" N., longitude 101°00'00" W.; to latitude 45°56'30" N., longitude 101°00'00" W.; to latitude 46°00'00" N., longitude 100°00'00" W.; to latitude 49°00'00" N., longitude 100°00'00" W.; to point of beginning.

AMENDMENTS 11/12/64 29 F.R. 13379 (Added)

Los Angeles. Calif.
That airspace within the continental control area. from flight level 240 to and including flight level 600. bounded by a line beginning at: latitude 35°26'40" N.. longitude 121°04'10" W.; thence to latitude 35°32'00" N., longitude 120°51'00" W.; thence to latitude 35°22'00" N., longitude 120°30'00" W.; thence to latitude 35°27'00" N.. longitude 120°20'00" W.; thence to latitude 35°49'00" N., longitude 120°04'00" W.; thence to latitude 35°43'00" N.. longitude 119°33'00" W.; thence to latitude 36°00'00" N.. longitude 119°30'00" W.; thence to latitude 36°00'00" N.. longitude 118°35'00" W.; thence to latitude 37°12'00" N.. longitude 118°35'00" W.; thence to latitude 37°12'00" N.. longitude 117°20'00" W.; thence to latitude 36°00'00" N.. longitude 116°38'00" W.; thence to latitude 36°07'00" N.. longitude 114°57'00" W.; thence to latitude 37°20'00" N.. longitude 114°00'00" W.; thence to latitude 38°00'00" N.. longitude 114°57'00" W.; thence to latitude 38°26'00" N., longitude 115°34'30" W.; thence to latitude 38°59'00" N.. longitude 111°07'00" W.; thence to latitude 38°27'00" N.. longitude 110°57'00" W.; thence to latitude 37°48'00" N.. longitude 110°46'00" W.; thence to latitude 37°15'00" N.. longitude 112°00'00" W.; thence to latitude 35°26'00" N.. longitude 112°00'00" W.; thence to latitude 35°23'00" N.. longitude 112°40'00" W.; thence to latitude 34°58'00" N.. longitude 113°30'00" W.; thence to latitude 34°11'00" N.. longitude 113°30'00" W.; thence to latitude 34°02'00" N.. longitude 114°00'00" W.; thence to latitude 32°15'00" N.. longitude 114°00'00" W.; thence along the United States/Mexican border to latitude 32°31'00" N., longitude 117°11'00" W.; thence via a line three nautical miles from the mainland to the point of beginning.

Miami, Fla.
That airspace within the Continental Control Area. from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 29° 00' 00" N., longitude 80° 48' 00" W.; thence via a line which would delineate United States territorial waters around the Florida peninsula to latitude 29° 14' 30" N., longitude 83° 07' 30" W.; thence to latitude 29° 29' 00" N.. longitude 82° 39' 00" W.; thence to latitude 29° 22' 00" N., longitude 82° 25' 30" W.; thence to latitude 29° 22' 00" N., longitude 82° 02' 20" W.; thence to latitude 29° 08' 25" N., longitude 81° 48' 20" W.; thence counterclockwise along a five nautical mile radius arc centered at latitude 29° 06' 52" N., longitude 81° 42' 55" W.; to latitude 29° 02' 20" N., longitude 81° 41' 30" W.; thence to latitude 28° 57' 45" N., longitude 81° 37' 15" W.; thence to latitude 29° 00' 00" N., longitude 81° 34' 20" W.; thence to the point of beginning, excluding that portion of the area south of latitude 25° 04' 00" N.

**Phoenix, Ariz.**
That airspace within the continental control area from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 32°15'00" N., longitude 114°00'00" W.; thence to latitude 34°02'00" N., longitude 114°00'00" W.; thence to latitude 34°11'00" N., longitude 113°30'00" W.; thence to latitude 34°58'00" N., longitude 113°30'00" W.; thence to latitude 35°23'00" N., longitude 112°40'00" W.; thence to latitude 35°28'00" N., longitude 112°00'00" W., thence to latitude 37°15'00" N., longitude 112°00'00" W., thence to latitude 37°48'00" N., longitude 110°46'00" W.; thence to latitude 38°08'00" N., longitude 106°38'00" W.; thence to latitude 36°43'00" N., longitude 106°05'00" W.; thence to latitude 35°26'00" N., longitude 110°00'00" W.; thence to latitude 31°20'00" N., longitude 110°00'00" W.; thence westward along the U. S.-Mexican border to the point of beginning.

**Salt Lake City, Utah**
That airspace within the continental control area, from flight level 240 to and including flight level 600, bounded by a line beginning at: latitude 40°45'00" N., longitude 119°35'00" W.; thence to latitude 41°50'00" N., longitude 119°52'00" W.; thence to latitude 42°12'00" N., longitude 119°10'00" W.; thence to latitude 43°13'00" N., longitude 119°45'00" W.; thence to latitude 44°00'00" N., longitude 119°20'00" W.; thence to latitude 45°05'00" N., longitude 118°15'00" W.; thence to latitude 45°30'00" N., longitude 117°30'00" W.; thence to latitude 45°30'00" N., longitude 115°45'00" W.; thence to latitude 45°30'00" N., longitude 115°00'00" W.; thence to latitude 45°20'00" N., longitude 115°00'00" W.; thence to latitude 45°20'00" N., longitude 107°45'00" W.; thence to latitude 43°50'00" N., longitude 107°45'00" W.; thence to latitude 43°47'10" N., longitude 106°31'00" W.; thence to latitude 43°30'00" N., longitude 106°30'00" W.; thence to latitude 43°00'00" N., longitude 107°00'00" W.; thence to latitude 42°40'00" N., longitude 107°05'00" W.; thence to latitude 42°00'00" N., longitude 106°15'00" W.; thence to latitude 41°05'00" N., longitude 106°10'00" W.; thence to latitude 40°45'00" N., longitude 109°35'00" W.; thence to latitude 40°11'00" N., longitude 110°22'00" W.; thence to latitude 39°39'00" N., longitude 110°39'00" W.; thence to latitude 38°59'00" N., longitude 111°07'00" W.; thence to latitude 38°26'00" N., longitude 115°34'00" W.; thence to latitude 38°00'00" N., longitude 114°57'00" W.; thence to latitude 37°20'00" N., longitude 114°00'00" W.; thence to latitude 36°07'00" N., longitude 114°57'00" W.; thence to latitude 36°00'00" N., longitude 116°38'00" W.; thence to latitude 37°12'00" N., longitude 117°20'00" W.; thence to latitude 37°12'00" N., longitude 118°35'00" W.; thence to latitude 38°14'00" N., longitude 118°35'00" W.; thence to latitude 39°35'00" N., longitude 119°15'00" W.; thence to the point of beginning.

**Western U. S.**
That airspace within the continental control area, from flight level 240 to and including flight level 600, bounded by a line beginning at latitude 48°30'00" N., longitude 124°45'00" W.; thence along the United States/Canadian Border to latitude 48°17'00" N., longitude 123°13'00" W.; thence to latitude 48°25'00" N., longitude 123°17'00" W.; thence to latitude 48°27'00" N., longitude 123°07'00" W.; thence to latitude 48°37'00" N., longitude 123°12'00" W.; thence to latitude 48°55'30" N., longitude 123°05'00" W.; thence to latitude 48°55'30" N., longitude 122°02'00" W.; thence to latitude 49°00'00" N., longitude 121°48'00" W.; thence along the United States/Canadian Border to latitude 49°00'00" N., longitude 115°00'00" W.; thence to latitude 45°30'00" N., longitude 115°00'00" W.; thence to latitude 45°30'00" N., longitude 115°45'00" W.; thence to latitude 45°30'00" N., longitude 117°30'00" W.; thence to latitude 45°05'00" N., longitude 118°15'00" W.; thence to latitude 44°00'00" N., longitude 119°20'00" W.; thence to latitude 43°13'00" N., longitude 119°45'00" W.; thence to latitude 42°12'00" N., longitude 119°10'00" W.; thence to latitude 41°50'00" N., longitude 119°52'00" W.; thence to latitude 40°45'00" N., longitude 119°35'00" W.; thence to latitude 39°35'00" N., longitude 119°15'00" W.; thence to latitude 38°14'00" N., longitude 118°35'00" W.; thence to latitude 36°00'00" N., longitude 118°35'00" W.; thence to latitude 36°00'00" N., longitude 119°30'00" W.; thence to latitude 35°43'00" N., longitude 119°33'00" W.; thence to latitude 35°49'00" N., longitude 120°04'00" W.; thence to latitude 35°27'00" N., longitude 120°20'00" W.; thence to latitude 35°22'00" N., longitude 120°30'00" W.; thence to latitude 35°32'00" N., longitude 120°51'00" W.; thence to latitude 35°26'40" N., longitude 121°04'10" W.; thence via a line three nautical miles from the mainland to the point of beginning.

SUBPART I - REPORTING POINTS

§ 71.201 **Designation.**
The locations described in this Subpart are designated as reporting points.

§ 71.203 **Domestic low altitude reporting points.**
The reporting points listed below are designated at all altitudes up to but not including 18,000 feet MSL.

## Subpart A -- General

### § 73.1 Applicability.

The airspace that is described in Subpart B of this part is designated as special use airspace. This Part prescribes the requirements for the use of that airspace.

### § 73.3 Special use airspace.

(a) Special use airspace consists of airspace of defined dimensions identified by an area on the surface of the earth wherein activities must be confined because of their nature, or wherein limitations are imposed upon aircraft operations that are not a part of those activities, or both.
(b) The vertical limits of special use airspace are measured by designated altitude floors and ceilings expressed as flight levels or as feet above mean sea level.
(c) The horixontal limits of special use airspace are measured by boundaries described by geographic coordinates or other appropriate references that clearly define their perimeter.
(d) The period of time during which a designation of special use airspace is in effect is stated in the designation.

### § 73.5 Bearings; radials; miles.

(a) All bearings and radials in this part are true from point of origin.
(b) Unless otherwise specified, all mileages in this part are stated as statute miles.

## Subpart B -- Restricted Areas

### § 73.11 Applicability.

This subpart designates restricted areas and prescribes limitations on the operation of aircraft within them.

### § 73.13 Restrictions.

No person may operate an aircraft within a restricted area between the designated altitudes and during the time of designation, unless he has the advance permission of
(a) The using agency described in § 73.15; or
(b) The controlling agency described in § 73.17.

### § 73.15 Using agency.

(a) For the purposes of this part, the following are using agencies:
(1) The agency, organization, or military command whose activity within a restricted area necessitated the area being so designated.
(2) In the case of a Restricted Area/Military Climb Corridor that does not have a designated controlling agency, the Military Air Traffic Control facility that may be contacted for permission for transit through the climb corridor.
(b) Upon the request of the FAA, the using agency shall execute a letter establishing procedures for joint use of a restricted area by the using agency and the controlling agency, under which the using agency would notify the controlling agency whenever the controlling agency may grant permission for transit through the restricted area in accordance with the terms of the letter.
(c) The using agency shall --
(1) Schedure activities within the restricted area;
(2) Authorize transit through, or flight within, the restricted area as feasible; and
(3) Contain within the restricted area all activities conducted therein in accordance with the purpose for which it was designated.

### § 73.17 Controlling agency.

For the purposes of this part, the controlling agency is the FAA facility that may authorize transit through or flight within a restricted area in accordance with a joint-use letter issued under § 73.15.

### § 73.19 Reports by using agency.

(a) Each suing agency shall report once a year, in duplicate, to the Director, Air Traffic Service, Federal Aviation Agency, Washington 25, D. C., on each restricted area for which it is the using agency. The report must reach the Director not later than January 31 and shall cover the 12-month period ending with the preceding September 30.
(b) In its report under this section the using agency shall --
(1) State the name and number of the restricted area as published in this part;
(2) State the period covered by the report;
(3) List in detail the activities carried on in the area by all organizations using it for the restricted area purposes;
(4) State the time that daily operations are normally scheduled to begin and end;
(5) State the average number of hours the area is actually used each day, and in addition, for a restricted area used for aircraft operations the total number of aircraft hours of actual use during the reporting period;
(6) State the number of days each week, weeks each month, and months each year (as appropriate) that the area is used for actual operations;
(7) State whether or not radar is used during operations;
(8) State the number and type of aircraft, if any, normally involved in the activities for which the area was restricted;
(9) List the altitudes used in daily operations of aircraft, including for each activity the altitudes used and the number of hours at each of those altitudes;
(10) Include a chart of the area (of optional scale and design) showing --
(i) The approximate location, and the representative pattern (if any), for firing runs (if any), for bombing runs (if any), the place where runs begin, where firing (if any), begins and ends, and the release point pullup point; and
(ii) The location of impact areas, if any;
(11) State the maximum ordinate of surface firing (expressed in feet, mean sea level altitude) used for required operations;
(12) State the daily number of hours or nimutes, or both, that the maximum ordinate altitudes are normally used in surface to surface firing operations;
(13) List the altitudes normally used for daily surface to surface firing operations;
(14) Include a chart of the area (of optional scale and design) showing --
(i) The location of firing points and impact areas, if any; and
(ii) The perimeter of the firing fan for each weapon used, if any; and
(15) Include a brief statement of any other pertinent facts concerning the current use of the restricted area and requirements for future use of the area or part of it.
(c) This section does not apply to restricted areas established for climb corridors.

## STATES AND POSSESSIONS

### § 73.21 Alabama

R-2101 **Anniston Army Depot, Ala.**
Boundaries. Beginning at latitude 33°41'20" N., longitude 86°00'30" W.; to latitude 33°41'20" N., longitude 85°59'00" W.; to latitude 33°40'30" N., longitude 85°59'00" W.; to latitude 33°39'40" N., longitude 85°59'50" W.; to latitude 33°39'40" N., longitude 86°00'30" W.; to the point of beginning.
Designated altitude. Surface to 5,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding Officer, Anniston Army Depot.

R-2102 **Fort McClellan, Ala.**
Boundaries. Beginning at latitude 33°45'00" N., longitude 85°53'55" W.; to latitude 33°44'07" N., longitude 85°53'36" W.; to latitude 33°44'07" N., longitude 85°52'55" W.; to latitude 33°41'04" N., longitude 85°52'55" W.; to latitude 33°40'15" N., longitude 85°54'00" W.; to latitude 33°41'20" N., longitude 85°55'30" W.; to latitude 33°41'20" N., longitude 86°01'07" W.; to latitude 33°43'55" N., longitude 86°01'07" W.; to latitude 33°44'11" N., longitude 86°00'54" W.; to latitude 33°45'00" N., longitude 86°00'45" W.; to latitude 33°45'20" N., longitude 86°00'31" W.; to latitude 33°45'27" N., longitude 86°00'16" W.; to latitude 33°45'27" N., longitude 85°59'26" W.; to latitude 33°45'14" N., longitude 85°59'26" W.; to latitude 33°45'14" N., longitude 85°55'17" W.; to latitude 33°45'00" N., longitude 85°55'17" W.; to the point of beginning.
Designated altitudes. Surface to 24,000 feet MSL.
Time of use. Continuous.
Controlling agency. Federal Aviation Agency, Atlanta ARTC Center.
Using agency. Commanding Officer, Fort McClellan, Alabama.

R-2103 Fort Rucker, Ala.

Boundaries. A circular area with a radius of 4 miles centered at latitude 31°26'55" N., longitude 85°47'45" W.
Designated altitudes. Surface to 15,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding General, U. S. Army Aviation Center, Fort Rucker, Ala.

R-2104 Huntsville, Ala.

Boundaries. Beginning at Lat. 34°39'21" N, Long. 86°35'30" W; to Lat. 34°35'11" N, Long. 86°35'51" W; to Lat. 34°35'26" N, Long. 86°42'01" W; to Lat. 34°42'00" N, Long. 86°44'30" W; to Lat. 34°42'00" N, Long. 86°41'30" W; to Lat. 34°39'36" N, Long. 86°41'40" W; to point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Memphis ARTC Center.
Using agency. Commanding General, United States Army Ordnance Missile Command, Huntsville, Ala.

§ 73.22 Alaska

R-2201 Anchorage, Alaska (Elmendorf AFB), Restricted Area/Military Climb Corridor.

Boundaries. The area centered on the 296° radial of the Elmendorf AFB TACAN, extending from 2 nmi from the W end of Elmendorf AFB runway 23 to 32 nmi from the W end of runway 23, and having a width of 2 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
2,700 feet MSL to flight level 270 from 2 nmi W to 7 nmi W of the W end of runway 23.
4,000 feet MSL to flight level 270 from 7 to 10 nmi W of the W end of runway 23.
7,000 feet MSL to flight level 270 from 10 to 15 nmi W of the W end of runway 23.
12,000 feet MSL to flight level 270 from 15 to 22 nmi W of the W end of runway 23.
17,000 feet MSL to flight level 270 from 22 to 27 nmi W of the W end of runway 23.
20,000 feet MSL to flight level 270 from 27 to 32 nmi W of the W end of runway 23.
Time of Designation. Continuous.
Controlling Agency. Federal Aviation Agency, Anchorage Approach Control.
Using Agency. Commander, Elmendorf AFB, Alaska.

AMENDMENTS 2/6/64 28 F. R. 13297 (Rewritten);

R-2202 Big Delta, Alaska
Boundaries. Beginning at latitude 64°14'45" N., longitude 146°43'15" W.; to latitude 63°56'17" N., longitude 145°49'30" W.; to latitude 63°54'20" N., longitude 145°50'20" W.; to latitude 63°50'30" N., longitude 145°50'00" W.; to latitude 63°43'00" N., longitude 145°54'01" W.; to latitude 63°42'15" N., longitude 146°13'26" W.; to latitude 63°44'00" N., longitude 146°30'00" W.; to latitude 63°50'50" N., longitude 146°47'30" W.; thence along the E bank of the East Fork and Little Delta Rivers to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Fairbanks ARTC Center.
Using agency. President, U. S. Army Arctic Test Board, Fort Greely, Alaska.

AMENDMENTS 7/23/64 29 F. R. 6531 (Rewritten)

R-2203A Eagle River, Alaska
Boundaries. Beginning at latitude 61°22'00" N., longitude 149°33'48" W.; thence southwesterly along the Alaska Railroad to latitude 61°17'20" N., longitude 149°40'00" W.; to latitude 61°17'15" N., longitude 149°40'00" W.; to latitude 61°17'15" N., longitude 149°36'15" W.; to the point of beginning.
Designated altitudes. Surface to 18,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Anchorage ARTC Center.
Using agency. Commanding General, U. S. Army Alaska, Fort Richardson, Alaska.

AMENDMENTS On Publ. 4/8/64 29 F.R. 4908 (Added)

R-2203B Eagle River, Alaska
Boundaries. Beginning at latitude 61°29'00" N., longitude 149°33'48" W.; to latitude 61°22'00" N., longitude 149°33'48" W.; thence southwesterly along the Alaska Railroad to latitude 61°17'20" N., longitude 149°40'00" W.; to latitude 61°17'15" N., longitude 149°40'00" W.; to latitude 61°17'15" N., longitude 149°42'25" W.; to latitude 61°18'00" N., longitude 149°44'00" W.; to latitude 61°27'15" N., longitude 149°44'00" W.; to the point of beginning.
Designated altitudes. Surface to 18,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Anchorage, ARTC Center.
Using agency. Commanding General, U. S. Army Alaska, Fort Richardson, Alaska.
AMENDMENTS On Publ. 4/8/64 29 F.R. 4908 (Added)

R-2204 Shemya, Alaska.
Boundaries. Beginning at Lat. 52°44'48" N, Long. 174°07'06" E; to Lat. 52°43'42" N, Long. 174° 07'06" E; to Lat. 52°43'42" N, Long. 174°05'16" E; to Lat. 52°44'48" N, Long. 174°05'16" E; to the point of beginning.
Designated altitudes. Surface to 2,500 feet MSL.
Time of designation. Continuous.
Using agency. Commander, 5040th Air Base Squadron, Shemya AFB, Alaska.

R-2205 Yukon, Alaska,

Boundaries. Beginning at Lat. 64°45'30" N, Long. 146°47'20" W; Counterclockwise along the arc of a 25-mile radius circle centered at Lat. 64°50'13" N, Long. 147°36'46" W; to Lat. 64°46'12" N, Long. 146°46'40" W; to Lat. 64°46'10" N, Long. 146°11'15" W; to Lat. 64°35'18" N, Long. 146°11'15" W; to Lat. 64°33'24" N, Long. 146°18'30" W; to Lat. 64°33'25" N, Long. 146°25'00" W; to the point of beginning.
Designated altitudes. Surface to 21,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Fairbanks ARTC Center.
Using agency. Commanding General, U. S. Army Alaska, Fort Richardson, Alaska.

R-2206 Clear, Alaska.

Boundaries. The airspace within a radius of 30,000 feet of Lat. 64°17'16" N, Long. 149°10'58" W, extending clockwise from a bearing of 235° to a bearing of 005° and within a radius of 500 feet, extending clockwise from a bearing of 005° to a bearing of 235°.
Designated altitudes. Surface to 5,000 feet MSL.
Time of designation. Continuous.
Using agency. Commander, Air Defense Command, Ent AFB, Colorado.

§ 73.23 Arizona

R-2301 Ajo, Arizona.

Boundaries. Beginning at Lat. 32°50'25" N, Long. 112°49'00" W; to Lat. 32°11'30" N, Long. 112° 56'45" W; to Lat. 32°11'30" N, Long. 113°05'30" W; to Lat. 31°58'00" N, Long. 113°05'30" W; along the United States-Mexican border to Lat. 32°23'45" N, Long. 114°28'30" W; to Lat. 32°30'00" N, Long. 114°28'30" W; to Lat. 32°30'00" N, Long. 114°31'00" W; to Lat. 32°35'00" N, Long. 114°31'00" W; to Lat. 32°35'00" N, Long. 114°28'30" W; to Lat. 32°39'40" N, Long. 114°28'30" W; to Lat. 32°40'45" N, Long. 114°18'29" W; along the Southern Pacific Railroad and U. S. Highway No. 80 to Lat. 32°44'15" N, Long. 113°41'05" W; to Lat. 32°45'50" N, Long. 113°34'30" W; to the point of beginning.
Designated altitudes. Surface to flight level 800.
Time of designation. Continuous.
Controlling Agency. Federal Aviation Agency, Albuquerque Center.
Using agency. Commander, Luke AFB, Arizona.

AMENDMENTS 3/17/64 29 F.R. 3420 (Changed); 8/20/64 29 F.R. 11115 (Changed)

R-2302 Flagstaff, Arizona.

Boundaries. A circular area with a 6,600-foot radius centered at latitude 35°10'20" N., longitude 111°51'19" W.
Designated altitudes. Surface to 11,000 feet MSL.
Time of designation. 0800 to 2400 MST, Monday through Saturday.
Using agency. Commanding Officer, Navajo Ordance Depot, Flagstaff, Arizona.

R-2303A Fort Huachuca, Arizona

Boundaries. Beginning at latitude 31°29'00" N., longitude 110°00'30" W.; to latitude 31°29'00" N., longitude 110°15'00" W.; to latitude 31°34'00" N., longitude 110°15'00" W.; to latitude 31°34'00" N., longitude 110°22'00" W.; to latitude 31°33'00" N., longitude 110°23'00" W.; to latitude 31°29'00" N., longitude 110°23'00" W.; to latitude 31°29'00" N., longitude 110°41'20" W.; to latitude 31°34'00" N., longitude 110°43'30" W.; to latitude 31°38'30" N., longitude 110°42'00" W.; to latitude 31°38'30" N., longitude 110°39'30" W.; to latitude 31°41'00" N., longitude 110°33'30" W.; to latitude 31°41'00" N., longitude 110°11'40" W.; to latitude 31°36'20" N., longitude 110°03'00" W.; to the point of beginning.
Designated altitudes. Surface to 35,000 feet MSL.
Time of designation. Continuous.
Controlling Agency. Federal Aviation Agency, Albuquerque Center.
Using agency. Commanding General, U. S. Army Electronic Proving Ground, Fort Huachuca, Arizona.

AMENDMENTS On Publ. 5/15/64 29 F. R. 6377, (Added); 8/20/64 29 F. R. 11115 (Changed)

R-2303B Fort Huachuca, Arizona

Boundaries. Beginning at latitude 31°29'00" N., longitude 110°41'20" W.; to latitude 31°29'00" N., longitude 110°23'00" W.; to latitude 31°33'00" N., longitude 110°23'00" W.; to latitude 31°34'00" N., longitude 110°22'00" W.; to latitude 31°34'00" N., longitude 110°15'00" W.; to latitude 31°29'00" N., longitude 110°15'00" W.; to latitude 31°29'00" N., longitude 110°18'00" W.; to latitude 31°23'45" N., longitude 110°18'00" W.; to latitude 31°23'45" N., longitude 110°39'00" W.; to the point of beginning.

Designated altitudes. 15,000 feet MSL to 35,000 feet MSL.

Time of designation. Continuous.

Controlling Agency. Federal Aviation Agency, Albuquerque Center.

Using agency. Commanding General, U. S. Army Electronic Proving Ground, Fort Huachuca, Arizona.

AMENDMENTS On Publ. 5/15/64 29 F. R. 6377 (Added); 8/20/64 29 F. R. 11115 (Changed)

R-2304 Gila Bend, Arizona.

Boundaries. Beginning at latitude 32°38'30" N., longitude 112°18'00" W.; to latitude 32°26'40" N., longitude 112°18'00" W.; to latitude 32°26'40" N., longitude 112°43'30" W.; to latitude 32°49'00" N., longitude 112°39'00" W.; to the point of beginning.

Designated altitudes. Surface to flight level 240.

Time of designation. Sunrise to sunset, Monday through Friday.

Controlling Agency, Federal Aviation Agency, Albuquerque Center.

Using agency. Commander, Luke AFB, Arizona.

AMENDMENTS 3/17/64 29 F.R. 3420 (Changed); 8/20/64 29 F. R. 11115 (Changed)

R-2305 Gila Bend, Arizona

Boundaries. Beginning at Lat. 32°50'25" N, Long. 112°49'00" W; to Lat. 32°50'52" N, Long. 112° 42'53" W; to Lat. 32°49'00" N, Long. 112°39'00" W; to Lat. 32°29'00" N, Long. 112°43'00" W; to Lat. 32°29'00" N, Long. 112°53'30" W; to the point of beginning.

Designated altitudes. Surface to flight level 240.

Time of designation. Sunrise to sunset.

Controlling Agency, Federal Aviation Agency, Albuquerque Center.

Using agency. Commander, Luke AFB, Ariz.

AMENDMENTS 3/17/64 29 F.R. 3420 (Changed); 8/20/64 29 F. R. 11115 (Changed)

R-2307 Yuma, Ariz.

Boundaries. Beginning at latitude 32°52'00" N., longitude 114°00'00" W.; to latitude 32°52'50" N., longitude 113°50'10" W.; to latitude 32°58'00" N., longitude 113°37'20" W.; to latitude 33°02'00" N., longitude 113°37'20" W.; to latitude 33°02'00" N., longitude 113°56'30" W.; to latitude 33°00'00" N., longitude 114°11'00" W.; to latitude 33°00'00" N., longitude 114°30'00" W.; thence along the west bank of the Colorado River to latitude 32°51'45" N., longitude 114°27'50" W.; to latitude 32°52'30" N., longitude 114°21'00" W.; to latitude 32°51'15" N., longitude 114°21'00" W.; to the point of beginning.

Designated altitudes. Unlimited.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.

Using agency. Commanding Officer, Yuma Proving Ground, Yuma, Ariz.

R-2308 Yuma East, Arizona

Boundaries. Beginning at latitude 33° 00' 00" N., longitude 114° 17' 20" W.; thence N along State Highway 95 to latitude 33° 28' 00" N., longitude 114° 13' 00" W.; to latitude 33° 24' 00" N., longitude 113° 39' 00" W.; to latitude 33° 13' 12" N., longitude 113° 21' 36" W.; to latitude 33° 07' 17" N., longitude 113° 24' 10" W.; to latitude 33° 02' 00" N., longitude 113° 33' 50" W.; to latitude 33° 02' 00" N., longitude 113° 56' 30" W.; to latitude 33° 00' 00" N., longitude 114° 11' 00" W.; to the point of beginning.

Designated altitudes. 1,500 feet above the surface to 20,000 feet MSL.

Time of designation. Continuous, January 15, 1964, to January 15, 1965.

Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.

Using agency. Commanding Officer, Yuma Proving Ground, Yuma, Arizona.

AMENDMENTS 1/15/64 29 F. R. 133 (Added);

§ 73.24 Arkansas

R-2401 Fort Chaffee, Ark.

Boundaries. Beginning at latitude 35° 18' 32" N., longitude 94° 12' 02" W.; to latitude 35° 18' 06" N., longitude 94° 16' 04" W.; to latitude 35° 17' 15" N., longitude 94° 17' 30" W.; to latitude 35° 15' 59" N., longitude 94° 18' 33" W.; to latitude 35° 13' 36" N., longitude 94° 15' 10" W.; to latitude 35° 13' 36" N., longitude 94° 11' 56" W.; to point of beginning.

Designated altitudes. Surface to 13,000 feet MSL.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, Memphis ARTC Center.

Using agency. Commanding General, Fort Chaffee, Ark.

AMENDMENTS 7/1/64 29 F.R. 8417 (Changed);

R-2402 Fort Chaffee, Ark.

Boundaries. Beginning at latitude 35° 17' 25" N., longitude 94° 12' 02" W.; to latitude 35° 13' 36" N., longitude 94° 11' 56" W.; to latitude 35° 13' 36" N., longitude 94° 10' 32" W.; to latitude 35° 11' 05" N., longitude 94° 10' 32" W.; to latitude 35° 11' 05" N., longitude 94° 01' 29" W.; to latitude 35° 16' 56" N., longitude 94° 01' 33" W.; to latitude 35° 17' 36" N., longitude 94° 06' 00" W.; to latitude 35° 17' 09" N., longitude 94° 09' 55" W.; to point of beginning.

Designated altitudes. Surface to 30,000 feet MSL.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, Memphis ARTC Center.

Using agency. Commanding General, Fort Chaffee, Ark.

AMENDMENTS 7/1/64 29 F.R. 8417 (Changed);

R-2403 Little Rock, Ark.

Boundaries. Beginning at Lat. 34°57'00" N, Long. 92°15'00" W; to Lat. 34°52'00" N, Long. 92°15'00" W; to Lat. 34°52'00" N, Long. 92°19'30" W; to Lat. 34°57'00" N, Long. 92°19'30" W; to the point of beginning.

Designated altitudes. Surface to 6,000 feet MSL.

Time of designation. 0700 Saturday through 1700 Sunday CST, Sept. 1 through May 31; and 0600 to 2400 CST, daily, June 1 through August 31.

Controlling agency. Federal Aviation Agency, Little Rock Control Tower.

Using agency. Adjutant General, State of Arkansas, Little Rock, Arkansas.

§ 73.25 California

R-2501 Bullion Mountains, Calif.

Boundaries. Beginning at Lat. 34°41'00" N, Long. 116°03'00" W; to Lat. 34°35'30" N, Long. 115° 58'00" W; to Lat. 34°33'00" N, Long. 115°47'00" W; to Lat. 34°25'00" N, Long. 115°47'00" W; to Lat. 34°25'00" N, Long. 115°44'00" W; to Lat. 34°14'00" N, Long. 115°44'00" W; to Lat. 34°14'00" N, Long. 116°17'00" W; to Lat. 34°30'00" N, Long. 116°26'30" W; to Lat. 34°40'30" N, Long. 116°29'40" W; to Lat. 34°43'00" N, Long. 116°26'20" W; to Lat. 34°43'00" N, Long. 116°17'00" W; to the point of beginning.

Designated altitudes. Unlimited.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.

Using agency. Commanding General, Marine Corps Base, Twentynine Palms, Calif.

R-2502 Fort Irwin, Calif.

Boundaries. Beginning at Lat. 35°37'45" N, Long. 116°29'40" W; to Lat. 35°34'30" N, Long. 116° 29'40" W; to Lat. 35°34'30" N, Long. 116°23'30" W; to Lat. 35°28'35" N, Long. 116°18'45" W; to Lat. 35°18'45" N, Long. 116°18'45" W; to Lat. 35°07'00" N, Long. 116°34'00" W; to Lat. 35°07'00" N, Long. 116°47'45" W; to Lat. 35°10'00" N, Long. 116°49'00" W; to Lat. 35°19'00" N, Long. 116°49'00" W; to Lat. 35°19'00" N, Long. 116°55'20" W; to Lat. 35°37'45" N, Long. 116°55'20" W; to the point of beginning.

Designated altitudes. Unlimited.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.

Using agency. Commanding General, Fort Irwin, Calif.

**R-2503 Camp Pendleton, Calif.**

Boundaries. Beginning at latitude 33°24'23" N., longitude 117°15'15" W.; to latitude 33°18'00" N., longitude 117°16'08" W.; to latitude 33°17'30" N., longitude 117°16'40" W.; to latitude 33°18'20" N., longitude 117°21'48" W.; to latitude 33°27'48" N., longitude 117°33'15" W.; to latitude 33°30'13" N., longitude 117° 29'13" W.; to the point of beginning.
Designated altitudes. Surface to 15,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, El Toro Approach Control.
Using agency. Commanding General, Camp Pendleton, Calif.

**R-2504 Camp Roberts, Calif.**

Boundaries. Beginning at latitude 35° 42' 18" N., longitude 120° 47' 55" W.; to latitude 35° 42' 18" N., longitude 120° 47' 20" W.; to latitude 35° 42' 58" N., longitude 120° 45' 33" W.; to latitude 35° 46' 38" N., longitude 120° 44' 38" W.; to latitude 35° 47' 18" N., longitude 120° 44' 45" W.; to latitude 35° 47' 54" N., longitude 120° 45' 49" W.; to latitude 35° 49' 10" N., longitude 120° 45' 40" W.; to latitude 35° 51' 00" N., longitude 120° 46' 25" W.; to latitude 35° 51' 11" N., longitude 120° 47' 55" W.; to latitude 35° 48' 50" N., longitude 120° 49' 58" W.; to latitude 35° 46' 00" N., longitude 120° 49' 55" W.; to latitude 35° 44' 03" N., longitude 120° 48' 08" W.; to latitude 35° 43' 08" N., longitude 120° 49' 00" W.; to latitude 35° 42' 44" N., longitude 120° 48' 48" W.; to the point of beginning.
Designated altitudes. Surface to 5,000 feet MSL.
Time of designation. 0600 to 2400 P.s.t., Monday through Friday.
Controlling agency. Federal Aviation Agency, Oakland ARTC Center.
Using agency. Commanding General, Fort Ord, Calif.

AMENDMENTS 2/6/64 28 F. R. 13742 (Rewritten);

Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Using agency. Commander, Pacific Missile Range, Point Mugu, Calif.

AMENDMENTS 7/23/64 29 F. R. 6377 (Rewritten)

**R-2517 Naval Missile Facility, Point Arguello, Calif.**
Boundaries. Beginning at latitude 34°34'52" N., longitude 120°42'37" W.; to latitude 34°35'00" N., longitude 120°31'40" W.; to latitude 34°24'45" N., longitude 120°27'20" W.; to latitude 34°24'00" N., longitude 120°30'00" W.; thence three nautical miles from and parallel to the shoreline to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Using agency. Commander, Pacific Missile Range, Point Mugu, Calif.

AMENDMENTS 7/23/64 29 F. R. 6377 (Rewritten)

**R-2518 Offshore of California.**

Boundaries. A circular area with a 300-yard radius centered at Lat. 33°02'04" N, Long. 118°36'47" W.
Designated altitudes. Surface to 2,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commander, 11th Naval District, San Diego, Calif.

**R-2519 Point Mugu, Calif.**

Boundaries. Beginning at Lat. 34°07'00" N, Long. 119°07'00" W; to Lat. 34°04'15" N, Long. 119° 03'40" W; to Lat. 34°02'15" N, Long. 119°04'20" W; thence 3 nautical miles from and parallel to the shoreline to Lat. 34°05'30" N, Long. 119°13'00" W; to Lat. 34°05'55" N, Long. 119°11'15" W; to Lat. 34°07'08" N, Long. 119°09'32" W; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.
Using agency. Commander, Pacific Missile Range, Point Mugu, Calif.

**R-2520 Point Mugu, Calif.**

Boundaries. Beginning at Lat. 34°08'30" N, Long. 119°06'10" W; to Lat. 34°07'00" N, Long. 119° 05'00" W; to Lat. 34°06'15" N, Long. 119°05'25" W; to Lat. 34°07'00" N, Long. 119°07'00" W; to Lat. 34°07'07" N, Long. 119°09'00" W; to Lat. 34°08'30" N, Long. 119°07'40" W; to the point of beginning.
Designated altitudes. Surface to 3,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.
Using agency. Commander, Pacific Missile Range, Point Mugu, Calif.

**R-2521 Salton Sea, Calif.**

Boundaries. Beginning at latitude 33°18'00" N., longitude 115°44'00" W.; to latitude 33°10'40" N., longitude 115°44'00" W.; to latitude 33°10'40" N., longitude 115°49'50" W.; to latitude 33°23'15" N., longitude 115°58'40" W.; to latitude 33°26'15" N., longitude 115°54'00" W.; to the point of beginning.
Designated altitudes. Surface to flight level 600 sunrise to sunset; surface to 1,000 feet MSL sunset to sunrise.
Time of designation. Sunrise Monday to 2400 PST Friday.
Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.
Using Agency. Commanding Officer, Naval Air Facility, El Centro, Calif.

**R-2522 San Rafael, Calif. (Hamilton AFB). Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on the 325° radial of the Hamilton VOR extending from 7 miles NW of the airbase at Lat. 38°03'35" N, Long. 122°30'30" W to 34 miles NW of the airbase having a width of 2 miles at the beginning and expanding uniformly to a width of 4.6 miles at the outer extremity.
Designated altitudes:
2,000 feet MSL to 15,000 feet MSL from 7 miles NW of the airbase to 8 miles NW of the airbase.
2,000 feet MSL to flight level 240 from 8 to 9 miles NW of the airbase.
2,000 feet MSL to flight level 270 from 9 to 12 miles NW of the airbase.
6,000 feet MSL to flight level 270 from 12 to 17 miles NW of the airbase.
10,000 feet MSL to flight level 270 from 17 to 22 miles NW of the airbase.
15,000 feet MSL to flight level 270 from 22 to 27 miles NW of the airbase.
19,000 feet MSL to flight level 270 from 27 to 34 miles NW of the airbase.
Time of designation. Continuous.
Using agency. Hamilton AFB Approach Control.

**R-2524 Trona, Calif.**

Boundaries. Beginning at Lat. 35°47'46" N, Long. 116°55'20" W; to Lat. 35°15'56" N, Long. 116° 55'20" W; to Lat. 35°15'56" N, Long. 117°16'52" W; to Lat. 35°25'00" N, Long. 117°16'52" W; to Lat. 35°25'00" N, Long. 117°26'00" W; to Lat. 35°36'00" N, Long. 117°26'00" W; to Lat. 35°36'00" N, Long. 117°16'52" W; to Lat. 35°47'46" N, Long. 117°16'52" W; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.
Using agency. Commander, Naval Ordnance Test Station, China Lake, Calif.

**R-2525 Vernalis, Calif.**

Boundaries. A 5-nautical mile radius circle centered at latitude 37°24'00" N., longitude 121°20'00" W.
Designated altitudes. Surface to 17,000 feet MSL.
Time of designation. One hour before sunrise to one hour after sunset.
Controlling agency. Federal Aviation Agency, Oakland ARTC Center.
Using agency. Commander, Naval Air Bases, 12th Naval District, Alameda, Calif.

**R-2526 Victorville, Calif. (George AFB), Restricted Area/Military Climb Corridor.**
Boundaries. The area centered on the 242° radial of the George AFB VOR extending from 5 miles W of the airbase (Lat. 34°35'45" N, Long. 117°22'55" W) to 30 miles W of the airbase with a width of 2 miles at the beginning and expanding uniformly to a width of 4.6 miles at the outer extremity.
Designated altitudes:
4,900 feet MSL to 17,900 feet MSL from 5 miles W of the airbase to 6 miles W of the airbase.
4,900 feet MSL to flight level 269 from 6 to 7 miles W of the airbase.
5,900 feet MSL to flight level 270 from 7 to 8 miles W of the airbase.
6,900 feet MSL to flight level 270 from 8 to 9 miles W of the airbase.
7,900 feet MSL to flight level 270 from 9 to 10 miles W of the airbase.
8,900 feet MSL to flight level 270 from 10 to 11 miles W of the airbase.
9,900 feet MSL to flight level 270 from 11 to 12 miles W of the airbase.
10,900 feet MSL to flight level 270 from 12 to 13 miles W of the airbase.
11,900 feet MSL to flight level 270 from 13 to 15 miles W of the airbase.
12,900 feet MSL to flight level 270 from 15 to 20 miles W of the airbase.
17,900 feet MSL to flight level 270 from 20 to 25 miles W of the airbase.
21,900 feet MSL to flight level 270 from 25 to 30 miles W of the airbase.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Edwards Approach Control.
Using agency. Commander, George AFB, Calif.

**R-2527 Oxnard, Calif. (Oxnard AFB), Restricted Area/Military Climb Corridor.**
Boundaries. The area centered on the Oxnard AFB TACAN 270° radial and the Oxnard AFB ILS localizer W course bounded by a line beginning at Lat. 34°13'45" N, Long. 119°12'55" W; to Lat. 34°11'55" N, Long. 119°12'55" W; to Lat. 34°11'30" N, Long. 119°18'45" W; along the continental limits of the United States to Lat. 34°13'55" N, Long. 119°19'40" W; to the point of beginning.
Designated altitudes:
2,100 feet MSL to 15,100 feet MSL from 7 miles W of the TACAN to 8 miles W of the TACAN.
2,100 feet MSL to flight level 240 from 8 to 9 miles W of the TACAN.
2,100 feet MSL to flight level 270 from 9 to 12 miles W of the TACAN.
6,100 feet MSL to flight level 270 from 12 miles W of the TACAN to the continental limits of the U. S.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Ventura Approach Control.
Using agency. Commander, Oxnard AFB, Calif.

**R-2528 Newman, Calif.**

Boundaries. Beginning at latitude 37°19'50" N., longitude 121°04'05" W., to latitude 37°16'25" N., longitude 121°02'55" W.; thence clockwise along the arc of a 3-nautical mile radius circle centered at latitude 37°17'30" N., longitude 121°06'30" W.; to latitude 37°15'30" N., longitude 121°03'30" W.; to latitude 37°05'50" N., longitude 121°01'45" W.; to latitude 37°05'15" N., longitude 121°08'00" W.; to latitude 37°17'00" N., longitude 121°10'12" W.; thence along the arc of a 3-nautical mile radius circle centered at latitude 37°17'30" N., longitude 121°06'30" W.; to the point of beginning.
Designated altitudes. 2,000 feet MSL to 17,000 feet MSL.
Time of designation. One hour before sunrise to one hour after sunset.
Controlling agency. Federal Aviation Agency, Oakland ARTC Center.
Using agency. Commander, Naval Air Bases, 12th Naval District, Alameda, Calif.

**R-2529 Fort Ord West, California**
Boundaries. Beginning at latitude 36° 42' 00" N., longitude 121° 49' 45" W.; to latitude 36° 40' 45" N., longitude 121° 48' 22" W.; thence south along California State Highway No. 1 to latitude 36° 38' 05" N., longitude 121° 49' 55" W.; to latitude 36° 38' 15" N., longitude 121° 51' 45" W.; to the point of beginning.
Designated altitudes. Surface to 1,000 feet MSL.
Time of designation. Thirty minutes before sunrise to thirty minutes after sunset.
Controlling agency. Federal Aviation Agency, Monterey Approach Control.
Using agency. Commanding General, Fort Ord, California.

**R-2530 Sierra Army Depot, Calif.**
Boundaries. Beginning at latitude 40° 18' 21" N., longitude 120° 05' 06" W.; to latitude 40° 18' 21" N., longitude 120° 02' 51" W.; to latitude 40° 16' 06" N., longitude 120° 02' 51" W.; to latitude 40° 16' 06" N., longitude 120° 05' 06" W.; to the point of beginning.
Designated altitudes. Surface to 8,600 feet MSL.
Time of designation. 0800 to 1800 p.s.t., Monday through Friday.
Using agency. Commanding Officer, Sierra Army Depot, Herlong, California.

§ 73.26 Colorado

**R-2601 Fort Carson, Colo.**

Boundaries. Beginning at Lat. 38°32'06" N, Long. 104°49'18" W; to Lat. 38°32'06" N, Long. 104°45'00" W; to Lat. 38°43'38" N, Long. 104°45'50" W; to Lat. 38°43'43" N, Long. 104°46'20" W; to Lat. 38°42'58" N, Long. 104°48'30" W; to Lat. 38°43'12" N, Long. 104°49'07" W; thence southwest along Colorado Highway #115 to Lat. 38°39'00" N, Long. 104°51'40" W; to Lat. 38°36'20" N, Long. 104°51'40" W; to the point of beginning.
Designated altitudes. Surface to 35,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Denver ARTC Center.
Using agency. Commanding General, Fort Carson, Colo.

§ 73.27 Connecticut

§ 73.28 Delaware

**R-2801 Bethany Beach, Del.**

Boundaries. Beginning at Lat. 38°31'15" N, Long. 75°03'10" W; to Lat. 38°33'45" N, Long. 74°59'33" W; thence 3 nautical miles from and parallel to the shoreline to Lat. 38°26'45" N, Long. 74°59'15" W; to Lat. 38°29'03" N, Long. 75°03'00" W; to the point of beginning.
Designated altitudes. Surface to 36,000 feet MSL.
Time of designation. 0800 to 2000 EST, Monday through Friday, July 1 through August 31
Using agency. Commanding General, Second U. S. Army, Fort Meade, Md.

**R-2803 Dover, Del. (Dover AFB), Restricted Area/Military Climb Corridor.**
Boundaries. The area based on the 184° radial of the Dover AFB TACAN extending from 5 miles S of the Dover AFB (latitude 39°07'45" N., longitude 75°27'50" W.) to 32 miles S of Dover AFB, having a width at the beginning from 1 mile W to 2.4 miles E of the TACAN 184° radial and expanding to a width at the outer extremity from 2.3 miles W to 2.4 miles E of the TACAN 184° radial.
Designated altitudes.
2,000 feet MSL to 15,000 feet MSL from 5 miles S of the airbase to 6 miles S of the airbase.
2,000 feet MSL to flight level 240 from 6 to 7 miles S of the airbase.
2,000 feet MSL to flight level 270 from 7 to 10 miles S of the airbase.
6,000 feet MSL to flight level 270 from 10 to 15 miles S of the airbase.
10,000 feet MSL to flight level 270 from 15 to 20 miles S of the airbase.
15,000 feet MSL to flight level 270 from 20 to 25 miles S of the airbase.
19,000 feet MSL to flight level 270 from 25 to 32 miles S of the airbase.
Time of designation. Continuous.
Using agency. Dover AFB Approach Control.

§ 73.29 Florida

**R-2901A Avon Park North, Fla.**

Boundaries. Beginning at latitude 27°44'45" N., longitude 81°21'25" W.; to latitude 27°52'55" N., longitude 81°24'20" W.; to latitude 27°55'00" N., longitude 81°17'55" W.; to latitude 27°44'45" N., longitude 81°14'05" W.; to point of beginning.
Designated altitude. 500 feet MSL to 6,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Miami ARTC Center.
Using agency. Commander, MacDill AFB, Fla.

**R-2901B Avon Park South, Fla.**
Boundaries. Beginning at latitude 27°34'50" N., longitude 81°09'30" W.; to latitude 27°26'10" N., longitude 81°01'05" W.; to latitude 27°22'35" N., longitude 81°05'15" W.; thence along Highway 98 to latitude 27°23'00" N., longitude 81°07'00" W.; to latitude 27°32'40" N., longitude 81°16'50" W.; to latitude 27°32'40" N., longitude 81°12'20" W.; to point of beginning.
Designated altitudes. 500 feet MSL to 6,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Miami ARTC Center.
Using agency. Commander, MacDill AFB, Florida.

R-2901C Avon Park West, Fla.

Boundaries. Beginning at latitude 27°35'30" N., longitude 81°08'15" W.; to latitude 27°34'50" N., longitude 81°09'30" W.; to latitude 27°32'40" N., longitude 81°12'20" W.; to latitude 27°32'40" N., longitude 81°16'50" W.; to latitude 27°32'32" N., longitude 81°21'40" W.; thence North along Arbuckle Creek to Arbuckle Lake and along the East and North shore of Arbuckle Lake to latitude 27°43'10" N., longitude 81°25'20" W.; to latitude 27°44'50" N., longitude 81°25'20" W.; to latitude 27°44'45" N., longitude 81°21'25" W.; to latitude 27°44'45" N., longitude 81°11'40" W.; to point of beginning.
Designated altitudes. Surface to flight level 240.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Miami ARTC Center
Using agency Commander, MacDill AFB, Fla

AMENDMENTS On Publ 5/8/64 29 F. R. 6062 (Changed)

R-2901D Avon Park East, Fla.
Boundaries. Beginning at latitude 27°44'45" N., longitude 81°10'20" W.; to latitude 27°37'00" N., longitude 81°06'50" W.; to latitude 27°35'30" N., longitude 81°08'15" W.; to latitude 27°44'45" N., longitude 81°11'40" W.; to point of beginning.
Designated altitude. Surface to 13,000 feet MSL
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Miami ARTC Center.
Using agency. Commander, MacDill AFB, Fla.

R-2902 Banana River, Fla.

Boundaries. Beginning at Lat. 28°50'00" N, Long. 80°50'00" W; to Lat. 28°50'00" N, Long. 80° 41'35" W; thence 3 nautical miles from and parallel to the shoreline to Lat. 28°22'00" N, Long. 80° 33'00" W; to Lat. 28°22'00" N, Long. 80°38'00" W; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Miami ARTC Center.
Using agency. Commander, Air Force Missile Test Center, Patrick AFB, Fla.

R-2903A Jacksonville East, Fla.

Boundaries. Beginning at latitude 30°15'30" N., longitude 81°43'25" W., clockwise along an arc of a circle 2½ nautical miles in radius centered at latitude 30°14'00" N., longitude 81°41'00" W., to latitude 30°11'25" N., longitude 81°41'00" W., to latitude 29°49'50" N., longitude 81°41'00" W., counterclockwise along an arc of a circle 3 nautical miles in radius centered at latitude 29°47'00" N., longitude 81°41'00" W., to latitude 29°45'15" N., longitude 81°43'40" W., to latitude 29°47'55" N., longitude 81°50'30" W., to latitude 29°50'45" N., longitude 81°49'15" W., to latitude 29°53'50" N., longitude 81°57'50" W., to latitude 30°00'15" N., longitude 81°52'05" W., to latitude 30°02'05" N., longitude 81°54'45" W., to latitude 29°56'20" N., longitude 82°00'00" W., counterclockwise along an arc of a circle 3 nautical miles in radius centered at latitude 29°53'20" N., longitude 82°00'25" W., to latitude 29°56'00" N., longitude 82°02'00" W., to latitude 30°15'30" N., longitude 82°02'00" W., to the point of beginning.
Designated altitude. Surface to flight level 600.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Fleet Air Jacksonville, NAS Jacksonville, Fla.

R-2903B Stevens Lake, Fla.

Boundaries. Beginning at Lat. 29°56'20" N, Long. 82°00'00" W; to Lat. 30°02'05" N, Long. 81°54'45" W; to Lat. 30°00'15" N, Long. 81°52'05" W; to Lat. 29°53'50" N, Long. 81°57'50" W; to Lat. 29°50'45" N, Long. 81°49'15" W; to Lat. 29°47'55" N, Long. 81°50'30" W; to Lat. 29°50'55" N, Long. 81°58'20" W; thence clockwise along an arc of a circle with a 3-nautical mile radius centered at Lat. 29°53'20" N, Long. 82°00'25" W; to the point of beginning, excluding that area 1 nautical mile either side of a 220° True bearing from, and more than 1 2/3 nautical miles from Lat. 29°53'20" N, Long. 82° 00'25" W.
Designated altitudes. Surface to flight level 600.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Fleet Air Jacksonville, NAS Jacksonville, Fla.

R-2903C Putnam, Fla.

Boundaries. The area within a 3-nautical mile radius of Lat. 29°47'00" N, Long. 81°41'00" W.
Designated altitudes. Surface to 14,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Fleet Air Jacksonville, NAS Jacksonville, Fla.

R-2903D Jacksonville West, Fla.

Boundaries. Beginning at latitude 30° 15' 30" N., longitude 81° 50' 00" W.; to latitude 30° 15' 30" N., longitude 82° 02' 00" W.; to latitude 29° 56' 00" N., longitude 82° 02' 00" W.; counterclockwise along an arc of a circle 3-nautical miles in radius centered at latitude 29° 53' 20" N., longitude 82° 00' 25" W.; to latitude 29° 53' 30" N., longitude 82° 04' 00" W.; to latitude 30° 00' 00" N., longitude 82° 19' 30" W.; to latitude 30° 03' 00" N., longitude 82° 20' 00" W.; to latitude 30° 22' 00" N., longitude 82° 20' 00" W.; to latitude 30° 21' 20" N., longitude 81° 55' 45" W.; to the point of beginning.
Designated altitudes. Surface to FL 240 east of longitude 82° 02' 00" W.; 1,200 feet AGL to FL 240 west of longitude 82' 02' 00" W.
Time of designation. Continuous, terminating December 31, 1964.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Fleet Air Jacksonville, NAS Jacksonville, Fla.

R-2906 Rodman, Fla.

Boundaries. Within a 3-nautical mile radius of latitude 29°29'00" N., longitude 81°46'00" W., and within 1½ nautical miles either side of the 240° and 300° True bearings from the center extending from the 3-nautical mile radius to 10 nautical miles northwest and southwest of the center.
Designated altitudes. The 3-nautical mile radius, surface to 14,000 feet MSL; the extensions, surface to 6,000 feet MSL.
Time of designation. From sunrise to 2400 eastern standard time.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Fleet Air Jacksonville, NAS Jacksonville, Fla.

R-2907 Lake George, Fla.

Boundaries. Beginning at latitude 29°23'00" N., longitude 81°31'30" W.; to latitude 29°20'00" N., longitude 81°30'40" W.; to latitude 29°12'30" N., longitude 81°30'00" W.; to latitude 29°12'30" N., longitude 81° 40'00" W.; to latitude 29°23'00" N., longitude 81°40'00" W.; to the point of beginning.
Designated Altitudes. Surface to flight level 500.
Time of Designation. Continuous.
Controlling Agency. Federal Aviation Agency, Jacksonville, ARTC Center.
Using Agency. Commander, Fleet Air Jacksonville, NAS. Jacksonville, Fla.

R-2908 Pensacola, Fla.

Boundaries. Bounded on the N by the Alabama-Florida shoreline; on the E by a line extending from Lat. 30°15'00" N, Long, 87°41'00" W to Lat. 30°11'20" N, Long. 87°44'15" W; on the S by a line 3 nautical miles from and parallel to the Alabama-Florida shoreline; and on the W by Long. 88°01'30" W.
Designated altitudes. Surface to 12,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Chief, Naval Air Basic Training, Pensacola, Fla.

R-2909 Pensacola, Fla.

Boundaries. Bounded on the N by the Florida shoreline; on the E by Long. 86°48'00" W; on the S by a line 3 nautical miles from and parallel to the Florida shoreline; and on the W by a line extending from Lat. 30° 18'20" N, Long. 87°00'00" W to Lat. 30°21'15" N, Long. 87°00'50" W.
Designated altitudes. Surface to 12,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Chief, Naval Air Basic Training, Pensacola, Fla.

R-2910 Pinecastle, Fla.

Boundaries. A circular area with a 5-nautical mile radius centered at latitude 29°06'52" N. longitude 81°42'55" W. including the area within 2.5 nautical miles either side of the 137° and 317° bearings from the center of the circular area, extending from the 5-nautical mile radius of 10 nautical miles SE and NW of the center.
Designated altitudes. Within the 5-nautical mile circle, surface to flight level 370; within the SE and NW extensions, surface to 6,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Fleet Air Jacksonville, NAS Jacksonville, Fla.

**R-2912A Panama City, Fla.**

Boundaries Beginning at latitude 30°42'10" N., longitude 85°53'05" W.; to latitude 30°42'45" N., longitude 85°14'00" W.; to latitude 29°55'00" N., longitude 84°32'00" W.; to latitude 29°47'00" N., longitude 84°40'00" W.; to latitude 29°43'35" N., longitude 84°39'00" W.; thence 3 nautical miles from and parallel to the shoreline to latitude 29°55'40" N., longitude 85°32'15" W.; to latitude 30°00'40" N., longitude 85°22'45" W.; to point of beginning.
Designated altitudes. 1,500 feet MSL to but not including 7,000 feet MSL
Time of designation. As activated by NOTAM issued by the using agency at least 12 hours in advance.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Tyndall AFB, Fla.

**R-2912B Panama City, Fla.**

Boundaries. Beginning at latitude 30°42'10" N., longitude 85°53'05" W.; to latitude 30°42'45" N., longitude 85°14'00" W.; to latitude 29°55'00" N., longitude 84°32'00" W.;to latitude 29°47'00" N., longitude 84°40'00" W.; to latitude 29°43'35" N., longitude 84°39'00" W.' thence 3 nautical miles from and parallel to the shoreline to latitude 29°55'40" N., longitude 85°32'15" W.; to latitude 30°00'40" N., longitude 85° 22'45" W.
Designated altitudes. 7,000 feet MSL to but not including FL 290.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Tyndall AFB, Fla.

**R-2914 Valparaiso, Fla.**

Boundaries. Beginning at latitude 30°43'10" N., longitude 86°27'37" W.; to latitude 30°43'45" N., longitude 86°10'30" W.; to latitude 30°41'00" N., longitude 86°05'10" W.; to latitude 30°24'00" N., longitude 85°56'00" W.; to latitude 30°11'10" N., longitude 85°56'00" W.; thence 3 nautical miles from and parallel to the shoreline to latitude 30°19'45" N., longitude 86°23'45" W.; to latitude 30°25'00" N., longitude 86° 22'26" W.; to latitude 30°25'00" N., longitude 86°25'00" W.; to latitude 30°33'00" N., longitude 86°25'00" W.; to latitude 30°33'00" N., longitude 86°25'30" W.; to latitude 30°37'00" N., longitude 86°25'30" W.; to latitude 30°37'00" N., longitude 86°27'37" W.; to point of beginning.
Designated altitudes. Surface to FL 500.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, New Orleans ARTC Center.
Using agency. Commander, Air Proving Ground, Eglin AFB, Fla.

**R-2915A Eglin AFB, Fla.**
Boundaries. Beginning at latitude 30°33'40" N., longitude 86°55'00" W.; to latitude 30°38'45" N., longitude 86°55'00" W.; thence along the L and N Railroad to latitude 30°42'45" N., longitude 86°45'45" W.;to latitude 30°42'50" N., longitude 86°38'02" W.; to latitude 30°29'01" N., longitude 86°38'02" W.; to latitude 30°26'30" N., longitude 86°51'30" W.; thence along the Navarre-Milton Highway to point of beginning.
Designated altitudes. Surface to FL 500.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, New Orleans ARTC Center.
Using agency. Commander, Air Proving Ground Command, Eglin AFB, Florida.

AMENDMENTS 5/28/64 29 F.R. 4670 (Added)

**R-2915B Eglin AFB, Fla.**
Boundaries. Beginning at latitude 30°29'01" N., longitude 86°38'02" W.; to latitude 30°20'50" N., longitude 86°38'50" W.; thence 3 nautical miles from and parallel to the shoreline to latitude 30°20'15" N., longitude 86°48'00"W.; to latitude 30°23'20" N., longitude 86°48'00" W.; to latitude 30°22'50" N., longitude 86°51'30" W.; to latitude 30°23'50" N., longitude 86°51'30" W.; to latitude 30°24'20" N., longitude 86°48'00" W.; to latitude 30°26'30" N., longitude 86°51'30" W.; to point of beginning.
Designated altitudes. Surface to FL 1200.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, New Orleans ARTC Center.
Using agency. Commander, Air Proving Ground Command, Eglin AFB, Florida.

AMENDMENTS 5/28/64 29 F.R. 4670 (Added) Amend. Alt. 29 F. R. 6061

**§ 73.30 Georgia**

**R-3001 Dawsonville, Ga.**
Boundaries. A circular area with a 1.5-mile radius centered at latitude 34°22'00" N., longitude 84°10'00" W.
Designated altitudes. Surface to 5,000 feet MSL.
Time of designation. Continuous.
Using agency. Commander, Air Force Systems Command, Andrews AFB, Md.

AMENDMENTS On Publ. 4/3/64 29 F.R. 4769 (Changed);

R-3002 **Fort Benning, Ga.**
Boundaries. Beginning at latitude 32°30'50" N., longitude 84°52'15" W.; along the Central of Georgia Railraod to latitude 32°32'10" N., longitude 84°40'40" W.; to latitude 32°29'10" N., longitude 84°39'25" W.; to latitude 32°18'30" N., longitude 84°39'25" W.; along the Central of Georgia Railroad to latitude 32°20' 54" N., longitude 84°47'20" W.; to latitude 32°15'25" N., longitude 84°47'20" W.; to latitude 32°15'25" N., longitude 84°53'10" W.; along the Chattahoochee River to latitude 32°14'40" N., longitude 84°55'30" W.; to latitude 32°14'40" N., longitude 84°58'42" W.; to latitude 32°20'15" N., longitude 84°58'42" W.; along northwest side of Dixie Road to latitude 32°21'10" N., longitude 84°56'45" W.; to latitude 32°22'30" N., longitude 84°56'45" W.; along Upatoi Creek to latitude 32°24'00" N., longitude 84°53'30" W.; to point of beginning.
Designated altitudes. Surface to 29,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding Officer, Fort Benning, Ga.

R-3003 **Fort Gordon, Ga.**
Boundaries. Beginning at latitude 33°23'35" N., longitude 82°08'30" W.; to latitude 33°22'15" N., longitude 82°08'18" W.; to latitude 33°21'35" N., longitude 82°09'10" W.; to latitude 33°22'15" N., longitude 82°17'00" W.; to latitude 33°25'00" N., longitude 82°12'00" W.; to point of beginning.
Designated altitude. Surface to 4,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commanding Officer, Fort Gordon, Ga.

Amendments 5/28/64 29 F.R. 3357 (Rewritten)

R-3004 **Fort Gordon, Ga.**
Boundaries. Beginning at latitude 33°21'53" N., longitude 82°12'15" W.; to latitude 33°19'43" N., longitude 82°12'15" W.; to latitude 33°16'20" N., longitude 82°18'00" W.; to latitude 33°17'29" N., longitude 82°23'00" W.; to latitude 33°21'15" N., longitude 82°18'47" W.; to latitude 33°22'15" N., longitude 82°17'00" W.; to point of beginning.
Designated altitude. Surface to 20,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commanding Officer, Fort Gordon, Ga.

AMENDMENTS 5/28/64 29 F.R. 3357 (Rewritten)

**R-3005A Fort Stewart, Ga.**
Boundaries. Beginning at latitude 32°04'40" N., longitude 81°50'00" W.; to latitude 32°07'00" N., longitude 81°43'30" W.; to latitude 32°06'15" N., longitude 81°31'30" W.; to latitude 32°05'30" N., longitude 81°31'30" W.; to latitude 32°05'15" N., longitude 81°30'00" W.; to latitude 31°56'30" N., longitude 81°30'00" W.; thence along the arc of a 5-mile circle centered at latitude 31°53'20" N., longitude 81°33'45" W.; to latitude 31°56'48" N., longitude 81°30'42" W.; thence SW along Georgia Highway 144 to latitude 31°53'11" N., longitude 81°37'51" W.; to latitude 31°51'45" N., longitude 81°38'08" W.; to latitude 31°55'30" N., longitude 81°53'00" W.; to latitude 31°57'00" N., longitude 81°53'15" W.; to latitude 31°59'45" N., longitude 81°51'06" W., to the point of beginning.
Designated altitudes. Surface to 29,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commanding Officer, Fort Stewart, Ga.

AMENDMENTS 7/28/64 29 F.R. 11151 (Rewritten);

R-3005B **Fort Stewart, Ga.**
Boundaries. Beginning at latitude 32°05'15" N., longitude 81°30'00" W.; to latitude 32°04'15" N., longitude 81°22'30" W.; thence along the Ogeechee River to latitude 32°00'30" N., longitude 81°19'30" W.; to latitude 31°58'45" N., longitude 81°19'45" W.; to latitude 31°56'15" N., longitude 81°23'00" W.; to latitude 31°54'03" N., longitude 81°28'45" W.; thence along the arc of a 5-statute-mile-radius circle centered at latitude 31°53'20" N., longitude 81°33'45" W.; to latitude 31°56'30" N., longitude 81°30'00" W., to the point of beginning.
Designated altitudes. Surface to 29,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commanding Officer, Fort Stewart, Ga.

AMENDMENTS 7/28/64 29 F.R. 11151 (Rewritten);

**R-3005C Fort Stewart, Ga.**
Boundaries. Beginning at latitude 31°54'03" N., longitude 81°28'45" W., to latitude 31°51'20" N., longitude 81°36'00" W.; to latitude 31°51'45" N., longitude 81°38'08" W.; to latitude 31°53'11" N., longitude 81°37'51" W.; thence NE along Georgia Highway 144 to latitude 31°56'48" N., longitude 81°30'42" W.; thence along the arc of a 5-mile radius circle centered at latitude 31°53'20" N., longitude 81°33'45" W. to the point of beginning
Designated altitudes. Surface to 3,500 feet MSL
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center
Using agency. Commanding Officer, Fort Stewart Ga

AMENDMENTS 7/28/64 29 F.R 11151 (Added)

**R-3006 Townsend, Ga.**
Boundaries. A circular area with a 3-nautical mile radius centered at Lat 31°32'50" N, Long 81°35'20" W, and within 1.5 nautical miles either side of the 223° and 298° bearings from the center extending from the 3-nautical mile radius circle to 10 nautical miles southwest and northwest of the center.
Designated altitudes. The area within the 3-nautical mile radius surface to 14,000 feet MSL, the area within the extensions, surface to 6,000 feet MSL.
Time of designation. Sunrise to sunset, Monday through Friday
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center
Using agency. Commander, Fleet Air Jacksonville, NAS Jacksonville, Fla

## § 73.31 Hawaii

**R-3101 Bonham, Hawaii**

Boundaries. Beginning at Lat. 22°12'45" N, Long. 159°43'00" W, to Lat 22°09'20" N, Long. 159° 43'00" W; counterclockwise along the shoreline of the Island of Kauai to Lat. 21°58'00" N, Long. 159° 43'00" W; to Lat. 21°55'00" N, Long. 159°43'00" W; clockwise along a line 3 nautical miles from and parallel to the shoreline of the Island of Kauai to the point of beginning.
Designated altitudes. Surface to 5,000 feet MSL
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Lihue Flight Service Station
Using agency Commander, Fleet Air Hawaii, NAS Barber's Point, Hawaii

R-3102 Dillingham, Hawaii
Boundaries. Beginning at latitude 21° 35' 02" N., longitude 158° 11' 02" W., to latitude 21° 35' 00" N., longitude 158° 15' 24" W.; to latitude 21° 34' 51" N., longitude 158° 17' 30" W.; to latitude 21° 35' 23" N., longitude 158° 19' 40" W.; thence three (3) nautical miles from the shoreline to latitude 21° 37' 42" N., longitude 158° 09' 24" W.; to point of beginning.
Designated altitudes. Surface to 29,000 feet MSL.
Time of designation. 0700 to 1700 Hawaiian standard time. Monday through Friday
Controlling agency. Federal Aviation Agency, Honolulu Flight Service Station.
Using agency Commanding General, U. S. Army Hawaii, Schofield Barracks, Hawaii

**R-3103 Humuula, Hawaii**
Boundaries. Beginning at Lat. 19°48'45" N, Long. 155°38'00" W; to Lat 19°45'15" N, Long. 155° 32'00" W; to Lat. 19°39'00" N, Long. 155°26'30" W; to Lat. 19°32'00" N, Long. 155°42'00" W; to Lat 19°38'00" N, Long. 155°45'10" W; to Lat. 19°41'00" N, Long. 155°44'00" W; to Lat. 19°47'00" N, Long 155°38'00" W; to the point of beginning.
Designated altitudes. Surface to 36,000 feet MSL
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Hilo Combined Station/Tower
Using agency. Commanding General, U. S. Army Hawaii, Schofield Barracks, Hawaii

**R-3104 Island of Kahoolawe, Hawaii**

Boundaries. Beginning at latitude 20°34'20" N., longitude 156°40'30" W., thence clockwise 1 mile from and parallel to the shoreline to latitude 20°37'00" N., longitude 156°35'15" W.; to latitude 20°35'20" N., longitude 156°31'45" W.; thence clockwise 1 mile from and parallel to the shoreline to latitude 20°30'20" N., longitude 156°31'45" W.; to latitude 20°30'00" N., longitude 156°31'00" W.; to latitude 20°28'30" N., longitude 156°30'45" W.; thence clockwise 3 nautical miles from and parallel to the shoreline to latitude 20°35'25" N., longitude 156°43'00" W.; to the point of beginning
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Honolulu ARTC Center.
Using agency. Commander, Fleet Air Hawaii, NAS Barber's Point, Hawaii.

**R-3106 Kahuku Point, Oahu, Hawaii**

Boundaries. Beginning at latitude 21°43'40" N., longitude 157°55'05" W.; to latitude 21°39'30" N., longitude 157°51'40" W.; thence 3 nautical miles from the shoreline to latitude 21°36'50" N., longitude 157°50'30" W.; to latitude 21°35'00" N., longitude 157°49'40" W., to latitude 21°35'00" N., longitude 157°51'30" W.; to latitude 21°36'30" N., longitude 157°53'45" W.; to latitude 21°41'30" N., longitude 157°56'20" W.; thence clockwise along the arc of a circle with a 1.5-nautical mile radius centered at latitude 21°43'00" N., longitude 157°56'30" W.; to the point of beginning.
Designated altitudes. The area northwest of a line drawn between latitude 21°39'08" N., longitude 157°55'05" W. and latitude 21°40'18" N., longitude 157°52'20" W., surface to 15,000 feet MSL; the area southeast of this line, surface to 6,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Honolulu Flight Service Station
Using agency Commander, Fleet Air Hawaii, NAS Barbers Point, Hawaii

**R-3107 Kaula Rock, Hawaii**

Boundaries. A circular area with a 3-nautical mile radius centered at Lat 21°39'30" N, Long. 160°32'30" W.
Designated altitudes. Surface to flight level 300.
Time of designation. Continuous.
Using agency. Commander, Fleet Air Hawaii, NAS Barber's Point, Hawaii

**R-3108 Kauna Point, Hawaii**

Boundaries. Beginning at latitude 19°15'00" N., longitude 155°56'00" W.; to latitude 18°58'43" N., longitude 155°47'30" W.; to latitude 18°56'22" N., longitude 155°47'30" W.; thence clockwise 3 nautical miles from the shoreline to latitude 19°14'35" N., longitude 155°57'30" W.; to the point of beginning.
Designated altitudes. Surface to flight level 500.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Maui Combined Station/Tower
Using agency. Commander, Fleet Air Hawaii, NAS Barber's Point Hawaii.

R-3109 Schofield-Makua, Oahu, Hawaii

Boundaries. Beginning at latitude 21° 30' 29" N., longitude 158° 04' 09" W.; to latitude 21° 29' 25" N., longitude 158° 05' 00" W.; to latitude 21° 27' 28" N., longitude 158° 05' 55" W.; to latitude 21° 29' 11" N., longitude 158° 07' 35" W.; to latitude 21° 31' 00" N., longitude 158° 14' 00" W.; to latitude 21° 32' 30" N., longitude 158° 14' 30" W.; to latitude 21° 33' 30" N., longitude 158° 15' 30" W.; to latitude 21° 34' 51" N., longitude 158° 17' 30" W.; to latitude 21° 35' 00" N., longitude 158° 15' 24" W.; to latitude 21° 32' 14" N., longitude 158° 05' 12" W.; to point of beginning.
Designated altitudes. The area southeast of a line between latitude 21° 28' 35" N., longitude 158° 07' 00" W., and latitude 21° 29' 25" N., longitude 158° 05' 00" W., surface to 8,000 feet MSL. The area northwest of this line, surface to 29,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Honolulu Flight Service Station.
Using agency. Commanding General, U. S. Army Hawaii, Schofield Barracks, Hawaii.

## § 73.32 Idaho

**R-3201 Arco, Idaho.**

Boundaries. Beginning at Lat. 43°59'20" N, Long. 112°43'50" W; to Lat. 43°50'20" N, Long. 112° 30'00" W; to Lat. 43°32'00" N, Long. 112°35'00" W; to Lat. 43°27'00" N, Long. 113°03'00" W; to Lat. 43°34'30" N, Long. 113°11'50" W; to Lat. 43°48'40" N, Long. 112°49'40" W; to the point of beginning.
Designated altitudes. Surface to 10,000 feet MSL.
Time of designation. Continuous.
Using agency. Manager, Atomic Energy Commission, Idaho Falls, Idaho.

## § 73.33 Illinois

**R-3301 Havana, Ill.**

Boundaries. A circular area with a 500-foot radius centered latitude 40°13;16" N., longitude 90°01'23" W.
Designated altitudes. Surface to 6,000 feet MSL.
Time of designation. Continuous.
Using agency. Director, Central Radio Propagation Laboratory, National Bureau of Standards, Boulder, Colo,

R-3302 Savanna, Ill

Boundaries A circular area with a 1,500-foot radius centered at latitude 42°13'15" N., longitude 90°21'24" W
Designated altitudes Surface to 2,300 feet MSL
Time of designation 0800 to 2200 c.s.t., Monday through Friday
Using agency Commanding Officer Ordnance Depot, Savanna, Ill

§ 73.34 Indiana

R-3401 Camp Atterbury, Ind.

Boundaries. Beginning at Lat 39°21'30" N, Long. 86°06'00" W; to Lat. 39°21'30" N, Long. 85°59'30" W; to Lat 39°13'00" N, Long. 85°59'30" W; to Lat. 39°13'00" N, Long. 86°06'00" W; to the point of beginning
Designated altitudes. Surface to 40,000 feet MSL.
Time of designation Continuous.
Controlling agency. Federal Aviation Agency, Indianapolis ARTC Center
Using agency Commanding Officer, Camp Atterbury, Ind.

R-3403 Jefferson Proving Ground, Ind.

Boundaries. Beginning at latitude 39°02'57" N., longitude 85°27'42" W.; to latitude 39°02'00" N.; longitude 85°22'00" W.; to latitude 38°56'06" N., longitude 85°22'00" W.; to latitude 38°50'35" N., longitude 85°22'50" W.; to latitude 38°50'00" N., longitude 85°24'00" W.; to latitude 38°50'00" N., longitude 85°27'42" W., to the point of beginning.
Designated altitudes. Surface to 43,000 feet MSL
Time of designation 0800 to 2400 e.s.t.
Controlling agency. Federal Aviation Agency, Indianapolis ARTC Center
Using agency Commanding Officer, Jefferson Proving Ground, Madison, Ind

§ 73.35 Iowa

§ 73.36 Kansas

R-3601 Brookville, Kans.

Boundaries. Beginning at Lat. 38°45'20" N, Long. 97°47'00" W; to Lat 38°39'20" N, Long. 97°47'00" W; along the Missouri Pacific Railroad to Lat. 38°38'20" N, Long. 97°47'30" W; to Lat. 38°38'20" N, Long. 97°53'22" W; to Lat. 38°45'20" N, Long. 97°53'22" W; to the point of beginning.
Designated altitudes. Surface to flight level 450.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, Kansas City ARTC Center
Using agency Commander, Schilling AFB, Kans

R-3602 Manhattan, Kans.

Boundaries. Beginning at Lat. 39°13'00" N, Long. 96°49'42" W; thence to Lat. 39°13'00" N, Long. 96°42'35" W; thence to Lat. 39°12'17" N, Long. 96°40'55" W; thence to Lat. 39°10'43" N, Long. 96°40'55" W; thence to Lat. 39°09'23" N, Long. 96°43'00" W; thence to Lat. 39°06'20" N, Long. 96°43'00" W; thence to Lat. 39°04'24" N, Long. 96°47'30" W; thence to Lat. 39°04'24" N, Long. 96°52'22" W; thence to Lat. 39°07'54" N, Long. 96°49'42" W; thence to the point of beginning.
Designated altitudes. Surface to 29,000 feet MSL
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Kansas City ARTC Center
Using agency. Commanding General, Fort Riley, Kans.

§ 73.37 Kentucky

R-3702 Fort Campbell, Ky.

Boundaries. Beginning at latitude 36°43'30" N., longitude 87°48'15" W., to latitude 36°37'30" N., longitude 87°48'15" W.; to latitude 36°35'30" N., longitude 87°45'00" W.; to latitude 36°33'30" N., longitude 87°42'30" W.; to latitude 36°32'00" N., longitude 87°35'00" W.; to latitude 36°32'00" N., longitude 87°32'30" W.; to latitude 36°39'00" N., longitude 87°32'30" W.; to latitude 36°39'00" N., longitude 87°40'00" W.; to latitude 36°42'00" N., longitude 87°40'30" W.; to latitude 36°43'30" N., longitude 87°43'00" W.; to the point of beginning.
Designated altitudes. Surface to 27,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Memphis ARTC Center
Using agency. Commanding General, Fort Campbell, Ky.

R-3703 Fort Campbell, Ky.

Boundaries. Beginning at latitude 36°39'00" N., longitude 87°32'30" W.; to latitude 36°39'15" N., longitude 87°30'12" W.; to latitude 36°39'30" N., longitude 87°29'45" W.; to latitude 36°39'30" N., longitude 87°28'33" W.; to latitude 36°37'12" N., longitude 87°28'33" W.; to latitude 36°37'12" N., longitude 87°29'50" W.; to latitude 36°34'00" N., longitude 87°29'50" W.; to latitude 36°32'00" N., longitude 87°32'30" W.; to the point of beginning.
Designated altitudes. Surface to 18,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Memphis ARTC Center.
Using agency. Commanding General, Fort Campbell, Ky.

R-3704 Fort Knox, Ky.

Boundaries. Beginning at Lat. 37°59'00" N, Long. 85°45'00" W; to Lat. 37°47'30" N, Long. 85°45'00" W; to Lat. 37°47'30" N, Long. 85°55'30" W; along U. S. Highway 31-W to Lat. 37°50'45" N, Long. 85°57'00" W; along Wilson Road to Lat. 37°55'17" N, Long. 85°56'46" W; to Lat. 37°55'17" N, Long. 85°57'16" W; to Lat. 37°56'04" N, Long. 85°57'33" W; to Lat. 37°56'23" N, Long. 85°57'00" W; along Wilson Road to Lat. 37°58'00" N, Long. 85°57'45" W; along the Illinois Central Railroad to Lat. 37°59'00" N, Long. 85°57'00" W; to Lat. 38°01'00" N, Long. 85°54'30" W; along Kentucky Route 44 to Lat. 38°00'30" N, Long. 85°52'00" W; to Lat. 37°59'00" N, Long. 85°52'00" W; to the point of beginning.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Standiford Control Tower, Louisville, Ky.
Using agency. Commanding General, U. S. Army Armor Center, Fort Knox, Ky.

§ 73.38 Louisiana

R-3801 Camp Claiborne, La.

Boundaries. Beginning at latitude 31°05'50" N., longitude 92°31'15" W.; to latitude 31°03'51" N., longitude 92°31'56" W.; to latitude 31°01'53" N., longitude 92°34'17" W.; to latitude 31°07'30" N., longitude 92°40'45" W.; to latitude 31°11'07" N., longitude 92°36'35" W.; to the point of beginning.
Designated altitudes. Surface to 18,000 feet MSL.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency; New Orleans ARTC Center.
Using agency. Commander, England Air Force Base, Louisiana.

AMENDMENTS 9/29/64 29 F.R. 13604 (Rewritten)

R-3802 Rabbit Island, La.
Boundaries. A circular area with a three nmi radius centered on latitude 29° 30' 35" N, longitude 91° 35' 45" W.
Designated altitudes: Surface to 12,000 feet MSL.
Time of designation: Continuous.
Using agency: Commanding Officer, Naval Air Station, New Orleans, Louisiana.

AMENDMENTS 4/30/64 29 F. R. 2740 (Rewritten)

R-3803 Fort Polk, La.

Boundaries. Beginning at latitude 31°23'36" N., longitude 93°09'57" W.; to latitude 31°23'12" N., longitude 93°09'48" W.; to latitude 31°22'00" N., longitude 93°10'05" W.; to latitude 31°19'16" N., longitude 93°11'10" W.; to latitude 31°19'16" N., longitude 93°20'15" W.; to latitude 31°24'30" N., longitude 93°20'15" W.; to latitude 31°24'30" N., longitude 93°16'42" W.; to latitude 31°23'35" N., longitude 93°13'24" W.; to point of beginning.
Designated altitudes. Surface to 29,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency New Orleans, Louisiana, ARTC Center.
Using agency. Commanding General, Fort Polk, Louisiana.

R-3804A Fort Polk, La.

Boundaries. Beginning at latitude 31°00'52" N., longitude 93°08'11" W.; to latitude 31°00'52" N., longitude 92°56'52" W.; to latitude 31°00'19" N., longitude 92°56'13" W.; to latitude 31°00'19" N., longitude 92°54'22" W.; to latitude 31°03'54" N., longitude 92°51'33" W.; to latitude 31°09'34" N., longitude 92°58'24" W. to latitude 31°09'34" N., longitude 93°00'55" W.; to latitude 31°08'42" N., longitude 93°01'54" W.; to latitude 31°08'42" N., longitude 93°08'11" W.; to point of beginning.
Designated altitudes. Surface to 29,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency New Orleans, Louisiana, ARTC Center.
Using agency. Commanding General, Fort Polk, Louisiana.

**R-3804B Fort Polk, La.**

Boundaries. Beginning at latitude 31°00'52" N., longitude 93°10'52" W.; to latitude 31°00'52" N., longitude 93°08'11" W.; to latitude 31°06'10" N., longitude 93°08'11" W.; to latitude 31°04'14" N., longitude 93°12'30" W.; to point of beginning.
Designated altitudes. Surface to 3,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency Alexandria, Louisiana, Flight Service Station.
Using agency. Commanding General, Fort Polk, Louisiana.

**R-3805 New Orleans, La. (Alvin Callender Field) Restricted Area/Military Climb Corridor.**

Boundaries. From a point of beginning at latitude 29°48'00" N., longitude 90°04'00" W., the area centered on a bearing therefrom of 201°, extending to a point 30 nmi S, having a width of 2 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
2,000 feet MSL to 14,000 feet MSL from point of beginning to 1 nmi S.
2,000 feet MSL to 17,000 feet MSL from 1 to 2 nmi S of point of beginning.
2,000 feet MSL to 19,000 feet MSL from 2 to 3 nmi S of point of beginning.
2,000 feet MSL to 21,000 feet MSL from 3 to 4 nmi S of point of beginning.
2,000 feet MSL to 23,000 feet MSL from 4 to 5 nmi S of point of beginning.
4,000 feet MSL to 23,000 feet MSL from 5 to 8 nmi S of point of beginning.
7,000 feet MSL to 23,000 feet MSL from 8 to 13 nmi S of point of beginning.
12,000 feet MSL to 23,000 feet MSL from 13 to 18 nmi S of point of beginning.
15,000 feet MSL to 23,000 feet MSL from 18 to 25 nmi S of point of beginning.
20,000 feet MSL to 23,000 feet MSL from 25 to 30 nmi S of point of beginning.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, New Orleans Approach Control.
Using agency. Commander, Alvin Callender NAS.

AMENDMENTS 6/25/64 29 F. R. 5886 (Added)

**§ 73.39 Maine**

**R-3801 DeBlois, Maine.**

Boundaries. Beginning at latitude 44°40'00" N., longitude 67°42'00" W.; to latitude 44°40'00" N., longitude 67°56'00" W.; to latitude 44°50'00" N., longitude 67°56'00" W.; to latitude 44°50'00" N., longitude 67°42'00" W.; to the point of beginning.
Designated altitudes. Surface to 15,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. 102 TAC Fighter Wing, Massachusetts Air National Guard, Boston 28, Massachusetts.

**R-3902 Limestone, Maine (Loring AFB), Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on a line beginning at latitude 47°00'00" N., longitude 67°54'10" W. (2 nmi north of the north end of Runway 1), and extending via a True bearing therefrom of 354° to a point 30 nmi north, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity, excluding the portion which lies outside the United States.
Designated altitudes:
Surface to flight level 240 from point of beginning to 3 nmi north.
2,000 feet MSL to flight level 240 from 3 to 6 nmi north of the point of beginning.
5,000 feet MSL to flight level 240 from 6 to 11 nmi north of the point of beginning, excluding the portion which lies outside the United States.
10,000 feet MSL to flight level 240 from 11 to 15 nmi north of the point of beginning, excluding the portion which lies outside the United States.
Time of designation. Continuous.
Using agency. Loring AFB Approach Control.

AMENDMENTS 9/17/64 29 F.R. 9821 (Rewritten)

**R-3903 Bangor, Maine (Dow AFB), Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on the 310° radial of the Bangor VORTAC extending from 5.8 miles NW of the VORTAC to 32.8 miles NW of the VORTAC, having a width of 2 miles at the beginning and expanding uniformly to a width of 4.6 miles at the outer extremity.
Designated altitudes:
2,200 feet MSL to 15,200 feet MSL from 5.8 miles NW of the VORTAC to 6.8 miles NW of the VORTAC.
2,200 feet MSL to flight level 240 from 6.8 to 7.8 miles NW of the VORTAC.
2,200 feet MSL to flight level 270 from 7.8 to 10.8 miles NW of the VORTAC.
6,200 feet MSL to flight level 270 from 10.8 to 15.8 miles NW of the VORTAC.
10,200 feet MSL to flight level 270 from 15.8 to 20.8 miles NW of the VORTAC.
15,200 feet MSL to flight level 270 from 20.8 to 25.8 miles NW of the VORTAC.
19,200 feet MSL to flight level 270 from 25.8 to 32.8 miles NW of the VORTAC.
Time of designation. Continuous.
Using agency. Dow AFB Approach Control.

**§ 73.40 Maryland**

**R-4001 Aberdeen, Md.**

Boundaries. Beginning at Lat. 39°30'30" N, Long. 76°10'00" W; to Lat. 39°29'00" N, Long. 76°08'00" W; to Lat. 39°29'30" N, Long. 76°05'00" W; to Lat. 39°27'00" N, Long. 76°00'30" W; to Lat. 39°19'47" N, Long. 76°11'34" W; to Lat. 39°12'10" N, Long. 76°16'30" W; to Lat. 39°12'45" N, Long. 76°22'30" W; to Lat. 39°17'30" N, Long. 76°19'45" W; to Lat. 39°18'30" N, Long. 76°22'00" W; to Lat. 39°22'00" N, Long. 76°22'00" W; to Lat. 39°23'28" N, Long. 76°20'40" W; to Lat. 39°26'10" N, Long. 76°14'50" W; to Lat. 39°27'00" N, Long. 76°12'30" W; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Washington ARTC Center.
Using agency. Commanding General, Aberdeen Proving Ground, Md.

**R-4002 Bloodsworth Island, Md.**

Boundaries. Beginning at Lat. 38°13'00" N, Long. 76°00'00" W; to Lat. 38°08'00" N, Long. 76°00'00" W; to Lat. 38°08'00" N, Long. 76°08'50" W; to Lat. 38°13'00" N, Long. 76°11'20" W; to the point of beginning.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Continuous.
Using agency. Commander, Amphibious Training Forces Atlantic, U. S. Amphibious Base, Little Creek, Va.

**R-4005 Patuxent, Md.**

Boundaries. Beginning at Lat. 38°18'26" N, Long. 76°14'30" W; to Lat. 38°13'00" N, Long. 76°11'20" W; to Lat. 38°13'00" N, Long. 76°00'00" W; to Lat. 38°08'00" N, Long. 76°00'00" W; to Lat. 38°08'00" N, Long. 76°08'00" W; to Lat. 37°55'15" N, Long. 76°02'30" W; to Lat. 37°52'45" N, Long. 76°11'03" W; to Lat. 38°02'20" N, Long. 76°17'24" W; to Lat. 38°07'41" N, Long. 76°17'24" W; to Lat. 38°15'00" N, Long. 76°20'50" W; to Lat. 38°18'20" N, Long. 76°17'05" W; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Using agency. Commanding Officer, NAS Patuxent River, Md.

**R-4006 Patuxent, Md.**

Boundaries. Beginning at latitude 38°41'15" N., longitude 75°46'00" W.; to latitude 38°32'30" N., longitude 75°43'45" W.; to latitude 38°19'00" N., longitude 75°37'00" W.; along the Pennsylvania Railroad to latitude 38°12'30" N., longitude 75°41'30" W.; to latitude 38°02'30" N., longitude 75°52'30" W.; to latitude 37°55'00" N., longitude 75°52'30" W.; to latitude 37°46'39" N., longitude 75°57'43" W.; clockwise along the arc of a 5-nautical mile radius centered at latitude 37°47'54" N., longitude 76°03'48" W.; to latitude 37°45'00" N., longitude 76°08'51" W.; to latitude 37°45'00" N., longitude 76°23'30" W.; to latitude 37°50'30" N., longitude 76°32'00" W.; to latitude 38°05'10" N., longitude 76°34'15" W.; to latitude 38°11'10" N., longitude 76°25'10" W.; to latitude 38°30'00" N., longitude 76°04'00" W.; to latitude 38°36'00" N., longitude 75°55'30" W.; along the Pennsylvania Railroad to point of beginning, excluding R-4002, R-4005, R-4008 and R-6609.
Designated altitudes. 3,500 feet MSL to FL 850.
Time of designation. Continuous.
Using agency. Commanding Officer, NAS, Patuxent River, Md.

**R-4007 Patuxent, Md.**

Boundaries. Beginning at Lat. 38°21'00" N, Long. 76°14'00" W; to Lat. 38°11'10" N, Long. 76°25'10" W; to Lat. 38°05'10" N, Long. 76°34'05" W; to Lat. 38°15'00" N, Long. 76°36'35" W; to Lat. 38°17'25" N, Long. 76°33'00" W; to Lat. 38°25'40" N, Long. 76°23'35" W; to the point of beginning.
Designated altitudes. Surface to 5,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding Officer, NAS Patuxent River, Md.

**R-4008 Potomac River, Md.**

Boundaries. Beginning at latitude 38°07'00" N., longitude 76°24'30" W.; to latitude 37°53'10" N., longitude 76°14'00" W.; thence along the south shore of the Potomac River to latitude 37°59'20" N., longitude 76°26'30" W.; to latitude 38°05'40" N., longitude 76°33'32" W.; to latitude 38°07'25" N., longitude 76°30'45" W.; to latitude 38°07'00" N., longitude 76°28'30" W.; to the point of beginning.
Designated altitude. Unlimited.
Time of designation. Continuous.
Using agency. Commanding Officer, NAS, Patuxent River, Md.

**§ 73.41 Massachusetts**

§ 73.41 Massachusetts

R-4101 Camp Edwards, Mass.

Boundaries. The area within a 3-mile radius of Lat. 41°43'30" N, Long. 70°32'30" W, excluding the portion SE of a line between Lat. 41°40'54" N, Long. 70°32'52" W, and Lat. 41°44'17" N, Long. 70°29'11" W.
Designated altitudes. Surface to 12,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Otis Approach Control.
Using agency. Commanding Officer, Camp Edwards, Mass.

R-4103 Falmouth, Mass. (Otis AFB), Restricted Area/Military Climb Corridor.
Boundaries. That area within the United States from a point of beginning at latitude 41°41'35" N., longitude 70°29'05" W., centered on Otis AFB TACAN 033° radial, extending to a point 30 nmi northeast, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
Surface to flight level 240 from point of beginning to 2 nmi NE.
1,000 feet MSL to flight level 240 from 2 to 3 nmi NE of point of beginning.
2,000 feet MSL to flight level 240 from 3 to 6 nmi NE of point of beginning.
5,000 feet MSL to flight level 240 from 6 to 11 nmi NE of point of beginning.
10,000 feet MSL to flight level 240 from 11 to 15 nmi NE of point of beginning.
14,000 feet MSL to flight level 240 from 15 to 19 nmi NE of point of beginning.
16,000 feet MSL to flight level 240 from 19 to 25 nmi NE of point of beginning.
20,000 feet MSL to flight level 240 from 25 to 30 nmi NE of point of beginning.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Otis Approach Control.
Using agency. Commander, Otis AFB, Mass.

AMENDMENTS 4/30/64 29 F.R. 3002 (Rewritten)

R-4104 Nashawena, Mass.

Boundaires. A circular area with a 1.5-nautical mile radius centered at Lat. 41°27'06" N, Long. 70°54'10" W.
Designated altitudes. Surface to 3,000 feet MSL.
Time of designation. 0700 to 2400 e.s.t., October 1 through June 30 annually.
Controlling agency. Federal Aviation Agency, Quonset Approach Control.
Using agency. Commander, Fleet Air Quonset, NAS Quonset Point, R. I.

R-4105 No Man's Land Island, Mass.

Boundaries. A circular area with a 3-mile radius centered at Lat. 41°15'30" N, Long. 70°48'40" W.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. 0700 to 2400 EST.
Controlling agency. Federal Aviation Agency, Quonset Approach Control.
Using agency. Commander, Fleet Air Quonset, NAS Quonset Point, R. I.

R-4106 North Eastham, Mass.

Boundaries. A circular area with a 2-mile radius centered at Lat. 41°51'00" N, Long. 70°03'00" W.
Designated altitudes. Surface to 3,000 feet MSL.
Time of designation. 0800 to 2400 EST.
Controlling agency. Federal Aviation Agency, Otis Approach Control.
Using agency. Commander, Fleet Air Quonset, NAS Quonset Point, R. I.

§ 73.42 Michigan

R-4201 Camp Grayling, Mich.

Boundaries. Beginning at Lat. 44°54'00" N, Long. 84°29'00" W; to Lat. 44°41'00" N, Long. 84°29'00" W; to Lat. 44°41'00" N, Long. 84°40'00" W; to Lat. 44°43'00" N, Long. 84°40'00" W; to Lat. 44°43'00" N, Long. 84°38'00" W; to Lat. 44°47'00" N, Long. 84°38'00" W; to Lat. 44°47'00" N, Long. 84°39'00" W; to Lat. 44°52'00" N, Long. 84°39'00" W; to Lat. 44°52'00" N, Long. 84°37'00" W; to Lat. 44°54'00" N, Long. 84°37'00" W; to the point of beginning.
Designated altitudes. The area N of Lat. 44°47'00" N, surface to 29,000 feet MSL June 1 through August 31; Surface to 20,000 feet MSL September 1 through May 31. The area S of Lat. 44°47'00" N, surface to 9,000 feet MSL.
Time of designation. The area N of Lat. 44°47'00" N, continuous June 1 through August 31; sunrise to sunset September 1 through May 31. The area S of Lat. 44°47'00" N, continuous June 1 through August 31.
Using agency. Adjutant General, State of Michigan, Lansing, Mich.
Controlling agency. Federal Aviation Agency, Traverse City Flight Service Station.

R-4202 Lake Margrethe, Mich.

Boundaries. Beginning at latitude 44°36'45" N., longitude 84°51'00" W.; to latitude 44°36'45" N., longitude 84°48'00" W.; to latitude 44°34'15" N., longitude 84°48'00" W.; to latitude 44°34'15" N., longitude 84°50'00" W.; to latitude 44°35'00" N., longitude 84°51'00" W.; to the point of beginning.
Designated altitudes. Surface to 8,200 feet MSL.
Time of designation. June 1 through August 31, with specific dates to be published by NOTAM.
Using agency. Adjutant General, State of Michigan, Lansing, Mich.

R-4203 Mount Clemens, Mich. (Selfridge AFB), Restricted Area/Military Climb Corridor.
Boundaries. From a point of beginning at latitude 42° 39' 35" N., longitude 82° 50' 05" W., the area centered on a bearing therefrom of 008°, extending to a point 30 nmi N, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
Surface to flight level 240 from the point of beginning to 3 nmi N.
2,000 feet MSL to flight level 240 from 3 nmi to 6 nmi N of the point of beginning.
5,000 feet MSL to flight level 240 from 6 nmi to 10 nmi N of the point of beginning.
9,000 feet MSL to flight level 240 from 10 nmi to 15 nmi N of the point of beginning.
14,000 feet MSL to flight level 240 from 15 nmi to 21 nmi N of the point of beginning.
17,000 feet MSL to flight level 240 from 21 nmi to 26 nmi N of the point of beginning.
20,000 feet MSL to flight level 240 from 26 nmi to 30 nmi N of the point of beginning.
Time of designation. Continuous.
Using agency. Selfridge AFB Approach Control.

AMENDMENTS 4/2/64 29 F.R. 1561 (Rewritten);

R-4204 Oscoda, Mich. (Wurtsmith AFB), Restricted Area/Military Climb Corridor.

Boundaries. From a point of beginning at latitude 44° 25' 30" N., longitude 83° 27' 10" W., the area centered on a bearing therefrom of 238°, extending to a point 30 nmi SW, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
Surface to flight level 270 from the point of beginning to 3 nmi SW.
2,000 feet MSL to flight level 270 from 3 nmi to 6 nmi SW of the point of beginning.
5,000 feet MSL to flight level 270 from 6 nmi to 11 nmi SW of the point of beginning.
10,000 feet MSL to flight level 270 from 11 nmi to 15 nmi SW of the point of beginning.
14,000 feet MSL to flight level 270 from 15 nmi to 20 nmi SW of the point of beginning.
17,000 feet MSL to flight level 270 from 20 nmi to 25 nmi SW of the point of beginning.
20,000 feet MSL to flight level 270 from 25 nmi to 30 nmi SW of the point of beginning.
Time of designation. Continuous.
Using agency. Wurtsmith AFB Approach Control.

AMENDMENTS 4/2/64 29 F.R. 558 (Rewritten);

R-4205 Sault Ste. Marie, Mich. (Kincheloe AFB); Restricted Area/Military Climb Corridor.
Boundaries. From a point of beginning at latitude 46° 11' 57" N., longitude 84° 25' 46" W., the area centered on a bearing therefrom of 150°, extending to a point 30 nmi SE, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes:
Surface to flight level 270 from the point of beginning to 3 nmi SE.
2,000 feet MSL to flight level 270 from 3 to 5 nmi SE of the point of beginning.
4,000 feet MSL to flight level 270 from 5 to 9 nmi SE of the point of beginning.
8,000 feet MSL to flight level 270 from 9 to 15 nmi SE of the point of beginning.
14,000 feet MSL to flight level 270 from 15 to 24 nmi SE of the point of beginning.
19,000 feet MSL to flight level 270 from 24 to 30 nmi SE of the point of beginning.
Time of designation. Continuous.
Using agency. Kincheloe AFB Approach Control.

AMENDMENTS 3/4/64 29 F.R. 4 (Rewritten); F.R. Corr. 29 F.R. 176;

R-4207 Upper Lake Huron, Mich.

Boundaries. Beginning at latitude 45°17'00" N., longitude 83°00'00" W.; to latitude 45°20'24" N., longitude 82°31'18" W.; along the United States-Canadian Border to latitude 44°31'00" N., longitude 82°19'54" W.; to latitude 44°27'42" N., longitude 82°47'08" W.; to the point of beginning.
Designated altitudes. Surface to flight level 450.
Time of designation. 0600 to 2200 e.s.t., April 1 through October 31: 0800 to 1600 e.s.t. Thursday through Sunday, November 1 through March 31.
Controlling Agency. Federal Aviation Agency, Minneapolis ARTC Center.
Using agency. Commander, Permanent Field Training Site Detachment, Phelps-Collins ANGB, Alpena, Mich.

**R-4208 Marquette, Mich. (K. I. Sawyer AFB), Restricted Area/Military Climb Corridor.**
Boundaries. From a point of beginning at latitude 46° 24' 13" N., longitude 87° 23' 04" W., the area centered on a bearing therefrom of 009°, extending to a point 30 nmi, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes:
Surface to flight level 270 from the point of beginning to 3 nmi N.
3,000 feet MSL to flight level 270 from 3 to 4 nmi N of the point of beginning.
4,000 feet MSL to flight level 270 from 4 to 6 nmi N of the point of beginning.
6,000 feet MSL to flight level 270 from 6 to 9 nmi N of the point of beginning.
9,000 feet MSL to flight level 270 from 9 to 15 nmi N of the point of beginning.
14,000 feet MSL to flight level 270 from 15 to 24 nmi N of the point of beginning.
20,000 feet MSL to flight level 270 from 24 to 30 nmi N of the point of beginning.
Time of designation. Continuous.
Using agency. K. I. Sawyer AFB Approach Control.

AMENDMENTS 3/5/64 29 F.R. 4 (Added);

## § 73.43 Minnesota

**R-4301 Camp Ripley, Minn.**
Boundaries. Beginning at latitude 46°18'54" N., longitude 94°29'02" W.; thence along the S bank of the Crow Wing River and the W bank of the Mississippi River to latitude 46°06'22" N., longitude 94°21'10" W.; to latitude 46°06'22" N., longitude 94°26'06" W.; to latitude 46°08'39" N., longitude 94°26'06" W.; to latitude 46°08'39" N.; to longitude 94°30'00" W.; to latitude 46°18'18" N., longitude 94°30'00" W.; to the point of beginning.
Designated altitudes. Surface to 27,000 feet MSL.
Time of designation. May 1 through November 1.
Using agency. Adjutant General, State of Minnesota, St. Paul, Minn.

**R-4304 Upper Red Lake, Minn.**

Boundaries. Beginning at Lat. 48°23'00" N, Long. 94°40'00" W; to Lat. 48°13'00" N, Long. 94°40'00" W; to Lat. 48°13'00" N, Long. 95°00'00" W; to Lat. 48°23'00" N, Long. 95°00'00" W; to the point of beginning.
Designated altitudes. Surface to 10,000 feet MSL.
Time of designation. 0700 to 1700 c.s.t., May 1 through October 31.
Using agency. Commanding Officer, NAS Minneapolis, Minn.

**R-4305 Lake Superior, Minn.**
Boundaries. Beginning at latitude 47°45'00" N., longitude 90°05'00" W.; to latitude 47°45'00" N., longitude 89°28'00" W.; to latitude 46°55'00" N., longitude 89°28'00" W.; to latitude 46°55'00" N., longitude 90°05'00" W.; to the point of beginning.
Designated altitudes. Surface to flight level 500.
Time of designation. 0001 c.s.t. Monday to 2400 c.s.t. Friday.
Controlling agency. Federal Aviation Agency, Minneapolis ARTC Center.
Using agency. Commander, Second Air Force, Barksdale AFB, Louisiana.

## § 73.44 Mississippi

**R-4401 Camp Shelby, Miss.**
Boundaries. Beginning at latitude 31°12'54" N., longitude 89°11'03" W.; to latitude 31°11'48" N., longitude 89°00'00" W.; to latitude 31°10'15" N., longitude 88°56'34" W.; to latitude 31°09'10" N., longitude 88°56'34" W.; thence southwest along Mississippi State Highway No. 15 to latitude 31°04'36" N., longitude 88°59'24" W.; to latitude W.; to latitude 31°04'36" N., longitude 89°11'03" W.; to point of beginning.
Designated altitudes and time of designation. Surface to 23,000 feet MSL, 0600 to 2400 c.s.t. daily, June 1 through August 31; surface to 14,000 feet MSL, 0600 to 2400 c.s.t. Saturdays and Sundays, from March 1 through May 31; surface to 3,500 feet MSL, sunrise to sunset, for use by the United States Air Force as published in NOTAMs by the using agency at least 48 hours in advance of activation, such activation not to exceed three weeks in any quarter year.
Using agency. Adjutant General, State of Mississippi, Jackson, Mississippi.

**R-4402 Pascagoula, Miss.**

Boundaries. Beginning at latitude 30°14'00" N., longitude 88°01'30" W; to latitude 30°09'15" N., longitude 88°01'30" W.; thence three nautical miles from and parallel to the shoreline to latitude 30°11'00" N., longitude 88°41'40" W.; to latitude 30°16'00" N., longitude 88°32'30" W.; to latitude 30°18'00" N., longitude 88°11'30" W.; to the point of beginning.
Designated altitudes. 1,000 feet MSL to 23,500 feet MSL.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, New Orleans ARTC Center.
Using agency. Commander, Brookley AFB, Ala.
AMENDMENTS 11/12/64 29 F.R. 12613 (Added);

## § 73.45 Missouri

R-4501A Fort Leonard Wood West, Mo.
Boundaries. Beginning at latitude 37°41'06" N., longitude 92°09'17" W.; to latitude 37°38'15" N., longitude 92°09'17" W.; to latitude 37°37'10" N., longitude 92°13'45" W.; to latitude 37°37'10" N., longitude 92°15'06" W.; to latitude 37°38'42" N., longitude 92°15'06" W.; to latitude 37°41'07" N., longitude 92°14'23" W.; to the point of beginning.
Designated altitudes. Surface to 5,600 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Kansas City ARTC Center.
Using agency. Commanding General, Fort Leonard Wood, Mo.

Amendments 3/5/64 29 F.R. 3001 (Added); 7/1/64 29 F.R. 8322 (Changed)

R-4501B Fort Leonard Wood East, Mo.
Boundaries. Beginning at latitude 37°43'00" N., longitude 92°06'55" W.; to latitude 37°42'11" N., longitude 92°06'14" W.; to latitude 37°39'07" N., longitude 92°06'17" W.; to latitude 37°38'15" N., longitude 92°09'17" W.; to latitude 37°43'02 N., longitude 92°09'17" W.; to the point of beginning.
Designated altitudes.
The area north of a line between latitude 37°42'51" N., longitude 92°06'47" W.; and latitude 37°42'53" N., longitude 92°09'17" W. surface to 1,500 feet MSL.
The area south of this line, surface to 2,200 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Kansas City ARTC Center.
Using agency. Commanding General, Fort Leonard Wood, Mo.

AMENDMENTS 3/5/64 29 F.R. 3001 (Added) Amend. Alt. 29 F. R. 6680; 7/1/64 29 F.R. 8322 (Changed)

Fort Leonard Wood, Mo. (Temporary)
Boundaries: Beginning at latitude 37°31' N., longitude 92°58' W.; to latitude 37°52' N., longitude 92°33' W.; to latitude 37°52' N.. longitude 92°05' W.; to latitude 37°09' N., longitude 91°21' W.; to latitude 36°45' N.. longitude 91°51' W.; to latitude 37°21' N., longitude 92°58' W.; to the point of beginning.
Designated altitudes. Surface to and including 8,000 feet MSL.
Time of designation. Continuous from 0001 c.s.t., October 29, 1964, to 2359 c.s.t. November 13, 1964.
Controlling agency. Federal Aviation Agency, Kansas City ARTC Center, Olathe, Kansas.
Using agency. United States Air Force Strike Command, Langley AFB, Virginia.

AMENDMENTS 10/29/64 29 F. R. 12586 (Added);

**R-4502 Grandview, Mo. (Richards-Gebaur AFB), Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on the Richards-Gebaur AFB ILS localizer S course, extending from 5 miles S of the airbase (Lat. 38°50'50" N, Long. 94°33'20" W) to 32 miles S of the airbase, having a width of 2 miles at the beginning and expanding uniformly to a width of 4.6 miles at the outer extremity.
Designated altitudes:
3,100 feet MSL to 16,100 feet MSL from 5 miles S of the airbase to 6 miles S of the airbase.
3,100 feet MSL to flight level 251 from 6 to 7 miles S of the airbase.
3,100 feet MSL to flight level 270 from 7 to 10 miles S of the airbase.
7,100 feet MSL to flight level 270 from 10 to 15 miles S of the airbase.
11,100 feet MSL to flight level 270 from 15 to 20 miles S of the airbase.
16,100 feet MSL to flight level 270 from 20 to 25 miles S of the airbase.
20,100 feet MSL to flight level 270 from 25 to 32 miles S of the airbase.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Olathe Approach Control, Olathe, Kansas.
Using agency. Commander, Richards-Gebaur AFB, Mo.

## § 73.46 Montana

R-4601 Glasgow, Mont. (Glasgow AFB), Restricted Area/Military Climb Corridor.

Boundaries. From a point of beginning at latitude 48° 26' 53" N., longitude 106° 35' 30" W., the area centered on the 299° radial of Glasgow AFB TACAN, extending to a point 30 nmi NW, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes. Surface to flight level 270 from the point of beginning to 3 nmi NW.
4,000 feet MSL to flight level 270 from 3 to 4 nmi NW of the point of beginning.
5,000 feet MSL to flight level 270 from 4 to 6 nmi NW of the point of beginning.
7,000 feet MSL to flight level 270 from 6 to 11 nmi NW of the point of beginning.
12,000 feet MSL to flight level 270 from 11 to 15 nmi NW of the point of beginning.
15,000 feet MSL to flight level 270 from 15 to 20 nmi NW of the point of beginning.
18,000 feet MSL to flight level 270 from 20 to 25 nmi NW of the point of beginning.
21,000 feet MSL to flight level 270 from 25 to 30 nmi NW of the point of beginning.
Time of designation. Continuous.
Using agency. Glasgow AFB Approach Control.
AMENDMENTS 3/5/64 28 F. R. 14491 (Rewritten)

§ 73.47 Nebraska

R-4701 Sioux Ordnance Depot, Nebr.

Boundaries. A circular area with a 2,400 foot radius centered at latitude 41°15'13" N., longitude 103°04'50" W.
Designated altitudes. Surface to 7,400 feet MSL.
Time of designation. 0900 to 2100 MST, Monday through Friday.
Using agency. Commanding Officer, Sioux Ordnance Depot, Sidney, Nebr.

§ 73.48 Nevada

R-4802 Lone Rock, Nev.

Boundaries. A circular area with a 3-mile radius centered at Lat. 39°52'36" N, Long. 118°20'47" W.
Designated altitudes. Surface to 8,000 feet MSL.
Time of designation. Monday through Saturday.
Using agency. Commander, Naval Air Bases, 12th Naval District, Alameda, California.

R-4803 Fallon, Nev.

Boundaries. A 3-nautical mile radius circle centered at Lat. 39°20'40" N, Long. 118°52'15" W; and within 3 nautical miles W and 2 nautical miles E of a line extending 349.5° True from the center to 15 nautical miles NNW.
Designated altitudes. Surface to 8,000 feet MSL N, and surface to 18,000 feet MSL S of a line extending from Lat. 39°27'40" N, Long. 118°57'55" W; to Lat. 39°30'20" N, Long. 118°51'55" W.
Time of designation. Continuous, Monday through Saturday.
Controlling agency. Federal Aviation Agency, Salt Lake City ARTC Center.
Using agency. Commander, Naval Air Bases, 12th Naval District, Alameda, Calif.

AMENDMENTS 9/17/64 29 F.R. 11115 (Changed)

R-4804 Twin Peaks, Nev.

Boundaries. A 5-nautical mile radius circle centered at Lat. 39°13'00" N, Long. 118°12'42" W; and a 3-nautical mile radius circle centered at Lat. 39°14'15" N, Long. 118°17'30" W.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Continuous, Monday through Saturday.
Controlling agency. Federal Aviation Agency, Salt Lake City ARTC Center.
Using agency. Commander, Naval Air Bases, 12th Naval District, Alameda, Calif.

AMENDMENTS 9/17/64 29 F.R. 11115 (Changed)

R-4805 Sahwave Mountains, Nev.

Boundaries. Beginning at Lat. 40°40'00" N, Long. 118°49'00" W; to Lat. 40°04'00" N, Long. 118°49'00" W; to Lat. 40°00'00" N, Long. 118°57'00" W; to Lat. 40°00'00" N, Long. 119°13'00" W; to Lat. 40°40'00" N, Long. 119°13'00" W; to the point of beginning.
Designated altitudes. Surface to flight level 550.
Time of designation. One hour before sunrise to 1 hour after sunset, Monday through Friday.
Controlling agency. Federal Aviation Agency, Salt Lake City ARTC Center.
Using agency. Commander, Naval Air Bases, 12th Naval District, Alameda, Calif.

AMENDMENTS 9/17/64 29 F.R. 11115 (Changed)

R-4806 Las Vegas, Nev.

Boundaries. Beginning at latitude 37°17'00" N., longitude 115°18'00" W.; to latitude 36°26'00" N., longitude 115°18'00" W.; to latitude 36°26'00" N., longitude 115°23'00" W.; to latitude 36°35'00" N., longitude 115°37'00" W.; to latitude 36°35'00" N., longitude 115°42'00" W.; to latitude 36°41'00" N., longitude 115°42'00" W.; to latitude 36°41'00" N., longitude 115°56'00" W.; to latitude 37°06'00" N., longitude 115°56'00" W.; to latitude 37°06'00" N., longitude 115°35'00" W.; to latitude 37°17'00" N., longitude 115°35'00" W.; to the point of beginning.
Designated altitudes. Unlimited Monday through Saturday, Sunday from 13,000 feet MSL to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Los Angeles ARTC Center.
Using agency. Commander, Nellis AFB, Nev.

R-4807 Tonopah, Nev.

Boundaries. Beginning at latitude 36°51'00" N., longitude 116°33'30" W.; to latitude 37°26'30" N., longitude 117°04'30" W.; to latitude 37°53'00" N., longitude 117°01'00" W.; to latitude 37°53'00" N., longitude 116°55'00" W.; to latitude 37°47'00" N., longitude 116°55'00" W.; to latitude 37°33'00" N., longitude 116°43'00" W.; to latitude 37°33'00" N., longitude 116°26'00" W.; to latitude 37°53'00" N., longitude 116°26'00" W.; to latitude 37°53'00" N., longitude 116°11'00" W.; to latitude 37°42'00" N., longitude 116°11'00" W.; to latitude 37°42'00" N.; longitude 115°53'00" W.; to latitude 37°33'00" N., longitude 115°53'00" W.; to latitude 37°33'00" N., longitude 115°48'00" W.; to latitude 37°28'00" N., longitude 115°48'00" W.; to latitude 37°28'00" N., longitude 116°00'00" W.; to latitude 37°16'00" N., longitude 116°00'00" W.; to latitude 37°16'00" N., longitude 116°34'00" W.; to the point of beginning.
Designated altitudes. Unlimited Monday through Saturday. Sunday from 13,000 feet MSL to unlimited.
Time of designation. Continuous.
Using agency. Commander, Nellis AFB, Nev.

R-4808 Las Vegas, Nev.

Boundaries. Beginning at latitude 36°41'00" N., longitude 115°56'00" W.; to latitude 36°41'00" N., longitude 116°26'30" W.; to latitude 36°51'00" N., longitude 116°26'30" W.; to latitude 36°51'00" N., longitude 116°33'30" W.; to latitude 37°16'00" N., longitude 116°34'00" W.; to latitude 37°16'00" N., longitude 116°00'00" W.; to latitude 37°28'00" N., longitude 116°00'00" W.; to latitude 37°28'00" N., longitude 115°35'00" W.; to latitude 37°06"00" N., longitude 115°35'00" W.; to latitude 37°06'00" N., longitude 115°56'00" W.; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Using agency. Manager, Atomic Energy Commission, Las Vegas, Nevada.

AMENDMENTS On Publ. 5/1/64 29 F. R. 5787 (Changed)

R-4809 Tonopah, Nev.

Boundaries. Beginning at Lat. 37°53'00" N, Long. 116°26'00" W; to Lat. 37°33'00" N, Long. 116°26'00" W; to Lat. 37°33'00" N, Long. 116°43'00" W; to Lat. 37°47'00" N, Long. 116°55'00" W; to Lat. 37°53'00" N, Long. 116°55'00" W; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Using agency. Manager, Atomic Energy Commission, Albuquerque, N. Mex.

R-4810 Desert Mountains, Nev.

Boundaries. A 5-nautical mile radius circle centered at Lat. 39°10'00" N, Long. 118°37'30" W; and a 3-nautical mile radius circle centered at Lat. 39°09'15" N, Long. 118°42'20" W.
Designated altitudes. Surface to flight level 300.
Time of designation. One hour prior to sunrise to one hour after sunset, Monday through Friday.
Controlling agency. Federal Aviation Agency, Salt Lake City ARTC Center.
Using agency. Commander, Naval Air Bases, 12th Naval District, Alameda, Calif.

AMENDMENTS 9/17/64 29 F.R. 11115 (Changed)

§ 73.49 New Hampshire

R-4901 Isle of Shoals, N. H.

Boundaries. Beginning at Lat. 42°59'54" N, Long. 70°38'21" W; to Lat. 43°02'21" N, Long. 70°37'14" W; to Lat. 43°01'30" N, Long. 70°33'49" W; to Lat. 42°59'03" N, Long. 70°35'00" W; to the point of beginning.
Designated altitudes. Surface to 2,000 feet MSL.
Time of designation. Sunrise to sunset, Monday through Friday.
Using agency. Commander, Fleet Air Detachment, NAS Brunswick, Maine.

§ 73.50 New Jersey

R-5001 Fort Dix, N. J.

Boundaries. Beginning at Lat. 40°02'45" N, Long. 74°27'00" W; to Lat. 39°58'45" N, Long. 74°25'40" W; to Lat. 39°58'45" N, Long. 74°31'25" W; to Lat. 39°59'15" N, Long. 74°33'30" W; to Lat. 40°01'53" N, Long. 74°33'30" W; to Lat. 40°02'45" N, Long. 74°32'30" W; to the point of beginning.
Designated altitudes. Surface to 8,000 feet MSL east of and surface to 4,000 feet MSL west of a line drawn from Lat. 40°02'45" N, Long. 74°31'25" W; to Lat. 39°58'45" N, Long. 74°31'25" W.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, New York ARTC Center.
Using agency. Commanding General, Fort Dix, N. J.

**R-5002 Warren Grove, N. J.**

Boundaries. Beginning at Lat. 39°46'10" N, Long. 74°20'14" W; to Lat. 39°43'25" N, Long. 74°17'37" W; to Lat. 39°38'45" N, Long. 74°23'40" W; to Lat. 39°39'50" N, Long. 74°25'52" W; to Lat. 39°43'56" N, Long. 74°24'13" W; to the point of beginning.
Designated altitudes. Surface to 9,000 feet MSL.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, New York ARTC Center.
Using agency. Commander, 108th Tactical Fighter Wing, New Jersey Air National Guard, McGuire AFB, N. J.

**R-5003 Wrightstown, N. J. (McGuire AFB), Restricted Area/Military Climb Corridor.**
Boundaries. From a point of beginning at latitude 39°59'05" N., longitude 74°38'00" W., the area centered on the McGuire AFB TACAN 224° radial, extending to a point 30 nmi southwest, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
1,500 feet MSL to 23,000 feet MSL from point of beginning to 3 nmi SW.
2,000 feet MSL to 23,000 feet MSL from 3 nmi to 6 nmi SW of point of beginning.
5,000 feet MSL to 23,000 feet MSL from 6 nmi to 11 nmi SW of point of beginning.
10,000 feet MSL to 23,000 feet MSL from 11 nmi to 15 nmi SW of point of beginning.
14,000 feet MSL to 23,000 feet MSL from 15 nmi to 19 nmi SW of point of beginning.
16,000 feet MSL to 23,000 feet MSL from 19 nmi to 25 nmi SW of point of beginning.
20,000 feet MSL to 23,000 feet MSL from 25 nmi to 30 nmi SW of point of beginning.
Time of designation. Continuous.
Using agency. McGuire AFB Approach Control.

AMENDMENTS 4/30/64 29 F.R. 3002 (Rewritten) F.R. Correction 29 F.R. 3358

**§ 73.51 New Mexico**

**R-5101 Los Alamos, N. Mex.**

Boundaries. Beginning at Lat. 35°45'15" N, Long. 106°15'12" W; to Lat. 35°50'03" N, Long. 106°21'36" W; to Lat. 35°52'22" N, Long. 106°20'42" W; to Lat. 35°52'52" N, Long. 106°16'48" W; to Lat. 35°52'30" N, Long. 106°14'48" W; to Lat. 35°48'35" N, Long. 106°14'48" W; to Lat. 35°47'05" N, Long. 106°12'06" W; to the point of beginning.
Designated altitudes. Surface to 12,000 feet MSL.
Time of designation. Continuous.
Using agency. Manager, Atomic Energy Commission, Los Alamos, N. Mex.

**R-5103A McGregor, N. Mex.**

Boundaries. Beginning at latitude 32°45'00" N., longitude 105°59'00" W.; to latitude 32°45'00" N., longitude 105°52'20" W.; to latitude 32°35'00" N., longitude 105°30'00" W.; to latitude 32°26'20" N., longitude 105°30'00" W.; to latitude 32°00'15" N., longitude 105°56'40" W.; to latitude 32°00'30" N., longitude 106°10'25" W.; to latitude 32°05'20" N., longitude 106°09'20" W.; to latitude 32°06'00" N., longitude 106°15'30" W.; along the Southern Pacific Railroad to latitude 32°28'00" N., longitude 106°02'00" W.; to latitude 32°27'40" N., longitude 106°00'00" W.; to latitude 32°36'00" N., longitude 106°00'00" W.; to the point of beginning, excluding that airspace within a two nautical mile radius of latitude 32°39'40" N., longitude 105°40'00" W.; from the surface to 1,500 feet above the surface.
Designated altitude. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commanding General, Fort Bliss, Texas.

**R-5103B McGregor, N. Mex.**

Boundaries. Beginning at latitude 32°45'00" N., longitude 105°52'20" W.; to latitude 32°45'00" N., longitude 105°30'00" W.; to latitude 32°35'00" N., longitude 105°30'00" W.; to the point of beginning.
Designated altitudes. 20,000 feet MSL to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commanding General, Fort Bliss, Tex.

**R-5104 Melrose, N. Mex.**

Boundaries. Beginning at latitude 34°28'00" N., longitude 103°43'15" W.; to latitude 34°25'25" N., longitude 103°40'00" W; to latitude 34°10'00" N., longitude 103°40'00" W.; to latitude 34°10'00" N., longitude 103°55'00" W.; to latitude 34°28'00" N., longitude 103°55'00" W.; to point of beginning.
Designated altitudes. Surface to 23,000 feet MSL.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Cannon AFB, N, Mex.

**R-5105 Melrose, N. Mex.**

Boundaries. Beginning at latitude 34°39'00" N., longitude 103°55'00" W.; to latitude 34°39'00" N., longitude 103°40'00" W.; to latitude 34°25'25" N., longitude 103°40'00" W.; to latitude 34°28'00" N., longitude 103°43'15" W.; to latitude 34°28'00" N., longitude 103°55'00" W.; to the point of beginning.
Designated altitudes. Surface to 14,000 feet MSL.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Cannon AFB, N. Mex.

**R-5106 Orogrande, N. Mex.**

Boundaries. Beginning at latitude 32°36'00" N., longitude 106°00'00" W.; to latitude 32°27'40" N., longitude 106°00'00" W.; to latitude 32°28'00" N., longitude 106°02'00" W.; along the Southern Pacific Railroad to latitude 32°06'15" N., longitude 106°15'15" W.; to latitude 32°06'30" N., longitude 106°17'15" W.; to latitude 32°25'00" N., longitude 106°06'00" W.; to latitude 32°36'00" N., longitude 106°06'00" W.; to the point of beginning.
Designated altitudes. From 10,000 feet MSL to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commanding General, Fort Bliss, Texas.

AMENDMENTS On Publ. 8/8/64 29 F.R. 11446 (Changed)

**R-5107A White Sands Proving Grounds, N. Mex.**

Boundaries. Beginning at latitude 32°23'18" N., longitude 106°07'03" W.; to latitude 32°05'00" N., longitude 106°18'20" W.; to latitude 32°05'00" N., longitude 106°29'00" W.; to latitude 32°06'20" N., longitude 106°34'00" W.; to latitude 32°18'00" N., longitude 106°34'00" W.; to latitude 32°18'00" N., longitude 106°39'00" W.; to latitude 32°19'30" N., longitude 106°39'30" W.; to latitude 32°19'30" N., longitude 106°20'36" W.; to latitude 32°24'48" N., longitude 106°09'00" W.; to the point of beginning.
Designated altitude. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commanding General, Fort Bliss, Texas.

AMENDMENTS 10/16/64 29 F. R. 14223 (Rewritten)

**R-5107B White Sands Proving Grounds, N. Mex.**

Boundaries. Beginning at latitude 33°44'10" N., longitude 106°04'00" W.; to latitude 32°50'00" N., longitude 106°04'00" W.; to latitude 32°36'00" N., longitude 106°06'00" W.; to latitude 32°25'00" N., longitude 106°06'00" W.; to latitude 32°23'18" N., longitude 106°07'03" W.; to latitude 32°24'48" N., longitude 106°09'00" W.; to latitude 32°19'30" N., longitude 106°20'36" W.; to latitude 32°19'30" N. longitude 106°39'30" W.; to latitude 33°13'00" N., longitude 106°52'00" W.; to latitude 33°53'00" N., longitude 106°44'45" W.; to point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Using agency. Commander, Holloman AFB, New Mexico.

AMENDMENTS 10/16/64 29 F. R. 14223 (Rewritten)

**R-5107C White Sands Proving Grounds, N. Mex.**

Boundaries. Beginning at latitude 34°17'00" N., longitude 106°04'00" W.; to latitude 33°44'10" N., longitude 106°04'00" W.; to latitude 33°53'00" N., longitude 106°44'45" W.; to latitude 34°15'45" N., longitude 106°40'30" W.; to latitude 34°17'00" N., longitude 106°12'00" W.; to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Holloman AFB, New Mexico.

**R-5108 White Sands, N. Mex.**

Boundaries. Beginning at latitude 34°15'45" N., longitude 106°40'30" W.; to latitude 33°17'50" N., longitude 106°51'00" W.; thence clockwise along the arc of a 33.5 mile radius circle centered at latitude 33°46'45" N., longitude 106°46'00" W.; to point of beginning.
Designated altitude. 24,000 feet MSL to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Holloman AFB, N. Mex.

**R-5109A White Sands, N. Mex.**

Boundaries. Beginning at latitude 33°31'30" N., longitude 105°27'00" W.; to latitude 32°45'00" N., longitude 105°27'00" W.; to latitude 32°45'00" N., longitude 105°59'00" W.; to latitude 32°36'00" N., longitude 106°00'00" W.; to latitude 32°36'00" N., longitude 106°06'00" W.; to latitude 32°50'00" N., longitude 106° 04'00" W.; to latitude 33°44'10" N., longitude 106°04'00" W.; to the point of beginning.
Designated altitudes. From 24,000 feet MSL to unlimited.
Time of designation. Continuous.
Using agency. Commander, Holloman Air Force Base, New Mexico.

**R-5109B White Sands, N. Mex.**

Boundaries. Beginning at latitude 34°17'00" N., longitude 106°04'00" W.; to latitude 34°17'00" N., longitude 105°51'00" W.; to latitude 33°57'00" N., longitude 105°27'00" W.; to latitude 33°31'30" N., longitude 105°27'00" W.; to latitude 33°44'10" N., longitude 106°04'00" W.; to the point of beginning.
Designated altitudes. From 24,000 feet MSL to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Holloman Air Force Base, New Mexico.

**R-5110 McGregor, N. Mex.**

Boundaries. Beginning at latitude 33°13'00" N., longitude 105°17'35" W.; thence counterclockwise along the arc of a 45-mile radius circle centered at Walker AFB, Roswell, N. Mex. (latitude 33°18'00" N., longitude 104°31'20" W.), to latitude 32°52'30" N., longitude 105°06'55" W.; to latitude 32°26'20" N., longitude 105°30'00" W.; to latitude 32°45'00" N., longitude 105°30'00" W.; to latitude 32°45'00" N., longitude 105° 27'00" W.; to latitude 33°13'00" N., longitude 105°27'00" W.; to point of beginning.
Designated altitudes. 31,000 feet MSL to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commanding General, Fort Bliss, Tex.

**R-5111A Elephant Butte, N. Mex. (East).**

Boundaries. Beginning at latitude 33°00'00" N., longitude 106°49'00" W.; to latitude 33°00'00" N., longitude 107°00'00" W.; to latitude 33°26'50" N., longitude 107°00'00" W.; to latitude 33°35'00" N., longitude 106°48'00" W.; to latitude 33°13'00" N., longitude 106°52'00" W.; to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Air Force Missile Development Center, Holloman AFB, N. Mex.

AMENDMENTS 10/27/64 29 F. R. 14919 (Added)

**R-5111B Elephant Butte, N. Mex. (West).**

Boundaries. Beginning at latitude 33°00'00" N., longitude 106°49'00" W.; to latitude 32°43'00" N., longitude 106°45'00" W.; to latitude 32°47'00" N., longitude 107°06'00" W.; to latitude 33°00'00" N., longitude 107°13'00" W.; to latitude 33°21'00" N., longitude 107°08'00" W.; to latitude 33°26'50" N., longitude 107°00'00" W.; to latitude 33°00'00" N., longitude 107°00'00" W.; to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Air Force Missile Development Center, Holloman AFB, N. Mex.

AMENDMENTS 10/27/64 29 F. R. 14919 (Added)

**R-5112 Magdalena, New Mexico.**

Boundaries. Beginning at latitude 34°33'00" N., longitude 107°41'00" W.; to latitude 34°30'00" N., longitude 107°25'00" W.; to latitude 34°16'00" N., longitude 107°17'00" W.; to latitude 34°02'00" N., longitude 107°28'00" W.; to latitude 33°53'00" N., longitude 107°55'00" W.; to latitude 33°54'00" N., longitude 108°10'00" W.; to latitude 34°09'00" N., longitude 108°18'00" W.; to latitude 34°25'00" N., longitude 108° 03'00" W.; to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Albuquerque ARTC Center.
Using agency. Commander, Air Force Missile Development Center, Holloman AFB, New Mexico.

§ 73.52 New York

**R-5201 Camp Drum, N. Y.**

Boundaries. Beginning at Lat. 44°15'00" N, Long. 75°31'30" W; to Lat. 44°11'15" N, Long. 75°25'00" W; to Lat. 44°03'00" N, Long. 75°33'30" W; to Lat. 44°03'15" N, Long. 75°37'39" W; to Lat. 44° 06'44" N, Long. 75°43'54" W; to the point of beginning.
Designated altitudes. Surface to 23,000 feet MSL, May 1 through October 31; surface to 20,000 feet MSL, November 1 through April 30.
Time of designation. Continuous.
Using agency. Commanding Officer, Camp Drum, N. Y.

**R-5202 Gardiner's Island, N. Y.**

Boundaries. A circular area with a 3-nautical mile radius centered at Lat. 41°08'30" N, Long. 72° 08'50" W.
Designated altitudes. Surface to 6,000 feet MSL.
Time of designation. 0800 to 1800 EST, Sunday through Friday, and 0800 to 2300 EST, Saturday, April 15 through October 31; 0800 to 2300 EST, Saturday and Sunday, November 1 through April 14.
Controlling agency. Federal Aviation Agency, Quonset Approach Control.
Using agency. Commanding Officer, NAS New York, N. Y.

**R-5203 Oswego, N. Y.**

Boundaries. Beginning at Lat. 43°37'00" N, Long. 76°45'00" W; to Lat. 43°24'00" N, Long. 76°45'00" W; to Lat. 43°24'00" N, Long. 78°00'00" W; to Lat. 43°37'00" N, Long. 78°00'00" W; to the point of beginning.
Designated altitudes. Surface to flight level 320.
Time of designation. Sunrise to sunset, April 1 through December 31.
Using agency. Commander, Air National Guard Base, Niagara Falls Municipal Airport, Niagara Falls, N. Y., Phone: BUtler 5-6691, Extension 497.

R-5204 Rome, N. Y. (Griffiss AFB), Restricted Area/Military Climb Corridor.

Boundaries. From a point of beginning at latitude 43°16'05" N., longitude 75°27'20" W., the area centered on a . . bearing therefrom of 314°, extending to a point 30 nmi northwest, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
Surface to flight level 240 from point of beginning to 3 nmi northwest.
2000 feet MSL to flight level 240 from 3 to 6 nmi northwest of point of beginning.
5,000 feet MSL to flight level 240 from 6 to 11 nmi northwest of point of beginning.
10,000 feet MSL to flight level 240 from 11 to 15 nmi northwest of point of beginning.
14,000 feet MSL to flight level 240 from 15 to 19 nmi northwest of point of beginning.
16,000 feet MSL to flight level 240 from 19 to 25 nmi northwest of point of beginning.
20,000 feet MSL to flight level 240 from 25 to 30 nmi northwest of point of beginning.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Griffiss Approach Control.
Using agency. Commander, Griffiss AFB, N. Y.
AMENDMENTS 4/30/64 29 F.R. 3002 (Rewritten)

**R-5205 Westhampton Beach, N. Y. (Suffolk AFB), Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on the 039° radial of the Suffolk AFB VOR extending from 5 miles NE of the airbase (Lat. 40°50'40" N, Long. 72°37'45" W) to 32 miles NE of the airbase having a width of 2 miles at the beginning, expanding uniformly to a width of 4.6 miles at the outer extremity.
Designated altitudes:
2,100 feet MSL to 15,100 feet MSL from 5 miles NE of the airbase to 6 miles NE of the airbase.
2,100 feet MSL to flight level 241 from 6 to 7 miles NE of the airbase.
2,100 feet MSL to flight level 270 from 7 to 10 miles NE of the airbase.
6,100 feet MSL to flight level 270 from 10 to 15 miles NE of the airbase.
10,100 feet MSL to flight level 270 from 15 to 20 miles NE of the airbase.
15,100 feet MSL to flight level 270 from 20 to 25 miles NE of the airbase.
19,100 feet MSL to flight level 270 from 25 to 32 miles NE of the airbase.
Time of designation. Continuous.
Using agency. Suffolk AFB Approach Control.

R-5206 West Point, N. Y.

Boundaries. Beginning at Lat. 41°19'40" N, Long. 74°03'33" W; to Lat. 41°19'40" N, Long. 74°00' 26" W; to Lat. 41°20'40" N, Long. 74°00'26" W; to Lat. 41°20'40" N, Long. 73°58'58" W; to Lat. 41°22' 40" N, Long. 73°58'58" W; along U. S. Highway No. 9W to Lat. 41°23'08" N, Long. 73°59'42" W; to Lat. 41°23'08" N, Long. 74°00'00" W; along New York State Highway No. 293 to Lat. 41°20'40" N, Long. 74° 03'33" W; to the point of beginning.
Designated altitudes; Surface to 7,000 feet MSL.
Time of designation. 0600 to 2400 e.s.t., May 1 through August 31.
Controlling agency. Federal Aviation Agency, New York ARTC Center.
Using agency. Superintendent, United States Military Academy, West Point, N. Y.

R-5207 Romulus, N. Y.

Boundaries. A circular area with a radius of 1,350 feet centered at latitude 42°46'59" N., longitude 76°53'06" W.
Designated altitudes. Surface to 2,000 feet MSL.
Time of designation. 0730 to 1815 local time, Monday through Friday.
Using agency. Commanding Officer, Seneca Army Depot, Romulus, N. Y.

AMENDMENTS 8/20/64 29 F. R. 7595 (Added)

§ 73.53 North Carolina

R-5301A Albemarle Sound, N. C.

Boundaries. A circular area with a 3-mile radius centered at latitude 36° 03' 30" N., longitude 76° 20' 00" W., excluding the airspace within R-5301B.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5301B Albemarle Sound, N. C.
Boundaries. A circular area within a 1½-nmi radius centered at latitude 36° 05' 25" N., longitude 76° 18' 30" W.
Designated altitudes. Surface to 5,000 feet MSL.
Time of designation. Continuous.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5302 Albemarle Sound, N. C.

Boundaries. A circular area with a 3-mile radius centered at Lat. 35°58'44" N, Long. 76°21'34" W.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5303 Albemarle Sound, N. C.

Boundaries. A circular area with a 3-mile radius centered at Lat. 35°59'16" N, Long. 76°15'58" W.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5304 Albemarle Sound, N. C.

Boundaries. A circular area with a 3-mile radius centered at Lat. 36°00'05" N, Long. 76°10'54" W.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5305 Albemarle Sound, N. C.

Boundaries. A circular area with a 3-mile radius centered at Lat. 36°00'33" N, Long. 76°05'58" W.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5306A Cherry Point, N. C.

Boundaries. Beginning at Lat. 35°23'15" N, Long. 76°34'40" W; to Lat. 35°18'15" N, Long. 76°16' 40" W; to Lat. 35°04'30" N, Long. 76°04'30" W; to Lat. 34°46'45" N, Long. 76°24'45" W; to Lat. 34° 45'10" N, Long. 76°40'30" W; to Lat. 34°41'50" N, Long. 76°56'20" W; to Lat. 34°37'30" N, Long. 76° 56'20" W; thence southwest along the boundary of Warning Area W-122 to Lat. 34°34'30" N, Long. 77°09' 00" W; to Lat. 34°44'50" N, Long. 77°14'40" W; to Lat. 35°03'00" N, Long. 76°57'00" W; thence to point of beginning.
Designated altitudes. Surface to flight level 350.
Time of designation. Continuous.
Using agency. Commanding General Marine Corps Air Station, Cherry Point, N. C.

R-5306B Cherry Point, N. C.

Boundaries. Beginning at Lat. 34°44'50" N, Long. 77°14'40" W; to Lat. 34°34'30" N, Long. 77°09' 00" W; thence southwest along the boundary of Warning Area W-122 to Lat. 34°30'20" N, Long. 77°15' 50" W; to Lat. 34°33'00" N, Long. 77°19'00" W; to Lat. 34°36'05" N, Long. 77°26'08" W; to Lat. 34° 40'00" N, Long. 77°22'00" W; to Lat. 34°39'10" N, Long. 77°20'50" W; thence to point of beginning.
Designated altitudes. Surface to flight level 290.
Time of designation. Continuous.
Using agency. Commanding General, Marine Corps Air Station, Cherry Point, N. C.

R-5306C Cherry Point, N. C.

Boundaries. Beginning at latitude 34°40'00" N., longitude 77°22'00" W.; to latitude 34°36'05" N., longitude 77°26'08" W.; to latitude 34°37'25" N., longitude 77°29'00" W.; to latitude 34°40'40" N., longitude 77°23'00" W.; to point of beginning.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding General, U.S. Marine Corps Air Station, Cherry Point, N. C.

AMENDMENTS 3/5/64 29 F.R. 3003 (Rewritten)

R-5308 Currituck Sound, N. C.

Boundaries. A circular area with a 3-nautical mile radius centered at Lat. 36°12'15" N, Long. 75° 45'57" W.
Designated altitudes. Surface to 10,000 feet MSL.
Time of designation. Continuous.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5309 Currituck Sound, N. C.

Boundaries. A circular area with a 3-mile radius centered at Lat. 36°25'24" N, Long. 75°50'09" W.
Designated altitudes. Surface to 10,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5310 Currituck Sound, N. C.

Boundaries. A circular area with a 3-mile radius centered at Lat. 36°10'28" N, Long. 75°45'04" W.
Designated altitudes. Surface to 10,000 feet MSL.
Time of designation. Continuous.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

R-5311 Fort Bragg, N. C.
Boundaries. Beginning at latitude 35°10'46" N., longitude 79°01'56" W.; to latitude 35°08'47" N., longitude 79°02'00" W.; to latitude 35°07'00" N., longitude 79°02'30" W.; to latitude 35°05'35" N., longitude 79° 01'50" W.; to latitude 35°02'55" N., longitude 79°05'40" W.; to latitude 35°02'45" N., longitude 79°20'10" W.; to latitude 35°07'05" N., longitude 79°22'50" W.; to latitude 35°09'40" N., longitude 79°20'10" W.; thence along Little River to point of beginning.
Designated altitude. Surface to 29,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding General, Fort Bragg, N. C.

R-5312 Goldsboro, N. C. (Seymour-Johnson AFB), Restricted Area/Military Climb Corridor.
Boundaries. From a point of beginning at latitude 35°19'27" N., longitude 78°00'55" W., the area centered on a bearing therefrom of 228°, extending to a point 30 nmi SW, having a width of 2 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes:
Surface to flight level 240 from the point of beginning to 3 nmi SW.
2,000 feet MSL to flight level 240 from 3 to 6 nmi SW of the point of beginning.
5,000 feet MSL to flight level 240 from 6 to 11 nmi SW of the point of beginning.
10,000 feet MSL to flight level 240 from 11 to 15 nmi SW of the point of beginning.
14,000 feet MSL to flight level 240 from 15 to 19 nmi SW of the point of beginning.
16,000 feet MSL to flight level 240 from 19 to 25 nmi SW of the point of beginning.
20,000 feet MSL to flight level 240 from 25 to 30 nmi SW of the point of beginning.
Using agency. Seymour-Johnson AFB, Approach Control.
Time of designation. Continuous.

AMENDMENTS 6/25/64 29 F.R. 5162 (Rewritten); Eff. Immed. 9/4/64 29 F.R. 12870 (Changed);

R-5313 Long Shoal Point, N. C.

Boundaries. A circular area with a 3-mile radius centered at Lat. 35°32'48" N, Long. 75°41'26" W.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

Camp MacKall, Temporary.
Boundaries. A circular area with a 5-statute-mile radius centered at latitude 35°02'00" N., longitude 79°30'00" W.
Designated altitudes. Surface to 2,500 feet MSL.
Time of designation. November 12, 1964-activated by NOTAM specifying time of use at least eight hours in advance.
Controlling agency. Federal Aviation Agency, Atlanta ARTC Center.
Using agency. Commanding General, U. S. Army Infantry Center, Test Director Project Team, Fort Benning, Georgia.

AMENDMENTS 8/16/64 29 F.R. 11961 (Added)

## § 73.54 North Dakota

R-5402 Grand Forks, N. Dak. (Grand Forks AFB), Restricted Area/Military Climb Corridor
Boundaries. From a point of beginning at latitude 48° 00' 43" N., longitude 97° 24' 03" W., the area centered on the 001° radial of the Grand Forks AFB TACAN, extending to a point 30 nmi N, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes:
Surface to 19,000 feet MSL from the point of beginning to 1 nmi N.
Surface to flight level 270 from 1 to 3 nmi N of the point of beginning.
2,000 feet MSL to flight level 270 from 3 to 4 nmi N of the point of beginning.
3,000 feet MSL to flight level 270 from 4 to 6 nmi N of the point of beginning.
5,000 feet MSL to flight level 270 from 6 to 11 nmi N of the point of beginning.
10,000 feet MSL to flight level 270 from 11 to 15 nmi N of the point of beginning.
14,000 feet MSL to flight level 270 from 15 to 19 nmi N of the point of beginning.
17,000 feet MSL to flight level 270 from 19 to 25 nmi N of the point of beginning.
20,000 feet MSL to flight level 270 from 25 to 30 nmi N of the point of beginning.
Time of designation. Continuous.
Using agency. Grand Forks AFB Approach Control.

AMENDMENTS 3/5/64 29 F. R. 3 (Rewritten)

R-5403 Minot, N. Dak. (Minot AFB), Restricted Area/Military Climb Corridor.
Boundaries. From a point of beginning at Latitude 48° 26' 42" N., Longitude 101° 25' 13" W., the area centered on the 308° radial of the Minot AFB TACAN, extending to a point 30 nmi NW, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes:
Surface to 19,000 feet MSL from the point of beginning to 1 nmi NW.
Surface to flight level 270 from 1 to 3 nmi NW of the point of beginning.
3,000 feet MSL to flight level 270 from 3 to 4 nmi NW of the point of beginning.
4,000 feet MSL to flight level 270 from 4 to 6 nmi NW of the point of beginning.
6,000 feet MSL to flight level 270 from 6 to 14 nmi NW of the point of beginning.
14,000 feet MSL to flight level 270 from 14 to 22 nmi NW of the point of beginning.
19,000 feet MSL to flight level 270 from 22 to 30 nmi NW of the point of beginning.
Time of designation. Continuous.
Using agency. Minot AFB Approach Control.

AMENDMENTS 3/5/64 29 F. R. 3 (Rewritten)

## § 73.55 Ohio

R-5501 Columbus, Ohio (Lockbourne AFB), Restricted Area/Military Climb Corridor.

Boundaries. From a point of beginning at latitude 39°46'47" N., longitude 82°58'30" W., the area centered on a bearing therefrom of 233°, extending to a point 30 nmi SW, having a width of 1 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes.
Surface to 20,000 feet MSL from the point of beginning to 1 nmi SW.
Surface to flight level 240 from 1 to 3 nmi SW of the point of beginning.
2,000 feet MSL to flight level 240 from 3 to 6 nmi SW of the point of beginning.
5,000 feet MSL to flight level 240 from 6 to 11 nmi SW of the point of beginning.
10,000 feet MSL to flight level 240 from 11 to 15 nmi SW of the point of beginning.
14,000 feet MSL to flight level 240 from 15 to 19 nmi SW of the point of beginning.
16,000 feet MSL to flight level 240 from 19 to 25 nmi SW of the point of beginning.
20,000 feet MSL to flight level 240 from 25 to 30 nmi SW of the point of beginning.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Columbus Approach Control.
Using agency. Commander, Lockbourne AFB, Ohio.

AMENDMENTS 6/25/64 29 F. R. 5826 (Rewritten)

R-5502 Lacarne, Ohio.

Boundaries. Beginning at Lat. 41°50'39" N, Long. 83°08'47" W; to Lat. 41°35'41" N, Long. 82°54'24" W; to Lat. 41°31'39" N, Long. 83°01'30" W; to Lat. 41°31'40" N, Long. 83°03'00" W; to Lat. 41°37'38" N, Long. 83°11'12" W; to Lat. 41°39'30" N, Long. 83°15'15" W; to Lat. 41°45'30" N, Long. 83°19'45" W; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Cleveland ARTC Center.
Using agency. Commanding Officer, Erie Ordnance Depot, Lacarne, Ohio.

R-5503 Wilmington, Ohio

Boundaries. Beginning at Lat. 39°08'20" N, Long. 83°02'00" W; to Lat. 38°48'30" N, Long. 83°02'00" W; to Lat. 38°58'30" N, Long. 84°05'00" W; to Lat. 39°12'30" N, Long. 84°05'00" W; to the point of beginning.
Designated altitudes. Surface to flight level 600.
Time of designation. 0800 to 2200 EST, Monday through Saturday.
Controlling agency. Federal Aviation Agency, Indianapolis ARTC Center.
Using agency. Aeronautical Systems Division, Wright-Patterson AFB, Ohio.

R-5504 Wilmington, Ohio

Boundaries. Beginning at Lat. 39°30'00" N, Long. 83°02'00" W; to Lat. 39°08'20" N, Long. 83°02'00" W; to Lat. 39°12'30" N, Long. 84°05'00" W; to Lat. 39°15'45" N, Long. 84°05'00" W; to Lat. 39°30'00" N, Long. 83°47'00" W; to the point of beginning, excluding the portion that coincides with R-5501.
Designated altitudes. 3,000 feet MSL to flight level 600.
Time of designation. 0800 to 2200 EST, Monday through Saturday.
Controlling agency. Federal Aviation Agency, Indianapolis ARTC Center.
Using agency. Aeronautical Systems Division, Wright-Patterson AFB, Ohio.

## § 73.56 Oklahoma

R-5601A Fort Sill, Okla.

Boundaries. Beginning at latitude 34°38'15" N., longitude 98°17'00" W.; to latitude 34°38'15 N., longitude 98°20'55" W.; thence counterclockwise along the arc of a 3-mile radius circle centered at latitude 34°38'18" N., longitude 98°24'06" W.; to latitude 34°40'12" N., longitude 98° 26'17" W.; to latitude 34°39'33" N., longitude 98°26'17" W.; thence counterclockwise along the arc of a 2.5-mile radius circle centered at latitude 34°38'18" N., longitude 98°24'06" W.; to latitude 34°38'15" N., longitude 98°26'46" W.; to latitude 34°38'15" N., longitude 98°45'20" W.; to latitude 34°41'58" N., longitude 98°45'20" W.; to latitude 34°41'58" N., longitude 98°39'43" W.; to latitude 34°43'30" N., longitude 98°35'39" W.; to latitude 34°43'30" N., longitude 98°21'20" W.; to latitude 34°43'45" N., longitude 98°21'00" W.; to latitude 34°46'06" N., longitude 98°21'00" W.; to latitude 34°46'06" N., longitude 98°17'00" W.; to point of beginning.
Designated altitude. Surface to 65,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding General, Fort Sill, Oklahoma.

**R-5601B Fort Sill, Okla.**

Boundaries Beginning at latitude 34°38'15" N., longitude 98°26'46" W.; thence clockwise along the arc of a 2.5-mile radius circle centered at latitude 34°38'18" N., longitude 98°24'06" W.; to latitude 34°39'33" N., longitude 98°26'17" W.; to latitude 34°40'12" N., longitude 98°26'17" W.; thence clockwise along the arc of a 3-mile radius circle centered at latitude 34°38'18" N., longitude 98°24'06" W.; to latitude 34°38'15" N., longitude 98°20'55" W.; thence to point of beginning.
Designated altitude. Surface to 65,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Fort Worth ARTC Center.
Using agency. Commanding General, Fort Sill, Okla.

**§ 73.57 Oregon**

**R-5701 Boardman Oreg.**

Boundaries and designated altitudes. A 5-nautical-mile radius circle centered at latitude 45°43'36" N., longitude 119°41'03" W., surface to flight level 450; within 3 nautical miles either side of the 093° and 263° bearings from the center of the circle extending to 11 nautical miles from the center, excluding the airspace within 5 statute miles of the 256° radial of the Pendleton, Oreg., VOR, 20,000 feet MSL to flight level 450; within 2 nautical miles N and 3 nautical miles S of the 082° bearing from the center of the circle extending to a line one nautical mile W of and parallel to Butter Creek, surface to 10,000 feet MSL to a distance of 7 nautical miles from the center of the circle, thence surface to 6,000 feet MSL to the E extremity; within 3 nautical miles either side of the 234° bearing from the center of the circle extending to 10 nautical miles from the center, excluding the airspace within VOR Federal airway No. 112, surface to 10,000 feet MSL to a distance of 7 nautical miles from the center of the circle, thence surface to 6,000 feet MSL to the SW extremity; within 3 nautical miles either side of the 270° bearing from the center of the circle extending to 15 nautical miles from the center, surface to 10,000 feet MSL to a distance of 7 nautical miles from the center of the circle, thence surface to 6,000 feet MSL to the W extremity.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Seattle ARTC Center.
Using agency. Commanding Officer, NAS Whidbey Island, Wash.

**R-5702 Klamath Falls, Oreg. (Kingsley Field), Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on the 325° radial of the Klamath Falls VORTAC extending from 10 miles NW of the airport (Lat. 42°09'25" N, Long. 121°43'55" W) to 32.5 miles NW of the airport, having a width of 2.5 miles at the beginning and expanding uniformly to a width of 4.5 miles at the outer extremity.
Designated altitudes:
6,100 feet MSL to 19,100 feet MSL from 10 miles NW of the airport to 11 miles NW of the airport.
6,100 feet MSL to flight level 270 from 11 to 15 miles NW of the airport.
10,100 feet MSL to flight level 270 from 15 to 20 miles NW of the airport.
14,100 feet MSL to flight level 270 from 20 to 25 miles NW of the airport.
19,100 feet MSL to flight level 270 from 25 to 30 miles NW of the airport.
23,100 feet MSL to flight level 270 from 30 to 32.5 miles NW of the airport.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Klamath Falls Approach Control.
Using agency. Commander, 322nd Fighter Intercepter Squadron, Kingsley Field, Oreg.

**R-5703 Portland, Oreg. (Portland International Airport), Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on the back course of the Portland ILS localizer, extending from 5 miles SE of the airport (Lat. 45°35'11" N, Long. 122°35'53" W) to 32 miles SE of the airport, having a width of 2 miles at the beginning and expanding uniformly to a width of 4.6 miles at the outer extremity.
Designated altitudes:
2,000 feet MSL to 15,000 feet MSL from 5 miles SE of the airport to 6 miles SE of the airport.
2,000 feet MSL to flight level 240 from 6 to 7 miles SE of the airport.
2,000 feet MSL to flight level 270 from 7 to 10 miles SE of the airport.
6,000 feet MSL to flight level 270 from 10 to 15 miles SE of the airport.
10,000 feet MSL to flight level 270 from 15 to 20 miles SE of the airport.
15,000 feet MSL to flight level 270 from 20 to 25 miles SE of the airport.
19,000 feet MSL to flight level 270 from 25 to 32 miles SE of the airport.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Portland Approach Control.
Using agency. Commander, 406th Fighter Interceptor Squadron, Portland, Oreg.

**R-5704 Hermiston, Oreg.**

Boundaries. Beginning at latitude 45°52'00" N., longitude 119°31'30" W.; to latitude 45°52'00" N., longitude 119°30'00" W.; to latitude 45°50'00" N., longitude 119°30'00" W.; to latitude 45°50'00" N., longitude 119°31'30" W.; to the point of beginning.
Designated altitudes. Surface to 5,000 feet MSL.
Time of designation. 0800 to 2000 Pst, Monday through Friday.
Using agency. Commanding Officer, Umatilla Ordnance Depot, Hermiston, Oreg.

**§ 73.58 Pennsylvania**

**R-5801 Chambersburg, Pa.**

Boundaries. A circular area with a 3,000-foot radius centered at Lat. 39°59'44" N, Long 77°43'55" W
Designated altitudes. Surface to 4,000 feet MSL.
Time of designation. 0800 to 1600 EST, Monday through Friday.
Using agency. Commanding Officer, Letterkenny Ordnance Depot, Chambersburg, Pa.

**R-5802 Indiantown Gap, Pa.**

Boundaries. Beginning at latitude 40°28'45" N., longitude 76°35'30" W., to latitude 40°26'05" N., longitude 76°35'30" W.; to latitude 40°24'55" N., longitude 76°36'55" W.; to latitude 40°23'45" N., longitude 76°43'11" W.; to latitude 40°24'20" N., longitude 76°44'40" W.; to latitude 40°28'45" N., longitude 76°37'40" W.; to the point of beginning.
Designated altitudes. Surface to 13,000 feet MSL
Time of designation. Continuous June 1 through August 31; 0800 to 1800 e.s.t. Saturday and Sunday March 1 through May 31; and 0800 to 1800 e.s.t. Saturday and Sunday September 1 through November 30.
Controlling agency. Federal Aviation Agency, New York ARTC Center.
Using agency. Commanding General, Second United States Army, Fort Meade, Maryland

**R-5803 Chambersburg, Pa.**

Boundaries. A circular area with a 2,400-foot radius centered at Lat. 40°02'29" N, Long. 77°44'20" W
Designated altitudes. Surface to 4,000 feet MSL.
Time of designation. 0800 to 1600 EST, Monday through Friday.
Using agency. Commanding Officer, Letterkenny Ordnance Depot, Chambersburg, Pa.

**§ 73.59 Rhode Island**

**§ 73.60 South Carolina**

**R-6001 Fort Jackson, S. C.**

Boundaries. Beginning at Lat. 34°03'51" N, Long. 80°42'12" W; to Lat. 34°01'40" N, Long. 80°42'15" W; to Lat. 34°01'50" N, Long. 80°55'15" W; to Lat. 34°02'21" N, Long. 80°56'02" W; to Lat. 34°04'45" N, Long. 80°53'02" W; to Lat. 34°06'19" N, Long. 80°48'47" W; to Lat. 34°05'58" N, Long. 80°46'05" W; to the point of beginning.
Designated altitudes. Surface to 24,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commanding General, Fort Jackson, S. C.

AMENDMENTS On Publ. 5/8/64 29 F. R. 6062 (Changed)

**R-6002 Poinsett-Sumter, S. C.**

Boundaries. Beginning at latitude 33°52'30" N., longitude 80°26'00" W.; to latitude 33°45'50" N., longitude 80°25'00" W.; to latitude 33°44'15" N., longitude 80°33'15" W.; to latitude 33°48'00" N., longitude 80°34'00" W.; to latitude 33°52'30" N., longitude 30°30'00" W.; to the point of beginning.
Designated altitudes. Surface to 13,000 feet MSL
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, Jacksonville ARTC Center.
Using agency. Commander, Shaw AFB, S. C

**R-6003 Charleston, S. C. (Charleston AFB/Municipal Airport), Restricted Area/Military Climb Corridor.**

Boundaires. The area centered on the 147° radial of the Charleston VORTAC extending from 10 miles SE of the VORTAC to 35 miles SE of the VORTAC, having a width of 2.5 miles at the beginning and expanding uniformly to a width of 5.5 miles at the outer extremity, excluding the portion which lies outside of the continental United States.
Designated altitudes:
2,000 feet MSL to 15,000 feet MSL from 10 miles SE of the VORTAC to 11 miles SE of the VORTAC.
2,000 feet MSL to flight level 240 from 11 to 12 miles SE of the VORTAC.
2,000 feet MSL to flight level 270 from 12 to 15 miles SE of the VORTAC.
6,000 feet MSL to flight level 270 from 15 to 20 miles SE of the VORTAC.
10,000 feet MSL to flight level 270 from 20 miles SE of the VORTAC to the continental limits of the United States.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Charleston Approach Control.
Using agency. Commander, Charleston AFB, S. C.

R-6004 Savannah River Plant, S. C.

Boundaries. Beginning at latitude 33°23'30" N., longitude 81°41'00" W.; to latitude 33°23'15" N., longitude 81°29'00" W.; to latitude 33°20'35" N., longitude 81°24'00" W.; to latitude 33°15'00" N., longitude 81°25'10" W.; to latitude 33°08'45" N., longitude 81°22'40" W.; to latitude 33° 04'50" N., longitude 81°32'00" W.; to latitude 33°02'45" N., longitude 81°42'50" W.; to latitude 33°05'20" N., longitude 81°49'00" W.; to latitude 33°16'25" N., longitude 81°50'55" W.; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Using agency. Manager, Atomic Energy Commission, Savannah River Plant, Aiken, S. C.

§ 73.61 South Dakota

R-6101 Igloo, S. Dak.

Boundaries. Beginning at Lat. 43°12'57" N, Long. 103°58'00" W; to Lat. 43°12'57" N, Long. 103°52'45" W; to Lat. 43°09'11" N, Long. 103°52'45" W; to Lat. 43°09'11" N, Long. 103°53'10" W; to Lat. 43°08'08" N, Long. 103°53'10" W; to Lat. 43°08'08" N, Long. 103°58'00" W; to the point of beginning.
Designated altitudes. Surface to 6,000 feet MSL.
Time of designation. 0700 to 1900 MST, Monday through Friday.
Using agency. Commanding Officer, Black Hills Ordnance Depot, Igloo, S. Dak.

§ 73.62 Tennessee

§ 73.63 Texas

R-6301A Corpus Christi, Texas.

Boundaries. Beginning at latitude 27°33'30" N., longitude 97°21'00" W.; to latitude 27°32'00" N., longitude 97°15'00" W.; to latitude 27°27'40" N., longitude 97°13'15" W.; thence 3 nautical miles from and parallel to the shoreline to latitude 27°16'20" N., longitude 97°17'45" W.; to latitude 27°19'00" N., longitude 97°26'00" W.; to point of beginning.
Designated altitudes. Surface to 15,000 feet MSL.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, Corpus Christi Approach Control
Using agency. Chief of Naval Air Advanced Training Command, NAS Corpus Christi, Tex.

AMENDMENTS 11/12/64 29.F.R. 13164 (Added)

R-6301B Corpus Christi, Texas.

Boundaries. Beginning at latitude 27°19'00" N., longitude 97°26'00" W.; to latitude 27°16'20" N., longitude 97°17'45" W., thence 3 nautical miles from and parallel to the shoreline to latitude 27°11'30" N., longitude 97°19'00" W., to latitude 27°14'00" N., longitude 97°28'00" W.; to point of beginning.
Designated altitudes. Surface to 15,000 feet MSL.
Time of designation. Sunrise to sunset.
Controlling agency. Federal Aviation Agency, Corpus Christi Approach Control.
Using agency. Chief of Naval Air Advanced Training Command, NAS Corpus Christi, Tex.

AMENDMENTS 11/12/64 29 F.R. 13164 (Added)

R-6302A Fort Hood, Texas.

Boundaries. Beginning at latitude 31°06'06" N., longitude 97°32'42" W.; to latitude 31°08'20" N., longitude 97°39'28" W.; to latitude 31°10'04" N., longitude 97°41'06" W.; to latitude 31°10'39" N., longitude 97°43'19" W.; to latitude 31°09'52" N., longitude 97°44'45" W.; to latitude 31°09'02" N., longitude 97°45'25" W.; to latitude 31°08'56" N., longitude 97°47'18" W.; to latitude 31°15'10" N., longitude 97°50'45" W.; to latitude 31°19'28" N., longitude 97°50'45" W.; to latitude 31°23'31" N., longitude 97°47'45" W.; to latitude 31°22'33" N., longitude 97°42'45" W.; to latitude 31°20'48° N., longitude 97°40'32" W.; to latitude 31°19'37" N., longitude 97°40'32" W.; to latitude 31°13'45" N., longitude 97°32'35" W.; to point of beginning.
Designated altitude: Surface to 30,000 feet MSL.
Time of designation: Continuous.
Controlling agency: Federal Aviation Agency, San Antonio ARTC Center.
Using agency. Commanding General, Fort Hood, Texas.

R-6302B Fort Hood, Texas

Boundaries. Beginning at latitude 31°08'20" N., longitude 97°39'28" W.; to latitude 31°09'03" N., longitude 97°41'18" W.; to latitude 31°09'40" N., longitude 97°41'20" W.; to latitude 31°09'40" N., longitude 97°43'19" W.; to latitude 31°08'45" N., longitude 97°43'30" W.' to latitude 31°09'02" N., longitude 97°45'25" W.; to latitude 31°09'52" N., longitude 97°44'45" W.; to latitude 31°10'39" N., longitude 97°43'19" W.; to latitude 31°10'04" N., longitude 97°41'06" W.' to point of beginning.
Designated altitude. Surface to 30,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, San Antonio ARTC Center.
Using agency. Commanding General, Fort Hood, Texas.

R-6302C Fort Hood, Texas

Boundaries. Beginning at latitude 31°08'56" N., longitude 97°47'18" W.; to latitude 31°08'40" N., longitude 97°52'10" W.; to latitude 31°09'15" N., longitude 97°54'30" W.; to latitude 31°15'34" N., longitude 97°54'29" W.; to latitude 31°19'28" N., longitude 97°50'45" W.; to latitude 31°15'10" N., longitude 97°50'45" W.; to point of beginning..
Designated altitude. Surface to 30,000 feet MSL.
Time of designation. Continuous,
Controlling Agency. Federal Aviation Agency, San Antonio ARTC Center.
Using agency. Commanding General, Fort Hood, Texas.

R-6303 Matagorda Island, Tex.

Boundaries. Beginning at Lat. 28°15'20" N, Long. 96°26'50" W; to Lat. 28°18'55" N, Long. 96°27'45" W; to Lat. 28°20'55" N, Long. 96°29'15" W; to Lat. 28°12'00" N, Long. 96°46'00" W; to Lat. 28°07'00" N, Long. 96°42'00" W; thence 3 nautical miles from and parallel to the shoreline to the point of beginning.
Designated altitudes. Surface to flight level 600.
Time of designation. Sunrise to sunset.
Using agency. Commander, Second Air Force, Barksdale AFB, La.

R-6310 Houston, Tex. (Ellington AFB), Restricted Area/Military Climb Corridor.

Boundaries. The area centered on the 223° radial of the Ellington AFB TACAN extending 8 miles SW of the TACAN to 35 miles SW of the TACAN, having a width of 2.5 miles at the beginning and expanding uniformly to a width of 5 miles at the outer extremity.
Designated altitudes.
2,000 feet MSL to 15,000 feet MSL from 8 miles SW of the TACAN to 9 miles SW of the TACAN.
2,000 feet MSL to flight level 240 from 9 to 10 miles SW of the TACAN.
2,000 feet MSL to flight level 270 from 10 to 13 miles SW of the TACAN.
6,000 feet MSL to flight level 270 from 13 to 18 miles SW of the TACAN.
10,000 feet MSL to flight level 270 from 18 to 23 miles SW of the TACAN.
15,000 feet MSL to flight level 270 from 23 to 28 miles SW of the TACAN.
19,000 feet MSL to flight level 270 from 28 to 35 miles SW of the TACAN.
Time of designation. Continuous
Controlling agency. Federal Aviation Agency. Houston Approach Control.
Using agency. Commander, Ellington AFB, Tex.

R-6311 San Antonio, Texas (Kelly AFB), Restricted Area/Military Climb Corridor.
Boundaries. From a point of beginning at latitude 29°20'15" N., longitude 98°33'50" W., the area centered on a bearing therefrom of 164°, extending to a point 30 nmi S, having a width of 2 nmi at the beginning and expanding uniformly to a width of 6 nmi at the outer extremity.
Designated altitudes:
3,000 feet MSL to 19,000 feet MSL from point of beginning to 1 nmi S;
3,000 feet MSL to 23,000 feet MSL from 1 to 6 nmi S of point of beginning;
5,000 feet MSL to 23,000 feet MSL from 6 to 11 nmi S of point of beginning;
10,000 feet MSL to 23,000 feet MSL from 11 to 15 nmi S of point of beginning;
14,000 feet MSL to 23,000 feet MSL from 15 to 20 nmi S of point of beginning;
17,000 feet MSL to 23,000 feet MSL from 20 to 25 nmi S of point of beginning;
20,000 feet MSL to 23,000 feet MSL from 25 to 30 nmi S of point of beginning.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, San Antonio Approach Control.
Using agency. Commander, Kelly AFB, Texas.

AMENDMENTS 5/28/64 29 F.R. 4768 (Added)

§ 73.64 Utah

R-6401 Deseret, Utah.

Boundaries. Beginning at Lat. 40°16'27" N, Long. 112°18'43" W; to Lat. 40°15'42" N. 112°18'43" W; to Lat. 40°15'42" N, Long. 112°21'01" W; to Lat. 40°16'27" N, Long. 112°21'01" W; to the point of beginning.
Designated altitudes. Surface to 10,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding Officer, Tooele Ordnance Depot, Tooele, Utah.

R-6402 Dugway Proving Ground, Tooele, Utah.

Boundaries. Beginning at Lat. 40°25'00" N. Long. 112°53'00" W; to Lat. 40°15'00" N, Long. 112°53'00" W; to Lat. 40°15'00" N, Long. 112°46'20" W; to Lat. 40°08'00" N, Long. 112°46'20" W; to Lat. 40°08'00" N, Long. 112°43'00" W; to Lat. 40°03'00" N, Long. 112°43'00" W; to Lat. 40°03'00" N, Long. 112°45'20" W; to Lat. 40°01'00" N, Long. 112°45'20" W; to Lat. 40°01'00" N, Long. 112°46'30" W; to Lat. 40°02'00" N. Designated altitudes. Surface to flight level 600.
Time of designation. Continuous.
Using agency. Commander, Hill AFB. Utah.

R-6408 Indian Creek, Utah.

Boundaries. Beginning at latitude 38°22'00" N., longitude 109°38'00" W.; to latitude 38°06'00" N., longitude 109°22'00" W.; to latitude 37°59'00" N., longitude 109°23'00" W.; to latitude 37°57'00" N., longitude 109°25'00" W.; to latitude 37°58'00" N., longitude 109°40'00" W.; to latitude 38°21'00" N., longitude 109°54'00" W.; to latitude 38°23'00" N., longitude 109°52'00" W.; to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Denver ARTC Center.
Using agency. Commander, Air Force Missile Development Center, Holloman AFB, New Mexico.

R-6409 Green River, Utah.

Boundaries. Beginning at latitude 39°00'00" N., longitude 110°03'00" W.; to latitude 38°54'00" N., longitude 109°58'00" W.; to latitude 38°51'00" N., longitude 110°05'00" W.; to latitude 38°58'00" N., longitude 110°09'00" W.; to the point of beginning.
Designated altitudes. Surface to unlimited.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Denver ARTC Center.
Using agency. Commander, Air Force Missile Development Center, Holloman AFB, New Mexico.

§ 73.65 Vermont

R-6501 Underhill, Vt.

Boundaries. Beginning at Lat. 44°30'15" N, Long. 72°51'30" W; to Lat. 44°27'00" N, Long. 72°50'00" W; to Lat. 44°27'30" N, Long. 72°53'15" W; to Lat. 44°28'30" N, Long. 72°56'50" W; to Lat. 44°30'00" N, Long 72°56'30" W; to the point of beginning.
Designated altitudes. Surface to 4,000 feet MSL.
Time of designation. Continuous, June 1 through July 31; 0700 to 0100, e.s.t., August 1 through May 31.
Using agency. Adjutant General, State of Vermont, Montpelier, Vt.

PENDING AMENDMENT
R-6501 Underhill, Vt.
Boundaries. Beginning at latitude 44°30'00" N., longitude 72°52'00" W.; to latitude 44°27'00" N., longitude 72°52'00" W.; to latitude 44°27'00" N., longitude 72°55'00" W.; to latitude 44°28'30" N., longitude 72°56'30" W.; to latitude 44°29'15" N., longitude 72°56'30" W.; to latitude 44°30'00" N., longitude 72°53'30"W.; to the point of beginning.
Designated Altitudes. Surface to 4,000 feet MSL.
Time of designation. Continuous, June 1 through July 31; 0700 to 0100 e.s.t. August 1 through May 31.
Using Agency. Adjutant General, State of Vermont, Montpelier, Vt.

AMENDMENTS 12/10/64 29 F.R. 14053 (Rewritten)

§ 73.66 Virginia

R-6601 Camp A. P. Hill, Va.

Boundaries. Beginning at latitude 38°06'50" N., longitude 77°10'34" W.; to latitude 38°05'30" N., longitude 77°09'06" W.; to latitude 38°04'40" N., longitude 77°10'20" W.; to latitude 38°03'12" N., longitude 77°09'35" W.; to latitude 38°02'22" N., longitude 77°11'40" W.; to latitude 38°02'30" N., longitude 77°14'40" W.; to latitude 38°01'50" N., longitude 77°16'08" W.; to latitude 38°02'15" N., longitude 77°18'04" W.; to latitude 38°03'40" N., longitude 77°18'45" W.; to latitude 38°04'30" N., longitude 77°18'45" W.; to latitude 38°05'35" N., longitude 77°17'32" W.; to latitude 38°05'35" N., longitude 77°17'02" W.; to latitude 38°08'01" N., longitude 77°14'04" W.; to latitude 38°07'53" N., longitude 77°13'40" W.; to latitude 38°06'46" N., longitude 77°12'21" W.; thence to the point of beginning.
Designated altitudes. Surface to 5,000 feet MSL.
Time of designation. 0700 to 2300 e.s.t. June 1 through September 8.
Controlling agency. Federal Aviation Agency, Washington ARTC Center.
Using agency. Commanding General, Second United States Army, Fort George G. Meade, Maryland.

AMENDMENTS 10/15/64 29 F.R. 9821 (Rewritten)

**R-6602 Camp Pickett, Va.**

Boundaries. Beginning at latitude 37°05'37" N., longitude 77°51'54" W.; to latitude 37°04'25" N., longitude 77°51'45" W.; along State Highway No. 40 to latitude 37°03'55" N., longitude 77°51'05" W.; to latitude 37°02'43" N., longitude 77°50'38" W.; to latitude 37°01'05" N., longitude 77°50'43" W.; to latitude 36°59'50" N., longitude 77°50'34" W.; to latitude 36°57'58" N., longitude 77°52'14" W.; to latitude 36°57'54" N., longitude 77°53'19" W.; to latitude 36°58'12" N., longitude 77°57'42" W.; to latitude 37°01'50" N., longitude 77°58'40" W.; to latitude 37°01'50" N., longitude 77°55'58" W.; to latitude 37°05'37" N., longitude 77°56'00" W.; to point of beginning.

Designated altitudes. The area NW of a line between latitude 37°01'05" N., longitude 77°50'43" W., and latitude 36°57'54" N., longitude 77°53'19" W., surface to 18,500 feet MSL. The area SE of this line, surface to 1,900 feet MSL.

Time of designation. Continuous from June 1 through September 8; 0600 EST Saturday to 2200 EST Sunday from September 9 through May 31; other times after issuance of NOTAMS by the using agency at least 48 hours in advance. When activated by NOTAM, another NOTAM shall be issued upon termination of use.

Using agency. Commanding General, Second United States Army, Fort Meade, Md.

AMENDMENTS 7/23/64 29 F. R. 6945 (Rewritten)

**R-6604 Chincoteague Inlet, Va.**

Boundaries. Beginning at Lat. 37°56'45" N. Long. 75°27'30" W; to Lat. 37°51'30" N, Long. 75°17'15" W; thence 3 nautical miles from and parallel to the shoreline to Lat. 37°38'45" N, Long. 75°31'20" W; to Lat. 37°50'24" N, Long. 75°31'20" W; to the point of beginning.

Designated altitudes. Unlimited.

Time of designation. Continuous.

Using agency. Chief, Wallops Station, National Aeronautics and Space Administration, Wallops Island, Va.

**R-6606 Pendleton, Va.**

Boundaries. Beginning at Lat. 36°50'41" N, Long. 75°54'40" W; thence 3 nautical miles from and parallel to the shoreline to Lat. 36°34'33" N, Long. 75°48'40" W; to Lat. 36°45'03" N, Long. 75°56'12" W; to Lat. 36°44'45" N, Long. 75°57'05" W; to Lat. 36°44'39" N, Long. 75°58'00" W; to Lat. 36°47'00" N, Long. 75°58'45" W; to Lat. 36°47'18" N, Long. 75°56'54" W; to the point of beginning.

Designated altitudes. Unlimited.

Time of designation. 0800 to 1700 EST. Monday through Friday.

Using agency. Commanding Officer. U. S. Fleet Air Defense Training Center, Dam Neck, Va.

**R-6608 Quantico, Va.**

Boundaries. Beginning at latitude 38°31'15" N., longitude 77°24'20" W.; to latitude 38°29'00" N., longitude 77°28'45" W.; to latitude 38°31'20" N., longitude 77°34'07" W.; to latitude 38°37'00" N., longitude 77°34'07" W.; to latitude 38°37'50" N., longitude 77°32'20" W.; to latitude 38°37'00" N., longitude 77°25'34" W.; to latitude 38°34'00" N., longitude 77°24'00" W.; to the point of beginning.

Designated altitudes. Surface to 14,000 feet MSL.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, Washington ARTC Center.

Using agency. Commander, Marine Corps Air Station, Quantico, Va.

**R-6609 Tangier Island, Va.**

Boundaries. A circular area with a 5-nautical mile radius centered at Lat. 37°47'54" N, Long. 76°03'48" W.

Designated altitudes. Unlimited.

Time of designation. Continuous.

Designated altitudes. Surface to 20,000 feet MSL.

Using agency. Commander, Fleet Air Norfolk, NAS Norfolk, Va.

**R-6610 Hampton Roads, Va. (Langley AFB), Restricted Area/Military Climb Corridor.**

Boundaries. The area based on the 011° radial of the Langley AFB VOR extending from 5 miles N of the airbase (Lat.37°05'05"N, Long. 76°21'40" W) to 32 miles N of the airbase, having a width of 1 mile W and 2 miles E of the 011° radial at the beginning. The W boundary expands uniformly to a width of 2.3 miles W of the 011° radial at the outer extremity. The E boundary decreases to a width of 1.5 miles 10 miles from the point of beginning, then expands to a width of 2.3 miles E of the 011° radial at the outer extremity.

Designated altitudes.

2,000 feet MSL to 15,000 feet MSL from 5 miles N of the airbase to 6 miles N of the airbase.
2,000 feet MSL to flight level 240 from 6 to 7 miles N of the airbase.
2,000 feet MSL to flight level 270 from 7 to 10 miles N of the airbase.
6,000 feet MSL to flight level 270 from 10 to 15 miles N of the airbase.
10,000 feet MSL to flight level 270 from 15 to 20 miles N of the airbase.
15,000 feet MSL to flight level 270 from 20 to 25 miles N of the airbase.
19,000 feet MSL to flight level 270 from 25 to 32 miles N of the airbase.

Controlling agency. Norfolk Approach Control.

Time of designation. Continuous.

Using agency. Commander, Langley AFB, Va.

**R-6611 Dahlgren Complex, Va.**

Boundaries. Beginning at Lat. 38°21'30" N, Long. 77°01'15" W; to Lat. 38°17'30" N, Long. 76°56'00" W; to Lat. 38°15'45" N, Long. 76°52'00" W; to Lat. 38°13'00" N, Long. 76°54'35" W; to Lat. 38°19'15" N, Long. 77°02'00" W; to the point of beginning.

Designated altitudes. Surface to flight level 400.

Time of designation. 0800 to 1700 EST, Monday through Friday 1 September through 31 May and 0700 to 1600 EST Monday through Friday 1 June through 31 August.

Controlling agency. Federal Aviation Agency, Washington ARTC Center.

Using agency. Commander, Naval Proving Grounds, Dahlgren, Va.

AMENDMENTS Eff. on Publ. (7/9/64) 29 F.R. 9369 (Changed);

**R-6612 Dahlgren Complex, Va.**

Boundaries. Two overlapping circular areas with 7,000-foot radii centered at Lat. 38°17'59" N, Long. 77°02'15" W, and Lat. 38°18'23" N, Long. 77°02'57" W.

Designated altitudes. Surface to 7,000 feet MSL.

Time of designation. 0800 to 1700 EST, Monday through Friday 1 September through 31 May and 0700 to 1600 EST Monday through Friday 1 June through 31 August.

Controlling agency. Federal Aviation Agency, Washington ARTC Center.

Using agency. Commander, Naval Proving Grounds, Dahlgren, Va.

AMENDMENTS Eff on Publ. (7/9/64) 29 F.R. 9369 (Changed);

**R-6613 Dahlgren Complex, Va.**

Boundaries. Beginning at Lat. 38°15'45" N, Long. 76°52'00" W; to Lat. 38°13'30" N, Long. 76°46'35" W; to Lat. 38°10'00" N, Long. 76°50'00" W; to Lat. 38°13'00" N, Long. 76°54'35" W; to the point of beginning.

Designated altitudes. Surface to flight level 400.

Time of designation. 0800 to 1700 EST, Monday through Friday 1 September through 31 May and 0700 to 1600 EST Monday through Friday 1 June through 31 August.

Controlling agency. Federal Aviation Agency, Washington ARTC Center.

Using agency. Commander, Naval Proving Grounds, Dahlgren, Va.

AMENDMENTS Eff. on Publ: (7/9/64) 29 F.R. 9369 (Changed);

§ 73.67 **Washington**

**R-6701 Admiralty Inlet, Wash.**

Boundaries. Beginning at Lat. 48°10'00" N, Long. 122°34'48" W; to Lat. 48°05'45" N, Long. 122°31'30" W; to Lat. 48°06'06" N; Long. 122°41'12" W; to Lat. 48°10'00" N, Long. 122°40'56" W; to the point of beginning.

Designated altitudes. Surface to 10,000 feet MSL.

Time of designation. Sunrise to sunset.

Controlling agency. Federal Aviation Agency, Seattle ARTC Center.

Using agency. Commanding Officer, NAS Whidbey Island, Wash.

**R-6703 Fort Lewis, Wash.**

Boundaries. Beginning at latitude 47°03'10" N., longitude 122°31'25" W.; to latitude 47°02'30" N., longitude 122°31'40" W.; to latitude 47°02'30" N., longitude 122°31'00" W.; to latitude 47°00'40" N., longitude 122°31'25" W.; to latitude 47°00'40" N., longitude 122°32'55" W.; to latitude 46°58'05" N., longitude 122°34'00" W.; to latitude 46°58'05" N., longitude 122°37'50" W.; to latitude 47°04'25" N., longitude 122°35'15" W.; to the point of beginning.

Designated altitudes. Surface to 5,000 feet MSL.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, McChord Approach Control.

Using agency. Commanding General, Fort Lewis, Wash.

**R-6704 Fort Lewis, Wash.**

Boundaries. Beginning at latitude 47°04'25" N., longitude 122°35'15" W.; to latitude 46°58'05" N., longitude 122°37'50" W.; to latitude 46°54'35" N., longitude 122°41'25" W.; to latitude 46°54'05" N., longitude 122°45'00" W.; to latitude 46°57'12" N., longitude 122°46'50" W.; to latitude 47°00'40" N., longitude 122°41'40" W.; to latitude 47°04'35" N., longitude 122°41'30" W.; to latitude 47°05'25" N., longitude 122°38'00" W.; to the point of beginning.

Designated altitudes. Surface to 14,000 feet MSL.

Time of designation. Continuous.

Controlling agency. Federal Aviation Agency, McChord Approach Control.

Using agency. Commanding General, Fort Lewis, Wash.

**R-6705 Juan De Fuca, Wash.**

Boundaries. Beginning at Lat. 48°14'30" N, Long. 123°42'00" W; to Lat. 48°10'30° N, Long. 123°42'00" W; thence one-half mile N of and parallel to the N coast of Washington to Lat. 48°18'35" N, Long. 124°25'00" W; to Lat. 48°24'30" N, Long. 124°25'00" W; thence along the United States-Canadian border to the point of beginning.
Designated altitudes. Surface to 1,000 feet MSL.
Time of designation. Continuous.
Using agency. Commanding Officer, NAS Whidbey Island, Wash.

**R-6707 Queets, Wash.**

Boundaries. Beginning at Lat. 47°29'25" N, Long. 124°25'00" W; clockwise along the arc of a 3-mile radius circle centered at Lat. 47°27'00" N, Long. 124°24'15" W to Lat. 47°24'25" N, Long. 124°24'30" W; thence 3 nautical miles from and parallel to the shoreline to the point of beginning.
Designated altitudes. Surface to 12,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Commanding Officer, NAS Whidbey Island, Wash.

**R-6708 Rosario Strait, Wash.**

Boundaries. A circular area with a 1 nautical mile radius centered at Lat. 48°29'06" N, Long. 122°45'42" W.
Designated altitudes. Surface to 1,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Seattle ARTC Center.
Using agency. Commanding Officer, NAS Whidbey Island, Wash.

**R-6713 Whidbey Island, Wash.**

Boundaries. Beginning at Lat. 48°25'00" N, Long. 123°05'00" W; to Lat. 48°23'00" N, Long. 123°06'00" W; to Lat. 48°16'30" N, Long. 123°03'00" W; to Lat. 48°16'30" N, Long. 122°55'30" W; to Lat. 48°19'45" N, Long. 122°46'30" W; to Lat. 48°25'00" N, Long. 122°53'30" W; to the point of beginning.
Designated altitudes. Surface to 10,000 feet MSL.
Time of designation. 0700 to 2400 local time.
Controlling agency. Federal Aviation Agency, Seattle ARTC Center.
Using agency. Commanding Officer, NAS Whidbey Island, Wash.

**R-6714 Yakima, Wash.**

Boundaries. Beginning at latitude 46°51'00" N., longitude 119°58'00" W.; along the W. shore of the Columbia River to latitude 46°39'00" N., longitude 119°55'30" W.; to latitude 46°33'00" N., longitude 119°55'30" W.; to latitude 46°33'00" N., longitude 120°13'00" W.; to latitude 46°40'35" N., longitude 120°26'35" W.; to latitude 46°43'00" N., longitude 120°26'38" W.; to latitude 46°51'00" N., longitude 120°21'30" W.; to latitude 46°51'00" N., longitude 120°16'30" W.; to latitude 46°54'30" N., longitude 120°15'00" W.; clockwise along the arc of a 12-mile radius circle centered at latitude 46°44'45" N., longitude 120°20'00" W.; to latitude 46°51'00" N., longitude 120°08'30" W.; to the point of beginning.
Designated altitudes. Surface to 38,000 feet MSL.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Seattle ARTC Center.
Using agency. Commanding General, Fort Lewis, Wash.

**R-6715 Richland, Wash.**

Boundaries. Beginning at latitude 46°48'00" N., longitude 119°35'00" W.; to latitude 46°48'00" N., longitude 119°25'00" W.; to latitude 46°45'00" N.; longitude 119°20'00" W.; to latitude 46°30'00" N., longitude 119°20'00" W.; to latitude 46°30'00" N., longitude 119°13'00" W.; to latitude 46°20'00" N., longitude 119°13'00" W; to latitude 46°30'00" N., longitude 119°47'00" W.; to latitude 46°40'00" N., longitude 119°47'00" W.; to the point of beginning.
Designated altitudes. Unlimited.
Time of designation. Continuous.
Using agency. Manager, Atomic Energy Commission, Richland, Washington.

**§ 73.68 West Virginia**

**§ 73.69 Wisconsin**

**R-6901 Camp McCoy, Wis.**

Boundaries. Beginning at latitude 44°08'40" N., longitude 90°44'00" W.; to latitude 44°08'40" N., longitude 90°40'20" W., to latitude 44°09'30" N., longitude 90°40'20" W.; to latitude 44°09'30" N., longitude 90°36'45" W.; to latitude 44°00'00" N., longitude 90°36'45" W.; to latitude 44°00'00" N., longitude 90°35'46" W.; to latitude 43°56'20" N., longitude 90°35'46" W.; to latitude 43°56'20" N., longitude 90°44'00" W.; to point of beginning.
Designated altitudes. Surface to flight level 250.
Time of designation. May 23 through September 5.
Using agency. Commanding Officer, Camp McCoy, Wis.

**R-6903 Sheboygan, Wis.**

Boundaries. Beginning at latitude 43°19'00" N., longitude 87°41'00" W.; to latitude 44°05'30" N., longitude 87°29'45" W.; to latitude 44°02'00" N., longitude 87°02'30" W.; to latitude 43°15'30" N., longitude 87°14'00" W.; to the point of beginning.
Designated altitudes. Surface to flight level 450.
Time of designation. 0600 to 2200 CST, May 1 through September 30, and from 0800 to 1600 CST, Saturday and Sunday, October 1 through April 30.
Controlling agency. Federal Aviation Agency, Chicago ARTC Center.
Using agency. Commander, Volk Field, Wisconsin.

AMENDMENTS 6/26/64 29 F.R. 8417 (Changed);

**R-6904 Volk Field, Wis.**

Boundaries. Beginning at Lat. 44°16'00" N, Long. 89°59'00" W; to Lat. 44°12'00" N, Long. 89°59'00" W; to Lat. 44°12'00" N, Long. 90°07'00" W; to Lat. 44°16'00" N, Long. 90°07'00" W; to the point of beginning.
Designated altitudes. Surface to 20,000 feet MSL.
Time of designation. Sunrise to sunset.
Using agency. Adjutant General, State of Wisconsin, Madison, Wis.

**R-6905 Madison, Wis. (Truax Field), Restricted Area/Military Climb Corridor.**

Boundaries. The area centered on the 003° radial of the Truax VOR extending from 5 miles N of the airport (Lat. 43°08'15" N, Long. 89°20'10" W) to 32 miles N of the airport, having a width of 2 miles at the beginning and expanding uniformly to a width of 4.6 miles at the outer extremity.
Designated altitudes.
2,900 feet MSL to 15,900 feet MSL from 5 miles N of the airport to 6 miles N of the airport.
2,900 feet MSL to flight level 249 from 6 to 7 miles N of the airport.
2,900 feet MSL to flight level 270 from 7 to 10 miles N of the airport.
6,900 feet MSL to flight level 270 from 10 to 15 miles N of the airport.
10,900 feet MSL to flight level 270 from 15 to 20 miles N of the airport.
15,900 feet MSL to flight level 270 from 20 to 25 miles N of the airport.
19,900 feet MSL to flight level 270 from 25 to 32 miles N of the airport.
Time of designation. Continuous.
Controlling agency. Federal Aviation Agency, Madison Approach Control.
Using agency. Commander, 325th Fighter Interceptor Squadron, Truax Field, Madison, Wis.

**§ 73.70 Wyoming**

**R-7001 Guernsey, Wyo.**

Boundaries. Beginning at latitude 42°30'00" N., longitude 104°54'30" W.; to latitude 42°30'00" N., longitude 104°40'00" W.; to latitude 42°23'00" N., longitude 104°40'00" W.; to latitude 42°19'00" N., longitude 104°45'00" W.; to latitude 42°18'00" N., longitude 104°45'00" W.; to latitude 42°19'30" N., longitude 104°51'00" W.; to latitude 42°24'00" N., longitude 104°54'30" W.; to the point of beginning.
Designated altitudes. Surface to 23,500 feet MSL.
Time of designation. 0430 to 2400 MST, May 15 through September 5.
Controlling agency. Federal Aviation Agency, Casper, Wyo., Flight Service Station.
Using agency. Adjutant General, State of Wyoming.

§ 73.71 Puerto Rico

R-7101 Culebra Island, P.R.

Boundaries. The airspace over Culebra Island and the surrounding waters extending to the 3-nautical mile limit from the shoreline.
Designated altitudes. Surface to flight level 500.
Time of designation. During VFR weather conditions, and only after issuance of NOTAMS by the Commandant, 10th Naval District at least 48 hours prior to firing. NOTAMS also to be issued upon cessation of firing.
Using agency. Commander, Caribbean Sea Frontier, San Juan, P. R.

R-7102 Punta Figuras, P. R.

Boundaries. Beginning at latitude 17°57'14" N., longitude 66°02'52" W.; to latitude 17°55'10" N., longitude 65°58'45" W.; thence 3 nautical miles from and parallel to the shoreline to latitude 17°53'45" N., longitude 66°07'10" W.; clockwise along the arc of an 11,000 yard radius circle centered at latitude 17°57'14" N., longitude 66°02'52" W.; to latitude 17°55'55" N., longitude 66°08'25" W.; to point of beginning.
Designated altitude. Surface to 15,000 feet MSL or surface to 30,000 feet MSL as specified in NOTAMs required to activate the area.
Time of designation. Sunrise to sunset during periods of unrestricted visibility and only after issuance of NOTAMs by the Commandant, 10th Naval District at least 48 hours prior to firing. NOTAMs also to be issued upon cessation of firing.
Using agency. Commanding General, U. S. Army, Caribbean, San Juan, Puerto Rico.

R-7103 Salinas, P.R.

Boundaries. Beginning at Lat. 18°03'00" N., Long. 66°14'35" W.; to Lat. 18°01'16" N., Long. 66°15'14" W.; to Lat. 17°59'57" N., Long. 66°16'00" W.; to Lat. 17°59'16" N., Long. 66°17'11" W.; to Lat. 18°01'00" N., Long. 66°19'58" W.; to Lat. 18°01'53" N., Long. 66°18'53" W.; to Lat. 18°02'34" N., Long. 66°18'47" W.; to Lat. 18°03'25" N., Long. 66°17'54" W.; to Lat. 18°04'07" N., Long. 66°17'00" W.; to point of beginning.
Designated altitude. Surface to 12,000 feet MSL.
Time of designation. Continuous, June 1 through August 31; and sunrise to sunset, Saturday and Sunday, September 1 through May 31.
Using agency. Commanding General, U. S. Army Caribbean, San Juan, P.R.

R-7104 Vieques Island, P.R.

Boundaries. The airspace over Vieques Island and the surrounding waters extending to the 3 nautical mile limit from the shoreline.
Designated altitudes. Surface to flight level 500.
Time of designation. Continuous, but only after issuance of NOTAMS by the Commandant, 10th Naval District, at least 48 hours prior to firing. NOTAMS to contain information concerning time of cessation of firing.
Using agency. Commander, Caribbean Sea Frontier, San Juan, P. R.

§ 73.72 Guam

R-7201 Nafatan Rock, Guam.

Boundaries. The area within a 5-nautical mile radius of Lat. 14°50'00" N. Long. 145°32'00" E. excluding the portion which lies 3 nautical miles beyond the shoreline.
Designated altitudes. Surface to flight level 600.
Time of designation. Continuous.
Using agency. Commander, Naval Forces, Marianas.

AMENDMENTS 3/13/64 29 F.R. 3357 (Changed)

PART 75 -- ESTABLISHMENT OF JET ROUTES (NEW)

SUBPART A -- GENERAL

Sec.
75.1 Applicability.
75.11 Jet routes
75.15 Jet advisory areas
75.17 Bearings; Radials; Miles

SUBPART B -- JET ROUTES

Sec.
75.100 Jet routes

SUBPART C -- JET ADVISORY AREAS

Sec.
75.200 En route jet advisory areas
75.300 Terminal jet advisory areas

SUBPART A -- GENERAL

§75.1 Applicability.

The routes described in Subpart B, between high altitude navigational aids or intersections of their signals, are designated as jet routes along which aircraft may be operated between 18,000 feet MSL and flight level 450. The areas described in Subpart C are designated as jet advisory areas along specified jet route segments, VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between high altitude navigational facilities, centerlines of control areas, or in the vicinity of specific geographic locations.

§75.11 Jet Routes

Each jet route designated in Subpart B consists of a direct course for navigating aircraft between 18,000 feet MSL and flight level 450, inclusive, between the navigational aids and intersections specified for that route.

§75.15 Jet Advisory Areas

(a) Jet advisory areas consist of airspace within the continental control area, as designated in Subpart C.

(b) En route radar jet advisory areas consist of areas within which jet advisory service is provided with radar surveillance. Unless otherwise designated, each of them includes the area within 14 miles on each side of the jet route segment from flight level 240 through flight level 410, inclusive.

(c) Terminal radar jet advisory areas consist of areas in which jet advisory service is provided with radar surveillance. Unless otherwise designated, each of them includes the area within 14 miles on each side of the VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between navigational facilities, or centerlines of control areas from flight level 240 through flight level 410, inclusive.

(d) Nonradar jet advisory areas consist of areas within which jet advisory service is provided on a procedural basis without radar surveillance. Unless otherwise designated, each of them includes the area within 14 miles on each side of the jet route segment from flight level 270 through flight level 310, inclusive, and from flight level 370 through flight level 410, inclusive.

(e) Jet advisory areas do not include the airspace within positive control areas, prohibited areas, or restricted areas except restricted area military climb corridors and those restricted areas specified in Subpart D of Part 71.

(f) En route jet advisory areas are based on jet routes and are identified by the associated jet route number. Terminal jet advisory areas are based on VOR/VORTAC radials, bearings from L/MF navigational facilities, direct courses between navigational facilities, or centerlines of control areas and those in the vicinity of geographical locations, and are identified by geographical names.

§75.17 Bearings: Radials: Miles

(a) All bearings and radials in this Part are true and are applied from point of origin.
(b) Unless otherwise specified, all mileages in this Part are stated as nautical miles.

SUBPART B -- JET ROUTES

§75.100 Jet Routes.

SUBPART C -- JET ADVISORY AREAS

§ 75.200 En route Jet Advisory Areas.

§ 75.300 Terminal Jet Advisory Areas.

## SUBPART B - JET ROUTES

**§ 75.100 Jet routes.**

(Unless otherwise specified the place names appearing in the description of the jet routes indicate the VOR or VORTAC facilities identified by such names.).

**Jet Route No. 1 (San Diego, Calif., to Seattle, Wash.).**

From San Diego, Calif., via Oceanside, Calif.; Los Angeles, Calif.; INT of the Los Angeles 319° and the Avenal, Calif., 145° radials; Avenal; Oakland, Calif.; Red Bluff, Calif.; Medford, Oreg.; Portland, Oreg., to Seattle, Wash.

**Jet Route No. 2 (San Diego, Calif., to Jacksonville, Fla.).**

From San Diego, Calif., via Imperial, Calif.; Yuma, Ariz.; INT of the Yuma 087° and the Gila Bend, Ariz., 261° radials; Gila Bend; INT of the Gila Bend 098° and the San Simon, Ariz., 286° radials; San Simon; El Paso, Texas; Fort Stockton, Texas; San Antonio, Texas; Houston, Texas; Lake Charles, La.; INT of the Lake Charles 089° and the New Orleans, La., 275° radials; New Orleans; INT of the New Orleans 066° and the Crestview, Fla., 266° radials; Crestview; INT of the Crestview 091° and the Tallahassee, Fla., 288° radials; Tallahassee; to Jacksonville, Fla.

AMENDMENTS 9/17/64 29 F.R. 8165 (Changed); 10/15/64 29 F.R. 12014 (Changed);

**Jet Route No. 3 (Oakland, Calif., to Kimberly, British Columbia, Canada),**

From Oakland, Calif., via Red Bluff, Calif.; Lakeview, Oreg.; Pendleton, Oreg.; Spokane, Wash., to the Kimberly, British Columbia, Canada, RR. excluding the portion that lies over Canadian territory.

**Jet Route No. 4 (Los Angeles, Calif., to Wilmington, N. C.).**

From Los Angeles, Calif., via the INT of the Los Angeles 099° and the Blythe, Calif., 272° radials; Blythe; the INT of the Blythe 096° and the Gila Bend, Ariz., 315° radials; Gila Bend; INT of the Gila Bend 098° and the San Simon, Ariz., 286° radials; San Simon; El Paso, Tex.; Wink, Tex.; Abilene, Tex.; Dallas, Tex.; Shreveport, La.; Jackson, Miss.; Montgomery, Ala.; Augusta, Ga.; Columbia, S. C.; Florence, S. C.; to Wilmington, N. C.

**Jet Route No. 5 (Los Angeles, Calif., to Seattle, Wash.).**

From Los Angeles, Calif., via the INT of the Palmdale, Calif., 291° and the Bakersfield, Calif., 149° radials; Bakersfield; Reno, Nev.; Lakeview, Oreg,; The Dalles, Oreg.; INT of the Dalles 352° and the Seattle, Wash., 124° radials, to Seattle.

**Jet Route No. 6 (Paso Robles, Calif., to Kennedy, N. Y.)**

From the INT of the Salinas, Calif., 145° and the Palmdale, Calif., 291° radials via Palmdale; Hector, Calif.; Needles, Calif.; Prescott, Ariz.; Winslow, Ariz.; Albuquerque, N. Mex.; Tucumcari, N. Mex.; Amarillo, Tex.; Oklahoma City, Okla.; Little Rock, Ark.; Memphis, Tenn.; Nashville, Tenn.; Charleston, W. Va.; Front Royal, Va.; Yarley, Pa., to Kennedy, N. Y.

AMENDMENTS 4/2/64 29 F.R. 1561 (Changed); 7/23/64 29 F.R. 7018 (Changed):

**Jet Route No. 7 (Oakland, Calif., to the United States/Canadian Border).**

From Oakland, Calif., via Red Bluff, Calif.; Rome, Oreg.; Boise, Idaho; Dillon, Mont.; Great Falls, Mont.; via the Great Falls 040° radial to the United States/Canadian Border.

**Jet Route No. 8 (Oklahoma City, Okla., to Kennedy, N. Y.).**

From Oklahoma City, Okla., via Tulsa, Okla.; Springfield, Mo.; St. Louis, Mo.; Louisville, Ky.; Charleston, W. Va.; Front Royal, Va.; Yardley, Pa., to Kennedy, N. Y.

AMENDMENTS 4/2/64 29 F.R. 1561 (Changed); 11/12/64 29 F.R. 13165 (Changed)

**Jet Route No. 9 (Los Angeles, Calif., to Great Falls, Mont.).**

From Los Angeles, Calif., via Hector, Calif.; Boulder, Nev.; Milford, Utah; Provo, Utah; Salt Lake City, Utah; Ogden, Utah; Dubois, Idaho; Dillon, Mont., to Great Falls, Mont.

**Jet Route No. 10 (Los Angeles, Calif., to Denver, Colo.).**

From Los Angeles, Calif., via the INT of the Los Angeles 089° and the Parker, Calif., 258° radials; Parker; Prescott, Ariz.; Farmington, N. Mex., Gunnison, Colo., to Denver, Colo.

AMENDMENTS 10/15/64 29 F.R. 11915 (Changed)

PENDING AMENDMENT

Jet Route No. 10 is amended as follows: In the caption "Denver, Colo." is deleted, and "O'Neill, Nebr." is substituted therefor. In the text, "Gunnison, Colo., to Denver, Colo." is deleted and "Gunnison, Colo.; Denver, Colo.; Sidney, Nebr.; to O'Neill, Nebr." is substituted therefor. 12/10/64 29 F.R. 14622 (Changed)

**Jet Route No. 11 (Phoenix, Ariz., to Salt Lake City, Utah).**

From Phoenix, Ariz., via Prescott, Ariz.; Bryce Canyon, Utah; Provo, Utah, to Salt Lake City, Utah.

**Jet Route No. 12 (Allegheny, Pa., to Baltimore Md.).**

From Allegheny, Pa., to Baltimore, Md.

AMENDMENTS 9/17/64 29 F.R. 10502 (Changed)

**JET ROUTE No. 13 (El Paso, Texas, to the United States/Canadian Border.)**

From El Paso, Texas, via the INT of the El Paso 282° and the Truth or Consequences, N. Mex., 162° radials; Truth or Consequences; Albuquerque; Las Vegas, N. Mex.; Pueblo, Colo.; Denver, Colo.; Cheyenne, Wyo.; Crazy Woman, Wyo., Billings, Mont., Great Falls, Mont.; via the Great Falls 339° radial to the United States/Canadian Border.

**Jet Route No. 14 (Amarillo, Tex., to Richmond, Va.).**

From Amarillo, Tex., via Oklahoma City, Okla.; Little Rock, Ark.; Birmingham, Ala.; to Atlanta, Ga.; Spartanburg, S. C.; Greensboro, N. C.; to Richmond, Va.

AMENDMENTS 9/17/64 29 F.R. 11527 (Changed)

**Jet Route No. 15 (San Antonio, Texas, to Newberg, Oreg.)**

From San Antonio, Texas, via Wink, Texas; Roswell, N. Mex.; INT of the Roswell 319° and the Albuquerque, N. Mex., 128° radials; Albuquerque; Farmington, N. Mex.; Grand Junction, Colo.; Salt Lake City, Utah; Ogden, Utah; Boise, Idaho; John Day, Oreg., to Newberg, Oreg.

AMENDMENTS 3/5/64 28 F. R. 14421 (Changed); 9/17/64 29 F.R. 9664 (Changed);

**Jet Route No. 16 (Portland, Oreg., to Boston, Mass.).**

Order from Superintendent of Documents, United States Government Printing Office, Washington, D.C. 20402

FEDERAL REGISTER
Area Code 202 Phone 963-3261

Published daily, Tuesday through Saturday (no publication on Sundays, Mondays, or on the day after an official Federal holiday), by the Office of the Federal Register, National Archives and Records Service, General Services Administration (mail address National Archives Building, Washington, D.C. 20408), pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. 500, as amended; 44 U.S.C., ch. 8B), under regulations prescribed by the Administrative Committee of the Federal Register, approved by the President (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $1.50 per month or $15.00 per year, payable in advance. The charge for individual copies (minimum 15 cents) varies in proportion to the size of the issue. Remit check or money order, made payable to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

The regulatory material appearing herein is keyed to the CODE OF FEDERAL REGULATIONS, which is published, under 50 titles, pursuant to section 11 of the Federal Register Act, as amended. The CODE OF FEDERAL REGULATIONS is sold by the Superintendent of Documents. Prices of books and pocket supplements are listed in the first FEDERAL REGISTER issue of each month.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER or the CODE OF FEDERAL REGULATIONS.

# Rules and Regulations

## Title 14—AERONAUTICS AND SPACE

### Chapter I—Federal Aviation Agency

[Docket No. 6256; Amdt. 39-14]

### PART 39—AIRWORTHINESS DIRECTIVES [NEW]

#### Hartzell Model HC-12X20 Propellers

A proposal to amend Part 507 of the Regulations of the Administrator to include an airworthiness directive requiring inspection and modification of Hartzell Models HC-12X20-1, -2, -3, -5, and -7B propellers equipped with C-49-2B and C-49-2C hub spiders was published in 29 F.R. 14444. Since the publication of that proposal, Part 507 has been recodified into Part 39 [New], effective November 20, 1964, therefore this amendment is being made to Part 39 [New].

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 6489), § 39.13 of Part 39 [New] (14 CFR Part 39 [New]), is hereby amended by adding the following new airworthiness directive:

HARTZELL. Applies to Models MC-12X20-1, -2, -3, -5, and -7B propellers equipped with C-49-2B and C-49-2C hub spiders having Serial Numbers between 4200 and 5200 installed on Downer (Republic) RC-2; Navion, Navion A; and Grumman G-44 Series aircraft.

Compliance required as indicated.

As a result of loss of propeller blade due to failure of a hub spider, accomplish the following:

(a) Visually inspect propeller hub spiders for cracks in accordance with Hartzell Service Bulletin No. 32 amended August 11, 1964, within 10 hours' time in service after the effective date of this AD, and at intervals thereafter not to exceed 25 hours' time in service from the last inspection until modification in accordance with Hartzell Service Bulletin No. 32 amended August 11, 1964, is accomplished. Replace cracked parts before further flight.

(b) Modify propeller hub spiders having accumulated less than 400 hours' time in service since new or last overhaul in accordance with Hartzell Service Bulletin No. 32 amended August 11, 1964, prior to the accumulation of 500 hours' total time in service since new or last overhaul.

(c) Modify propeller hub spiders having accumulated 400 or more hours' time in service since new or last overhaul in accordance with Hartzell Service Bulletin No. 32 amended August 11, 1964, prior to the accumulation of 100 hours' time in service after the effective date of this AD.

(Hartzell Service Bulletin No. 32 dated March 9, 1955, amended August 11, 1964, covers this subject.)

This amendment shall become effective January 15, 1965.

(Secs. 313(a), 601, 603; 72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423)

Issued in Washington, D.C., on December 9, 1964.

G. S. MOORE,
*Director,*
*Flight Standards Service.*

[F.R. Doc. 64-12854; Filed, Dec. 15, 1964; 8:45 a.m.]

[Airspace Docket No. 63-SW-91]

### PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

#### Alteration of Control Zone, Designation of Transition Area and Revocation of Control Area Extension

On October 8, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 13904) stating that the Federal Aviation Agency proposed to alter the controlled airspace in the Wichita Falls, Tex., terminal area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t. April 1, 1965, as hereinafter set forth.

1. In § 71.171 (29 F.R. 1158), the Wichita Falls, Tex., control zone is amended to read as follows:

WICHITA FALLS, TEX.

That airspace within a 5-mile radius of Sheppard AFB/Municipal Airport, Wichita Falls, Tex., (latitude 33°58'55" N., longitude 98°29'35" W.); within 2 miles each side of the Wichita Falls VORTAC 092° radial extending from the 5-mile radius zone to the VORTAC; within 2 miles each side of the ILS localizer SE course extending from the 5-mile radius zone to the OM; within 2 miles each side of the Sheppard TACAN 333° radial extending from the 5-mile radius zone to 7.5 miles N of the TACAN, and within 2 miles each side of the Sheppard TACAN 163° radial extending from the 5-mile radius zone to 7 miles S of the TACAN.

2. In § 71.165 (29 F.R. 1100) the Wichita Falls, Tex., control area extension is revoked.

3. In § 71.181 (29 F.R. 1160) the following transition area is added:

WICHITA FALLS, TEX.

That airspace extending upward from 700 feet above the surface within the area bounded by a line beginning at latitude 34°11'30" N., longitude 98°38'00" W.; to latitude 34°07'30" N., longitude 98°25'30" W.; to latitude 33°50'30" N., longitude 98°11'30" W.; to latitude 33°46'00" N., longitude 98°14'00" W.; to latitude 33°43'00" N.; longitude 98°27'30" W.; to latitude 33°52'00" N., longitude 98°33'00" W.; to latitude 33°51'00" N., longitude 98°39'00" W.; to latitude 33°57'30" N., longitude 98°48'30" W.; to latitude 34°09'00" N., longitude 98°45'30" W.; to point of beginning; and that airspace extending upward from 1,200 feet above the surface within the area bounded by a line beginning at latitude 34°10'00" N., longitude 97°49'00" W.; thence E via latitude 34°10'00" N., to and counterclockwise along the arc of a 25-mile radius circle centered at the Ardmore Airport, Ardmore, Okla. (latitude 34°18'00" N., longitude 97°00'50" W.) to longitude 97°18'00" W.; thence S via longitude 97°18'00" W.; to latitude 33°56'00" N., longitude 97°18'00" W.; to latitude 33°48'00" N., longitude 97°44'00" W.; to latitude 33°34'00" N., longitude 97°44'00" W.; to latitude 33°22'00" N., longitude 97°55'00" W.; to latitude 33°16'00" N., longitude 98°30'00" W.; to latitude 33°16'00" N., longitude 98°51'00" W.; to latitude 33°02'00" N., longitude 98°51'00" W.; to latitude 32°52'00" N., longitude 99°02'00" W.; to latitude 32°52'00" N., longitude 99°14'00" W.; to latitude 33°31'00" N., longitude 99°14'00" W.; to latitude 33°31'00" N., longitude 99°49'00" W.; to latitude 33°56'00" N., longitude 99°42'30" W.; to latitude 34°15'00" N., longitude 99°30'00" W.; to latitude 34°08'00" N., longitude 99°05'00" W.; to latitude 34°21'00" N., longitude 98°46'00" W.; to point of beginning.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Fort Worth, Tex., on December 8, 1964.

ARCHIE W. LEAGUE,
*Director, Southwest Region.*

[F.R. Doc. 64-12855; Filed, Dec. 15, 1964; 8:45 a.m.]

[Airspace Docket No. 64-SW-22]

### PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS [NEW]

#### Alteration of Transition Area

On October 9, 1964, a notice of proposed rule making was published in the FEDERAL REGISTER (29 F.R. 13975) stating that the Federal Aviation Agency proposed to alter the controlled airspace in the Farmington, New Mexico, terminal area.

Interested persons were afforded an opportunity to participate in the rule making through submission of comments. All comments received were favorable.

In consideration of the foregoing, Part 71 [New] of the Federal Aviation Regulations is amended, effective 0001 e.s.t. March 4, 1965, as hereinafter set forth.

In § 71.181 (29 F.R. 5456) the Farmington, N. Mex., transition area is amended to read:

FARMINGTON, N. MEX.

That airspace extending upward from 700 feet above the surface within an 11-mile radius of Farmington Municipal Airport (latitude 36°44'35" N., longitude 108°13'46" W.), within 2 miles each side of the Farmington VORTAC 094° radial extending from the 11-mile radius area to 8 miles E of the VORTAC, and within 2 miles each side of the Farmington VORTAC 086° radial extending from the 11-mile radius area to 12 miles E of the VORTAC; and that airspace extending upward from 1,200 feet above the surface within a 30-mile radius of the Farmington VORTAC excluding the portion within the Durango, Colo., transition area.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Fort Worth, Tex., on December 8, 1964.

ARCHIE W. LEAGUE,
*Director, Southwest Region.*

[F.R. Doc. 64-12856; Filed, Dec. 15, 1964; 8:45 a.m.]

SUBCHAPTER F—AIR TRAFFIC AND GENERAL OPERATING RULES [NEW]

[Reg. Docket 6314; Amdt. 403]

# PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES [NEW]

## Miscellaneous Amendments

The amendments to the standard instrument approach procedures contained herein are adopted to become effective when indicated in order to promote safety. The amended procedures supersede the existing procedures of the same classification now in effect for the airports specified therein. For the convenience of the users, the complete procedure is republished in this amendment indicating the changes to the existing procedures.

As a situation exists which demands immediate action in the interests of safety in air commerce, I find that compliance with the notice and procedure provisions of the Administrative Procedure Act is impracticable and that good cause exists for making this amendment effective within less than 30 days from publication.

In view of the foregoing and pursuant to the authority delegated to me by the Administrator (24 F.R. 5662), Part 97 [New] (14 CFR Part 97 [New]) is amended as follows:

1. By amending the following automatic direction finding procedures prescribed in § 97.11(b) to read:

ADF STANDARD INSTRUMENT APPROACH PROCEDURES

Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.

If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.

| Transition | | | | Ceiling and visibility minimums | | | |
|---|---|---|---|---|---|---|---|
| From— | To— | Course and distance | Minimum altitude (feet) | Condition | 2-engine or less: 65 knots or less | 2-engine or less: More than 65 knots | More than 2-engine, more than 65 knots |

PROCEDURE CANCELLED, EFFECTIVE DEC. 10, 1964, OR UPON DECOMMISSIONING OF ADF.

**2. By amending the following very high frequency omnirange (VOR) procedures prescribed in § 97.11(c) to read:**

**VOR STANDARD INSTRUMENT APPROACH PROCEDURE**

**Bearings, headings, courses and radials are magnetic. Elevations and altitudes are in feet MSL. Ceilings are in feet above airport elevation. Distances are in nautical miles unless otherwise indicated, except visibilities which are in statute miles.**

**If an instrument approach procedure of the above type is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure for such airport authorized by the Administrator of the Federal Aviation Agency. Initial approaches shall be made over specified routes. Minimum altitudes shall correspond with those established for en route operation in the particular area or as set forth below.**

| Transition | | | | Ceiling and visibility minimums | | | |
|---|---|---|---|---|---|---|---|
| From— | To— | Course and distance | Minimum altitude (feet) | Condition | 2-engine or less: 65 knots or less | 2-engine or less: More than 65 knots | More than 2-engine, more than 65 knots |
